Power? You bet!

The fabulous Thunderbird Y-8

Ford goes like the Thunderbird! This exciting new "Go"-power will let you smile at hills, have new confidence in passing. The Thunderbird Y-8 engine can be yours at no extra cost, for it is the standard eight in all Ford Fairlane and Station Wagon models.

Beauty? Of course!

Inspired by the Thunderbird

The new '56 Ford and the fabulous Ford Thunderbird are really look-alikes! You can see the resemblance in every long, low line . . . every graceful contour. And you can expect to be envied no matter where you may drive in your new '56 Ford.

Safety? Only FORD gives you LIFEGUARD DESIGN

Even more important than Ford's Thunderbird looks and go is Ford's exclusive new Lifeguard Design. It gives you extra protection from serious injuries in accidents. To cushion you from the steering post, Ford has a deepcenter Lifeguard steering wheel. To reduce the possibility of doors springing open under impact, Ford has Lifeguard

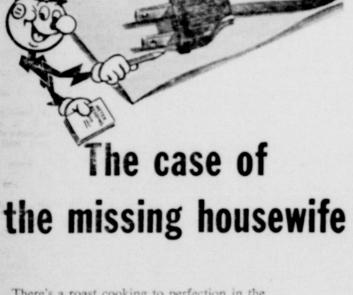

double-grip door latches. To help lessen injuries from impact, Ford offers optional seat belts and Lifeguard cushioning for control panel and sun visors. A new doubleswivel Lifeguard rear view mirror is designed to "give" under impact. But, come in! See how safe, how beautiful, how powerful a car in Ford's field can be.

You'll be safer in a

There's a roast cooking to perfection in the electric range. Ice cream is being made - in the refrigerator. Coffee is percolating. The children's play clothes are being washed clean as new. But there's no one in the kitchen!

One clue solves the case - electricity. It works automatically - Mother doesn't have to stay in her kitchen. Right now, she's attending a P.T.A. meeting. And when she gets home, the dinner will be ready, the laundry done.

Another clue - electric servants work for low wages costs only a few cents a day for the average family. Isn't it by far the biggest bargain in your family budget? The men and women in your electric service company are constantly working to keep it that way.

New Sweep-ahead styling New Sizzle to match

What you see pictured here is Buick for 1956-and from the gleam of that "V" grille to the sassy slant of the tail fins, you can see it has no equal for gorgeous good looks.

But what you see from the curb is more than matched by what you feel at the wheel and that's gospel.

For this Buick gets its zoom from a mighty 322-cubic-inch V8 engine lofted to a new record high in power and compression-and from a spectacular new advance in Variable Pitch Dynaflow.*

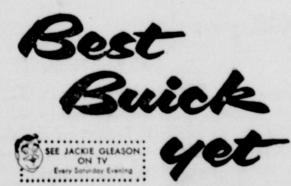

What's new in the '56 Dynaflow is this: in the first inch of pedal travel-and not with wide-open throttle-your Buick moves from

standstill to cruise with silk-smooth, instant and certain getaway.

But comes Aden need for safety-surge action to a tight spot-and you floor the peopl to switch the pitch of this airplane-inspired transmission. Instantly and smoothly, you're at full-power acceleration-a thrill beyond words.

There's a lot more we could tell you about these great new Buicks-about brilliant new interiors, a superb new ride with a safer "sense of direction," and new safety features everywhere you look.

But the best way to get the whole story of the best Buick yet is right at the wheel of one of these '56 beauties. So drop in this week and do just that.

The 1956 Buick SUPER 4-Door Riviera

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century-optional at modest extra cost on the Special.

Mrs. J. J. Wessels, president was in charge of the business and read "the thought for the week" at the regular meeting of the Friendly Neighbors home demonstration club, in the home of Mrs. C. T. Moonen last Thursday afternoon.

After reciting the homemaking creed in unison, members planned an all-day meeting on November 15, to be held in the home of Mrs. W. J. Curtis.

A Christmas gift wrapping demonstration was given by Mrs. Moonen

At the social hour Mrs. Ralph Russell directed a game period preceding the serving by the hostess of a sandwich plate with cookies and coffee to those previously mentioned and Mrs. with a lace cloth and centered Charles Stubblefield and Mrs. with an arrangement of gold Roy Tyree and a visitor, Carol

don't be fooled . . gas gives you really smokeless broiling

Yes, real smokeless broiling, with the door closed! And the live gas flame consumes all the smoke and grease, keeps kitchen - and cook - cooler and cleaner. With artificial, non-flame cooking methods, the oven door is kept open . . . there's no flame to consume smoke . . . and there's none of the natural flame-kissed flavor. You broil better with gas!

For what it costs to cook with non-flame, artificial methods for ONE YEAR you can cook more than FOUR YEARS with flame-fast GAS!

Test the tremendous GO of the fabulous

Introducing a Big and Vital General Motors "Automotive First"!

A new Strato-Flight Hydra-Matic -coupled with Pontiac's 227-H.P. Strato-Streak V-8results in performance so new and dramatic it must be experienced to be believed!

IT'S THE GREATEST THRILL IN HIGHWAY HISTORY!

If you've come to think of driving as just routine, it's high time you tried the tremendous "go" of this masterful new monarch of the highway.

Here's a car with such exhilarating drive-eager oil-smooth response and safe, secure handling-that even monotonous home-to-work driving becomes your finest hour!

And out on the open highway, the fabulous '56 Pontiac comes alive with all the eager, heads-up alertness of a thoroughbred.

Its blazing 227-h.p. Strato-Streak V-8, coupled with silken smooth Strato-Flight Hydra-Matic, thrives on challenges. The hill you see looming up virtually disappears before your eyes.

And at any legal speed, there's such a reserve of power that your engine literally loafs-ready at a toetouch to spring into the most thrilling, satisfying action that ever shortened a country mile.

Of course, this is only a hint of what's awaiting you. The difference in performance - in driving, smoothness, ride and control-is so terrific that it can only be appreciated at the wheel.

So come in and take charge of one of these glamorous new beauties yourself. Choose your own test route and sample the greatest "go"-and enjoy the greatest sajety ever built into a car. Then you'll know why the word's spreading-"They'll be a long time eatching

History of Bible !s Motion Picture Thema

The Ballinger Ministerial Alliance and a number of interested laymen have arranged for a showing of "Our Bible, How it Came to Us," a feature-length motion picture produced by
American Bible Society
picture will be shown at the high school auditorium at 7:30

p. m. Tuesday, November 15. This dramatic documentary film tells the story of the writing, preservation and translation of the Bible through 20 centuries of history. It comes highly recommended for all who wish to know more about how we have received the Bible as

we read and use it today. The public is cordially invited to attend for an evening of entertainment and instruction. There is no admission charge

and no offering will be taken. NEXT TEACHERS' MEETING

TO BE HELD AT WINTED E. B. Blackburn, president of the Runnels County Teachers' Association, conducted the business for the organization's first meeting of the school year, held in the Ballinger high school

auditorium Monday evening. Floyd Wimberley, of Ballinger, was elected treasurer and will take office January 1, 1956. A social committee was appointed, as follows, Thurman White, chairman; Mrs. Bodean Kruse and Mrs. Helen Randolph, all will be a dinner program, to be

Beyond the Realm of Argument!

This is the season when conversations turn easily and often to motor cars.

And, in almost any gathering, you're likely to find a wide difference of opinion about the relative merits of the year's automotive offerings.

Until the talk turns to Cadillac! Here is one car concerning which most motorists

have a meeting of minds. And never before has Cadillac left so little room for argument as in 1956! Certainly no one could behold the new Cadillac without recognizing it as the "car of cars". Its

bearing on the highway . . . and its long, low silhouette are simply too significant to misunderstand. Surely no one could ride in a new Cadillac and not agree that it is the Standard of the World. Its new fabrics and leathers are rich and luxurious

beautiful, graceful, flowing lines . . . its regal

almost beyond belief . . . and its interior appointments have been crafted with a jeweler's skill.

And we doubt if anyone could drive a new Cadillac and not understand that it is the finestperforming motor car of all time. Its great new engine is a revelation in power and performance ... and its new Hydra-Matic Drive is incredibly smooth and responsive.

Truly, the evidence on the side of Cadillac has never been more apparent than it is today.

Why not come in soon-and see for yourself? We'll be delighted to introduce you to Cadillac's great new styling . . . and to arrange a demonstra-

tion at the wheel . . . and to acquaint you with the new Sedan de Ville and Eldorado Seville. You'll agree, we're certain, that Cadillac for 1956 is beyond the realm of argument!
