

Austin, Tex.—Sharp division between the Texas Senate and House was responsible for the tough tax fight in the final days of the special session of the Legislature.

It was not possible to get a majority of the Senate to agree on a tax bill tilted toward sales taxes, while House majority favored that route.

In past years, it has been the other way around, with the Senate sales-tax minded and the House reluctant.

This attitude goes back to the 1930's, when 59 members of the House blocked the "transactions tax" proposed as a constitutional amendment by Gov. W. Lee O'Dan-

iel, and approved by the Senate. But the one-man, one-vote decision of the U. S. Supreme Court made the Senate more city-minded, and switched the role of the two houses.

Lt. Gov. Ben Barnes, Speaker Gus Mutscher and Gov. Preston Smith all were anxious to get the tax-and-spend issues settled by Tuesday's adjournment, because they had other engagements.

Barnes is president of the National Legislative Council, which opened its annual meeting in St. Louis, Mo., Wednesday.

Mutscher planned to head a delegation of House members to the same conference.

ANTI-CRIME PROJECTS FUNDED—Criminal Justice Council of the governor's office has recommended \$252,499 in action grants for new local programs to fight crime.

Council voted funds from \$1.1 million allocated Texas by the federal government under the Omnibus Crime Control and Safe Streets Act of 1968. State and local matching funds also must be provided.

Largest of grants, \$127,000, would go to Houston for an area-wide information and communication system to be tied into a computer and connected with a state and national system.

Fort Worth will receive \$60,000 for a police-community relations program; Travis County \$35,000 to expand its model adult probation project, North Central Texas Council of Governments \$21,000 for a police training program;

San Antonio police department \$19,680 for a police-community relations seminar program and \$7,329 for a Bexar County juvenile delinquency prevention project; Galveston \$9,360 for a police department management survey; Houston \$6,550 for a state school for prosecutors; and Alamo Area Council of Governments \$1,500 for a four-week course offered 20 police officers in the region.

Council also accepted a study and report by Systems Science Corporation on a proposed state-wide communication and information system to link the criminal justice system including police, courts, corrections and rehabilitation services.

Mrs. Myrtle Neill and her guest, Mrs. Naomi Fitzgerald of Dean, visited Mrs. Lee Shultz in Vernon Saturday.

Natural Fiber Promotions Set for State in September

One of the most extensive natural fiber promotion campaigns ever conducted in the State of Texas will open in early September and will continue through October, according to John C. White, Texas Agriculture Commissioner.

The promotional campaign, featuring cotton, wool and mohair, is another segment in the Texas Agricultural Products (TAP) program, instituted last fall to make Texans more conscious of the many quality agricultural products produced and marketed in the state.

"The natural fibers program is designed to acquaint consumers with the finer qualities of fabrics, garments and other products made from cotton, wool and mohair. The program also is being directed to manufacturers and others in the textile industry to emphasize the value of these natural fibers in finished products," White said.

Natural fibers production in Texas ranks second only to cattle in the state's agriculture economy, bringing in approximately \$500 million per year to Texas producers. The total impact to the overall Texas economy amounts to over \$2 billion per year.

The program will cover all phases of consumer communications, including store-wide promotions, radio, television and newspaper stories and promotion material, billboards, special mailings and special displays to be presented in the major market areas of the state.

One of the featured store-wide promotions will be staged by Saksowitz of Houston. Plans for this giant promotion are now in the final stages.

The entire promotion program is being carried out through the cooperative efforts of the Texas Department of Agriculture, Mohair Council of America, Texas Sheep and Goat Raisers' Association, Textile Research Center at Lubbock, the National Cotton Research Committee of Texas and other affiliated cotton producers organizations in the state.

Increased Spending

In an analysis of developments in federal expenditure control in the fiscal 1970 budget, the point was brought out by the Council of State Chambers of Commerce that Congress has so far this year increased federal spending rather than limiting it, as was the intentional plan.

Slow Moving Vehicles

Part 4 of 5 Parts
SLOW MOVING VEHICLES

Austin — Slow-moving drivers who drive on the inside lanes of divided highways may find themselves in trouble after September 1. On that date, Department of Public Safety patrolmen will begin enforcement of a new state law which requires that vehicles traveling at less than the normal speed of traffic be driven in the right-hand lane, or as close as practicable to the right-hand curb or edge of the roadway, except when passing.

Another section of the law requires moving traffic to stay to the right of the center line on roadways having four or more lanes of traffic, except when authorized to go to the left of such center line by traffic control devices or when making left turns into or from alleys, private roads or driveways, regardless of whether there is a double yellow stripe or not.

Col. Wilson E. Speir, director of the Texas Department of Public Safety, said still another new law provides for the adoption of a "slow-moving vehicle emblem" for display on certain types of vehicles.

Speir said the measure requires that all machinery, tractors, or other vehicles which operate at a maximum speed of 25 miles per hour or less must display a triangular emblem approved by the DPS on the rear of the vehicle.

Operators of such vehicles will have until January 1, 1970, to obtain emblems approved by the DPS and mount them as prescribed by law. Use of the emblem on other types of vehicles, or on fixed objects, is prohibited by law.

State Income Tax

"Commerce" magazine observes that ten years ago, only 31 states had an income tax. Today there are 39 and seven more are expected to join the list within the next few years.

Wildlife Personnel Fight Wildfires

Personnel on two Texas Wildlife Department Wildlife Management Areas recently spent long hours fighting brush grass fires in their areas.

The Matador Wildlife Management Area, located about 10 miles northwest of Paducah in Crockett County, lost vegetation on approximately 4,000 acres of its 23,000-acre fire.

Don Davis, project leader of the Matador Area, reports about nine miles of fence damaged about one and one-quarter miles of fence completely destroyed.

The fire burned an estimated 24,000 acres in all, and is thought to have been started by lightning. Davis says it is so late in the growing season, biologists do not expect regrowth until next year unless the area gets plenty of rain.

Game management officers and personnel on the Kerr Wildlife Management Area fought a 2,000-acre blaze near Hunt.

What You Need... WHEN You Need It

WHEN you have a prescription that needs filling...when your car acts up...when you almost forget some important gift-occasion...or when some other Emergency comes along...it's nice to be able to buy what you need...right here where you live...WHEN you need it.

In fact, most of the Emergency Needs that confront us from time to time, are not real problems at all...because local stores and service people are only minutes away, and those needs are promptly filled for us.

But...just suppose that a lot of us take the bulk of our trade...our large purchases, and our everyday buying...to cities and towns 50 or 100 or more miles away...and buy at home only when we haven't time to wait until we can go somewhere else to get it. Then, with their trade volume lower, could we expect local business to be able and ready to serve us in emergencies?

Or, some day, if we need medicine, or a spark plug, or other vital item...will we have to make a long trip to some distant city to get it?

It Pays to Buy Where You Live

**School's Open—
Drive Carefully**

Thousands of children are head-
ed back to school full of nervous
excitement — but with little
thought for safety. And so again,
joining with law enforcement of-
ficials throughout the state, the
American Automobile Association
urges extra care during the first
few weeks of school. Colorful an-
nouncements with the slogan,
"School's Open—Drive Carefully"
are posted throughout Texas com-
munities to remind parents and
motorists of their responsibilities
as school begins.
Traffic accidents kill more chil-
dren between one and fourteen
years of age than any other cause.
Because kindergarten and first
grade youngsters, many on their
own in traffic for the first time,
suffer most of the school route
injuries, AAA suggests that par-
ents walk with their children on
the opening day of school, mak-
ing sure that their children are
familiar with traffic aids and reg-
ulations and use guarded cross-
walks whenever possible.
Driving children to school only
adds to the confusion around
school areas, creating more haz-
ardous conditions. Even though
children should learn traffic rules,
the major traffic responsibility
consistently falls on the driver.
AAA pleads with all drivers to
help protect the lives of school
children this year by driving with
particular care everywhere chil-
dren might be playing or cross-
ing—and especially near school
areas.

**Bud McLain Attends
J. I. Case Meeting
in Milwaukee, Wis.**

A completely new line of farm
tractors for the '70s and a new
corporate symbol were unveiled
last week in Milwaukee, Wis.,
by J. I. Case Company during a
mammoth North American Dealer
Congress August 18-21 attended
by more than 1,700 Case dealers.

Participating in the event
from Crowell was Bud McLain
of McLain Farm Equipment.
During the four-day Congress,
Case displayed and exhibited more
than \$3 million in farm and con-
struction machinery on a 950-
acre site at the former Bong Air
Force Base in Southeastern Wis-
consin. The exhibit included 22
all-new products—four models of
the new Agri King 70 tractors and
18 other new Case products.

The parade of equipment at the
Bong site included 60 different
units representing all Case plants
in the U. S. producing agricultural
and utility equipment. In addi-
tion to the new tractor line, the
18 all-new products included two
new windrows, a new combine
and corn head, new compact trac-
tors and other utility and con-
struction equipment.

The Case Congress, one of the
biggest meetings Case has ever
scheduled, involved a Broadway-
type, specially produced, musical
stage revue in Milwaukee, tours
of Case plants in Racine and vari-
ous meetings to instruct dealers
and inform them of plans for the
'70s. Over 800 acres of wheat,
oats and corn were planted by
Case on the Bong site and har-
vested during the 4-day congress.

With the Bible**

A Free Gift for You

It seems that everything is go-
ing up in cost these days. Noth-
ing comes down, everything goes
up—up—up. Wages too are going
up, but not as fast as the cost
of living, for our dollars are de-
creasing in value all the time.
That's why former President Eis-
enhower suggested we begin call-
ing them dollarettes.

We should thank God, though,
that there is one thing that has
never gone up in price—the sal-
vation of our souls. No price was
ever put on this and none ever
will be, for several good reasons:
(1) Because God is not impover-
ished, that He needs our money.
(2) Because if salvation could be
bought, the rich would have an
advantage over the poor. (3) Sal-
vation was fully paid for by God
the Son on Calvary's cross, and
to charge one penny for it now
would be to cast reflections on
His finished work.

Even in Old Testament times,
God made it clear that sacrifices
and good works could not buy
His favor. In Isa. 55:1-3, the
prophet cried: "Ho, every one
that thirsteth, come ye to the
waters, and he that hath no mon-
ey, come ye, buy and eat; yea,
come, buy wine and milk without
money and without price. Where-
fore do ye spend money for that
which is not bread, and your lab-
or for that which satisfieth not?
Hearken diligently unto Me, and
eat that which is good, and let
your soul delight itself in fatness.
Incline your ear, and come unto
Me: Hear, and your soul shall
live..."

Years later, after "the gospel
of the grace of God" had been
committed to Paul, he declared
that believers are:

"Justified freely by God's grace,
through the redemption that is in
Christ Jesus" (Rom. 3:24). "For
the wages of sin is death, but the
(free) gift of God is eternal
life, through Jesus Christ our
Lord" (Rom. 6:23). "In whom
we have redemption, through His
blood, the forgiveness of sins ac-
cording to the riches of His grace"
(Eph. 1:7).

**Studies on Water
Problems**

The investor-owned electric util-
ity industry is now engaged in
over 100 environmental studies
on water problems, according to
a survey announced by the Edi-
son Electric Institute. The proj-
ects are carried on by companies
throughout the country and many
of them are studies of the effect
of water temperatures on fish and
other aquatic life. The companies
are working with colleges, univer-
sities and independent research
organizations on the project.

MISS TRE—Sheila Poulson of
Lorenzo was crowned Miss Tex-

recent statewide meeting of
Texas Electric Cooperatives in
San Antonio. Miss Poulson is
the daughter of Mr. and Mrs.

time from her studies at Texas
Tech University in Lubbock to
represent the association at
functions throughout the com-
ing year and compete for the
national title at the Las Vegas
meeting in February.

Zoppes, whose fabulous Indian spectacular is billed as
America's finest and fastest resinback riding act. The
whole fast, hour-long circus, presented several times
daily, packs enough action to thrill all generations.

**Waco Supervisor
Tells About Stocking
Farm Ponds with Fish**

New farm ponds are not places
for dumping just any kind of fish,
according to Fred G. Lowman,
fisheries supervisor of fresh water
fisheries in Waco for the Texas
Parks and Wildlife Department.

Special attention should be giv-
en not only to the species of fish
to be released in new waters, but
the numbers are of equal import-
ance as well. New impoundments
should be stocked with the kind
of fish which the owner or oper-
ator desires to catch or use.

It is very important to restrict
the number of fish placed in a
farm pond to only those which
the water will be able to support.
It would be futile to place black
bass in a farm pond if no one con-
nected with the area fished for
them. The same is true of other
species.

When a stock tank is to re-
ceive bass and channel catfish,
Lowman recommends that the
best results may be expected when
the channel catfish are introduced
in the fall before releasing the
black bass in the following spring.
Bass stocked in farm ponds in the
spring often grow large enough
by fall to consume most catfish

or other fish stocked at the same
time.

Lowman says people hurt their
chances for good fishing when
they release fish of varying sizes
and species. Fish of different
sizes placed in stock tanks may
not be expected to produce good
results.

The one or two fish which were
caught in a neighbor's pond could
possibly be larger than those re-
ceived from the hatchery and
therefore eat them. This could
lead to a farm pond stocked with
only a few large but not hungry
fish which are difficult to catch.

Food Imports

One-eighth of the things we
eat come from other countries.
W. E. Black, extension economist
in marketing and policy, says lat-
est figures from the USDA points
out this fact. It is true, he adds,
some of the imports are in com-
petition with American producers,
but most are foods which we
wouldn't otherwise have and many
are among our favorites. For ex-
ample, coffee, tea and cocoa are
among our favorite beverages.
Spices and tropical fruits, such
as bananas, are other imported
items used in great quantities.

**Team Size Changed
Many Times in
History of Football**

The terms, "the football team"
and "the eleven" have been synon-
ymous for many years, but team
size changed many times.

In the football game recognized
as the first, between Rutgers and
Princeton, there were 25 players
on each team.

In 1872 and 1873, most of the
schools had dropped the number
of players on a team to 20.

The fifteen-man team came into
being in 1876. The year 1876 was
important for other reasons as
well; the round ball was replaced
with the egg-shaped football.
Backward passing and other ele-
ments of the modern day game
were introduced.

Eleven-man football was first in-
troduced in 1876, but it was 1880
before the concept of eleven-man
football triumphed. After that
time football was thought of as
an eleven-man game.

In 1934 six-man football was
introduced. The six-man game was
taken up by groups such as small
schools and intramural teams.
Most of these groups had been
unable to field an eleven-man
team due to the number of boys
in their organization.

Six-man football was introduced
into the Interscholastic League
program in 1938. The first year
the program was under League
sponsorship, six teams participated
in the six-man program. Six-man
football was followed by eight-
man football, which came into the
League in 1958. Forty-eight teams
participated during the initial year
in eight-man football. There are
presently 102 schools playing six-
and eight-man football in Texas.
There have been as many as 142
schools participating in six- and
eight-man football.

Miss Marlane Johnson and Mr. Klotz Wed Saturday in Dallas

Highland Baptist Church in Dallas was the setting for the Saturday, August 23 wedding ceremony uniting in marriage Miss Ethel Marlane Johnson and William Terrel Klotz, both of Dallas. The pastor, Dr. Harold Freeman, was officiant for the 2 p. m. service.

The bride is the daughter of Mrs. Ernest Johnson of Lubbock and the late Mr. Johnson. Parents of the groom are Mr. and Mrs. William E. Klotz of Harrah, Okla.

Given in marriage by her brother, Glyndon Johnson of Crowell, the bride wore a white formal chantilly lace gown embroidered with tiny pearls over a satin A-line seath. The dress featured a portrait neckline and long sleeves. The bridal veil of silk illusion fell to waist length from a cascade of flowers and satin leaves and tiny pearls. The bridal bouquet was a cascading arrangement of mystery gardenias accented with pearls and satin leaves on top of a bride's white Bible.

Mrs. Jeff Johnson of Denton was matron of honor and wore a dress of buttercup yellow dotted with white and a white carnation corsage, a gift of the hostesses.

Miss Nancy Noland of Dallas was organist and soloist was Miss Roberta Nourae of Harrah, Okla. Richard Koch of Dallas served as best man for the groom.

A reception was given following the ceremony at the home of Mr. and Mrs. William L. Keller.

Following a wedding trip to Mazatlan, Mexico, the couple will make their home at 5005 Lahoma, Dallas.

Mrs. Klotz is a graduate of Monterey High School in Lubbock and attended Texas Tech. She is now an assistant to Dr. Sanford Pick in Dallas.

The groom is a graduate of Harrah High School, Okla. He received his B. S. degree in business administration from Oklahoma State University and is now taking work on his Master's degree at S. M. U. He is personnel representative for Dallas Power and Light.

Miss Mary Fran Adams Honored with Bridal Shower

Miss Mary Fran Adams, bride-elect of Michael Copeland, was honored with a miscellaneous shower at the home of Mrs. Mike Bird on Saturday from 3 to 4 p. m.

Guests were greeted by Mrs. Lewis Painter and presented to the receiving line composed of Miss Adams, her mother, Mrs. Dee Adams; the groom-elect's mother, Mrs. Eugene Copeland, and her grandmother, Mrs. Dave Adams.

The honoree was attired in a blue dress featuring long full sleeves. She wore a white carnation corsage, a gift of the hostesses.

Miss Camilla Swindell, cousin of the honoree, presided at the registry. Miss Jo Driver, also a cousin of the honoree, played piano selections during the calling hours.

The serving table was covered

MRS. WILLIAM TERREL KLOTZ

with a pearl cloth and held a blue centerpiece. White wedding bells and silver candelabra with blue tapers decorated the table. Serving appointments were of crystal and silver. White napkins were inscribed "Mary and Mickey."

Misses Sue Eubank and Rebecca Atwood, cousin of the honoree, assisted in serving refreshments of punch, decorated cookies, nuts and mints.

Many useful and beautiful gifts were displayed in the den.

Hostesses for the occasion were Mmes. Bird, Painter, I. J. Jackson, Floyd C. Borchardt, Fred Borchardt, Glendon Russell, Fred Vercera, Glenn Shook, J. B. Eubank, Walter Thomson, Roy Steele, Darwin Bell, W. F. Bradford, Ed Gafford, Cecil Carroll and Marion Crowell.

Wedding Ceremony Unites Miss Turnbull, Larry Clifford Jones

Wedding vows were exchanged in the First United Methodist Church Chapel in Vernon by Miss Brenda Ray Turnbull and Larry Clifford Jones at 7:30 p. m. Saturday.

Mrs. A. M. Bryson of Crowell, and Raymond Turnbull of Achille, Okla., are parents of the bride, and the bridegroom is a son of Mr. and Mrs. C. E. Jones of Vernon.

Mrs. Jimmy Pybus registered guests in a white leather bride's book upon arrival.

A white satin aisle led to an archway of cathedral candelabra entwined with emerald ferns forming the background for the nuptials. The candelabra were flanked on either side by arrangements of white gladioli on brass pedestals. Spiral candelabra further extended the setting. The prayer bench was centered with a memory candle which the couple lighted together at the end of the ceremony. Musical selections included "More," by Ortolani and Oliviero, "The Twelfth of Never" by Livingston and "The Lord's Prayer" by Malotte. Mrs. Jack Eure accompanied the soloist, Wayne Byrd.

Presented in marriage by her father, the bride was attired in a formal gown of soft candlelight peau de soie, narrowly fitted in design and elegantly accented with re-embroidered Chantilly lace forming a scroll-like design from the hem to the scooped portrait neckline and further extending to the edges of the short sleeves. Tiny covered buttons in the back led to a single Dior bow at the waist. The flowing chapel train gracefully extended from the shoulders, repeating the appliques of the chosen lace.

Her candlelight veil of illusion was held by a cluster of candlelight rosebuds entwined with beads and crystals set atop lace petals encrusted with beads and crystals designed and made by the bride's mother. Her cascade bouquet was of phalaenopsis orchids and Frenched mums atop a satin and lace covered Bible.

A strand of pearls from Alaska was worn by the bride. In the tradition of "something old," she carried her lace covered Bible, and for "something borrowed" she carried the wedding bands belonging to her grandmother, Mrs. E. S. Flesher, and great grandmother, Mrs. J. R. Flesher. A blue garter made by her mother and a six pence completed the tradition.

Mrs. Larry Bachman of Denton, sister of the bride, attended as matron of honor. She was attired in a formal gown of glistening sheer silk organza in burnt

orange over matching taffeta in a cage design, accented in front with a single Dior bow. Her headpiece of double-tiered tulle was held by a large burnt orange dahlia encircled with stephanotis, and she carried a crescent bouquet of apricot fujii mums accented with a profusion of foliage green tulle and streamers.

Mrs. Gary McWilliams and Mrs. Jim Thomas of Bossier City, La., sister of the bridegroom, attended as bridesmaids. Their attire was identical to that of the matron of honor.

Serving as best man was the bridegroom's father, Jimmy Pybus and Toye McCurley served as groomsmen, and ushers and candlelighters were Gary McWilliams and Robert Havins.

Mrs. Bryson chose for her daughter's wedding an ivory brocade knit two-piece suit of English import with three-quarter length sleeves.

The bodice was ornamented with tiny covered buttons and a draped neckline. She wore black patent accessories and an apricot glabella corsage. Mrs. Jones wore a blue cotton satin shift with lace sleeves and lace appliques diagonal on the shoulder with matching white accessories and a white glabella corsage.

Following the wedding ceremony, a reception was held in Wesley Hall.

The bride's table was covered with a linen cutwork cloth. The traditional three-tiered white cake was encircled by white satin ruffles on the bottom. White columns divided the tiers which were adorned with white roses. The cake was topped with three white satin bells nestled in tulle and tiny white orange blossoms. A two-tiered candelabra held an arrangement of white and apricot carnations and fujii mums.

Assisting with serving were Mmes. Henry Scott, Joe L. Lawson, Jr. and Jimmy Pybus.

The couple left immediately following the reception for their new home in Chula Vista, Calif. The bride was attired in an original Great Britain dress and coat ensemble. The coat was of brown and creamy white diagonal check and the A-line dress of the creamy white was accented with yokes of the coat material. Her accessories were chocolate brown, and she wore the orchids from her bouquet.

The bride is a 1964 graduate of Vernon High School. She was employed by Johnston & King CPA's until her marriage. The bridegroom enlisted in the U. S. Navy in November, 1966. He is presently serving aboard the USS Tripoli as Third Class Petty Officer in the plant crew and is stationed at San Diego, Calif.

Members of the wedding party were guests at a rehearsal dinner hosted by the groom's parents Friday evening at Sheppard's Restaurant. Gifts were exchanged at this time.

Truscott's 4-H Achievement Day Held Wednesday

The Truscott and Gilliland H. D. Clubs attended the Truscott 4-H Achievement Day last Wednesday in the Truscott community house. The girls displayed some of the things they had made in projects throughout the year.

Those giving talks on different activities were Christy Shaw, who gave one on hair styles; Ruth Brown who talked on money management; Renee Westbrook talked on the raising and canning of beets; and Jacquelyn Brown gave a talk on yeast breads. Others participating in the achievement display were Olivia Quintana, Tracy Shaw and Gail Bullion.

They presented Mrs. Jack W. Brown, their 4-H leader, with two sheets and pillow cases, and also presented Mrs. Elmo Shaw and Mrs. Tommy Westbrook with aprons for helping them in 4-H work.

Each of the 4-H'ers received a box of informals for participating in the achievement day program. Ruth Brown and Renee Westbrook served the refreshments which were provided by the participating girls.
