State Historical Society.

The report of the Board of directors of the State Historical Society, at the late meeting, Jan. 15, 1884, made the following excellent showing:

Bound volumes added to the library, 307; unbound volumes and pamphlets, 1088; newspaper files, 403; single newspapers containing special historical material, 243; posters, cards, etc., 105; maps, 16; atlases, 2; manuscripts, 6,338; pictures, 135; relics, 77. From this statement it will be seen that the library additions during the year, of books, pamphlets and newspaper files, number 1,798 volumes. Of these, 1,654 have been procured by gift and 144 by purchase. The total of the library at the present time is as follows, namely; 4,760 bound volumes, not folios; 2,928 bound newspaper files, folios; 8,332 unbound volumes and pamphlets; total of the library, 16,029 volumes.

The volumes are, in much the large part, either of Kansas publications, or those relating to the western country, or are public documents and scientific publications of the government; and all contain historical, documentary, and scientific information of permanent value.

In the department of newspaper files the collection has grown more rapidly than that of any other library in the country.

The society is receiving the regular issues of 448 newspapers, of which 387 are published in Kansas, namely: weeklies, 340; dailies, 19; monthlies, 22; semi-weeklies, 1; semi-monthlies, 8; quarterlies, 1.

This library is the property of the State of Kansas, and is being made up in the State Capitol for the use of the people. The members of this society are as follows: Life members, by payment of twenty dollars; annual members, by payment of two dollars yearly; and honorary and corresponding members. Editors and publishers contributing regular issues of newspapers and magazines, are also constituted members of the society.

The following are the members of the Board of Directors: Geo. W. Glick, John Francis, A. P. Riddle, D. Webster Wilder, John Speer, Chas. Robinson, John P. St. John, James F. Legate, Ed. Russell, John A. Martin, S. O. Thacher, W. W. Walton, D. R. Anthony, Henry Inman, F. P. Baker, P. P. Elder, H. T. Green, Eugene F. Ware, R. W. Blue, Henry Booth, J. W. Ady, P. I. Bonebrake, C. K. Holliday, F. G. Adams, Chas. W. Blair, Jacob Stotler, T. D. Thacher, James Smith, M. M. Murdock, S. N. Wood, N. S. Goss, J. S. Emery, B. F. Simpson, J. M. Harvey, Geo. W. Martin, John C. McCoy, H. C. Sluss, W. P. Hackney, Ed. Carroll, Sol. Miller, Joel Holt, Martin Mohler, S. A. Kingman, R. M. Wright, W. B. Clarke, A. R. Green, A. S. Everset and Jas. G. Blaine.

The officers of the Society are as follows: F. P. Baker, president; D. R. Anthony and A. P. Riddle, Vice Presidents; John Francis, Treasurer; F. G. Adams, Secretary.

John B. Gough, the renowned temperance leader, recently said in a lecture: "The remark that prohibition does prohibit is a very foolish one to me. True, prohibition gives the power to the people to stop the sale of drink, but prohibition without public sentiment to back it, will no more prohibit than a fire engine will extinguish a fire without working."

Sixty-five cents a day is the rate of wages proffered to the Lehigh ore-workers. This is not the least to which the laborers of the country were invited by their protectionist friends, but it is the least spread for them. When election day comes around again these sixty-five-cent people will be asked to go to the polls and send another protectionist to Congress to protect them still further.

The February number of *Democrat's Monthly* is both instructive and entertaining. The serial by Mrs. Champney is continued, and shorter stories are contributed by Eleanor Kirk, Carlotta Perry, and Miss E. B. Chesborough. Among the readable articles are "The Yellowstone National Park," "The French Shakespear," and "The Medieval Mysteries of the Passion Play." Jenny June contributes "Life in New York," and the various departments are well filled. "The Pompeian Maiden," a fine steel engraving, forms the front-piece, and there are other admirable illustrations.

Last week we made mention of

the fact that Mr. Frank Oberst had been taken away from a sick wife and his children in Marion county and brought back to this city, by the strong arm of the law in order to compel him to pay a fine and costs in a suit which took place in this city long before he left here. We do not again call the attention of the public to this fact; apologize for Mr. Oberst's offence against the law nor for his not paying his fine before leaving here, nor to find fault with any particular one, but to call attention to some other facts. Now, there is scarcely a day passes in which some one does not say to us: "Timmons, they are trying to crush me like they have been trying to crush you; but I will come out all right." Now, it is this "crushing" business we desire to speak about. Time and again have young men violated our laws and been given so much time to leave the country without paying any fine; but here comes a man of family, a citizen and a taxpayer, who has been found guilty of a misdemeanor, and, before paying his fine, he moves into another county so that he can better support his family, having been, as it were, crushed out here; now, why bring the married man back and make him pay his fine and let the young man go on his road rejoicing? There is too much prejudice in this community to give the town that healthy growth it should have for a place so beautifully located; and, although the town is now having a boom, these petty prejudices must be laid aside and we must work for the interests of one another, if we wish to still have a prosperous and growing town. True, some men are not as good as they should be, but is that any reason they should be hounded down by the rest of the community? If we were all perfect, the millennium would be upon us, and the end of time close at hand.

HOW THE WAGE-WORKER IS TAXED.

The "best Government the world ever saw" now taxes them for—
The hat on your head,
The boots on your feet,
The cloths on your person,
The food you eat,
The tea and coffee you drink,
The pot it is cooked in,
The cup you drink it out of,
The implements on your farm,
The tools you work with,
The paper you write on,
The pen and ink you use,
The paper and books you read,
The furniture in your house,
The gas or oil that you burn,
The coal you consume,
The stove you burn it in,
The match you light it with,
The medicine you take,
The tobacco you smoke,
The pipe you smoke it in,
The dishes on your table,
All you eat off them.

THE ELECTION.

Although there was a good deal of interest manifested in the election in this township the election, last Tuesday, passed off very peaceable. The following is the result:

For Trustee—S. A. Perrigo, 159 votes; Geo. W. Estea, 114; Witt Adair, 93; D. S. Connicner, 84. Perrigo's plurality, 45.

For Treasurer—H. N. Simmons, 237; C. I. Maule, 210. Simmons' majority, 27.

For Clerk—W. M. Davis, 327; A. Hinckle, 122. Davis' majority, 207.

For Justices of the Peace—F. B. Hunt, 342; John Miller, 228; C. W. Jones, 150; J. B. Shipman, 65; W. H. Pennell, 34. Hunt and Miller elected.

For Constables—W. H. Spencer, 365; H. A. Chamberlain, 250; Joe Gaume, 152; A. B. Watson, 79. Spencer and Chamberlain elected.

The following parties were elected Road Overseers in this township: District No. 1, John Johnson; No. 2, G. W. Barrett; No. 3, Asa Taylor; No. 4, M. G. Gomer; No. 6, Jos. Shaw; No. 7, Jesse Kellogg; No. 9, Jim Harvey; No. 10, John Quinn; No. 11, A. B. Moore; No. 12, David Canning ham; No. 13, Jacob Brough.

EMMET CLUB PROCEEDINGS.

Pursuant to call, the Emmet Club, whose object is the commemoration of the memory of Irish patriots, met at 3 o'clock, Saturday afternoon, February 2, 1884, and were called to order by Mr. Matt.

McDonald, temporary chairman.

The proceedings of the previous meeting were read.

Two constitutions for the government of the Club were submitted and read, and, on motion, were referred to the Committee on constitution, who retired for a few minutes, and, upon returning, reported a constitution, which, on motion, was adopted and the committee discharged.

On motion, the Club then went into the election of officers under the constitution, which reported as follows:

Matt. McDonald, President.
C. H. Carswell, Vice-President
W. E. Timmons, Secretary.
James Holland, Treasurer

On motion, it was decided that this Club celebrate the birthday of Robert Emmet, which will occur March 4.

On motion, the Secretary was instructed to open a list of members, which was done, and those members present put down their names.

On motion the Secretary was authorized to purchase a book in which to keep the records of the Club.

On motion, the President was authorized to appoint all necessary committees to carry into effect the motion that had already passed, to celebrate Robert Emmet's birthday. In pursuance of this motion, the President then appointed the following committees:

Committee on Arrangements: Geo. O. Hildebrand, W. A. Morgan, Dr. J. H. Polin, Robert Bolton, Dennis Madden and T. H. Grisham.

Committee on Programme: C. H. Carswell, John Madden, Dr. J. W. Stone, W. E. Timmons and P. B. McCabe.

Committee on Music: James Holland, Dr. L. P. Ravenscroft and George McDonald

Committee on Invitations: J. W. McWilliams, W. E. Timmons, John Madden and James McGrath.

On motion, the Secretary was instructed to furnish each of the county papers with a copy of these proceedings for publication in the same.

On motion, the Secretary was instructed to incorporate in this report that part of the constitution relating to membership, which reads as follows:

Any person shall be eligible to membership in this Club, who is Irish, or of Irish descent, or who has an active sympathy with the Irish cause.

Adjourned to meet subject to the call of the President.

W. E. TIMMONS, Secretary.

NOTICE.

OFFICE OF EASTERN KANSAS LAND AND LOAN COMPANY, ATCHISON, KANSAS, January 1st, 1884.

NOTICE.—For many years the farmers have had the free use of the lands formerly owned by the Atchison, Topeka and Santa Fe Railroad Company, and Missouri, Kansas and Texas Railroad Company, now owned by the Eastern Kansas Land and Loan Company. As these lands are taxed, it is just that the owners shall receive some compensation for their use. So far as we have been able to obtain an expression of opinion, farmers have admitted the fairness of our claim, and expressed a willingness to pay a fair price for their use both for hay and herding privileges. We have not pressed our claim for the past season for the reason that interested parties claimed they did not have notice in time to exercise a voluntary choice in the premises. From this time we shall charge and collect for all grass cut on lands owned by this company, forty five cents per ton, and a reasonable price for herding privilege. Leases for such purposes should be arranged for in advance. Leases for the season for the hay and for herding cattle will be made subject to the sale of the lands. No lease will be recognized unless signed by the Secretary or Treasurer of this Company. Suits will be prosecuted against all parties cutting grass or herding on the lands of this Company without first obtaining a lease therefor, or permission from the Secretary or Treasurer, and the hay cut without such permission will be claimed by the Company.

Address all communications to THE EASTERN KANSAS LAND AND LOAN COMPANY, Atchison, Kansas.

TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources result three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels constipated, Head-ache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluctuating at the Heart, Dots before the eyes, highly colored Urine, COUGHS, BRONCHITIS, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt, removing all impurities through these three scavengers of the system, producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect

ANTIDOTE TO MALARIA.

HE FEELS LIKE A NEW MAN.

"I have had Dyspepsia, with Constipation, two years, and have tried ten different kinds of pills, and TUTT'S are the first that have done me any good. They have cleaned me out nicely. THE CURRENCY QUESTION. Notwithstanding the fact that thousands of our people are worrying themselves almost to death over the vexed question, even to the extent of neglecting their business, their homes and their duties to their families, there are still thousands upon thousands of smart, hard working, intelligent men pouring into the great Arkansas Valley, the Garden of the West, where the Atchison, Topeka and Santa Fe Railroad offers them their choice of 2,500,000 acres of the finest farming land in the world at almost their own prices. If you do not believe it write to the undersigned, who will tell you where you can get a cheap land exploring ticket, and how, at a moderate expense, you can see for yourself and be convinced.

This is the last examination for the spring and summer school, unless found necessary to fill vacancies. MARY E. HUNT, Deputy.

In last week's personal organ the grinder admits his calling, but says his monkey is diseased. Now, if that animal is nearer dead than his walking political and social carcas of a master, then, indeed, is his end near at hand, and his dissolution nearly accomplished, and even joining a Church, we think, would hardly keep him out hades, if there were such a place prepared for monkeys.

We have perfected arrangements with the publishers of the American Farmer, of Fort Wayne, Ind., that enables us to offer our subscribers a first class Agricultural Magazine at the bare cost of the white paper on which it is printed. The American Farmer is a 16 page monthly magazine which is rapidly taking rank as one of the leading agricultural publications of the country. Each number will contain useful information for the farmer, his wife, his sons and his daughters. The price of American Farmer is \$1 a year, but you can get it and the COURANT for one year for \$1.75 cash in advance. As it costs you almost nothing, suppose you try it one year.

CHASE COUNTY.

To Those Wanting Information. Letters reach us from parties in the East, almost daily asking for information about Chase county. The questions are numerous and it would require too much labor and money to answer them all. So we have decided to give the advantage of offered to farmers stock raisers and business men as briefly as possible:

In the first place, money is a necessary article in Kansas as well as elsewhere; and you will need some to commence with. Pluck and energy are, also, necessary articles. As good land as man ever tilled can be had here for almost nothing. Healthier country can not be found. Winter wheat is an almost sure crop; corn yields largely; other grain as well as anywhere else. To give an idea of the way wheat and corn yields in Chase county, we give the following showing for 1875: Wheat, average, 6,013; yield 132,102 bushels; value of product, \$138,641 58; Corn, average, 37,070; yield, 1,136,940 bushels; value of product, \$227,388.

Irish potatoes yielded 50 bushels to the acre; sweet potatoes 163 bushels; broom corn 8,750 bushels; rye 22 bushels; barley, 22 bushels; oats, 33 bushels; tobacco, 650 pounds. Thus it will be seen, that farming pays in Chase county. Farm laborers are paid, per month, with board from \$12 to \$20. Vacant lands sell at from \$1.10 to \$2 per acre. Persons that have any knowledge of stock raising will see by the late crop product, that this is the place for them to make money. Cattle do well; horses and hogs could not do better. Hogs are hardly ever troubled with the disease so common in the East. Cattle winter well; in summer our unlimited range furnishes ample feed.

It is conceded that Chase county is the best location for sheep-growers in Kansas; and we honestly believe it to be a fact. Men of competency and practical experience in sheep-raising give it as their opinion, that wool of the Merino and other fine varieties can be profitably raised here, at a cost of ten cents a pound. It is believed that the shear would pay the best, as a great deal of expense is saved by being able to run them in large flocks. There is generally a fair competition for the purchase of wool. Our grasses are good and nutritious, and there is abundant water. Our upland is rolling. The business of sheep-growing is bound to be an important one in this country, and the time will soon come when our bills and values will be dotted over with sheep, as well as cattle. Dairy farming is a branch of industry that will pay in this country. It costs very little to feed milk cows. Butter and cheese have a ready sale. Chase county has thirty-six good school-houses, in which school is held, at least, eight months in the year, thus affording better educational facilities than can be found in the older States. We have Congregational Catholic, Methodist, United Presbyterian Quaker and other religious denominations worshipping in this county. Lodges of Masons, Odd Fellows and other benevolent societies are in flourishing condition in this city. Chase county building stone has justly gained the reputation of being the best in the West; and can be found upon almost every quarter section in the county. To parties having money to invest in manufacturing establishments we can say that Chase county has from seventy-five to one hundred miles of the best water-power in Kansas, with material to build dams and mills everywhere. The stream is clear and swift-running, with rocky beds. Money invested in utilizing our water-power will yield tenfold. Chase county has room for a woolen mill, which, we think would pay, also, a paper mill; and three or four cheese factories. Besides unlimited room for all other industries. REPUBLICAN CONVENTION.

M. H. Funston Nominated as Baswell's Successor.

The Republican Convention to nominate a candidate for Congress to fill the vacancy in the Second District, occasioned by the death of Hon. D. C. Haskell, met at Parsons on January 31, and was called to order by Frank R. Ogg, Secretary of the Congressional Committee.

On motion, the following committees were appointed: On Credentials—E. S. W. Drought, Wyandotte; E. Clark, Johnson; R. A. Steele, Douglas; W. D. Creason, Miami; H. C. Cook, Labette; J. D. Zeigler, Montgomery; D. W. Houston, Anderson; Mr. Allen, Neosho; W. J. Bowden, Bourbon; L. C. Wasson, Franklin; H. B. Harding, Wilson; W. G. Allison, Allen; A. W. Burton, Linn; R. E. Jenness, Cherokee; S. H. Langdon, Crawford.

On Resolutions—W. A. Johnson, Anderson; George Barker, Douglas; O. L. Miller, Wyandotte; Thomas N. Hancock, Johnson; D. A. Crocker, Linn; T. E. Smith, Miami; Walter S. Simons, Labette; S. C. Elliott, Montgomery; B. J. Smith, Neosho; W. J. Stone, Cherokee; Dr. R. Aitman, Bourbon; H. P. Walsh, Franklin; Mr. Daniels, Crawford; Wm. Stivers, Wilson; H. C. Winchester, Allen.

On Permanent Organization—O. A. Bassett, Douglas; M. J. Satter, Montgomery; H. W. Cooper, Linn; J. S. Hanway, Franklin; Homer Pood, Bourbon; G. A. Coulton, Miami; A. Bowen, Johnson.

After a recess of half an hour the Committee on Credentials reported the delegates entitled to seats, and the Committee on Permanent Organization reported the temporary organization to be made permanent. Agreed to. After some discussion the Convention decided to vote by ballot.

The Committee on Resolutions presented a report that the Republican Party of the Second Congressional District of Kansas in Convention assembled announce: First—We favor a tariff so adjusted as will encourage, foster and promote those diversified industries that make a nation prosperous and at the same time protect and remunerate American labor.

Second—That to every American citizen should be secured complete liberty and exact equality in the exercise of all civil, political and public rights.

Third—That we heartily approve of the action of the last Republican Congress in refusing by a large vote, to restore the forfeited land grant to the Texas Pacific Railroad Company, and we cordially endorse the determination of the Republican party to hold the public domain for actual settlers.

exercise the same. In the absence of any statutory regulation of rates, either directly or indirectly through some statutory medium, as a Board of Commissioners, the power to fix rates is exercised by, or derived from, the Board of Directors.

In contemplation of law, the fixing of rates when done by the company is a regulation established by the Board of Directors. The Board of Directors have the power to establish by-laws, regulations, etc., for the conduct of the business of the company; provided they are not inconsistent with the laws of the United States or of this State.

In other words, the company has the power to fix rates upon its road for transportation services so long as the State abstains from the exercise of the power of control in respect to the same subject matter. The views here expressed it is believed are abundantly supported by the authorities, and by a recent decision of the United States Supreme Court in the case of Ryalls vs. the People.

It might be added here that, whenever by virtue of any provision of the charter, or a general law of the State or Territory granting corporate powers, the right to repeal, alter or amend any special charter granted is reserved, the power and privileges derived from it are held subject to such power of repeal or amendment. At the time this charter was granted to the respondent company, such reservation existed in the general law.

Its subsequent repeal would not increase the powers, rights or privileges originally conferred by the charter granted. The next step to be taken is the modification of the order and decision heretofore made in that the decision is based upon the operating expenses of the road for a single year, and that the expenses for that year were much below the average.

The percentage of operating expenses to earnings upon the road for the year ended June 30, 1883, was 39.9-10. The average for the year past was 51.70-100, or 28.100 above the average for the year ended June 30, 1883. But dividing the ten years into periods of five, we find the average for each period as follows: For the first five years, 51.70-100; for the last five years, 53.44-100-100.

The Commissioners, after a review of the progress of new roads and their comparative earnings, further say: "The part of the territory through which the respondent company's lines run, which has heretofore been the least profitable through which to operate railways, is quite rapidly filling up with an enterprising and thrifty population. The business of the road is increasing, and unless new lines shall be added to the system, whose operation may be so unremunerative as to impose an additional burden upon it, it is reasonable to expect that other things, equal the ratio of expenses to earnings, will be diminished rather than increased in the future.

In the light of these facts, and in the absence of any evidence of circumstances and conditions existing, which would tend to show that the ratio of expenses to earnings for the last year is exceptionally low, we think the ratio for the last year may be regarded as a fair representative average." In answer to the plea that the decision proceeded upon a mistake of facts as to the company's revenues, in this, that it charged to the company as part of its revenue the proceeds derived from the sale of its land grants, the Commissioners set forth the facts as shown by statistics that the company had a large revenue from the sale of its lands over and above the amount necessary to liquidate the remaining part of the land-grant bonds, now unprovided for, and it "is not only fair to presume, but it may be confidently expected that the earnings per mile of the railroad will continue to increase in the future as they have in the past.

The territory through which the road runs is capable of indefinite development. It is yet but thinly settled. The lands along its lines are being rapidly absorbed by settlers and others for practical use. With the growth of settlement the business of the road must continue to increase. The gross earnings per mile of the road have grown from \$3,567.55 in 1876 to \$8,137.77 in 1882; and the net earnings per mile from \$1,674.68 in 1876 to \$3,380 in 1882—more than one hundred per cent. in each case. In the meantime the average rate of freight has been reduced 65-100 per cent. From that general exhibit of earnings for the road the Commissioners are unable to apprehend financial trouble to the respondent company from the proposed reduction.

ON FOURTH CLASS.
