Section of Pease River Bridge Floor Falls In

Foard County Texas Highway Department maintenance personnel have spent several days "guarding" the Pease River bridge north of Crowell. Sometime last week, a section of concrete flooring in the

bridge fell out. Local maintenance men stayed on duty directing traffic around the broken portion, then also stayed at the bridge while forms were made, concrete poured in the opening, and continued their duties directing traffic on the bridge until the new concrete had set up.

You Are Needed in The Band Boosters Club

You are needed to join an organization that represents Crowell, Foard County and the Truscott and Gilliland communities at many out-of-town activities during the year. This organization is not only this area's representative in the North Texas area, it is composed of the finest product we have to offer—our children.

This organization for which more members are needed is the Band Boosters Club. This club helps to finance some of the activities of the CHS Band, which is under the able direction of James Streit. The band, with its out-standing music and precision drills, is always a hit at half-time shows of football games, and the band always rates high in UIL contests during the school year.

There are many expenses incurred during the year. The Band Boosters have various money-raising projects and one of them is membership in the organization. Dues are \$5.00 per family per year. Membership cards will be issued to those joining, and the membership dues will help defray these many expenses.

Whether you have children in the band or not, doesn't matter, but your support is needed. Won't you join soon?

Changes Are Announced for Food Give-away

The U. S. Department of Agriculture has announced changes in food distribution program regulations which permit the use of federally donated foods in nutrition programs for the elderly, funded under Title VII of the Older Americans Act.

The recently announced rule changes will permit nutrition programs for the elderly to get the same foods which USDA donates to charitable institutions, but without regard to whether the elderly people served are needy.

The Nutrition Program for the elderly is administered by the U. S. Department of Health, Education and Welfare (HEW) in cooperation with state agencies on aging. The Food Distribution Program is administered by USDA's Food and Nutrition Service (FNS).

Last Rites Held at Gilliland for Doshie Reed

Miss Doshie Alma Reed, 80, long-time resident of the Gilliland community, died in the Seymour Memorial Hospital Saturday, Sept. 15, following a long illness.

Funeral services were held at 3:30 p. m. Monday, in the Gilliland Baptist Church conducted by a former pastor, Rev. Charles Galloup of Peacock, Texas, and the pastor, Rev. Toy Mayo.

Interment was in the Gilliland Cemetery with Womack Funeral Home of Crowell directing. Nephews were casket bearers.

Miss Reed was born at Boyd, Wise County, Texas, October 29, 1892, daughter of the late Mr. and Mrs. William Henry Reed. She was a member of the Gilliland Baptist Church.

Survivors include two brothers, Henry Reed and Ancel Reed of Gilliland; and two sisters, Mrs. Agnes McConnell of Lone Wolf, Ok., and Mrs. Maurice O'Bryant of Washington, Ok.

Dates Are Set for Annual Lions Carnival

Dates for the annual Lions Club Street Carnival have been announced by the local club as Monday, Tuesday and Wednesday, Oct. 1st, 2nd, and 3rd.

The carnival will have its usual array of games, rides and refreshments. Proceeds go to help pay for the numerous projects of the local club.

Beverly Gray is chairman of the carnival this year.

FRIDAY NIGHT

Cats Go to Memphis

The Crowell Wildcats, fresh from two pre-district football wins, will probably face their severest test of the season Friday night when they go to Memphis to take on the powerful Cyclones.

Memphis took its first win of

STORM DAMAGE—Considerable damage was reported by high winds and rain in a storm which struck the county Wednesday afternoon of last week. The above picture was taken by Odell Williams, foreman of the Shamburger Ranch northwest of Crowell and shows William Gaffey of Electra, a ranch

employee, standing in front of a trailer house. Visible just at Gaffey's right shoulder is a 2x6 piece of lumber which was blown through the trailer house by the storm. At his feet is one wall of the Williams' garage which was blown down during the high winds.

Resident to Be Honored Oct. 12

Dr. Ernest Gloyna, a former resident of Foard County, will be honored as a "Distinguished alumni" of Texas Tech in ceremonies at 7 p. m., October 12, in the University Center on the Tech campus.

Dr. Gloyna graduated from Tech in 1942, at which time he also received a commission in the U.S. Army in the ROTC program of the college.

Presently, he is dean of the College of Engineering at the University of Texas in Austin. He is the son of former Foard residents Mr. and Mrs. Herman Gloyna, now residents of Plainview.

County Receives More Moisture Last Week

Parts of Foard County were blasted with torrential rains late Wednesday afternoon of last week and considerable damage was reported to buildings by the high winds and land was damaged by the heavy rain. The official gauge in Crowell

Silver Tea To Be Held Next Monday

A book review will highlight the meeting of the Foard County Federation of Women's Clubs when it opens the 1973-74 year with a silver tea Monday, Sept. 24, from 4:30 to 6 p. m. in the home of Mrs. Hubert Brown.

Mrs. Glen Halsell Jr., will review "Susanna," by Rebecca Lamar Harmon, which is the story of the mother of John and Charles Wesley.

The Columbian Club with Mrs. Allen Shultz, president, will lead the program, and hostesses will be members of the Westside Home Demonstration Club with Mrs. Parker Churchill, president. All women in the area are invited.

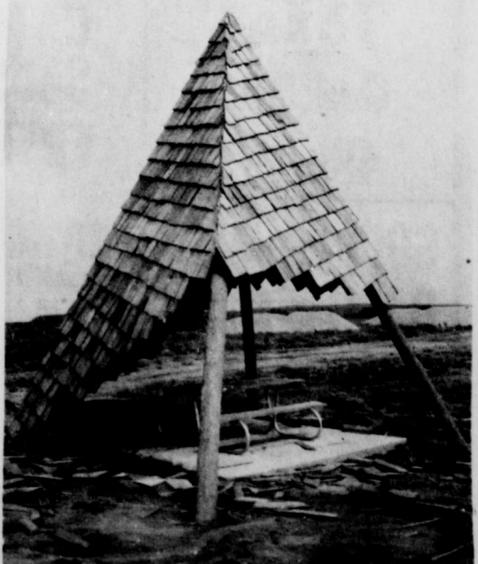

measured 1.94 inches and this amount fell in about a half hour. Water rushed down the streets of Crowell in greater amounts than have been seen here in several years. Just north of town, the water crossed Highway 283.

East of Crowell and in the Thalia area, fields have begun to look like lakes, and in fact ducks have been lighting in a few of the fields for several weeks.

Considerable wind accompanied the storm and a garage was blown down at the home of Mr. and Mrs. Odell Williams on the Shamburger ranch northwest of Crowell.

Last Wednesday's rain pushed the total for September up to 7.11 inches and the total for the year is now 25.52 inches. This is more than the county receives in a normal year.

Early Monday morning, a cold front pushing through the area kicked off showers which brought another .16 inch here. The coolest weather of the fall season followed the front with the mercury dropping to the mid-50's, Monday morning.

PICNIC TABLE—Here is a close-up view of one of the picnic tables and "tee pee" style covers presently built at Copper Breaks State Park. The section of the cover on the left on all the units face west, in order to give picnickers the most possible protection from the late-evening summer sun.

ROAD DUTY AT PEASE RIVER—Richard Winters, an employee of Foard County maintenance crew of the Highway Department, is pictured above directing a motorist and advising repairs. A section of the bridge

floor fell out last week, and local maintenance men have been on duty since that time directing motorists around the broken section. A new flooring was poured in the broken section last Saturday, and traffic was kept off the repaired section for a few days after that.

Owens Sunday in Hospital

Murrel Owens, 62, life-time resident of Foard County, died at Crowell County Hospital Sunday, Sept. 16, following a long illness.

Funeral services were held at 10 a. m. Tuesday, Sept. 18, in the Crowell Baptist Church conducted by the pastor, Rev. E. W. Smith.

Interment was in the Crowell Cemetery with Womack Funeral Home of Crowell in charge.

Survivors were Edward Howland, Henry, Allison Denton, Walter Borchardt of Crowell, Wade Barker of Crowell and Fred Latham of Crowell.

Murrel Owens was born in Crowell, Texas, April 6, 1911. He was married to Mrs. M. L. Owens. He made his home in Crowell, Texas, until moving to Crowell, Texas, in 1969. He was married to Frances Schlager on July 17, 1935.

He was a member of the Crowell Baptist Church of Crowell. He was survived by his wife, two brothers, Elvin Bartlesville, Ok., and two sisters, Mrs. M. L. Owens of Temple City, Texas, and Mrs. M. L. Owens of Slaton, Texas.

New Chevrolets Now on Display in Crowell

Borchardt-Goodwin, Foard County's Chevrolet dealer, is inviting area residents to their place of business Thursday morning to view the 1974 line of Chevy products.

The Chevy line offers a wide variety of models to choose from in a wide price range.

Man Charged in County Court

A 19-year-old Lubbock man was released from the Foard County Jail, Sunday afternoon after posting a \$2,000 bond in connection with his arrest on a marijuana possession charge.

Sheriff Edward Howard said Monday that a class A misdemeanor charge was made against the man in county court.

Graves added another score during the first period on a seven-yard plunge and passed 29 yards to David Bell for a TD, also in the first period.

Other Crowell scores came on a 22-yard run by Chavelo Ranjel; a 15-yard gallop by Philip Bell; a one-yard sneak by reserve quarterback Randy Prince; a 29-yard field goal by David Bell; and a 10-yard scamper by Ranjel.

Chillicothe's lone score came late in the final quarter when junior quarterback Kenneth Johnson flipped out to running back Rodney Johnson who then threw a 59-yard pass to Herschman for the touchdown. Herschman also kicked the extra point.

The Wildcat defense was led by Fred Matysek and Ernest Barrera, and the Cat Defense completely bottled up the eagle offense for most of the night.

Seeing action for the Wildcats in this game were Barrera, Rocky Glasscock, Graves, Ricky Hammonds, Matysek, Keith McDaniel, Philp and David Bell, Ernie Myers, Ricky Nichols, Prince, Ranjel, Don Sparkman, Allen Tapp, Melvin Westover and Hal Williams.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—New legislative sub-committee investigations of the amusement and vending machine industry have been ordered amid sensational (and disputed) allegations resulting from a 1968 probe.

Speaker Price Daniel, Jr., named Rep. Arthur (Buddy) Temple of Diboll to head a House Consumer Affairs sub-panel inquiry into juke box operations and needed legislation in the field.

The sub-committee was instructed to work jointly with a Senate group headed by Sen. Ron Clower of Garland. Clower said his sub-committee will look into allegations the industry is linked to organized crime and that the regulatory state Amusement Machine Commission is dominated by big operators who do not protect customers.

Daniel said the air should be cleared of speculation, controversy and innuendo which have surrounded operation of the industry for years.

Meanwhile, Daniel unveiled some of the previously-secret records of a 1968 House investigation. Most controversial was a tape recording of testimony by Pete Martinez of Austin that he gave money to a state representative, a state senator (who is now dead) and a judge, on behalf of Raymond B.

Williams of Dallas, a major amusement machine owner who previously served on the regulatory commission.

Williams has denied Martinez's testimony. Department of Public Safety Director Wilson E. Speir said Martinez, now serving a probated sentence for burglary, failed to satisfy a lie detector test that he was telling the truth and that he refused to repeat his charges to a district attorney or grand jury.

AID FOR RUNAWAYS—An experimental hot line for runaway youths to send word to their families is being installed through leadership of Gov. Dolph Briscoe and with cooperation of the telephone company and its employees.

Briscoe announced the facility, which he termed "Operation Peace-of-Mind," will be manned by volunteers for 30 days. The initial Houston office will have two statewide inbound Wide Area Telephone Service (WATS) lines, one national WATS line and three local lines in the city.

The Governor said the network will transmit messages from the run-aways to their parents and friends and is not intended to "inform" on them. Volunteers will also tell the youthful wanderers where they can receive assistance anywhere

in the state.

Number of the state WATS line is 1-800-392-3352. The national WATS number is 1-800-231-6946.

SALES TAX BONDS REQUIRED—Businessmen delinquent in payment of sales taxes they collect from customers must post bonds ranging from \$100 to \$50,000 after January 1.

Failure to put up the required bond (based on volume of business) and pay delinquent taxes may result in court action to close a business.

Fred Russ, director of the State Comptroller's Tax Division, estimated \$35 million in state and \$7 million in local sales taxes are delinquent for the period which began in 1961. Much of this total is due to business failure.

Russ predicted \$3 million to \$4 million will be produced by the new bonding law for businessmen who are now delinquent.

Under the new law, a bond will be required of all new businesses for a two-year period. If there are no delinquencies, the requirement will be dropped. Discounts will be allowed for timely payments to the state of taxes collected and pre-payments.

BRISCOE LIKES IT HERE

Governor Briscoe says he likes his job and has given no thought to quitting after a single term.

While he said he is not ready to make a formal announcement, the Governor didn't leave much room for doubt that he will seek a second term in 1974.

"I have enjoyed this job," said Briscoe. "I haven't thought about leaving."

While he was at it, Briscoe said he sees no reason to change his mind about not calling a special legislative session. He stated flatly he does not see one as needed for any purpose.

COLLEGE BOND REQUIREMENTS REVIEWED

The Coordinating Board, Texas College and University System looked over proposed

rules and regulations by which three Texas schools may issue tuition-backed bonds to construct new facilities.

Action is expected to be taken on the rules and on tuition equalization grant procedures at a September 28 meeting in Dallas.

The 63rd Legislature authorized the University of Houston to issue up to \$40 million in tuition bonds for its Clear Lake Campus, Texas A&M University a maximum of \$7.5 million for Texas Maritime Academy and Moody College of Marine Sciences and Maritime Resources and Pan American University, Edinburg, a maximum of \$10 million.

Schools must provide estimates of enrollment, estimated gross tuition revenues and total cost of proposed construction projects.

AG OPIONS—Atty. Gen. John Hill ruled state game and fish funds may be used to erect artificial reefs on submerged lands of the continental shelf seaward of three marine league limits.

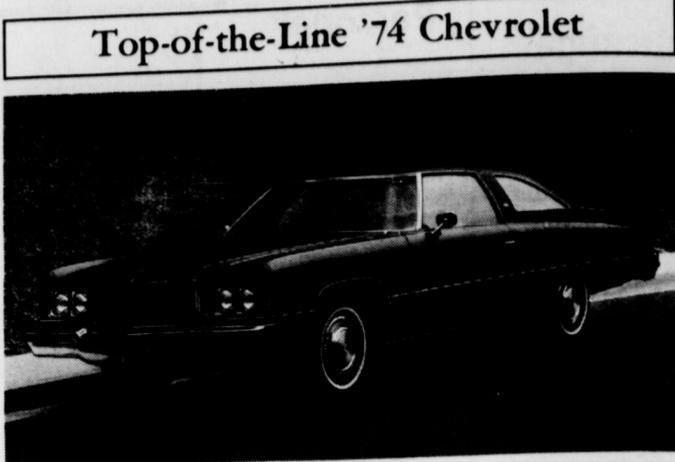

In other recent opinions, Hill concluded:

An automatic, unmanned bank teller machine operating 24 hours a day seven days a week does not violate bank holiday laws.

Proposed plans for a Rapid Transit Authority must be furnished to the Governor's Interagency Transportation Council by the governing body of the principal city rather than by the authority governing body.

Funds contributed to an optional retirement fund by a college employee must after one year of participation, regardless of whether the college in such case has no right to obtain a refund of the state's matching portion.

APPOINTMENTS—Mrs. Jess Hay of Dallas, Harold Herndon of San Antonio and Tony Bonilla of Corpus Christi were appointed by the Governor to the Coordinating Board. Reappointed were O. H. Elliott of Austin,

The top-of-the-line Chevrolet Caprice Classic coupe offers a new colonnade-type roof design with a styled center pillar extending into the roof panel. Rear quarter windows are nearly 50 per cent larger. In 1974 the Caprice Classic line offers five basic models: a coupe, convertible, sport sedan, four-door sedan and both two and three-seat wagons. Other Caprice styling features include inboard parking lights, fender side-marker lights, bright grille with vertical highlights and new standard wheel covers. Introduction date for all Chevrolet models is Thursday, September 20.

Dr. George V. Brindley Jr. of Temple and Fred Moore of Austin.

Jimmy Banks of Austin is new chief Texas representative of U.S. Sen. John Tower.

J. Doug Toole of Houston has been elevated to chairman of Texas Water Quality Board.

Joe La Mantia of McAllen, Edward Messick of San Antonio and Noel Rather of Dallas were placed on Texas Civil Air patrol Commission.

New members of the Texas Commission on the Arts and Humanities are Mrs. Margaret Crow of Dallas, Mrs. Mary Moody Northern of Galveston, Mrs. Wesley West of Houston, Mrs. Laurel Dammier of Amarillo and Bill Burford of Dallas.

SHORT SNORTS

Agriculture Commissioner, John C. White estimated major crop losses from tropical storm Delia at about \$100 million.

Texas Water Quality Board approved pollution control and quality maintenance plans for San Antonio, Colorado, Guadalupe and Sabine River basins.

PUBLIC NOTICE CONSTITUTIONAL AMENDMENTS

SUMMARY OF PROPOSED SPECIAL ELECTION NOVEMBER 6, 1973

NUMBER ONE ON THE BALLOT (S.J.R. 8)

Article III, Sections 5, 24 and 49a and Article VIII, Section 6 of the Texas Constitution are amended to:

Provide for regular annual sessions of the Legislature. The regular session in each odd-numbered year would be for a period not to exceed 180 days. The regular session in each even-numbered year would be for a period not to exceed 60 days and would be limited to consideration of fiscal matters and any emergency matters submitted by the Governor. The 60 day session could be extended by the Governor for a period not to exceed 30 days.

Provide an annual salary for members of the Legislature not exceeding \$15,000 per year and a per diem not exceeding \$15 per day for each day of each regular session or special session.

Provide that no appropriation of money shall be made for a longer term than one year and direct the Comptroller to make annual estimates of anticipated revenue rather than biennial estimates.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for annual regular sessions of the legislature; and to provide an annual salary of \$15,000 and per diem for the members of the legislature, effective in January, 1975."

NUMBER TWO ON THE BALLOT (H.J.R. 7)

Article XVI, Sections 50 and 51 of the Texas Constitution are amended to:

Include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses.

Presently a single adult person is not entitled to claim a homestead exemption and a married man can abandon a family homestead without the consent of his wife.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to include within the scope of homestead protection the real property of a single adult person which meets the other requirements of homestead property, and to provide that a family homestead may not be abandoned except with the consent of both spouses."

NUMBER THREE ON THE BALLOT (S.J.R. 13)

Article VIII, Sections 1-a and 1-b of the Texas Constitution are amended to:

Extend the \$3,000 ad valorem tax exemption to the residential homesteads of unmarried adults.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to extend the \$3,000 ad valorem tax exemption to the homesteads of unmarried adults."

NUMBER FOUR ON THE BALLOT (S.J.R. 11)

Article XVI, Section 59, of the Texas Constitution is amended by adding a new Subsection (e) which:

Provide that no law creating a conservation and reclamation district shall be passed unless a copy of the proposed law is delivered to the commissioners court of each county and to the governing body of each incorporated city or town in whose jurisdiction said district or any part thereof is or will be located. Each such commissioners court and governing body may file its written consent or opposition to the proposed law with the Governor, Lieutenant Governor and Speaker of the House of Representatives. Each special law creating such a district must comply with general laws then in effect relating to consent by political subdivisions to the creation of such districts.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment establishing certain requirements relative to the enactment of laws creating certain conservation and reclamation districts."

NUMBER FIVE ON THE BALLOT (S.J.R. 12)

Article XI, Section 7 of the Texas Constitution is amended to:

Provide that all counties and cities bordering on the coast of the Gulf of Mexico are authorized to levy a tax to pay for bonds issued for the construction of sea walls and breakwaters upon a majority vote of the resident property tax-payers. Counties and cities are presently authorized to levy such taxes and this amendment only changes the required vote from a two-thirds majority to a simple majority.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing counties and cities bordering on the Gulf of Mexico to issue bonds

for the construction of sea walls and breakwaters upon a vote of the resident property tax-payers."

NUMBER SIX ON THE BALLOT (S.J.R. 26)

Article V, Section 8 of the Texas Constitution is amended by adding a new paragraph which:

Provides that the district court, concurrently with the county court, shall have the general jurisdiction of a probate court and in a probate proceeding shall also have the jurisdiction otherwise conferred on it by law. It also provides that the legislature may increase, diminish, or eliminate the jurisdiction of the district court or county court in probate matters, may adopt rules governing the filing, distribution, or transfer of cases and proceedings as between the courts having jurisdiction of probate matters, and may provide that all appeals in probate matters shall be to the courts of civil appeals.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment stating that the district court concurrently with the county court shall have the general jurisdiction of a probate court, and providing the jurisdiction thereof, and further providing that in any probate proceeding the district court shall also have jurisdiction otherwise conferred upon it by law, and further providing that the legislature may increase, diminish or eliminate the jurisdiction of the district court or county court in probate matters, and further providing that the legislature shall have power to adopt rules governing the filing, distribution and transfer of all such cases and proceedings as between district courts, county courts, and other courts having jurisdiction thereof, and further providing that the legislature may provide that all appeals in such matters shall be to the courts of (civil) appeals."

NUMBER SEVEN ON THE BALLOT (H.J.R. 6)

Article III, Section 49-b of the Texas Constitution is amended to:

Provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund. This amendment increases the present \$400 million authorization to \$500 million;

Remove the present provision which permits buying of land only by those veterans who served between September 16, 1940 and the date of formal withdrawal of United States troops from the armed conflict in Viet Nam. This amendment would allow all veterans who serve after September 16, 1940 to buy land from the Veterans' Land Fund, provided they are otherwise qualified;

Provide that, in the event of the death of an eligible

Texas veteran after the veteran has filed with the Board an application and contract of sale to purchase through the Board the tract selected by him or her and before the purchase has been completed, then the surviving spouse may complete the transaction.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for an additional \$100 million in bonds or obligations of the State of Texas for the Veterans' Land Fund."

NUMBER EIGHT ON THE BALLOT (S.J.R. 29)

Article XI, of the Texas Constitution is amended by adding a new Section 5(a) which:

Authorizes and requires incorporated cities, towns, and villages, regardless of population and notwithstanding the constitutional limitations on total tax rates, to levy such annual ad valorem taxes on the taxable property in the city, town or village as are necessary to pay the principal of and interest on when due, the general obligations hereinafter issued by the city, town, or village. The legislature is empowered to limit by general or special law the total principal amount of general obligations which may be issued, but unless and until the legislature acts to do so, the limitations established by statute with respect to the total principal amount of bonds which may be issued by independent school districts shall apply as the rate limitation on cities, towns, and villages.

The wording of the proposed constitutional amendment as it appears on the ballot is as follows:

"The constitutional amendment to authorize cities, towns, and villages to levy such ad valorem taxes as are sufficient to pay the principal of and interest on their general obligations hereafter issued subject to the restrictions provided by law."

NUMBER NINE ON THE BALLOT (S.J.R. 25)

Article VIII of the Texas Constitution is amended by adding a new Section 2C which:

Allows the Legislature, by general law, to exempt all real and personal property used by non-profit water supply corporations or cooperatives from all property taxes. The exemption would apply only to such property as is reasonably necessary to conduct the business of a non-profit water supply corporation or cooperative.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing the legislature to exempt from property taxes certain property used by a non-profit water supply corporation or a non-profit water supply cooperative."

1974 Chevrolet A better-than-ever way.

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

Caprice Classic. Introducing an elegant motor car, just asking to be enjoyed. Outside: an imposing new grille, and on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Hydra-matic transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice:

Vega GT. This year's version of last year's Motor Trend Economy Car of the Year, (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, nicer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

Malibu Classic. A luxury Chevelle, new this year. Full foam seats. A fold-down front armrest. Wood-grain vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting. That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevelle. With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic—and all the 1974 Chevrolets. The ones shown here, plus Impala, Monte Carlo, Nova, Corvette, pickups, vans and all our new cars and trucks.

Camaro. The way it looks is the way it goes. Quick, sleek and nimble. With a low, wide stance, responsive steering. And comfort that's rare in a car that handles so well. Plus classic new styling, and plushness from the cut-pile carpeting up.

School Supt. Speaker at Rotary Meeting

Crowell Schools Supt. Larry
Jones was the speaker at the
Rotary Club meeting Wed-
nesday, Sept. 12, and told some
interesting facts about the local
school.

Jones, introduced by Rotarian
Floyd Borchardt, said that
enrollment is up slightly this
year, due to the kindergarten
program which is now a part of
the school. He said in grades 1
through 4, the average class
contains 34.6 pupils, while in
grades 5 through 12, the
average number per class is
43.6 students. There are 522
enrolled in the school, while 498
were enrolled last year.

Average daily attendance in
the school over the past few
years was listed by Jones, as
follows: in 1969-70 it was 432; in
70-71 it was 484, 71-72, was 483
and in 1972-73 it was 464.

He said that if the ADA
(average daily attendance)
drops below 443, the school will
lose one full time principal, one
teacher, one teachers aid, a part
of the special service teachers
fund and \$130 for each ADA. He
said it would amount to \$29,000
per year.

At the present time, the
school has 39 transfers from
Lockett and 8 from Gilliland.

The school is having a
difficult time securing bus
drivers this year, and Jones
pointed to the physical
examination required as keep-
ing some people from driving.
He said that a bus driver
training course will become
essential for drivers in the
future.

In commenting on the school
cafeteria, Jones said he has
been notified that no more
shortening or powdered milk
will be given to the cafeteria,
and said the school receives less
commodities each year.

Jones added that due to the
paper shortage, the local school
has received about one-fourth of
the amount of paper ordered

ATTENDING LCC

Miss Irma Quintero of
Crowell has enrolled in Lubbock
Christian College as a freshman
elementary education major.
She is a 1973 graduate of
Crowell High School.

Lubbock Christian College, a
fully accredited senior college
offering liberal arts and
pre-professional programs, has
a student body of 1100.

Fourteen modern, permanent
buildings and a half-dozen
temporary structures now form
the heart of the school's
120-acre main campus in west
Lubbock. Soon, this 10-million-
dollar plant will be significantly

enlarged by the addition of a
half-million dollar Mabee
Christian Development Center.
About two miles north of
Lubbock, the Lubbock Christian
College agriculture campus (two
farm-ranches totaling 530 acres)
provides extensive crop and
animal studies, and unique
research and demonstration
facilities.

The Veterans Administration
approved 365,000 GI home loans
valued at \$8.4 billion in fiscal
year 1973—the most loans in 16
years.

Honored at Baby Shower

Mrs. Kerry Robert Cash was the honoree at a baby shower Tuesday, Sept. 11, in the home of Mrs. L. H. Wall. She was gifted with a pink carnation corsage with blue ribbon and pink and blue diaper pins for accents.

The serving table was covered with a white lace cloth over blue. The centerpiece was of pink baby mums and white lillies of the valley held in a container, fronted with a blue frolicking lamb. A white honeycomb stork backed the floral arrangement. Guests were served by Miss Trenna Cash from a cut glass punch bowl. Cookies decorated with pink and blue booties and nuts completed the table.

After Mrs. Cash opened an assortment of gifts and was presented a high-chair by the hostesses, the honoree and

guests moved to the patio for games and conversation.

Hostesses were Misses Sandy Whitfield, Cheryl Branch and Mmes. Tommy Carpenter, L. H. Wall, Jr., Orville Black, Ike Everson, Morris Diggs, Delton Parkhill, Jesse Woodard, Clarence Justin and R. G. Rasberry.

WEST SIDE H.D. CLUB MEETS LAST WEEK

Ten members and one new member, Mrs. Bessie Cannon, and one visitor, Mrs. Rhonda Ward, agent, met in the home of Mrs. Lois Boren for the first meeting of the West Side Home Demonstration Club for the new year. Mrs. Louise Churchill, president, was in charge of the meeting and Mrs. J. W. Fielder called the roll and read the minutes. Roll Call was answered by each member telling of something beautiful she had seen this summer, including a new bicycle.

The program was filling out club yearbooks and planning the new year. Goals that were voted

Where Does Your Money Go?

Do you ever have enough money to buy all the things you want or need? How do some people manage? They do it by making a family financial spending plan based on a simple set of fundamental principles. This is the recommendation of today's money management experts regardless of the total family income. Gain a better idea of where your money goes by:

1. Keeping a record of all your expenditures or expenses for a month or so.
2. Record all the fixed expenses you must meet. This

includes rent or mortgage, heat and utility costs, insurance, car payments, contributions, real estate taxes and installment payments. You must provide for these obligations first.

3. Plan your daily expenses, such as food, clothing and clothing care, car expenses, medical and dental bills which vary each month. This part of your budget is flexible and adjustable. Your family's tastes, size, number of times you eat out, and cooking and shopping skills have a bearing on the amount of daily expenditures.

4. Establish an emergency fund to take care of the unexpected. A frequent recommendation is an amount equal to your income for 3 to 6 months.

Do you believe that the idea of setting up a family spending and saving plan may seem to limit your spending options? Actually, many families find that financial planning helps them reach their desired goals and still have some extra money left over.

Band Boosters Seek New Members

Fund raising projects to benefit Crowell High School's outstanding Wildcat Band were the main topics of discussion at a meeting of the Band Boosters Club Monday night in the band hall. Clois Cobb is president of the organization and he presided at the meeting.

The group agreed to sell fruit cakes again this year during the Thanksgiving and Christmas seasons. This is the third year for the sale of fruit cakes and they have proved to be popular items with area residents.

James Streit, band director, announced that there are five senior members of the band and as in the past, the Band Boosters will present each of these seniors with either a band jacket or blanket.

One report given showed that \$535.00 had been grossed from concession stand sales during a pre-season scrimmage with Childress and the regular season game here last week with Chillicothe.

It was stressed at the meeting Monday night that membership is open to all area residents. Dues are \$5.00 per family, and proceeds go to help pay for the many expenses incurred in the activities of the band with its 69 members.

Honored at Texas Tech

Mrs. Sue Kingsbery Bird, a 1970 graduate of Santa Anna High School, was recently honored at Texas Tech University for having the highest scholastic average in the animal science department of the university. She has maintained a 3.98 grade point average on the 4.0 scale.

Mrs. Bird is the wife of Crowell native Dan Mike Bird and she is the daughter-in-law of Mr. and Mrs. Mike Bird of Crowell.

She is now a senior in the university. She has attended college as Moody Foundation scholar through the Texas Interscholastic League Foundation scholarship program. She was a competitor in the state relay writing contest in 1970. Miss Statser is Speaker at WSL Meeting

Miss Karen Statser, one of the state's winners for the National 4-H Citizenship Short Course and Heritage Tour to Washington, D. C., showed slides and gave a commentary of the trip at last Thursday's meeting of the Women's Service League. She won the all-expense-paid trip for her outstanding 4-H record.

The students met in Dallas and traveled via bus with stops at Hot Springs, Ar., Nashville, Tenn., Salem, Va., Chester, Va., Decatur, Ga., Mobile, Ala., and New Orleans, La. They met 4-H clubbers from a number of the other states during their six-day stay in the nation's Capitol. The out-of-staters claimed they "could tell a Texan by his walk," according to Miss Statser.

The daughter of Mr. and Mrs. W. F. Statser, the speaker noted that the teen-agers visited the Smithsonian Institute twice, had their pictures made with Congressman Bob Price and enjoyed visiting the Country Music Hall of Fame. The USS Alabama—ship, sub, and plane—was also a popular attraction.

The Future Homemakers of America met at 3:30 Tuesday, Sept. 11th, for their first meeting of the 1973-74 year. At the meeting, the FHA girls decided on having an FHA girl of the month. This girl will be chosen by the FHA officers and Mrs. Brown. Also at the meeting, the group of 55 decided that the annual Mother-Daughter Salad Supper will be held Monday, September 24th, at 7:00 at the high school cafeteria. Committees consisting of food, decoration, and clean-up were assigned by president, Remelle Marlow. The FHA mothers chosen for the year are: Freshman, Mrs. Jody Whitfield; sophomore, Mrs. Hope Quintero; junior, Mrs. June Werley, and senior, Mrs. Mary Branch. The FHA girls are urged to pay their dues which are \$2.50. Delicious refreshments were served by this year's FHA officers.

An Even Dozen . . . Sheep Feeding Declines . . . Food and Fiber Pavilion Plans Nearing Completion.

An even dozen commodities are above parity for Texas agricultural producers, the Texas Crop and Livestock Reporting Service notes.

The commodities are wheat, corn, oats, potatoes, hogs, beef cattle, calves, sheep, turkeys, eggs and mohair.

The average wheat price in Texas is \$4.24 compared with parity at \$3.51 per bushel. Corn at \$2.75 per bushel compares with parity of \$2.36. Rice at \$11 per hundredweight compares with \$9.65 parity. Potatoes at \$6.50 per hundredweight compares with \$4.32 for parity.

All but one category of livestock is above parity, the single exception being lambs.

Hogs at \$55.80 compares with parity at \$37.10. Beef cattle averaged \$56.30 per hundredweight; parity is \$44.70. Calves at \$68 per hundred average compares with parity at \$54.20. Sheep at \$19.40 per hundred compare with parity at \$12.60. Lambs averaged \$37.60, but this is \$8.20 per hundred under parity.

Turkeys averaged 46 cents per pound with parity at 40.5 cents per pound. Eggs averaged 69.2 cents per dozen with parity at 64 cents. Mohair averaged \$2.30 per pound with parity at \$1.49 per pound.

Cotton prices to farmers averaged 34 cents per pound while parity was 66.05 cents per pound.

The all-farm products index of prices received by Texas farmers and ranchers is 20 per cent above the month of August and 61 per cent above a year ago. The livestock and livestock products index is 21 per cent above a month ago and 69 per cent higher than a year ago. The all-crops index is 18 per cent above a month ago and 50 per cent above a year ago.

And though farm prices go up, they also come down. During the period from August 15 to September 6, for example, prices had dropped 14 per cent.

Farm production costs also continue to rise. The index of prices paid by farmers is 19 per cent above a year ago.

DRYLOP sheep feeders with a capacity of 2,000 head or more had 117,000 sheep and lambs on feed for slaughter as of Sept. 1. This is seven per cent below the number on feed a month earlier and nine per cent below the number on feed a year ago.

Current intentions to market are: September 55,000; October 36,000, November 26,000. Placements during August totaled 54,000 head with a total of 10 feeders reporting 1,000 or more head on feed as of September 1.

PLANS for the Food and Fiber Pavilion of the Texas Department of Agriculture at the State Fair of Texas are nearly complete. Theme of the pavilion this year will be to show consumers how to get the most value for their food dollars.

This will be the fourth year that the Texas Department of Agriculture has had charge of the food and fiber pavilion. About one million persons annually have visited the pavilion since then.

A number of programs are planned to show consumers how to get the most for their food money including special emphasis on cost per serving. Special programs are also planned to highlight the natural fibers—cotton, wool and mohair.

Also on display will be features highlighting the top-quality in foods produced by Texas agricultural producers.

QUALITY PEANUTS FOR MORE PROFIT

High quality peanuts can bring more profit than just high yields, says an economist for the Texas Agricultural Extension Service. The grade of the crop is all-important, and high quality peanuts can often bring \$100 a ton more than those of low quality. Proper harvesting, is crucial for a good quality crop. Dig the crop only after it is mature; cure it properly before combining; adjust the combine properly and operate it at the proper speed; and dry the crop properly after harvesting.

GI Bill enrollments in fiscal year 1973 edged past 2.1 million to the highest level in 22 years, the Veterans Administration reported recently.

THE FAMILY LAWYER

Women Bartenders?

Do women have a constitutional right to be bartenders? Until the last few years, courts have steadfastly said no. Laws against women bartenders, when challenged as discriminatory, were upheld on two main grounds:

- 1) that their presence would encourage immorality in a place "where the worst passions are aroused;" and
- 2) that they could not keep the peace as effectively as men bartenders.

But in several recent cases, courts have taken a fresh look at the question and come up with the opposite answer. Immorality is no more encouraged, said one court, by a woman behind the bar than by waitresses out front serving cocktails.

As for keeping the peace, another court had this comment: "The saloon days of the Wild West are long gone. Nowadays the typical bar does not provide a setting for violence and danger, in fact it ever did."

For good measure, the court added: "Women are as capable of mixing drinks as men."

Less innocuous activities, however, may still be subject to restraint. Another case involved a city ordinance forbidding the use of "B girls"—women hired by the management to solicit drinks from male customers. A tavern owner claimed that his women employees were being deprived of their freedom of speech and assembly.

"Their freedom of speech," he reasoned, "includes the right to talk to customers and their freedom of assembly includes the right to mingle with customers."

But a court said the rights of speech and assembly, while guaranteed in general by the Constitution, may be limited in spe-

Basic Provisions Listed For '74 AG Program

The Agriculture and Consumers Protection Act of 1973 was approved on August 10, according to Mrs. Thelma Borchardt, acting executive director of the Foard County ASCS Committee. Mrs. Borchardt said in the ASCS September newsletter, that this new act provides for a four-year program for feed grain, wheat and upland cotton. She listed the following basic provisions of the 1974 program:

1. There will be no set-aside requirements for feed grain, wheat, or upland cotton for 1974.
2. There are no farm conserving base requirements for 1974 through 1977.
3. There will be no preliminary payments. Any payments due will be made after December 1, 1974, for wheat, January 1, 1975, for cotton, and March 1, 1975, for feed grain.
4. Target prices have been established for each commodity at the following rates:
Cotton, 38c per pound.
Wheat, \$2.05 per bushel, and grain sorghum, \$1.31 per bushel (\$2.34 per cwt.) Rates for barley and corn are \$1.13 and \$1.48 per bushel respectively.

If the average market price received by farmers (nationally) during the marketing period is at or above the established target prices, then no payments will be made. However, if the average price received is below the established target prices, producers will receive payments which will be the difference in the target price and the higher of the average market price or the loan level.

5. The 1973 Act limits the total payments to any one person for all farms under one or more of the annual programs for upland cotton, feed grain and wheat to \$20,000. This does not apply to loans.
6. The skip-row planting rules are unchanged from those in effect for 1971 through 1973 crops.
7. The new act authorizes transfers by lease, sale, or owner to non-allotment farms for upland cotton.
8. The 90 per cent planting provisions and loss of allotments are the same as under the 1970 Act.
9. Producers may substitute any non-conserving crop (ex-

cluding marketing quota and sugar crops) to protect feed grain, wheat, or cotton allotments, and may also protect allotments with a conserving crop used for hay or for grazing. Producers will still be eligible for payments on feed grain and wheat even though no feed grain or wheat is planted. The planting of cotton is still required in order to be eligible for cotton payments.

10. A farm may qualify for a special payment if any part of the allotment on feed grain, cotton, or wheat was prevented from being planted, or the farm does not produce two-thirds of the farm's expected production because of drought, flood, other natural disaster or condition beyond the producer's control.

11. Cotton, feed grain and wheat allotments do not limit production. A producer may plant all of any crop he so desires. Allotments for each of the three programs are used only to determine the acres for payment when payments are applicable, and to determine acres of set-aside when the Secretary declares the necessity for set-aside acreage.

Also in the news letter, Mrs. Borchardt said: "Your Farm Number has been changed. Since Foard County is a one-community county now, all farms have been re-numbered, dropping the community letter. We realize that changing farm numbers is confusing, but the new system will eliminate community boundaries."

An eligible service disabled military retiree not on Veterans Administration compensation rolls may apply to VA for a \$150 annual clothing allowance if a prosthetic or orthopedic device tends to wear out or tear clothing.

What One Person Can Do

KAZIMIERZ KORKUC FARMER

Kazimierz Korkuc is a Polish farmer. His deeds of bravery on behalf of Polish Jews have made him a legend to the families of those who survived because of what he did. After 31 years, they raised the money to fly him to Los Angeles from Poland to honor him for his courage.

Korkuc was on his way from church when he first saw Nazi soldiers lining up Jewish people in Eyshikes, Poland, in 1941. Impulsively, he hid one family in his home. After he learned that those rounded up had been executed, he began hiding others. In the years that followed, he sheltered 98 Jews. Many were caught, but 18 survived.

The Gestapo finally arrested Korkuc. To learn where he had hidden one family, the SS smashed his face, cracked his ribs, and sent him to a hospital to recuperate enough for further interrogation. When he found out that he was to be returned to the hospital window and escaped to safety in White Russia, 14 kilometers away. By night, he returned to the village, with food for the Jews.

"By then," recalls one Jewish woman, "it was a question of whether we would try to survive or just kill ourselves. He told us, 'With the help of God, I will see that you survive.' He told us that the Germans were losing the war."

Those whom Korkuc helped are now in New York, Israel, Brazil and Los Angeles. They contributed \$550 air fare, enough funds for a month's stay and some to take home. When he arrived, the weather-beaten Polish farmer was given a hero's welcome by his grateful friends.

Kazimierz Korkuc put his life on the line out of love for his neighbors. What risks are we willing to take to show our concern for others?

2 MINUTES With the Bible

GLORIOUS PROSPECT

To the true Christian, one of the most wonderful passages in the whole Bible is Eph. 2:7, where we read of God's purpose:

"That in the ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus."

This passage appears the more wonderful when viewed in the light of its context.

Verses 2-6 tell how we were all once the "children of disobedience," and therefore "by nature the children of wrath, even as others." But then we read those wonderful words of hope, "But God..."

"But God, who is rich in mercy, because of His great love wherewith He loved us..." And the next verses tell how He has taken believers in Christ from the lowest position of condemnation and wrath and given them the highest place of favor and blessing in Christ at His own right hand in the heavens.

The simplest, humblest believer in Christ as His Savior has been given this position in the heavens, for God no longer sees him in himself, but in Christ, who died for his sins. This is why St. Paul so often writes about "those who are in Christ Jesus."

It is for the believer now to occupy this exalted position, to appropriate by faith the "all spiritual blessings," which are his in Christ (see Eph. 1:3). Like Paul, he may be lifted by grace through faith, above the troubles and sorrows of "this present evil age" and enjoy his position and blessings in the heavens in Christ. And even this is not all, for looking far ahead to the future, the apostle, by divine revelation, goes on to say (in Eph. 2:7) that God has done this all for us, "that in the ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus."

Highway Patrol Reports on Auto Accidents Here

The Texas Highway Patrol investigated no accidents on rural highways in Foard County during the month of August, according to Sergeant Therwanger, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and no persons injured.

The rural traffic accident summary for this county during the first eight months of 1973 shows a total of four accidents resulting in no persons killed and six persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock District of Public Safety Region for August, 1973 shows a total of 586 accidents resulting in 24 persons killed and 328 persons injured as compared to August, 1972, with 593 accidents resulting in 28 persons killed and 359 persons injured. This was less accidents, 4 less fatalities, and 31 less injured in 1973 at the same period of time.

The 24 traffic deaths for the month of August, 1973, occurred in the following counties: Montague, four; Armstrong, Castro, Dallam, Swisher, Baylor, Clay, Wise counties, two each; and Deaf Smith, Donley, Parmer, Haskell, Lubbock, and Lynn counties, one each.

The Veteran Sergeant reminds you, the Texas motorist, to Drive Friendly the Texas Way!

Billy Lynch Leads Trinity to Football Victory

Quarterback Billy Lynch picked up where he left off last season and Trinity University rolled to a 34-0 victory over the Austin Kangaroos in the season opener for both teams Saturday night at E. M. Stevens Field. He is the son of Mr. and Mrs. Billy Earl Lynch of San Antonio and is a grandson of Mrs. J. C. Jones of Crowell.

Lynch, a junior who came in for the injured Charlie Bump, to ignite the season-ending victory over Arkansas a year ago, did the same thing Saturday night. Lynch alternated with Bump most of the first half, took over for the remainder of the game, when Bump came out of the dressing room with his right arm in a sling.

Lynch came on to complete the 68-yard, 18-play drive with the opening kickoff to get things started, tallied on a 39-yard keeper and rambled for 125 yards in 12 carries, most of them off the option play around the ends. He additionally completed half of his 14 passes for 60 more yards. His rushing total of 126 yards on 12 carries included a 39-yard break for the third period touchdown, and one of his seven completions on 14 passing attempts was a 14-yard connection with end Jac Yon for a second quarter score.

Three Football Games to Be Played Tonight

Lots of football action is scheduled this weekend for Crowell teams.

Thursday night, three games are on tap. The Crowell Junior Varsity will be hosting the Childress Junior Varsity in a game set to begin at 7 o'clock at Dick Todd Field. The local JV was defeated by the Newcastle varsity last Thursday night.

The Crowell Junior High teams will be going to Childress Thursday night for games. The seventh grade team will play at 6 and the eighth grade game will start at 7 p.m. Both teams are coached by Jerry Don Anderson.

Coach Anderson listed the following probable starting lineup for his eighth grade team: left end, Mark Christopher; left tackle, Terry Glover; left guard, George Brown; center, Michael Daniel; right guard, Oran Carroll, Jr.; right tackle, Gary Hodges; right end, C. B. Sparkman; quarterback, Jay Wall; wing back, Marvin Coleman, and backs, Kim Daniel and Randall Russell.
