## **OFFICE SUPPLIES PEDDLER** When the person selling printing, office supplies and advertising solicits your business, here are some questions he should be willing to answer to YOUR SATISFACTION:

- 1. Is he a taxpayer in your community or county?
- 2. Does he donate space in the newspaper to local and county projects and enterprises?
- 3. Does he pay wages to employees who live and do business in your community?
- 4. Does he grant favors that you would ask of your local newspaper?
- 5. Does he donate newspaper space to promote you and your neighbor's business?
- 6. Does his price include freight, postage and insurance?
- 7. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing and office supplies—a question of whether you should support those who help support you!

## **NEWSPAPER ADVERTISING!** IF YOU THINK SO, THEN

PREACHERS-Should preach only one sermon or so a year. We are all against sin anyway, so why harp on it?

TRAFFIC LIGHTS-Should be turned off at dangerous intersections to save electricity. Everybody knows it's a dangerous spot and that is sufficient.

**TEACHERS-No need to review lessons. Tell the** children just once and they'll never forget.

MAIL ORDER FIRMS-That send catalogs are wasting their money. Everyone knows what is sold at area stores and of course they'll shop there.

HIGHWAY POLICY-Stop driving up and down the highways. No need to caution drivers by patrolling highways. Drivers know the law and should obey.

IF YOU ARE ONE OF THE foolish kind, like the Notre Dame Cathedral that has stood for six centuries but still rings the bell every day to let people know it is there and if you believe in consistent profitable advertising, then you will . . .

### Mrs. V. A. Johnson **Is Speaker at** W. S. L. Meeting

Mrs. V. A. Johnson and George Self have presented programs at the last two Women's Service League meetings. Speaking at the January 4 meeting, Mrs. Johnson told of the achievements of the Foard County Historical Society. Appointed by County Judge Leslie Thomas some ten years ago, the group is often 100 per cent in attendance at its monthly meet-

Goal for this year is to erect ome five historical markers in the county. Mrs. Johnson stated that the best Foard County story is that of Cynthia Ann Parker. Members of the society have attended regional and state meetings at their own expense. Numerous discoveries by members prove that many early schools were located in half-dugouts.

Mr. Self shared his 1973 predictions-which he has been making since 1947-with the WSL on January 11. His outlook ranged from serious to humorous, but as a whole he predicted everything is "looking good for this area." He suggested several projects that might be undertaken locally. Mr. Self was introduced by Mrs. W. L. Johnson and Mrs. V. A. Johnson by Mrs. Edward Howard. Mrs. Baxter Gentry, Mrs. Robert Kincaid and Mrs. Nelson Oliphant were named to investigate the possibility of sponsoring magic show.

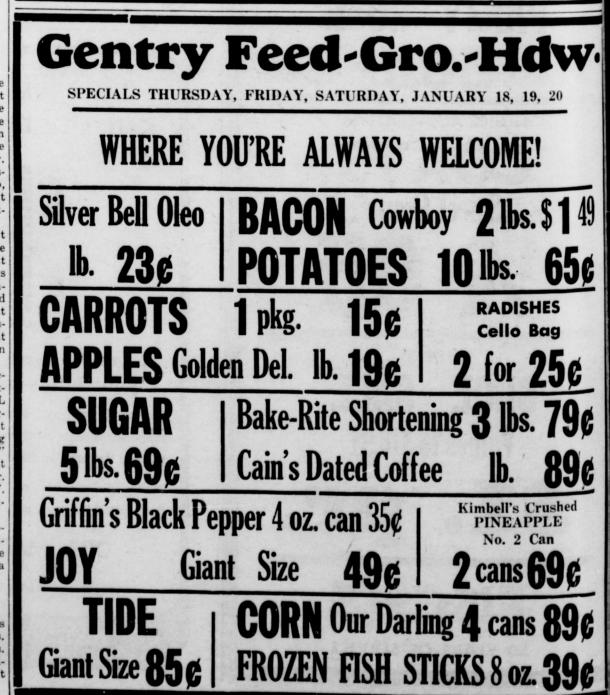

**On Hostess List** In the story given the News about a shower last week for Mrs. Doug Miller, the names of Mrs. R. J. Owens and Mrs. Glenn Halsell, Jr., were inadvertently left off the list of hostesses.
