Texas Education Agency Gives Final Approval

NURSING SCHOOL TO BEGIN CLASSES HERE OCTOBER 16

The Texas Education Agency has notified Supt. Henry Black that the application for the Licensed Vocational Nurses' school in Crowell has been approved for \$72,385.00.

The applicants must be at least 18 years of age and have the equivalent of a tenth grade education. A stipend of \$32.00 per week will be paid those applicants who qualify for training. There are also funds allocated for travel incurred during training.

All interested persons must apply at the Texas Employment Commission in either Vernon or Paducah. The final date for submitting an application is Oct. 10, 1967.

The starting date for the school has been set for Monday, October 16, 1967. The classes will be held in the community center in Crowell with Mrs. Edith Roark and Mrs. Alene Williams to be the instructors.

The Texas Employment Commission will contact applicants selected for training. Don Ross Malone, executive director of the Office of Economic Opportunity, said Monday.

Operation of the school will take \$26,635 of the funds with the remaining \$42,250 going for allowances for family heads and transportation for the 25 participants in the program.

Eight of the students will come from Wilbarger County, 10 from Hardeman, four from Cottle and three from Foard.

Mr. Malone said that the student ratio was based on the number of obstetric and pediatric cases occurring in the four counties for 1966, as determined by vocational nurse examiners.

Trainees will commute to Crowell for classroom training, and then train in participating hospitals in Vernon, Quanah, Chillicothe, Crowell and Paducah. Students will spend 524 hours in the classroom and 1,312 hours in hospitals, for a total training period of 2,080 hours over 50 weeks.

Pep Squad to Help in Activities of CHS Homecoming

The Crowell High School Pep Squad will host a reception and registration in the lobby of the new gym on Friday afternoon, November 3 for past students of Crowell Schools. Since Thalia and Crowell Schools are now consolidated with Crowell, a special invitation is given to all exes of Foard County schools to join together in this homecoming.

Everyone Must Register to Vote In 1968 Elections

Change in Law Necessitates That All Must Register

Everyone who expects to vote in next year's elections must register in the office of the sheriff, tax assessor-collector, between now and January 31.

So says Sheriff Dan Callaway, who pointed out that a change in the law had made this necessary.

Previously, in counties the size of Foard, those over age and also those just turning 21 did not have to register, but this was changed and now it is necessary for everyone who is 21 years of age or older to register during the sign-up period in order to be eligible to vote.

CATS TAKE DISTRICT WIN OVER KNOX CITY

The Crowell Wildcats bounced back into the win column last Friday night, after a loss to powerful Quanah's AA Indians the preceding week, and took a 33-14 win over the Knox City Greyhounds. The game was played at Wildcat field.

The Cats completely dominated the first three quarters of the district contest before turning the battle chores over to reserve members of the squad.

Crowell scored 13 points in the first quarter, six in the second and 14 in the third. The Greyhounds' 14 points all came in the last period.

The Wildcats opened the scoring about midway in the first quarter as fullback Billy Hord went around left end for 10 yards and the TD. The run for two points was stopped short.

About three minutes later in the first quarter, defensive halfback Rockne Wisdom intercepted a Greyhound pass and returned it 30 yards for the second touchdown. The extra point was kicked by Bob Bird.

In the second quarter, Wildcat quarterback Joe Ray Burkett tossed a pass to end Barry Branch in the end zone for the third set of six points for the Wildcats. Bird again kicked the point-after.

The Wildcats' 14 points in the third quarter came on a six-yard run by Wisdom and a 70-yard touchdown run by Hord. Bird added the point-after for both these TDs.

The Greyhounds two touchdowns

Varions Projects of EOAC Come Up for Discussion at Board Meeting

Classes are expected to start in a four-county Licensed Vocational Nursing program at Crowell about three weeks after funds already appropriated are released by the Texas Education Agency, Don Ross Malone, executive director of the Four-County Economic Opportunities Advancement Corporation, told EOAC directors in a meeting here Tuesday night of last week. When the funds will be released by the TEA is unknown.

Purpose of the meeting last week was to review the basic activities of the EOAC in the four-county region and to determine program emphasis favored by EOAC directors.

Jim Duck of Austin, program analyst of the State Office of Economic Opportunity, was present. He commented on detailed discussion at Tuesday night's meeting, and told board members it is their job to determine the programs conducted by the EOAC and to see that OEO money is spent in the most economical and practical way for the betterment

of the community and the low-income groups within the communities involved.

Various board members and members of the professional staff discussed activities ranging from day care nurseries, housing, family planning, Operation Mainstream, and neighborhood centers to administration and EOAC salaries.

A committee was also appointed to draw up a change in the by-laws to provide that the mayor of Chillicothe—as is the case with other cities involved in the EOAC program—be made a permanent member of the four-county board. Holland Metcalf is the current Chillicothe mayor.

Named to the committee are Judge Roy N. Parks of Paducah, Monroe Karcher of Crowell, Jabe Brazzle of Vernon, Mrs. Vester Stewart of Quanah and Richard Garza of Paducah.

The committee was also instructed to consider changes involving equal representation of counties on the board, since Hardeman County would have one more permanent member than the other participating counties—Wilbarger, Foard and Cottle.

In other action at the meeting: 1. Day care for pre-school children was discussed by Mrs. Bill Neal of Quanah, field coordinator. Mrs. Neal said a survey has indicated day care facilities are needed in all four counties and that a pilot program could probably be worked out for Wilbarger and Hardeman counties for 50 to 60 children with an application made in compliance with state welfare regulations.

2. Clyde Smith of Paducah discussed a possible self-help or "barn raising" type of housing program, in which money for materials would be furnished through loans or other means. Under such a program, the OEO would have a salaried housing coordinator who would be an experienced carpenter. Small tools would also be fur-

nished by the OEO. The carpenter would offer instruction on how to build or remodel, and projects could be undertaken even on rented property with owner approval.

3. Garland Turner of Quanah discussed a family planning program proposal, which drew warm support from board members, although it was noted that there has been some objection from individual members of the medical profession. Medical contacts have been made on the program program in Foard, Hardeman and Wilbarger counties, with Mr. Malone scheduled to meet with Cottle County doctors later last week.

4. In a report on neighborhood centers, it was pointed out that where the centers have been operated, problems with juvenile delinquency has dropped appreciably. The centers are attempting to attract all ethnic groups in the low-income categories, but the centers in Vernon and Quanah are located in areas in which the residents are predominantly colored.

5. City Manager Sam Phelps of Vernon reported on Operation Mainstream, in which on-the-job training is provided by cities, counties and other public agencies. He said he felt the program could be most effective and that those employed under the program should be required to work, or be dismissed. Eligible would be unemployed or under-employed people in each county. Under the program each participant would be paid for a 40-hour week at \$1.40 per hour for 52 weeks, with 26 hours of work, two hours a week for counseling and two hours for remedial education.

Mr. Phelps also discussed salaries of EOAC staff members, pointing out that there has been some criticism because salaries are higher than those for people in comparable positions in the local communities.

Judge Henry Scott of Vernon, EOAC chairman who presided at the meeting, suggested that the comparison was not a valid one since the OEO programs are funded only a year at a time, and that salaries must be attractive in order to get competent people, because the continuation of the jobs is not certain.

Henry Black of Crowell, a past chairman of the EOAC board, discussed the administration of the corporation and its programs. He said that although mistakes have been made, that the operation of the overall program should be highly commended. He suggested that board members should continue presenting new ideas for programs and projects.

Mentioned specifically was an effort to coordinate with Chambers of Commerce and other organizations the search for new industry in the four counties. Mr. Malone said that federal funds are available for such projects.

Mr. Malone discussed his position as executive director, stressing that he is working for the four-county board, not the regional OEO office. He said that func-

Convict Cowboys at Huntsville Preparing for This Year's Rodeo

Convict cowboys at Huntsville are preparing for this year's prison rodeo. Grapevine around the yard at the walls tags Vernon Abbott as the man to watch when the chute gates swing open on October 1. Abbott has parlayed his riding skill in three events to win "Top Hand" honors three years in a row at the prison rodeo. And there is not much room at the top. Thirteen of last year's top fifteen money winners return, including Walter Tolbert and Johnny McDonald, who finished second and fourth in 1966.

When a crowd gathers at the rodeo office, talk always gets around to the hard money contest. Every cowboy in captivity 'knows' just how to lift that Bull Durham sack full of money from between the bull's horns without getting his face rearranged. While you're sitting in the rodeo office drinking coffee, the theories sound pretty good. But when the chute gates swing open and that head-hunting bull fires into the arena, blowing smoke all over the place and looking for somebody to chew on, most of the guys with theories are sitting on the fence. They're watching the fools who listened to all the stories get their constitutional rights violated.

IF is a big, sad little word but it shows the way to **Better Times ... for You**

No other word than "if" starts off so many hard-luck stories. No other word explains so many failures. Yet it's the backward-looking word which crystallizes our experience . . . and when used as a guide, enables us to look forward with more wisdom.

► For example, we might say "IF every dollar of local money that has been needlessly spent outside of this trade area in past years had been spent at home, those of us who live in this community would be more prosperous, happier and more secure."

► And thus contemplating what might have been . . . IF . . . we can make our plans and our resolutions to avoid the costly habits we have let ourselves take up in the past.

► We can see more clearly how a dollar here and a dollar there . . . saved from dribbling away into the economic life-stream of some other community, will soon add up to brighter and more prosperous times . . . for us and our children, and for our friends and neighbors.

Revival Team Speaks to CHS Student Body

Students of Crowell High School listened to Dale Coody sing several songs, one being "It Is No Secret," which was written by Stuart Hamblen, an ex-student of Crowell High, at an assembly program Monday morning. Mrs. Walter Stapp played accompaniment for Mr. Coody.

Rev. John Gillispie, pastor of

the First Baptist Church, spoke to the students, using as his text, Matthew 19:16, "And, behold, one came and said unto him, Good Master, what good thing shall I do, that I may have eternal life?"

Rev. Gillispie is evangelist and Mr. Coody is leading the singing for a revival at the First Baptist Church this week.

Don't forget the first-in-a-long-time Crowell High School reunion

set for Friday, November 3. In addition to a football game that night, other events are planned for the entertainment of Crowell visitors that day.

We do not proclaim an easy faith at First Baptist Church. Here you will find a challenge to make your life count for God.

Bond Sales in Foard County Slack in August

Savings Bonds sales in Foard County totaled \$552,000 during the month of August. Sales for the first eight months of 1967 totaled \$18,795,000, and this is 27 per cent of the 1967 goal of \$70,000.

Series E and H Savings Bonds and Freedom Share sales in Texas during August totaled \$13,863,163 which is an increase of 8.3 per cent over the same period last year. Sales for the first 8 months totaled \$111,942,171 and this is 62 per cent of the 1967 sales goal of \$181.3 million.

Nationally, new purchases of E and H Savings Bonds during August amounted to \$392 million which is 1.3 per cent over the \$387 million a year ago. The January-August sales totaled \$3,420 million; 3 per cent above sales last year and an 11-year peak for 8 months' sales.

What's Ahead for Wheat

The present wheat marketing year, July 1, 1967, to June 30, 1968, started with the smallest carryover since 1952. The record 1967 crop of 1,543 million bushels, reports John McHaney, extension economist at Texas A&M University, plus the carryover gives the nation a supply of about 1,970 million bushels for the current marketing year, the smallest since 1957, other than last year.

He said the 1967 record crop was produced on 59,950,000 acres and that the increase of more than 10 million harvest acres was due primarily to the large increase in farm allotments.

Under the 1968 program, the national allotment has been set at 59.3 million acres, a reduction of 13 per cent from 1967. McHaney added that total disappearance during the current marketing year may be larger than for the year just past. Domestic disappearance—food, seed, industry and feed—may total around 728 million bushels, up from the 680 million bushels of the previous year. A minimum export target of 750 million bushels has been set for the current marketing year by the U. S. Department, says McHaney. This goal is about 8 million bushels more than was exported last year, but, says the economist, exports are off to a slower start than in 1966-67.

If domestic use and exports hold around present estimates and goals, the July 1, 1968, carryover would approximate 492 million bushels at about the time the 1968 harvest gets underway, says McHaney. This would be an increase of about 66 million bushels, and it could be larger, he adds, if the export goal is not reached. The economist believes that the national average farm price for wheat in 1967-68 likely will be some lower than last year's average of \$1.63 per bushel but will likely remain above the loan rate of \$1.25 per bushel. Because of an expected large world crop, there have not been price pressures this summer as was the case a year earlier.

Marketing certificates issued to cooperating farmers in 1968 will reflect the projected production on 40 per cent of farm allotments, based on the national allotment of 59.3 million acres, says McHaney.

Two Minutes With the Bible

Comfort One Another

Increasing world tension and the present trend of events in the Middle East are filling many with fear, and there are even sincere believers in Christ who fear that perhaps the "Great Tribulation" of prophecy, with all its horrors, is at hand.

It is true indeed that even Paul's epistles warn of this world judgment to come. "The day of the Lord," he says, "so cometh as a thief in the night . . ."

"For when they shall say, Peace and safety; then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape" (I Thes. 5:2,3).

But before this time comes the Lord will recall His ambassadors, as the Apostle tells us in the preceding passage:

"For the Lord Himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God; and the dead in Christ shall rise first:

"Then we which are alive and remain shall be caught up together with them in the clouds to meet the Lord in the air; and so shall we ever be with the Lord."

"Wherefore comfort one another with these words" (I Thes. 4:16-18).

This is the event with which "the dispensation of the grace of God" will be brought to a close. Then will follow "the day of His wrath," but even as Paul goes on to tell about this in the passage which follows, he reassures the members of Christ's Body that they will not be included among those to whom the Lord will come as "a thief in the night." "Ye, brethren, are not in darkness, that that day should overtake you as a thief. Ye are all the children of the light . . . God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ, who died for us . . . wherefore comfort yourselves together . . ." (I Thes. 5:4-11).

The second September meeting of the Riverside Home Demonstration Club was held in the home of Mrs. Robert Hammonds Wednesday with Mrs. Hammonds serving as leader. The subject of the program was "Drying and Arranging Flowers."

After telling several methods of drying and preserving flowers for winter bouquets, Mrs. Hammonds displayed a number of beautiful arrangements made with dried specimens with the addition

of figurines or driftwood, which were made by Mrs. Hubert Brown. It was a most interesting and instructive program.

During the social hour, the hostess served delicious refreshments to twelve members and one visitor, Mrs. Ed Huskey. A "get-well" card was signed by all present for Mrs. Henry Bice, a member who is a hospital patient.

The next meeting was Tuesday, Oct. 3, with Mrs. Anton Kajs and reports were read on the THDA convention held recently in Dallas.

CHS Graduate Brags on New Annual

At least one ex-student of Crowell High School is planning on attending the homecoming on Nov. 3. Supt. Henry Black has received the following letter from Mrs. Gayle Scott, a CHS graduate:

Dear Mr. Black:

I just wanted to write a note to say hello and to tell you how much I enjoyed looking through our CHS annual.

The annual staff certainly deserves an extra pat on the back for their effort. They really produced a nice annual. Looking through it really makes me homesick. Sure wish we could be with you for all the activities again this year. You can be sure we will be "rooting" for you.

I will see you for Homecoming, November 3, of which I am looking forward to very much.

As always,

Gayle Scott.
(Editor's note: Mr. and Mrs. Scott lived here last year, and Mr. Scott was a member of the local faculty. He is now a Texas Highway Patrolman.)

Methodist Women Honor School Faculty

Tuesday night, Sept. 28, the women of the First Methodist Church honored the faculty of Crowell Schools with a covered dish supper at the church.

The pastor, Rev. Ernest Mc-Gaughey, gave the welcome address, and Henry Black, Supt., responded with words of appreciation. The youth of the church entertained the group with several songs.

The entire faculty has expressed appreciation for the dinner and program.

W. M. C.

The WMC of the Assembly of God Church met Monday. The president, Mrs. Loys Thomson, who attended the WMC Seminar at Brockmorton last Tuesday, gave an interesting report of the meeting.

The WMC sent \$20,000 for missionary work last year and expect it to be more this year.

In a business session, they discussed sending one of the young women of the church to the missionette seminar at Bedford ranch.

Each one was urged to save Gold Bond stamps, as the group plans to get a mimeograph machine with them. There were eight present.

Sub-Junior Adelprians

The Sub-Junior Adelprian Club met Sept. 27. Leader was Miss Cindy Erwin. Mrs. Kay Thorne, a Vernon cosmetologist, was the guest speaker with the topic of "Makeup for a More Attractive You." to verify thousands of tax returns where the taxpayer ends up being embarrassed the tax man saddened.

The Internal Revenue Service advises taxpayers to check their records of deductions the current year. It is a good idea to make sure that you have a complete record of the additional income that you receive before the end of the year. It is much easier to get your records straightened out in October than on April 15—the day too many taxpayers wait for.

From the News...

THIRTY YEARS AGO

News items below were taken from the Thursday, October 7, 1937, issue of The Foard County News:

Fred Borchardt, son of Mr. and Mrs. F. C. Borchardt, was painfully injured about 6 o'clock Wednesday afternoon when the horse he was riding fell and threw him to the ground.

Lewis Sloan assumed his duties last Friday night as night watchman for Crowell. Albert Schooley has held this position for the past several years.

Crowell High School's Wildcats will journey to Haskell Friday night for their last non-conference game of the season with the Indians.

After being soundly outplayed during the first half of the non-conference game with the Paducah Dragons Friday night on the local gridiron, the Crowell Wildcats quickly turned the tables in the early part of the third quarter and left a dazed band of Dragons on the short end of a 19-6 score.

Rayland, located in the extreme northeast part of the county, is enjoying a very busy season, according to information received from there Tuesday. The A. L. Lockett Gin runs all day and as late as 12 to 2 o'clock in the night. Around 800 bales have been ginned. Potato harvesting is almost as rushing as cotton gathering. The yield is from 125 to 300 bushels per acre.

Members of the Crowell FFA Chapter voted to send their president, Glenn Shook, to Kansas City, Mo., October 18-21 to represent the chapter at the tenth National FFA convention, in a called meeting in the Crowell High School auditorium Monday afternoon. President Franklin D. Roosevelt, state governors and other prominent speakers will address the group at the convention.

Ed McLaughlin of Rails, District Governor, will pay his first official visit to the Crowell Rotary Club next Wednesday.

P. D. Moseley received appointment as state game warden from William J. Tucker, executive secretary of the Game, Fish and Oyster Commission, last week and will work in the Amarillo territory.

A run-away tractor broke the plate glass window and pushed in the brick work on the south side of the front of the building occupied by the Allis-Chalmers Tractor Company on the east side of the square late Tuesday afternoon.

The Crowell National Farm Loan Association reached its twentieth birthday on Sept. 26, 1937, according to information furnished us by the secretary, J. C. Thompson.

The junior class of Thalia High School has elected the following officers: Albert Lee Earthman, president; Louis Ward, vice president; Glenn Toole, secretary and treasurer; Gene Matthews, reporter; Miss Imogene Wells, sponsor.

Foard City has a more than ninety per cent enrollment, due, perhaps, to the fact that children could not help much by staying out of school to pick cotton at its new low.

Mrs. Claude Callaway returned Saturday from Wylie where she visited relatives last week.

Tolley Steele returned to Dallas Tuesday following a visit here. He is an employee of the Ford Motor Co. assembling plant in Dallas and his work is putting the glass in on the right hand side of the car.

Reuben Dockins returned to his home in Crowell from McNary and Clifton, Ariz., Saturday where he had been stationed at a CCC camp for the past five months.

Fine Pears
The News is indebted to Mrs. John Ray for the sack of large pears which were grown at her farm home in the Rayland community. Mrs. Ray said the trees which bore the pears were planted on the Ray place in 1886.
