Final Work on Bridge Is Started This Week

A painting crew, with full equipment, arrived here this week and started the final Dr. L. L. Downing phase of the work on the new Colorado River bridge on Highway 67. All other work has been completed, including the first .8 of a mile of four lane highway west of the Colorado River.

The painting crew will move as fast as weather will permit finishing touches on the bridge and will paint the underneath sections, bannisters, light standards and other sections which will complete the work of the Austin Bridge Co.

At the present time all groups interested in the bridge are working for an opening which has tentatively been set for about April 18. J. A. Snell, division highway engineer, was in Ballinger Wednesday and informed Judge W. H. Rampy that every effort would be made to complete the job by April 18, but that weather would be a factor. Crews have experienced many interruptions in the past two months with rain, freezes and other weather that stopped

Far into the Night

NIGHT AND DAY throughout the year, scientists are working research laboratories in the interest of public health. During the last two decades many diseases have been conquered. There is reason to believe that more and more progress will be made, that many afflictions now fatal will gradually yield to medical research. Your doctor, and he alone, is well informed on these new discoveries. He includes new medicinal agents in his practice as soon as their therapoitic value has been established. Depend on your ! ctor. Depend on us to fill his prescriptions.

nate. Mrs. Edgar Boelsche, third vice-president of Sixth District, will also attend all convention assemblies and officers meet- hostess to members of a ings. An invitation to attend a dessert luncheon club and a civil defense program on April 17, sponsored by the Literary and Service Club of Winters was announced. Mrs. Don Atkins gave a report on a Traffic Court meeting held in San

Angelo. "Exploring Runnels County" was the program theme. Mrs. Don Atkins presented the program. Mrs. Atkins son, Gary Atkins, showed a movie film of "Old Fort Chadbourne as Seen Today," as Mrs. Atkins narrated the history of the old Fort. She told of the establishing of the fort October 28, 1852, by the U. S. Army as a protection against Indians, and that it was named in honor of Lieut. T. L. Chadbourne, who was killed at Resaca de la Palma May 9, 1846. It was occupied by Federal troops 1852-61, 1865-67, and was an important station on the Butterfield Overland Stage Route from 1858 to 1861. The fort was abandoned in 1867. The old buildings standing today are used as ranch headquarters. Mrs. Atkins showed tusks, and other interesting items found when her family visited and took pictures of the

END CANVAS TROUBLES-"ISE THE JOHN DEERE 30 COMBINE

...with 7-FOOT AUGER-PLATFORM--EVEN-FLO FEED

Listen to the steady hum of the threshing cylinder of the John Deere 30 Seven-Foot Combine at work, and you'll know that here is a combine that does a real job of threshing. As every good thresherman knows, even feed ing is the big secret to best threshing. And, in the 30 Combine, it's the combination of the auger-type platform and the EVEN-FLO FEED that keeps the cylinder humming at proper threshing speed at all times-completely does away with canvas trouble.

Full-width, straight-through handling of straw and grain is another mighty important advantage you get in the 30 Combine. Because of the even feeding to the full-width cylinder, the material is spread out in a thin layer over every inch of the large separating and cleaning area. This insures more and cleaner grain or seed from every acre har-

Fellowship Day To Be Observed **By Council Here**

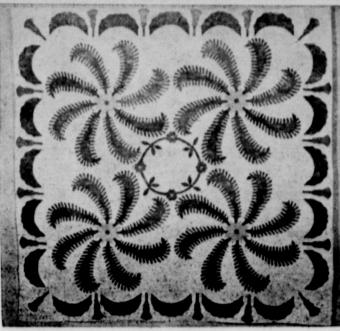

Mrs. R. O. Pearson of Abilene will be guest speaker for the local United Church Women. May Fellowship Day observance here. The meeting will be held in the Fellowship Hall of the First Presbyterian Church U. S. at 4:00 p. m. Monday, March 31.

Mrs. Pearson's topic will be "All of God's Chilluns." It is a deeply spiritual, yet humorous, exploration of the profound meanings often used by children. Mrs. Pearson is a prominent church woman, a member of the Abilene First Presbyterian Church. She is now president of the Texas Christian Women's Fellowship and volunteer chairman of the Texas Polio Foundation. She is a past member of the board of managers and board of trustees of the United Christian Missionary Society, which is an international group.

Miss Harriett Magruder, accompanied by Mrs. W. F. Circus Is Coming negro spiritual, "All God's Chilluns Got Wings." A social hour will follow the program.

Mmes. Bill Stultz, Carl Fouts, T. R. Arrant, W. C. Witt and C. T. Parker compose the local committee. Mrs. Herman Price is the Ballinger council presi-

Some Timely Remarks On The **Government Soil Bank Program**

Cotton Acres can be Withdrawn Until March 28 Read the facts below and act!

> First of all the total payments made under the soil bank to the community are much less than the income of the community would have been if the land had been planted in cotton.

> Second, it was felt that if a large acreage went into the cotton soil bank, it would show on the records that this community is not interested in raising cotton and this could have a serious effect on our future cotton allotments.

> Third, as we reduce the production of cotton in this community, all industry connected with the production and processing of cotton will suffer. If, in the future, we try to again go into the production of cotton, we will find a shortage of implements, repair houses, field workers, cotton pickers, cotton gins, cotton buyers, oil mills and compresses.

> These are but a few of the effects of the soil bank on this community. This community has always produced a highly desired type of cotton. The community has land suited for cotton, an abundance of cotton gins, good marketing facilities and a modern compress. Why should we sell our rights to plant cotton for a profit or a loss if we so desire? Our churches, our schools, our roads, our city improvements and our farm improvements have all been built with the help of cotton income.

> This community has always prospered with cotton planted in the ground and not in a so called soil bank set up by man.

> We urge every farmer to seriously consider all of the factors involved before he sells his God given right to plant and produce the commodities for which he is best qualified and his land best adapted.

If too many of our acres are planted in the soil bank, it is felt that not only the economic future but the very existance of this community is in danger.

AT ANNUAL CONFERENCE new field. Too many of us have don, and Hatton Laxson joined had it easy for too many years Mmes. M. L. Dobbins of Drasce to possess the tolerance and lawrence K. Treedy o understanding needed to face Temple Monday for Temple to the problems of our neighbors attend the annual meeting of at home and a few hours away the Woman's Society of Chrison the other side of the world, tian Service of the Central We are humbly appreciative Texas Conference. Mrs. Laxson to each person who has helped is secretary of supplies and Mrs. us during the years, either with Dobbins is secretary of youth patronage or words of kindness work of the Brownwood district.

FREEDOM, IT'S WONDERFUL—Nathan Leopold, 53-year-old thrill killer of Bobby Franks, manages a smile upon leaving Statesville Prison in Joliet, Ill., after 33½ years imprisonment. Leopold and Richard Loeb, his accomplice in the "crime of the century" in 1924, were committed to the prison for life terms. Loeb died in a prison brawl in 1936 and Leopold won his parole after repeated appearances before the board. Leopold will work as a \$10-a-month X-ray technician in a Puerto Rican mission homital.

It is a little frightening to these parting words. We wish

Mmes. W. C. Witt, E. R. Gorand encouragement. Your own Mrs. Witt and Mrs. Dobbins are
