## Prediction Is That 190 Persons Will Die in Holidays

The Texas Department of Public Safety estimated this week that 190 persons will meet violent death during the coming Christmas-New Year's holiday season. including 105 traffic fatalities. In addition to the traffic toll,

it is estimated there will be 40 suicides and homicides and 45 accidental deaths other than traffic Col. Homer Garrison, Public Safety Director, said that the estimate is compiled by the DPS Statistical Services on the basis of past experience and the cur-

rent traffic trend. "The deaths that occur in traffic during the 11-day holiday period will be the tragic last additions to the worst year in Texas history for traffic fatalities," he

annual special emphasis program called 'Operation Deathwatch',' Garrison reported. "From 12:01 a. m. December 24 until 11:59 p. m. January 3, 1965, we will use every available means to keep accidents at a minimum by promoting strict law observance.

"During this period the Department will tabulate all violent deaths and the totals will be ofty uppermost in the minds of the traveling public.

"Throughout the entire holiday period extra patrolmen will be on duty to keep traffic moving safely. Many of our men will be giving up their own holiday in order to assure the safety and well-being of holiday motorists, but the most effective work in cutting down on death and injuries must be done by the drivers themselves."

According to Garrison, other izations are cooperating in the safety drive. The Texas Highway Department is distributing reminders on danger spots, construction areas, and information on signs and markers to help keep drivers informed and alert.

Garrison pointed out that studies indicate that at least one violation of the law is involved in almost every incident of a traffic fatality. Speed too fast for con-ditions was the leading factor in Hardeman Counties on State ditions was the leading factor in the 1963 holiday season, with almost 35 per cent of the accidents being caused by this factor. Other frequent contributors were driving while intoxicated, driving on a census report on their farms the wrong side of the roadway, and failure to yield right of way.

"However," Garrison added, "if this tragedy could be laid to one single factor, I would say that general carelessness and inat-tentiveness would stand out as a main contributing cause."

"All drivers can do a great deal in keeping down the number of accidents," he concluded, "by following the five basic rules which professional drivers use. These rules are used so often they become habit and add an extra measure of protection when operating east of Plainview. a motor vehicle. They are:

"1) Aim high in steering-look farther down the highway than you noramlly do. You'll find your better prepared to anticipate another driver's actions.

Peace on Earth?

When Christ was born of Mary, the angels praised God and sang "Glory to God in the highest, and on earth peace, good will toward Subscriptions to News men" (Luke 2:14).

This glad carol of the angels seems farther from the truth to- County News received since Dec. day than it ever was, and as a re-, 15 follow: we have such unrest today, in-

stead of peace. Our Lord was indeed the longpromised King, through whom His 4:23). The four Gospel records are filled with proofs and demonstrations of Christ's royal rights. gram was concluded by singing a had prophesied He would be at King of the Jews." Today, then, the King is a royal Exile from the world over which He should be reigning.

Is it strange, then, that we do not yet enjoy peace on earth. The second Psalm describes the folly of the nations and their rulers in ignoring this basic fact and predicts that God will laugh, as it were, at their derision as they seek to run the world without

Thank God, this period of Christ's rejection is also a wonderful period of grace. When sin had risen to its height, God saved Saul of Tarsus, the leader of the world's rebellion against Christ, and sent him forth to proclaim "the gospel of the grace of God' (Acts. 20:24) the good news that "Christ died for our sins," and that any sinner may be reconciled to God by faith in Christ. This is why the Bible calls the divine administration under which we are living "the dispensation of the grace of God" (Eph. 3:2). So, while "peace on earth" awaits a future day, we may now have 'peace with God, through our Lord Jesus Christ" (Rom. 5:1).

Why did the Lord of glory Leave His heav'nly home, ly matter, wisdom of men, not To come to earth and suffer here For wrongs He had not done?

> Why did He go to Calv'ry To bear the shame and loss. And give His life for sinners vile Upon th' accursed cross?

Why?-Because He loved us, And longed that we might His very own-not only now, But through eternity. -Cornelius R. Stam.
