The door decoration was won by Eugene Payne at 2423 N.E. 7th, 5th photo and second place was taken in the door division by Garland Thornton at 2412 N. 1st.

Southwestern To Buy New Equipment

Southwestern Public Ser- service in 1979.

by 20 percent.

vice Company will invest more than \$196,000,000 in new equipment and improvements in the next five years, it was announced today by Roy Tolk, chairman and president of the electric company. "The area has turned itself

around economically and all signals are 'go' for future growth. We must be prepared to provide the power that will be needed to keep pace with this growth and the power that will be needed to keep the environment the way all of us want it to be," Tolk said in announcing the expansion program.

New generating facilities with a capability of 631,000 kilowatts would be completed during the 5-year period, Tolk said, and , just before the end of the 5 years, construction will begin on a 350,000 kilowatt unit scheduled to go into

Southwestern pioneered in The new generating facthe use of treated sewage ilities include a 25,000 kiloeffluent as cooling water at watt gas turbine at Riverview its Nichols Station, near Am-Station, which will go into arillo, beginning more than a service in mid-1973. This unit, decade ago. Now they have gone one more step and are while small in size, is large in unique featues. Its ex . using equipment that cleans haust gases will be piped to a up the treated water to the waste heat boiler, and steam point where it can be purified from this boiler will supply for use as boiler feed wa-60 percent of the steam to ter. This is being done on the drive the presently installed first unit at Jones Station and conventional generating unit at is projected for the second Riverview. By reusing the unit at that facility and also waste heat from the gas turfor the 1976 unit.

bine, the efficiency of the two "When we have installed all generating units is increased of the generating facilities proposed through 1976, we will save, on the average day, "We are working every day in every way that we can to 14,000,000 gallons of potable water through the use of sewconserve resources. We have age effluent. That's the equivexperienced some shortages in gas fuel, but we have a alent of the daily water needs of a city of 100,000 people commitment to our customers and is a most important conwhich demands that we find the servation consideration, " fuels to meet their electric Tolk added. service needs," Tolk said.

\$0-3450

Returning to the matter of fuel resources, Tolk said that the 350,000 kilowatt unit planned for 1976 will be built so that gas, oil, coal - or even solid waste . can be used as a fuel.

"This one is actually going to have a garbage door on it, " he said.

Speaking in a more serious vein, he added, "We are confident that our suppliers will find the gas that we need for fuel, but we will be prepared to burn other fuels if it doesn't turn out that way. We assure our customers now that, if it is necessary to use coal as a fuel, every standard of environmental protection will be met - and exceeded, if possible."

The 1976 unit will be located north of Amarillo so that the sewage effluent can be purchased from the city.

A major transmission line project for 1973 is a 230,-000 volt line running from Tuco Interchange, north of Abernathy, to Nichols Station, northeast of Amarillo. This will provide a second 230,000 \$0-4110 volt path or backbone for the \$0-4720 interconnected transmission \$0-5330 system and make the move-\$0-5880 ment of power between major generating facilities and the \$0-6430 areas of greatest use more \$0-6930 efficient, reliable and econom-\$0-7430 ical.

"It is difficult to pin down \$0.7930 exactly how many dollars will flow into the economies of the \$0.8430

communities we serve because of this expansion program. We will purchase all of the transportation and office equipment locally and as much of the supplies and materials as possible. Local suppliers

will provide the gas or oil fuel. Construction labor accounts for about 22 to 25 percent of the cost of a new generating station, and it will come from local skilled labor

sources and amount to several million dollars. If the formula that says putting one dollar into the economy generates seven more dollars is

valid, then we are talking about a multi-million dollar in-Dec. 25, 1909. He was a vetjection into the economy of our eran of World War I servarea during this five-year proing with the U.S. Air Force, gram," Tolk concluded.

N. W. Allphin's Services Held N.W. Allphin, 97, died Sunday afternoon at his home in

ers and the military.

High-protein fruit juice powder soon may be a new item on the grocery list.

Experiments have shown that squeezing juice from 'cull' fruits and fortifying it with soya fish or peanut protein (10 - 15 percent - can produce a delicious drink -one that should be acceptable because of its high quality.)

Juice powder has many advantages, among them the fact that it saves weight and space because nearly 80 percent of the water is removed. It's economically good because it's easy to transport, store and pack -- even to distant

markets. The powder can be pre-

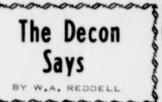

Since that time researchers further developed and fortified fruits and vegetables with flavor, protein and vitamins. Also .. in the past decade .. the fruit juice industry has had increased demand in the quality of dehydrated products. RECIPE OF THE WEEK County Chicken Casserole lb. Velveeta Pasteurized

Base cotton allotments in the 25 High Plains counties represented by Plains Cotton Growers, Inc. for 1973 total 1,488, 145 acres, down 197, 388 acres ro 11. 7 percent from the 1972 allot . ment of 1,685,533.

A county-by-county breakdown of the national allotment was printed in the Federal Register of December 15. The 11.7 percent cut on the High Plains compares with a national reduction of 13 percent

from 11.5 million acres this year to 10 million in 1973. Major effect of the allotment cut will be to reduce total price support payments to producers in the coming year. The payment rate for 1973 again will be 15 cents per pound. Total payments to individual producers will be figured by multiplying 15 cents times each farm's payment yield times allotted acres. Assuming the same payment yield for 1973 as for 19-72, the total reduction in payments next year will equal the 11. 7 percent reduction in acreage allotments.

As in 1971 and 1972, farmers may overplant 1973 allotments to any extend they desire without penalty, therefore the allotment cut is not expected to significantly affect the number of acres that will be planted to cotton on

major at Texas Tech.

the Plains in 1973. The 25county allotment for 1972 was 1,685,533 acres but an estimated 2.6 million acres were seeded to cotton last Spring, PCG officials point out. Cotton produced on non-al-

lotted acreage receives no price support payment but is leigible for CommodityCredit Corporation loans at 19.5 cents per pound, basis middling-inch, 3.5 to 4.9 micronaire at average location.

The percentage allotment loss on the Plains is less than the average loss across sthe belt because of acreage transferred to the Plains in 1972 through purchases from other parts of the State, PCG officials believe. It is also thought that such transfers account for the variations in percentage cuts between counties in this area.

For example Gaines County, which has been the most active in acquiring cotton acreage from outside the Plains through leases and purchases, shows a gain of 5.4 percent in allotted acres for 1973 while Deaf Smith County shows a loss of 14.4 percent, well above

Listed below are the 25 High Plains counties in PCG territory, their 1972 and 1973 allotments, the number of acres lost and the loss percentage.

Wilson ISD Raise Lunchroom Prices

Education had its regular meeting on December 19, 1972 at 8:00 p.m. The following bus-

insss was transacted. (1) The minutes of November 21 and December 5, 1972 meetings were approved.

(2) The accounts payable for

Harvest

The South Plains cotton harvest reached a peak during the week before Christmas and the U.S.D.A. Cotton Classing Offices at Lubbock, Brownfield, Lamesa and Level. land received samples from approximately 222,000 bales during the week ending Friday, December 22nd, according to W.K. Palmer, incharge of the U.S.D.A. Classing office in Lubbock.

The U.S.D.A. cotton classing offices at Lubbock Brownfield, Lamesa, and Levelland classed samples from 241,000 bales during the same period, bringing the total classes at the four offices to 805, 000.. Through December 22 last year only 293,000 samples of the 1971 crop had been class. ed.

Estimates indicate that approximately one-half of this season's crop is now out of the fields.

Grades were about the same as during the previous week. Strict Low Middling (41) was the predominant grade, making up twenty four percent of all cotton classed. Low Middling (51) made up 20 percent Strict Low Middling Light Spotted (42) 17 percent and Strict Low Middling Spotted (43) 10 percent.

Average staple length remained about the same. Staples continued to be predominantly 30 to 33. Seventeen percent had a staple length of

30, 27 percent stapled 31, 29 percent was 32 and 16 percent was 33.

Micronaire readings were considerably lower. Only twenty percent of all cotton classed at Lubbock during the week had micronaire readings in the premium range of 3.5 through 4.9, 15 percent "miked 3.3 through 3.4, 35 percent was 3.0 through 3.2, 25 percent 2.7 through 2.9 and 5 percent was 2.6 and below.

The Agricultural Market-

ing Service of the U.S.D.A.

The Wilson I.S.D. Board of December were approved as presented.

(3) The contract of Gary M. Gardner, Superintendent of schools, was reviewed and extended through June 30, 1975.

PAGE 4, LYNN COUNTY NEWS, THURSDAY, DECEMBER 28, 1972

Well I will not be here next week so I will jot down a few things that happen here at Colonial Nursing Home, I will leave December 22 for a couple weeks in San Antonio. Christmas cards are being

tacked up or put on strings so our rooms remind us of our friends.

Our newest residents are Mr. Ed Denton and Dr. Kitchen, both of Post. Mr. Denton was taken to Lubbock for surgery after a few days stay and is now recovering in the Post Hospital. We look forward to his return and hope he and Dr. Kitchen like their home

Mrs. Kaddatz drops by for a visit. It is sure good to see our old friends.

While Mrs. Owens was in the hospital, Mr. Owens sure looked lonesome, We were all glad when she returned.

Mrs. Mary Woods had an ac-

TAHOKA, TEXAS

The aide was helping her back to bed and she fell backwards on the bed and broke her right arm near the shoulder. We are hoping she will not have to stay in the Lynn County Hos. pital long as we all miss her. Mrs. Willess is not doing

> too well. Her left wrist was broken from a fall. Mrs. Trula James has been visiting her. Mrs. Hammonds and the lad-

ies came and sang with us the Monday before Christmas. Mrs. Short contacted several people who helped purchase some navy blue material for a dress and coat to show our appreciation for her faithfulneww. She was sure surprised but happy.

The Tahoka Girl scout troop 108 walked up and down the halls singing carols.

Mrs. Bales carried Mrs. Corbin to Slaton shopping and when they returned, Mrs. Corbin's daugher, Itasca Messer carried Mrs. Corbin down

for another shopping trip. Mr. Polk's sons, Mason and Jack, carried him out for lunch and a visit. Corine Izard went to the

Christmas party at Garland Pennington's on Dec. 19. She reported a good time visiting with relatives. Mrs. Aley Clarks visitors

were Mr. and Mrs. Elmer Devaney of Willard, N.M. also her grandson and family of Melrose, and Mrs. and Mrs. Delbert Fowell and boys. The Pyburns and the Steiners came to so it was an early Christ-

mas for her. Our Christmas was wonder.

nett, Myrtie and Ima Ledbetand cookies and Santa was here ter, Mrs. Lela Wood, Johnny with gifts for everyone. An area farmers, Darys D. Sumrow, 52, was fatally injured in a farming accident on his farm six miles east of Welch and 14 miles north of Lamesa about 12:30 p.m. Wednesday. Dawson County Justice of the Peace, A.L. Standefer pronounced Sumrow dead at the scene, and ruled the death as accidental. Sumrow became entangled in a cotton stripper, which was attach-

ed to a power drive. Services were at 3 p.m. Friday in the O'Donnell First United Methodist Church with the Rev. Ralph Odom, pastor, officiating, assisted by the Rev. David Hamblin, pastor of the First United Methodist Church in Littlefield. Burial was in the O'Donnell Cemetery. A farmer, Sumrow had resided in the O'Donnell area for 44 years. A Methodist, he was a native of Hunt Coun-

weeks in Tahoka visiting with home folks.

Past Days In Lynn County

At 6:30 o'clock, yesterday morning fire totally destoryed to restaurants and a garage and blacksmith building in the town of Wilson. The fire was

caused from a defective flew in Towson Bros. cafe, completely destroying the structure and contents and the cafe and garage adjoining, owned by W.P. Hamlet of that place.

All the automobiles stored in the garage were saved. The Tahoka Telephone Co.,

reports the loss of two phones. The buildings and contents were only partially covered by insurance and will result in a heavy loss to the owners.

000

Miss Maggie Hickerson of Clovis, N.M. is the guest of her father, G. W. Hickerson this week. Miss Maggie is teaching a school near Clovis.

Mr. and Mrs. Tom LeMond and Mrs. H.M. Larkin and children, left the latter part of the past week for Balling. er Texas, where they will visit with relatives for a few days.

Judge and Mrs. G.E. Lockhart returned the early part of the week from Stamford, where they attended a reunion of Mr. Lockhart's brothers and sisters. They report a most enjoyable trip.

W. R. McCuistion, proprietor of the Home Bakery and Cafe, in Tahoka, returned the past week from a ten days business trip in New Mexico. Mr. McCuistion reports that he is better satisfied with the Tahoka country than ever before after seeing various parts of New Mexico.

A "Dry Check" artist was in town during th holidays and caused considerable grief among the merchants of Tahoka. It pays to ve very careful of the checks that are handed in to you at all times. Otho Thomas, of the firm of Thomas Bros. DrugCo., mate

a business trip to Clarendon the first of the week. Miss Ora Huffman and Miss

Ora Hodges spent Sunday with Miss Camilla Tankersly.

G.W. Short and family visited Mr. Busby at O'Donnell Saturday.
