OLFFEN HOME DEMONSTRATION CLUB

The Olffen Home Demonstration Club met on Thursday of last week in the home of Mrs. Thomas Halfmann. The president, Mrs. Theo Halfmann, presided and roll call was answered with "Some Neighborly Deed." Mrs. J. J. Hoelscher gave the council report.

It was decided that any member who wanted to attend the Christmas Council party would go on their own. Individual demonstrations were given by Mrs. Theo Halfmann on making belts and buckles and Mrs. Paul Halfmann on the use of a wheel in making darts. A few highlights on the talk made by Mrs. Bess Rothmann on good grooming, were given

by Mrs. J. J. Fuchs. For recreation the finance committee had a grab bag. The hostess served sandwiches, cake, cookies, potato chips, coffee and punch. The next meeting will be November 21 in the home of Mrs. J. J. Hoelscher when the 4-H club girls will be entertained.

BALLINGER HOME DEMONSTRATION CLUB

Mrs. E. F. Vogelzang was hostess to members of the Ballinger home demonstration club in her rural home on Thursday afternoon.

Mrs. Alvin Spreen, president, conducted the business at which time the resignation of Mrs. G. A. Morrish as an active member, was accepted. Plans were discussed and completed for a Family Night Thanksgiving supper to be held in the home of Mrs. Alvin Spreen. Mrs. Vogelzang, Mrs. Felix Itz and Mrs. R. D. Midgley were named as the planning committee for the supper. Mrs. Midgley gave the thought for

the day. Miss Ollie Chenoweth, county agent, gave a demonstration on a baked chicken salad casserole and a seven layer cake, which were served with coffee by the hostess. Visitors were Mrs. Lyle Curry and Mrs. Grace Thomas. The next regular meeting will be on October 24 in the rural home of Mrs. Herbert Tickle.

BALLINGER-BETHEL 4-H CLUB

Norma Jean Ohlhausen, president, conducted the business at the regular meeting of the Ballinger-Bethel 4-H Club which met in the court house council room Saturday morning.

Roll was answered by giving "Problems on Improving My Bedroom." Mary Bagwell served as secretary pro-tem. Three were introduced as new members. They were Bobbie Blackshier, Elaine Watkins and Jan Jones.

Miss Ollie Chenoweth, county agent, was in charge of the program and talked on "Facts About My Clothing Care and

SPIRIT OF HALLOWEEN—According to an old fable, jack-o'-lanterns are to scare away the dreadful spooks and goblins traditionally abroad on the Eve of All Hallows. A sensible girl, Mitchele Ann Correll of Austin, Tex., takes comfort in the companionship of her fine jack-o'-lantern, confident the brightly lit face will work its magic this Halloween.

Calvin Kirk went over from six yards out. Young's kick was good.

Early in the second period, two completed passes placed the ball on the 9 yard line and Calvin Kirk hit for the remaining distance. Young kicked the extra point.

The Bearcats struck back again with Ronald Everett going the last yard for the counter. Everett attempted the place kick which was wide.

The Bearcats set up a sustained drive downfield with Candler getting the call for the last five yard and the score. Young's kick was good.

The Lobos staged their one drive of the night and chalked up four first downs to place the ball on the Ballinger 6 from where Randell Hess circled wide for the end zone. Hess also added the extra point with a place kick.

With only a few minutes left in the ball game, Wiginton passed to Candler and caught him in the open with a completion that netted 60 yards and the final score of the night. Young kicked his sixth straight point of the night.

The Bearcats had 21 first downs to 10 for the Lobos, gained 231 yards rushing to 115 for the opposition. In passing the Bearcats completed 4 of 6 for a total of 95 yards while Cisco completed 5 of 17 for a total of 56 yards. Ballinger intercepted 3 passes and recovered 2 Cisco fumbles. The Bearcats were penalized 4 times for 60 yards while Cisco suffered 6 penalties for 45 yards.

SPORTS

Now comes the big one. Friday night at 8 o'clock in Coleman, the Ballinger Bearcats will tangle with the Coleman Bluecats in a game that is expected to decide the district championship. Practically all of Ballinger will be there. Seat sales here Tuesday morning showed that fans will do their part in pulling for the Bearcats to perform an upset and come home as the favorites.

For several weeks, Coleman has been picked as the best Class AA football team in West Texas. Ballinger has been rated 4th but the Bearcats are not conceding the No. 1 spot to Coleman until after the Friday night game is played. Those who have watched Coleman in other games state they have a well balanced ball club that will be hard to beat. They are fast, experienced, heavy enough, can run and pass and have an excellent defense.

The big headache for Ballinger coaches is getting a team back in condition by Friday. Flu struck the starters last week and five men were not suited out for the Cisco game and were still ailing the first of the week. Colds and other illness were threatening others and the condition of the team could be the determining factor. Kenneth Fuqua, Bobby Power, Hugh Campbell, Wesley Stokes and Bill Clifton missed the Cisco game but they were not needed. This Friday night the Bearcats will need all the power they can get when they tangle with the Bluecats.

Last week Jerry Candler had his best game of the season and showed lots of speed and power on wide sweeps and also on straight line plunges. His work in throwing and also in receiving passes looked good.

On several plays last week

the Bearcats were in single wing and the body blocking looked good and pleased the fans. Some of the B team boys filling in for starters who were ill looked good and they got some good experience in the game against the Lobos. Calvin Kirk, playing at fullback, was a consistent ground gainer all evening and responsible for two touchdowns.

Those who go to Coleman early will be able to get a real old-fashioned Mexican supper with the Future Homemakers at Coleman. The dinner will be served at the junior school cafeteria just one block from Hufford Field. You can go early, get a good parking place and have dinner with the Coleman girls and walk on to the stadium. The dinner will be \$1 for adults and 65 cents for children.

The Ballinger juniors will be at home tonight to meet the Lake View team. Games will start early for the younger teams and the regular junior high game will get started at about 8 p. m.

Reserve seat tickets for the Coleman game will remain on sale here until Friday afternoon. Fans are urged to secure seats before leaving town.

Easter can occur any time between March 22 and April 25.

Bearcats Defeat Cisco In First District Game

The Ballinger Bearcats had been sick during the week opened the district schedule Friday night with an easy win over the Cisco Lobos with a score of 48 to 7. The Bearcats were playing without the services of Hugh Campbell, Kenneth Fuqua, Bobby Power and Wesley Stokes, all on the sick list. Several other players

both the offense and defense to make the game near equal. Ballinger got the ball soon after the kickoff and after five plays, one a 31 yard scamper by Jerry Candler, Kenneth Wiginton carried over from the one yard line for the first counter. Lyle Young added the extra point from placement. Next the Bearcats recovered a fumble and drove to the 11 yard line from where Jerry Candler went over. Young added the extra point. Again in the first quarter Candler turned in a fine punt return and a few plays later

AMERICAN DAIRY PRINCESS—Sandra Sue Stout, 18, left, of Fredmont, Okla., is crowned "1958 American Dairy Princess" by her predecessor, Shari Lewis, 21, of Daykin, Neb. Ceremony took place at the International Dairy Show in Chicago. Miss Stout was chosen from 23 state dairy princesses. She received a \$750 wardrobe and a \$1,000 scholarship.

FROM WHENCE THEY CAME—Back to the sea, some 2,500 pounds of cultured pearls roll down a chute into Tokyo Bay as Pearl Queen Sara Saiga (wearing crown) and the "Misses Pearl" look on. The pearls, considered too low-grade to market, even though their value is about \$47,200, were dumped to maintain the high quality of the Japanese pearl industry. Buddhist priests prayed for the "eternal peaceful rest" of the pearls as they dropped into the deep.

proval of the proposed projects. Ballinger people are happy over the way the recent flood work was conducted here. Looking back at what has happened and how relief work got underway, few changes would be made in case of another similar disaster. First of all the local people rallied before outside help could get here. The local set up had things well underway when the first groups started arriving. Local help came from many sources and those who felt they were needed responded and were willing to give all their time to rescue or in support of those actually in the stricken areas. Food, coffee and other refreshments came from uninvited places. Boats, trucks and every type of equipment needed was soon on the scene, sometimes more than could be used. Then came the Salvation Army with a rolling canteen to carry on in the first line of support. Monday morning the Red Cross was on the job to open headquarters, take over housing, meals and general rehabilitation work. They are still here and many local families that lost practically everything in their homes will be put back in business by the Red Cross. There has been much local criticism of the Red Cross and last year for the first time in history no financial campaign was staged in the county for this organization that works nationwide in times of disaster. This fact did not in any way limit their response to the county and their full disaster program was started within a few hours after flood waters reached their peak. Emergency funds are being invited

WEST TEXAS NOTES

The second devastating flood in four years swept through Bronte last Sunday and caused damage which will run into the thousands of dollars. Rains estimated up to 8 inches fell in some areas around Bronte and while some say the waters were not as high as in 1953, practically every Bronte firm suffered some water damage. County commissioners estimated that county roads in the area were damaged \$75,000 with two bridges on Kickapoo Creek also out.

Flu hit the Winters school last week causing them to close on Wednesday for the remainder of the week. With 417 students out on account of illness, the schools were closed in an effort to stop the spread of the disease. It was necessary for the school to cancel all football games for the week-end which included the district game between the Coleman Bluecats and the Winters Blizzards. The game was forfeited to Coleman as there was no date open for re-scheduling. In the illness reported there were three cases of pneumonia.

Workers on the United Fund campaign in Coleman County have started the fourth and final phase of the drive for funds. Leaders announced the workers were nearing the clean-up part of the campaign and expect to make all contacts possible in their effort to meet the big budget. Those in charge announced that \$6,000 was needed in the final phase to go over the top and reach the quota of \$17,741. During the first part of the campaign many persons and some firms were missed and the new drive will send collectors to these.

Concho County is boasting the best October rains in thirty years and ranges in that area are in fair condition after receiving the moisture. In most parts of the county the rains have been the slow soaking type and small grain is reported in good condition which promises good winter grazing. From October 8 through 15 the station at Eden reported a reading of 5.27 inches. Some parts of the county reported as much as 9 inches.

The city council at Colorado and surely Ballinger people will want to have a part in giving aid to the unfortunate families here and also to show the Red Cross that we appreciate their coming when we needed them. The month of March is the regular time for the annual Red Cross fund campaign. Last year it was hard to get a chairman and when one was secured it was too late for the regular time. Other drives had been set and all during the year it has been hard to find a time when there would not be a conflict. Money can be left at Ballinger banks and earmarked flood emergency fund.

City is preparing to give stiff fines to prowlers and "peeping toms" in the future. Numerous cases have been reported there and a peeper was arrested there last week in the residential section of the town. A new ordinance has been read to the council members once and will be passed at the next reading. For prowlers and peepers it would provide a minimum fine of \$25 and a maximum of \$200. Last week a fine of \$15 was assessed against an offender.

The Brown County Community Chest is trying to complete their budget for another year and last Saturday a number of special events were held to raise funds. Ladies of the chest board staged an all-day bake sale in which cakes, pies and cookies were sold and the proceeds given to the chest. One filling station gave all profits for two days to the operation and coffee sales at a number of places were added. Those in charge of the chest fund hope to complete the solicitations within a short time.

The Texas Conference of Seventh Day Adventists are looking with favor on the use of the Bevans Hotel at Menard for a hospital and home to care for the chronically ill. They have informed Menard people that a careful survey will be made to determine if the facilities can be remodeled at a cost which Menard could afford and also as to the operation cost. The building would be leased by the church group and any space not needed would be rented to doctors and others of the community. A decision will be made on the property as soon as the survey is completed.

Ballinger Shakespeare Club Makes "Show-Me" Tour

Woodrow Hoffman, with the Soil Conservation Service unit, conducted a "Show-Me" tour at the ranch of Mrs. Q. V. Miller east of Ballinger Thursday afternoon for members of the Ballinger Shakespeare Club. George Krupala, soil conservationist, and John Miller assisted with the tour.

The "Show-Me" tour was for the purpose of showing club members what has happened to Texas Ranch and Farm land, and to illustrate what can be done to improve land.

In making the tour, four stops were made for the demonstrations. The first stop, Mr. Hoffman showed how water can

be used on grass and how it can be wasted; the second stop was a demonstration on the system of spreading of water, and showed a good stand of Austrian winter peas for a soil building legume; the third stop was for the purpose of showing the excellent condition of soil in a field where cotton burrs had been spread, and how this organic matter had added to the soil; and the last stop was on top of a hill which also had been spread with cotton burrs. There the grass and weeds grew, and where the burrs stopped the grass stopped growing.

Preceding the tour, Mrs. John Miller, president, was in charge of the business at which time Mrs. H. L. Adling, Mrs. Buck

Coleman and Mrs. Dan West were introduced as new club members. The resignation of Mrs. Joel Bates and Mrs. Howard Bramley were accepted. Mrs. Dorsey Read was given a leave of absence from the club.

At the next regular meeting of the club, on November 7, Mrs. Bryan Dickson of San Angelo will be the guest reviewer and will review a modern novel, "All I Want Is Everything."

gelo, Sixth District president. Mrs. E. C. Grinstead was the speaker for Mrs. A. J. House, State president of the Texas Federation of Women's Clubs. Mrs. E. Y. Bailey gave a short resume of the work of the National president, Mrs. Robert L. C. Prout.

At the business session, conducted by Mrs. Patterson, club members discussed money raising projects of which the club voted to sponsor a Spring Style Show. A Community Enterprise project was also voted upon.

Mrs. Bailey is currently serving on the board of trustees

for her denomination, and on the board of managers, with headquarters in Indianapolis. She is a writer for many religious journals, and is the author of study materials now being used in churches across the nation.

Mrs. Bailey will be presented to the group by the program chairman, Mrs. E. C. Rowand Jr.
