BRENDA CROTWELL

Brenda Crotwell Attended Science Research At Utah

17-year-old Tahoka High School student is learning first-hand this summer what it is to be engaged in vital scientific research at the University of Utah.

Brenda Crotwell, daughter of Mr. and Mrs. Elwayne Crotwell, 5, Tahoka, Texas, participated with 20 other high school students in the national science training program sponsored by the National Science Foundation and the American Chemical Society. In addition to classes and seminars with top scientists, high school students spend their time working in laboratories with University and graduate students on specific research projects. "We are finding these bright students learn quickly and can be a big help in the laboratory," said Dr. Joseph D. Anderson, assistant professor of physical science and director of the summer NSF program. "And they can see first-hand what science is all about."

By giving these science-oriented high school students experiences in college-level instruction and research, the University and NSF hope to stimulate their scholarly development and encourage entry into scientific fields. Miss Crotwell is working with Dr. Donald J. Lyman, professor of materials science and engineering, on a project involving protein adsorption on different polymer surfaces. The scientists are searching for new materials that can be used for artificial organs with little blood clotting. The Tahoka student was enthusiastic about her research at the University of Utah. "It is really very interesting, and I am glad that I was given the opportunity to come," says Miss Crotwell. Miss Crotwell will be a senior at Tahoka High this fall. She has received the World History Award and Speech Award there.

Cary Fillingim's Services Held

Cary Don Fillingim, 15, of Rt. 4, Tahoka, died at his home about 3:30 p.m. Thursday.

Services were held at 4 p.m. Friday, Aug. 20, in the New Home Baptist Church with the Rev. Paul McClung of Morton, the Rev. Jay McCasland of Lakeview and the Rev. A. C. Hardin, interim pastor of New Home Baptist Church, officiating. Burial was in Resthaven Memorial Park Cemetery in Lubbock, directed by White Funeral Home.

Cary was born in Tahoka and attended school at New Home where he would have been a freshman this fall. He was a member of the First Baptist Church of New Home. He is survived by his parents, Mr. and Mrs. Joe Robert Fillingim; a sister, Lisa Gaye of the home; three brothers, Joe Michael, Stephen Glen and Andy Bill, all of the home; his grandparents, Mr. and Mrs. A. C. Fillingim Sr. of Rt. 4, Tahoka and Mrs. Era Balch of New Home.

Pallbearers were Calvin Tucker, Foy Swinson, Carl Armes, Leland White, Loyd Nurney, Donald Hancock, O.R. Phifer, Jr., and Harold G. Franklin.

Price Freeze Will Effect Cotton Prices

Cotton and other raw agricultural commodities were given a special exemption from the 90-day price freeze announced August 15 by President Nixon. So at first glance it was tempting to assume cotton and cotton producers would not be affected, one way or the other, by the sweeping "new economic game plan."

But such is not to be the case according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc. Lubbock-based cotton producer organization.

"While the price of raw cotton will be allowed to fluctuate up or down with changes in the supply-demand picture," Johnson said, "the prices at which mills can sell cotton yarn and gray goods and finished cotton products are frozen, and this can't help but have a significant effect on raw fiber prices and on raw fiber consumption."

Most textile mills are thought to already have bought enough raw cotton to carry them through, or almost through, the immediate 90 day period covered by the President's proclamation. But Johnson points out there is widespread belief the period will either be extended as a total price

freeze or else there will be a "tapering off" of the freeze after November 12.

Should the price freeze be lifted on November 12, just before the High Plains begins massive harvest operations, the effects in this area would be greatly mitigated. But this is not now considered likely.

"Mills, like farmers, prefer to operate at a profit, and can't operate for very long any other way," Johnson reasons, "and with the prices for their finished product restricted, they may well be forced to restrict the price they will pay for raw materials."

"In this situation only two things can happen," he continued. "First, the anchoring effect on cotton price increases at the gin, exerted by the freeze on prices for cotton textile products, could reduce farm income from the 1971 crop. Second, if the supply-demand situation becomes such that cotton prices rise to a level at which mills cannot spin cotton and show a profit, mills will almost certainly switch to competing fibers, and producers lose markets."

Synthetic fiber prices are frozen along with other industrial products at the August 15 level, and mills will not have to be concerned about price increases for other than natural fibers.

Officials of Cotton Incorporated, the organization charged with building markets for cotton through research and aggressive merchandising of cotton products, are extremely concerned about the potential effects of this cotton "predicament." Reminding that cotton lost markets at an alarming pace during the 1967 price runaway, Cotton Incorporated

General Manager Dukes Wooters said in Lubbock recently "If cotton's price goes to a level that mills can't afford to spin it during this period when the price of their cloth is frozen, the markets lost for years to come will far more than offset the one-shot boost to producer income in 1971. So I would personally hope that the price of cotton will hold close to the range seen during the first 15 days of August."

On the plus side of the new economic plan, Johnson notes that if the overall program succeeds in halting or slowing inflation, "hardly any segment of the population can expect to benefit more than farmers so hard hit in recent years by spiraling costs for agricultural inputs."

"And if there is a lasting improvement in the relationship between the U.S. dollar and foreign currencies, agricultural exports of all kinds would become more competitive in overseas markets."

On this latter point, however, Johnson cautioned that a brief re-evaluation of respective currencies cannot be expected to increase cotton exports, "simply because at the moment we don't have the cotton to sell. If we have an export problem right now it is one of supply, not of price."

Obviously the cotton industry will be affected in many other ways, both directly and indirectly, Johnson said, "but we can't tell what these effects may be until there is further clarification of the 10 percent surtax on textile imports, and until we know how the freeze will be applied to such things as ginning and compress charges for bagging and ties,

insurance, hauling and other items incident to our operations."

Bob Levo

Bob Levo To Visit Wilson

District Governor Bob Levo of District 2-T2 will visit the Wilson Lions Club on Thursday evening, September 2. Levo is from Brownfield. The dinner meeting will be held in the school cafeteria at 8:00 p.m. This will be a ladies night and all members have been encouraged to bring their wives.

Harold Sanders Attends State Meeting Aug. 20

Harold Sanders, State Young Farmer Vice-President and James Reed were called to San Antonio August 20, 1971 by the State Department of Education to help plan the 1972 State Young Farmer Convention. Attending the meeting were nine State Officers. President Dick Britton of Bryan, Vice-President Glen Odom of Dimmitt, Stanley White of Stephenville, Neal Quinn of Mabank, S. W. Lester of Gonzales, Gene Jernigan of Godley, Wilton Chachers of Dayton Thomas Elliot of Three Rivers, and Harold Sanders of O'Donnell. Present were the advisory committee composed of Dan Gattis, Executive Secretary of Austin Durwin Hill Area Supervisor of Waco, E. B. Wines of Texas A & A College of Kingsville, L. R. Seale past President of the Vocational Agriculture teachers of Texas from Shiner, James Reed and other Vocational Agriculture teachers.

Final plans were completed before the meeting adjourned. The convention will be in San Antonio, January 20-21, 1972. The Gunter Hotel will be the headquarters and the meeting exhibits and Young Homemakers and Young Farmer Banquet will be held in the San Antonio Convention Center at the Hemisphere area. Making the trip with Harold was his family. They visited many historical places in San Antonio.

Bobby Jackson In Hospital

Bobby Joe Jackson 15, injured in a truck accident Aug. 6, remains a patient in St. Mary's Hospital, Lubbock.

Bobby was injured in Hereford. He was behind a truck and another truck ran into him, knocking him into the other truck. He received a broken pelvis, fractured knee, broken ribs, and internal injuries. He was in the Hereford hospital for a week and came home for two days and was taken to St. Mary's. He is in room 207D.

Bobby is an eighth grade student in O'Donnell and is the son of Mr. and Mrs. Glen Jackson. He is reported to be improving.

School Calendar

This 1971-72 Tahoka School Calendar is printed for your information and convenience. It lists all school holidays and teacher in service days. It is suggested that you clip and save it for future reference.

Aug. 23 - Begin Classes.
Sept. 6 - Labor Day Holiday.
Oct. 4 - In - Service for the Professional Staff Student Holiday.
Oct. 21 - End First Nine Weeks Reporting Period. 42 days.
Oct. 22 - District XVII - TSTA Student Holiday.
Nov. 15 - In - Service for the Professional Staff Student Holiday.
Nov. 25 - 26 - Thanksgiving Holidays.
Dec. 22 - End First Semester Dismiss for Christmas Holidays.

End Second Nine-Weeks Reporting Period. 40 days.
Jan. 3 - Classes Resume - Second Semester Begins.
Feb. 14 - In - Service for Professional Staff Student Holiday.
March 10 - End Third Nine Weeks Reporting Period, 49 days.
March 27 - In - Service for Professional Staff Student Holiday.
April 3 - 7 - Easter Holidays
May 21 - Baccalaureate Service
May 26 - End Fourth Nine Weeks Reporting Period. 49 days. End Second Semester and School Term, High School Commencement.
This calendar provides 180 days of instruction for grades K - 12.

Lions Guest Is Rotary Speaker

Patrice Papet of Paris, France, summer guest of Tahoka Lions Club under the Student Exchange Program, was guest speaker at the Rotary Club Thursday noon.

He gave many interesting facts about his country, and conditions over there. He expects Europe to become more united in future years, probably as a confederation of states. He thinks Charles DeGaul probably the country's greatest man of modern times, but said DeGaul was not really liked by the people.

Papet has been here six weeks, and is one of 128 French young people in America under the Exchange Program, 28 of whom have been visiting in Texas.

Jack Jaquess Jr., Lions Club president, introduced the speaker. His sister, JaJaeen, was last year an exchange student visiting in Sweden. This year, Suzanne Warren, was the

local student sent overseas, and she spent six weeks in France.

Billy Davis arranged the program, and introduced Jaquess.

President Dwayne Lusk announced the annual Rotary-Teacher banquet will be held next month, exact date to be set.

Local club members expect to attend the annual Lubbock Rotary inter-city meeting Sept. 23, when the speaker will be Rotary International President Ernst Brethelitz. Rotary Ann are also invited but must pay \$2.50 for the meal.

Tahoka School Enrollment

Total first day enrollment in Tahoka Schools was 1,016. South Elementary enrolled 291 students and North Elementary enrolled 192 in grades 4 and 5. Junior High School enrolled 256 in grades 6, 7, and 8 while High School enrolled 261. There were 16 students enrolled in Special Education for a total of 1,016. This compared with a first day enrollment of 1,059 in 1970.

Funeral Held For Jean Cunningham

Mrs. Jesse (Jean) Cunningham, the 41-year-old mother of two who had been in a coma since suffering head injuries in an auto accident in Lubbock 18 months ago, died Thursday morning in the Masonic Home and Hospital at Guthrie, Okla.

Mrs. Cunningham was critically injured in a two car accident April 1, 1970, at the intersection of Texas Avenue and 19th Street as she and her husband were returning home to Tahoka from their jobs on the night shift at the Avalanche Journal.

She had been hospitalized four months in Methodist Hospital, before being transferred to Memorial Hospital in Beaver, Okla., where she was looked after by her husband's father and sister. She was transferred to the hospital in Guthrie during June of this year.

Mrs. Cunningham was born July 29, 1930, in Beaver. She and her husband had several years experience in newspaper work at the time of the accident. Jesse was the editor of the Lynn County News and Jean was linotype operator for some time.

She was injured following her first day of work for The Avalanche-Journal. Her husband had started work several weeks previously.

Services were conducted in the United Methodist Church at Beaver.

Mrs. Cunningham's husband and her son, Mike, and daughter, Cindy, still live in Tahoka. Cindy is a senior in Tahoka High School and Mike attends Texas Tech University.

Also surviving are her mother Mrs. C. T. Boren of Midwest City, Okla., and her sister, Mrs. A. V. Ottinger, also of Midwest City.

Young Farmers Field Day Held At O'Donnell

Young Farmers Area II Field Day was held Tuesday, Aug. 10, at O'Donnell on Narow Row cotton.

Fifty-five persons attended including Dick Britten, president of the Young Farmers of Texas, Harold Sanders, vice-president and Don Gattis, secretary.

Many items of farm equipment were shown and Bill Griffin gave a talk on cotton demonstration in Lynn County. Several farms were visited.

Harold Sanders of O'Donnell, Vice-President of Young Farmers of Texas won a free trip to Ft. Collins, Colo. He and his wife visited several feed lots. Many farmers from all over the United States attended.

Persons 18 May Register To Vote

All persons 18, 19 and 20 years old who did not register to vote for 1971, may register at this time. Persons 17 years of age and will be 18 on or before March 1, 1971 may also register.

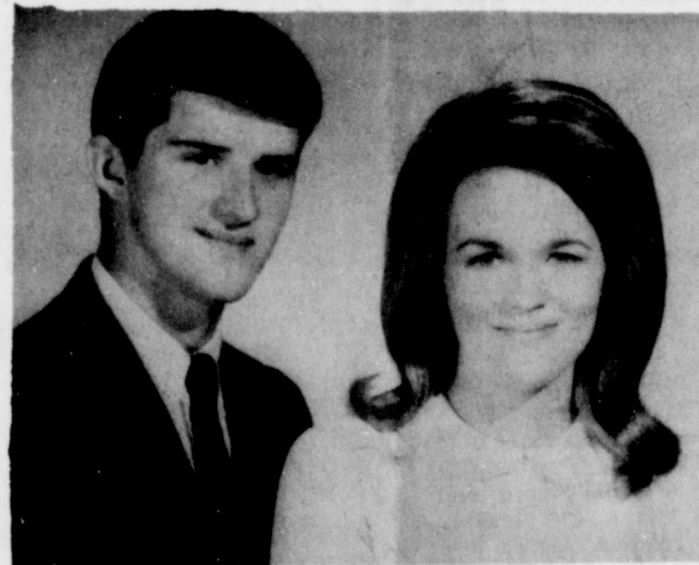

The registration certificates will become effective 30 days after the issuance of same according to the information received from Mr. Martin Dies, Jr. Secretary of State by George D. McCracken, Lynn County Tax Assessor & Collector.

Application may be made at the County Tax Office in the Court House.

Walter Hardt In Vietnam

Walter Hardt, son of W. A. Hardt, Jr. is stationed in Vietnam and would like for his friends and relatives to write him. His address is Sp14 Walter J. Hardt, 451-86-9383, HHC 326 Engr., 101st ABN, Div. (AMBL), APO S.F. 96383 South Vietnam.

Hardt says there are lots of guys not receiving mail and if anyone would like to write to some of these men, he would be happy to send you their addresses.

MR. AND MRS. PAUL LAW

Guest Speakers At Grassland And Tahoka Methodist

Mr. and Mrs. Paul Law will speak at the Sunday morning services, Aug. 29, at the United Methodist Church at Grassland at 9:30 a.m. and will be in Tahoka for the regular 11:00 a.m. worship service.

Mr. and Mrs. Paul met each other at Asbury College in 1964, and were married in August of 1967. Paul was the child of missionary parents who had served in the Congo for 14 years - Rev. and Mrs. Burleigh Law. Martha or "Marty" as her friends know her, was from a Methodist Minister's family, Rev. and Mrs. Paul Stoneking, who live in Kentucky.

It was the year that Paul entered college that his father was shot and killed by rebel soldiers in the Congo. As a pilot, he had flown in to rescue some fellow missionaries who were under "house arrest" and was shot when he landed.

Upon completion of their college studies, Paul and Marty made application to go to the Congo as Special Term Missionaries in educational work. They were accepted and upon

completion of the necessary orientation and language studies they arrived in Congo in February of 1969 to begin their work.

In addition to their teaching responsibilities, they have been assigned to evangelistic and outillage work. Primarily because of Paul's command of Otetela, the local language, which he learned as a child, Paul has also begun an agriculture program to help feed the students a better diet and hopes that the work will expand into an extensive Rural Development Program.

Marty has been kept busy with the care of Stephanie, who was born at Wembo Nyama, the place where her grandfather had been shot by a rebel soldier some six years earlier. Marty still helps with English courses at the school and teaches Physical Education for all of the girls in the high school.

The Laws are home for a brief rest due to a ticket given them by the Congolese Government and will be returning to their work in September.

Tahokahs Will Have Fun Night

Members of Tahoka Lodge 2299 will entertain their wives and friends Tuesday August 31st at 8 p.m. in the Tahokah Hall. Table games will be played, cake and ice cream will be served. There will be no admission charge. Come, bring your favorite game, for an evening of good clean fun with us.

Young Farmers Meet Monday

O'Donnell Young Farmers will hold their regular meeting Monday, Aug. 30 at 8 p.m. in the Ag. building. The program will be by a resident of Lubbock, who will lead of Lubbock, Lubbock of New Home.

Highlights AND Sidelights

by Vern Sanford
TEXAS PRESS ASSOCIATION

Texas became one of the first states to defy President Nixon's wage freeze order as it applies to public employees and school teachers.

Gov. Preston Smith, after three days of conflicting reports, issued a proclamation instructing agency heads to ignore the August 15 order against pay raises for teachers and state workers. Raises were authorized by the Legislature long ago and funds appropriated for the new budget beginning September 1.

U. S. Office of Emergency Preparedness official first informed the Governor's office that the freeze did not apply to local and state government employees and teachers.

But 24 hours later, the President's Cost of Living Council headed by former Texas Gov. John Connally, now U. S. Treasury Secretary, reversed this position. Council held that state and local government workers were subject to the 90-day freeze, and teachers could get raises only if their contract periods began before August 15.

Texas officials had taken the stand that the law authorizing present salary levels for 95,000 state employees and 138,000 teachers expires August 31, and they had no authority to put new wage scales ordered by the Legislature into effect after that.

"I am refusing to obey the President's order to scrap our appropriations bill, which was signed into law months ago," said Smith. "Texas is going to obey the laws of the 62nd Legislature."

In his official proclamation, the Governor accepted "full responsibility" for his order of federal defiance.

Governor further blasted the federal government for issuing "two conflicting sets of orders on every vital issue."

Smith's directive means the 6.8 per cent raise for state employees will go into effect September 1, and teachers will get their long-range increase approved by the Legislature two years ago.

At the same time, tax and college tuition raises also go into effect. Scheduled auto-

insurance rate boost has been postponed until after the 90-day freeze, as has consideration of freight rate increases. "SCANDAL" HEARING HELD--House General Investigating Committee held the opening round in its hearings on stock-loan scandals involving high state officials.

Frank W. Sharp, onetime head of Sharpstown State Bank and National Bankers Life Insurance Company, was the star witness. He told Committee members he and House Speaker Gus Mutscher had a "tacit understanding" that there was a link between stock purchases in NBL by the speaker and passage of banking bills favored by Sharp in 1969.

Speaker Mutscher borrowed money from the Sharpstown Bank to buy the stock, as did a few other state officials including Governor Smith.

Sharp denied, however, he ever gave anything of value to a state official in exchange for a political favor.

Former Atty. Gen. Waggoner Carr, appearing before the Committee, called the federal Securities and Exchange Commission investigation of stock-loan transactions a Republican-inspired political "hatchet job."

OIL ALLOWABLE CUT -- For the fifth month running, Texas Railroad Commission ordered a reduction in statewide oil allowable, fixing it at 65.1 per cent of potential for September.

Figure is the lowest since August, 1970, when it dropped to 62.9 per cent.

September allowable, down slightly from 66.2 per cent for August, will permit a 3,350,493 barrel-per-day production maximum flow, 45,264 less than the present top.

Nominations by crude oil buyers for next month totalled 3,218,430 barrels daily. That is 24,032 less than August figures.

Only one major producer, Shell, asked more oil in September. Ten asked the same allowable, and three wanted less.

AG OPINIONS -- Counties adopting workmen's compensation for their employees must carry appropriate insurance or lose common law defense of contributory negligence and assume risk, Atty. Gen. Crawford Martin has held.

In a flood of other recent opinions, Martin concluded: A local option election legalizing the sale of mixed alcoholic beverages may be held in any city of Precinct 7, Jefferson County within a year after May 18, 1971.

Regional planning commissions may be created by two or more counties and or cities and membership extended to other subdivisions, with the governing bodies determined by agreement among members.

Bexar County commissioners have no authority to expend money for the purpose of making a grant to a non-profit corporation to promote industrial development in the county.

Brazoria County Court of Domestic Relations has authority to try eminent domain cases transferred to it by district courts.

Hidalgo County Housing Authority has no statutory authority to dispose of any property by transferring it without consideration to a non-profit organization.

Orange and Jefferson County district attorneys may commission a regional juvenile legal services officer as an assistant d.a.

Bill to abolish county school superintendent in Matagorda County is void, so the office continues to exist.

New law eliminates re-

quirements for certification on invoices to state agencies by contractors or sellers of contracts and purchases.

State Comptroller cannot issue a new or duplicate warrant to pay on original unemployment compensation benefits warrant presented more than a year after issuance.

Bill allowing county commissioners in Denton and Comanche counties to set their travel expenses and depreciation at a different rate from that set for the county judge is unconstitutional.

"Net appropriations" of general revenue for University of Texas medical schools at Dallas and Galveston means grand total of appropriations less income from educational sources.

APPOINTMENTS -- Bill Edd McLaughlin of Lubbock was appointed by Governor Smith to Finance Commissions of Texas.

Smith named Robert H. Green of Houston to Texas State Board of Landscape Architects.

Governor also announced these reappointments: William D. Starcher of Lubbock and Dee Estes Wheeler of Fort Worth to Polygraph Examiners Board;

Joe A. Myers of Stockdale and L. B. Davis Jr. of Longview to State Board of Morticians.

Dr. J. B. Morgan of Austin is new assistant state commissioner for urban education.

Harry Burleigh, executive director of Texas Water Development Board, will head the committee to coordinate a two-year study of Colorado River Basin.

Jerome D. Chapman, assistant commissioner for State Welfare Department, will serve on a panel established by National Academy of Sciences to evaluate com-

munity child care programs. WELFARE POLICY CHANGED--State Board of Public Welfare has changed its policy to permit Old Age Assistance recipients to earn up to \$50 a month without loss of assistance payments, effective November 1.

Under current eligibility rules, only \$7.50 of any income source is exempted in calculating an OAA recipient's budgeted needs for an assistance check.

New policy will exempt the first \$20 of earned income and one-half remainder up to \$80 a month.

Governor said OAA recipients will be permitted a better standard of living and not penalized for working. OAA average monthly grant is about \$62.28.

SHORT SNORTS -- Roy R. Evans of Austin is the new president of Texas AFL-CIO and Harry Hubbard is the new secretary-treasurer. They won elections at labor's convention August 14.

Governor has been urged to permit the Legislature in special session next year to consider a competitive rate system for auto insurance.

New "Texas Hunting Guide" for 1971-72 is available from Parks and Wildlife Department showing seasons, bag limits and game law summaries.

More than \$1 million has been allocated for restoration and development projects at San Jacinto Battle ground and Mission Tejas state parks.

Col. Wilson E. Speir, Texas Department of Public Safety director, was named lawman of the year by Veterans of Foreign Wars.

Attorney General Martin filed suit against City of Galveston for environmental law violation in refuse disposal and city dump burning.

Sen. Ralph Hal' of Rockwall said he will announce for lieutenant governor in September.

Max Factor creates the slow-whipped make-up that blesses your skin with moisture all day long.

UltraLucent Whipped Creme Make-Up

Suddenly, a make-up your complexion can thrive on. UltraLucent Whipped Creme Make-Up. Slow-whipped into the fluffiest moisturizing make-up ever. So sheer, so light to the touch, so quick to pamper your complexion, you'll forget you're wearing any make-up at all.

And for complexions that need more coverage, Whisper Tint, the semi-sheer swivel-stick make-up. For the look of the good life, Face Glazers. For an un-matte, smooth look, new Whipped Creme Pressed Powder. All from the UltraLucent Collection.

Whipped Creme Make-Up, the newest moisturizing discovery in the UltraLucent Era of Max Factor

Tahoka Drug

Calf Crop Record Breaker

The Texas calf crop is expected to total 5,470,000 head in 1971 according to the Texas Crop and Livestock Reporting Service. This compares with last year's crop of 5,378,000 head. This year's calves born will be the highest of record since estimates began in 1924.

Cows and heifers that have calved numbered 6,146,000 head on January 1, up 4 percent from the previous year.

Calves born and expected to be born as a percent of cows and heifers that have calved on January 1 is 89 percent, compared with 91 percent a year earlier.

This percent is not strictly a calving rate because the January 1 in-

ventory of cows and cows and heifers that have calved did not include young heifers which have had their first calf since that date and includes some cows that die or will be slaughtered before calving.

The drought in Texas, beginning last October, has varied in intensity by areas. Since January 1, 1971, beef cow numbers have declined about 5 to 10 percent in the Southern High Plains, Low Rolling Plains and South Texas. A slight increase is indicated for Northeast Texas. Other areas indicate little change.

***** The number of Texas cattle on pastures and in feedlots is on the upswing according to recently released figures of the Texas Crop and Livestock Reporting Service.

On July 1, cattle on feed in the state totaled 1,700-700 head up 26 percent from a year earlier. This establishes a new record and makes Texas the leading cattle feeding state, re-

placing Iowa. Iowa feeding numbers showed a 13 percent decline, enabling Texas to become the top feeding state

Beef cows that have calved reached 5.8 million head on January 1, 1971 showing a four percent increase from the same time last year.

During the year that ended March 1, marketings of cattle and calves reached 6.3 million. Half of this number from feedlots.

Texas shipped out almost one half of a million more cattle and calves than it brought into the state

during 1970. Nearly two-thirds of the outshipment went to California, Colorado, New Mexico, or Oklahoma. Over half of the inshipments came from New Mexico or Oklahoma.

Texas ranked as the third

most important state in the nation for cattle slaughtering in 1970 and held fifth position in calves. Cash receipts from cattle and calves amounted to \$1.4 billion with cattle prices averaging five percent higher and calf prices averaging about seven percent greater.

Texas sheep raisers watched stocker ewes, one year

and older, increase over year earlier figures. The report revealed that almost twice as many sheep and lambs were moved out of Texas as were shipped in during 1970. Half of the outshipments went to Colorado

THE BANKER

HE'S WHAT MAKES ONE BANK DIFFERENT FROM ANOTHER.

Most people think that banks are banks. After all, they'd argue, we look a lot alike. Our services are largely the same. We all conform. (We have to, we're regulated.)

But they're forgetting the banker. He's what makes one bank different from another.

He's something else. He gets where he is because he is who he is, a man with an innate sensitivity to what's going on. Rumors, tips, wild speculation -- he leaves these to amateurs. And what he reads in the financial pages is just for starters.

Almost every area of experience comes into play in forming his decisions: world trends, political trends, scientific trends, industrial trends, social trends.

Where else can a man put together all these complex awarenesses and make them make sense? Some people might scoff at all this because they know it's not the banker's own money he's investing. Well, they ought to remember a banker has invested his life.

You'll find officers with an incredibly high degree of individual responsibility. We have so much respect for our people that we just don't saddle them with committee rules. This way, answers to your questions and decisions on loans come through faster.

YOU'LL FIND A BANKER AT FIRST NATIONAL BANK

THE FAMILY LAWYER

Fickle Traffic Light

For a few dazed moments after the collision, Charles could not quite figure out what had happened. Then he remembered: the traffic light had changed directly from green to red, skipping amber. Unable to stop, he had rolled into the intersection in front of an oncoming truck.

Blaming his accident on the fickle signal, Charles determined to seek damages from the city. But at a court hearing, the city denied liability: "We can't be held legally liable every time a signal gets out of order. We would be swamped with lawsuits."

However, Charles' attorney proved that this particular signal had been malfunctioning for a full week before the accident. The court concluded that the city was guilty of negligence, and granted Charles' claim.

Some cities still retain their "sovereign immunity" against being sued. But in most places, a motorist can indeed collect damages for an accident caused by a traffic light or a stop sign that has been neglected.

There have even been cases holding the city liable when a stop sign was obscured by foliage. Thus:

A motorist hurt in a crash blamed it on the fact that a stop sign was hidden by the leaves of a tree. In its defense, the city pointed out that the tree was growing on private property — "out of our jurisdiction."

Nevertheless, the court imposed liability. The judge said that even if the city could not have trimmed the tree, at least it could have chosen a better place to put the sign.

Of course, the city is not liable if there is no causal connection between its negligence and the accident. In another case, a fallen stop sign had been left lying on the ground for weeks. One day a motorist failed to halt at the corner and struck a car in the crossing.

But it turned out that the motorist, who lived in the neighborhood, knew perfectly well it was a stop street—even without seeing the sign. The city was duly cleared of responsibility. The court said the city's failure to restore the sign simply had nothing at all to do with the accident.

Meet The Tahoka School Teachers

MADeline HEGI
Madeline Hegi Continues Leadership

Mrs. Madeline Hegi is certainly no newcomer to the Tahoka School System but with the 1971-72 school year getting under way she is probably the most eager person in Tahoka.

Mrs. Hegi and Mr. Pete Hegi, President of the First National Bank of Tahoka, have two sons in the banking business. John Hegi is with the Lamesa National Bank of Lamesa, Texas, and Fred Hegi is with the First National Bank of Chicago.

Mrs. Hegi graduated from West Texas State in Canyon, Texas, and has taught Home-making for twenty years. Her favorite pastimes are sewing, reading and helping the underprivileged. Over the years she has helped and has been an inspiration to countless young people who are new successful and useful citizens.

Mrs. Hegi has reached the point in life where she teaches for the pure joy of helping young people meet the problems of life. She lists her goals for this year to help each student realize his potential, to motivate the underprivileged and to help students find a worthwhile and satisfying place in society.

Mr. and Mrs. Billy Hubbard and girls of Lorenzo visited his parents, Mr. and Mrs. Dave Hubbard last Sunday.

Mr. and Mrs. W. O. Green remain patients in the Brownfield Hospital.

MARThA MARTIN
Martha Martin New Teacher

Miss Martha Ann Martin who lives at 2304 North 3rd Street is a first year sixth grade teacher in Tahoka Junior High School.

Miss Martin was reared at Friona, Texas, and graduated from Friona High School. She attended Wayland Baptist College in Plainview and was graduated from Texas Tech in 1971. Traveling and cooking are listed as her favorite pastimes. Miss Martin gives her goals for this year to improve reading skills of students and to extend the time interest of students by encouraging them to do more reading.

Though she comes to us single, she does have wedding plans for a Fall wedding to Freddie Turney from Morton, Texas.

LINNIE COX
Mrs. Cox Starts 16TH School Year

Mrs. Lennie Cox who lives at 2324 North 4th Street in Tahoka is starting her sixteenth year with the Tahoka School System. She teaches seventh and eighth grade Language Arts in Junior High School.

Mrs. Cox grew up at Ranoke, Texas, and is a graduate of North Texas State in Denton, Texas.

Mrs. Cox has three children who are all graduates of Tahoka High School. Her son,

Allen, is a graduate of Yale University and is enrolled in Law school in California. Her daughter, Carolyn, is a graduate of Dallas Baptist College and is a teacher in the Dallas School System while her youngest daughter, Jane, is a secretary for an insurance firm in Dallas.

This past summer Mrs. Cox took a trip to Europe and visited England, France, Switzerland, Germany and Holland. A few summers ago she visited Hawaii. She lists her hobbies as traveling, playing scrabble, listening to stereo and watching T.V. Her goals for this school year are to broaden her own educational

interests through association with teachers and through educational programs so she can be a better teacher and motivate her students.

VALDA BURKHALTER
Valda Burkhalter Special Teacher

Mrs. Valda Burkhalter is a first year teacher of Special Education in Tahoka Junior High School. She and her husband who are both from Olton, Texas, lived at 1713 N. 5th Street in Tahoka. Mrs. Burkhalter is a 1971 graduate of Texas Tech with a degree in Elementary Education and Certification in Special Education.

Mrs. Burkhalter's husband, Jackie, is working on his Masters degree in Agricultural Education at Texas Tech.

Mrs. Burkhalter attended Hardin Simmons University in Abilene her freshman year and then transferred to Texas Tech. She lists sewing, water skiing and snow skiing as her favorite hobbies and says that her goal for this year is to help her students advance in all areas of independent living.

Medicare Sign-Up Periods Related

Did you sign up on the doctor bill part of Medicare when you were 65?

Did you sign up on the doctor bill part of Medicare and then later decide to drop it?

These are questions John G. Hutton social security manager asked persons age 65 today.

If you didn't sign up, or dropped your Medicare there is something you need to know. It's called a "General Enrollment Period".

What's a general enrollment period?

To put it one way, it's the first three months of the year. January, February, and March 1972, is the next "General Enrollment Period". During these three months folks who didn't sign up for Medicare the first time or those who dropped Medicare can enroll.

If you are already signed up on Medicare you don't need to do anything. Your monthly premium will be held out of your check each month as before. If you get a bill in the mail and send your premium in, there will be no charge.

There are some people who can't enroll because they passed up too many enrollment periods. Medicare is too important for guess work.

If you dropped your Medicare or didn't enroll when you were 65-don't guess.

See or telephone the folks at the Social Security Office during the general enrollment period. They will be glad to talk with you about your case.

If it is found that you aren't able to sign up on Medicare you'll be told exactly why.

Persons signing up on the doctor bill part of Medicare will have the Medicare coverage beginning July 1, 1971.

Your Lubbock social security office is located at 1205 Texas Ave. The telephone number is 747-3711.

reinforced engines

reinforced from fan to flywheel with 11 years of engineering developments and the longest warranty in the industry

You're hearing a lot about new tractor engines these days. Engines with replaceable wet-sleeve cylinder liners . . . with counterbalanced crankshaft and seven main bearings . . . with valve rotators . . . and other advanced features. They're good features. John Deere engines have had them for years. And over the years, we've reinforced and refined those features — giving you a reliability bonus "newcomer" engines don't offer.

Reinforced with specially-cast ring carrier. A non-flexing, iron-alloy carrier for piston rings is cast within each aluminum-alloy piston. It provides a solid foundation for both top and middle rings — not just the top ring as in other engines.

Reinforced with double keystone rings. Wedge-shaped design prevents ring sticking better than the square-cornered rings others use.

Reinforced with specially-coated rings. An exclusive process electroplates the top ring with a super-hard space-age alloy. These coated rings have twice the working life of commonly-used chrome-plated rings.

Hundreds of such reinforcements make John Deere engines the most reliable in the business. . . backed by the longest warranty in the business. Good reason to make your next tractor a 95-h.p. 4000 or 4020, 116-h.p. 4320, or 135-h.p. 4620.

Garden Club Has Family Party

The Tahoka Garden Club held their annual Family party Thursday evening, Aug. 19, in the backyard of Mr. and Mrs. Hubert Tankersley. Mr. and Mrs. A. C. Weaver were co-hosts.

Approximately fifty-five members, families and guests attended.

The program was presented by Mrs. Harold Green showing color slides on Texas Wildflowers.

Dixie HD Club To Meet Sept. 1

The Dixie Home Demonstration Club will meet Wednesday, Sept. 1, at 2:30 p.m. in the home of Mrs. Carl Spears.

Draw HD Club Has Family Picnic

The Draw Home Demonstration Club held their annual Family Night Picnic, August 17, 7:00 p.m. at the home of Mr. and Mrs. Cap Rowe.

Linda Huffaker, CHD Agent, Says.....

A few financial warnings can alert you to action before you get into real money troubles.

Consider the questions as a check list of five danger signs:

1. Do you have less than the equivalent of three months' take home pay in a savings account or in other assets that can be readily converted to cash without a big loss on the investment?

2. Has your income remained level while expenses have accelerated? Do you have enough financial reserve to carry you through an unforeseen major expense or reduction in income?

3. To pay bills and meet routine expenses, have you been forced to dip into emergency savings? Are you able to replenish your savings quickly?

4. Add up your installment loan payments. Do they take up 20 percent of your monthly take-home pay? Does your installment debt continue to grow?

5. Are you constantly paying off loans at the bank, credit union or loan company? Have you signed up for other loans while earlier ones are still outgoing?

A "yes" to any of these warning signs means it's time for a hard look at your finances. Figure out how you can realign expenditures with your income.

And if three or more distress signals apply to your situation, take on a crash program. Cut out all unnecessary expenditures, arrange a talk with lenders and consider seeking financial counseling.

RECIPE OF THE WEEK:

Freezing okra for trying: Wash and cut okra for frying. If desired, roll in meal. Spread on a cookie sheet and heat in 350 degree oven for 8 minutes. Cool. Freeze on cookie sheet, then pack in container for storage in the freezer. Freezing before packaging keeps the pieces from sticking together.

LOCAL: Mr. and Mrs. M. M. Monk of Gall visited with their son and family, Mr. and Mrs. Larry Monk and Cara over the week-end.

Schier-Thurmar Vows Saturday

A double ring ceremony on Saturday, August 28 at 7 p.m., will unite Miss Virginia Schier of Waco and Wayne Thurmar of Tahoka in marriage. The wedding will be held in Lakeview Baptist Church in Waco, Rev. Walter H. Goodnight, Jr. will officiate the ceremony.

The bride-elect is the daughter of Mrs. Robert A. VanPutten of Irving and the late Marvin O. Schier. The groom is the son of Mrs. James M. Mecklin of Lubbock and the late Jarrell H. Thurman.

The bride-elect will be given in marriage by her brother, James M. Schier of Waco. Mrs. Charles R. Hollingsworth of Waco will be her sister's Matron of Honor and Miss Mildred R. Drake of Cedar Park will be the bridesmaid.

Ray Mize of Waco will be his cousins bestman. Groomsman will be Doyle Schneider of Lubbock.

A reception will be held in Fellowship Hall of the Church following the ceremony. The couple will reside in Waco. The bride-elect is a graduate of Connally High School in Waco.

The groom is a graduate of Tahoka High School and is a Senior at Texas State Technical Institute of Waco. He is majoring in Automotive Technology.

CORLIS MOERBE
... ENGAGED

Moerbe-Schafer Plan Wedding

Mr. and Mrs. Kenneth Moerbe of Route 1, Slaton, announce the engagement of their daughter, Corlis Kathleen Moerbe, to Bruce Wallace Schafer, son of Mr. and Mrs. Wallace Schafer of Route 6, Lubbock.

The bride-elect is a 1971 graduate of Wilson High School and is attending Draughon's Business College. The prospective bridegroom is a 1969 graduate of Wilson High School and is a business major at Tech. He is currently employed at 19th Street Battery and Electric.

The couple plan to wed Nov. 27 at St. Paul Lutheran Church in Wilson.

WILSON NEWS

BY MARGARET BARTLEY

Mrs. Susan (Sander) Brasfield was honored with a wedding shower Saturday, August 21 from 2 until 5 at the St. John Lutheran Church.

Mrs. Mary Ellen Willshite of Weatherford is visiting Mrs. S. B. Kirbie.

BIRTH

Mr. and Mrs. Eddie Pierce of Sweetwater are the parents of a son born at 8:05 p.m. Monday, Aug. 23, in an Abilene hospital.

The baby weighed 8 lbs. 5 ozs. and has been named Robble Darwin.

Maternal grandmother is Mrs. Ruth Reep of Sweetwater and

paternal grandparents are Mr. and Mrs. W. E. Pierce.

Mr. and Mrs. J. B. Fortner, Ronny, Terry and Brian of Lubbock visited Mr. and Mrs. J. W. Lamb, Sunday. Mrs. O. W. Ray visited Mr. and Mrs. J. W. Lamb, Friday.

Mr. and Mrs. Billy Kendrick of California and Mr. and Mrs. Sammy Kendrick of Lubbock were visiting in the home of Mrs. W. F. Raymond, Sunday.

Mr. and Mrs. Jack Badgett and family of Anchorage, Alaska visited Sunday with Mrs. Alpha Rhodes.

Monday Mr. and Mrs. W. F. Kios visited Mr. and Mrs. Jack Schuette and family of Slaton.

Mr. and Mrs. Pat Campbell and Mr. and Mrs. Theo Campbell went to Las Cruces Friday and returned home Monday.

The Coleman reunion was held in Mackenzie State Park Sunday, Aug. 22. There were about 71 in attendance at the reunion.

Mr. and Mrs. Homer Westbrook, Mrs. Joe Allen and Mrs. Robert Stewart of Ackworth, Georgia visited Sunday with Mr. and Mrs. J. E. Crowder.

Mr. and Mrs. Jr. Campbell and family of San Somone, Arizona visited Mr. and Mrs. Crowder, from Saturday to the next Friday.

Mr. and Mrs. Richard Thomas and family of Morgan City,

Tahoka High Happenings

BY SOUTHERN WELLS

"Rainy days and Mondays" began the 1971-72 school term with approximately 265 students and 21 teachers in attendance.

Mr. Gardner presided over the morning assembly and explained some of the new rules and regulations.

You've probably heard some of the moaning and groaning and have seen some "freshly scalped" boys around town. This football season has begun! The football teams have been working very hard in order to be ready for the first game with Stanton. There will be a scrimmage this Friday night at Littlefield. Everyone try to attend and back

these Bulldogs!

Band practice is also underway with early morning rehearsals being "the thing" this year. The band will meet at 7:15 a.m. Monday and Tuesday mornings and 4:15 p.m. on Thursday afternoons. Be on the lookout for any bleary eyed band members!

Supplements to the 1971 "Kennel" have arrived and can be picked up from Mrs. Wood. This year's edition features, a colored cover and spring events.

That's all for this week. Watch out for all that's happening in your school!

Weeds, Bed Shape Factors In Cotton

Properly shaped beds in a cotton field that is free of weeds can give a big boost to efficient harvesting operations this fall, points out Dr. Robert Metzger, area agronomist with the Texas Agricultural Extension Service.

A final cultivation to shape the beds plus application of a postemergence herbicide where needed may be especially important this year since much of the crop is small due to the dry weather. Smaller plants mean bolls that are near the

ground. Too much soil moved to plants or leaving ridges on either side of the bed will put these bolls out of reach of the stripper fin-

gers or stripper rolls. And, for top production these bolls must be harvested.

Metzger cautions producers to avoid cultivation when the soil is too wet as large clods will result. These will reduce the harvesting efficiency.

Grass and broadleaf weeds should be controlled for several reasons, adds the agronomist. First of all, they compete with the cotton for moisture and plant nutrients, thereby reducing yields. Furthermore, weeds can play havoc with stripping operations, reducing lint quality and increasing field losses. Applying a post-emergence herbicide at layby to control small emerging weeds can be a most profitable operation, contends Metzger.

In the past years, field losses of cotton in the 10 to 15 percent range have been observed as a result of poorly shaped beds and cloddy, weedy fields. Careful attention to field conditions now can prevent such losses adds the agronomist. For what is gained by producing a cotton crop if part of it never reaches the gin?

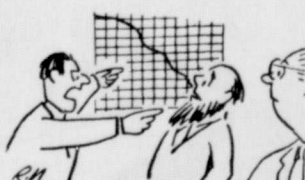

"I know I speak for the entire staff when I say we're delighted to have your account and we look forward to working with you in all your money problems in the days and years to come."

WATCH THIS ONE
Mechanical harvesting of up to 4 crops of pickling cucumbers each growing season is a possibility for the near future. Current research in the Soil and Crops Sciences Department at Texas A&M, utilizing an exclusive hermaphroditic inbred line of cucumbers (TAMU 950) promises a much increased yield and easier harvesting for pickling cucumbers.

Past Days In Lynn County

Copied from Aug. 28, 1930 Weir Washam, new high school football coach, arrived Sunday and football training began Monday afternoon and will continue throughout this week and next through school

does not open until Monday week.

Coach Washam is an experienced football man, having served last year as Freshman coach at Baylor, was mentioned as all-Southwestern quarterback, and previously played with the champion Waco High Tigers.

Tahoka has promise this year of having the best football team she has ever had in spite of the fact that nine lettermen were lost from last year's team. Several squad members of last year will be out for the team, and several are coming here to school from rural communities, all of whom furnish excellent material for a winning team.

Lettermen who are already in training or will be back include: Coughran Ketter, Jack Minor, Curtis Stephens, Dee Estridge, Robert Benson, Clyde Tankersley, Norville

Redwine, and Willard Moffitt. Old squad members who expect to be out are: Amel Willingham, Boswell Edwards Vance Tredway, Dayton Short, Harold Thomas, Woodrow Walker, Melvin Greathouse, and Vernon Jolly. New men expected to report or have already reported are: Claude Crouch from New Home, Jack Stephens, T. O. Ketter, Sam King, Skinny Edwards, Billie Lester, from New Lynn, Raymond Jackson, Pete Curry, Neely Brooks, Dick Chatman from Grassland, Pete Anderson, and possibly a few others

The Walker and Cook stores at Grassland were entered Sunday night and quite a quantity of sugar, flour, and meat stolen. The stolen merchandise was found hidden in a field near by on Tuesday morning, but the thieves here have not been detected, according to Sheriff Sam Sanford.

At a meeting of the Executive Committee of the Lynn County Fair Association held in the Tahoka Chamber of Commerce office Monday afternoon it was unanimously voted to discontinue the Lynn County Fair for this year owing to the many communities which are hard hit by the drought and because of the general economic depression of the country. It was pointed out that a live stock exhibit would cost the exhibitors a great deal of money as they would be compelled to have all stock vaccinated and the cattle tested for T.B. before they could be shown.

The executive committee is composed of seven members of which five attended the meeting as follows: Claude Wells, President; Taylor White, Manager; C. C. Williams, Secretary-Treasurer; Rev. C. N. Roth, Wilson; and D. G. Phipps, of Wells.

RUBBER STAMPS

CALL 998-4888

Lynn County News

Copied from Sept. 4 1930 Practically all the parents of the district were present at the opening exercises of the Dixie school Wednesday morning, according to C. B. James, superintendent. A total of 109 students were enrolled, 34 in the primary grades, 30 in the intermediate, 23 in the sixth and seventh, and 22 in the high school. Class work began today.

Short addresses were made by County Attorney G. H. Nelson, County Clerk Truett Smith, Supt. James, and enthusiastic talks by Mrs. Jess Nobles, Miss Faye Anderson, Mrs. C. B. James, and Mr. Dorman. The program opened with the singing of "America" and a prayer by Mr. Nobles.

The first bale of 1930 cotton was received late last Thursday and was ginned at the Handley gin. L. T. Terry, living on the W. E. "Happy" Smith farm in the South Ward community, brought in the cotton.

A premium of \$25.00 was presented Mr. Terry for the first bale, ginning was donated by Mr. Handley, who also bought it at 10c per pound, which is said to have been several cents more than the market price, considering the grade.

The Painter Drug Store at Wilson was gutted by fire of undetermined origin Tuesday night at 9:30 o'clock. The fire started about the middle of the building in the prescription department and may have resulted from the explosion of some solution. Practically all the stock of goods was destroyed or damaged, and the building was badly damaged.

The Tahoka Fire Department was called and made a run to the fire, arriving in time to save the building and some of the stock. According to Pete Coleman, thoughtfulness on the part of Wilson citizens was all that saved the building and possibly most of the business section. As soon as the fire was discovered, doors and windows were closed tight until the fire truck arrived. The fire swept over the interior for a while, died down for the want of air and was just beginning to gain headway again when the fire department arrived. No attempt was made to remove stock from the building.

The store was owned by R. E. Painter, and was formerly owned by R. E. Finley.

Copied from Sept. 11, 1930 Ninety-five dollars and eighty-five cents from 30 acres of sudan pasture was realized in one month by B. A. Morrow who lives three miles west of New Home. During the month of June Mr. Morrow's thirteen cows produced 327.4 pounds of fat at a cost of 17c per pound. The same cows were turned in a good sudan pasture during the month of July and they produced 497.3 pounds at a cost

of 11.9c per pound. The difference in the pounds of fat and milk produced and the difference of 5.1c per pound in cost of production gave Mr. Morrow the \$99.85 from the sudan pasture.

Due to the dry weather the pasture got short in August and the cost of production climbed to 13.4c per pound.

In the last four months, Mr. Morrow's cows have produced 1,683.4 pounds of fat at a cost of 13.9c per pound and have made him a profit of \$409.88.

The Blue Bonnet Babies met Thursday afternoon Sept. 4th, at the home of Snookie Maddox. The purpose of this meeting was twofold: that of a weekly practice and that of organizing. After a heated discussion between all members of the Ukulele Club, the following officers were elected: Lucille Slaton, President; Lola Belle Edwards, leader; Elsie Woosley, business manager, and Snookie Maddox, reporter. The members of the Ukulele Club are Reta Lois Colenback, Fern Aycox, Juanelle Windham, Lucille Slaton, Elsie Woosley, Juanine Edwards, and Snookie Maddox.

NURSING HOME NEWS

We've had another good week here at the home. We love to have a little more sunshine but the rain keeps us cool.

So many of you folks have remembered us this week with fresh produce from your gardens. We'd like to mention all of you. Thank you, Mrs. Bobbie Petty for the cucumbers and squash Mrs. Tom Hale, Jr. for the fresh green beans and Mrs. Pauline Walters for the squash. Mrs. Bunk Chandler even took time to snap the beans she brought us. Mrs. Avery Moore from Post came to us with peas from her garden and a lovely cake. Mrs. Virginia Huddleston from Snyder baked us a cake and Mrs. Tom Hale Sr. came Sunday with another one of her delicious pound cakes, still warm from the oven. Ladies we will use each of these gifts and hold you dear to our hearts long after we've enjoyed them.

Mrs. Helen Biggerstaff sent us a great armload of magazines. This is something each patient can enjoy. Some just thumb through and look at the pictures but everyone enjoys them. Mrs. Otto Carter, we appreciate your coming out in the rain to bring us the lovely flower arrangement. They sure brighten a spot on top of our piano. Mr. Kaddatz was honored by a visit from Mr. and Mrs. W.

R. Kaddatz and Billy from Pecos, Texas.

Mr. Clyde Jordan was out of the home visiting with his son, Clyde Jr. and family in Leveland. He came back sporting a new suit, new shoes and several shirts. Besides the new wardrobe he had a nice visit with his folks.

Mr. Bale, our new administrator called the first staff meeting this week. We got a little better acquainted with him and his methods and were offered the opportunity to join a group hospitalization plan.

From the long list of visitors it seems all of you Tahoka people already know a bout our new patient. We are glad to welcome Corine Izard. She is a long time Tahoka resident and has lots of friends. We of the staff enjoy her as she has a good personality and a wonderful sense of humor. Having been in nursing herself for years it is hard for her to sit still and let us help her but she's adjusting fine. We wish her a long and happy stay with us. The visitors who have come to see her so far are Mrs. Truett Smith, Mrs. Tom Hale Sr., Mrs. Tom Hale Jr., Cap Rowe, Buel Draper, Avis Henry, Gertrude Polk, Ethel Adams, Garland Pennington Hattie Fulford, Mrs. Bunk Chandler, Mrs. Kaddatz, Mrs. Bale, J. C. Clay, Mr. Ghormely, Mr. and Mrs. Henry Mock, Pauline Walters, Mildred Walker, Nan Adams, Robbie Pennington and Ruby Harvick.

Other recent visitors signing our guest book are: Mrs. Georgia Cook, Mrs. S. L. Shelton, Danny Lockaby, Rev. D. R. Bowman, Mrs. Paul McDonald, Mrs. O. Z. Harris, Virginia Huddleston, Mrs. Avery Moore, Mrs. Bess Reid, Dorell Stanford, Beatrice Stanford, Mr. D. W. Gaignat, Mr. and Mrs. W. T. Luttrell, W. L. Rowe.

Thank you each and every one!

Tahoka School Menu

MONDAY: Roast Beef with Gravy, Creamed Potatoes, English Peas, Rolls - Butter, Apricot Cobbler.

TUESDAY: Hamburgers, Baked Potatoes, Lettuce, Pickles, Onions, Prune Cake.

WEDNESDAY: Chicken Fried Patties, Scalloped Potatoes, Tossed Salad, Rolls - Butter, Jello with Pineapple.

THURSDAY: Meat Loaf with Tomato Sauce, Pinto Beans, Cole Slaw, Cornbread - Butter, Applesauce Cake.

FRIDAY: Baked Ham, Green Beans, Glazed Carrots, Rolls-Butter, Chocolate Cake with Icing.

Golf Tourney At Brownfield

The South Plains Chapter of the American Petroleum Institute will host the 17th annual Scholarship Blind Bogey Golf Tournament at the Brownfield Country Club on Friday and Saturday, September 10 & 11, 1971. The tournament is open to anyone wanting to play.

The tournament provides the funds for Engineering Scholarships at Texas Tech, and currently is providing four (4) yearly scholarships of \$500 each. The scholarships are disbursed by the Texas Tech director of scholarships. Recipients are determined by a scholarship committee based on need and scholastic achievement from residents of a fifteen (15) county area of the High Plains. Since 1956 forty (40) scholarships in engineering have been awarded at Texas Tech to students in this area.

Two additional scholarships of \$250 each are provided for students at South Plains College at Levelland. The recipients are determined by the officials of South Plains College. Prizes and contributions are donated by many businessmen of the area involved, and they come from merchants and companies who are indirectly and directly associated with the oil industry.

This year there will be two "special" prizes. The Bowman Motor Company of Brownfield, Texas is donating a 1971 Pontiac Sport Coupe for a hole-in-one and Charlie Price Real Estate of Brownfield, Texas is donating a mini-bike for a hole in one. This raises the total value of prizes to \$17,500.

Starting times for foursomes can be obtained by contacting Mike Dugger at the Brownfield Country Club. The entry fee is \$5.00 per person, which includes a ticket for the Saturday Stag Barbecue.

Keith Price Receives Degree

Keith Price, grandson of Mr. and Mrs. John Price of Tahoka, has recently received a Bachelor of Science degree from M. I. T. Cambridge, Mass. He is the son of Rev. and Mrs. James Price of Gruver, Texas.

Bill Griffin, County Agent, Says.....

The cool, wet weather has improved yield prospects in grain sorghum and soybeans, but cotton production has been slowed considerably due to reduced fruiting and stimulated vegetation growth.

Some maturity time has been lost since August 1 that can never be completely recovered. The prolonged cool, rainy spell will have time important effects on cotton the remainder of the season. First vegetative or top growth will take place at the expense of fruit development. The thick canopy of leaves that prevents sunlight getting to the lower parts of the plant will cause many young bolls to shed and slow down the development of bolls which have set near the bottom of the plant.

Excessive shedding of squares and young bolls cannot be expected after a prolonged, cloudy period. Shedding of small bolls usually occurs 3 to 10 days after white bloom, but the completion of the shedding process is slowed by low temperature and may not be too evident until the temperature rises again. Bolls that are 10 days or older will seldom shed. Rapid vegetative growth usually follows excessive fruit shed.

The Deacon Says

Without faith it is impossible to overcome the temptations, trials, troubles, sorrows and sufferings of life. Yes, without faith it is impossible to please God.

G. R. Smith remains a patient in West Texas Hospital, Lubbock.

Producers can expect to see an increase in the wilt disease since weather conditions have been ideal for infection to develop during the last two weeks. Symptoms will become more evident as warmer weather returns and plants are subject to greater moisture stress.

A boll set from a white bloom in late August will require 60 to 70 days to open depending on temperature. Thus, bolls being set now will not reach maturity before November 1. Lower than normal temperatures would lengthen the boll period and bolls set after this date would be more subject to severe damage by first freeze.

The micronaire of fiber from late set bolls will be low and recent cool weather has likely reduced the micronaire of fiber in the earlier set crop. No doubt, the overall micronaire of the crop can be expected to be lower than usual. Very little effect on staple length is expected. Wet, cloudy weather would tend to increase fiber length slightly while lower temperatures would likely reduce length. Thus, two opposite effects on fiber length have been in operation. It is unlikely that fiber strength has been changed.

With a normal or higher temperature and normal freeze date, much of our cotton has an opportunity to make good yields of acceptable quality fiber. Frequently, root pruning from tillage increases fruit shed and wilt disease. So in view of our present maturity situation, this year's crop will demand our best management during the short time remaining before frost.

"If it came to it, I'd rather have stalks and T-E Liquid Feed Supplement than wheat."

Says Carl Chandler of Tulia, Texas

Mr. Chandler has been feeding T-E Liquid Feed Supplement for three years. Last year he ran 80 mother cows and 70 calves on grain sorghum stalks, from October through February, with T-E Liquid Feed Supplement fed free choice.

With one animal per ten acres, and salt fed free choice, the average daily consumption of supplement was 1.3 lbs. per head. Rate of gain for his calves was 2 lbs. per head per day.

When Mr. Chandler takes his cattle off stalks, he puts them on grass. And he keeps T-E Liquid Feed Supplement out year-round. Because, says Mr. Chandler, "The cows just do better and my calf crop is larger."

Liquid Feed SUPPLEMENT

NEW HOME NEWS

BY MRS. W.W. DAVIES

The annual Davies Family Reunion was held in the Slaton Club House Sunday, Aug. 22. A bountiful dinner was served at noon and music, singing, and just visiting was enjoyed. Honor guest for this reunion were: Mrs. Ella Wren of Crosbyton, and Mr. Ernest Davies, Lubbock; daughter and son of the late Mr. and Mrs. Job Davies pioneer settlers of the Southland area. Others registering were: Mr. and Mrs. Harold Davies, Cisco; Anita Wagley, Sue and Esther Denver City; Joy Davies, Tara and Terry, Cisco; Mr. and Mrs. Charles Freeman and Roger, Crosbyton; Mrs. Betty Nickell, Millie, Robert, Muriel and Charles, Lubbock; Mr. and Mrs. Bill Davies, Slaton; Mrs. Lynda Stewart, Sundee and Sidney, Colorado City; Mr. and Mrs. Marvin Savage, Donna and Cherie, Weatherford, Tex.; Mr. and Mrs. Walter Young, Seagraves, Tex.; Mr. Curtis Davies, Post, Tex.; Mr. and Mrs. Janet King and Lonnie, Slaton; Mr. and Mrs. Bobbie Hall and Kimberly, Lubbock; Mrs. and Mrs. Kyle Hancock, Seminole; Mr. and Mrs. Bill Alspaw, Joe, Curtis and Peggy, Slaton; Mr. and Mrs. Billy Key, Sundown; Mr. and Mrs. Regan Little, Dimmitt; Mr. and Mrs. Winston Davies, New Home; Mr. and Mrs. Dublin Englund, Slaton; Mr. and Mrs. Kenneth Davies, Slaton; Mr. and Mrs. Joe Sparkman, Noel and Kent, Slaton; Mr. and Mrs. Frank Guess, Idalou. Mr. and Mrs. Luther Rogers

of Brownfield their son, Wayne and two daughters of Bloomington, Ill., visited the C. B. Nowlins Tuesday.

Mrs. Bessie Strain was able to return home Wednesday after about 10 days in Methodist Hospital.

Mr. and Mrs. Willie Cecil of Athens, Tex., visited her uncle Hillary Smith and cousin Flora Dell Nowlin and their families last week.

Mrs. Bill McCrary of Albuquerque came last week to bring her son, Max Crooks who will again attend school here. Amber Crooks who has been visiting here several weeks returned home with her mother.

Mr. and Mrs. Wayland, Walton, Marta, Scott and Bryan of Snyder spent Friday night and Saturday here with us, going to Lubbock Saturday afternoon to spend the night and Sunday with their daughter, Wayla Ann. While her husband was in Sweetwater the week end for National Guard Duty. He returned home Sunday afternoon. We had dinner with the family Sunday evening.

A few days of dry hot weather, after eight straight days of rain, was just what the crops needed, only a few places in our community have had to irrigate the past three weeks and again Sunday night heavy rains are falling.

Mr. and Mrs. Carlton Davies, Randy and Kenna Jo, had a fish fry at their home in Lubbock Saturday evening honoring his dad, Winston Davies birthday. Other guest were, Mrs. Davies, the Wayland Walton's of Snyder and Wayla Ann Pistone of Lubbock.

Mr. and Mrs. J. T. Kirbo and Helen Kirbo of Waco visited here a few days last week with Mr. and Mrs. John Armontrout.

Mrs. Jo Spikes and Jim visited here last Friday evening. Jo, who teaches in the Lou Stubbs School in Lubbock had just returned home from a months tour of England and France. She visited her daughter, son-in-law, and granddaughter, Dr. and Mrs. George Privett and Debbie, whose home is Lexington, Ky., but who are in England for a six month study in the medical field. Jo had many interest-

ing experiences while there, traveling alone a lot of time she seemed to have breached the language barrier with smiles and hand shakes.

Mr. and Mrs. Robert Taylor and five year old daughter have moved to New Home from Darrouzett, Texas. Mr. Taylor is head basketball coach and will teach in junior high.

Mr. and Mrs. Joe Mac Armontrout and Jolene vacationed at Hilltop Resort last week, returning home Friday.

A Pink and Blue Shower is to be given in the home of Mr. and Mrs. Ronald Wyatt, 2 miles south, 2 1/2 miles east of New Home, Tuesday, Aug. 31, honoring Mrs. John (Dianne Forester) Mann. In case of rain will be held in the Fellowship Hall of the New Home Baptist Church.

Mr. and Mrs. Clarence Kopecky visited the Leonard Crawford's at Mulshoe, on Tuesday. It was raining so much there that they were unable to get into the field to gather their fine tomato crop.

Mr. and Mrs. Baxter Walton of Glen Rose visited here Sunday with Mr. and Mrs. John Armontrout. The ladies are sisters.

Lynn Blair, student in the Sunset School of Preaching in Lubbock out for the summer, returned here from Dallas Monday. He was in Burbanks Garden Church of Christ in Grand Prairie where Buck Griffith is minister. Lynn was there to observe their bus ministry.

Mr. and Mrs. Dick Standifer and Ralph Douglas have returned to New Home where he will again teach science, and Mrs. Standifer will teach 5th grade. They spent the summer in Vermillion South Dakota, where he worked on his Masters Degree in the University of South Dakota.

No one seems to remember ever before hearing or seeing such an electrical storm as erupted over New Home Sunday night and Monday morning, even up into the day. Striking first about 11 p.m. Sunday the noise of the storm was almost unbelievable, the lightning cracked and popped. Some reports of damage to appliances has been reported. The Don Smith home received damage to some appliances. E. M. Rudd said a number of light bulbs were shattered in their home. We were a bit 'stupefied' when we asked Joe D. Unfred about the storm at his place, and he said "He only heard it thunder once." But it cleared when Betty said "He had his head under the mattress." But Joe did finally get enough rain to turn off the irrigation wells. 3 1/2 inches during the past several weeks he and some few others west of New Home had only gotten about three inches and that in

just showers. Most all the farmers in this area are reported up to 4 1/2 inches this week and this Tuesday morning it looks favorable that more will come.

The teachers are at school this week for school work week Monday morning at 8:30 August 30, school will begin. All busses will run and the lunch room will be in full operation. Mrs. Jerry McNeely is the lunch room supervisor and helpers are, Mrs. L. C. Denton, Mrs. Lupe Hericheta, Mrs. Lawrence Taylor and Mrs. Lila Hericheta.

Dannie Lisemby flew to Hawaii for a weeks tour of the Island, visiting Pearl Harbor and other places of interest.

Mr. and Mrs. Don D. Balch have bought the Bowman Oil Company, wholesale and retail business and two filling stations in Slaton. One station has been leased to Raymond Castro and at the present time Don is operating the other. The Balchs purchased the business from Ki Edwards of Albuquerque, N.M.

Jimmie and Kenny Fillingim and Dennis Lisemby were camping in Durango, Colo., last week.

Rev. Travis Laduke of Balco, Okla., preached at the morning and evening services in the New Home Baptist Church Sunday Aug. 15. His wife, son and daughter accompanied him here.

Mr. Barney Mayfield and Jerry Horston fished at Possum Kingdom last week.

Mrs. Sidney Fraley and son of Mangum, Okla., visited with the Jack Clements a few days last week.

A layette shower was given for Mrs. Joe Beach Monday Aug. 2, in the Fellowship Hall of the New Home Baptist Church. A nice assortment of baby gifts were presented the honoree. Hostess gift was a maple chest. Special guest were Lynda's mother, Mrs. E. M. Rudd of New Home and Mrs. J. H. Ford of Tahoka.

Jack Clements was in Mangum, Okla., the past week end.

Mrs. Delores Price and Mrs. Joyce Davies both of Lubbock are new teachers in the elementary grades here. Delores is teaching 1st grade and Joyce is teaching 3rd grade.

Mr. and Mrs. Clarence Kopecky of New Home and Mr. and Mrs. Jim Crawford, and Mr. and Mrs. Leonard Crawford of Mulshoe, fished at Ute Lake in New Mexico, Saturday and Sunday.

Mrs. O. R. Phifer Sr. is in Methodist Hospital where she is being treated for a broken hip.

Liquefied Gas Tax Law Effective Sept.

Summarily, the amended Liquefied Gas Tax Law will operate and function as follows:

1) A farm or ranch user can elect to secure a Special Farm User Permit to pay taxes in advance on 1,200 gallons per annum per vehicle, or a monthly fraction thereof on vehicles secured after January, and to purchase tax free without filing monthly reports and tax payments, or keeping records other than annual speedometer readings. (Article 10.85 (2) requires speedometers to be kept in good operating condition at all times).

2) Under the term USER as redefined, a supplier can not sell or deliver LPG tax-free to any user who owns and operates a motor vehicle with LPG, unless said owner then and there holds a valid permit as a Bonded-User or as a Special Farm User.

3) No kind of permit is prescribed for users whose only purchases of LPG are for tax paid delivery into the fuel supply tanks of their motor vehicles at time of purchase and who do not otherwise purchase LPG for any non-highway use.

4) Under the term (e) of Article 10.53 (3), second paragraph, as amended, a person who owns and operates a motor vehicle powered with LPG can not legally issue, nor can a supplier accept in lieu of tax payments, a signed

statement that none of the LPG purchased or acquired in Texas by him will be delivered by him or permitted by him to be delivered into the fuel supply tanks of motor vehicles. Under the terms of the law, as amended, and for their own protection, suppliers should secure a corrected statement from consumers who purchase exclusively for non-highway use to read as follows:

"As a consideration for the sale of liquefied gas tax free to me, I declare that none of the liquefied gas hereafter purchased or acquired in Texas by me will ever be delivered by me or permitted by me to be delivered into the fuel supply tanks of motor vehicles without first securing a user's permit as required by law, "Date, 19 Signature"

Note: The above statement cannot be signed or furnished by any person who owns and operates a motor vehicle propelled with LPG.

Rites Held For Christiana Pugh

Services for Mrs. Christiana Pugh, 90, who died Thursday morning at her home in O'Donnell were held at 3 p.m. Friday in Branon Funeral Home Chapel in Lamesa.

Officiating was the Rev. James Smith, pastor of the Northridge United Methodist Church of Lamesa. Burial was in the O'Donnell Cemetery. Mrs. Pugh had been a resident of O'Donnell 59 years. Survivors include four sons, L. B. Pugh and J. J. Pugh, both of O'Donnell, L. D. Pugh of Devine and Lowell Pugh of Amarillo; a daughter, Mrs. Ray T. Loudermilk of Fort Worth; six grandchildren and 14 great-grandchildren.

Church News

Visitors attending services last Sunday at the Baptist Mission were Frank Lopez of Wilson, Roy Lopez of Tahoka and Lupe Valdez of Tahoka.

Visitors attending services at the First Baptist Church last Sunday were, Tommy, Brenda and Jay Cooper of Carlsbad, N. M., and Nelva Adams of Big Spring, Donald G. Miller of Big Spring, J. B. Mann of Lubbock, Noel Williams of Lubbock, Dick and Shirley Bates, Mr. and Mrs. Jackie Burkhalter, Mr. and Mrs. John Young and Mr. and Mrs. Larry Wilson, Kelly and Laura, all of Tahoka.

Reserved box seat tickets for \$2.50 are available at the Boys Ranch office, 600 West 11th Street in Amarillo, or can be obtained by writing to Cal Farley's Boys Ranch, P.O. Box 1890, Amarillo, Texas, 79105. General admission will be \$1.50 for adults and 75c for children.

Fight'n Blue

Got me a BULLDOG; I call him Blue. Listen while I tell you what Blue can do. He chases BUFFALOES just to entertain. With Blue football is an easy game. When the CHIEFS come out, he's there to greet them. Why, it don't take much for Blue to beat 'em. Watch him with the MUSTANGS. He has a ball. Why, he gets them before they leave the stall. Now watch Blue get the TIGER by the tail. There goes a tiger over the city jail. MUSTANGS again? They're hard to teach. But they know they better stay out of old Blue's reach. WILDCATS! Blue likes 'em best of all. Why, he rolls them cats into furry balls. Oh! Oh! Look at the ANTELOPE run. Down now Blue -- you've had your fun. Another TIGER? Blue's got him by the neck. He gets him by the neck 'stead of by the tail. Flings that tiger clear to . . . whew! An EAGLE comes flying in with big sharp claws. Blue jumps on him with all

four paws. When the feathers stop flying and the dust all clears, We see a plucked eagle skinned to his ears. JACKRABBIT, jackrabbit, run run run. Look at Blue grin. He never had such fun. Now hear this all you towns around, A team to beat Blue just can't be found. When you see him coming, better step aside. 'Cause me and old Blue got a lot of pride.

Kim Chandler

EDITORIALS

My name is George. I'm an all-around handyman, and I'd like for you to feel free to use my services for any and all duties which you may be too busy to perform.
Anytime there's something that needs doing and you'd rather not do it, you just let old George do it.
I'll write to your congressman for you; I'll write your newspaper editor too; I'll serve on the school board in your place; I'll do anything you're too tired or too preoccupied to do. You can just have fun.
My services are available to you for all the tedious, time-consuming things you'd rather duck doing. You haven't time to vote, let George do it. If you haven't time for jury duty, I have.
There is certainly no need for you to concern yourself with attending association meetings; you don't want to accept committee assignments and extra responsibilities anyway. You just let old George tend to those things.
Now, you ask, why should you leave important jobs to somebody you've never met?
Well, that's a reasonable question, so let me put your mind at ease. I'm no beginner. Maybe I'm not as famous as Krushuev was, but if it hadn't been for me-you'd have never heard of him. And that goes for Mussolini and Stalin and Hitler, too. I made those guys! And the big time racketeers in the United States, too. You name 'em. Without me those guys would be nothing.
I'm the guy who runs all these big wheels. Don't you see, I get a kick out of electing presidents for school boards and unions and countries. All the things you used to do before you took up chasing dollars and golf balls and things.
Don't feel like you're imposing. I'm glad to be of service. Helping you, I'm really helping myself. How do you think I was able to take over and run a third of the world already? Because nobody else wanted to bother.
They said, "Let George do it." - So I did it.
Now I'm taking over in lots of cities and counties in the United States, and I figure it's just a matter of time until I'll take over this country, too.
I want to thank you for making it possible. Remember me if there is ever any way in which I can be of help. I'm at your service.
You just have fun and don't worry about a thing. I'll do your worrying too. I'll bill you later.
Sincerely,
George!

(Taken from a letter from the home council of the Knights of Columbus.)
