Game Warden Says Guns Used for Hunting Quail Must Be Plugged

Quail hunters in Foard and Hardeman Counties must have their shotguns plugged to hold only three shots, Jimmy Harris, game management officer, said here this week.

Harris said information has been published that indicates hunters may hunt quail with unplugged guns.

"That is correct in some areas, but not in Foard or Hardeman Counties," Harris said.

He explained that unplugged shotguns may be used in so-called "regulatory authority" coun- ties, but may not be used in the "general law" counties.

MISS SHARLA HAYNIE

Miss Sharla Haynie Is Entrant in Queen Contest

Miss Sharla Haynie, daughter of Mr. and Mrs. Warren Haynie, will represent Crowell and Foard County in the Pioneer Bowl Queen contest to be held in Wichita Falls in conjunction with the Pioneer Bowl football game on December 11.

The official queen's program and activities start with registra- tion at 9 a. m., Friday, Dec. 10. In the afternoon the girls will take part in a parade, and a banquet will be held that night.

On the day of the game, Dec. 11, Sharla and the other entrants will be on ABC-TV and the Pioneer Bowl queen will receive a beautiful gift and plaque. The girls will be judged on beauty, poise and personality; there will be no bathing suit or talent competition.

Girls Basketball Team Takes 55 to 26 Win Over Vernon

The Crowell High School girls' basketball team took a big 55 to 26 win over the Vernon girls here Tuesday night, Nov. 23. Rhonda Howard led the locals in scoring with 18 points, followed by Jo Ann Gerhardt with 11 and Rhonda Veceera with 10.

Rhonda Swan was outstanding on defense for the Crowell fems. In games also played that night, the Crowell boys junior varsity won over Quannah JV with Jackie Houck high pointer for Crowell.

The Crowell A team lost its game to Quannah varsity. The local boys just haven't been able to get things going yet as they scored only 4 points in the third quarter and none in the fourth quarter of the game with Quannah.

The Crowell girls have a 3 won, 2 lost season record; the B boys are 3 wins and 0 losses and the varsity has won 1 and lost 2.

are those in which the Parks and Wildlife Department sets the rules but the general law counties fall under the legislature.

Foard and Hardeman Counties are "general law" counties and the season on quail is different, Harris said, pointing out that it starts Dec. 1 and ends Jan. 31. Bag limit is 12 and possession limit is 36.

In the regulatory authority counties—for instance Childress, Cottle, Knox, Baylor and Wilbar- ger—the season is from Dec. 1 to Feb. 15, and the bag and posses- sion limits are the same.

Harris noted that quail hunt- ing prospects for Foard and Hardeman counties "don't look too good." Harris noted that it was very dry while the birds usually lay and hatch the coveys.

"There is still a lot of green in the pastures and there could be some in there, but I've been some places where there is usually very good hunting and there aren't any birds there," the game warden added.

He said the dove hunting was practically non-existent and char- acterized duck hunting as "fair."

To Explain Trailer Brakes, Lights Laws

FARMERS INVITED TO MEETING MONDAY NITE

A meeting to explain the new laws on lights and brakes on trailers will be held at the com- munity center, beginning at 7 p. m., Monday, December 6th. The meeting is being sponsored by the Crowell Lions Club.

Highway Patrolman Gerald Howard of Vernon will be ex- plaining the new laws at the meeting. Some of the new laws on trailers have become strict on some of the equipment needed on trailers and Howard will be tel- ling area farmers what they will be expected to do to comply with the new trailer laws.

The meeting is being arranged by Foard County Sheriff Edward Howard, brother of the Highway Patrolman conducting the meet-

ing. He added that refreshments will be served.

The Lions Club invites every- one to attend, especially those farmers who own cotton trailers.

Anthony Powers to Play with Sul Ross Band in Austin Dec. 4

Anthony Powers of Crowell, a sophomore student at Sul Ross State College in Alpine, is a mem- ber of the Lab (Jazz) Band of Sul Ross which has been invited by State Senator W. E. "Pete" Snelson of Midland to play in the State Capitol in Austin Saturday, Dec. 4, when the president pro- tempore of the senate will be "governor for a day."

Gov. Preston Smith and Lt. Gov. Ben Barnes will be out of state that day. Snelson is third in suc- cession to the governorship and becomes a state executive officer when Smith and Barnes leave the state.

The Lab Band, founded by its director, Leon Theriot, in 1969, is to play from 9 a. m. to noon that Saturday in the rotunda of the Capitol and at the noon ban- quet honoring the "governor for a day."

The 18-member band will play "Glenn Miller to modern day jazz- rock," Theriot said. Also featur- ed, the 39-year-old director said, will be arrangements from the band libraries of Buddy Rich, Louie Bellson, BS&T (Blood, Sweat & Tears) and the Chicago and Chase.

Anthony, son of Mr. and Mrs. Jack Powers of Crowell, is a trump- et player in the band.

Social Security to Have Representative Here on December 8

Wayne M. Klipping, manager of the Vernon social security office, will be at the community center in Crowell on Wednesday, Dec. 8, at 9:30 a. m. He will take applications for social security.

School to Dismiss Thursday at 2:30

School will dismiss at 2:30 p. m. today (Thursday), according to a news release from the office of a superintendent.

A general faculty meeting will be held following school's dis- missal to make plans for the gov- ernor's visit tomorrow, Dec. 3.

A big afternoon is scheduled beginning at 2:30 tomorrow (Fri- day) as Crowell and Foard County host Governor Preston Smith.

The governor is expected to arrive by plane shortly after noon in Vernon and will be driven to Crowell to begin an afternoon full of activities. He will be speak- ing to the students of the Crow- ell schools at 2:40 in the gym. Supt. Larry Jones will welcome the governor and the CHS band under the direction of James Streit, will play several numbers.

Every student will be given the opportunity to shake hands with Governor Smith as the student body files out of the gymnasium.

Following his visit to the school, the governor will be visiting the Special Technical Assistance Pro- gram (STAP) formed in the four counties of the Economic Oppor- tunities Advancement Corporation of Foard, Hardeman, Cottle and Wilbarger counties. The STAP program is being financed in the four-county area through a grant from the Texas Office of Economic Opportunity.

Keith Vaughn, a specialist in the field, has been assigned to the four-county area to work with the EOAC in community develop- ment in all four counties. Felix Taylor of Crowell is executive di- rector of the EOAC which has its headquarters in the Crowell com- munity center. Joe Meador, also of Crowell and field representa- tive for the Texas Office of Econ- omic Opportunity, is monitor of the STAP programs in this section of Texas.

The governor is expected to tour the Community Action Agency, community center buildings, neighborhood centers, senior citizens program, emergency food and medical services program and self- help housing program.

Since the STAP program con- tract is the first to be awarded, the governor is expected to be particularly interested.

Already, one industry has been secured through the as- sistance of STAP working closely with the Four Winds Indus- trial Foundation. The new in- dustry is one that manufactures plastic fishing worms, and Ernest Larmer, who is working with the Four Winds group, is ex- pected to make a public an- nouncement on the fishing worm manufacturing operation in the near future.

From 4:30 to 5:30 at the local school cafeteria, the governor will be guest of honor at the "Crow Country Coffee" hosted by Crowell residents. Invited guests are residents from Foard, Baylor, Cot- tle, Hardeman, Cottle, Childress, King, Knox and Wilbarger coun- ties. Special invitations were sent to school officials, county and city officials in these counties.

Concluding event will be an ad- dress by the governor at 5:30 in the gym to which everyone is in- vited.

Rep. W. S. Heatly of Paducah will introduce the governor at the 5:30 meeting.

A cold front moving through this area early in the week dropped the temperature to the mid- 30's early Tuesday morning and also brought some moisture to the area.

Students Welcome Governor Smith

The students of CHS feel hon-

ored that the Governor of Texas, Preston Smith, will be visiting our school on December 3. The Wildcat band will join in greeting Governor Smith by furnishing music for his scheduled events in Crowell. "Texas Our Texas" will be sung by the student body when he addresses them. The classes in CHS are expected to prepare signs in honor of the Governor.

The students of CHS are honored by the visit from the Governor and want to roll out the "red carpet" at his arrival.

Write a Letter To Santa

CHS students, how creative are you at writing letters to Santa? Can you dash out an original letter in 25 words or less telling Santa what you want for Christmas? If so, get busy. Letters should be handed in by December 10. Turn your letters in to either Mrs. Halbert or Daryl Halenack. Your letters will be judged on theme, humor, originality, and brevity and the winning letters will be published in the Christmas edition of the Wildcat.

Senior Sidelines

Seniors enjoyed their Thanksgiving holidays very much and are anxiously awaiting the Christmas ones. When asked what they did over the holidays a few seniors

replied:

Carolyn Jones: I stayed at home.
 Trey Autry: I slouched around and watched the football games.
 Bill Erwin: I went to my aunt's for dinner and watched the OUNebraska game.
 David Stapp: I went deer hunting in Graham.
 Robert McElroy: I went hunting.

Term themes in Texas history are just around the corner. They will be due the day school is dismissed for the holidays.

Book reports are coming up again in English IV. The next one is due December 13. Read, read, read!

In Homemaking III, the girls are sewing this semester. Many find their patience thinner than they thought.

The Junior Journal

American history is one of the busiest classes for the juniors. So far this year, they've helped all of the explorers to explore a new continent, helped settle and colonize, helped to break away from England's tyranny, and helped to establish a democratic government. All of this helping is hard on the juniors! Besides the discussions and study guides everyone does on each chapter, book reports and periodicals are a part of the work required by Mr. Ward. Each student will give an oral book report some time during the year, while a written report is due once each six weeks. Each person has to report on fifteen pages of periodicals before Christmas. As you can see, Mr. Ward does not believe in taking it easy.

Junior boys are quite interested in basketball (though Joe Tomaneck decided he didn't like it when he found out that the ball isn't edible.) Rocky Bachman, Jackie Blackburn and Rex Driver are traveling with the varsity team this year. Jackie Houck, Grover Reed and John Urquiza are leading the junior varsity onward. Good luck this year, you guys! P. S. Thanks, Ruth Brown, for helping the Wildcat staff with the news this week.

Sophomore News

Sophomores enjoyed their extra long week end and dreaded coming back to school on Monday. The Drama Club has begun work on its Christmas play and several will be trying out.

Tuesday night, the girls' and boys' basketball teams traveled to Harrold and Friday night the boys will travel to play Notre Dame. Good luck, Cats!

Freshman Frolics

Last Wednesday the Homemaking I girls had a fondue party. We

all got to eat goodies such as "chocolate covered bananas" and "Butterscotch oranges." Although we didn't follow the tradition of being kissed if we dropped the food (it is an all-girl class) we still had a lot of fun.

The freshmen girls in basketball are Carolyn Sparkman, Rita Washburn, Sally Gerhardt and Teresa Coleman. There may not be very many of them, but what they lack in number, they make up for in spirit. Remember, it's quality, not quantity!

All the freshmen enjoyed the holidays very much and dreaded coming back to school on Monday. We're back, though, and counting the days until Christmas.

Basketball

Tuesday night, Nov. 22, the girls played Vernon and won 55-26. Rhonda Howard was high point with 18 points. Jo Ann Gerhardt had 11 and Rhonda Veceera had 10. Rhonda Swan was outstanding on her guarding.

The junior varsity boys defeated Quannah 43-27. Jackie Houck was high point with 17 points. Lloyd Waggoner was second with 12.

The varsity boys were defeated by Quannah 39-21. Terry Farrar and Billy Ray Neal had 6 points each.

Crowell has a tournament coming up the week end of December 9, 10, 11. This is really going to be something you shouldn't miss. Everyone try to be there to boost our teams.

Crowell varsity and junior varsity will travel to Notre Dame in Wichita Falls Friday night. The JV will play at 6:30 and the varsity immediately after. Dec. 7, Harrold will come to Crowell and the varsity boys and girls will play starting at 6:30.

This year Crowell has a number of team players. I would like to take this opportunity to introduce them to you. Boys: Billy Ray Neal, Ronnie Naylor, Randy Dorsey, Bob Burkett, Emmitt Newman, Jackie Blackburn, Terry Farrar, Rex Driver, Lee Jay Whitley, Harry Lee Swan, Rocky Bachman, Ernest Barrera, Grover Reed, Don Sparkman, Nathan Frater, John Urquiza, Bob Taylor, Arthur Cerda, Jackie Houck, Bob Brown, Keith McDaniel, Jackie Eavenson, and Lloyd Waggoner. Girls: Bette Sue Barry, Rhonda Swan, Rhonda Howard, Rhonda Veceera, Babs Streit, Sharon Brown, Cheryl Branch, Jo Ann Gerhardt, Nora Durham, Remelle Marlow, Debra McDaniel, Sally Gerhardt, Teresa Coleman, Vernell Morris, Rita Washburn and Carolyn Sparkman.

Managers: Jimmy Garvin, Don Morgan and Lee Meads. Bookkeepers, Cindy Wisdom and Mrs. Bob Cook. Coach, Bob Cook.

Pep Squad News

Did anyone notice the full stands and overwhelming spirit last week when the Cats played their first home game of this basketball season? Well, the players did! The teams think it is really great that the CHS students can take time from their various activities and support the Wildcats by their attendance at the games. The Pep Squad and cheerleaders are really doing a great job of leading the other fans in cheering. We want to say a special thanks to all of the town's people who support the mighty Wildcats.

**Cafeteria Menu
 December 6-10**

Monday: fish burgers, potato chips, lettuce, tomatoes, pickle slices, cherry cobbler, milk.

Two Minutes With the Bible

"A Stone of Stumbling"

Some thirty years after the death and resurrection of Christ, St. Peter wrote to the believers of the dispersion:

"Unto you therefore which believe He is precious; but unto them which be disobedient, the Stone which the builders disallowed, the same is made the head of the corner.

"And a stone of stumbling, and a rock of offence, even to them which stumble at the word, being disobedient . . ." (1 Peter 2: 7, 8).

It is true that Israel's builders, 1900 years ago, "disallowed" Christ as the cornerstone for their building, and that when He became the "Head of the corner," according to Psa. 118:22, it was for them an occasion for stumbling and embarrassment.

But Christ is a "stone of stumbling" to all who reject Him. In Rom. 9:33, St. Paul quotes from several Old Testament passages: "As it is written, Behold, I lay in Zion a stumblingstone and rock of offence; and whosoever believeth on Him shall not be ashamed."

In Peter's day and Paul's, those who looked upon Christ as their cornerstone were never given cause to be ashamed. It was those who disallowed and refused Him; it was they who kept stumbling over Him and were constantly embarrassed by Him.

So, today, those who put their trust in the crucified, risen Christ are eternally secure and will never be put to shame for having done so. But those who reject Christ keep forever stumbling over Him. They hear him preached over the radio, they see Him offered as the One who died for their sins, they are constantly confronted with His claims and they are embarrassed. They keep forever stumbling over Him.

Moral: Trust Him as your personal Savior, for "whosoever believeth on Him shall not be ashamed."

Social Security News

When you plan your family's security don't overlook your protection under social security. Nine out of ten working people in the United States are now building protection for themselves and their families under the social security program. When earnings stop or are reduced because the worker retires, dies, or becomes disabled, monthly cash benefits are paid by social security to replace part of the earnings the family has lost.

District Attorney Issues Booklet on Crime Prevention

Prevention and prosecution of the more common types of commercial crimes is the subject of a new booklet issued by District Attorney Bill Neal and to be distributed by local law enforcement officers to businessmen and other interested citizens in this area.

The drive to prevent and to more effectively prosecute such common commercial crimes as giving worthless checks, forgery, shoplifting, credit card frauds, vandalism, burglary, theft, robbery and other commercial fraud practices was announced last week by Mr. Neal at a meeting of area law enforcement officials.

Attending the meeting were Vernon Police Chief Walter Suttle, Wilbarger County Sheriff Lorin Smith, Hardeman County Sheriff Chester Ingram, Foard County Sheriff Edward Howard, Chillicothe Constable E. A. Stone, and Mr. Neal.

The booklet includes an explanation of the Texas criminal law in each of these areas as well as a discussion of how businessmen can protect themselves, and finally, if victimized, how to report the crime and assist in the prosecution.

Mr. Neal said that he and local officers in the three-county area would begin distributing the booklets immediately. Also, the booklets will be available to any citizen at any of the law enforcement offices in the district or the district attorney's office.

Other topics discussed at last week's meeting included the adoption of a standardized offense report form, the preparation of criminal complaints and search warrant affidavits and other current law enforcement problems.

Another district law enforcement conference has been scheduled for January 24, 1972, in Quannah, Neal added.

whether he will enter the lieutenant governor's race or stand for re-election.

Republicans, calling for a "top to bottom cleanup" in state government, began recruiting preliminary candidates for the governor's race. (They already have a U. S. Senate candidate, incumbent John Tower).

The Republicans, in an informal statewide poll of gubernatorial preferences, came up with S. Ross Perot, wealthy Dallas businessman, who is a political independent, as their favorite.

La. Gov. Ben Barnes and Dolph Briscoe, Uvalde rancher-banker, continued full-fledged campaigns for governor. Sen. Ralph Hall of Rockwall and Houston newspaper executive William P. Hobby Jr. have been in the lieutenant governor's race for months.

COURTS SPEAK — Texas Court of Criminal Appeals upheld a new law which allows those accused of crimes to waive rights to a grand jury indictment before trial in cases where the death penalty is not applicable.

In other recent cases the Court of Criminal Appeals held:

- That photographs of a bloody death scene are not automatically prohibited from consideration in murder trials.
- COURT COST "SURTAX" IS PROFITABLE** — Some 716 cities and the 254 counties collected \$335,348.70 during September from a new "surtax" on court costs earmarked for improving criminal justice.
- Comptroller Robert S. Calvert reported on first collections under the law. Money will meet state and local matching fund needs for federal grants under the Omnibus Crime Control Act.
- The new law provides an additional court cost assessment of \$2.50 for a misdemeanor case conviction in a court where jurisdiction is limited to a \$200 maximum fine and specifically includes traffic violations. It also directs a \$5 additional charge on other misdemeanor convictions and \$10 for felony convictions, to be collected as other fines or costs in cases.
- HOSPITAL PLAN AVAILABLE** — A draft of the 1972 Texas state plan for construction and modernization of hospitals and related medical facilities is available for public review at the State Health Department here. The plan is the basic document on which the State Board of Health will make recommendations for federal Hill-Burton grants and subsidized loans.
- Fifty applicants are requesting \$44.5 million in Hill-Burton grant funds and \$58.3 million in mortgage insurance. The requests are aimed at providing financing for construction in excess of \$215 million. Hill-Burton provides both grant and loan programs to build and modernize general hospitals and long-term-care facilities, outpatient centers, tuberculosis hospitals and public health centers.
- The Texas plan also contains a complete inventory of most health facilities in the state, a delineation of 124 service areas, determination of area needs and priorities and methods of administration.
- VETS PROTEST NEW SCHOOL** — Creation of a new veterinary medical school at Texas Tech will contribute to an oversupply of veterinarians in the state, Texas Veterinary Medical Association stated.
- TVMA said the money could be spent better in aiding medical professions which have a shortage of doctors. Vets educated in Texas are already having to go out of state to get jobs, the association argued.
- Short Shorts**
- A Democratic fund-raising reception here December 6 will cost \$2,000 per — to hot-stub with Sen. Hubert Humphrey and Congressman Wilbur Mills. A \$25-a-plate dinner follows.
- State Republican leaders demanded removal of Secretary of State Bob Bullock. Bullock said he intends to stay.
- Texas Board of Mental Health and Mental Retardation delayed site selection for a new school for the mentally-retarded in the Dallas-Fort Worth area. Fort Worth, Hillshire, Cleburne, Waxahatchie, Emus and Mineral Wells offered locations.

Vernon Social Security Office Is Place To File Complaints on Nursing Homes

The Vernon social security office, along with social security offices in 850 communities around the country, has been appointed by Secretary of Health, Education and Welfare Elliot L. Richardson to serve as a local center to receive complaints about substandard conditions in nursing homes.

Persons who have information about instances of poor quality care, neglect, unsanitary, or unsafe conditions in a nursing home may give that information to the nearest social security office in person, or by letter or phone. If desired, the name of the person making the complaint and the name of the nursing home patient will be kept confidential, Wayne Klipping, social security manager in Vernon, noted. The social security office will see that the complaint gets to the proper federal, state, or local authority for investigation.

The designation of the nation's social security offices as "nursing home listening posts" is preliminary to a plan announced by Secretary Richardson for the establishment of an ombudsman system in the states. The ombudsmen would take complaints and suggestions about nursing home care

and make sure they get to the right people. They would also find out what nursing home patients think—not only about the facilities where they live, but also about alternatives to nursing home care—ways in which older people may be enabled to stay in familiar surroundings instead of being institutionalized.

Among steps already taken by the HEW department, more than 100 extended care facilities have had their approval terminated because they failed to meet health and safety standards.

Judy Lynn to Star at Fat Stock Show Jan. 28-Feb. 6

An all-new Judy Lynn Show will headline the special entertainment at the 1972 Southwestern Exposition and Fat Stock Show Rodeo Jan. 28 through Feb. 6, according to an announcement by W. R. Watt, president-manager of the stock show.

"Judy Lynn's performance last year was well received by stock show rodeo visitors and we have had numerous requests to bring the show back again," Watt said. "However, she has made some innovative improvements in her show that I'm sure will make the 1972 rodeo show the best ever."

The Judy Lynn show, featuring the pert blonde singing star of Ameret Records, and her six-piece western band, will appear at each of the 20 rodeo performances.

The opening show will be at 8 p. m., Friday, January 28. A special 10 a. m. show is set for Saturday, Jan. 29. Other performances will be at 2 p. m. and 8 p. m. daily through Feb. 6.

Watt said tickets are priced at \$3.00 for the special 10 a. m. rodeo Jan. 29 and all 2 p. m. shows Monday through Friday. All 8 p. m. and Saturday and Sunday afternoon shows are \$2.50 per seat.

"In Santa Ana, California," observes The Kansas Power and Light Company, "a two-story office building with 24,000 square feet has no light switches. The owner expects three-way savings: eliminating light switches saves electrical system design, construction and maintenance costs; constantly burning lights will have longer life; and heating costs will be reduced."

Auto Club Offers Safety Guidelines For Purchase, Use of Mini-Bikes

Minibikes represent the nation's fastest-growing recreation among children 10 to 14 years old. By the end of the year, more than 1 1/2 million of these vehicles will be in use in the United States, and most will be operated by this younger age group.

The trend has fanned a controversy between those who say minibikes help youngsters develop skills needed for operating a motor vehicle, and those who say they represent a serious safety hazard.

Last summer, the Department of Transportation made clear its stand on the issue. Warning parents that the minibike's soaring popularity will be accompanied by a "parallel" growth in fatal crashes," it said that it "categorically opposed all use of minibikes on sidewalks or streets."

The American Automobile Association agrees that minibikes can be unsafe. In their simplest form, they consist only of a frame, two wheels, a seat and an engine. Some are not even equipped with a brake.

Still, recognizing the fact that some parents will be buying a minibike for their child this

Christmas, AAA says that the parents must assume responsibility for purchasing one that is safely built.

For, although the federal government is developing standards for motorcycles—to which minibikes designed and equipped to be licensed would be subject—there are no such standards for minibikes built for unlicensed use. And the latter type of vehicles young children operate.

AAA says these are the safety features parents should insist upon:

1. A small engine to prevent excessive speeds.
2. A good braking system.
3. A well-guarded chain and flywheel.
4. Suspension on at least one wheel.
5. An accelerator that operates freely and does not stick in the open position.
6. A conveniently located "kill" button to stop the engine.
7. Fenders to prevent the throwing of rocks and dirt.
8. Square cross-section tires impede steering and should be avoided. Large tires are preferable to small tires, especially on rugged terrain.

Before closing the sale, minibike purchasers should obtain a complete instruction manual, and make certain that a reasonable warranty on all parts is provided.

After the purchase, AAA advises owners to insure the minibike, since it can become involved in an accident.

Once the youngster takes possession of the new bike, strict rules governing its use should be set. Parents, AAA says, should:

- Conduct a practice driving session under their supervision on a flat, large area free of obstacles.
- Make certain the rider is wearing protective apparel, including proper clothing, helmet, eye protection and sturdy shoes.
- Determine a speed limit adjusted to the youngster's age and abilities.

—Instruct the child to obtain the approval of the owner when operating the bike on private property, and to observe the rules when riding in a public park.

—Instruct him to cut off the engine when walking the bike across the street or when leaving it unattended.

—Caution him to avoid touching a hot muffler or exhaust pipe.

—Above all, see that the minibike is operated only in areas where it is both safe and legal.

The auto federation points out that proper maintenance of the minibike also is an important safety factor. Parents or older youngsters should regularly adjust the drive chain, oil the brake, chain and other moving parts, keep tires properly inflated, adjust wheel bearings to eliminate play, check the brake for proper adjustment, and inspect nuts to make certain they are tight.

County Federation

The Foard County Federation of Women's Clubs held a regular meeting at the community center Monday. The president, Mrs. Grover Moore, presided and Mrs. Lewis Sloan served as secretary-treasurer pro-tem and reported a balance of \$122 in the library fund and reminded the clubs the library operated mainly on donations and urged each to contribute or solicit for additional money to buy books, magazine subscriptions, etc.

The Gambleville club was in charge of the program and Mrs. Moore opened the program with a patriotic poem and a devotion was given by Mrs. Ramon Rasberry. Mrs. Clarence Garrett spoke on the Texas Home Demonstration Association, giving its history and program; and then introduced the HD agent of Foard County, Mrs. Peggy Meads, who gave a talk on her work.

Mrs. Garrett stated the THDA was founded in August 1926 by 399 women attending a farmers short course at Texas A&M. Its primary purpose was to establish a scholarship of \$200 for a deserving 4-H girl. The scholarships have grown to a total of six—three at \$500, one at \$300, one at \$200 and one at \$100. Two girls from Foard County have won the Helen H. Swift \$500 scholarships—Cecilia Drabek in 1962 and Linda Mechell in 1963.

Home demonstration clubs are organized for a three-fold purpose 1 to study homemaking, develop and put into practice the best methods involved in successful homemaking; 2 to offer homemakers an opportunity for self development; 3 to advance community interest and life. They meet twice a month and the council meets once a month.

There are 1239 clubs and 13,000 members in Texas. Foard County has three clubs with forty-two members.

In her talk, Mrs. Meads said the home demonstration agent acts as consultant and advisor not only

to clubs but to any resident of the county. She works through program building and family living committees. Areas included are management in the home, family living, youth development, leadership development, public affairs education, community improvement and resource development. Literature on these programs may be obtained from her office.

Refreshments were served to 17 members by hostesses from the Gambleville club.

Chase's Idea

"Did You Know?" queries Commerce magazine, that "Salmon P. Chase, President Lincoln's treasury secretary, first came up with the idea of decorating currency with pictures of famous people. Chase, who later became chief justice of the Supreme Court and namesake of the Chase Manhattan Bank, had in mind to run for president. He thought he could boost his image by appearing on the dollar bill. Washington replaced him there, but Chase is on the \$10,000 bill."

Seymour Preacher Is Rotary Club's Speaker Nov. 24

Rev. J. Lennol Hester, pastor of the United Methodist Church in Seymour, spoke on "In Every Life There Is a Providence Road" at the Wednesday, November 24, luncheon meeting of the Rotary Club of Crowell. "Thanksgiving is a time to start living on that providence road," Bro. Hester said. He was introduced by Rotarian Walter Driver.

Keith Vaughn of Austin was also a visitor at the meeting.

Miss Hammonds Becomes Bride of Kenneth Carroll

In a candlelight ceremony solemnized in the First Baptist Church in Crowell Saturday evening at 7 o'clock, Miss Katherine Lynn Hammonds became the bride of Kenneth Wayne Carroll, Rev. T. Glenn Willson, pastor of the First Baptist Church at Amherst and formerly of Crowell, performed the double ring rites.

The bride is the daughter of Mr. and Mrs. William L. Hammonds of Thalia and the bridegroom's parents are Mr. and Mrs. Elton Carroll of Crowell.

Archways of palms and candelabra entwined with salal greenery and centered by epergnes of white carnations, baby breath and votive candles in frosted cups formed the nuptial scene. The wedding arch was flanked by tree and spiral candelabra covered with greenery. Church windows held triple taper arrangements to com-

plete the decor.

Candlelighters were Rick Hammonds, brother of the bride, and Roger Hammonds of Lockett, cousin of the bride.

Traditional wedding music was played by Mrs. Curtis Casey of Truscott, organist, who accompanied Miss Jon Ann Carter of Lubbock as she sang the "Wedding Prayer" and "Twelfth of Never."

Given in marriage by her father, the bride wore a formal empire satin organza gown with re-embroidered Alencon lace accenting the bishop sleeves. Tiny bridal buttons extended from the high neckline to the lace encircled hemline. Her matching re-embroidered Alencon lace edged mantilla fell to a chapel train. She carried a cascade bouquet of white roses, cymbidium orchids, baby breath and stephanotis with white velvet rope.

Maid of honor was Miss Sara Beth Collins of Dallas. She was attired in an empire formal gown of beauty red Saki with square neck and full puffed sleeves. She

carried a white fur muff. Bridesmaids were Miss Nikki Doby of Fort Leavenworth, Kansas, Miss Linda Gray of Vernon, Miss Ilagene Stages of Dallas and Miss Pam Carter of Waco. Their gowns were identical to that of the honor attendant and each carried a white fur muff. Headpieces were cloches of Saki and lace.

Ring bearer was Duane Carroll of Truscott, nephew of the groom and flower girl was Miss Stephanie Ekern of Vernon.

Serving as best man was Robert A. Holder of Fort Lauderdale, Fla. Groomsmen were Philip W. Thompson of Denton, Paul Bax Ekern of Vernon, Bob Queal and Ray Newham, both of Dallas. Ushers were Mike Dietrick, Roy Paul Dodson, William L. Smith and John E. Lee, all of Dallas, and Jimmy Leverett of Denton.

For her daughter's wedding, the bride's mother selected a soft green organza A-line dress with belted waist and matching accessories. The bridegroom's mother chose a delicate yellow polyester A-line knit with matching accessories. Both wore corsages of cymbidium orchids.

Reception

Immediately following the ceremony, the parents of the bride were hosts for a reception at the home of the bride's maternal grandmother, Mrs. Loyd D. Fox of

We Can Save You Money!

CALL 684-4311

It takes more than memories to make it from day to day.

Someday you'll be old. When you are, you'll find that though you can taste memories, you can't eat them. Though memories can give you a warm feeling, they aren't shelter from the cold.

There's no substitute for money when you're old.

And you can have that money if you start building your nest egg now, while you're still feeling young.

One of the very basic things you can do is join the Payroll Savings Plan where you work or the Bond-a-Month Plan where you bank. Buying U.S. Savings Bonds this way makes saving almost painless.

And now there's a bonus interest rate on all U. S. Savings Bonds—for E Bonds, 5 1/2% when held to maturity of 5 years 10 months (4% the first year). That extra 1/2%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 . . . with a comparable improvement for all older Bonds.

Start your savings plan now.

And may all your memories be happy ones.

Take stock in America.

Stocker Health Seminar Slated for December 15th in Seymour

The dollars invested in young beef animals foraging this winter on small grains in the Texas Rolling Plains are in the millions.

To help protect those millions with a view also to increasing the net profits from them is the purpose of the R-PEP Stocker Health Seminar in Seymour at the city auditorium Dec. 15.

Registration fee is to be \$2, and the program begins at 2 p. m., emceed by Baylor County farmer-rancher Lawrence Harmel.

The seminar is one of several educational projects in the long-

range plan of work adopted recently by the R-PEP Beef Cattle Task Force, whose chairman is himself a veteran cattleman, Stanton Brown, manager of the League Ranch near Benjamin.

(R-PEP, the short of "Rolling Plains Economic Program," initiated four years ago by area citizens and the Texas A&M University College of Agriculture to increase net agricultural income in the 29 counties of the area).

Two speakers are scheduled: Dr. C. E. Deyhle of Clarendon, consulting veterinarian for several West Texas feedlot operations, who will talk on preventing and treating many common diseases of stocker calves, especially from the time when they are weaned.

Pat Sheppard, who with his father is owner and manager of the Grady Sheppard Feedlot at Hale Center, will discuss "preconditioning," or how to treat stockers about to enter the feedlot.

Foard County residents are invited to attend this meeting.

In 1970 approximately 19 of every 100 law enforcement officers were assaulted in the line of duty. This is an increase of 11 per cent over 1969. Six per cent of these assaults involved the use of firearms. Assaults resulting in injury totaled an estimated 25,800. Assaults with no injury totaled 47,200.

"Strengthening Wheat Producers' Income" Theme for Dec. 9 Meeting

"Strengthening Wheat Producers' Income" is the theme chosen for the 21st annual meeting of the Texas Wheat Producers Association Thursday, December 9, according to Leo Witkowski, association president of Hereford. The one-day session will be held in Amarillo at Holiday Inn West with attendance expected from throughout the wheat producing areas of the state. The speakers' roster resembles a "who's who" in national wheat leadership, with participants coming from Washington state to Washington, D. C. and from South Dakota to Texas.

After a 9 a. m. registration, a film, "Go Power," the story of wheat production, marketing and utilization will be shown at 9:45. The morning chairman is Dwight Hamilton, TWPA vice president, of Olney.

"Managing Resources on the Farm" for more producers income

will be discussed by Ed Garnett, Texas A&M extension farm management specialist.

"Administration of Government Programs" for more producers income is the topic to be presented by Claude B. Freeman, acting director, grain division, ASCS, U. S. Department of Agriculture, Washington, D. C.

Dean Parsons, a Wall, South Dakota wheat producer who just returned from a wheat market expansion search in several Asian countries, will discuss the potential for strengthening wheat producer income through "Foreign Market Expansion." Parsons is serving the first of a two year term as president of Great Plains Wheat, Inc., which is the foreign market development arm of wheat producers nationally and is supported through state wheat commissions. Joe Halow, executive vice president of GPW, headquartered in Washington, D. C., will assist Parsons in the foreign marketing discussion. Halow, earlier this month was a member of a five-man U. S. mission to study the potential for future wheat, corn, milo, soybean sales to Eastern European countries.

C. L. Edwards, secretary-treasurer of TWPA, will chair the afternoon session. Edwards is a Carson county wheat producer from Panhandle. He will introduce Gene Moos of Edwall, Wash., and Jerry Rees, Washington, D. C., who will explain activities that are underway to strengthen wheat producers' income through the National Association of Wheat Growers.

The closing highlight of the convention, which is usually attended by 250 wheat leaders is expected to be a series of organizational progress reports on strengthening producers income presented by officers of several farm organizations and commodity groups, including Farmers Union, Farm Bureau, The Grange, NFO, the Wheat Producers Board and TWPA.

All producers, grain elevator operators, and related agribusiness people are invited to attend all general sessions.

There are nearly 3 million members enrolled in the 4-H programs through organized clubs, special interest groups and 4-H television series. More than a million other youths receive educational assistance from 4-H, bringing total participation to 4 million.

Buying a Christmas Tree

Christmas trees will soon be on the market, and a few simple procedures can assure you of selecting and keeping that perfect tree this season. First of all, determine where the tree will be displayed in the home so that you will know what size and shape of tree to select, says Bill Smith, extension forestry specialist. Buy the tree early so that you can be more selective in your choice of a fresh tree. Check for signs of needle shedding and brittleness to indicate excessive drying. When moving the tree indoors, cut the butt end at a diagonal about one inch from the bottom and place it in water. Keep the butt end of the tree in water during the entire time it is in the home.

A study of 16,332 offenders released to the community in 1965 disclosed that 63 per cent had been rearrested by the end of calendar year 1969. Of the offenders who were under 20 when released in 1965, 74 per cent were rearrested during the four-year period. This is nearly identical to a four-year experience of a group of offenders released in 1963.
