CROP Week Set for October 27-Nov. 2

Gov. John Connally has designated the week of October 27 to November 2 as Texas CROP Week.

The designation has been made recognizing CROP as the only community-wide food appeal in the state for the overseas programs of the churches, and urges widest participation in the com-

munity CROP appeals. CROP is the hunger appeal of Church World Service but also handles designations for other church relief agencies. Its appeals in Texas consist of farm commodity appeals for such commodities as rice, wheat, maize and livestock; also urban appeals by church youth organizations at the Halloween season. All of the appeals are conducted by local CROP committees of volunteer workers sponsored by ministerial associations, and various other local organizations.
