TWO CROWELL FACULTY MEMBERS RETIRE

When the Crowell Schools closed this spring at the conclusion of the 1970-71 term, two local instructors ended long careers as public school teachers. The two are Mrs. Lewis Sloan and Mrs. Earl Manard.

Mrs. Manard

Mrs. Vera Manard, a native of Foard County and a graduate of Crowell High School, attended Trinity University, then located at Waxahachie, where she received a B. A. degree with a major in English.

Her first year's teaching experience was in Foard County in her Corners School. In 1935, she became a teacher in Crowell High School. She taught various subjects in the freshmen and sophomore grades until 1957. At that time, she began teaching junior and senior English.

Her retirement in 1971, after having a year's leave of absence, came after she had taught thirty-five years, all except six of these having been in Crowell. In addition to her one year at Four Corners, she taught two years in a Garza County rural school, one year at Truscott and two years at Pecos.

During her teaching career in Crowell, Mrs. Manard sponsored many activities: she served as pep squad sponsor several years, was sponsor for numerous classes and was sponsor for the Roundup, the CHS annual for a number of years. She served for many years as sponsor of the Wildcat school news published in this newspaper.

Mrs. Manard has always shown a particular interest in essays, and urged and helped her students along this line. She sponsored the writing of essays by her pupils for seventeen consecutive years in the Soil Conservation Essay Contest sponsored by the Fort Worth Press. With each of her students writing an essay, a Crowell student was a winner (from first

Wheat Growers Referendum Carries by 67.1%

John Cogdell of Crowell Named to Producers Board

Leo Witkowski, president of the Texas Wheat Growers Association, said Monday that preliminary results on May 14 from the referendum canvassing committee indicate that the wheat referendum held May 11 had carried with 67.1 per cent of those producers voting on the proposition favoring it. This now provides for producer self-assessment of not more than five mills per bushel for research and market development.

He also said that nine producers had been elected to a board charged with the administration of the new program. Those elected according to preliminary results were John Cogdell, Crowell; Kenneth Kendrick, Stratford, C. L. Edwards, Panhandle; Delbert Timmons, Perryton; Leo Witkowski, Hereford; N. F. Renner, Spearman; Dwight Hamilton, Olney; Otis Harman, Tulia; and W. R. Moore, Jr., Munday.

The wheat producers now join the producers of peanuts, turkeys, grain sorghum and soybeans in having approved self assessment for research and promotion of their commodities in an effort to strengthen farmer income under authority granted by the 61st Texas Legislature in H. B. 764.

Official results will be announced by Texas Commissioner of Agriculture John C. White.

A graduate of Texas Christian University, she holds a bachelor degree in education and a master of arts degree from Highlands University of New Mexico. English was her major for her BE degree and primary education for her MA.

Mrs. Sloan has faith in young people and says that she had many wonderful teenagers in her high school classes. She especially enjoyed sponsoring the "Wildcat News" during high school days. In everything, we find changes. A great deal is being said about free schools without classes—letting students study what they wish and report to teachers for help when they need it. Years ago the rage was progressive education. It collapsed. New methods must be tried, but each must prove its worth," she believes.

"Television will be used more as an educational tool; however, the teacher will always be the key. The teaching-learning process is still a human experience, a great deal is being said about free schools without classes—letting students study what they wish and report to teachers for help when they need it. Years ago the rage was progressive education. It collapsed. New methods must be tried, but each must prove its worth," she believes.

Final Issue for Year

This issue is our final for the 1970-71 school year, but before we say "soo" let us say thank you. Thank you, reporters, sponsors and faculty for your news. Every article contributes to the whole and enables us to more accurately represent your views and to meet your separate needs.

To graduating staff members and our editor, congratulations! May the very finest and best of all that is good, beautiful, and right meet you at every turn.

Happy summer, everyone! We'll see you in September.

Junior News

This year was a very busy and exciting year for our class. We started the year by selling magazines in order to raise money for the banquet. After the magazine sale, the class sold mums for homecoming, and had a chili supper the same week end.

During football season, the class worked very hard on signs. At the pep rally for homecoming, the junior class was awarded the "spirit stick."

The next thing which came up before the class was the junior-senior banquet. Many people put a lot of work and time in on the banquet. The theme was "Age of Aquarius." Dick Todd was guest speaker.

The junior class was well represented in literary UIL events. Students who participated were Sharla Haynie, first place in prose; Trey Autry, first place in poetry;

Teri Garrett, fourth place in poetry and Darryl Worley, first place in spelling. Sharla and Trey were also in the one-act play, "Beginnings," which won district. Students who participated in UIL solo and ensembles were David Stapp, Nancy Looney, Betty Whitfield, Trey Autry, Carolyn Jones and Debbie Johnson.

Many juniors also received outstanding awards in band. Nancy Looney received a scholarship to WTSU Music Camp, while David Stapp received a scholarship to Enteckle Music Camp in Michigan. Other awards went to Betty Linda Whittfield, leadership; and Beth Welch, most improved player.

Juniors receiving the honor of being who's who were Nancy Looney, math; David Stapp, band; Darryl Worley, Spanish; Sharla Haynie, speech; Terry Farrar, VA; and Debbie Johnson, typing.

There were also many junior boys involved in judging teams. Ronny Naylor, Terry Farrar and Jackie Daniel were members of the whole and enables us to more accurately represent your views and to meet your separate needs.

To graduating staff members and our editor, congratulations! May the very finest and best of all that is good, beautiful, and right meet you at every turn.

Happy summer, everyone! We'll see you in September.

Sophomore Scoop

As school is over, the sophomore class looks back at the contributions that our class made to CHS. The class realizes that the main contribution that can be made to the school is not necessarily the accomplishments of individuals or groups, but of doing the best that is in our capacity. However, just by doing your very best doesn't qualify everyone for getting his name in the paper. So for every student who has strived to do his best, the sophomore class congratulates you.

A person can't think about the fall without thinking about the victories of the football team. School spirit throughout the year could not have been so high without the mighty marching machine, cheerleaders, pep squad, athletics, and all clubs or groups that help the student to become involved. CHS is fortunate to have an outstanding band with many exceptionally talented musicians. Several sophomores entered solos and ensembles in the UIL and the Enid, Okla., contests. Congratulations are in order for the achievements of every member.

Several sophomores were members of the basketball teams this year which represented our school well. John Urquiza deserves recognition for being on the state class A champs track team. The chorus received high honors at contest and gave a special performance at Paducah High School.

This year, both the FFA and FFA took educational trips. The FFA boys went to Fort Worth to the Fat Stock Show while the FFA girls traveled to Stephenville.

Several other individuals of our class represented our school and deserve mention. The sophomores

who entered UIL literary events are Rhonda Vecera and Lance Worley. Ruth Brown represented our area at the President's Conference on Children and Youth in both Washington, D. C., and Austin.

The class recognizes our class president, Karen Gray, for all she has done for the class. A special thanks to all officers who represented their class.

As we begin to think clearly once more after the finals, we finally realize, "Oh, my gosh, we're juniors!"

Fishy Flashes

As the clock ticks off the last hours of this school year, we all look back at the passing year with sighs of regret over sad times as well as with smiles and chuckles in memory of the good times. The freshmen of '71 were kept busy all year by the vista of clubs and activities, such as football, pep squad, basketball and track, as well as all the various social clubs.

Our educational activities ranged from Romeo and Juliet, to Edgar Allan Poe's Cask of Montmiallo, from the construction of delicate dresses to the basics of tractor driving, from how to graph probabilities to judging beef cattle.

Among the most memorable events of the year were initiation, our class hayride, running sprints in basketball for the girls and for the boys the first workouts in football or track, falling down the stairs, air raiding in the halls, the day when the girls dressed in their mothers' clothes, giving the boys a chance to see in advance what they might look like in 30 years, the day you become disgusted with your typewriter, from how to graph probabilities to judging beef cattle.

The district one-act play contest was held in Crowell April 16. Our Drama Club was host. Crowell's entry, "Beginnings" placed first and advanced to regional competition. Pat Cates and Sharla Haynie were named best actor and actress. Trey Autry, the third member of the cast, was placed in the all-star cast. At regional, Pat and Sharla made the all-star cast and Trey received honorable mention. Stage crew members were Mickey Owens and Jimmy Glover. Director was Mrs. Halbert.

Crowell had many students enter in the literary events held at Holliday. Receiving first place medals were Trey Autry, poetry; Darryl Worley, spelling; and Pat Cates and Sharla Haynie, prose.

Other participants from the Drama Club were Teri Garrett, poetry, fourth; Peggy Welch, spelling; Mickey Owens and Lance Worley, reading. The four first place winners advanced to regional and Pat won second and Darryl third in their competition.

The year was topped off by the Drama Club banquet held at Shepherd's Restaurant in Vernon. They enjoyed delicious food and then went bowling. All new Thespians were sworn in by president Jerry Martin. New Thespians were Jackie Thomas, Kenneth Sellers, Debbie Johnson, Kathy Denton, Marvin Machack, Jerry McLain and Jimmy Glover. Receiving stars for extra Thespian work were Jimmy Glover, Kristi McLain and Peggy Rasberry, one star each; Mickey Owens, Peggy Welch and Rita Coffey, 2 stars each; and Sharla Haynie, 4 stars.

Jerry Martin and Trey Autry received their honor Thespian bars. Trey also received 2 stars. Sharla was named who's who in speech and Pat received the Best Thespian award. Congratulations to all these students on their fine work this year, and a special congratulations to Mrs. Halbert, club sponsor.

In the fall, the club decided to

have a spook house during the annual Lions Club carnival. It was held in the basement of the court house. It was a unique experience, and the students all had fun.

In November, the speech classes presented their plays to the public. The Drama Club was in charge of advertising. The plays presented were the Slumber Party, Once Upon a Playground, The Laughing Ghost and Antic Spring. It was a very delightful evening.

The annual talent show sponsored by the Drama Club was held in January. There were all types of talent from tap dancing to skits. It was very profitable and beneficial to the club.

The speech classes gave an interesting program to Mrs. Statser's reading group at the first of the year on speaking techniques. Mrs. Statser invited them back later to see their puppet production they present each year during Public School Week. This interested the students very much, so they went back to class and started studying puppets. Each student was required to take a cutting of a play and make it into a puppet production. The students thoroughly enjoyed working with the assignment. When all the plays were finished, Mrs. Halbert presented the folders to Mrs. Statser.

Mrs. Grady Halbert was given first prize in a poetry contest at the district meeting of 7th District of Texas Federation of Women's Clubs which recently convened in Amarillo. The title of Mrs. Halbert's poem is "Let There Be Light," and is a tender prayer for guidance in the rearing of her small child.

A set of twin calves is an oddity but to have three sets of twins from a herd of 25 cows is an unusual coincidence, but this has been reported in Foard County. At the present time, the Carroll Brothers have three sets of twin calves on their farm in the Gammville community.

The 12th grade will be added to the Crowell Public School with the start of the 1941-42 term next fall as the result of a recent ruling of the State Department of Education that all schools of the state be of the 12-grade system.

Among the 809 students who are candidates for degrees to be conferred at Texas A&M College June 6 are two from Crowell: R. M. Magee, Bachelor of Science in petroleum engineering; and S. T. W. H. Scheaffer of Washington, D. C., photographer for the United States Forest Service, spent one day in the Rayland community last week making pictures of the shelterbelts in that vicinity.

Graduation exercises for the seventh grade of Riverside school were held Thursday evening. The valedictory address was given by Frances Ann Ayers and the salutatorian speech was presented by Jodean Hudgens. Other members of the class are Evelyn Bradford, Paul Johnson, Louis Pyle, Lillie Halenak, Arlene Berg and Jerry Caldwell.

Kenneth Halbert, sophomore agricultural student at Texas Technological College, recently was initiated into Block and Bridle, national organization of animal husbandry students who maintain a scholastic average of C.

One hundred and forty-two awards were presented to pupils of the fifth, sixth and seventh grades by Mrs. E. C. King, instructor of penmanship in the Crowell School.

The Lord's Prayer was repeated in unison by the members of the club. Ten minutes of fun was a quiz led by Mrs. Jim Henry. Roll call was answered by "my favorite vegetable and why."

The program on vegetables was given by Mrs. Jim Henry. She stressed the importance of freshness in vegetables, the color, flavor and texture, colorful, attractive meals are more appetizing.

"We should plan for a variety in our meals, as well as harmony of flavors. Planning meals ahead will save trips to the grocery store," Mrs. Henry added.

Austin, Tex.—Gov. Preston Smith surprised Texas lawmakers by announcing he would veto the \$300 million tax bill passed by the House and Senate unless they "put out the fat."

He contended that this measure provided \$300 million more than was needed.

After an anxious 24 hours, a compromise began to emerge, and the House and Senate satisfied the Governor by knocking out a \$200 million gasoline tax raise (one cent on the gallon). Smith found that feature the "most revenue-raising measure."

Governor said he would sign the bill without the gasoline tax increase.

With this problem once more hopefully resolved, lawmakers turned to a hurry-up job of completing major mandatory duties and hundreds of minor ones before the May 31 adjournment date.

Lt. Gov. Ben Barnes expressed confidence that the tough congressional and legislative redistricting job can be accomplished in two weeks.

Other pending business, given high priority by federal court action invalidating state laws, includes passage of a new voter registration act and lowering political filing fees.

Legislators plan to add other revenue with a \$40 million mixed drink tax, \$22 million additional gallonge levy on liquor and wine and a \$5 million increase in out-of-state college tuition.

Lawmakers already have started a quick-time march to meet the adjournment deadline. Most of the bills introduced since the opening day last January will

be voted on by the end of the session.

High Court told four contractors for San Antonio's Hemisfair '68 that they couldn't collect on

deferred payment certificates and unsold tickets which they received for partial payment of their services. Firms sued City of San Antonio, San Antonio Fair Inc. and San Antonio Urban Renewal Agency.

Austin District Judge Herman Jones enjoined the sale of historical (1755-1846) documents, "The Laredo Archives," to which the state lays claim. Value is estimated at from \$350,000 to \$1 million.

Card of Thanks

There is no way for us to say the words "thank you" that could express our feelings for everyone that has been so concerned about our loved one. We want you to know we covet your prayers.

Through prayer, God's will will be done. Names are too many to mention, but we would like to say a special thanks to Dr. Stapp and the nurses for their special care, for Recie Womack for his safe driving, and to Sybil and Texas for taking such good care of her on the way to Dallas. God bless you all.

Reading the five reasons listed
in a recent book on the cause of
the fall of the Roman Empire, Mr.
Forehand challenged Rotarians
to see if there was any correlation
between Rome's fall and the current
situation in the United States. The five reasons listed
are:

1. Rapid increase of divorce,
and the failure of the family.

2. Higher and higher taxes, un-
wise spending of public money.

3. A mad craze for pleasure.

4. Building gigantic armaments,
when the enemy—the decadence
of the people—was within.

5. The decay of religion.

His closing remarks pointed
out that a genuine concern and
interest for others is essential
in every day living.

who was the evangelist for a gos-
pel meeting at the East Side
Church of Christ in Crowell last
week, was the principal speaker
at the Rotary Club's noon lun-

Citing the grave problems which
exist in the United States at the
present time—and asserting that
problems have always beset the
nation ever since its birth—Mr.
Forehand said that if the prob-
lems are ever corrected, it will
be done by individuals. He urged
Americans to be informed about
the nation's problems.

Social Security Benefits Go Up 10 Per Cent in June

Social security beneficiaries will begin receiving 10 per cent larger benefits in June, according to Wayne Klipping, social security district manager in Vernon.

Although the recently enacted social security increase is effective January 1, 1971, necessary processing of the increase will delay actual payment of it until June, Klipping explained.

The June payment will reflect the increased benefit due for May; and a separate check later that month will cover the increase due for January through April, he said.

This congressional action raises the minimum lump sum death payment made by social security, also, he stated. Effective March 1 that payment goes from \$192 to \$211.20.

Before January 1 of this year, social security maximum family benefits ranged from a low of \$96 to a high of \$434.40. The recent social security amendment increased these figures to from \$105.80 to \$157.00.

"Social security beneficiaries need take no action to receive the higher payments," Klipping explained. "Their higher benefits will be paid to them automatically."

Mr. and Mrs. Joe Ray Setliff and family left Tuesday for Illinois where they will spend most of the summer. The Setliffs will be constructing stadiums at DeQuin and Galesburg, Illinois, and Beaver City, Nebraska.

quiring human love and warmth," she added.

Mrs. Sloan recalled a story about Charles Lamb, that very positive Englishman.

"I don't like that man," Lamb once said. "But, Charles," a friend remonstrated, "You don't know him."

"Of course, I don't know him," Lamb answered. "If I knew him, I couldn't dislike him."

"Of all the students I have had," she said, "I have not found one that I really disliked—even among the 'warts'."

Mrs. Sloan regrets leaving the teaching field. She recalls a sentence by DeQuincey, "We never do anything consciously for the last time, without sadness of heart." She added, "The good times with my co-workers—talking, laughing, even grumbling—cause me to feel nostalgic."

Her typical complaint has always been, "If I could only find enough time." She has plans to spend more time on hobbies—reading, china painting, walking, making a few trips—are among them.
