Second Primary Ballots Ready for Election June 3rd

Absentee Voting Gets Started on Wednesday, May 24

The Democratic ballots for the second primary have been printed and are ready for absentee voting which got underway Wednesday, May 24. The second primary is set for Saturday, June 3.

There are no local races on the ballot as they were all settled in the first primary, but there are four state-wide races listed. For U. S. Senator, Barefoot Sanders and Ralph W. Yarborough are listed. In the governor's race it's Mrs. Frances Farenthold and Dolph Briscoe; for lieutenant governor, it's Wayne W. Connally and Bill Hobby; and for controller of public accounts, Robert S. Calvert and James (Jim) Wilson are in the run-off.

Odd Fellows to Present 50-year Pin Thursday

Crowell IOOF Lodge will host a past grand master of the state Odd Fellow organization at a meeting to be held tonight (Thursday) at the local hall beginning at 8 o'clock.

The past grand master is Clyde O. Hicks of Wichita Falls. Noble Grand of the local IOOF Lodge, Clint White, said that a 50-year membership pin will be presented by Mr. Hicks to a local member.

All area Odd Fellows are invited and urged to attend this meeting.

Little League Baseball Action Listed for Week

Little League baseball action for the coming week pits Foard County Mill against VFW in the 6 p. m. game Friday, May 26, and in the 8 o'clock game, it's Farmers Elevator vs. Crowell State Bank.

On Tuesday, May 30, in the 6 o'clock game, VFW will go against Crowell State Bank and it's the Farmers Elevator and Foard County Mill squaring off in the 8 o'clock game.

Boys Urged to Register for Pitch, Hit and Throw

Foard County boys ages 9 through 12 are being urged this week by Houston and Randy Adkins, to come to their Phillips 66 station and sign up for the 1972 Pitch, Hit and Throw contest.

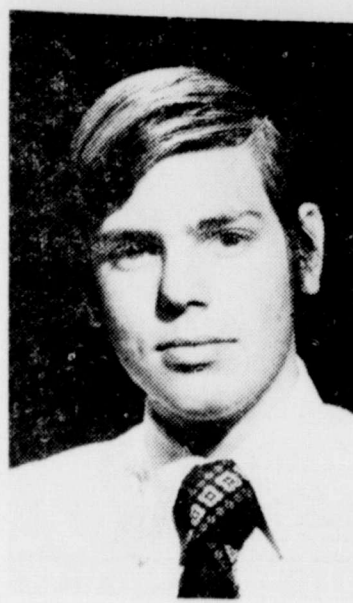

Loy Hopkins Family Moves Back to Crowell from Alamosa, Colo.

Mr. and Mrs. Loy Hopkins and two daughters, Patti and Karen, have moved back to Crowell from Alamosa, Colorado. They bought the Grover Cole home in the northwest part of town and have been remodeling the house.

Mr. Hopkins is employed in the construction of the new housing units in Crowell. The Hopkins family moved to Alamosa about two years ago.

To Preach Sunday at Free Will Church

Rev. Dean Thompson of Kermit will preach Sunday morning at the Free Will Baptist Church.

JOHN ZAK

Grandson of Local Couple Receives Best Actor Award

John Zak, son of Mr. and Mrs. Ed Zak of Saugus, Calif., and grandson of Mr. and Mrs. Hubert Brown of Crowell, has been honored with his Canyon High School's Anna Award for Best Actor in the school's spring musical, "Oliver."

The cast and production staff of over 125 students gave seven performances in the Newhall, California, Hart Auditorium during April and received an enthusiastic standing ovation after each performance. Following are excerpts from a review printed in the Newhall Clarion newspaper:

"From the moment the Hart Auditorium curtain rose, to the last few strains of 'I'd Do Anything for You,' as the cast stood assembled for the finale, the Canyon High School production of Lionel Bart's musical, 'Oliver,' was pure entertainment. It was a professional production in nearly every sense of the word. The set deserves mention. A replica of the original used in the London and Broadway versions, it was a pleasing mass of interchanging stairways, concavities, platforms and cat-walks with a central structure that revolved to become an undertaking parlour, a thieves' den, and a London street, all with equal effectiveness.

"The high point of the evening was Canyon student John Zak in the role of the lovable old ne'er-do-well, Fagin. His slinking movements, his strong, hearable voice, his obvious confidence in the part and his professionalism spelled out that John Zak definitely was Fagin. His lengthy solo of 'Reviewing the Situation' received the most applause of any song that evening, and deserved it."

Another reviewer of the play wrote, "The indisputable king of Canyon's production of 'Oliver' was John Zak in his most challenging role as the scruffy old pick-pocket, Fagin. With the assistance of wig, make-up, costume and his own ability, Zak became Fagin right before the eyes of the appreciative audiences. John Zak stole the show." Reviews in other newspapers of the area also praised John's acting and singing abilities.

Besides being active in the drama department, John is also a member of the school's Men's Chorus, Varsity Choir, and Madrigal Singers which give concerts in surrounding cities as well as in the Newhall-Saugus area. He has done the lighting for many of the school's plays and for the Canyon Theater Guild (Community Playhouse); he has served as president of the Junior American Field Service Club for two years; has been photography editor of the school newspaper; and is a member of the Spanish Club and the California Scholarship Federation.

John will graduate from Canyon High in June and will enter UCLA in the fall, majoring in Theater Arts-Film and TV.

Mr. and Mrs. Brown, who flew to California to see John in the musical production of "Oliver," have now returned to their home in Crowell.

Grade School Graduation Held Last Thursday

Forty-two members of the eighth grade of the Crowell Elementary School were graduated into Crowell High School in exercises held last Thursday afternoon in the high school auditorium.

Jana Glover and Ann Seedig played the processional; Larry Jones gave the invocation and Gordon Erwin welcomed the guests.

Lance Worley, president of the CHS Student Council, welcomed the graduates into high school. Following a piano duet by Connie Werley and Pam Whitley, the salutatory address was given by Rocky Glascock, followed by special music by Terrie Carr, Terrie Eavenson, Kim Norman, Pam Whitley and pianist Betty Collins.

Stephen Stapp gave the valedictory address and Jacquelyn Brown led the candle lighting ceremony. Anita Vecera played the recessional.

Honor students of the class are Stephen Stapp, valedictorian; Rocky Glascock, salutatorian; Dean Smith, Vickie Tole, Kimberley Norman, Stan Gentry, Minerva Fuentes, Sulema Santos and Rita Black.

Other members of the class are David Bell, Terrie Carr, Lydia Cerda, Betty Collins, Dennis Coe, Duane Daniel, Rayford Dorsey, Terri Eavenson, Dee Finley, Gene Fish, Randy Foster, Stacy Garrett, Faretta Gatewood, Delbert Glover, Billy Halenack, Myron Halenack, John Hernandez, Lupe Martinez, Ernie Myers, Richard Naylor, Keith Nichols, Vickie Pharis, Sylvia Quintero, Christi Shirley, Lane Simmons, Mark Smith, Kathy Sparkman, Sheryl Swearingen, Ronnie Swan, Connie Werley, Melvin Westover, Pam Whitley and Jack Whitley.

PeeWee Draft Held Last Thursday; First Game Is June 1st

Drafting of players for PeeWee baseball for the season was held last Thursday afternoon at Little League field.

Domingo Martinez is manager of the Bobcats, replacing Melvin Dishman, who resigned, and the roster for the Bobcats is composed of Lonnie Mitchell, David Dunn, John Halsell, Dean Werley, Lloyd Daniel, Larry Criss, Paul Quintero, Eddie Rodriguez, Ruben Santos, Fitzgerald Byrd and Joe Brown.

The Bobcats will be wearing black caps this year. Bill Klepper is manager of the Rattlesnakes and his team roster is composed of Tommy Russell, Ken Gentry, Dan Klepper, Ray Don Werley, John Henry McGee, Vincent Anderson, Michael Branch, Freddy Collins, Ronald Neel, Roger Hardy, Marlon McBeath and Guy Todd III.

The Rattlesnakes will be wearing red caps.

Pee Wee action will get underway at 7 p. m. Thursday, June 1.

Taylor Johnson Takes Job with Childress Public School System

Taylor Johnson has been named to a teaching and coaching position with the Childress public school system.

Johnson held a similar position in Quanah the past four years and had his resignation accepted by the Quanah school board at its last meeting.

Mr. Taylor, a graduate of Crowell High School, is a son of Mr. and Mrs. Henry Johnson of Crowell.

Earl Ford Wins Trip to Frigidaire Factory in Dayton, Ohio

Earl Ford, West Texas Utilities Company serviceman in Clarendon, is one of seven WTU servicemen and local managers who won a trip to tour the Frigidaire factory in Dayton, Ohio, June 1 and 2.

Ford and his family formerly resided in Crowell when he was a serviceman in the local WTU office.

ATTENDS CONFERENCE—Emmitt E. Howard, Sheriff of Foard County, recently attended the First Annual Conference on Jail Administration held at Sam Houston State University at Huntsville. Dr. George Killinger, director of the Sam Houston Institute of Contemporary Corrections, presented Howard a certificate recognizing his participation in the conference.

WHEAT HARVEST TOPS HALF-MILLION BUSHELS

The first load of Foard County wheat came in Monday of last week, and since that time the combines have really been rolling.

A check with the county's

three elevators Tuesday morning shows that a total of 573,291 bushels of wheat have already been delivered to the elevators.

Generally, the wheat is turning out better than expected prior to the beginning of harvest. With the abundance of combines and continued fair weather, harvest should wind up within the next week.

None of the elevators reported that they had received any oats.

Scholarships to Summer Band Camp Awarded

Summer band scholarships for CHS students have been made to two outstanding CHS band students.

This summer Miss Babs Streit will receive a full scholarship to band camp and Arthur Cerda will receive a half scholarship to band camp.

Wilbarger Firm Buys Three-Star Grain Company

Three-Star Grain Co. of Thalia, owned and operated by Floyd Webb and Mrs. Fay Whitman, has been sold to Wilbarger Elevators, Inc. of Vernon.

The new owners are operating the facility this grain season. The name of the firm will not be changed.

Elevator and Bank Take Little League Wins Thursday

Little League baseball action last Thursday night saw Farmers Elevator take a 12 to 2 win over VFW in the 6 o'clock game, and in the 8 o'clock game, it was Crowell State Bank 22, Foard County Mill 7.

In the 8 o'clock game, Tyrone Tucker blasted the first home run of the year. Tucker's homer also was a grand slam as the Bank had the bases loaded at the time.

Two New Vehicles

Two new vehicles were registered here last week: May 16, Marvin L. Myers, 1972 Chevrolet pickup; May 18, James Sandlin, 1972 Chevrolet pickup.

Letters to Editor Must Be Signed

A letter to the editor signed "A Concerned Student," was printed in last week's edition of the News and the name was withheld at the request of the writer. The letter, with the signed name, is on file in this office.

This explanation is made to stress the fact that unsigned letters to the editor will not be used in this paper. All letters must be signed, but the name will not be used if the letter writer so wishes.

WIN NEW CADILLAC—Mr. and Mrs. J. C. Thompson of Plano, right, are shown as they received the keys to a new gold colored Cadillac they won in a recent drawing at the Southwest Mobile Modular Show at Market Hall in Dallas. Mr. Thompson is the son of Mrs. Daisy Thompson, and his wife is the daughter of Mr. and Mrs. R. C. Johnson, all of Crowell.

Texas Wheat Producers Board to Host Foreign Customers May 28-29-30

A joint Colombian-Guatemalan wheat trade team will arrive in Texas May 28th for a three-day look at wheat production and marketing facilities with eyes toward future purchases, according to Ken Kendrick, chairman of the Texas Wheat Producers Board, host organization. Members of the four-man delegation will include: Ramon Caparrosa, chief of foreign trade, and Fernando Villamizar, chief of planning, respectively, of the Colombian Agricultural Marketing Institute of Bogota, Colombia; Marion Alfredo Rosenberg, manager, Guatemalan Regulatory Office for Wheat Imports; Almo C. Greenman, regional director, Great Plains Wheat, Inc., Caracas, Venezuela.

Columbia expects to buy about 16 million bushels of wheat in the world export market this year, hopefully 95 per cent of which will be from the United States, according to Bill Nelson, executive vice president of Texas Wheat. This level of exports from the United States to Colombia will be up 25 per cent over last year and 55 per cent more than the five-year average.

Guatemala, a much smaller country, will import approximately 3.2 million bushels of wheat this year, but the United States can expect to supply as much as 99 per cent of the total.

All United States wheat sales to both of these countries are cash commercial transactions, according to Nelson, who will meet the group in Houston where they will make a boat tour of the Houston ship channel to view the wheat export facilities.

The officials will arrive in Amarillo on May 30. In the High Plains area they will study quality maintenance during harvesting and country elevator handling as well as terminal elevator storage and shipping techniques. Storage and shipping based on milling and baking quality information will be studied at the Producers Grain Corporation Wheat Quality Laboratories. An informal wheat pricing and marketing discussion will be held with members of the Amarillo Grain Exchange.

After leaving Amarillo, the group will visit Kansas, Nebraska, North Dakota, Minnesota, New York City and Washington, D. C., where other types and qualities of wheat will be appraised and grain trade and government conferences held before they return to their home countries June 16.

The Texas Wheat Producers Board is supported by individual wheat producers through a five-cent per bushel self-assessment on their production for export development, such as for research, insect and disease control, which may add to the income of the producer.

Texas Wheat conducts its foreign market development activities through Great Plains Wheat, Inc., a regional organization supported by wheat boards or commissions from all the Great Plains area wheat producing states in an attempt to find new or expanded markets for United States wheat.

Nearly Half of All Auto Deaths Occur on Week Ends

The Central Illinois Public Service Company reports that nearly half of all auto deaths and injuries occur on week ends, and well over 50 per cent of all highway deaths occur between 6 p. m. and 6 a. m., according to the latest statistics compiled by a national insurance company.

A veteran who buys a home with Veterans Administration financial assistance must certify he won't discriminate in his sale or rental because of race, color, religion or national origin.

Two Minutes With the Bible

The Bible and the American Home

More than nineteen hundred years ago, St. Paul wrote to a young man named Timothy: "From a child thou has known the holy scriptures, which are able to make thee wise unto salvation, through faith which is in Christ Jesus" (II Tim. 3:15).

Timothy was a fortunate young man. His father was not a believer in God, but his godly mother made up for the lack, and her mother helped, as day after day from his earliest childhood, they taught him the Word of God. As a result he came to know Christ as his Savior at an early age, and later became Paul's faithful co-worker and closest associate in making known the wonderful "gospel of the grace of God." In his very last letter, the great apostle recalls Timothy's "unfeigned faith . . . which dwelt first in thy grandmother Lois, and thy mother Eunice" (II Tim. 1:5).

If only we had more such grandmothers today, with husbands to help them! If only our children were not set adrift on a tossing sea of human speculation, but were taught the eternal truth of that Old Book, the Bible!

Certainly the rebellion of so much of our youth against law and authority and morality is directly related to the disappearance of the Bible from the American life. It is not the young people who have been brought up in Bible-reading homes and in church and Sunday school who are making us ashamed today; it is those, from backgrounds both rich and poor, who have been brought up without Bible teaching.

We all need to "know the holy Scriptures," not only because they teach reverence for God and build moral character, but most of all because they "are able to make (us) wise unto salvation through faith in Christ Jesus."

The theme of the Bible, Old Testament as well as New, is the Lord Jesus Christ, the unfolded of whose saving grace are unfolded to us in the epistles of Paul, the chief of sinners saved by grace. It was to Paul that God first committed "the preaching of the cross." It is he who tells us of the riches that flow from Calvary. It is he who declared by divine inspiration:

"... we have redemption through Christ's Blood, the forgiveness of sins according to the riches of His grace" (Eph. 1:7). "That in the ages to come God might show the exceeding riches of His grace in His kindness toward us through Christ Jesus" (Eph. 2:7).

God loves you, Christ died for you. "Believe on the Lord Jesus Christ and thou shalt be saved" (Acts 16:31).

News from the Local Neighborhood Center

by Lucille Carter, director

May has been buzzing this month with activities. The community meeting which was held on June 6 at which time our president, Ben Byrd, appointed a committee of five people to make up our summer program schedule. This committee is made up of Richard Hernandez, Jessie Mooris, Judy Faske, Arleta Halenack and Lucille Carter. Our pre-trainers' graduation program was held at 7:30 on May 4. Larry Jones, superintendent of the Crowell public school system gave out our certificates and diplomas. Nancy Chatfield made our programs for the graduation. Iola Huskey, Peggy Nichols, Virginia Hodges, Mary Ann Parkhill, Myrna Jones and Gladys Meek made our diploma covers. Then we had 17 mothers to bring refreshments that were served to well over 100 people that night. Mrs. A. R. Sanders accompanied the children as they sang many of these school songs. Willburn Nichols helped make the stage props for our Billy Goat Gruff skit which several of our pre-trainers acted out. Eleven of our 30 children were eligible for graduation. They were Wanda Brown, Victoria Brown, Gwen Byrd, Florence Cooper, David Cooper, Willie Joe Green, Becky Hodges, Carol Jean Leibon, Brad Parkhill, Bret Todd and Ricky Smith. These children will attend regular school next year. We also recognized two children from last year's class, Symantha Swearingen and O'Neal Glover. Honored guest was Bro. Joe Ainsworth, who gave the invocation and the benediction by Phil Wilson and Norma Mendenhall and Stacy also attended the program.

Vivian Beesinger came down and entertained the children with a story and instructed them in drawing animals as she told the stories. With Mrs. Beesinger and our regular volunteer workers, Mrs. Peggy Nichols, Mrs. Virginia Hodges, we have had a wonderful experience with our school. Since the dismissal of school, our ladies have really been sewing. We had one lady to alter 15 of her dresses, and several have made real cute summer clothes for their children.

Our recreational facilities have been used daily averaging 90 young people. This takes in high school physical education classes, school picnics plus our daily children from around the center. Our Baptist Church ladies are still faithful in their attendance with Bible stories each Wednesday. The children surely appreciate all the time that these ladies devote to them each week.

We have had several distinguished visitors at the center this month. One being Ben Zerment from the headstart department out of Lubbock. The other being James Harrison who is with the State Health Department out of Fort Worth. He has been here checking on the whereabouts of some children who have never had any inoculations. He is encouraging all families with children to give them all their shots.

Our recreational facilities have been used daily averaging 90 young people. This takes in high school physical education classes, school picnics plus our daily children from around the center. Our Baptist Church ladies are still faithful in their attendance with Bible stories each Wednesday. The children surely appreciate all the time that these ladies devote to them each week.

Wayne Turner and Sam McKinsey of Truscott are spending this week with Mr. and Mrs. Blake McDaniel at Foard County.

Mr. and Mrs. Harvey Jones of Sanford spent the week end with relatives at Truscott.

Modena Stovall and Flossie Collins of Crowell visited Mary Haynie at Truscott Sunday afternoon.

Johnny Mitchell of Kress is in Crowell visiting his aunt, Mrs. Charlie Wilson.

Frances Ann Ayers of Riverside spent several days last week visiting Dorothy Hlavaty at Thalia.

Chester Casey of Camp Polk, La., is visiting relatives at Truscott.

Mr. and Mrs. Steve Mills spent the week end in Abilene visiting her brothers, Ikie Kenner, Mr. and Mrs. John Henry Kenner and Mr. and Mrs. Tim Kenner.

Free Film Offered on SWC Highlights

A 29-minute film which features Southwest Conference football highlights of the past season is being offered for showings to interested organizations. The 16 mm. color film reviews outstanding games and individual plays of 1971. It can be obtained free on loan by writing to SWC Film, Hummer Oil & Refining Co., 3400 Southland Center, Dallas, Texas 75201.

Best Counter-Inflationary Tool

"A national transportation system operating at peak efficiency is the best single counterinflationary tool the American people could have at their disposal." - Louis W. Menk, chairman of Burlington Northern, Inc.

SUBSCRIPTION RATES \$3.64 per year in Foard and adjoining counties. \$5.20 elsewhere.

From the News . . . THIRTY YEARS AGO

News items below were taken from the Thursday, May 28, 1942, issue of The Foard County News:

Four Crowell golfers competed in the 17th annual Greenbelt Golf tournament held at Quanah this week. They were Bernice Fitzgerald, T. S. Haney, Gordon Bell and Guy Crews.

A. Y. Beverly has opened a new hardware and furniture store on the west side of the square in the Kincaid building recently occupied by Brooks' Tailor Shop.

On the day following the cyclone, Marion Crowell installed a loud speaker without cost, and it has been of constant use and inestimable value since that time. It has been used to call people to the telephone and for communication in every way. Mr. Crowell has rendered an outstanding service to his fellow townsmen and his neighbors by furnishing them with this accommodation.

Mrs. Oleta Hobby of Houston has been appointed director of the Women's Army Auxiliary Corps. She is the wife of former Governor William Hobby of Texas.

Red Cross aid to disaster affected families in Crowell has now risen to the total of \$30,607.20.

With the first load of Foard County wheat coming in Monday afternoon, the 1942 wheat harvest has opened. O. M. Grimm of Thalia brought the first load of wheat to the Farmers Elevator.

Pvt. Wm. Martin "Dutch" Love of Camp Barkeley visited relatives in Crowell last week.

Mrs. Dee Roberts and daughter, Doris Jean, came Wednesday from Wichita Falls to make their home in Crowell.

Mrs. Roy Hofmann and son, Newell, attended the accordion festival sponsored by the Northworthy Studios Sunday afternoon in the Vernon High School auditorium.

Wayne Turner and Sam McKinsey of Truscott are spending this week with Mr. and Mrs. Blake McDaniel at Foard County.

Mr. and Mrs. Harvey Jones of Sanford spent the week end with relatives at Truscott.

Modena Stovall and Flossie Collins of Crowell visited Mary Haynie at Truscott Sunday afternoon.

Youth Finds Paper Dated May 12, 1940

Skeletonized Elm Tree Leaves

Dennis Comer, whose father is working on the new housing project under construction here, showed the News a copy of the May 12, 1940, edition of the Wichita Daily Times.

Bold black headlines of the paper proclaim "British Swarm into Belgium."

One of the articles in the paper said that the Iowa Democrats had pledged their 22 votes for President Roosevelt if he ran for reelection, and if he did not, the 22 votes would go to Secretary of Agriculture Henry A. Wallace.

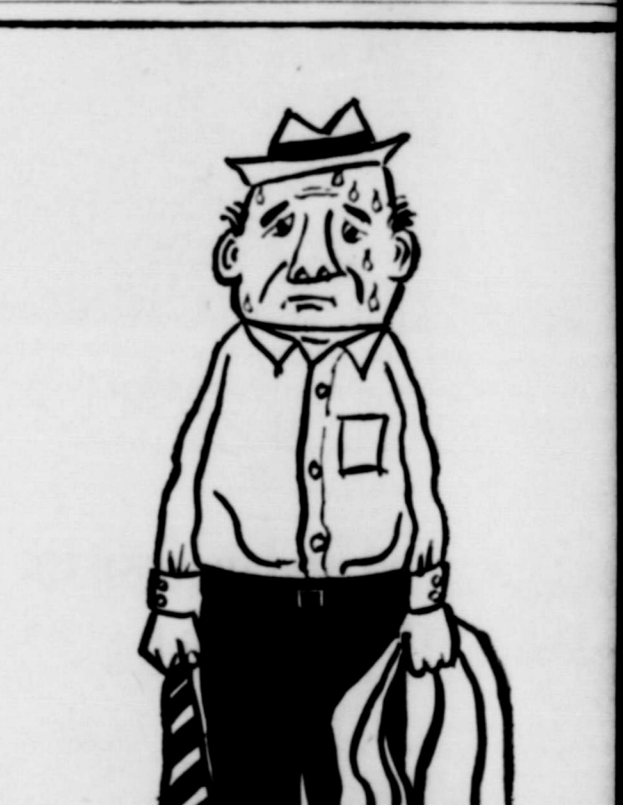

Another story told about the phenomenal growth due to oil of the West Texas town of Denver City which had grown from a town of a few hundred people to one of several thousand.

Denver City had 700 oil wells in the area with 50 being drilled at the time.

Dennis said he found the paper in a house at Seymour where the Comer family lived before moving to Crowell.

Presidential OK That Is Needed Brine Project

Proposed salt pollution res-
on Pease River lacks only
final approval of funds to
a reality, members of the
county economic development
group were told in Quannah
weeks ago, by Billy Mahaffey,
chief design for the Army
of Engineers office in Tul-
sa.

Control project, known
Canal Creek Project, is
a massive series of proj-
ects designed by the federal government
to control the Pease River and Pease
Lake on the water can be
of salt so the water can be
for agricultural and munic-
ipal purposes.

Mahaffey said that a brine res-
ervoir would be the major part of
the project which would be locat-
ed on Canal Creek just south of
the Red River in Ford County.

According to project plans, the
water would be pumped into the
reservoir from salt sources on the
Pease and Wichita Rivers where
it would be kept from polluting
the water.

The estimated cost of the proj-
ect is \$400 million.

Mahaffey also reported that
the progress of the proposed fresh
water on the Pease River be-
longing to Ford and Hardeman Coun-
ties about five years or more
the Canal Creek Project.

Local Ensemble Presents Program at Rotary Club Meeting

A musical ensemble composed
of Nancy Looney, clarinet;
James Streit, flute; and Julie Streit,
soprano, presented the program
at the Rotary Club meeting on
Tuesday, May 18. The three
played a three-part number
which they have won Di-
vision I ratings at UIL competi-
tions and also at the Enid festival.
The three will be going to Austin
for state competition with
the number on June 5.

Marvin Myers intro-
duced the program. Crowell band
leader James Streit was also a
guest at the meeting.

SCREWWORM ALERT SOUNDED IN TEXAS

A "red alert" is being sounded
throughout the state as screw-
worms continue to assure livestock
and other animals.

Foard County has not recorded
any cases to date, but it's most
important that all animals be
checked closely and regularly for
infestations, says county agent Joe
Burkett.

Weather conditions were favor-
able for heavy screw worm build-
ups last winter in northern Mex-
ico as well as in parts of the
Southwest, explains the agent.
Some infestations were also
spread by transporting infested
livestock last fall, and the insect
pest spent the mild winter in new
quarters. This spring overall con-
ditions were "ripe" for a mas-
sive screw worm invasion.

More than 2,300 cases have
been confirmed in Texas this
spring, the earliest and heaviest
outbreak in the history of the
screw worm eradication program.

Although sterile fly production
at the Mission Lab is running at
its peak—200 million a week—
treatment with these flies is not
enough to stop the destructive,
flesh-eating livestock pest. All
livestock producers and owners
of other animals (dogs, cats), are
urged to follow certain precau-
tions:

1. Carry out all approved pre-
ventive practices to help eliminate
screw worms.
2. Inspect animals regularly and
carefully and treat all wounds
whether they are wormy or not.
3. Delay all surgery until cool
weather this fall. Shearing, dock-
ing, castrating and dehorning only
provide additional wounds for
worm infestations. Studies show
that almost 90 per cent of all
worm samples come from calf na-
vels and man-made wounds.
4. Spray animals with an ap-
proved product before shipping
them. This is a preventive mea-
sure against spreading the infes-
tation.
5. Be cautious of livestock ship-
ments coming from infested
areas. If buying such animals, be
sure to check them thoroughly for
wormy wounds.
6. Care should be taken not to
move infested livestock across
state lines. Infestations resulting
from this practice may bring
about a quarantine and the re-
gulated movement of livestock.
7. As soon as a wormy wound
is found, send a worm sample to
the Screw worm Laboratory, Box
969, Mission, Texas 78572. If the
case is positive, sterile flies will
be dropped as soon as possible to
further protect animals in the
area.

Card of Thanks

I want to thank Dr. Stapp and
all the hospital staff for the won-
derful service and attention they
gave me while I was in the hos-
pital. Also thanks for the cards,
gifts, and visits of my friends.
Mrs. H. W. Gray.

1972 IS CRITICAL YEAR FOR COTTON

With demands for cotton in-
creasing and yields on the de-
cline, 1972 will be a critical year
for cotton, says Fred Elliott, cot-
ton specialist with the Texas Agri-
cultural Extension Service.

"The trend toward clothing that
is colorful, casual, comfortable
and carefree has brought about a
resurgence in the demand for the
cotton fiber," points out the Texas
A&M University official. "Farm
production must now be geared
to meet this demand."

In conjunction with this increas-
ed need, a new campaign is un-
der way to boost production. It
is titled "Better Yields of Quality
Cotton for Profit and Market
Growth" and is a cooperative ef-
fort of the National Cotton Coun-
cil, U. S. Department of Agricul-
ture, State Agricultural Extension
Services, and experiment stations,
and others.

"Cotton producers throughout
Texas and the other Cotton Belt
states must unite to provide mills
with the type and amount of cot-
ton that they need," emphasizes
Elliott.

Texas production was down for
the 1971 season with an
average of 263 pounds of lint
per acre. In 1970 the per acre
yield was 315 pounds. Back in
1968, Texas cotton producers
boasted an average yield of 410
pounds per acre. The Beltwide
average has declined from 516
pounds per acre in 1968 to only
438 pounds for last season.

"Unfavorable weather was the
big culprit in the reduced cotton
crop in Texas in 1971," explains
the specialist. "The spring and
summer seasons were extremely
dry and then the wet fall ham-
pered harvesting activities in many
areas."

According to Elliott, the over-
all cotton supply situation is be-
coming short on all fronts. The
national carryover for the 1971-72
season which ends July 31 is pro-
jected at 3.25 million bales. This
is less than a four-month supply
and the lowest in 20 years.

Regarding the special campaign
to boost the production of quality
cotton, the specialist notes that

Standardization of Texas Quail Season Is Studied

Statewide standardization of
the quail season, daily bag and
size limits on black bass and ex-
pansion of the either-sex deer
harvest are some of the game and
fish law changes to be aired in
228 public hearings in counties
under regulatory authority of the
Texas Parks and Wildlife Depart-
ment.

The statewide quail season
under the proposed change
would be the Saturday nearest
November 15 through the Sun-
day nearest February 15. Bag
and possession limits also would
be standardized at 12 and 36.

Proposed changes in regulations
concerning black bass should prove
interesting to bass fishermen. The
proposal would impose a daily
bag limit of 10 and a possession
limit of 20. Currently, there is
no bag or possession limit on bass.

In addition, no more than five
bass over 18 inches in length
would be allowed, and any bass
taken into possession (placed into
a live box, stringer or other de-
vice) could not then be returned
to the water.

The either-sex deer harvest pro-
posal would expand the either-sex
concept to approximately 40 addi-
tional counties, bringing the total
number of participating counties
to approximately 68.

Why Americans own \$54,000,000,000 worth of U.S. Savings Bonds.

One good reason is the Payroll Savings
Plan. About three-fourths of all Bonds
are purchased through the Plan. It's
helping Americans save more money
than they ever dreamed they could.

That's because the Payroll Savings
Plan is such an easy way to save. All
you do is sign up where you work and
the amount you specify is set aside from
each paycheck and used to buy U.S.
Savings Bonds. It's the easy way to
build a nest egg.

You've got your reasons to save money.
There's one great way to do it painlessly.
Join the millions who are buying Bonds
the Payroll Savings Way.

Now E Bonds pay 5 1/2% interest when held to
maturity of 5 years, 10 months (4% the first
year). Bonds are replaced if lost, stolen, or
destroyed. When needed they can be cashed
at your bank. Interest is not subject to state
or local income taxes, and federal tax may
be deferred until redemption.

Take stock in America.
Buy U.S. Savings Bonds.

THE INFORMED CONSUMER

BY CRAWFORD C. MARTIN
Attorney General of Texas

Do you pay your bills on time? Have you always paid your debts in full? How much do you owe right now and to whom?

You, of course, know the answers to these questions. But so do consumer reporting agencies because they are in the business of collecting this type of information. Every time you apply for credit, employment or insurance, the potential creditor, employer, or insurer will probably purchase whatever information a reporting agency has on you.

Therefore, it is important that information these agencies circulate about individual consumers be as accurate and up-to-date as possible. Until recently, it may have been difficult for you as an individual to determine the accuracy as well as the nature of the information these consumer reporting agencies were including in reports made about you.

However, you now have legal protection to insure your basic rights in this area. This is because of the new Federal Fair Credit Reporting Act which is administered by the Federal Trade Commission. You, as a consumer, are entitled to protection against circulation of erroneous, incomplete or obsolete information on

which an unsuspecting firm might rely in deciding whether or not to do business with you or to offer you employment.

Some of the most significant of your rights as a consumer are:

1. The right to know the nature and substance of all the information (except medical) in your file at the particular consumer reporting agency.

2. The right to know the sources of information.

3. The right to know who has received a consumer report on you within the last six months (or within the preceding two years if the report was furnished for employment purposes.)

If you have been denied credit, insurance, or employment because of information in a consumer report, you have the right to be told the name and address of the consumer reporting agency that furnished the report. You then have the right to request and receive all the information mentioned above from the consumer reporting agency free of charge. If there is incorrect or incomplete information in your particular file, you have the right to challenge it. The reporting agency must, in most instances, re-investigate the challenged information within a reasonable period of time. If the information is found to be inaccurate or cannot be verified, it must be removed from your file.

If the reporting agency conducts a re-investigation concerning you and you do not agree with the results of this re-investigation, you have the right to file a statement setting out your version of what you consider to be the true facts.

Thereafter, if the consumer reporting agency makes a report containing the information in dispute, it must also report your version.

As an additional protection to the consumer, certain information cannot be reported after a specific period of time, i. e., bankruptcies after 14 years; judgments after 7 years, or after the statute of limitations has run; paid tax liens after 7 years; arrests, indictments, or criminal convictions 7 years after disposition, release of parole; and any other adverse information after 7 years.

"Heroin Hotline"
Number Is (800)
368-5363, Toll-Free

U. S. Dept. of Justice,
Office for Drug Abuse
Law Enforcement,
Washington, D. C. 20530

Dear Publisher:

We need your help in our crackdown against heroin trafficking now underway across the country.

The President on April 7 announced establishment of the "Heroin Hotline," a nationwide, toll-free telephone number to provide American citizens with a quick and convenient way to report information on heroin pushers.

That telephone number is (800) 368-5363. Anything you can do toward publishing this number in a prominent place in your newspaper, such as within a box on page one, will be a tremendous help in moving this program forward.

The telephones are manned at a center in Washington around the clock, seven days a week. Trained operators on duty are under the supervision of experienced Federal agents. The caller need not identify himself, and the rights of all callers will be fully protected.

We believe this national "turn in a pusher" program has tremendous potential. But as I said, we need your help in promoting the telephone number. Anything you can do will be greatly appreciated.

Thank you for your cooperation. With every best wish, I am,

Very truly yours,
Myles J. Ambrose
Special Assistant Attorney General, Drug Abuse Law Enforcement Office.

Prevent Bagworm Damage to Shrubs

Bagworms are most effectively controlled as these insects begin to feed in May or early June and before excessive damage is caused.

The small bagworm begins to construct a bag as it emerges from the old bag which hung on cedar or arbor vitae during the winter, and by the time the bag is one-fourth inch long, the bagworms are easily detected.

Recommended insecticides for control of bagworms are malathion, toxaphene, sevin or lead arsenate. Directions on the label should be followed carefully when using any insecticide.

A second insecticidal application may be required for control. This is generally the case when bagworms are not controlled until the bags are 1/2 inch long or longer. Since the bagworms pass the winter in the old bags, removal and destruction of the bags before the larvae emerge will also control this pest.

Visiting Mr. and Mrs. Martin
 Leija Sr. and family last week
 end were Mr. and Mrs. Martin
 Leija, Jr. and children, Martin
 Abe and Michelle Ann, and Mr.
 and Mrs. Mike Leija and daugh-
 ter, Laura Cristella, all from Quana-
 nah and Mr. and Mrs. L. R. Gallego
 and son, Lee Rosendo, of
 Wichita Falls. They all attended
 the commencement exercises of
 Crowell High School Friday night.

Mr. and Mrs. Guy Todd, Jr.
 and sons, Todd and Bret, spent
 the past two weeks visiting in
 Homestead, Fla., with Mrs. Ruby
 Jordan and sons, Jody and John.
 While there, Brett was taken to
 several specialists at the Bascom
 Palmer Eye Institute of Miami.
 Before returning home, the fam-
 ily visited Walt Disney World,
 Mr. and Mrs. Jerry Stubblefield
 and son, Trae, of Fulton, Miss.,
 and Mr. and Mrs. Jack Wishon
 and Patti of Garland.

Murdered Highway Patrolman Was Son-in-Law of Crowell Residents

Highway Patrolman Gayle
 Holmes, 26, of Spur, one of two
 men gunned down Friday night
 between Paducah and Guthrie, was
 a son-in-law of Mr. and Mrs. Boots
 Henry of Crowell. The other man
 killed was Sheriff Paul Vinson,
 48, of Guthrie.

The two officers, along with
 DPS Patrolman Leon Littlefield,
 had answered a complaint about
 several persons creating a dis-
 turbance about halfway between
 Guthrie and Paducah.

Investigators said the victims
 were escorting a man to one of
 their cars when another man step-
 ped behind them and began shoot-
 ing with a 30-30 rifle. Littlefield,
 one of two DPS officers who sign-
 ed the formal complaints, returned
 the fire and called for help on
 his radio.

A 20-year-old farm and ranch
 worker, Jimmy Trevino Partida of

the Grow community, was arrest-
 ed by Cottle County Sheriff El-
 mer Clark of Paducah at the home
 of Frank Ramirez, about a mile
 from where the shootings took
 place.

Funeral services for Holmes, a
 Highway Patrolman since 1969,
 were held at 4 p. m. Sunday in
 the First Baptist Church in Roch-
 ester with Rev. Jackie Lee of
 O'Brien, minister, officiating. Bur-
 ial was in Rochester Cemetery
 under direction of Smith Funeral
 Home.

Pall bearers were Texas High-
 way Patrolmen.

Born Oct. 8, 1945, in Knox
 City, Holmes was graduated
 from Carney High School at
 O'Brien in 1966. He was married
 to the former Betty Ruth Henry
 of O'Brien.

For the past three years, he
 had been stationed with the Texas
 Department of Public Safety at
 Spur. He was a member of the
 O'Brien Baptist Church.

Survivors include his wife; one
 daughter, Shan; his parents, Mr.
 and Mrs. Grady Holmes of
 O'Brien; three brothers, Lynn,
 Glenn Allen and Devey Wesley,
 all of O'Brien; his paternal grand-
 mother, Mrs. Bertha Holmes of
 Rochester and maternal grand-
 mother, Mrs. Lillie Oxford of
 O'Brien.

Attending the funeral from
 Crowell were Mr. and Mrs. B. E.
 Henry, Mr. and Mrs. Jim Henry,
 Jimmy Henry, Mr. and Mrs. H.
 L. Ayers, Jr., Mr. and Mrs. Dale
 Henry and Mr. and Mrs. J. T.
 Brooks.

Sheriff Vinson's funeral ser-
 vices were held Monday in Paducah.

Peach Production in Texas Declines By 85 Per Cent

A one-third increase in citrus
 production, an 85 per cent decline
 in peach production, and a decline
 to fifth place in pecan production
 are among production figure re-
 sults for 1971 in Texas, according
 to Texas Agriculture Commissioner
 John C. White.

Texas dropped to fifth place in
 1971 in production of all peacans
 because of the poor crop of only
 23 million pounds. In 1970, by
 comparison, Texas was second in
 the nation in pecan production
 with 38 million pounds.

Texas' total citrus production
 for 1970-71 is set at 16.3 million
 boxes, 33 per cent of the total
 citrus crop.

Three counties in the Rio
 Grande Valley produce 99 per
 cent of the Texas' total. Hidalgo
 County produced 84 per cent of
 the total, Cameron County is in
 second place.

Nationwide, Texas ranked third
 in the nation in 1970-71 in pro-
 duction of early, midseason and
 navel oranges. Texas ranked
 fourth in production of Valencia
 oranges, and the state was second
 in the nation in grapefruit pro-
 duction.

Peach production in 1971 of

104,000 bushels is only 15 per
 cent of the 1970 crop. Weather
 conditions, especially a mild win-
 ter, was given as the major rea-
 son for the decline in peach pro-
 duction in 1971.

Other details relating to Texas
 fruits and pecan production is
 covered in a booklet titled "Texas
 Fruits and Pecan Statistics 1971."
 Copies may be obtained by writ-
 ing Texas Agriculture Department
 Box 12847, Austin, Texas 78711.

Horsie Hollow Candy Company

"A candy wholesaler received
 an order for \$11.50 worth of can-
 dy to be shipped on credit to the
 'Horsie Hollow Candy Co.' The
 wholesaler asked for a credit re-
 port from Dun and Bradstreet,
 who investigated, and promptly
 sent back this report: 'The Horsie
 Hollow Candy Company is a small
 business house, retailing candies
 at Horsie Hollow, a small Missis-
 sippi community. Proprietors are:
 Royal White and Thomas Flippen.
 Both are 11 years old; both un-
 married. Value of cash and mer-
 chandise on hand: \$13.25, largely
 in chocolate bars, gum drops and
 Tootsie Rolls. Fixtures and store
 building, which was remodeled
 from an old chicken coop, valued
 at \$45. No liabilities.'—Cavalier,

 parents, Mr. and Mrs. Sydney Al-
 exander, over the week end.

Mr. and Mrs. Carroll Chowning
 and boys of Odessa visited Mr.
 and Mrs. Marion Chowning Jr.
 over the week end.

Visitors of Mr. and Mrs. W. H.
 Haynie last Monday were Mrs.
 Willard Traueck of Crowell, Mrs.
 Laverne Holmes of Albuquerque,
 N. M., and Mrs. Loma Nara of
 Bernard.

The Gilliland school went on a
 field trip last Friday to the Crow-
 ell worm factory and the Copper
 Breaks State Park.

Mrs. H. L. Ayers, Jr. and Mrs.
 Dale Henry of Crowell visited
 Mrs. Marion Chowning, Jr., Sat-
 urday.

The Truscott Home Demonstration
 Club hosted the Crowell Lions
 Club last Tuesday night at their
 annual dinner.

Week end visitors of Mr. and
 Mrs. Ralph Caram were Mr. and
 Mrs. Freddie Caram of Munday,
 Mr. and Mrs. George Arredondo,
 Ralph Caram, Jr. and Mr. and
 Mrs. Trinidad Arredondo, all of
 Wichita Falls.

The Gilliland H. D. Club met
 last Wednesday at the school
 house. The program was on sew-
 ing threads, and sewing machine
 attachments.

Pease Dam Survey
 Work Resumed
 After Delay

Hydrologists representing the U.
 S. Army Corps of Engineers re-
 turned to this area last week to
 resume a special reconnaissance
 survey of the proposed Pease River
 reservoir project, Ed Lehman, Jr.,
 chairman of the Pease River pro-
 ject's steering committee, said in
 Vernon last week.

The reconnaissance survey, a
 preliminary study that is expect-
 ed to indicate feasibility of the
 proposed Pease project between
 Crowell and Quannah once up-
 stream salt water pollution is con-
 trolled, has been held up for some
 time by technicalities, Mr. Leh-
 man said.

He also reported on a recent
 trip to Washington in support of
 efforts to get a pre-requisite pro-
 ject, Phase II, of a program to
 water pollution of the upper Red
 River basin, untracked.

Childress Dinner Party Honors Two C. H. S. Graduates

Miss Betty Linda Whitfield and
 Bill Taylor, graduates of the se-
 nior class of 1972, were honored
 with a dinner party in the home
 of Mr. and Mrs. E. V. Price of
 Childress.

A Spanish theme was carried
 throughout the Saturday evening
 affair. Background music was
 played while a Mexican dinner
 was served.

The entertainment of the even-
 ing consisted of a tour of the
 Price home by the host and host-
 ess and a popular Spanish game
 of "bursting the pinata."

Guests for the evening were
 Nancy Looney, Bette Sue Barry,
 Debbie Johnson, Bob Burkett and
 the honorees. The honored guests
 were presented gifts from the
 Price family.

Medicare Premium Rates Going Up

"Did you know medicare pre-
 mium rates are going up again
 in July? This is a question you
 may be hearing if you are 65 or
 older. It is true. The premiums
 for the doctor bill portion of
 medicare will go up from \$5.60
 to \$5.80 a month in July," stated
 Wayne Klipping, social security
 manager for Vernon. "The in-
 crease will automatically be with-
 held from your check or billed
 to you."

Klipping added, "Medicare costs
 twice the amount you are paying,
 because the premiums you pay
 cover only half the cost of the
 program. The other half is paid
 out of general revenues. For most
 people medicare is still a good
 buy when you consider that an
 expensive illness can deplete sav-
 ings in a hurry."

"If you are approaching your
 65th birthday and want to sign
 up for medicare, need assistance
 in completing a claim for reim-
 bursement, or have any questions
 concerning medicare—call your
 social security office. They can
 assist you on most any matter by
 telephone and save you a trip to
 the office."

Social Security News

Here is a message from the
 social security administration. If
 you become severely disabled, you
 will be eligible for consideration
 for monthly benefits if you have
 worked under social security long
 enough and recently enough. You
 are urged to contact the nearest
 social security office as soon as
 possible after becoming disabled.

Woman Posts New Flounder Record

A Missouri woman has broken
 the official state record for floun-
 der, landing a 10-pound, 5-ounce
 whopper at Aransas Pass on Jan.
 17, 1972.

The fish, caught by Mrs. Anna
 Faye Highfill of St. Charles, was
 29½ inches long. It displaces a
 9-pound, 4-ounce fish in the record
 book.

Texas fish records are maintain-
 ed by the Texas Parks and Wild-
 life's Department's Game Fish
 Records Committee in Austin.

Miss Mary Jan Welch Becomes Bride of Charles Herring Dodd

In a candlelight ceremony held at 4 p. m. Sunday afternoon, May 21, at the First Baptist Church in Crowell, Miss Mary Jan Welch became the bride of Charles Herring Dodd. Jerry Goree, Counselor of the Baptist Children's Home in Roundrock, officiated at the double ring rites.

The bride is the daughter of Mr. and Mrs. James A. Welch of Crowell, and the groom's parents are Mr. and Mrs. W. H. Dodd of Rule.

The wedding vows were repeated before an arch covered with lemon leaves and backed by two arched candelabras. Three tree candelabras flanked each side of the arch. Arrangements of pompons on gold pedestals and spiral candelabras interspersed with baskets of palms completed the half circle wedding setting.

Miss Sharla Haynie, organist, played traditional wedding music. Charley Geller of Georgetown, guitarist, sang "The Wedding Song" and "Love Is All Around Us."

Gary Cates of Crowell and John Richards of Tula lighted the candles and were ushers.

Given in marriage by her father, the bride wore a formal gown of candlelight pea de sole. The high necked bodice of re-embroidered lace was scalloped at the empire waistline, and panels of the lace accented both sides of the A-line skirt to the hemline. The full bishop sleeves were trimmed with scalloped lace with a see-through effect and lace covered the deep cuffs. Matching lace edged the chapel length mantilla which was caught by a tiara shaped lace cap. Her only jewelry was a necklace given to her by the groom and she carried an heirloom handkerchief given her by her paternal grandmother. Her bouquet was a cascade of white gardenias intermingled with net and seed pearls with white velvet rope streamers.

Miss Beth Welch was her sister's maid of honor. She wore a floor length gown of apricot chiffon featuring a high neckline with smoked bodice and sheer full sleeves, with smoked wrist bands. A band of embroidered satin rib-

bon accented the empire waistline. The apricot flower caplet caught a shoulder length puff of matching net. Her flowers were a nosegay of apricot pompons touched with white net and tiny pearls.

Bridesmaids were Misses DeAnn Dodd of Rule, sister of the groom; Cathy Caughfield of Harlingen; Susie Welder of Corpus Christi; Susan Carpenter of Dallas; Joy Allred of Jackson, Miss. Each was attired in an identical costume to that of the honor attendant and they carried like bouquets.

The groom's best man was James Allen Welch of Lubbock, brother of the bride. Groomsmen were Alan Lee of Wichita Falls, Carl Sample of Smilie, Seth Witcher of Clifton, Denis Sansom of Dripping Springs and Larry Thomason of Corpus Christi.

The mother of the bride selected a mint green dress accented at the waist with beaded flowers. Her accessories were beige, and she wore a gardenia corsage. The groom's mother chose an A-line blue lace dress with matching coat featuring sheer sleeves. She wore matching accessories and her corsage was a white orchid.

Immediately following the wedding, the parents of the bride hosted a reception in their home. The bride's table was covered with a floor length white satin cloth.

An arrangement in Spring colors of daisies, white stock and cushion poms in a silver epergne centered the table. The tiered wedding cake was topped with satin wedding bells and was ornamented with apricot daisies. Other appointments were of crystal and silver.

The groom's table was laid with fringed beige linen cloth and held a candle with a ball and chain in a fruit arrangement. Coffee was served from a silver service.

Assisting with the serving were Misses Shirley King of Houston, Janis Carpenter of Greenville, Harriet Halbert, and Pam Carter, and Mrs. Lee Looney of Lubbock. Other members of the house party were Mmes. Loraine Carter, Juanita Gafford, Milburn Carroll, Warren Haynie, W. F. Statser and Newell Looney.

For a wedding trip to the Texas Coast, the bride selected a yellow knit sleeveless dress with white accessories. She wore a gardenia

MRS. CHARLES DODD

corsage from her wedding bouquet.

Both the bride and groom are graduates of Crowell High School, and are seniors at Baylor University in Waco. The bride is majoring in home economics education and is a member of Tri-D Home Economics Club. The groom is a senior religion major and is a member of Baylor Chamber of Commerce, a service club. He has served as summer youth director of the First Baptist Church at Georgetown and will work as assistant youth director of the First Baptist Church in Temple this summer where the couple will reside. Both will continue their studies at Baylor in the Fall.

Rehearsal Dinner

Mr. and Mrs. Dodd, parents of the groom, entertained the wedding party at a rehearsal dinner at Frances Cafe in Crowell Saturday night. Spring flowers centered the tables. The couple presented gifts to their honor attendants.

Pre-Nuptial Courtesies

Several pre-nuptial courtesies were given recently for the bride. A lingerie shower was hosted at Baylor by her bridesmaids, Misses Caughfield, Allred, Wilder and Carpenter. She was also honored in Waco with a kitchen shower hosted by Miss Diane Fadal.

Mrs. Jerry Goree gave a miscellaneous shower for the bride in her home in Georgetown on April 16; and friends in Crowell gave a miscellaneous shower at the community center on April 22.

Mrs. Moody Bursey entertained the bridal party with a luncheon and rice bag party in her home in Crowell on Saturday, May 20.

Out-of-Town Guests

Out of town guests attending the wedding included Betty Parker, Gordon Golden, Lona Hammonds, Steve Wilson, all of Waco; Mr. and Mrs. Richard Staggs and Terry of Wichita Falls, Mr. and Mrs. H. D. Huffstutler and Mrs. Ethel Carpenter, Mr. and Mrs. R. M. Carpenter and Janie of Dallas; Mr. and Mrs. W. C. Lee, Andrea and Danny, of Wichita Falls; Mr. and Mrs. C. B. Whitis of Chico, Mrs. Ruth Griffith of Munday, Mr. and Mrs. Oliver L. Dodd of Lubbock, Mrs. Weaver Roberts of Quanah and Danny Belew of Ropesville.

Miss Ann Russell Honored at Bridal Shower Saturday

Miss Ann Russell, bride-elect of Wayne Birkenfeld, was the honoree at a miscellaneous shower held from 7:30 until 8:30 p. m., Saturday in the community center.

Guests greeted by Mrs. Cecil Carroll, were presented to Miss Russell; her mother, Mrs. Glendon Russell; the prospective bridegroom's mother, Mrs. Joe Birkenfeld; her grandmother, Mrs. Ruel Scott; and his sister, Miss Sylvia Birkenfeld.

A white carnation corsage, given by the hostesses, accented the honoree's green knit dress which was styled with a sleeveless molded bodice, gathered skirt and multi-colored embroidery at the waistline.

Lace over royal blue satin covered the table which was decorated with a silver epergne containing white tapers, daisies, stock and baby's breath. White napkins bore the name inscriptions in blue. Serving appointments were in crystal and silver. Assisting in serving the punch, decorated cookies, nuts and mints were Mrs. Gayle King, the honoree's sister; and Misses Rita Hodges, Debbie and Carol Sue Scott, her cousins.

Miss Anna Russell, a sister of the honoree, presided at the registry which held a blue vase containing two white rosebuds beside the white wedding book. Miss Barbie Scott, another cousin of Miss Russell's, provided piano selections during the calling hours. Mmes. Randy Adkins and Buster Kajs, who graduated with Miss Russell in 1968 from Crowell High School, were members of the house party.

Many useful and attractive gifts were displayed. Hostesses were Mmes. Cecil Carpenter, A. C. Owensby, Gerald Knox, Floyd Borchardt, Fred Borchardt, Beverly Gray, Henry Borchardt, Ted Reeder, Jake Wisdom, J. T. Hughston, Glenn Shook, N. L. Looney, J. W. Whitley, Lee Black and Carroll and Miss Dorothy Erwin. Miss Russell and Mr. Birkenfeld will exchange wedding vows June 3 at the Rhineland Catholic Church.

Columbian Club

For their last meeting of the 1971-72 year, members of the Columbian Club met in the home of Mrs. H. P. Gillespie in Truseott Wednesday, May 17. The club voted to lease a small plot of ground west of the track and between it and Highway 70 for the Junior Columbians to plan and care for as their home town beautification project this year. Notes were read from the immediate past presidents of the Santa Rosa District and Mrs. Carpenter, state president.

Mrs. Jack Brown told of the club meeting at Cedar Breaks State Park on April 12 which was attended by 8 members and one guest. Mrs. G. A. Shultz reported on the covered dish dinner at Mrs. Robert Hammonds' April 26.

The program for this final meeting was "display and explain your hobby." During the social hour, the hostess served delicious refreshments to ten members.

Scratch pads, all sizes, and colors.—Come see. — The News

Adelphian Club

The Crowell Adelphian Club met at 3:30 p. m., May 17 for the final meeting of the year. Mrs. Lewis Sloan, president, announced the awards won at the GFWC Texas state convention held in Dallas May 7-10. Mrs. Ray Shirley received an award for her work on the resolutions committee; Mrs. W. B. Johnson, an award for her personal interest, service as trustee, personal page to the president, beautification division chairman, and member of the endowment and feasibility committee. Mrs. Virgil Johnson, heritage chairman, received three awards: first place for "Famous Cattle Trails," second place for "Special All Over Report" for the Texas Heritage Department.

Mrs. Earl Manard introduced Mrs. E. M. Solis, who brought the meditation entitled "Our Common Labor," by Dwight D. Eisenhower. Mrs. Manard read the American Creed and led the group in the pledge to the flag. James Streit, music director of Crowell High School, presented "The Star Spangled Banner" as a trumpet solo.

Mrs. Manard then introduced the guest speakers, Mr. and Mrs. W. Wilson of Paducah, whose subject was "Williamsburg, Virginia, Yesterday and Today."

Hostesses, Mmes. Mike Bird, Henry Borchardt and Loraine Carter, served delicious refreshments from a beautifully laid tea table to members and guests. Mr. and Mrs. Wilson, Miss Beulah Patton, Mrs. Fred Wehba and Mrs. Sid Collins.

Social Security News

Social security is for the young as well as the old. In case of death, social security pays your surviving dependents. In case of disability, social security pays you and your dependents. Age 65 has nothing to do with these benefits. Many young people have earned their right to social security and are collecting each month.

Social Security News

Here is a message from your social security office: You can help avoid delay or loss of disability benefits by making application early. If you have become disabled and can't work, you should contact the nearest social security office.

Durable Press Cotton Shirt to Be Improved

For Father's Day next year, Dad will be able to put on a durable press shirt far superior to any available on the market today. The prediction was made at Atlanta, Ga., last week by Frank Moore, director of the Cotton Inc. Research and Technical Services Center at Raleigh, N. C.

The shirt will be made of 60 per cent cotton and will be treated with a vapor phase finish developed by Cotton Inc., the research, sales and marketing company sponsored by America's cotton growers through their dollar-per-bale programs.

Moore told an audience of the American Cotton Shippers' Association that the vapor phase treatment is working well on garments with at least 60 per cent cotton. He said fabrics are being made already.

He also said that, for the first time in five years, on-farm and off-farm agricultural research is being funded at higher levels than product research.

"We are moving cotton into double knits," Moore promised the shippers. "No more 'hot' in the summer, 'cold' in the winter, plus snagging problems."

There Are Some Things Which Can't Be Legislated

The National Association of Manufacturers notes there are some things in this world which simply can't be successfully legislated. For example, it does not appear wise to increase the minimum wage again by federal statute when that is the very reason why so many unskilled are not gainfully employed. Wages are paid for work or service performed. When wages are increased, the cost of the work or service is also increased unless output goes up. Then the law of supply and demand takes over. If the goods become "too costly," the buying market decreases. The result is a drop in production, which leads to a loss of jobs. Congress should consider that another increase of the minimum wage

The Price of Many Non-Food Items Cause Cost of Groceries Seem High

"The price of panty hose, papers, paper towels, plants, toothpaste and a whole host of non-food items are all too often figured in the monthly food bill in most households," says Dr. H. O. Kunkel, Dean, College of Agriculture, at Texas A&M University.

"In fact, recent surveys of the homemaker's grocery cart revealed that \$ 2.80 out of every \$10 spent at the supermarket goes for these non-food items," the dean continued.

"But that's only one of the many items that may inflate 'food costs' at the market place. The modern, busy and sometimes working homemaker needs many built-in labor savers in the foods she buys. A wide selection of top quality food items ready to pop into the oven, saucepan or skillet fit her lifestyle, and allow her more time to spend on other personal or family needs. The wide variety of package sizes helps make shopping more pleasant and are much easier to store in freezer or pantry. These conveniences, as desirable as they are, do increase labor costs. In fact, perhaps as much as 47 per cent of the cost of food marketing goes for labor," Kunkel pointed out.

"Another 13 per cent goes to packaging," he continued. "Put in round figures, that could mean \$13 out of every \$100 the homemaker spends on food items that require special packaging. Nationally, it amounted to \$8.8 billion out of a \$101.6 billion food bill paid by consumers in 1971," he explained.

"Unfortunately these costs are often viewed by the consumer as being 'food costs' and not viewed as costs quite separate from costs of the food as produced on the farm or ranch," Kunkel emphasized.

Kunkel agrees that food prices are somewhat higher today. "To do otherwise would completely avoid the economic facts of life in an economy that has experienced inflation, as well as increased costs for taxes, labor, transportation and raw materials the farmer must buy to see to it that we have an abundance of high quality food at the market place. But even with all these built-in increases, food is still the best buy the consumer can make," he said.

"Relative to other consumer goods, food prices have not increased nearly as much. In fact, the average consuming family in 1952 spent about 23 per cent of its take-home pay on food. In 1971, food costs accounted for only 16 per cent. Of course, some families would spend a higher percentage, while others spent less depending upon the family income level. It is important to note, however, that some food items, particularly poultry and milk products are presently in a seasonal downturn and are exceptionally good buys in most market areas."

Kunkel explained that as with other consumer goods, the buyers have developed solid preferences, and the trend is toward the deluxe standard.

"We're delighted that the consumer values high quality food and food products. The fact that we seem to prefer steaks to the lower-priced cuts, the perfectly shaped apple without blemishes, and crisp, well colored vegetable products is justifiable. To put this type of product on the market, the producer must follow the best production and marketing procedures. This, too, leads to increased costs just as the deluxe model of the last car you bought costs more than the compact you looked at," he said.

"Defending agriculture comes easy to me, and perhaps it should," Kunkel declared. "For I know of no other industry that has developed the output per man hour that agriculture has achieved to date. The data would indicate that our

achieved efficiency is twice that of industry as a whole. In my opinion that's efficiency, and I would hate to think what the price of food would be today if the American agricultural sector had failed to meet this tremendous record of efficiency."

"Unfortunately the farmer appears not to have been very well rewarded for achieving this high level of efficiency, as increased production costs plus inflation have nearly outrun his efficiency advantage during the last 20 years," he said.

Pease River Brine Control Dam Called More than Dream

A prerequisite Phase II program to clean up natural salt water pollution of the upper Red River basin has been delayed in the Federal Office of Management and Budget since June 10, 1970, and is presently delaying major progress on a proposed Pease River Dam, Ed Lehman, Jr., chairman of the three-county Pease River Reservoir Committee, said Monday of last week in Vernon.

But Mr. Lehman still held out hope for eventual realization of a fresh-water reservoir on the Pease between Crowell and Quannah.

He said that the reservoir was referred by spokesmen for the Army Corps of Engineers in Quannah two weeks ago during the five-county economic development tour as "just a dream."

Mr. Lehman said that information in the hands of committee members indicates that the project is considerably more than a "dream," however.

He said that the Phase II chloride project, a \$233 million proposal which deals with natural pollution of the Red River Basin, has passed both houses of Congress and needs only to be released by the President and Secretary of the Army.

He said that it is understood that certain questions have been asked by the Secretary of the Army about the project, but that he and other sponsors of the Pease project are optimistic that the Office of Management and Budget will advance the Phase II program after the questions are answered satisfactorily.

Mr. Lehman said that it will be possible for the Corps of Engineers to attach the \$4 million Pease River cleanup project to a \$60 million Phase I project to clean up the Wichita River basin as soon as the Phase II project is released. The Pease chloride project is in Phase II and Congress has stipulated that Phase I cannot be started until Phase II is approved.

A preliminary feasibility survey is currently being conducted on the Pease River project and all indications are that initial feasibility will be indicated in this work, which is expected to be concluded before the end of the year, Lehman said.

Four separate phases for the Pease dam, all of which must follow the approval of the Phase II chloride project, include a formal detailed survey, design of the reservoir, engineering and construction.

On hand for the meeting were J. A. Marr, A. V. McCombs and John McAlister of Crowell, Sam Breedlove and Ben Fulton of Quannah, Mr. Lehman, L. D. Humphreys, Claud Ayres, Bob Arnold, Frank Duncan, Aubrey Lockett, M. K. Berry, Sam Phelps and Ed Coltharp of Vernon.

NOTICE!

The Economic Opportunities Advancement Corp., Crowell, Texas, is seeking applicants for on-the-job training as a farm implement mechanic at McLain's Equipment Shop. Applicants should be at least 18 years old and meet OEO disadvantaged criteria. Only those prepared for 41 weeks of training that will lead to permanent employment need apply. Contact the E. O. A. C. office for preliminary interviews.

News from . . . THALIA

BY MRS. MAGGIE CAPPS

Duane and Marshall Capps of Vernon visited Mrs. Maggie Capps Saturday.

Coyt Webb of Amarillo spent the week end with his aunt, Mrs. Lela Glasgow, and attended the bedside of his uncle, Floyd Webb, in the Crowell hospital.

Mrs. Pearl Gray returned home from the Crowell hospital Saturday after several days spent there as a patient.

Homer McBeath remains in the Crowell hospital after suffering a mild stroke several days ago.

Mrs. Aline Williams of Crowell visited her sister-in-law, Mrs. Jessie Gamble, Friday.

Rev. and Mrs. Buddy Ussery and a group from the Quannah Baptist Church visited here Sunday and Rev. Ussery preached at the local church.

Wheat harvest is in full swing here now. Many fields still have mud holes from the late rains, but many loads have been brought to the elevators the past week. We are almost speechless this Monday morning after holding our breath through the night as the lightning flashed and the thunder rolled but very little rain came in this immediate area. If the rain holds off this week, we will see the harvest passing quickly. Didn't get rain until almost harvest time but some fields are turning out fairly well. We surely would like to have all these fine people, who have come from far and near, throughout the year and hope we will have a better harvest for them next year.

Mr. and Mrs. John Lindsay of Santa Maria, Calif., are visiting his grandparents, Mr. and Mrs. Ed Payne. John is the son of Mrs. Loris Lindsay, a daughter of the Paynes.

Miss Donna Main of Roy, N. M., and Bob Henderson visited her grandparents, Mr. and Mrs. Ed Payne Saturday. Miss Main is a daughter of the late Bob Main and Mrs. Flo Main of Roy, N. M. Donna and Mr. Henderson will be married at Roy, June 28. They are both in college at El Paso.

Joe Watson of Spearman spent the week end here helping his father, Ralph Watson, in the wheat harvest.

Mr. and Mrs. Lee Sims went to Hobbs, N. M., Saturday and spent the week end with their daughter, Mrs. Jesse Moore, and family. They were there to attend the high school graduation of their grandson, Randy. They returned home Tuesday.

Johnny Jones, paternal grandfather of Mrs. Ward Kuehn, is seriously ill in Vernon, it is reported here.

Mr. and Mrs. Weldon Farrar and son of Lubbock spent the week end with their parents, Mr. and Mrs. Alton Farrar and Terry and Mr. and Mrs. O. C. Holland.

Eldon Whitman suffered an injury while herding cows in a mesquite pasture early last week.

NOTICE OF INTENTION TO INTRODUCE A BILL IN THE LEGISLATURE

THE STATE OF TEXAS: COUNTIES OF CHILDRESS, DONLEY, FOARD, HARDEMAN AND HALL:

NOTICE is hereby given that the undersigned intend to request the introduction of a bill in the Sixty-second Legislature, Second Called Session, of the State of Texas, the general purpose, nature and substance of which is as follows:

Such bill will provide that Greenbelt Municipal and Industrial Water Authority shall comprise all of the territory contained within the Cities of Childress, Clarendon, Hedley, Quannah and Crowell on the effective date of said bill. Said bill will have the effect of deleting the City of Memphis from the Authority and including within the boundaries of the Authority territory annexed to the heretofore named Cities comprising the Authority since their initial inclusion within the boundaries of the Authority. Said bill will also provide methods for the annexation of territory to the Authority, authorize the Authority to own and operate retail water distribution systems and to acquire all types of property within and without the boundaries of the Authority and authorize the Authority to employ and constitute its own law enforcement officers with power to make arrests when necessary.

The above enumeration of provisions to be contained in such bill is not intended to be exclusive, but only to express the general purpose, nature and substance thereof.

This notice is given in accordance with the requirements of paragraph (d), Section 59 of Article XVI of the Texas Constitution.

BY ORDER OF THE BOARD OF DIRECTORS, OF GREENBELT MUNICIPAL AND INDUSTRIAL WATER AUTHORITY.

Legal Notice

Whereas, the City Council of Crowell, Texas, finds it is necessary and essential in the public interest of the health, safety and general welfare of the citizens of the City of Crowell, Texas, to enact provisions governing the discharge of wastes into the City sewage facilities, to read hereafter in full as more particularly provided in the body of this ordinance.

Now, therefore, be it ordained by the City Council of the City of Crowell, Texas:

An ordinance establishing regulations covering industrial wastes; defining terms; prohibiting some wastes; providing limits for B. O. D.; temperature, acids, alkalines, synthetic products, explosive mixtures, greases and oils, requiring pretreatments; providing for rates and surcharges; billing; penalty for failure to pay bills; prohibiting outside source of water; requiring submission and approval of plans and specifications; setting forth requirements for treating and control facilities; providing for city inspection and testing; providing authority to disconnect; repealing all conflicting ordinances; providing a penalty; providing for method of publication and effective date; and containing a severability clause.

That in accordance with Article 1377c of the Penal Code—CRIMINAL TRESPASS (Senate Bill 111 passed by the 62nd Legislature), notice is hereby given that all lands of the W. T.
