Plans to secure a successor to Mr. Malone and to seek to enlarge the area served by the EOAC were outlined at a meeting of directors Wednesday night of last week at the community center in Crowell.

Mr. Malone said that a major effort will be made during the remainder of his tenure to increase the area served by the Community Action Agency so that the population base will be approximately 50,000.

Childress and Baylor Counties are considered the best prospects for annexation to the region according to areas laid out by Office of Economic Opportunity authorities. In the meantime, the EOAC has been tentatively designated di-rector of rural manpower for a 12-county area that would include all counties that could be consid-

Foard County Residents Attend **Cotton Meeting**

Cooperative efforts of Wilbarger, Foard and Hardeman County farmers to control cotton insects -through a uniform planting date, an early-season spray program and with information gathered in boll weevil population counts—were spotlighted at the third annual meeting of the Greenbelt Cotton Improvement Associa-tion which featured Murray Cox of Dallas as principal speaker. A number of Foard County residents were among the 350 who attended the meeting Tuesday night of last week at Wilbarger memorial auditorium.

Mr. Cox, farm director of WFAA radio and television and an enthusiastic world traveler, showed and narrated slides on the topic, "Around the World Agriculture. Mr. Cox was introduced by

Wayne Underwood, president of Lockett Seed Company.

Ed Lehman, president of the association, served as master of ceremonies. He stressed the importance of the 1969 recommended cotton uniform planting date for the Greenbelt area, which is

May 12-23. He said the association will again this year sponsor its earlyseason spray program, which was affected adversely by weather last

A total of 16,100 acres was sprayed during the initial year of the program in 1966, while 10,000 acres were sprayed in 1967, and 6,147 in 1968.

He also discussed uses of the \$1 per bale being contributed by cotton farmers for research, noting that an effort is being made to develop a diapause program similar to that on the Texas High Plains in each state in the Cotton

Austin, Tex .- Budget battle is getting lined up for a summer

While appropriations and redistricting don't look too cheerful. FOARD COUNTY HOSPITAL Capitol has added a bright note to deliberations.

> Early in the summer, Mutscher will marry Donna Axum, Miss America of 1964. Miss Axum, an Arkansas beauty, is a speech teacher at Texas Tech in Lubbock. As for redistricting, a US Supreme Court ruling has wiped out

of redistricting this year. High court ruled that congressional districts must be precisely the same size, and legislatures "must justify each variance no matter how small."

are clearly outside the court's de- accompaniment. cision, so they will have to be redrawn. Since that involves a lot of work, the possibility of a special session looms.

In other action, the House Ap- eographing. propriations Committee approved its version of the budget bill for the next two fiscal years. A Senate-passed bill would spend \$5,-775,900,000, but the House version has only \$5,724,500,000. Major difference is in raises for state

employees.
While the Senate bill would involve a sizable tax bill, the House version could get by on existing revenue. Neither bill includes pay raises for teachers.

Final bill will be drawn up by

Sportsmen of Foard County are eagerly awaiting the opening of the fishing season on Monday, May 1, and many hooks, leaders and lines will be wet before the day is very old. The principal fishing spot of Foard County is the City Lake, which will open at 5 o'clock Monday morning. A record opening day crowd will probably line the banks of the lake hoping to catch one of the three bass which will bring them a prize in the fishing contest, which features the opening of the lake.
