

## The Crowell High

### WILDCAT

#### Wildcats Win District

The Mighty Crowell Wildcats played one "smash" of a game against the Archer City Wildcats Friday night. It sure looks like our boys really showed them who had the sharpest claws. Now that the Crowell Wildcats have won their district, they're ready to win state. So—let's get in there and back our Wildcats all the way! What's the big word? Beat Knox City.

#### Senior Personality

The 5' 9" FFA vice president is this week's senior personality. His hobbies include building models and girls. He participates actively in tennis and basketball.

Of course, this seventeen-year-old boy is the son of Mr. and Mrs. Antone Kajis.

The blonde blue eyed senior claims as his favorites: color, blue; singer, Buck Owens; actress, Barbara Parkins; actor, Robert Vaughn; food, barbecued beef; and song, "I Can Make It

with You Baby." Tommy, better known at CHS as Buster, is planning to attend Texas Tech, Lubbock, after his graduation.

#### Dance

The Crowell High School annual staff will sponsor a dance Saturday night at the gym. The dance will start at 8 and continue until 11. The Restless Ones will play.

#### Scandal

Terri, what did you have in your pocket Friday in study hall? It sure smelled good. Why wouldn't you share it with us?

Jane, were you and Julia drifting off Sunday?

Janelle, Terri, Nancy, Debra J., Renie D and Monty, what was so tasty in study hall Friday? Maybe a cheese sandwich!

Steve, Barry and Gary, how do you like hikes on Sunday afternoon?

Steve W., who is your lover this week? Could it possibly be ? or ?

Seen together at Quannah Sunday were Brenda-Lynn C., and Jo Nell-Jimmy J. Was the 41 miles wasted?

Julia, were you really crying on Junior C's shoulder Monday night or were you trying to kiss him?

Couples seen over the week end were Billy-Julia W., Jr. C-Rita P., Linda-Gary, Jan. W-Charles, Jan C-Paul Wayne, Mary Sue-Randy, Buster-Pam, Janette-Don Ray, Debra-Michael, Lee-Jo, Mary

Bob-Doyle, Janis-Boogie, Linda-George, Johnny-Kay. Pam, Cathy, Terri, Betty, what were you all doing Saturday night? Could it have been painting?

## Two Minutes With the Bible

### The Apostle of Grace

Did you know that St. Paul was chosen by God as the apostle of grace?

He was God's great example of grace, the "chief of sinners" saved by grace (I Tim. 1:12-16).

To him was committed "the dispensation of the grace of God" (Eph. 3:2).

He was sent forth to proclaim "the gospel of the grace of God" (Acts 20:24).

He wrote far more about grace than any other Bible writer.

All his epistles open or close (or both) with the salutation "Grace be to you."

He declares: "We have redemption through Christ's blood, the forgiveness of sins according to the riches of His grace" (Eph. 1:7).

He shows how this grace was planned for believers in ages past: "Who hath saved us and called us with an holy calling, not according to our works, but according to His own purpose and grace which was given us in Christ Jesus before the world began" (II Tim. 1:9).

He shows how this grace will be ours in ages to come, "That in the ages to come, He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus" (Eph. 2:7).

He shows how this grace is greater than all our sins: "Where sin abounded grace did much more abound" (Rom. 5:20).

He shows how grace gives us a righteous standing before God. "Being justified freely by His grace, through the redemption that is in Christ Jesus" (Rom. 3:24).

He shows how God's grace has given believers a position in Heaven. "(He) that made us to sit together in heavenly places in Christ Jesus . . . for by grace are ye saved, through faith. . ." (Eph. 2:6,8).

He shows how God's grace is sufficient for our difficulties and can help us to live consistent Christian lives: "My grace is sufficient for thee" (II Cor. 12:9).

"And God is able to make all grace abound toward you, that ye, always having all sufficiency in all things, may abound to every good work" (II Cor. 9:8).

Accept salvation "by grace, through faith" as "the gift of God" (Eph. 2:8,9).

## Home Health Services Now Under Medicare

Many elderly citizens of Foard County could benefit from one of the hidden features of the Medicare law, reports Edwin Draughon, manager of the Vernon Social Security office. The insurance will pay for home visits by nurses, physical therapists, and certain other health workers employed by a home health agency that is participating in the program.

Payment can be made for part-time nursing care, physical therapy, some medical supplies, use of special equipment, etc. Mr. Draughon emphasized that neither full-time nursing care nor general housekeeping services are covered under this provision.

The hospital insurance part of the law and the voluntary supplementary section each provides for up to 100 visits per year by home health workers. Under the hospital provision, the beneficiary must have been hospitalized for at least three days before payment for home visits can begin.

Under the voluntary plan, he does not have to be hospitalized first to get the services. In either case, his doctor decides whether he needs the services and sets up the plan.

Providing skilled services in the home is one of the newest developments in medical care. According to Mr. Draughon, many cities and counties including Foard County, have no facilities for furnishing these services but it is hoped that the prospects of Medicare revenues should speed their development. Home health agencies must generally be non-profit, be supervised by a physician or registered nurse, and keep clinical records on patients.

Communities interested in establishing Home Health agencies should contact The Texas State Department of Health, 5425A Burnett Road, Austin, Texas 78704.

Commenting on economic and social developments, Robert G. Wingerter, executive vice president, Rockwell-Standard Corporation, comments: "To build a great society requires a tremendous output of goods and services. It could utilize all the strength, skill, ability, talent, and energy of every able-bodied citizen. Yet we are excusing more and more people from being on the contributing side and adding them to the receiving side of the economy, and the burden on the doers becomes greater and greater as we add to the list of the receivers . . ."

Consumer Study Clearly Shows Low Prices Preferred

The merchandising appeal of lower prices is on the increase, according to Mrs. Gwen Clyatt, Extension consumer marketing specialist at Texas A&M University.

She quotes Ben L. Schapker, vice president, Burgoyne Index, Inc. Detailing results of a survey of some 2,000 supermarket shoppers in six cities, Schapker said, "This is the first year that lower prices on groceries have displaced quality and freshness of meats as the leading factor for shoppers selecting their favorite supermarket."

The survey showed that 31.4 per cent of the shoppers named low prices on groceries compared to 19.9 per cent who named quality and freshness of meats. Last year, the figures showed 22.5 per cent shoppers named freshness as opposed to 27 per cent shoppers who picked quality.

Other supermarket preference factors named by shoppers interviewed were: convenient location 13.4 per cent; attractive, clean store, 12.6 per cent; variety and selection, 7.1 per cent; quality and freshness of fruits and vegetables, 3.2 per cent; and friendliness, 4.5 per cent.

## Apples Are Plentiful

Harvest of the fall apple crop is in full swing, says Mrs. Gwen Clyatt, Extension consumer marketing specialist at Texas A&M University.

Temperature controlled transportation enables shippers to bring apples to the market just as they reach their flavor peak. Jonathan, Red Rome, Golden Delicious and Red Delicious varieties are now on the market in good supply at reasonable prices. In selecting apples, firmness is a sign of good condition. Good color or the variety indicates full flavor. Almost all the top-ranking winter apples are good either raw or cooked.

Delicious is an exception for it is so sweet, so sub-acid, that it should be eaten as is or used raw in salads and fruit cups. Rome is a second exception. This is a very firm apple which holds together well when baked, but not generally preferred for eating raw. Apples by the bag are generally the most economical choice.

Other fruit choices include pears, bananas, red grapes, cranberries and grapefruit.

Beef is remaining steady in price this week. Beef loins are considered a good buy. You may see some chuck and round roasts as featured meat cuts this week. Pork chops, and fresh picnics are expected to head the list of features in the pork department.

You might also like to try pork steak for one of your meals this week.

## Better Times ...for You

▶ No other word than "if" starts off so many hard-luck stories. No other word explains so many failures. Yet it's the backward-looking word which crystallizes our experience . . . and when used as a guide, enables us to look forward with more wisdom.

▶ For example, we might say "IF every dollar of local money that has been needlessly spent outside of this trade area in past years had been spent at home, those of us who live in this community would be more prosperous, happier and more secure."

▶ And thus contemplating what might have been . . . IF . . . we can make our plans and our resolutions to avoid the costly habits we have let ourselves take up in the past.

▶ We can see more clearly how a dollar here and a dollar there . . . saved from dribbling away into the economic life-stream of some other community, will soon add up to brighter and more prosperous times . . . for us and our children, and for our friends and neighbors.

**A GLIMPSE OF HEMISFAIR**—The accidental meeting of some Braniff International hostesses in their new Pucci-designed uniforms and some girls posing at HemisFair '68 headquarters in traditional Mexican costumes resulted in this "something old, something new" picture. This is just the sort of happenstance that intrigues HemisFair officials, who plan the San Antonio World's Fair as a colorful mixture of the ancient and futuristic. The Fair, which runs from April 6 to October 6, 1968, expects the participation of some 37 private industrial exhibitors and more than 30 nations from every continent. The girls are Misses Iree Van Cleave and Susan Greenwood (L and R) of Dallas, and Estela Yvonne Herrera (C) of San Antonio.

**Cornelia McDaniel Installed as New W. S. L. President**

With poignant words of farewell, Mrs. Cecil Carpenter, presiding for the last time this year, addressed the year-old newly-formed organization known as the Women's Service League at its meeting last Thursday. In a meaningful ceremony, Mrs. Carpenter, the out-going president, installed the new roster of officers for the coming year. Ending in a humorous gesture, she handed a bell to the incoming president, Mrs. Cornelia McDaniel, with best wishes for a successful year's service.

Preceding the installation of the new officers, and to the enjoyment of all present, a lovely musical program was graciously rendered by high school talent.

Jon Ann Carter and Frances Cates, accompanied on the piano by Lanette Lemons, sang "Three Coins in a Fountain," after which Frances Cates, accompanied by her sister, Lela Jo, sang the beautiful hymn, "I'm Just a Poor Way-Faring Stranger."

Miss Marta Navarrete, the Ecuadorian student, who was brought to this country by Peace Corps workers, Mr. and Mrs. John Wyss, and who is presently attending high school here, was present at her first meeting as a guest of the League.

Her primary handicap is her lack of knowledge of the spoken English language. As a project of goodwill, the League, believing that Miss Navarrete would be greatly helped in this handicap by attending their weekly luncheon, had voted in a preceding meeting to sponsor her as their permanent guest during her

stay in the community.

The League extends a standing invitation to all women of this area, who believe in the betterment of the community, to become members.

The Old Stone Fort standing on the campus of the Stephen F. Austin State Teachers College at Nacogdoches is generally believed to have been built during 1779 or 1780.

It was truly an outpost in the wilderness!

Nacogdoches itself, one of the four oldest civilized settlements in Texas, was named for the Nacogdoches Indians. Here in 1716 the Spaniards established Mission Nuestra Senora de Guadalupe around whose deserted buildings Nacogdoches was permanently established in 1779.

**Grant Assured for Four-County E. O. A. C.**

The four-county Economic Opportunity Advancement Corporation, which includes Wilbarger, Foard, Hardeman and Cottle Counties, has been assured that it will receive a new grant within the next two weeks, according to Don Malone, executive director of the program.

Mr. Malone added that the EOAC is currently operating on an extension of the original grant which expired October 31.

A total of \$30,000 has been asked by Mr. Malone in the new grant for program administration. This amount includes money to hire additional personnel so that the program can be expanded.

Mr. Malone has also submitted an application for \$28,000 to be spent on a project at Booker T. Washington School in Vernon. The proposed project includes building, repair, and the hiring of four workers. These workers will set up adult education classes, recreation facilities, and also serve as home economic and nutrition advisors.

**Crowell Family Hears from English Family Helped Last Summer**

Mr. and Mrs. Morris Diggs and family received a letter Monday from Mr. and Mrs. Clifford Stone, 20 Warrington Road, Brislington, Bristol 4, England.

Mr. Diggs and Rickey stopped on August 16 in Colorado to help Mr. and Mrs. Stone and daughter, Judy, who had car trouble while on a tour of the U. S. The letter the Diggs received Monday was to express the Stone family's appreciation for the help.

Judy had spent last year in Iowa with an American family as she had won an award sponsored by the American Field Service. Mr. and Mrs. Stone, in turn, had an American girl from Red Wing, Minnesota, in their home for the summer. Now, their daughter, Judy, is in a University in England rooming with a girl from New York.

**Chapter to Meet in Quanah Nov. 17**

All members of Quanah Council No. 367, Royal and Select Masters, are being notified that a regular assembly will be held on Thursday, November 17, at 7:30 p. m.

During this assembly, past Thrice Illustrious Master buttons will be presented to all past TIMs including the former officers of the Crowell Council: W. M. Wisdom, J. C. Wisdom, W. R. Moore and W. N. Klepper.

The presentations will be made by C. B. Haynes of Chillicothe, Right Illustrious Deputy Grand Master of the Grand Council of Texas.

A meal consisting of turkey and trimmings will be served starting at 6 o'clock in the Quanah lodge banquet room.

L. E. Ross of Quanah, who announced the meeting, extended a special invitation to all Council members in Crowell to attend and expressed the hope that all former officers will be on hand to receive their buttons in person.

**Glen Goodwin Gives Autobiography at Lions Club Meeting**

Glen Goodwin, who has twice served as president of the Rotary Club of Crowell, gave his autobiography at the Wednesday luncheon last week. He was born at Wills Point, Texas, in Van Zandt County. He spent four years in Silverton where he finished high school, graduated from Tyler Commercial College, and became associated with the Chevrolet dealership here in 1937. He spent over three years in the service during World War II.

Student guests present were Don Bill Statter, Steve Weathered and George Myers. Another visitor was Rotarian Frank Gill of Duncan, Okla.

**Pioneer Circle Meets**

The Pioneer Circle of the Woman's Society of Christian Service of the Methodist Church met for a social hour in the home of Mrs. Iva Ballard on Monday, Nov. 7, at 3 p. m.

Mrs. A. R. Sanders opened the worship service by leading the group in hymn singing. Prayers were offered by Mrs. Fred Wehba and Mrs. Sanders.

"Methodist Missions in Asia and the Far East," was the program topic which was interestingly given by Mrs. Frank Flesher, leader. Emphasizing the church in Pakistan, Mrs. Flesher led the group in a panel discussion of vital interest to the church's missionary efforts, dwelling upon the need of Christian missions in Africa; also stressing the importance of Christianizing these areas without colonizing. Mrs. Flesher pointed out in closing that the church must adopt newer methods of approaching these problems even at the expense of her institutional life.

Refreshments were served to 7 members.

**Tragic Gun Deaths Are Emphasized**

This is the sordid side of the fall hunting season; the side no body likes to talk about.

But the Texas Parks and Wildlife Department, committed to a broad public service program, has a duty to perform. With all its game management facilities, it realizes fully that it can do nothing for a wounded or dead hunter.

So the Department cautions sportsmen about the horror side of hunting that, fortunately, because of safety adherence, affects a comparatively few.

A spokesman said a tragic recent week end event, or events, helped prompt the reminder.

An 11-year-old boy was struck in the head by the fire of a 14-year-old hunting companion. The younger lad jumped up just as the other pulled the trigger.

A 53-year-old rancher was found dead in a pasture, having been shot by his own gun while crawling through a fence.

These are two of the most common causes of field fatalities, according to the Department.

The deaths increased the fall wildlife harvest deaths to 14, seven short of the total for the entire 1965 autumn total as recorded by the Department, with the main season not yet opened.

Meanwhile, four fishermen were reported to have drowned along with one boating occupant since the last water recreational deaths were listed. This brought the season's total to 226 or 26 more than

**Foard County Crowell, Tex., November**

last year.

In urging hunters to be of lethal gunshots, the ment noted that progress made in advocating greater safety in properly identifying game since no hunter deaths reported last year.

It did note an increase in deer rate from carrying guns in vehicles.

## Growing Dangers of Motorcycling

An alarming increase in the number of deaths from motorcycle accidents is causing concern among physicians, traffic experts and safety officials, says Miss Lucille Moore, Extension recreation specialist at Texas A&M University.

In 1965, 1,580 persons were killed in motorcycle accidents in the nation, more than a 40 per cent increase over 1964. Studies have shown that as many as 50 per cent of those involved in motorcycle accidents were under 20 years of age.

Safety authorities have noted that much of the motorcycle accident problem seems to be centered on college and some high school campuses where motorcycling is rapidly increasing. They also point out that the nature of the motorcycle seems to encourage riders to take chances. It is a light, "sporty" mode of transportation and lends itself to group traveling.

Miss Moore says that injuries are greatest to the legs, arms and head. Most of the deaths are due to head injuries. The possibility of injury is increased when more than one person is riding.

Because a motorcycle rider is more exposed than an automobile driver, he is subject to greater injury in an accident. For this reason, the National Safety Council says it is essential for motorcyclists to wear a helmet, goggles or wind visor, heavy shoes or boots and heavy outer clothing.

Motorcycle registrations have doubled in the past five years. An estimated 1.5 million motorcycles, motor scooters and motor bikes are being operated today. Their use is considered a growing recreational sport. However, in spite of the special skills needed to ride a motorcycle, only five states have special driver's license requirements for a cycle operator. Texas requires both written and driving tests for cycles over five brake horsepower. The rapid increase in popularity of motorcycling has occurred without a matching increase in training programs for riders.

### Bad for Public

"A Department of Consumer Affairs would simply be another move toward an overly paternalistic government, conceived in political expediency and administered through a bureaucracy not directly responsible to . . . voters," says Norman H. Strouse, board chairman of the J. Walter Thompson Company.

### Special Social Security Benefits

More than half a million people 72 or older received their first monthly checks for new special benefits this month, according to Robert M. Ball, Commissioner of Social Security. The payments for this first month amount to over \$20 million, the Social Security Commissioner said.

Financed out of general funds of the U. S. Treasury, not social security taxes, the payments are \$35 a month for single persons, and \$52.50 for married couples.

Almost all of those eligible received their checks early in November. A few claims for benefits are still in process, because of the need for proof of age or because the application was taken very recently.

Older people who signed up for the voluntary doctor bill insurance to supplement their hospital insurance under Medicare, and who have already paid their second quarterly premium of \$9, may have received first checks amounting to \$3 more than the \$35 special benefit payable to an old person alone, or \$6 more than the \$52.50 payable to a couple.

This extra amount is a refund of their advance premium payment for December, made because their premiums for December and for all future months will be deducted from the checks they will receive in December and following months. People eligible for special benefits of \$35 a month, for example, will get checks for \$32 beginning with the payment they get in December.

Anyone 72 or older who is not eligible for some other public retirement benefit from the federal government or under a state or local government retirement system, can collect the special payments.

In addition, those eligible for government retirement benefits that amount to less than \$35 a month for a single person or \$52.50 for a couple, may be paid the difference between their present benefits and the amount of the special payment.

However, persons getting payments from federally-aided public assistance programs cannot collect the new special payments for any month in which they receive a public assistance payment.

Most people eligible for the new payments were sent letters on the basis of their earlier applications for Medicare, Commissioner Ball said. The commissioner pointed out that persons who will reach age 72 before the end of 1967 can also qualify for the special payments even though they have no record of work under Social Security. Persons reaching 72 after 1967 must have some work under Social Security to receive benefits.

### Four Approaches to Entering the Nursing Profession

Does a young person in your family want to become a nurse? Today's Health, which is published by the American Medical Association, advises that there are four approaches to entering the nursing profession. These are: A four-year college or university program leading to a baccalaureate degree; a three-year diploma or hospital program leading to a diploma; a two-year community or junior college program leading to an associate in arts degree; a 12-to-18-month program for practical nursing.

From the News  
**THIRTY YEARS AGO**

News items below were taken from the Thursday, Nov. 5, 1936, issue of The Foard County News:

Roosevelt and Garner were leading in 46 of the 48 states late Wednesday to insure their re-election over Governor Alf Landon of Kansas and Col. Frank Knox of Chicago.

Work was begun Tuesday in remodeling the Rialto Theatre, both inside and out, according to Dwight Moody, local manager.

The Works Progress Administration project which calls for the laying of the foundation of the new grammar school building, has been approved, according to an official notice received this week by Supt. I. T. Graves.

Burkburnett's High School football eleven broke a long-time tradition Friday night by crushing Crowell's machine underfoot 33 to 12 as they march on undefeated in the 10-B conference race.

Applications for payment on the new 1966 farm program are now ready for the signatures of the farmers of Foard County, according to County Farm Agent John Nagy.

Drilling on the L. K. Johnson No. 11 oil well at the Texas Company field about 20 southwest of Crowell will begin the latter part of this week or the first part of next.

The T. P. Duncanson & Son Elevator and Raymond's Cafe were both burglarized this past week.

A total of 1,075 bales of cotton had been ginned in Foard County prior to Monday, Nov. 3.

Approximately 30 laborers of the Works Progress Administration are now employed in the construction of bridges and culverts on the strip of new highway from Crowell to the Foard-Knox County line.

Mrs. W. R. Womack attended the Centennial in Dallas the latter part of last week. She was accompanied by her son, Reelie, and daughter, Miss Bertha, and Miss Eva Johnson of Wichita Falls.

Born to Mr. and Mrs. Dixie Gates, a daughter, October 24.

Leon Speer, manager of the Crowell Speer's store, Miss Opal Carroll, Miss Bernice Coffey and Miss Addie Lorene Baker, clerks in the Crowell store, attended a meeting of the Speer's organization in Spur Sunday. They were accompanied to Spur by Edwin Greening.

Mrs. Clint White was installed as president of the Co-Laborers Sunday School Class of the Methodist Church last Thursday afternoon.

A carnival sponsored by the Parent-Teachers' Association for the junior class will be held at the Crowell High School building tonight.

P. D. Moseley has received an appointment from the State Game, Fish and Oyster Commission as game warden in Foard, Hardeman, Knox and King counties. He will maintain his headquarters in Crowell.

**Hunters Warned of Fire Hazards**

An unusually heavy growth of vegetation could provide a dangerous range fire hazard if the weather continues dry, cautioned the Texas Parks and Wildlife Department as the major hunting seasons approach.

It particularly asked for the cooperation of deer hunters camping out and hunters accustomed to flicking a lighted cigaret away.

The Department emphasized that a raging range fire would destroy game and livestock forage and could destroy farm and ranch property as well as the hunters' own camp.

Loss to wildlife habitat from carelessly started fires sometimes is heavy during hunting seasons.
