# Sometimes It's Smart to Act a Little Hoggish

There are times for giving to others . . . and there are times for looking out for ourselves; times when charity is appropriate . . . and times when there's not even spiritual profit in it.

• One of the most common and least profitable forms of giving is the making of donations to the growth and prosperity of other communities . . . through unnecessary out-oftown buying.

Trade builds communities. Trade is the father of Prosperity. There is no other source of better jobs, better business, better social facilities.

Except when they're in real need we don't give to strangers the food, clothing and other necessities that our money buys ... why isn't it also wise to keep for ourselves and our children the community-invigorating Vitamin \$ that is part of the returns-to someone-for every dollar

### AN UNUSUAL ANNOUNCING PIANO OFFER!

A massed piano festival was sponsored in Vernon by the Vernon Musicians Club. The Norsworthy Music Center furnished the pianos for this wonderful concert in which 200 pupils, musicians and teachers participated. The 12 pianos used are all quality instruments. There are no "seconds" in the bunch and are recommended by the teachers and musicians here in Vernon as good pianos.

These pianos are all NEW and have not been used other than in this festival. Because of this, and the fact that we do not normally carry this large stock of pianos, they can be purchased at a big savings. In 41 years of continuous service the Norsworthy Music Center has never offered pianos at such BARGAIN PRICES and SUB-STANTIAL SAVINGS to our customers. The styles and finishes are in Walnut, Early American Maple and French Provincial in Fruitwood.

CALL US AT ONCE IF YOU ARE INTERESTED IN KNOWING THE DETAILS OF THIS UNUSUAL OFFER, as the sale will last only until these 12 pianos are sold. If you have no use for a piano, you may pass this information on to a relative or a friend in any town or state, who will appreciate it.
