

The Chase County Courant.
Official Paper of Chase County.
W. E. TIMMONS, Editor and Publisher.

Take off the duty of \$2 a thousand on lumber, as our Kansas House and Senate have requested, and we will have cheaper homes, and more and better buildings.

There are thirty-three custom houses in the United States, whose receipts are less than the cost of collecting, and thirteen of them are in New England.—*Kansas City Journal.*

Our protected mills have bounties, because they are American in duties. They can dictate wages. If not accepted, they lock out the men and import foreigners to take their places—that's how protection works.

The people of this country have a hard time to raise money enough to build a foundation for the statue that France gave us, yet we paid \$47,984,000 tax on sugar in one year, in order to encourage a few sugar growers and refineries.

Up to the adjournment of the Republican National Convention, last night, which met in Chicago, June 3, the Committee on Resolutions had failed to agree, and, hence, no ballot for Presidential nomination had yet been made. It is our opinion Blaine will receive the nomination.

The Chase county Democracy "did themselves proud" at the State Convention held in Topeka, on Wednesday of last week. Col. T. B. Jones was chosen Secretary, but declined to fill the position and nominated Mr. W. P. Martin, who was elected to fill the place. Dr. J. W. Stone was placed upon one of the committees, and was elected, without opposition, as one Alternate from the Fourth Congressional District, to the National Convention to be held at Chicago, July 5th.

At the Parsons republican congressional convention, Mr. Miller, of Wyandotte, offered the following:

Resolved, That experience has demonstrated the wisdom of the republican policy of protection, and we favor a tariff so adjusted as to encourage, foster and promote those diversified industries that make a nation prosperous and at the same time protect and remunerate American labor.

The convention sat down on it. Experience has not demonstrated the wisdom of the republican policy of protection, and the convention knew it.

Demorest's Monthly for June shows all the artistic and literary merit which has placed this publication high up on the roll of aspirants for public favor. The articles of most interest are "An Excursion into Wales," "The Westworth Homestead," "Lost Crowns," "Among the Fisher Folk of Yorkshire," and "How We Live in New York," by Jennie Jane. The stories and poems will be found readable, and "The World's Progress" instructive and suggestive. The various departments contain much that will prove useful in the household.—The frontispiece is a fine oil picture of the Queen of the Garden.

To say you favor a tariff, "so just as to encourage, foster and promote diversified industries, and at the same time protect and remunerate American labor," is equivalent to saying: I am in favor of taking \$2 per thousand on lumber; 80 per cent. on blankets; 60 per cent. on sugar; 50 per cent. on nails and 50 per cent. on cutlery, from the farmers who consume, and give it to the lumber men and manufacturers, making the farmer from whom we take, richer, as well as the one who receives. Also, to remunerate the American laborer by taxing all he wears, and bringing cheap foreign labor here to reduce his wages.

THE WORLD'S FAIR.
It is very desirable that the products of this locality be properly and fully represented at the World's Cotton and Industrial Exposition to be held at New Orleans the coming fall and winter. It promises to be of even greater magnitude than any previously

held, not excepting the great Centennial at Philadelphia. This locality should see that some one who will take active interest, be selected to collect and have charge of our exhibits. Why would it not be well to call a meeting at an early date and select some suitable person to attend to the matter.—We have the assurance that the boxing and shipping of our products will be paid out of the funds already appropriated for that purpose.

Let our locality be represented in such a manner as will show to the world that we live in the best part of the best State in the Union.

DECORATION DAY.
Decoration Day, May 30th, was ushered in upon us with heavy rain, continuing cloudy and wet all day, yet quite a goodly number of members of John W. Geary Post, G. A. R. were on hand, assembling at the cemetery grounds at 11 o'clock, where was met many ladies and gentlemen, of our city and vicinity, who had come prepared to show proper respect to the soldiers, dead, reposing there. The post having been formed in line, after proper ceremonies, proceeded, and with the aid of friends, decorated with flowers, the graves of W. B. Hackett, Frank Allison, W. R. Lee, Wm. Strickland, E. B. Crocker, Edward Arnold, Burr, Davis, Fectors, Beck and Reeves, being all that could be found.—This being a beautiful practice, we hope it may not be lost sight of. And when another year shall roll away, and decoration day again appear, many more of our old soldiers, as well as citizens, may lend a helping hand.

COMMISSIONERS' PROCEEDINGS.
The Board of County Commissioners met, Monday, as a Board of Equalization, Arch Miller and M. E. Hunt being present.

It was ordered that the assessment on all lands assessed below \$1.75 per acre be raised to \$1.75 an acre, and that all other lands, except in certain individual cases, remain the same as assessed.

The capital stock of the two National Banks of the county was assessed at 50 cents on the dollar, and the profits of said banks assessed as other money, the real estate of the Chase County Bank to be deducted from the capital stock.

H. S. F. Davis was allowed to have a gate at either end of the road that runs through his ranch on Peyton creek.

The appointment of W. H. Holsinger, O. M. Ellis and J. North as appraisers of school land in section 16, township 20, range 8, was confirmed.
