School's 1965 Tax Collections Ahead of Last Year

Board Receives 11 Applications for Tax Assessor's Job

The Crowell School Board, in a meeting Monday night, received and approved the auditor's report of the district. The period covered by the audit was for the one-year period ending August 31, 1965.

L. A. Andrews, secretary, reported that as of November 1, 81.26 per cent of the district's 1965 school taxes had been collected. He said that tax collections this year are running ahead of the same period last year.

The board also approved the bills for the month.

The board approved payment on the 55 choir robes purchased last year.

Board members also continued a discussion of plans for a new gymnasium.

Supt. Henry Black reported to the board on the accreditation team's visit to the local school on Monday and Tuesday of last week.

In other proceedings, it was announced that eleven applications have been received for the job of school secretary, tax assessor-collector, to replace Mr. Andrews who will retire at the end of the year. The board picked what it considered the top six applicants and plans interviews with each of these in the near future.

A meeting is also planned this week with the board, the architect and the low bidder on the gymnasium for further discussion of this project.

Community Action Group to Meet in Vernon Nov. 15th

Five Applicants for Co-Ordinator to Be Interviewed

The Community Action Program board of directors, made up of five representatives each from Foard, Wilbarger, Hardeman and Cottle Counties, will meet at 7:30 p. m. November 15 at Wilbarger Auditorium in Vernon to interview the five applicants screened from the original list of about 18. All but the five to be interviewed in Vernon were eliminated at a meeting of the four county judges in Crowell Monday of last week.

Originally it was thought the board would hire both a co-ordinator and secretary, but it has been suggested that only the co-ordinator be hired, and that he be allowed to employ his secretary, subject to the approval of the board.

The county judges are also expected to recommend that no assistant co-ordinator be employed—at least initially—in an effort to keep administrative expenditures at a minimum.

A spokesman said that the committee is thinking in terms of \$600 to \$700 per month as a salary for the co-ordinator. This figure is sharply below that mentioned in some of the early meetings of the group.

In earlier meetings, it was noted that administrators of some of the larger programs in other cities were being paid as much as \$15,000 annually.

The four-county organization, chartered as a corporation by the state of Texas, was organized to develop projects to aid deprived families and individuals on a local level in each of the counties, and to secure and administer funds under the Federal Economic Opportunity Act.

Sheriff Reports Rash of Accidents Over Week End

Sheriff W. F. Bradford reported Monday that several auto accidents occurred over the week end.

The first, as reported by Sheriff Bradford, occurred south of Crowell when a late-model car owned by Munday residents was in collision with a pickup driven by Lewis Stone of the Foard City community. Damage was heavy to both vehicles and one person was brought to the Foard County Hospital for treatment.

Later Friday night, about 9 o'clock, the Womack Funeral Home ambulance driven by Recie Womack, collided with a pickup driven by Clint White in front of the local hospital. The front end of the ambulance suffered considerable damage.

Sheriff Bradford also reported a one-vehicle accident in Thalia early Sunday morning when a truck tractor driven by a Trenton, Texas, man left the highway and knocked down a high line pole near the Three-Star Grain Co. The driver was uninjured.

Sheriff Bradford also reported that a vehicle missed the curve just east of Crowell sometime over the week end and went into a field adjoining the highway, tearing out the fence where it entered the field. The driver and vehicle left the scene before the arrival of the sheriff's department.

Women's Service League to Sell Light Bulbs

The Crowell Women's Service League will conduct an all-out drive from Nov. 8 through Dec. 16 to sell electric light bulbs to residents, according to an announcement made this week by League President, Mrs. Peggy Carpenter. Every cent of the proceeds will go to the local league.

The bulbs will be sold in bags, each containing four 100 watt, two 75 watt and two 60 watt light bulbs... at the regular price of \$2.04, including state tax. Every householder can use light bulbs, and this drive affords an opportunity to buy a good supply while helping a most worthy cause.

The entire membership of the Women's Service League has been organized to supply friends and neighbors with bags of bulbs. Civic clubs in other cities have had excellent results with similar bulb sales, and Mrs. Carpenter expressed her confidence in the success of this fund raising campaign.

Garden Club to Meet on Friday

The November meeting of the Crowell Garden Club will be at 2:30 p. m. Friday, Nov. 12, at the Thalia home of Mrs. Walter Ramsey.

Mrs. C. M. Carroll will be co-hostess with Mrs. Iamsey.

Savings Bond Sales Total \$45,431

185 Poll Taxes Paid

A total of 185 poll taxes had been issued up to Monday noon by the tax assessor-collector's office.

The Crowell Wildcat football team won a 26-6 victory over the Knox City Greyhounds here last Friday in a District 11-A contest and set the stage for a conference title clash with Munday here tomorrow night. The Wildcats now are 5-0 in district play, with an 8-1 record for the season. Munday won Friday night over Paducah and the Wildcats and Moguls are in a virtual tie for the district title.

Halfback Mike Payne led in ground gaining for the Wildcats against Knox City and scored two touchdowns on runs of two and four yards. He scored the first Wildcat TD, capping a 79-yard drive. Quarterback Dan Mike Bird made a 17-yard run in the drive and also ran over the points after touchdown.

A 58-yard Wildcat drive was climaxed by halfback George Myers who took the ball over from three yards out.

After the half, Knox City came back to score with halfback Phil Williams going over for the one.

Crowell's final touchdown was scored by Myers with a five-yard run.

The Wildcats' defensive unit, led by Randy Smith, held the Greyhounds to 8 first downs.

Foard Cotton Ginnings Now Top 1,100 Bales

Clear, warm weather last week caused Foard County gins to work overtime and they turned out 268 bales from Monday noon through the remainder of the week to bring the season's total ginnings to 1,132 bales.

Cloudy, damp and foggy weather early this week brought the cotton harvest to a temporary halt.

W. S. C. S. Has Seated Silver Tea

The annual All-Circles social meeting of the Methodist Woman's Society of Christian Service was in the form of a seated Silver Tea held at the parsonage on Monday afternoon, November 1, at 3 o'clock.

Upon the mantle and in full view of the arriving guests was a lovely arrangement of white and orchid chrysanthemums.

Guest were graciously greeted at the door by Mrs. Merriel H. Abbott, wife of the local pastor. Mrs. Virgil Johnson introduced the honored guest, Mrs. Ray Johnson, wife of the pastor of Vernon

First Methodist Church, to the women present.

The interesting spiritual program opened with a prayer by Mrs. A. R. Sanders, president of the Crowell society. A beautiful rendition of the song, "I Walk with God," was given by Mrs. Abbott, accompanied by Mrs. Jack Welch.

"Do You or I Have a Witness for Christ?" was the title question of Mrs. Ray Johnson's talk. Emphasizing the part Christian women must play in today's society, she stressed the importance of witnessing in the home, church and community.

At the conclusion of the program, and on behalf of the local Society, Mrs. Virgil Johnson presented the speaker with an un-

usual gift. It was a Bible holder carved in dark wood and made in India.

The guests were then escorted by Mrs. R. J. Thomas to the beautifully-appointed tea table in the dining room. It was laid with a white linen Madeira cutwork cloth edged in pale blue. A lovely arrangement of pink roses was placed at a strategic point. Dainty refreshments of cookies, nuts and mints were served with a delicious punch by Mrs. DuWayne Elliott, Mrs. Horace Gray and other members of the younger circles.

The project of the day was the children's library fund sponsored by the Society. An attractive small table set with a poster depicting a small boy poring over an open book reminded the members to contribute to the fund.

The contributions have been very generous, and plans for an ample library seems possible in the near future.

About sixteen women attended the affair.

Riverside H. D. Club

Mrs. Thelma Ayers, president of the Riverside Home Demonstration Club, presided when the club met with Mrs. Ira Tole on Monday, Nov. 1.

Mrs. Jean Taylor brought the opening exercises which were enjoyed. Mrs. Ayers brought a report on what to do for achievement day. There were 6 members who attended achievement day.

Mrs. Pearl Kuehn brought the program on meat cookery. Mrs. Tole served brownies and punch to 8 members and Brenda Taylor and Jerry Ayers. The next meeting will be Nov. 16 with Mrs. T. H. Matthews as hostess.

Junior Leaders

There were 21 members present at the Junior Leaders meeting on November 4. Bettie Ann Burkett and Jan Welch had the program on the importance of good nutrition. In their program, they included that good nutrition was a necessity to teen-agers.

Mrs. John S. Ray was a visitor for the program. Mike Swan and Pam Cocks were hosts.

The next meeting will be Nov. 18. Joe Ray Burkett and Bob Bird will be hosts.

Jan Welch was elected assistant reporter.

Hard to Drive

"... it's hard to drive in today's congested traffic in a lawful manner and adopt a 'turn-the-other-cheek' attitude towards the deliberate violator. It's hard to resist the feeling that, 'If he can get away with it, so can I...' It takes a strong person to keep his or her temper when taken advantage of by a willful violator. But it takes real guts to keep from joining him."—Delphi, Ind., Journal.

Dishwashers Take on More Glamor

Dishwashers are doing work and taking on more each year while providing dishes for the family, says Elsie P. Short, Texas A&M University Extension home management specialist.

Many top-of-the-line now provide three-and-four washing action within the cause impellers or wash arms been combined with extra The spray comes from top, bottom, or both, to provide "walls of water" much hotter than the homemaker's hands can stand.

New pre-wash cycles now away with another of the non consumer gripes—the scraping and rinsing dishes before loading. Continuous systems now trap small food particles and some models even feature a waste disposing action stainless steel blades that lift soft food scraps.

The programmed cycles of the homemaker to select the suited to the load to be washed. Most manufacturers have provided some type of plate in the drying cycle, too, Short says.

The automatic detergent wetting agent injectors are coming more popular. The is an important item in hard water areas. The wetting agent, released in the last rinse, prevents water spots on glass and fine dishes.

Other improved features include top dish racks that are completely removable. Some up or down to accommodate shaped serving dishes in the or bottom of the machine.

Recolorator colors are more abundant, with a variety of vinyl or wood tops on the tables. Reports indicate that manufacturers are working on models with new speed on Mrs. Short adds.

MRS. MAGGIE CAPPS

Joe Johnson and two small children of New Orleans, arrived Tuesday for a visit with their parents, Mr. and Mrs. Taylor; a niece, Mrs. Billy

Don Scott, husband and two children, and a sister-in-law, Mrs. Percy Taylor of Crowell.

Mrs. Josie Bledsoe, who has been visiting here the past two weeks, left Friday for her home at Aroya, Colo. She and her sister, Miss Emma Main of Vernon, visited in Wichita Falls Thursday.

Mrs. Ora Spence of Levelland came Tuesday for a visit with her sister, Mrs. Clyde Self, and husband.

Louis Webb of Sparks, Okla., visited his brother, Floyd Webb, from Friday until Sunday.

Lowell McKinley of Perryton brought his mother, Mrs. E. J. McKinley, home last week after she had made an extended visit with her son and his family. Lowell spent a few days in a Vernon hospital before returning home Sunday morning.

Mrs. Anna Mark Woodward of Virginia returned to her home Tuesday after spending several days here with her father, M. C. Adkins, who is home after recent surgery. Another daughter, Mrs. Mildred Roseberry of Amarillo, spent the week end with her father.

Bob Main of Roy, N. M., is here sowing his wheat fields and visiting his grandparents, Mr. and Mrs. Ed Payne.

Mr. and Mrs. Raymond Grimm attended funeral services for his uncle, Tom Abston, of Sentinel, Okla., Saturday.

Mr. and Mrs. Jim Mack Gafford and family visited her parents, Mr. and Mrs. Walter Ramsey, last week end. They took their small son, Mack, home after a week's visit here.

Mrs. Bruce Casada of Abilene

and Mrs. Celeste Johnson of Vernon visited Miss Irene Doty Sunday afternoon.

Visitors of Mrs. Cap Adkins Sunday were Mrs. Houston Adkins of Crowell, Mrs. Wayne Gamble of Riverside and Mrs. Eula Huntley of Vernon.

Mr. and Mrs. Raymond Grimm attended funeral services for Mrs. Louise Faulkner in Vernon Monday afternoon. Mrs. Faulkner was the grandmother of little April Aguire, who has often visited in the Grimm home.

Mr. and Mrs. Johnnie Wilson of Amarillo visited her sister, Mrs. Raymond Grimm, and husband Sunday afternoon.

Canned Meats Offer Menu Variety

Canned meats can provide creative cooks with the necessary ingredients for appetizing dishes that appeal to families and guests, reminds Mrs. Gwen Clyatt, Texas A&M University Extension consumer marketing specialist.

She says that canned meat sales have risen 58 per cent in the last 10 years.

There are practical reasons for the popularity of canned meats. Economy is a big factor. Preparation at big meat packing centers makes for economy of production. Since all trimming and boning has been done before packaging, every ounce of canned meat is edible. There's no bone or gristle to be discarded—and because the meat is processed, there is no shrinkage in home preparation. Only a minimum of fuel is needed if the meat is to be served hot.

The variety of shelf and refrigerated canned meat items at the supermarket may surprise you. There are 100 different items available—and it's a supply you can depend on all year long.

Ready-to-serve canned meats provide easy menu planning, quick preparation and successful dishes. They also offer shopping and storage convenience. The air-tight sanitary containers prevent spoilage. Generally, no refrigeration is necessary unless stated on canned whole hams and some other meats of three pounds and over.

Jessie and Ronnie Moore of Hobbs, N. M., are here to work in the grain harvest. Jesse is presently employed at the Three Star Grain Co. The Moores are visiting the Jim Moore family and the R. L. Sims family while here.

Mr. and Mrs. Cecil Carpenter visited Mrs. Glenn Fox and Mrs. Jan Washburn in Wichita Falls Sunday. They were accompanied by the David Carpenter family of Vernon.

Mr. and Mrs. Jack Hasselwander and children of Wichita Falls spent Saturday night with Mr. and Mrs. J. L. McBeath. Other visitors Sunday were Mr. and Mrs. Delmar McBeath and children of Vernon.

Mr. and Mrs. William Wisdom and Mrs. Tommie Patterson of Farmers Valley visited Mr. and Mrs. Jake Wisdom and family Wednesday.

Noble Home Is Visited by Mrs. Bing

West Columbia—Strong Texas and family ties, by her own admission, prompted Mrs. Bing Crosby to visit stately Varner-Hogg State Park while visiting relatives in this area.

A Hollywood success in her own right, as plain Katherine Grant, Mrs. Crosby was given the VIP treatment by Mrs. Joe Cariker, wife of the park manager and herself a student of Texas history.

Mrs. Crosby strolled through the two-story pillared mansion, restored as an authentic plantation home, and quietly and minutely inspected the countless precious mementos of the antebellum days.

Mrs. Annie Shultz attended a birthday party honoring Mrs. Nettie Pearson in Vernon Wednesday.

Sunday visitors of Mr. and Mrs. Lee Shultz included Mrs. J. L. Johnson of Riverside, Mr. and Mrs. Leotis Roberts of Crowell and Mr. and Mrs. Ralph Shultz of Vernon.

Mrs. Susie Roberts and Mr. and Mrs. Leotis Roberts of Crowell were Seymour visitors Sunday.

Mr. and Mrs. David Carpenter and children, Rusty and Tammie, of Vernon visited the Cecil Carpenters and Mrs. G. A. Shultz during the week end.

Mrs. Lee Shultz is home after spending several days in a Vernon hospital.

Dallas Texas McCarty of Vernon spent a few days here last week visiting his grandmother, Mrs. Jessie Gamble, his uncle and aunt, the Oran Fords, and plowing and sowing their wheat land here.

Duane Capps and son, Marshall, of Vernon visited Mrs. Maggie Capps Saturday.

Wilbur and Muri Edens of Vernon visited their sister, Mrs. Raymond Grimm, and husband Sunday.

Mrs. F. A. Brown spent Sunday night with her sister, Mrs. W. J. Jones, in Vernon.

Oliver Holland visited the C. L. Grays of Riverside in Vernon Friday. Mrs. Gray is ill in a Vernon hospital and Mr. Gray is being cared for in the home of relatives, the W. W. Kinneys, in Vernon.

The Marshall Messick family of Vernon visited the T. R. Cates Jr. family one night last week.

Mrs. Mary Jo Hasselwander and children of Wichita Falls and Mrs. J. L. McBeath visited Mrs. Bonnie Bell Saturday afternoon.

Visitors in the home of Mrs. Fay Whitman and Mr. and Mrs. Eldon Whitman Saturday were D. S. Benham and Elizabeth and M. C. Benham of Lovington, N. M., Mr. and Mrs. Hines Whitman and Ray, Mrs. Morris and daughter, all of Quemado, N. M., and Mr. and Mrs. L. A. Whitman of Clovis, N. M. Visitors on Sunday were Mr. and Mrs. Hines Whitman and Mr. and Mrs. L. A. Whitman and Mr. and Mrs. W. H. Fowler. All these were also visitors of the Ruffie Whitman family, who reside nearby.

Mrs. Warren Smith, Mrs. Eldon Whitman and Mrs. Rufie Whitman were visitors in Wichita Falls Monday.

Mrs. H. W. Gray and Mrs. S. J. Boman left Sunday for Clayton, N. M., for a visit with Mr. and Mrs. Wood Roberts. Mrs. Gray and Mrs. Boman returned home with Mr. and Mrs. Garton

Convinced that Right to Work Is Right

"The American people are convinced that the Right to Work is right. They know that the Right to Work is a worker's right, a state right and an individual right. And, as a matter of fact, many feel that no civil right is more important than civil right of free choice . . ."—Bethel, Ohio, Journal.

a tiny spark of competition

Electric cooperatives serve an average of 3.3 consumers per mile of line while most commercial utilities serve an average of 33 consumers per mile. Electric cooperatives average \$460 in revenue per mile of line. Commercial companies average \$7,164 per mile. Electric cooperatives maintain 54% of the electric power lines, yet serve only 8% of the people, distribute only 4% of the power and generate only 1% of the electricity.

Now, you can see that electric cooperatives are only a tiny part of the total power picture. But, this tiny spark of competition assures rate protection by comparison. Without it, monopoly would rule both the market and the source of supply.

Nurses Association Meets in Quanh

Mrs. Betty Wages, executive director of the North Texas Rehabilitation Center in Wichita Falls, was guest speaker for a meeting of the Sub District 11 of Texas Nurses Association at the Quanh clinic Tuesday night of last week.

Mrs. Wages showed slide films while describing types of abnormalities the center is equipped to handle. These include crippled children and adults, speech and hearing problems, etc. Mrs. Wages pointed out that on the average of three to five children in every first grade class of 30 students have some perceptible problem, a perceptual motor handicap caused by primary brain damage, in many cases very mild. It is estimated that of these five, two are mild enough for the teacher to help the child overcome, two need special help and one needs private tutoring.

In listing the facilities available, she said, "The Center in Wichita Falls has one physical therapist, one occupational therapist and three speech therapists. To receive therapy at this center, a child or adult must be referred by their family physician. Charges for therapy at this center are based on a sliding scale so that no one need be denied treatment for financial reasons. The center is partially financed by the sale of Easter Seals. Eight counties, including Foard, in this area form the district for the North Texas Center; a majority of the funds from the sale of Easter Seals from here go to the district to support the center in Wichita Falls."

During the business session, members were reminded of the district meeting of the Nurses Association at Wichita General Hospital assembly room, Nov. 18. Erton F. Tate of the Social Security office in Wichita Falls will be guest speaker, bringing nurses up to date on social security information.

The nominating committee presented a slate of officers for the next year and the results of this ballot will be announced at the next meeting Dec. 7 in Vernon. A Christmas social has been planned and each member may bring a guest. Christmas gifts will be exchanged.

Nurses from Quanh served refreshments to members from Quanh, Crowell and Vernon.

Roff W. Hardy, 51, Elected President of West Texas Utilities

At a meeting of the board of directors of West Texas Utilities Co. last week, Roff W. Hardy, 51, was elected president of West Texas Utilities Company. He succeeds S. B. Phillips Jr., who was elected president of the Central and South West Corporation.

John A. Hutchison, 54, was elected to the board of directors to fill Mr. Phillips' unexpired term. Hardy is a member of the board of directors and was formerly vice president and controller. He began his career with West Texas Utilities Co. in 1935 and has served continuously with the exception of three years of service with the Air Force during World War II.

In 1950 he was elected assistant treasurer; named head of the Statistical Department in 1955; and served as assistant controller until he was named controller in 1962.

Hardy was elected a vice president in 1960 and a member of the board of directors in 1962.

A native Abilenean, he attended Abilene Public Schools and Hardin-Simmons University. In 1958 he attended the Public Utilities Executive Program at the University of Michigan at Ann Arbor.

He has a long record of community and civic work. Currently he is president of the board of directors of the West Texas Rehabilitation Center and has just completed a three year term on the board of directors and the executive committee of the Texas Society for Crippled Children and Adults.

Ralph Cogdell and son of Floydada were visitors in Crowell Sunday.

Mrs. Juanita Gafford and daughter, Mary Bob, have moved to Crowell from Thalia to make their home.

Mr. and Mrs. W. T. Ross of Flomot spent Saturday night and Sunday here visiting his brother, S. H. Ross, and wife.

Miss Nancy Cogdell of Wichita, Kansas, and Mrs. Allen Cogdell of Paducah were here Monday visiting Mr. and Mrs. John Cogdell.

Mrs. Allen Fish left Tuesday for Westminster, Colo., to visit her son, Hughes Fish, and family. Lester Myers took Mrs. Fish to Amarillo where she boarded a plane for the trip to Colorado.

Mrs. O. N. Baker and son, Johnny, attended funeral services for their cousin, Rev. Frank Ray, in Denton Tuesday of last week. Before returning home Tuesday of this week, they visited relatives in Fort Worth and Greenville.

Mrs. Cassie Shievers attended funeral services in Wellington Saturday for Dr. James H. Wattam who was killed in an automobile accident in Oklahoma. Dr. Wattam was an instructor of Mrs. Shievers' when she attended nurses school.

Mr. and Mrs. Henry Borchardt spent the week end in Norman, Okla. visiting Mr. and Mrs. Bob Borchardt and son and Mr. and Mrs. Tom Bond. On Saturday night, Mrs. Borchardt and daughter, Mrs. Bond, attended in Oklahoma City the wedding of Miss Sherry Allen and Robert Soper. Miss Allen is the daughter of Mr. and Mrs. Tex Allen, formerly of Crowell.

Mr. and Mrs. George Bumpass, Danny, of Hereford and Mrs. James Grady McLean, son, Jim, of Wichita spent the week end here with Mr. and Mrs. Pat McLean and other relatives.

Forecast Predicts Influenza Increase This Winter

The Journal of the American Medical Association says that there may be an increase in influenza this winter and adds that most people can avoid the disease by proper immunization. The forecast is based on the two to three-year periodicity of the disease. The last major outbreaks were in 1962-63, and on the west coast in 1963-64.

Plan Being Made to Organize Tri-City Council

Council Would Consist of Sorority Members in Area

Efforts are underway to organize a Tri-City Panhellenic Council which will include all members of sororities who live in Vernon, Crowell, Quanah and Chillicothe. The initial meeting will be in the conference room of the Lone Star Gas Co. in Vernon on Saturday, Nov. 20, at 10 a. m.
Every member and alumna of the twenty-eight sororities affiliated with the National Panhellenic Conference are urged to attend. Each national has been contacted for area members and an effort has been made to contact these women. However, not all nationals have geographical listings; so an open invitation is extended to every sorority member in Wilbarger, Hardeman and Foard Counties.

National Retarded Children's Week Set for November 14-21

The Amarillo Council for Retarded Children, as a member of the National Association for Retarded Children, is joining a nationwide effort for the mentally retarded of all ages, especially during the period Nov. 14 to 25, National Retarded Children's Week.
"Today we can say objectively that more has been done in government in the past two years than in the previous 200 years to meet the challenge of mental retardation."
This statement was made recently by President Johnson and reflects the concern of a nation about the 3 per cent of its population which is mentally retarded. There is no doubt that the federal government has made giant strides in opening avenues of help for the retarded, but this is not enough. Until every citizen in the land and every citizen in every community recognizes this as a problem affecting all, the hoped-for advances will not be made.
During National Retarded Children's Week the people of Foard County are urged to get in touch with Walter Wolfram (Regional Vice President of the Texas Association for Retarded Children and also President of the Amarillo Council) at 202 Louisiana Ave., Amarillo, to learn more about the crusade against mental retardation and find out how help may be given.

Southern Assembly Program Presented for Crowell Students

A collection of more than 100 handcuffs, leg irons, and locks and keys collected by Houdini were displayed to Crowell students this week by Dick Wresch, owner of the collection.
This large collection was shown and various items demonstrated and explained by Mr. Wresch in the second of a series of Southern School Assemblies.
Items in the collection ranged from very early devices, such as the "plug eight" neck band used during the Spanish Inquisition, and a French iron belt and cuffs dating back to the French Revolution, to modern handcuffs and leg irons. Slave irons of various types were also shown. The ball and chain and weighted ankle irons were included as well as the Oregon boot and the Guiteau handcuffs.
Mr. Wresch has been a locksmith for many years and is considered an authority on restraining devices. He has traveled extensively during the past eight years showing his historic collection.

Rotary Club

Misses Marilyn Cates, Karen Shirley and Kathy Eubank told Rotarians about their trip to Austin during the summer to the annual youth conference on crime at the Wednesday meeting of the Rotary Club last week. Marion Crowell was in charge of the program.
An out-of-town visitor was Rotarian Sam Breedlove of Quanah.

Soil Tests Are Important for Best Yields

The farmer who still figures he can walk across a field or pasture and determine its fertilizer needs can't expect top yields. There are too many factors in determining soil fertility that can't be detected by the eye, reminds County Agent Joe Burkett; therefore, a surer method must be used.
That's where the soil testing laboratory comes into the picture. Soil scientists have a knowledge of the amount of nutrients removed from the soil by a given yield on a crop. By making certain soil tests they can determine how much of the crop's needs can be supplied from the soil and how much must be supplied through fertilizer application, explains the county agent.

Alert farmers test their soil before planting to determine its ability to supply the necessary nutrients for top yields. If the soil test shows the soil is short on a certain nutrient, fertilizer of the recommended kind can be applied before deficiencies show up in the crop and yield is reduced.
Low production means a higher per unit cost and less potential profit while high yields have the opposite effect upon crop production, Burkett says.

Soil testing, the county agent believes, is a necessary part of today's agriculture. Maximum yields produced at the lowest per unit cost are a must and the basis for both is a fertile soil, concludes Burkett.

No. 9, Salaries (lieutenant governor and House speaker), rejected.
No. 10, Four-year terms (representatives), rejected.

Dr. Lindsey Presents Program on Camping Here Thursday Night

Dr. Tom Lindsey of Vernon was in charge of a camping program attended by some 48 boys and their parents Thursday night of last week at the Scout building.
Paul Stapp was tapped out as a candidate for Order of the Arrow, and Billy Hord appeared before a board of review as a preliminary to elevation to the rank of Eagle Scout. The board also passed Mike Clifton for Star Scout rank.
Dick Yeager and Rick Melloy of Vernon accompanied Dr. Lindsey to Crowell. Cecil Davis is Cubmaster and Ray Shirley is Scoutmaster of the local organizations.

Now! '66 Chevelle Malibu by Chevrolet

Two racy new hardtops
A clean-sculptured new sport coupe with recessed rear window, and—for the first time—a 4-door Chevelle Sport Sedan. Pick from 12 racy-looking new Chevilles in all for '66.
Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle.
Say you pick a new Malibu Sport Sedan and specify the new 220-hp V8. You've got yourself quite a machine.
Or pick a Malibu Sport Coupe, equip it with the new Strato-bucket front seats, and order the new 275-hp V8. You've got yourself even more machine.
Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a Turbo-Jet 396 V8 with 325 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.
Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.

See the new '66 Chevrolet, Chevelle, Chevy II, Corvair and Corvette at your dealer's

From the News . . .
**THIRTY
YEARS AGO**

News items below were taken from the Thursday, Nov. 7, 1935, issue of the Foard County News:

The Crowell Baptist Church was entirely free of debt Wednesday for the first time in many years. Four cents remained in the treasury after making final payment yesterday on the church's paving note, the last indebtedness against the local institution.

Steve Mills, night watchman at Truscott, was treated at the Knox City hospital following an attack last Thursday night in which he sustained severe injuries about the head.

Foard County's first frost this fall arrived Tuesday on the exact date for the average first frost for this particular area—Nov. 5.

Radio reports this morning told of the death of the world known evangelist, Rev. Billy Sunday, from a heart attack.

The St. Mary's University football team of San Antonio completed a successful tour of the East last week by defeating St. Vincent 7 to 6 at Greensburg, Pa. In their first game at Scranton, Pa., the Rattlers of St. Mary's beat St. Thomas by the same score and then on the following week lost to unbeaten Catholic University of America 6 to 0 at Washington, D. C. Guy Todd of Crowell is co-captain of the Rattlers and plays in the backfield.

The matter of future operation of the Crowell schools depends upon the cooperation received in the payment of delinquent and current taxes, the school board announced this week. The board asked residents, "How can the Crowell schools continue to operate with delinquent taxes amounting to \$35,000?"

In the most thrilling game played by Crowell this season, the Wildcats came from behind to defeat Seymour 13 to 6 at Seymour last Friday night.

Cordie Briscoe, who has returned home from the CCC camp, accepted a position this week as clerk in Fox Bros. Grocery.

S. B. (Bax) Middlebrook of Margaret assumed duties this week as a salesman for Bursey-Long Implement Co.

A carnival and one-act play will be held at Crowell High school tonight. The event is sponsored by the PTA and is for the benefit of the junior class. "Our Aunt from California," a one-act play directed by Mrs. I. T. Graves, will begin at 7:30 in the auditorium. Admission is 5c and 10c.

Mr. and Mrs. Henry Borchardt moved this week into the home they recently purchased on Main Street.

Mrs. Julian Wright returned to work at Harwell's Variety Wednesday of last week following an illness of several weeks.

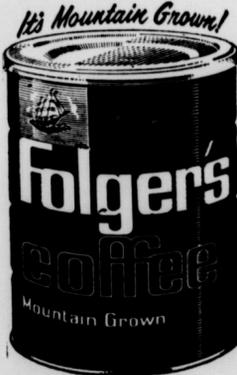

Local officers were called to quell two negro disturbances during the past week. A. T. Schooley and P. D. Moseley, deputies, were called to servant quarters in the residential section at 2:30 Sunday morning to prevent a negro man from making use of a gun in making final settlement of an argument with another member of his race. A negro wife struck her husband down Sunday night at a negro cabin after he had refused a second time to comply with her request to leave a domino game and accompany her home. Mr. Moseley arrived in time to prevent further hostilities.

**Delinquent Children or
Delinquent Parents?**

"Delinquency of our young is a popular topic of conversation. 'They have no respect for authority,' we hear. 'How can we teach them?' . . . Let's stop talking and start showing. Disrespect for authority manifests itself in breaking minor traffic laws, in 'stretching the truth' in conversation, in misleading advertising—in a hundred minor actions which we may consider unimportant but which are demonstrations to our young. Our youth cry: 'Don't tell us, show us!' Delinquent children? Or delinquent parents?"—Pittsburg, Texas, Gazette.

A PROCLAMATION

WHEREAS, many hundreds of our fellow citizens have seen fit to demonstrate against the policy of the United States Government in its conduct of the war to save freedom of the people of South Vietnam from Communist aggression, and

WHEREAS, such demonstrations are giving aid and comfort to an enemy who is even now killing American fighting men in his attempt to subvert and conquer a brave ally, and

WHEREAS, it has become necessary to make it clear that the overwhelming majority of the American people abhor the actions of the demonstrators and fully support the brave fighting men who are risking their lives, now

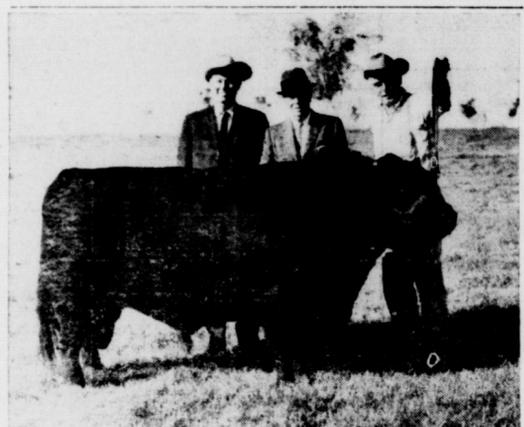

THEREFORE, I, Robert Kincaid, Mayor, City of Crowell, do hereby call on every man, woman and child, every church, school, organization, business establishment and home within my official jurisdiction to join with the Veterans of Foreign Wars in public observance of "Operation Boost" to raise the morale of our Armed Forces overseas. I ask each individual to cease from all activity at 11:00 A. M. on November 11, 1965, Veterans Day, and offer a prayer for the success and safety of our troops. Further, I ask all of our citizens to participate in patriotic observances on this day so the world will see that we stand united behind our government.

The 1259 Perth Supreme Champion Aberdeen Angus bull, valued around a half million dollars, was delivered to the Alamo Angus Ranches recently by a chartered DC-3, announced Chas. F. Schwab, general partner. The bull, Elevate of Eastfield, is the first Perth Supreme Champion to be brought to Texas. Alamo Angus Ranches purchased one third ownership and possession of the bull from the Abern Herd of Edgell, at Shadwell, Virginia, and Black Watch Farms, Wappingers Falls, N. Y. The 8-year-old bull was originally purchased in Perth, Scotland, and brought to the U. S. in 1959. Mr. Schwab explained that the area around Perth, Scotland, is the original breeding ground for the Aberdeen Angus breed. Every year all of the best Angus breeders in Scotland compete at Perth, making Perth champions the highest priced cattle of the breed. In addition to Mr. Schwab, who is general partner of the ranch, Wm. L. McCoy III is limited partner and Les Ljungdahl is general manager of the ranch.

NATIONAL 4-H CLUB CONGRESS

Showcase of America's Youth

NOV. 28 — DEC. 2

Theme . . .

YOUNG AMERICA AND WORLD AFFAIRS

1500

Boys and Girls Participate

The National 4-H Club Congress opens for the 44th straight year in Chicago, on Sunday afternoon, Nov. 28, but the young delegates start checking into the Conrad Hilton Hotel headquarters on Friday and Saturday. Activities begin at once, and never stop until the final banquet on Thursday night, Dec. 2.

The Congress theme is "Young America and World Affairs," announced Norman C. Mindrum, director of the National 4-H Service Committee which arranges the annual event in cooperation with the Extension Service of the land-grant universities, and more than 55 business firms which support the 4-H program.

The 1,500 delegates—all winners—will represent 50 states, Puerto Rico, and for the first time an "official" delegation of 10 Canadian 4-H members, one from each province. The 4-Hers will devote the better part of two days to forums on world problems. During the action-packed week more than 200 youths selected for superior achievement will be designated national winners of educational scholarships.

Three boys and three girls will be named to receive the highest honor bestowed during the Congress: The Presidential Silver Tray award. These champions are the top pair in achievement, citizenship and leadership programs.

Donors of funds for the trips and scholarships are business firms and foundations. They contribute more than a million dollars each year to aid 4-H, said Mr. Mindrum.

The award winners are all selected by extension personnel heading the state 4-H program. Among the award donors are: Allis-Chalmers Manufacturing Company, American Oil Foundation, Carnation Company, Cities Service Oil Company, Conrad Hilton Hotel, Cudahy Packing Co., E. I. du Pont de Nemours & Company, Elgin National Watch Company, Firestone Tire & Rubber Company, General Motors, Hercules Powder Company, Humble Oil & Refining Co., International Harvester, International Minerals & Chemical Corporation, Livestock Conservation, Inc.

Others are: Edwin T. Meredith Foundation, Montgomery Ward, Oliver Corporation, Pyrofax Gas Corporation, The Sears-Roebuck Foundation, Standard Brands, Incorporated, Standard Oil Company (Kentucky), The Standard Oil Company (Ohio), Sunbeam Corporation, The West Bend Company, Westinghouse Electric Corporation and Wilson & Co., Inc.

According to Mr. Mindrum, donor support averages nearly 20 years. The longest continued sponsorship totals 48 years.

What God Is Doing

The distress and confusion which prevails in the world about us does not upset the instructed believer in the Word of God.

He understands the divine plan and knows what God is doing. He does not expect peace on earth while the Prince of Peace remains an exile from His own world. He has no illusions about this age, or about what statement and politicians can accomplish in this age, for God calls it "this

FERTILIZING WINTER PASTURE IS LIKE GOING FISHING

For best results, both should be done early. The fisherman who sleeps through the first cool hours of daylight has missed the best fishing time. The farmer who lets his winter pasture start off without a good supply of nitrogen has already limited his yield, cut the grazing capacity of his pasture and missed out on low-cost beef gains.

It is a proven fact that this practice does not cost, but pays. Wake up, Mr. Farmer!

Yea, Texas! Fish Yarn Stands Up

Texas still are heading 'em off at the pass!

And they didn't even escape when a man-sized fish story was at stake.

A combination of a Texas soldier boy stationed in Indiana and surrounded by challenging "yankees" and the Texas Parks and Wildlife Department managed the latest conquest.

Private Ronald D. Sommers appealed for reinforcement because some Fort Benjamin Harrison soldiers hooted down his tales about giant Texas catfish weighing "up to 130 pounds."

He pinpointed Lake Travis "on the deep water side of Mansfield Dam" as the spot he particularly wanted to have checked.

The Department assured the patriotic Lone Star serviceman in writing for the benefit of his taunters, there are indeed huge catfish in Texas with confirmed "flatheads at 115 pounds and blue catfish at 89 pounds."

It was added that "catfish in 60 to 90 pound range are fairly common . . . 80 and 90 pound flathead have been taken from Lake Travis." Photographic evidence of newspaper clips was added.

Private Sommers also sought some home state support for part 2 of his case which, distance wise, dwarfed even Texas. This was about presence of Nile perch up to 900 pounds in the Nile River.

Here the Department hedged slightly, quoting an Egyptian tour-

Observatory Gets Beulah, the Fire Truck

Most men wouldn't give Beulah a first look—indeed, never a second!

But to the relatively few persons at McDonald Observatory near Fort Davis, Beulah is a much-needed and welcome addition to the staff.

Beulah is a fire truck—more than a little disheveled with faulty headlights, a clinking engine and a peeling paint job. She's the first firefighting unit of her kind that the observatory has ever had.

Dr. Harlan Smith, astronomy professor at The University of Texas and director of McDonald Observatory, said the fire truck was purchased from the City of Hamilton after he wrote to about 400 fire chiefs throughout the state seeking "a pump and tank on wheels."

The truck will be invaluable, Dr. Smith says, for use in combating brush fires in the area around the observatory, which sits atop Mount Locke.

Prior to the acquisition of Beulah, the observatory would have found it necessary to summon help from fire departments as far away as Odessa—which Dr. Smith said would have been a four-hour drive—in the event of a major conflagration.
