### Railroad Ships 206 Cars 1965 Wheat

The Santa Fe Railway Co. shipped 206 cars of wheat from the crop just harvested in Foard County. Santa Fe Agent T. O. Ellis reported Tuesday.

Mr. Ellis said that this was a smaller number than usual, and in addition to the short crop, he attributed it to the large amount of grain stored on the farm this year, and the fact that the elevators have stored more grain this year.

### \$3.6 Billion Spent for Construction by Electric Utilities

Last year the taxpaying investment-owned electric utilities spent approximately \$3.6 billion for construction of new facilities and improvement of existing facilities. This brought U. S. generating capacity to the record figure of 239.3 million kilowatts.

### 95 Million Kilowatts

It is estimated that 95 million kilowatts of generating equipment will be added to the nation's electric power supply by the end of 1970.

The first annual campaign of the Salvation Army for operational funds will start with a kick-off breakfast at the Boy Scout house in the city park at 7 a. m., Thursday, June 24 (today), according to Ray Shirley, campaign chairman.

Mr. Shirley has named the following captains to assist with the effort:

Mmes. Robert Kincaid, Clyde Eddy, Elton Carroll, Cecil Carroll, Houston Adkins and Loraine Carter of Crowell; Mrs. W. A. Dunn of Margaret and Mrs. Cecil Carpenter of Thalia.

Mr. Shirley added that each of these captains will select five workers to assist her.

The Crowell and Foard County Salvation Army unit is already in operation with an assist from the state headquarters of The Salvation Army. The local service unit can assist anyone with any type of emergency help. Usual local services are groceries, fuel, clothing, shoes, medicine, medical care, lodging, meals, and transportation.

Judge Leslie Thomas heads the local unit. Other members are Mrs. Loraine Carter, Henry Black, Rev. Glenn Willson, W. F. Bradford, Charles Branch, Mrs. Clyde Eddy, Mrs. Houston Adkins, Mrs. Elton Carroll and Rev. R. C. McCord.

The goal of the Foard County campaign has been set at \$750.00.

The local communities also benefit from the programs provided by the Salvation Army on a statewide or interstate basis, such as: homes and hospitals for unmarried mothers and their babies; camping programs for boys, emergency disaster relief through mobile disaster canteens, aid to parolees, rehabilitation of alcoholics, and numerous other services.

### Mr. and Mrs. Byron Bates Move to Quanah to Make Home

Mr. and Mrs. Byron Bates, longtime residents of Truscott, moved last week to Quanah to make their home.

Mr. Bates first moved to Truscott in 1908, although during the intervening years, he has not always lived there. Mr. and Mrs. Bates sold their grocery store to Mr. and Mrs. Ray Glascock in February this year.

### Bob Hardison of Vernon Died Thursday

Bob Hardison, 44, of Vernon died unexpectedly about 10:30 a. m. Thursday of last week apparently of a heart attack.

Mr. Hardison was well-known to a number of Crowell residents. Funeral services were held at 10:30 a. m. Saturday from Grace Episcopal Church in Vernon with Rev. Kenneth Clark, rector, and Dr. Ray Johnson, pastor of the Vernon First Methodist Church, officiating.

Burial was in East View Memorial Park under direction of Sullivan Funeral Home.

Mr. Hardison was head teller at Waggoner National Bank. He attended Vernon schools and was married to the former Miss Bette Long.

Surviving are the widow; his parents, Mr. and Mrs. Claud M. Hardison; and a sister, Mrs. John A. Smith of Houston.

## PARTS OF COUNTY GET OVER 3 INCHES OF RAIN

Heavy rains fell on parts of extremely dry Foard County last Monday afternoon, with amounts ranging up to 3.1 inches.

Official measurement in Crowell was .8 inch, the largest amount of rain falling here at one time in many months.

The Vivian community reported from 2.10 to 3.10 inches, and

the Foard City area around the V. A. Johnson home area reported as much as three inches also. Ernest Weaver, who lives east of Foard City, reported he received only .3 inch.

North and northeast of Crowell, rainfall measured as high as over two inches, with the Thalia area also receiving some moisture.

Southeast of Crowell, the rain was lighter with less than an inch reported in some places.

As is nearly always the case in Foard County, the moisture was badly needed, and will be of great benefit to farmers and ranchmen.

### Mrs. Jean Russell Awarded Graduate Scholarship at U. T.

Mrs. Jean Russell of Dallas, former teacher in the Crowell School System, has been awarded a graduate scholarship for the academic year 1965-66 at the University of Texas in Austin. The scholarship, under the auspices of the National Defense Education Act, will involve courses in guidance and counseling leading to counselor certification and a master's degree.

Mrs. Russell, the daughter of Mr. and Mrs. John Cogdell of Crowell, is on a year's leave of absence from the Dallas School System.

### Makes Money

"There is at least one U. S. government corporation that makes money. The other day, the board of directors of Federal Prison Industries turned over \$4 million of profits to the U. S. Treasury. The corporation operates 55 shops and 23 factories in federal prisons throughout the country."

So, despite the old adage, crimes does pay. But not for the criminal.—Findlay, Ohio, Republican Courier.

### Special Reunion Slated on June 26 by Scottish Rite

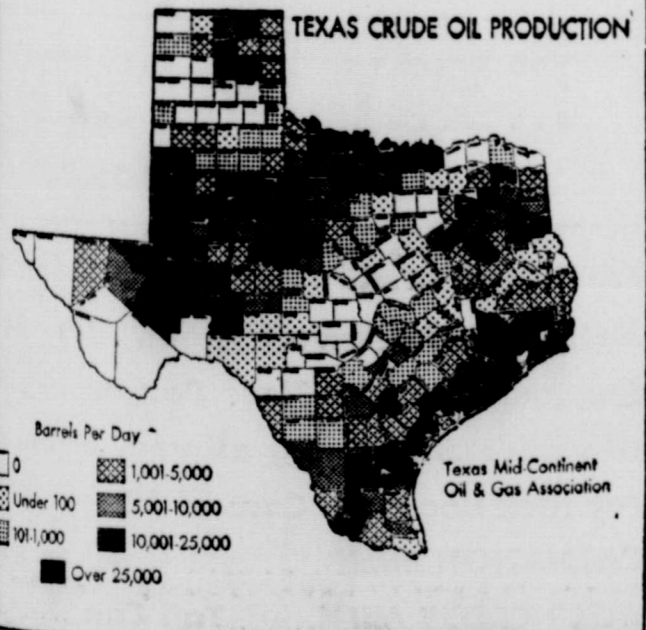

Blue Lodge Masons are being urged to consider attending a special Saturday-only reunion of Scottish Rite bodies of the Valley of Dallas to be held June 26 in Dallas.

A number of Master Masons from this area are expected to enroll, according to local Scottish Rite spokesmen. Any Blue Lodge Mason interested can obtain an application from any Scottish Rite Mason. Applications are also available through the Scottish Rite office in Dallas.

The special reunion is being held for the benefit of Master Masons who for business or other reasons have been unable to attend regular reunions in the past.

Registration for the special reunion will be held 6-9 p. m., June 25 and 6:30-8 a. m. June 26 at the Scottish Rite Temple, located at Young and Harwood in Dallas. Conferral of the fourth through 32nd ritualistic degrees is to begin at 8 a. m., June 26.

The Dallas Scottish Rite Bodies currently have a membership of more than 27,000 in a 101-county area of North Texas.

widespread distribution over Texas of some \$3 billion in income from the sale of crude oil is highlighted by this published by Texas Mid-Continent Oil & Gas Association. The production is recorded for 203 out of Texas' 254 counties.

## TOTAL CRUDE OIL PRODUCTION IN COUNTY TOTALS 8,736,000 BARRELS

has produced more than 8 million barrels of oil during the past 69 years of recorded production, resulting in a state-wide distribution of income which averages about \$3 billion a year, according to Texas Mid-Continent Oil & Gas Association.

203 out of the state's 254 counties producing crude oil, production is marked by several fields.

widespread development of production in all sections of the state has been fostered by the oil and gas conserva-

tion laws," James L. Sewell, Association president, has pointed out. "By giving all fields in the state, regardless of location, a share of the market for Texas oil the Texas Railroad Commission has encouraged development of resources in every sector — both in drilling and in the building of a transportation system to get the oil to refineries."

Foard County Production  
Foard County, which has had recorded production since 1929, has had a total crude oil output

of 8,736,000 barrels, up to the beginning of 1964, the Association said.

Texas has 35 counties scattered over the state which produced at the rate of 25,000 barrels or more per day. The three biggest are: Andrews, 195,000 barrels a day; Ector, 164,000 barrels per day; and Crane, 114,000 barrels per day.

Gregg County is the only county that has produced more than two billion barrels of oil. Two had produced one billion or more up to 1965: Ector and Rusk. Andrews celebrated its billionth barrel this year.

The wild stock for the Texas Cowboy Reunion in Stamford on July 1-2-3 is furnished by the Ratjen Brothers of Happy and Mansfield, Texas. They are the owners of a Scottish Highlander bull called "Texas Beatie" which is the only one of his kind in the Southwest, as well as the dangerous bulls, "Boot Hill" and "Thunder Mountain." Their horses include "Bad Bruce," "Power Glide," "Texas Tornado" and many others. Their wild stock has been featured in several western movies. Ratjen Brothers are both well known riders. Jack was champion calf roper and Dick was champion bulldogger of the Southwest in 1958. Dick Ratjen operates out of Happy and his brother, Jack, lives at Mansfield where he operates the Cowbell Rodeo. They are combining their bucking and riding stock for the Texas Cowboy Reunion. Dick Ratjen stated, "It has always been our ambition to furnish the wild stock for this biggest western show in the Southwest, and this year we intend to make the Texas Cowboy Reunion that nation's best western show on July 1, 2, 3."

## VFW in Big Lead at Two-Thirds Mark in L. L.

Two-thirds through the season last Friday night, V. F. W. had what appeared to be a commanding lead in Foard County Little League, having swept the two-game series with Crowell State Bank last week, giving them a .750 percentage with nine wins and three losses.

Farmers Elevator split its two-game series with Foard County Mill to end the week tied with Crowell State Bank with six wins, five losses and with a percentage of .545. Foard County Mill now has a .167 average, having won two and lost 10.

Each team plays six more games (plus possible make-ups) in the current season. It would appear highly that the Vets could be headed, even though mathematically the Bank and Elevator teams still have a chance.

Details of the week's games are as follows:

Tuesday, June 15, 6 p. m.: V. F. W., 8, Crowell State Bank 7. Ulfers were the order of the day in this game as each team had its chance to win, then surrendered the lead to the other team.

The Bankers were stopped one run short in their final inning with the bases loaded, as David Stapp (who had a perfect night at the plate) came up with an unassisted put-out at first to end the game.

For VFW, Bill Lynch, Ken Sellers and Felix Castaneda each hit one-for-three; Jessie Barrera hit one-for-two, and David Stapp batted out a home run and a double in his first two official times at bat.

Crowell State Bank only managed for three hits, but two of them were two-run home runs by Pat Cates and Frog Smith. Jackie Thomas' single was the other hit for the Braves.

Tuesday, June 15, 8 p. m.: Danny Naylor proved to be the hero in this game, as he scored all three runs for the Cardinals, pitched all the way and came through with one hit for himself. Rocky Bachman and Jackie Blackburn each picked up one hit, also, for the Cards. Foard County Mill stood up well under pressure in this game, as their three errors figured only in one run in the first inning.

Johnny Urquizo hit two-for-four for Farmers Elevator; Junior Urquizo hit one-for-four, and Larry Bursey batted a double in the fifth frame.

Naylor struck out 12 Yankees; Whitley-Smith-Nelson struck out 8 Cardinals.

Friday, June 18, 6 p. m.: VFW 11, Crowell State Bank 5. The Bankers hopped out front by 5-0 in the early innings but were shut out after the second by the slants of Jessie Barrera. Barrera's three-run homer in the third put the Vets back in the ball game; two runs in the fourth tied the game; six more runs in the fifth tied away the two-game series for the Vets.

Jessie Barrera hit two-for-four; Bill Lynch was held to one hit, but scored three runs, and Bob Gillespie and Mance Nelson got one hit apiece.

For Crowell State Bank, Buff Nelson and Jackie Thomas each drilled a double in the first inning, and Mance Nelson made a fine catch to rob Pat Cates of a basehit.

Friday night, June 18, 8 p. m.: Farmers Elevator 10, Foard County Mill 9. The Yankees, leading 10-1 at the end of three frames, appeared to have a top-heavy victory going, but young Jackie Blackburn pitched shut-out ball for the final three frames, and he and his mates hopped on the Urquizo brothers for eight runs to almost pull the game out of the fire.

Amazing John Urquizo hit four-for-five in this contest; Junior Urquizo hit a two-run homer in the first inning; Jackie Young duplicated the feat with a home run with Larry Bursey aboard; and Lee J. Whitley picked up a single in the final frame. Two circus catches in left-centerfield by Dennis Dobbs might have saved the ball game for the Yankees.

For Foard County Mill, Rocky Bachman hit three-for-three for his best night at the plate, and Ishael Santos, Jackie Blackburn, Kenneth Abbott and Bob Burkett each contributed one hit.

In the Thursday night PeeWee game, the Rattlesnakes came from behind in the final frame to win their second straight game.

This week's play has Foard County Mill playing VFW and Crowell State Bank knocks heads with Farmers Elevator.

## Two Minutes With the Bible

The Purpose of the Law

"Therefore by the deeds of the law there shall no flesh be justified in His sight . . ." (Rom. 3:20).

It is strange that so many sincere people can so misunderstand God's written Word as to suppose that He gave the law "to help us to be good" or "as a rule of life."

The law was not given to help us to be good, but rather to show us that we are sinners and need a Savior. Rom. 3:22,23 says that "there is no difference, for all have sinned and come short of the glory of God." How foolish, then, to look to the law for help. It is not the function of the law to help the criminal, but to condemn him. Thus the Bible teaches that the law was given:

"That every mouth might be stopped, and all the world might be brought in guilty before God" (Rom. 3:19).

"For by the law is the knowledge of sin" (Rom. 3:20).

"The law entered that the offense might abound" (Rom. 5:20).

"That sin by the commandment might become exceeding sinful" (Rom. 7:13).

"It was added because of transgression" (Gal. 3:19).

This leads us to the conclusion: "Therefore by the deeds of the law shall no flesh be justified in

His sight" (Rom. 3:20). This makes sense, for a few good things cannot right wrongs we have done. God what we should do, hence do not expect additional credit.

But, thank God, "Christ for our sins" (1 Cor. 15:3) "by Him all who believe are justified" (Acts 13:38).

"Therefore we conclude man is justified by faith in the deeds of the law" (Rom. 28).

"Believe on the Lord Christ, and thou shalt be saved" (Acts 16:31).

**Cattle Outlook for Months Ahead Is Explained**  
 Cattle prices during the last two months have averaged well above those of the same period a year ago, reveals John G. McHaney, extension economist, Texas A&M University.  
 "With few exceptions, range and pasture grasses are in good condition in Texas, and grazing prospects through the early part of the summer are excellent," he explains. "Range feed is generally showing good growth over the western range area of the United States."  
 This is favorable from a price standpoint because it permits producers to hold feeder cattle on the range longer. This produces orderly marketing.  
 Although feeder cattle prices remained low through February, they increased in March and April. The recent rise of feeder cattle prices can be attributed to the increase of fed cattle prices, strong demand and a smaller seasonal supply.  
 McHaney says that feeder cattle prices will likely stay above year-earlier levels through the rest of the second quarter and into the summer of 1965.  
 During this period, it is anticipated that cattle feeders will continue to place large numbers of cattle on feed. At the same time, good grazing conditions will enable ranchers to hold more feeder cattle on the ranges. This will restrict available supplies of feedlot replacements and will tend to strengthen feeder cattle prices.  
 A further increase of feeder cattle prices would probably curtail the slaughter of non-fed animals as feedlot operators would compete strongly with packers for these cattle, the economist explains.  
 Feeder cattle prices in the fall and early winter of 1965 will depend largely upon range conditions at that time, McHaney adds.  
 He points out that fed cattle prices were steady through the winter, averaging \$2 to \$3 above those recorded a year earlier. In late April, they were about \$4 above prices in the early spring of last year.  
 These prices may decline slightly about mid-year 1965, but in the third quarter, July, August and September, they are expected to average about the same as those of a year earlier.

**Foil Foiled Camp Crisis**  
 Eleven-year-old Gary Bierig showed youthful ingenuity last week as he demonstrated new aids for campers in Tyler State Park.  
 A member of the Royal Ambassadors, a church youth group, Gary grinned through some of the trials and tribulations of most campers as he made the routine easier. With plain aluminum foil, he made his sleeping bag warm and dry with a generous sheet spread underneath. He prevented snagging the lure on his rod and reel in car upholstery by merely wrapping the lure with foil.  
 He lined his frying pan with foil to fry fish and bacon, then rolled up the grease and threw it away, thus saving tedious dishwashing. On the grill the fish was fried by wrapping it in foil and cooking until the foil browned. His matches were made waterproof by wrapping in foil, and the same foil sealed the tops of cat-snip and mustard containers.  
 But this didn't end it. Gary carefully wrapped billfold and wrist watch in foil before he waded into the lake's shallow water to fish. He carefully unwrapped his fish hooks from ... you guessed it ... a packet of foil.

**city toast...or country toast?**

Which do you prefer ... city or country toast? One is as good as the other ... because it's toasted electrically!  
 Thanks to the effort and foresight of a dedicated few, a dependable supply of low-cost electric power has made country toast possible. But, it didn't come easy. Rural residents were forced to provide their own electricity through cooperatives ... because no other source was available. Now, millions of electric cooperative members own and direct their own power source, so they can enjoy country toast.  
 Yes, the comforts and conveniences of country living, even in remote places, are fast being taken for granted. A move to city or town for the comforts of living is no longer necessary. In fact, thousands are moving the other direction ... to the country. They can have their toast and eat it, too.

**Son of Crowell Couple Builds 20-Foot-Long Boat in Backyard**

An industrious maintenance sergeant with a memory of salt air strong in his nostrils has undertaken an ambitious backyard building project, according to a recent article in the Columbus, Georgia, Enquirer.

First Sgt. Robert C. Carroll of the 11th Air Assault's 170th Aircraft Maintenance Bn., and son of Mr. and Mrs. Bob Carroll of Crowell, contracted a bad case of "boat fever" several months ago as the winter temperatures began to give way to the coming spring.

Yielding to his mysterious malady, Sgt. Carroll has undertaken the construction of a twenty-foot inboard cabin cruiser.

On checking with the post special service craft shop, Sgt. Carroll found that boat building fever had already reached epidemic proportions and all available space for boat building projects was taken.

But first sergeants are not a breed known for succumbing easily to defeat. A trip to southern Tennessee netted a staggering station wagon load of good straight grained, knot free white oak which disappeared into the basement of Sgt. Carroll's post quarters.

Above the howl of March winds could be heard the whine of a power saw biting into tough oak as the advanced stages of the boat building fever took hold.

An April visit to Sgt. Carroll's basement set many a neighbor back as they viewed the twenty foot long skeleton of a boat taking shape on the concrete floor, its uprights reaching almost to the ceiling. The framework of the cruiser's hull dominated the basement and it appeared to be much larger than its actual size.

**Bigger Than Door**

Each visitor's eye roved from the impressive structure of the cruiser's framework to the unimpressive dimensions of the basement door, and each in his own manner asked, "How are you gonna get that monster out of here?" There have been many amusing stories told about people who build large boats in small basements and their often unorthodox solutions for freeing their labor of love from its prison.

Realizing that the Post engineer would take a dim view of a work request to enlarge the basement door to the necessary nine feet width, Sgt. Carroll had fabricated what the prefab boat manufacturers call a knockdown frame kit.

He completely assembled all cross framing with screws and glue as called for in the plans, however, all fore and aft framing was temporarily fastened.

Five days after supper labor was required to dismantle and reassemble the framework in the Carrolls' backyard. Some two weeks and two thousand screws later, the 3-8 inch marine plywood skin was attached and then made ready for its protective coating of fiberglass.

**V-8 Engine**

After the fiberglassing is completed, the hull will be righted, the cabin constructed and the powerplant, a 235 cubic inch V-8 engine will be installed.

While the Fort Benning community eyes water starved lawns and prays for rain, Sgt. Carroll casts a suspicious eye at every cumulus cloud that appears in the sky as he goes about the slow job of filling in the holes left by 2,000 counter-sunk screws.

When a few drops of rain come splattering down, Sgt. Carroll calls all sidewalk superintendents, onlooker, neighbors and children to active duty until the boat is safely under canvass.

Another question often asked of Sgt. Carroll is, "When is the launching?" He says he expects to launch the cruiser about July 15. He welcomes all boating enthusiasts to drop by, but warns that boat fever is very contagious and the only sure cure is owning your own boat.

SKILLS	FELLOWSHIP	CHARACTER	SERVICE	AWARDS

It pays to stay in 4-H. In fact,  
 membership of 4 to 10 years has  
 paid off handsomely for thou-  
 sands of Head, Heart, Hands  
 and Health youth throughout  
 the 50 states, reports the Na-  
 tional 4-H Service Committee.

Fifty-seven businesses and  
 foundations are currently pro-  
 viding such funds, said Norman  
 C. Mindrum, director of the  
 Committee.

The tangible benefits are four-  
 fold, a Committee spokesman  
 said. Continuous membership  
 affords (1) learning new skills  
 and methods (2) opportunities  
 for fellowship and community  
 service (3) good chance for self-  
 improvement (4) recognition.

A budget of \$1.8 million will  
 be used by the Committee this  
 year, he added. Included are  
 funds for 265 scholarships and  
 fellowships; 1,300 educational  
 trips; 195,260 honor medals;  
 14,300 miscellaneous rewards,  
 and many supplementary ser-  
 vices to 4-H.

Through project work, boys  
 and girls between 9 and 19  
 years of age learn how to grow  
 things, make things, show, teach  
 and sometimes even consume  
 the results of their labors. They  
 also gain experience in buying,  
 selling and saving.

Concerted Planning  
 All of this did not just hap-  
 pen. The nationwide 4-H Club  
 movement is the result of more  
 than a half-century of planning,  
 expanding, changing and evalu-  
 ating the program to meet the  
 needs of youth. The Extension  
 Service, part of every land-grant  
 university, cooperates with the

## Miss Gibson and Paul Baxter Ekern Wed in Vernon Church Rites

Miss Beth Ann Gibson of Vernon became the bride of Paul Baxter Ekern of Crowell Saturday evening, June 19, at 7:30 p. m. in the Central Christian Church in Vernon.

Parents of the couple are Mr. and Mrs. J. H. Gibson of Vernon and Mr. and Mrs. H. N. Ekern of Crowell.

Rev. O. C. Harper, pastor of the Central Christian Church, officiated at the double ring ceremony performed before a background of palm foliage. An arch of candles in spiral candelabra and arrangements of ferns and gardenias cascaded from three candelabra trees over standards of carnation foliage completed the setting.

Mrs. O. C. Harper provided organ music and accompanied Miss Betty Lowder of Wichita Falls who presented nuptial selections.

The bride, given in marriage by her father, wore a sheath of candlelight Alencon lace styled with an Empire waist. The sheath skirt of the gown was draped by lace trimmed panels of silk organza over taffeta, which formed an

overskirt extending into a chapel train.

Her shoulder length veil of candlelight illusion was a Dior bow of silk organza accented with seed pearls.

She carried a bouquet of white roses encircling a white orchid interspersed with Hahn's ivy atop a white Bible. The Bible was a gift to the bride from Mrs. W. B. Johnson of Crowell, grandmother of the bridegroom, who brought the Bible from Jerusalem.

The bride wore a ruby ring, the engagement ring of her grandmother, Mrs. W. T. Mitchell of Moran, as her only jewelry.

Mrs. Jerry Plummer of Plano was honor attendant. Her empire waist dress of emerald chiffon with long fitted sleeves and rounded neckline topped a slim floor length skirt of candlelight crepe. Her headpiece was a Dior bow of emerald satin with tiny veil of emerald illusion. She carried an elongated bouquet of green fuji mums.

Bridesmaids were Miss Suzanne Northcutt of Midland, Miss Jo Wynn Ekern of Crowell, Misses Nancy Couch and Bonney Street of Vernon. They wore costumes identical to that worn by the honor attendant.

Woody Frank Lemons and Charles Carroll of Crowell were

candlelighters.

Flower girls were Melody and Carol Mitchell, cousins of the bride, of Richardson. Their floor-length dresses of candlelight organza were styled with box-pleated skirts and accented at the waistline with emerald green organza ribbon. They wore Dior bows of green and candlelight in their hair. The flower girls passed rice bags to reception guests.

Kenneth Carroll of Crowell was best man. Groomsman and ushers were Joe Rogers and Jimmy Collins of Vernon, and M. L. Spear and Bob Borchardt of Crowell.

Mrs. Gibson chose for her daughter's wedding a two-piece beige silk suit, beige accessories and a hat formed of pink organza roses. Her corsage was of pink roses. The mother of the groom was attired in a pink linen street length dress with matching accessories. Her overblouse of organza and linen was waist length. Completing her attire was a corsage of cymbidium orchids.

**Reception Held**

After the wedding ceremony, a reception was held at the Hill Crest Country Club. The bride's table, covered with an imported white linen cloth with an organza overskirt, held the three-tiered all-white wedding cake encrusted with white roses. A silver branched candelabra held white tapers and an arrangement of white snapdragons, eraminas and carnations. All appointments were of silver.

Assisting with serving were Miss Frances Westmoreland, Miss Paulette Gavin, and Mrs. W. T. Mitchell Jr. of Richardson.

The registry table was covered in white linen with an organza overskirt and held a memory candle and a white leather bride's book. Miss Marty Smith of Dallas presided.

Other members of the house party included Mrs. Charles Innes McCarty, Mrs. Calton Moore of Vernon, Miss Martha Eason of Lubbock, and Miss Kay Johnson of Crowell.

Misses Judy Martin and Ann McCarty provided music during the reception.

When the couple left for a honeymoon to points in Canada, the bride was wearing an all-white two-piece linen suit with white accessories and the orchid from her bridal bouquet.

Upon their return in July, they will establish a home near Billings, Montana, where the groom is engaged in ranching.

The bride is a graduate of Vernon High School where she was active in many activities. She served on the student council, was a class officer and district sweetheart of the FFA. She at-

tended Texas Tech and was a member of Chi Omega sorority, was Miss Mademoiselle, ROTC sweetheart, runner-up for the Military Ball Queen.

The bridegroom is a graduate of Crowell High School. He attended Eastern Montana State College for one year and transferred to Texas Tech.

A rehearsal dinner honored the couple after the rehearsal on June 18. Mr. and Mrs. H. N. Ekern were hosts for the affair held at the Hill Crest Country Club. Tables were decorated in a western theme to symbolize the couple's moving to Montana after their wedding.

The couple are now making their home in Alexandria, Va.

## Fryers Are Summer Time Favorites

Fryers are a summer-time favorite with many families, since they're good served hot or cold. Homemakers can stretch their food dollars this week end by serving chicken, says Mrs. Gwen Clayatt, Texas A&M University Extension consumer marketing specialist.

Egg prices also are reasonable. Deviled eggs go well with most other foods at home or on picnics. Grade A large size eggs offer the most quality and nutrition for the money spent.

Good beef values are available if homemakers shop carefully. Best beef choices this week are arm and blade pot roasts and steaks, ground beef, rump roast and round steak.

Supplies of fresh fruits and vegetables are increasing, with many of these coming from nearby growing areas. Best values this week are centered around squash, eggplant, bell peppers, hot peppers, sweet corn, cucumbers, green onions, radishes, carrots, celery, green beans, cooking greens, cantaloupes, watermelons, bananas and pineapples.

Bing cherries are being featured at some stores—but their season is expected to be short.

### PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

How can we attract new business and industry to our town?

First, a town must have an active community development program.

Recent WTU ads have told the story of exceptional community development activities in Stamford, Childress, Robert Lee and Ballinger. These towns, among others served by WTU, are engaged in continuing local development programs, which make them better places to live, work and play. Of more importance, these towns know that community development is the vital and basic first step in attracting tourists and industry for further economic development. They are all PATTERNS FOR PROGRESS. WTU is proud to be a part of these growth conscious towns. Your local WTU manager can obtain additional assistance for your towns.

WTU's area development representatives are available to assist communities in planning community development programs.

## 12,000 Killed in Fires Last Year

"The Institute for Home Fire Safety, a non-profit organization doing research on fire safety communications, estimates that approximately 1,800,000 Americans were injured and close to 12,000 killed in fires last year, most of which originated in the home. The problem, says the Institute, is due fundamentally to lack of awareness of the facts on how fires start and spread, and lack of knowledge about techniques and methods which would save lives."

DID YOU KNOW THAT?

**5 FOREST FIRES EVERY 24 hrs.**

Each year, for the past 5 years, over 2,000 fires occurred annually in the pine-hardwood area of East Texas, burning 47,000 acres of valuable timberlands. In addition, improvements such as homes, barns, fencing, and improved pastures were destroyed. These fires were man caused, for the most part, and could have been prevented if someone had used care with firebrands out of doors. Your Texas Forest Service urges you to take every precaution when doing any outdoor burning.

## THIRTY YEARS AGO

News items below were taken from the Thursday, June 20, 1935, issue of The Foard County News:

The first load of Foard County wheat from the 1935 crop was brought in by Felix Jonas from the J. H. Lanier farm six miles east of Crowell last Saturday afternoon and sold to Self Grain Co. Seventy-five cents per bushel, plus a ten-cent per bushel premium, was paid for the 30 bushels in this first load.

Two Crowell boys, William E. (Bill) Dunagan and Francis B. (Tuffy) Spears have enlisted in the United States Army for service in the infantry at Fort Francis E. Warren, Wyoming, and were forwarded to that station for duty last Friday.

Floyd Thomas assumed duties last week as manager of the Gulf Service Station across the street from the northeast corner of the square. He succeeds the late Otis Ross in this position. Mr. Thomas is being assisted by Guy Todd in the operation of the station.

Charlie Smith, Ben Byrd and Robert Smith were in charge of the June 19 emancipation day celebration of local negroes yesterday. One of the outstanding features of the day was the free barbecue at noon at the negro school house. This barbecue was made possible through donations by Crowell business men. Boxing, singing, contests and other features contributed to the program for the outstanding day of the year for colored people.

Transients, particularly those originating within the state, have been urged to settle down and stay off the road by Adam R. Johnson, state relief administrator. Federal officials have appealed to railroads and autoists to refuse free transportation to transients, and several legislatures recently have passed anti-hitchhiking laws.

Twelve new grain combine harvester-threshers have been sold in Crowell during the past few weeks to wheat farmers of this section.

"Riverside" is the new name of the school resulting from the consolidation of the Ayersville and West Bayland districts on May 8. The new district is officially known as No. 12.

Recie Womack started work last week at Wichita Falls as funeral director's apprentice at the Merkel Funeral Home.

Two newspapers located about five hundred miles apart, The Foard County News of Crowell and The Leader-News of Uvalde, were judged as Texas' outstanding weekly newspapers for 1935 at the annual meeting of the Texas Press Association in Galveston last week. Announcement was made Saturday that The Foard County News had been awarded the A. H. Belo cup as Texas' best all-around weekly for this year, and that honorable mention went to the Uvalde Leader-News.

Gordon Bell will play Ernest (Red) Spears today or tomorrow for the championship of the annual golf tournament of the Spring Lake Country Club.

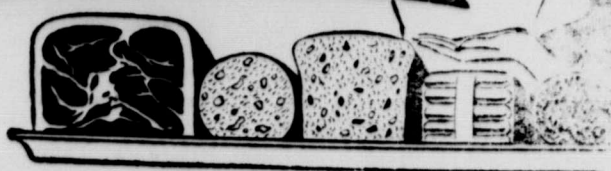

### Tax Man Sam Sez

When people are paying their income taxes there's always a lot of fussin' about taxes being too high. The Internal Revenue Service carefully shows taxpayers how the tax dollars are spent in the publication, "Your Federal Income Tax" and in the Teaching Taxes course. The big cartwheel is divided up into pie slices as follows: national defense 45c; health, labor and welfare, 23c; agriculture 6c; veterans 5c; fixed interest charges, 7c; space, 3c; international, 2c; and other, 9c. Internal Revenue also points out that it costs less than 1/2c on the dollar to collect this tax.

### Card of Thanks

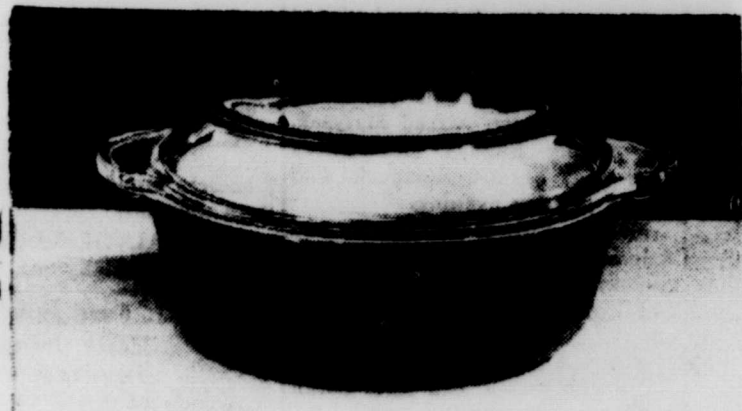

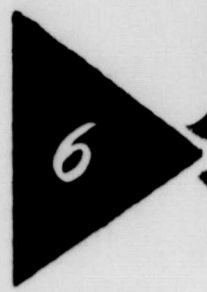

I wish to thank everyone for their visits, cards, flowers and many kind deeds during my recent illness. And a special thanks to Dr. Stapp and the nurses for their care. Your thoughtfulness will always be remembered.

had an eighteen dollar check from Martha Thomas. Now we need only 27 more. Who else would like to see Foard County Little League lighted up in approved fashion?

Friday night, June 18. The early game was almost over. She looked up at the announcer's stand just as I looked down. She was smiling broadly. She said not a word... nor did I... none was necessary, for her expressive eyes were saying: "Did you see my boy hit that home run?" (Yes, it was Mary Jane Young, Jackie's mother)... A Willie Mays catch early in the game by Pat Cates may have picked up Pat a new nickname... Burl Abston had rough luck after the Tuesday night game... fell off a pickup and suffered a big knot on his head, and wrecked an ankle...

**LITTLE LEAGUE NEWS**

by Marion Crowell  
Tuesday night, Friday, night, June 11, was just the calm before the storm... three home runs tonight... Pat Cates hit one with Buff Nelson aboard; Frog Smith banged out another with Billy Hollenbaugh on base; then David Stapp tied the ball game in the third by leading off the inning with a round tripper.

Durwood Haydad of Knox City was here tonight. Said he was doing a little scouting. (He was tournament director last year at Knox City)... and he complimented our field.

"Boy, a game like that sure makes me nervous," said Richard Blackburn, referring to the 8-7 first game... then went into the late game, one with twice the pressure... (Have another tranquilizer pill, Richard!)... Dunno which was the bigger out in the final inning of that one: Danny Naylor's getting a third strike past Lee J. Whitley or Ishmael Santos' catch of Junior Urquizo's pop fly into short right field.

"Twas a kind of monopoly night: Danny Naylor scored all three runs for the Mill; the Urquizo brothers scored both runs for the Elevator. The league sure looks well-balanced at the end of Tuesday night!

No sooner had last week's paper come off the press 'till we
