LITTLE LEAGUE PLAYER DRAFT HELD MARCH 24

Enthusiasm High With Over 300 Ribbons Sold

Enthusiasm hit an all-time high for registration and ribbon sales as Little Leaguers prepared for the current baseball season on Saturday, March 18, with forty-seven Little Leaguers (ages ten through twelve) and thirty-eight PeeWees all signing up.

Over three hundred ribbons were sold, according to league treasurer F. B. Thomas, with Jim Lin Shook selling fifty-three of these. Second place salesman was Mark Abbott with forty-two and with many others selling the ten ribbons required to win the coveted new baseball as a prize.

Enough men in the ten-to-twelve year group signed to enable the league to operate without use of nine-year-olds. (Last season, three boys were pressed into use who were only nine years old.) The PeeWee league will consist of nine-year-olds and younger.

The Little League draft was conducted on Friday night, March 24, with seventeen new men drafted into the various team rosters, thus bringing each team up to a total of twelve.

Defending champion Farmers Elevator, managed by Wilson Myers and Ace Whitley, drafted the following new boys: Butch Borchardt, Joe Chapman, Ricky Hammonds, Milton Maston, Mike Winters and Rudy Rodriguez.

Crowell State Bank, managed by Bill Bell and Dale Henry, selected Terry Tamplen, Steve Graves, Billy Evanson and David Lee Booker.

Foard County Mill, guided by Richard Blackburn, added to its veterans: Bob Brown, Billy Dean Halenack, Hal Williams and Steve Setliff.

V. F. W., managed by Baylor Weathered, picked new men Grover and Randy Reed and Don Wesley Morgan.

Tentative starting date for the league is May 9. Spring training will start as soon as weather permits.

Carrots Highlight Market This Week

Crisp, colorful carrots are in good supply in local markets now, and the quality and prices are excellent, says Gwendolyn Clyatt, extension marketing specialist with Texas A&M University. The carrot crop in Texas is a large one this year, so you can look forward to carrots at attractive price levels. Most of the carrots sold today are sold in one-pound film bags.

We have been eating, on the average, a little more than six pounds of carrots per person per year. About 88 per cent are consumed fresh; about 7 per cent canned, and about 5 per cent frozen, says Mrs. Clyatt. Carrots are one of the most popular fresh vegetables in the leafy green and yellow group. Good quality fresh carrots are firm, crisp, smooth, clean, and free from blemishes. They should not have deep green shoulders, which indicates a bitter flavor, and they should be uniform in size.

A pound of carrots grated or shredded gives about six servings of one-half cup each. A pound of carrots, raw, diced, sliced or in strips, gives five servings of one-half cup each. Not only are carrots nutritious, they are tasty, colorful, economical and versatile either raw or cooked.

Great People

Speaking of the "Great Society," John Maverick, writing in the *Cherryvale*, Kansas, Republican, says: "In our state the 'Great Society' means Great People. People who want to work for a living; people who give a day's work for a day's pay; people, who believe in each other; people, who believe in free enterprise, and people, who believe in America."

Archaic Practice of Posting Legal Notices Needs Changing

Whenever newspapers advocate passage of legislation that would require publishing of legal notices so that the people might know the facts in matters of public interest, they are immediately accused of seeking to create forced business for their own profit.

However, dissemination of public notices was the reason for the start of newspapers originally in the early days of our Republic, and that reason exists in even greater importance today. People look to their newspapers for such information and people look to our legislators to see to it that such notices are made a mandatory part of our lives.

A public notice has been introduced at Austin (House Bill 343) that deserves the attention of the full House, and should not be allowed to die in sub-committee without at least being given close perusal by all the Legislature. This legal notice bill is designed to make mandatory the advertising of sales of real estate under deeds of trust. Evidence was presented in the preliminary hearing that many a home has been taken away from the owners by unscrupulous lenders, aided and abetted by archaic laws.

Present procedure is for the lender to post a notice on the courthouse door or bulletin board (once payments on the loan become a few months delinquent) which "legally" places the property up for sale by the sheriff without further adieu. This has been done more than once without homeowners knowing a thing about the sale. And it is perfectly legal under existing Texas laws, because all that is necessary is that a notice be posted in three public places . . . and that could be a winter-closed summer park, a tree or a telephone pole.

Under terms of House Bill 343, adequate notice to the owner would be required, giving him three weeks to round up the necessary funds with which to pay the delinquent payments. Then if the property has to be sold to satisfy the lien, publication of this fact would increase the sale price of the property, because it would build up the buying audience and increase competition for the property. It is a common occurrence at such sales for no bidder to appear except the mortgagee who can then bid the property at the balance due on his mortgage, or some figure far below actual market price.

In days gone by when many people hung around the courthouse all day awaiting news, posting was important and really served a purpose. But this is not true today, for news is brought to the people via their hometown newspaper. Every city or town of any size has one or more newspapers, for by actual count, there are 100 dailies and 556 weeklies in Texas.

Today, unless they are being sued or have other such legal business, the great majority of the people visit the courthouse only once or twice a year . . . to pay taxes or buy a license. Even then very few ever stop to read the bulletin board, and we'd wager that not more than one out of 10 even know the basic procedure for conducting a sheriff's sale. Confiscation without proper notice is unfair, unkind, and actually dishonest. Certainly a posted notice is far from adequate, as is even a registered letter directed to the attention of the owner. The only proper notice is a printed notice, distributed as widely as possible among the general public.

Cost of such notices would revert back to the property owner, and would not have to be paid by the lender nor the county. House Bill 343 has been sent to a sub-committee of the House Judiciary Committee for study and recommendation. The Judiciary Committee, as a whole, is composed entirely of lawyers, and unless the people of Texas demand some action along this line, that's where it will probably stay.

Tax Man Sam Sez

Since Internal Revenue Service processes all the income tax forms through the computer they have to match the name, address and social security number with last year's information in the computer tape. This makes it very important for taxpayers to use the pre-addressed tax forms they receive in the mail from Internal Revenue Service. If you cannot use the form you receive in the mail, take off the piggy-back label and use it on your return so Internal Revenue can identify you. Don't get "lost" by sending in a different name or social security number.

Understanding the Market System

According to Roger M. Blough, chairman of the board, United States Steel Corporation: "... as the influence of government over business and industry continues to expand, the future of capitalism rests even more importantly upon the extent upon which the men of government understand the workings of the market system and base their decisions upon the natural economic laws which must be obeyed."

First Baptist Church to Have Going-Away Dinner Sunday at 12:30 P. M.

May we extend to you, our Christian friends from our sister churches, an invitation to come to our church this Sunday, April 2, for a covered dish dinner and fellowship honoring our pastor and his family, Brother Glenn Willson.

Each family is asked to be responsible for their own silverware and also to bring a covered dish.

We would feel so honored if you would visit with us at this time and wish our departing pastor and family God's Speed as they begin to move to another field. Most of you know already that Bro. and Mrs. Willson and Sheryl will be moving to Amherst, Texas, the week of April 5th.

If you are not affiliated with any church, but love the Willsons as some of you do there is no doubt, this invitation is certainly extended to you also.

Medicare Kit Now Available

Medicare beneficiaries who signed up for medical insurance protection can now obtain an information kit to help them keep a record of their doctor bills so they will know when they reach their yearly \$50 deductible, Edwin S. Draughon, Vernon social security manager, announced this week.

The kit includes a record-keeping folder and two leaflets which explain the two methods of payment for medical insurance claims, and what medical expenses count for the \$50 deductible. The folder has pockets on the inside for holding doctor bills and space to write in the date and amount of each bill so that the beneficiary will know immediately when he reaches the \$50 each year. After that, the medical insurance plan pays 80 per cent of the reasonable charges for covered expenses for the remainder of the year.

Mr. Draughon said that all new Medicare beneficiaries will receive the kit when they sign up for medical insurance. Those who already have medical insurance coverage should write, telephone or visit the social security office to obtain this free kit. The office is located at 1728 Fannin Street, Vernon, telephone LI2-9346.

Also, people who need help in completing a medical insurance claim are urged to get in touch with the social security office. "We know that these claims—especially the first claim—can be confusing to people," said Mr. Draughon, "and we will be glad to help in every way possible."

Leon Speer of Foard County has been named as a director of the area-wide tuberculosis association which will officially begin operation April 1.

The North Texas Tuberculosis and Respiratory Disease Association moved further toward "setting up for business" in a meeting last week end. Its steering committee of 40 representatives from the 27 counties forming the new association elected a board of directors and officers. A central headquarters will be established in Fort Worth, and Charles B. Davis of that city will be executive director of the association. He and his staff will travel to all counties and bring local TB services to residents therein. Policies will be determined by the 66-person board representing the 27 counties.

Wyndall A. Johnson of Fort Worth, who was elected president, said, "Tuberculosis recognizes no county lines, and I'm hoping with this organizational plan, we can better our efforts against the disease. Medical men know now how to prevent or control TB but community acceptance has to be gained to put into practice that knowledge. In these 27 counties, we'll try very hard to rid our people of tuberculosis."

J. Norman Johnson and Miss Barton Wed in Lubbock Rites

Miss Delores Jane Barton and J. Norman Johnson were married at 8 p. m. Saturday, March 18, in the Second Baptist Church in Lubbock, with Rev. C. Melvin Rabeath of Tucson, Ariz., officiating at the double ring vows.

Parents of the couple are Mr. and Mrs. H. C. Barton and Mrs. Ernest Johnson and the late Mr. Johnson, all of Lubbock.

Given in marriage by her father, the bride wore a gown of antique ivory peau de soie and re-embroidered Alencon lace. The dress featured a portrait neckline, fitted bodice and matinee sleeves. Appliqued lace, embroidered in tiny pearls, enhanced the bodice and A-line skirt. Unpressed pleats at the back waistline formed a wide detachable train. The bridal veil of silk illusion fell the length of the train from a matching pill box.

The bridal bouquet was a cascading arrangement of mystery gardenias and white butterfly roses accented with pearls and satin leaves.

Maid of honor was Miss Kay Copeland, Austin. Bridesmaids were Misses Kathy Dulan, Sandi Coleman, both of Austin; Danese McDonald, Marlane Johnson and Mary Jane Larson, Mrs. J. Lynn McInnis, Amarillo, was bridesmatron.

Feminine attendants wore dresses of buttercup yellow dotted Swiss, designed with a pyramid silhouette. The brief sleeves and hemlines were accented with Venice lace over satin ribbon. Double looped satin bows with floor-length streamers formed their head bands.

They carried colonial bouquets of white marguerite daisies and yellow pompons.

Best man was Ken Ferguson, and groomsmen were Gary Porter, Bill Larmer, Cliff Watt, William Whiteside, John Milligan and Kenneth Carroll of Dallas.

Ushers were Benge Daniel, Johnny Barton, Robert Trimble of Fort Worth, Jerry Griggs, Topper Maxey and Danny Long.

Candlelighters were Bob Marton and Steve Barton, both of Midland, and flower girls were Dee Ann Daffern of Lamesa and Leslie Johnson of Crowell.

Providing wedding music were Larry Douglas, organist, and Mrs. Billy Tapp, soloist.

After a wedding trip to Red River, N. M., the couple will reside at 3002 4th Street, Lubbock.

Both are graduates of Montecoy High School in Lubbock, and the bride attended the University of Texas where she was a member of Chi Omega sorority and Angel Flight.

Her husband is a senior at Texas Tech, where he is a member of Phi Kappa Psi fraternity.

Truscott H. D. Club

A slide program, "Successful Sewing with Wash and Wear Fabrics" was shown to the Truscott Home Demonstration Club by Miss S. C. Kinsey Thursday, Mar. 23, at a meeting in the community house.

Tips included adjusting tension, using a throat plate with a round hole when sewing synthetics, and the proper way to put thread on the spindle for synthetic and natural fiber materials. Members also learned from the pictures how to measure a sleeve pattern to the armhole and fold out fullness in the sleeve, if necessary.

Mrs. Idoma Chowning presided at the business meeting. The tri-county Baylor, Knox and Haskell Rally Day and covered dish luncheon was announced for March 28 in Haskell.

Members were also reminded of plans for a community supper and highway safety program at 7 p. m. March 31. Following the film shown by Seymour Highway Patrolman Mac D. Stout, a recreation hour will be held.

The Purpose of the Law

How little most people know about the law, the ten commandments!

First, most people have a hazy idea that the law was given to Adam; that it has existed as long as the history of man. This, of course, is wrong, for in John 1: 17 we read: "The law was given by Moses." Moses lived at least 2,500 years after Adam, about 1,500 years before Christ. So, for at least 2,500 years mankind lived without the ten commandments.

Second, most people suppose that the law was given to mankind in general, while the fact

is that it was given to Israel alone. It was a covenant made between God and Israel. Before giving it God said: "Now therefore, if ye will obey my voice indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all people" (Ex. 19:5). This is not to say that the law does not affect all men, for, as the divine standard of righteousness it condemns us all.

Third, most people think that the law was given to help us to be good. Even some clergymen teach this, though the Bible itself states again and again that the law was given to show us that we are guilty sinners and need a Savior. Note the following Scripture passages.

Rom. 3:19: "Now we know that what things soever the law saith, it saith to them that are under the law; that every mouth may be stopped and all the world may become guilty before God."

Rom. 3:20: "By the law is the knowledge of sin."

Rom. 7:13: "... that sin by the law might become exceeding sinful."

Gal. 3:19: "Wherefore then serveth the law? It was added because of transgressions..."

Thus the law can only condemn the sinner. But thank God that "Christ hath redeemed us from the curse of the law, being made a curse for us; for it is written, Cursed is every one that hangeth on a tree" (Gal. 3:13).

Or as St. Peter puts it: "Christ also hath suffered for sins, the Just for the unjust, that He might bring us to God" (1 Pet. 3:18). This is God's plan of salvation.
