IF YOU LISTEN carefully to radio commercials on medicinal agents, you will find that they suggest much but promise little. The glib announcement will tell you that such and such a product can, may, or should help do this or that; but it will never say it will. Notice, also, the newspaper insertions on hair restorers, flesh reducers, and the like. Many of them will bear the statement, "Never sold by mail." Why? Is there danger of Federal prosecution for using the mails to defraud? If you are feeling "out of sorts," consult your physician. He, and he alone, is qual-
