# SOME QUESTIONS TO ASK OFFICE SUPPLIES PEDDLER

When the person selling printing, office supplies and advertising solicits your business, here are some questions he should be willing to answer to YOUR SATISFACTION:

- 1. Is he a taxpayer in your community or county?
- 2. Does he donate space in the newspaper to local and county projects and enterprises?
- 3. Does he pay wages to employees who live and do business in your community?
- Does he grant favors that you would ask of your local newspaper?
- 5. Does he donate newspaper space to promote you and your neighbor's business?
- 6. Does his price include freight, postage and insur-
- 7. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing and office supplies—a question of whether you should support those who help support you!

#### Could We Make a Deal With Castro?

"We have to wonder why even small percentage of our young feel that our country isn't a desirable place to live. Oddly enough many of them come from affluent homes. While this goes on, nearly 58,000 Cubans, men, women and children have fled Castro's Communism in small boats, hoping to make it to Florida and freedom. Some 14,000 have made it. Some 43,000 died trying. Wonder if we couldn't work out some kind of deal with Castro whereby we could trade him a batch of those who don't like it here for a batch of Cubans who would love it here!" - Claremore, Okla., Ob-
