"TWO BITS WORTH"

BY JOHNNY VALENTINE

The Country Editor says some boys don't follow in their father's footsteps because the old man didn't make tracks.

TBW
Tahoka folks as well as out-towners turned out in mass on Sunday afternoon to attend the Open House of the new bank building in Tahoka which now houses the First National Bank and Southwestern Public Service. The new building is just one of the many things that show how progressive people are in Tahoka. They are very proud to have a building of this nature in Tahoka.

TBW
An editor died after a long illness. His savings barely covered hospital and doctor bills, leaving nothing for funeral expenses. A friend, after soliciting funds all day, had only one dollar having been left by the deceased. The manager pulled out a five dollar bill and said, "Here, bury the man."

YBW
Basketball season is now underway at Tahoka schools. We would like to urge each school to attend as many games as possible. The schedule for each week's edition of the news on the basketball page is sponsored by local businessmen.

TBW
Local Postmaster, Charles Jones has urged that citizens do their Christmas mail early to assure delivery Christmas. The key to efficient Christmas mailing, Jones commented is to mail early and carefully. Proper addressing, with ZIP codes, proper packaging and depositing can prevent problems and provide the greatest value for money on postage.

TBW
Despite a late and bad start, the weather conditions and optimism heavy enough to encourage a lowland Texan, conditions are that there is a very good cotton crop in Lynn County cotton fields, but we

have not received an estimate as of this time.

Although we have not taken a bale count ginning in the county has been picking up steam as more and more strippers are seen in the fields and trailers on the roads. Even though the damp weather now in existence will slow the harvest even more several farmers have indicated their harvest will get well underway late next week if the weather will clear off in the next few days.

The hard freeze we received Nov. 19 was termed by many to be just right. A freeze suffered any earlier than then could have resulted in a severe loss in production. Much of the dry land cotton as well as irrigated is predicted to yield over a bale per acre.

TBW
Steadily escalating costs have encouraged many municipalities to turn to federal, state, and county governments for fiscal nourishment to lessen their property tax burden. Regardless of what the level of government is called, all taxes come from the pockets of the people. City governments went \$1.5 billion "into the red" in the 1970 fiscal year.

It is more important than ever before that local leadership should be encouraged to prepare a complete analysis of the current local financial situation and to project spending needs for the next decade. This should be spelled out in simple terms for each project with a clear statement of the future effects on taxpayers. The defeats of local bond issues in several recent elections across the country indicate the public wants all the facts and proof of need for all government expenditures.

Only through a business-like handling of public funds can a definite spending priorities be established in order to provide the best possible public services based on what we, the people, are willing to pay.

The Lynn County Unit of Water, Inc., now lists 50 members including those new ones signed up during the membership drive.

The unit is an official arm of the parent organization which serves West Texas, Eastern New Mexico and the Oklahoma Panhandle. Total Water, Inc., membership is more than 2,500.

Water, Inc., was organized as a non-profit entity to promote work toward solutions to long range water problems. It has been strong in its backing for the Texas Water Plan which when implemented will satisfy the state's water needs for at least 50 years. The plan envisions importation of supplemental water into the area served by Water, Inc.

News Needs Santa Letters

It's that time of the year. Santa Claus is coming to town. So all you boys and girls be sure and write a letter to Santa, so he will know what to bring you. Your letters will be published in the Christmas Edition of the Lynn County News.

PRESENT LIONS PROGRAM--These three lovely young residents of Girlstown presented the program at Lions Club last Wednesday. From left to right are Sundia Ford, Norma Josey and Debbie Stone. (Lion Photo).

Girlstown Residents Present Program

"Girlstown is not a correctional institution," says Carroll Lanier, an official from the Coaches All America Game for use by the school.

The three young ladies accompanying Mr. Lanier were, Norma Josey, 17 of San Antonio, Sundia Ford, 16 of Beaumont and Debbie Stone, 16 of Austin.

Sundia has been at Girlstown 3 years, Debbie 6 months and Norma 5 months.

The girls are vibrant in their presentation of songs, two of which were written by girls living at Girlstown. Their smiles are genuine and they enjoy telling about their new home.

Lion Harry Short arranged the program.

Lions meet each Wednesday noon at the Tahoka Cafeteria, visitors and prospective members are welcome.

Past Days In Lynn County

More than two sections of grass was destroyed in a prairie fire Wednesday on the W. M. May ranch at Tahoka Lake between Tahoka and Wilson.

The fire started on the west side of the lake at about 11 a.m. in the vicinity of R. L. Gibson and John Hamilton fields, and burned off the pasture around the north side and to the east side.

Neighboring farmers, Wilson school students, and the Tahoka Fire Department spent much of the day fighting the fire. No livestock or buildings were caught in the fire.

Fire Chief James Clinton said the local department was called to the scene at about 11:30 a.m. The fire was brought under control north of the lake at about 2:30. However, the fire broke out again, fanned by a northwest wind, a little after 5 o'clock and the fire truck was called back and the flames extinguished at about dark.

In addition to the hose and extinguishers, water was hauled and many people had a hand in fighting the fire with wet sacks.

The News is informed that two sections were completely burned over and a part of a third section, all of which was luxuriant grass. The News was unable to get in touch with Mr. May Thursday morning.

CONGRATULATIONS:

Mr. and Mrs. Granvel Ayers on the birth of a son weighing 7 pounds 7 ounces Saturday at 11:45 a.m. in a Lubbock hospital. The young fellow has been named John Granvel.

Mr. and Mrs. Wynne Collier on the birth of a son weighing 7 pounds 14 ounces in Tahoka Hospital at 11:17 a.m. Thursday. He will be known as Jack Collier.

among these, earmarking some \$20,000 of proceeds from the Coaches All America Game for use by the school.

Bank Building Viewed By Hundreds

The First National Bank and Southwestern Public Service got off to a booming start Sunday at their Open House as hundreds viewed the new bank building.

Some estimates were that over a thousand persons viewed

and toured the new facility, designed in contemporary Spanish style. The building covers 11,000 square feet with Southwestern Public Service being housed on the South side.

Open house was held from 2 to 5 p.m. and tours were conducted by bank personnel and their wives.

Debbie Wright, South Plains Maid of Cotton, and Elda Cruce Miss Cotton of Texas, served as official hostesses.

The Bank officially opened for business in the structure Monday, November 22 with Southwestern Public Service moving in prior to that time.

Board of directors of the

bank are Dr. C. M. Phillips, chairman, Warren Embree, W. T. Kidwell, James S. Moore, W. G. Thornton Jr., A. C. Verner and Bryan Wright. F. B. Hegl is president of the bank.

According to Vice President Warren Embree, M. F. Jones made the first deposit in the new home of the First National Bank. Mr. Jones has diversified interest in Tahoka.

Rebekah Bazaar Monday, Dec. 6

Tahoka Rebekah's will hold their ANNUAL CHRISTMAS BAZAAR and BAKE SALE on Monday, December 6, at the hall located 1 block east of the courthouse, on South 1st Street. Santa Claus Will Visit In Tahoka

All the merriment, all the magic, all the glory of Christmas will come to Tahoka when Old Saint Nick visits in Tahoka on Dec. 11, 18, and 24. The Tahoka Chamber of Commerce has asked Santa to visit on these days and he has agreed to do so. Santa will visit in each downtown store so be sure and come visit him and tell him what you want for Christmas.

Wilson Mustangs Win Bi-District

The underdog Wilson Mustangs, 7-2-2, took the bit in their teeth and handed the Anton Bulldogs 10-0, a sound defeat last Thursday night to capture the Bi-District crown and advance to the Regional play-offs against the Newcastle Bobcats 8-2-1.

With a great show of True Grit and determination the Wilson Mustangs avenged an earlier 30-0 defeat by downing Anton 36-23. Darrow Talkmitt with 124 yards rushing led a very potent offensive show for the Mustangs. Also making a great show for Wilson was the timely passing combination of John Fields to Chris Coleman who connected for a total of 130 yards. Time and time again Talkmitt, Arturo Vergara, Greg Wied and David Hernandez burst through big holes made by tackles Danny Crowson and Arturo Zuniga, Clyde Wilke and Tony Bishop. Center David Savell and tight end Danny Trotter.

The game began as the first meeting had been between the two clubs with Alvin Williams bursting off of right end for a 51 yard rush before being stopped by Chris Coleman on Wilson's 23 yard line. On Anton's next 4 plays they had lost 2 yards. Wilson took over and fumbled on their 2nd play with Anton recovering the ball on Wilson's 27 yard line there they drove to the Wilson 4 yard line where they first and goal but a tremendous goal line defense forced Anton to surrender on the 1 yard line. Wilson took possession and Anton tackled John Fields in the end zone for the safety giving Anton a 2-0 lead. On Wilson's next possession they took only 5 plays to move 75 yards to pay dirt. The drive was engineered by a 47 yard pass run play from John Fields to Chris Coleman and capped by a 20 yard scoring romp by Arturo Vergara. The try for the extra point by Darrow Talkmitt was good making the score 8-2 for Wilson. Early in the second quarter, Anton moved ahead of Wilson when Alvin Williams scored on a 4 yard burst. Quinlan Williams kicked the extra points to make the score 9-8 in favor of Anton.

After a 30 yard kick off return by Vergara, Wilson drove 56 yards with Darrow Talkmitt scoring his first of 3 touchdowns sending Wilson to the lead place by a score 14-9.

After exchanging fumbles Wilson drove 78 yards, again largely on the strong arm of Fields and catching of Coleman which combined on a 57 yard pass play to be capped by a 1 yard plunge by Talkmitt making a half time score of 20-9.

On Anton's first possession they drove 54 yards for their second TD. The extra point was good and the score stood 20-15.

Danny Crowson recovered an Anton fumble on Wilson's own 28 yard line and from that point Wilson again moved to pay dirt with Coleman scoring from 5 yards out on an end around play. John Fields passed to Greg Wied for the extra points making the score 28-15.

Anton came back on a 25 yard scoring run by Alvin Williams making the score 28-21. Brent Couch ran the extra points over to make the score 28-23.

The fourth quarter was a battle with both teams playing outstanding defense. About midway through the last quarter Anton gambled on 4th and 4 yards on their own 42 and Alvin Williams was met by Talkmitt 3 yards deep in Anton backfield and Wilson took possession of the ball. Two plays later after a 5 yard gain by Arturo Vergara, Darrow Talkmitt broke up the middle of the Anton defense, broke 4 tackles and ran 34 yards to pay dirt and the clinching score for Wilson. Just to put the lid on, Fields ran the extra points for a score of 36-23.

The Mustang defense was led by Danny Crowson with 24 total tackles, Danny Trotter with 16, Darrow Talkmitt with 15, David Hernandez with 8 and Lynn Jones with 7.

Great appreciation and humble thanks are offered to all the Wilsonites and surrounding communities for their support in their drive for the crown. Regional play-offs will be played in Anson at 7:30 p.m. Saturday. They ask that all that possibly can, come and help support them at Regional!

MATA LOS MUSTANGS!

Awe, skepticism and bewilderment are just some of the thrills in store for those who attend the performance of The Great Merlin Mystery Show.

Are there really such powers as E.S.P., mental telepathy and clairvoyance? Can the veil of the future be lifted so that we can catch a glimpse of the unknown? Merlin has amused a nd befuddled audiences for years by, among other things, reading the minds of people right in their own seats in the audience. It is said that Merlin's mental powers are 100 years in advance of our time. His demonstrations include the answering of questions submitted to him by people in the audience. Apparently he receives the questions as a form of mental vibration and then answers the questions according to visions that he sees in a crystal ball. Merlin absolutely disclaims any supernatural powers and answers questions, as he says, simply through extra-ordinary development of his natural psychological faculties. Of course this may be perfectly

natural for Merlin but absolutely supernatural for others less wonderfully endowed.

Merlin will also present many of his famed hypnotic demonstrations including mass hypnosis using volunteers from the audience. He will cause a person to become intoxicated on a glass of ordinary water; another to eat an onion believing it to be a peach. Those who volunteer to be hypnotized will feel the weather change from 40 degrees below zero to 120 degrees above zero, all in the twinkling of an eye. After it's all over, the volunteers remember the demonstration as though it had taken place in a dream. Merlin who often hypnotizes individuals with a single glance, claims that if you can concentrate he can read your thoughts and hypnotize you. Curtain time is 8 p.m. in the Tahoka High School Auditorium, sponsored by the Tahoka Lions Club. Adult advance tickets will be \$1.00. Tickets at the door will be adults, \$1.50, students, \$1.00 and children under six, with parents, free.

Damp, Foggy Weather Interrupts Cotton Harvest

The South Plains cotton harvest was interrupted by damp, foggy weather the past week, according to W. K. Palmer, in charge of the U. S. D. A. Cotton Classing Office in Lubbock.

The harvest was resumed on Friday and sample receipts at the four offices are expected to increase daily as the harvest gains momentum.

The four U. S. D. A. Classing Offices at Lubbock, Brownfield, Lamesa and Levelland classed only 24,700 samples during the week ending Friday, November 26th. A large part of this cotton was harvested during the previous week. Total classed this season was only 55,000 through Friday, compared to 813,000 at this date last year.

The current crop is two to three weeks later than normal due to unfavorable weather conditions during the spring and summer months.

Low Middling Light Spotted was the predominant grade at Lubbock last week with 32 per cent of all cotton classed.

Strict Low Middling Light Spotted made up 31 per cent, Strict Low Middling 10 per cent and Low Middling 16 per cent.

Staples were predominantly 30-33. Nineteen per cent had a staple length of 30, 31 per cent stapled 31, 25 per cent was 32 and 12 per cent was 33.

Thirteen per cent of the cotton "miked" in the Lubbock office was in the premium range of 3.5 to 4.9, 11 per cent "miked" 3.3 and 3.4, 36 per cent 3.0 through 3.2, 29 per cent was 2.7 through 2.9 and 11 per cent was 2.6 and below.

The Consumer and Marketing Service of the U.S.D.A. reported increased trading in the new crop cotton. Prices were higher for cotton with micronaire of 3.0 and better and slightly lower for cotton with micronaire of 2.9 and

below. Average prices paid for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Low Middling 31-26.80, Low Middling 32-26.90, Strict Low Middling Light Spotted 31-27.00, Strict Low Middling Light Spotted 32-27.20, Low Middling Light Spotted 31-26.65 and Low Middling Light Spotted 32-26.70. Prices paid farmers for cottonseed ranged from \$44 to \$70 per ton with most prices in the \$48 to \$53 range.

her fifth year on this job and she taught one year in the Tahoka Schools during the 1950's. She taught private music lessons for 19 years and soon after she finished college she taught two years in the schools at Floydada, Texas. Her years in Floydada brought her in contact with E. W. "Pat" Patterson who has been her husband for many years. They have a son, Rett, who is a graduate of Tahoka High School and Texas Tech and is now with Farm Bureau Insurance in Tahoka and a daughter, Mrs. Sharon Kenty, a Tahoka High School graduate and Texas Tech ex whose husband is a career military man. Mr. and Mrs. Patterson have an 18 month old granddaughter, Elizabeth Kenty, who they enjoy spoiling.

Mrs. Patterson was reared at Stamford, Texas and graduated from high school there. She attended John Tarleton Junior College in Stephenville, Texas, North Texas State in Denton, Texas, and received her B. S. Degree in Education and Music from Texas Tech. Mr. Patterson, who was reared at Floydada, is an electric serviceman for Southwestern Public Service in Tahoka.

Mrs. Patterson enjoys music, piano, voice and organ, and she also enjoys the association with other teachers. She is happy to be a teacher, and her goals for this year are to help students form a love for all kinds of music and to enjoy the students as they grow.

SUZANNE STEARNS

**Suzanne Stearns
North Elementary**

Mrs. Suzanne Stearns is in her second year as teacher of Special Education in Tahoka North Elementary School. Prior to coming to Tahoka to teach, she taught Special Education in her hometown, Lafayette, Louisiana for two years. Her husband, George, is also from Lafayette, Louisiana and is a part-time instructor and Ph. D. candidate at Texas Tech. They live at 1721 North 5th Street in Tahoka with their 18 month old daughter, Jennie Lynn.

Mrs. Stearns attended college in Louisiana and received her B. S. Degree and Special Education Certification from the University of Southwestern Louisiana. She has also done graduate and specialization work at Texas Tech where she took a government course for Texas Certification and special education courses this last year. She also completed a workshop on Training in Basic Evaluative Skills last summer.

Mrs. Stearns' out of school hours are spent being and enjoying being a wife and mother. She enjoys reading, watching her husband play ball and going to school. Her goals for this year are to guide children in developing their academic skills and positive attitudes toward themselves and others in order to promote their chances of being self sufficient and contributing members of society.

Morley Jennings, athletic director of Texas Tech was the principal speaker and gave an outline of the history of football in his talk.

Following the talk, moving pictures of the Texas Tech University of Texas and the Tahoka - O'Donnell football games were presented.

Ronny Gurley acted as master of ceremonies. Supt. Vernon Brewer gave the invocation. Other numbers on the program included a vocal solo by Carolyn Collier accompanied by Mary Louise Fenton, two piano solos by Floyd

Tubb, and brief talks by Mr. Brewer, Principal Jim Foust, and the coaches, Joe Turner Tom Bartley and Jake Jacobs. Other guests included the girl friends of the boys, the cheer leaders, wives of the school officials and one trustee.

An excellent meal featuring turkey "and all the accessories" was prepared and served by mothers of the boys, with the Thanksgiving theme carried out decorations, favors, etc.

Miss Ann Cowan of New Home, 16, daughter of Mrs. Winston Davies, has been awarded a Singer sewing book for having the second best coat in the Junior Division of the fourth annual "Make It Yourself With Wool" home sewing contest conducted by Texas Technological College. The coat, a grey wool tweed, was worn with brown accessories with green skirt and lime green hat. This contest is sponsored by the Women's Auxiliary of the Texas Sheep and Goat Raisers Ass'n., the National Wool Growers, Wool Growers Inc., and the Dept. of Clothing and Textiles of Tex's Home Ec. Division.

Sixty-six girls competed in the contest from the Panhandle Plains area. The top winners in the Senior and Junior divisions were Sophomore and Junior students in Tech.

Miss Norma Lee Evans, 15, daughter of Mr. and Mrs. Adrian Evans of New Home, was also an entrant in the contest in the dress division, making a skirt and whisket of brown and green tweed, with brown accessories and green hat and white blouse.

These girls did all the work on their garments under supervision of their Homemaking teacher, Mrs. Wayne Timmons.

Tahoka's Seventh grade Bulldogs ran over Post's Junior Antelopes 38-13 last Thursday afternoon in an abbreviated football game, which ended early in the third quar-

ter when Coach Wayne Pipes called his Post boys off the field and went home.

Getting some measure of revenge for Post defeats of the Bulldogs the past two years, Coach Tom Bartley's boys rolled up 19 points in the first quarter, two more scores in the second and another early in the third period.

Tailback Gordon Smith scored four times, twice on long runs and passed to Ted Pridmore for one and to Jerry Williams for the others.

Post scored its two touchdowns in the second period, but the visitors were no match for the local lads, and the game was called off by Post after a few plays of the second half.

Mary Draper, daughter of Mr. and Mrs. Howard Draper Route 3, Tahoka, has been formally initiated into the Cadette

social club at Abilene Christian College following a period of five weeks. She is a sophomore student.

pricing, Johnson believes, will help to avoid adverse effects on cotton consumption and will prevent the new economic policies from indirectly placing a ceiling on raw cotton prices. "Raw agricultural products are specifically exempted from price ceilings," Johnson noted, "but a ceiling on the price at which finished cotton products could be sold would have effectively limited the price at which mills could buy cotton in competition with other fibers and still show a profit." The producer organization official went on to say that with the mills' newly acquired ability to add cost increases to the price for end products, the choice of fiber will be dictated by consumer demand and the price of cotton will be determined by the cotton supply-demand situation, rather than having both issues decided by an artificially imposed end product price. The impact on producers on the fair trade textile import agreements, affecting wool and man-made textile imports from Japan, Taiwan, Hong Kong and Korea, will be less direct, Johnson explained. For the past decade imports of cotton textiles have been regulated by the Long Term Cotton Textiles Arrangements (LTA), but there have been no controls on imports of other textile products and ap-

parel. Consequently over the last five years imports of man-made fiber textiles alone have increased 157 percent from Japan, 1,521 percent from Taiwan, 1,238 percent from Korea and 466 percent from Hong Kong. The importance of controlling this surge of imported textiles from these four countries lies in the fact that over the last few years they have accounted for almost 60 percent of total imports of these products. Under the new government - to - government agreements, import increases from each of these countries will be limited to a percentage of previous imports. The agreements range from three to five years and allow growth rates of from about five to 7.5 percent.

have the deer processed at the locker plant. They can freeze large quantities quickly, which is important to quality. Freeze only 2 - 3 pounds of food per cubic foot of freezer space, or no more meat than will freeze in 24 hours. As a homemaker, you assume the responsibility of selecting family - pleasing recipes. Deer is an excellent source of animal protein, important for growth and repair of body tissue. But the meat won't do your family any good nutritionally unless it's eaten. One way to improve the flavor and tenderness of deer meat is to marinate it, a process that reduces the gamey flavor. Many deer eaters prefer to marinate venison from the more mature animals, too. A good marinade is made by combining one - fourth part vinegar, three - fourths part water, sugar and seasonings. Put the meat in the solution and refrigerate for 74 hours or longer. Try new spice mixes now available on the market. Try other recipes similar to those used for beef. You can help make the deer season fun for both of you and your family by using a well-dressed, processed deer in tasty recipes. This way, when your husband shoots the deer, he won't be shooting your budget, too.

MR. AND MRS. HILLARY SMITH TO OBSERVE 60TH ANNIVERSARY

Smith's To Observe 60th Anniversary

Mr. and Mrs. Hillary Smith will observe their 60th wedding anniversary, Dec. 6, 1971, quietly at their home, 2712 60th Street, Lubbock. Mr. and Mrs. Smith have three daughters, Mrs. Cleburne (Flora Delle) Nowlin of Rt. 1, Meadow (Lakeview); Mrs. Mary Stanley is a patient in West Texas Hospital, Lubbock. Denise Polk of Levelland visited Mr. and Mrs. Dennie Polk. Grady Martin of Lubbock visited Mike Edwards over the weekend. Jim and Diane Bray of Lubbock visited over the weekend with Mrs. Zella Taylor. Mrs. Wavel (Louella) Millsap of Clovis, New Mex., and Mrs. Vance (Ruth) Opsahl of Spokane, Wash.; four sons, Lee of Hobbs, New Mex.; Jim Bob of Rt. 6, Lubbock; Joe (Buddie) of Albuquerque, New Mex.; and Harvin of Memphis, Tenn. They have 21 grandchildren and 21 great-grandchildren. Hillary Smith and the former Fronia Jones were married Dec. 6, 1911, in Young County, Texas, and moved to Henderson county, where they farmed. They moved to Terry County, near Meadow, in 1924, moved to the Lakeview community, in Lynn County in 1927, moved to the Joe Stokes community, Lynn County in 1934, where they lived until he retired in 1964. Letters, cards, calls and visits from old friends and neighbors will be appreciated.

Linda Huffaker, CHD Agent, Says.....

So your husband's favorite season is here again - deer season. And you're convinced that all his hunting equipment and deer lease will shoot holes in your budget. Don't be discouraged -- get a copy of the Extension bulletin "Wild Game Care and Cooking" (cost 15c) and review with your husband the steps in caring for the deer after it has been killed. This will help assure that the animal is in good condition for freezing once it's home. If your freezer is small

Basketball will be in full tilt with Idalou. This contest promises to be THE game of the year. The varsity girls battle their first district

sity boys travel to Stanton, Tuesday for action. This weekend, the varsity girls will be involved in the Slaton tournament. Come and watch these athletes in action. Although graduation is still far off, seniors have already anticipated that great occasion by measuring for their caps and gowns and ordering their announcements. Serving as class sponsors for the seniors are Mrs. Ford and Doctor Schoening.

The "Kennel" staff sent in forty-six pages of sports, ads, features, and organizations for the first installment. There will be only two more installments to meet before the annual will be complete. Students and teachers enjoyed the holiday break over Thanksgiving. However, many have already begun counting the days until mid-term tests are over and the Christmas holidays will begin.

Winter Roads On Rural Routes

The cooperation of road authorities and rural postal customers is solicited by the U. S. Postal Service in keeping roads passable and approaches to mailboxes cleared during the winter months.

Rural route carriers must make every reasonable effort to serve the greatest number of customers possible during severe weather, using alternate roads or retraces when necessary. The carriers are not required, however, to provide service on foot when roads are impassable nor are they required to attempt delivery by motor vehicle during periods of inclement weather of such severity that civil authorities, e.g., city mayors, State highway police officers, or State highway administrative authorities, consider road travel hazardous and inform the public via radio, TV, or other media not to travel public streets or highways.

Highway officials are responsible for keeping roads passable and in good repair. Postal customers are responsible

for keeping approaches to boxes clear of snow, and all other obstructions, which may make delivery of mail difficult or at times impossible. Customers should be aware that failure to open approaches to boxes promptly after heavy snows may temporarily prevent carriers from making deliveries.

If excessive and extended detours are necessary, customers will be asked to temporarily relocate their boxes on the new line of travel, arrange to receive their mail through another customer's box, or make other suitable arrangements for handling their mail until travel on the blocked roads can be resumed.

Mr. and Mrs. Reb Burkhalter and family of Carrollton visited her parents, Mr. and Mrs. Dave Hubbard, over the week end. Also visiting were Mrs. Billy Hubbard and girls of Lorenzo, Mr. and Mrs. Thomas Jolly and family of Snyder, Mrs. Wilma Young of Brownfield and Mr. and Mrs. Roy Jolly and family of Tahoka.

SOIL CONSERVATION NEWS

By A. V. SHEPPARD

Rainfall records for the past 75 years show most south plains areas receive an average of 20 inches per year. As a dryland farmer, what are you doing to hold the rainfall you receive? Much of the rain falls hard and suddenly, especially in the spring. Unless some provision is made to hold this water on the land, a lot of it will run off. This causes erosion of rich topsoil and loss of soil moisture.

Parallel terraces coupled with good soil and crop management practices provide some of the answers to this problem. Point rows are eliminated, erosion is halted, and moisture is saved. The uniform distribution of water will lessen the chance of costly failure. Spacing the ter-

aces to fit six-row or eight-row equipment means less farming expense and a more efficient operation.

Parallel terraces are valuable on any cropland that is farmed as dryland or where very limited water is available.

All parallel terraces are being constructed from the lower side. This helps to decrease the slope of the field and eliminates the channel in front of the terrace. The interval between the terraces has the sidefall removed or flattened. This allows the water to spread over the larger area giving better moisture distribution. High and low places between terraces are cut or filled to keep terraces parallel.

A new type of terrace ridge can now be used if the farmer does not wish to farm the terrace ridges. Ridges of about half the width of regular terraces can now be installed. The interval between the ridges is level so rainfall will be distributed over the entire interval.

Cost-share assistance is available through the Great Plains Conservation Program and the Rural Environmental

Assistance Program. Cost-share assistance through the Great Plains Conservation Program is generally 60 percent of the actual cost. Parallel terraces have eliminated many of the objections farmers formerly had against terracing. The benefits of eliminating point rows, controlling erosion, conserving the moisture, and permitting a cheaper more efficient farming operation cannot be overlooked.

Landowners and operators interested in discussing the new specification, design, and layout of parallel terraces or any phase of their soil, water and plant conservation program are urged to contact the Soil Conservation Service employees.

Moerbe - Schafer Repeat Vows

WILSON (Special) -- Miss Corlis Kathleen Moerbe, daughter of Mr. and Mrs. Kenneth Moerbe of Rt. 1, Slaton, and Bruce Wallace Schafer, son of Mr. and Mrs. Wallace Schafer of Rt. 6, Lubbock were married Nov. 27, at 2 p.m. in St. Paul Lutheran Church in Wilson.

Rev. George Ascher, pastor, officiated for the double ring ceremony.

Given in marriage by her father, the bride wore a white

formal-length gown designed in the empire style. The peau de sole bodice was enhanced with a yoke of chiffon and venise lace. The high collar and fitted sleeves of venise lace were accented with satin. Her elbow-length veil of bridal illusion fell from an arrangement of peau de sole loops with fabric daisies.

The detachable train flowed from the empire waistline to chapel length, and was accented with chiffon and lace. She

carried a cascade of white carnations surrounded by yellow daisy pom poms with yellow and green streamers.

Donna Moerbe served her sister as a maid of honor. Bridesmaids were Darcy Williams, Karen Moerbe, and Barbara Talkmitt. They wore ice-green formal gowns with cap sleeves, empire waists, shallow necklines and A-line skirts. Their headpieces were of yellow net fashioned with loops of yellow velvet rib-

bons. Each carried a long stemmed yellow mum.

Doyle Talkmitt served his cousin as best man. Groomsmen were Larry Heintze, Lester Gickhorn and John Offut. Ushers were Mark Koslan, and Douglas Moerbe.

Warren and Thomas Moerbe, brothers of the bride, lighted candles. Angela Moerbe was flower girl for her sister, and Richard Nolte served as ring bearer.

Organist Kay Herzog played traditional wedding music and accompanied Mrs. Floyd Cannon in selected pieces.

A reception followed the ceremony in St. Joseph's Hall in Slaton.

Mrs. Schafer, a 1971 graduate of Wilson High School, will be a December graduate of Draughon's Business College. Her husband, a 1969 graduate of Wilson, is a business major at Texas Tech University.

After a wedding trip to Coudersport, N. M., the couple will make their home at 1106 B, 42nd St., Lubbock.

Garden Club Fun-D Party Tonight

The Tahoka Garden Club is sponsoring a Fun-D party, Thursday evening (tonight) Dec. 2, at 7:30 p.m. in the Tahoka Community Center. All kinds of table games will be played. A \$1.00 per person will be charged and refreshments of coffee and

finger foods will be served. Proceeds will go to the Garden Club.

"House of Jewels" jewelry will be on display and you may purchase for yourself or a gift.

The club will receive a percentage of the jewelry sales.

Automated Controls

"RAY DOUGLAS -- OWNER"

Automated Controls specializes in electrical installations for oil field, cotton gin, industrial and irrigation pumping. They are located at 501 South Dallas Street in Lamesa. Phone 872-8136.

know-how to handle any job. Experience does make a difference in the electrical contracting field. Reasonable bids can only be made when the contractor you call is familiar with the problems involved. You may rest assured that Automated Controls will be reasonable in all dealings. They are bonded and insured. The popularity of Automated

Controls has increased with each year they have been in business and they are now recognized as leaders in the electric field. This Review recommends them to all in this section who have electrical service of any type to be done. Call them for estimates and recommendations in all your electrical needs.

Avalon Studio

When it's time to take a portrait, be very sure it's the best. Call Avalon Studio, located at 220 North Austin Avenue in Lamesa. This is the place that takes great pride in their portraiture. It takes skill to put together a portrait. Some photographers take pictures. Avalon Studio takes personality portraits. Their skill is not in their ability to flatter, but in their artistic ability to feature the excellent parts of the facial structure of the individual. Avalon Studio does this with consummate skill in lighting and posing. The result is seen in portraits you have admired all over town.

There are so many reasons for having portraits made. . . . your most remembered gift to Mother will be your photograph, the capturing of baby's fleeting smile will be a treasure forever, group pictures of special occasions, weddings, birthdays, graduation. so, we suggest, in this 1971 Review you have your portrait taken at Avalon Studio when a quality portrait is desired. Here you will get the kind of results you can rely on. Make arrangements today by calling Avalon Studio-- 872-2433. Remember the most personal gift of all is your photograph.

Trained personnel at Moffatt Carpet and Furniture can help you roll out a room full of beauty. Carpets and rugs,

never prettier, will transform your home -- you set the mood --dash--sparkle or a quiet retreat. Moffatt Carpet and Furniture is one of those places where quality reigns and style is paramount. They feature distinctive carpeting for the fashionable home at reasonable prices. Since Moffatt Carpet and Furniture has opened it has become known as your "ONE STOP" floor covering center.

Let them make estimates for you without obligation. When you have made your selection, you may be assured of excellent installation. They supply the materials and workmen to complete your job in a way that will make you want to recommend them to your friends. For all your floor covering needs go to Moffatt Carpet and Furniture or phone 872-2722 for complete information.

Johnson Flying Service, Incorporated

The special attention of our readers is called to the services provided by the Johnson Flying Service, Incorporated located three miles east of Lamesa at Municipal Airport. Aerial crop dusting and spraying is rapidly becoming more and more important to farmers everywhere. A sudden plague of harmful insects can be quickly and easily destroyed by an airplane. It

makes no difference if the field is muddy, heavily wooded or crisscrossed by streams and ditches. In just a few minutes an airplane can effectively cover a large area that would take days to cover with old methods. You are cordially invited to call 872-2813 or 872-2244 for information or free estimates. This firm also renders a service for seeding and fer-

tilizing. In this review, we highly recommend you investigate the many advantages of aerial crop dusting and spraying by writing or calling the Johnson Flying Service Incorporated in Lamesa. Don't lose complete crop when for a small amount you can save it with this service. There is no substitute for experience. Call 872-2813 or 872-2244 for all your flying needs.

Federal Land Bank Association

A great many of us have had a yearning to invest in a farm but money problems seem to make it impossible. But this community is fortunate to have in its midst, a firm which can make just such a thing possible. Federal Land Bank Association located at 214 North Houston Avenue in Lamesa. Phone 872-3155.

to serve the people. By investing in a farm you can provide for old age as well as the present. Federal Land Bank Association has met the needs of the people in a straightforward manner. They are always ready and willing to serve the people of this community as best they can. We take pride in pointing out this foremost concern and heartily recommend our readers to discover for themselves the real satisfaction in their service.

Branon Funeral Home

For someone you've loved, there is no such thing as a funeral service which is overly dignified, overly reverent or overly sentimental. A tribute which beautifully expresses your affection and respect is naturally and quite rightfully your wish and, thus this is the primary objective of Branon Funeral Home, located at 403 North Austin Ave-

nue in Lamesa, in serving the people in their time of need since 1922. Branon Funeral Home's years of experience in rendering competent and sympathetic service to those bereaved makes them worthy of your trust. They provide a memorial service within the means of all. They are dedicated to perpetuating the memories of

your departed ones. In your hour of need, each member of their staff becomes your personal friend, offering sympathetic aid and understanding. For dignity, experience and quality, we in this 1971 Review, recommend Branon Funeral Home in your hour of need.

Come in or call and talk your problems over with them. The management has always had at heart, the best interests of the community and has done its best at all times

a heart attack. Shane and Holly Williams spent the past week here with their grandparents, Mr. and Mrs. O. D. Elliott while their parents were getting moved into their new home in Abilene. Mr. and Mrs. Williams returned for Thanksgiving dinner.

Smith's Nursing Home

Smith's Nursing Home is located at 604 South Avenue K in Lamesa. Phone 872-2453.

This nursing home offers complete care for the aged, sick, and convalescent. It is well-located, plenty of sunshine, never enough noise to bother the ill, yet near enough so friends and relatives may call without great inconvenience. Heating, air conditioning, ventilation and sanitary arrangements are most completely planned for the comfort of the patients. All methods are approved by the supervising medical authorities. The rooms are attractively and cheerfully decorated and have that home atmosphere which has such a good psychological effect on the patient. The food is prepared under the most sanitary conditions -- giving the patients well balanced meals, nourishing and appetizing for rebuilding the health and strength so necessary for the inactive person. Sympathetic and understanding nurses make their patients feel that what they do for them is never too much trouble. This surrounding territory is very fortunate in having a nursing home, "So Like A Home". They invite your inspection at any time.

NEW HOME NEWS BY MRS. W.W. DAVIES

Mr. and Mrs. J. N. Wheeler, Wayne and Lynda and Mr. and Mrs. Tommie Wheeler of Lubbock had Thanksgiving dinner with Mrs. Tom Russell. Her other daughter, Mrs. Bernice Walker and daughters of Abilene were unable to come home because of accidents. On Tuesday, Barbara, student in Cisco Junior College was enroute home with a friend when the car caught fire and was completely destroyed. And on Wednesday she had a wreck in her mother car, but fortunately was not seriously injured. She hoped to be able to return to school first of the week.

Miss Ada Mitchell, aunt of Mrs. Richard Westfall celebrated her 88th birthday, Nov. 23. She is a resident of the Bender Terrace Nursing home in Lubbock. Several of her friends and relatives and minister, Edward Myers, his wife and daughters, helped make Miss Ada's birthday a happy one with cards, gifts and visits.

Bill Griffin, County Agent, Says.....

Christmas trees will soon be on the market, and you will want to make your selection wisely. A few simple procedures can assure you of selecting and keeping that perfect tree this season. First determine where the tree is to be displayed in your home. With this in mind you will be able to determine the most suitable size and shape. Trees generally appear smaller than they really are. Buying the tree early will enable you to be selective in your choice of a fresh tree. Check for signs of needle shedding and brittleness to indicate excessive drying. Tree limbs should be strong enough to hold ornaments and strings of electric lights. The tree should have a strong fragrance and good green color for the species. Texas imports over three million trees annually with some coming from as far away as western Canada. The most popular trees in Texas are Scotch pine and Douglas fir. Trees are stored in boxcars and undergo extreme temperature changes during their journey southward. Those undergoing warm temperatures for a period of several weeks may already have dried out by the time they are on Texas markets. Once you purchase your tree, store it outdoors in the shade until you are ready to use it. Spray it frequently with water. When moving the tree indoors, cut the butt end at a diagonal about one inch from the bottom and place it in water. This opens the tree's pores and aids in the absorption of water. Keep the butt end of the tree in water during the entire time it is in the home.

NURSING HOME NEWS

Well, here we are again after a wonderful Thanksgiving week! We had turkey, dressing, "punkin' pies and all the trimmings. We have so many people to thank for our wonderful holiday! Our L. V. N. from Post, Mrs. Noble, and sons furnished our turkey. Then the ladies from the T-Club brought those pies. O'Donnell Brownie troop 337 brought Thanksgiving place cards for our trays and I believe we mentioned the G.A. girls from the First Baptist

Donations Needed For Slaton Home
Several people in Wilson and Slaton are trying to buy a stero-radon combination for the Slaton Convalescence Home in Slaton for Christmas. These elderly people do not have a radio there. If you would like to make a Home happy with one Christmas Gift please leave your donation with the following people: in Slaton, Bobbie Hogue, Wendell's TV & Repair, and Slaton Convalescence Home. In Wilson, Mrs. Ethel Covey, Arlena Heck and Gladys Moore.

MARRIAGE LICENSE
Bobby Mack Rudd and Alla Marie Nelson.
Michael Dwayne Cathey and Donna Gail James.
William Bradford Clark and Greg Anna Spencer.
Larry Lynn Walton and Jeneava Ann Lunsford.
James Clinton Holland and Betty JoAnn McCarl.

The production from almost one cropland acre out of every four goes overseas.
Christmas cards were first used in the U. S. in 1874.
It costs Uncle Sam about one cent to make a dollar bill.
