Car Wash This Saturday

The Youth of First Baptist Church will have a CAR WASH on Saturday, April 19, from 9:00 a.m. to 4:00 p.m. The price of having your car washed will be \$2.00. The car wash will be held at 1701 N. 1st, the Music Directors house. The youth are having the car wash to help raise money to pay their expenses for a Mission Trip they will make this summer in Colorado. The youth will be helping with Vacation Bible School and also participate in Revival Services while they are in Colorado. Come to have your car washed and support these youth in a worthwhile project.

Dr. Emil Prohl

Dr. Emil Prohl Dies Saturday

Dr. Emil Prohl, 70, retired Tahoka physician and surgeon died suddenly about 10:00 Saturday night while visiting in the home of his daughter, Mrs. Finis Botkin, presumably of a heart attack.

Funeral services were held Monday at 3 p.m. in First United Methodist Church with the pastor, Rev. Frank Ogelsby, officiating assisted by Rev. Aubrey White, a retired minister, and Rev. Jim Turner, pastor of the Tahoka First Baptist Church. Burial followed in Tahoka Cemetery under direction of White Funeral Home.

The church was filled to capacity for the services, and included Rotary Club members from many Northwest Texas towns from Sweetwater and Midland north to the Panhandle.

At the recent Chamber of Commerce banquet, Dr. Prohl was honored as "Citizen of the Year".

Dr. Prohl had undergone

surgery a few weeks ago, but had recovered nicely, was believed to be in good health, and he and his wife were planning another trip soon.

Emil Paul Herman Prohl was born at Port Arthur October 28, 1904, the son of Mr. and Mrs. Emil Prohl. His father was a native of Hungary and his mother of Germany.

He grew up at Port Arthur graduated from Baylor University School of Medicine in 1935, came to Tahoka to practice medicine in 1937, and built and operated Tahoka Hospital and Clinic until retiring on November 1, 1972. He married Grace Davis of Port Arthur in 1931.

He was an active member of Five County Medical Society, and served this organization as secretary and then president. He also was a member of Texas and national medical societies.

Dr. Prohl was a Methodist, and served his church as chairman of the Board of Stewards and as secretary of the Board of Trustees.

He had been a dedicated Rotarian for 37 years, served the local club as president and was the current Governor of District 573 of Rotary International comprising of 48 clubs of Northwest Texas, and was preparing to preside the Rotary district conference in Pampa this Thursday Friday and Saturday. He and Mrs. Prohl also planned to attend Rotary International in Toronto, Canada, in June. They had attended 15 Rotary International Conventions and 21 District Conferences.

The Doctor was a Mason, a Shriner, and was also active in Eastern Star and Rainbow Girls work.

In other civic work, he was active in Boy Scout and other youth interests, a member of the Chamber of Commerce, and had served as a member of Tahoka School Board.

In addition to his wife, he is survived by one son, Karl who is an attorney in Kerrville; one daughter, Mrs. Martha Botkin; and four grandsons, Tony, Tommie, Terri and Tye Botkin, and one brother, Dr. Karl Prohl of Port Arthur.

Pallbearers were Lewis Botkin, Charles Townes, Dr. David Midkiff, Dayton Parker, Gerald Huffaker, and V. F. Jones.

Memorial gifts may be made to favorite charities.

Two Directors Retire From Hospital Board

W. T. Kidwell and Clint Walker, last two original members of the board of Lynn County Hospital, retired from election of new members, Mrs. Wells and Monte Dod-

to completion. An enabling act setting up Lynn County Hospital District was passed by Texas Legislature and signed by Gov. John Connolly on April 17, 1967. The county voters approved bonds for the hospital November 11, 1967. County bonds voted were \$365,000, matched by a grant of \$350,000 by the U.S. Department of Health, Education and Welfare, a total of \$715,000.

The new hospital at the west edge of town opened on January 11, 1971, and

an addition for doctors' offices was added in 1973 at a cost of \$120,000 to be retired from revenue bonds. The hospital has two doctors, Dr. Louis Cole and Dr. Richard Wright. After some trying times at the start, the hospital is now operating "in the black" directors state.

Current board members are Dr. David Midkiff, chairman, Larry Hagood, Joe D. Unfred of New Home, Roy Lynn Kahlich of Wilson, Elvin R. Moore of O'Donnell, Mrs. Wells and Mr. Dodson.

Carolyn Haley Says . . .

The trend toward older married couples will continue to increase throughout this century, one specialist predicted.

For the happily married older couple, marriage is a source of great comfort and support . . . as well as the focal point of everyday life.

Happily married older couples experience increasing closeness, a high degree of interdependence, equality, lesser defined sex roles and division of labor,

and intense caring . . . especially during periods of illness.

For these couples widowhood is a dismal prospect since each views his spouse as a pillar of strength.

But like all other marriages, some older couples do not fall into the 'happy' category. For the less-than-happy older marriage, couples often are filled with hostility, blame their spouses for their troubles, and often wish they

could terminate the relationship.

The stigma of divorce, religious beliefs and social pressure have kept many older couples together under a sort of unarmed truce. Unhappy older people have a difficult time coping with the demands of illness.

Another category of older marrieds is those who remarry in their later years. Many select mates who remind them of a previous spouse, have similar backgrounds and are approved by adult children and friends.

Pressures from inheritance and division of property before remarriage, and alienation from families . . . especially children and grandchildren . . . are pitfalls to be aware of in remarriage.

Studies indicate that most successful retirement marriages occur when oldsters have known each other well for many years, share similar interests, are approved by family and peers, and are financially similar or equal . . . especially if both own a home.

Below is a recipe that will serve two people: Spanish Rice:

1/4 cup cooked rice
3/4 cup cut - up, canned or luncheon meat
1 teaspoon fat or oil
1/2 small onion
1/4 green pepper, if desired
1 small stalk celery, if desired
1 cup canned or cooked tomatoes
Cook rice, and meat in fat

or oil in a pan until lightly browned. Chop onion, green pepper, and celery. Add to rice. Stir in tomatoes, cover and boil gently about 25 minutes until rice is tender. Makes 2 servings one cup each.

First Lynn County Officers Elected

by Frank Hill

At the organization election which put Lynn County and Tahoka in business on April 7, 1903, county officials were elected and were sworn into office on April 15, that same year, by Judge George R. Bean, Lubbock County, Lynn having been attached to that county for judicial purposes.

Those elected were: M. L. Elliot, county judge and county school superintendent; J. E. Ketner, H. E. Baldrige, B. Humphries, and W. T. Petty, commissioners; C. H. Doak, sheriff; and S. N. McDaniel, county clerk. Shortly thereafter, O. L. Miller was appointed treasurer; W. E. Porterfield, surveyor; and A. S. Coughran, tax assessor.

In the meantime, several frame store buildings had been built, or were under construction. The Stoneham building was declared the county court house, until a building could be erected on the present square, but a few days later the Harper building was selected for the court house. Roads 60 feet wide were ordered built to the Lubbock County line, west to the Terry County line, south to the Dawson County line and east to the Garza County line.

Late in April, the court planned a two - story frame court house building 32 x 40 feet in size, and John Agnew was employed to supervise construction at \$4.00 a day. H. E. Baldrige and J. E. Ketner were authorized to go to the T&P Railroad, buy the building supplies and have them hauled to Tahoka at 50 cents per 100 pounds.

Two school districts were then set up, one the south about 40 percent of the county and the rest the other district.

State school tax was set at 18 cents county ad valorem 25 cents, county school 15 cents, county special 20 cents per \$100 valuation; also state poll taxes were \$1.50, and a county poll tax of 25 cents authorized.

THE FAMILY LAWYER

Nosy Nurse

Agatha, a registered nurse, believed in taking lots of initiative in her work. Among other things she meddled in the private affairs of patients, overruled medical instructions from doctors, and denounced doctors and patients to each other with fine abandon.

Finally, on the basis of repeated complaints, a state board revoked Agatha's license. She carried a protest into court, but the board's action was upheld.

Nursing, like the other healing arts, is usually subject to supervision by a state board set up to safeguard the public. Although regulations vary, they generally impose a high standard of conduct in keeping with a nurse's responsibilities.

But the courts also recognize that revocation of a nurse's license is a drastic punishment, not to be imposed lightly.

Thus:

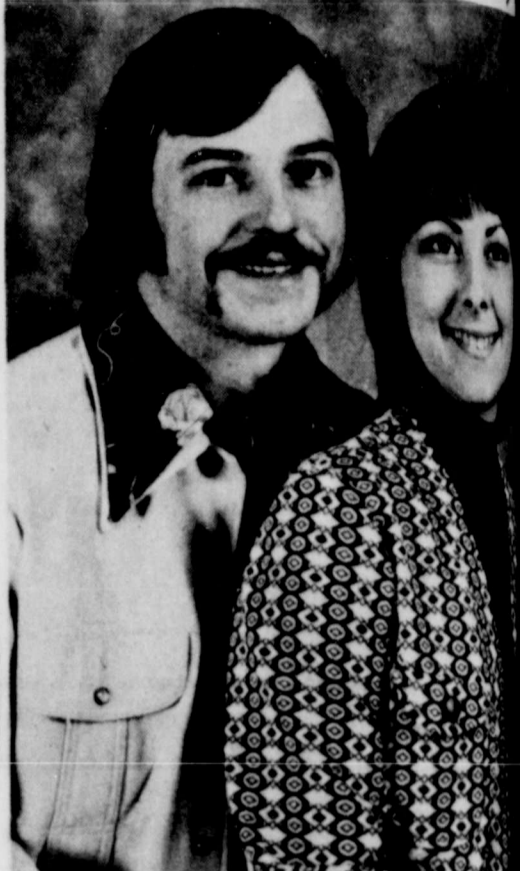

The night nurse in an obstetrics case, asked by the patient to call a doctor, decided it wasn't necessary. Was this adequate grounds, as alleged afterward, for revoking her license?

A court said no, pointing out that the patient 1) had gotten good care from the nurse, and 2) had not really needed the doctor after all. The complaint was too minor, said the court, to justify such a penalty on the nurse.

Of course nurses, like doctors, may be held liable for malpractice—such as carelessly giving a patient the wrong medicine.

But there is no malpractice if there is no negligence. In another case, a woman patient who had fallen out of her hospital bed sued the nurse for failing to put up bed rails. However, there had been no instructions from the doctor about bed rails, nor any advance indications that they were needed.

Finding no malpractice, the court said a nurse could not be held liable merely because something happened to go wrong.

in the Brown Hotel in Brownsville. Lola and Ruth are members of the Caprock China Club, Lubbock Area. The party enjoyed sightseeing on Padre Island and Boca Chico and on the return trip to Uvalde and through the Canyon Valley Drive and spent the night in Junction before returning home Monday.

Our daughter, Mrs. Newron (Sue) Snodgrass had a rather startling experience Friday, April 4th at the Winkler State Bank in Wink where she is a teller. At 2:54 p.m. just before closing time, a lone bandit, wearing a motor cycle helmet with the visor pulled down over his face, carrying a shot gun walked into the bank and threw a large canvas bag on the counter at the window where Sue was working and ordered her to fill it up. She emptied the money from her tills and he then ordered her to bring all the money from the vault. She entered the vault and placed some money in the bag and returned to the window and handed the bag to him. He uttered a foul word and said 'I told you to get all the money.' She replied 'If you don't think that's all, come back here and look!' The robber then grabbed the bag and ordered the three employees and one customer who had entered the bank against the East wall and told them not to move. He then left the bank. The employees didn't see any kind of vehicle. The man flipped out the lights before entering the bank and seemed to know that there were only three employees on duty at the time. Just five days later a gunman attempted to rob the First National Bank in Kermit. A 22 year old Odessa man driving a sports car ordered Miss Melba Abila of Wink, drive in teller, to fill the paper bag, when she filled it so full it couldn't be returned through the drawer, the gunman panicked and fled, but he was arrested less than an hour later the car in which he was riding had been stolen from Broncho Chevrolet earlier, Wednesday.

Lynn Halamecek son of Mrs. Emma Halamecek of Tahoka had a rather unusual threat, with an ironical ending. About 10:00 a.m. Sunday April 6th, a woman entered the Nelson Pharmacy No. 1 at 805 Tahoka Road in Brownfield and stood a few minutes. As Lynn started to the front to help her, she methim halfway, pulled a gun and told him to give her all his money he turned and started to the cash register, when the woman dropped the gun and said, 'I can't do it, I can't rob you!' She sat down in a chair and started crying the 29 year old pregnant woman was arrested and charged with aggravated robbery. The No. 025 automatic contained six rounds of ammunition according to the police.

Ann and Wayland Walton of Snyder came Tuesday morning and had lunch with us, in the afternoon we went to Lubbock for her Drs. appointment. Ann still has to use a wheel chair and walker and it will be another three months before pins and plate can be removed from her leg and ankles.

Mr. and Mrs. Gene Bob Wilson and daughters, Mandy and Tonya of Lubbock came and visited with Mr. and Mrs. A. M. Davis Sunday and attended morning services in the New Home Baptist Church.

Last week on Monday our Gospel singing was wonderful even tho we had a sand, hail and rain storm going on. We kept singing and it took our mind off the storm see our wonderful ladies came early so our singing wouldn't be a flop, these ladies will never know how we enjoy them.

Thanks to the Graham Tyler family for the beautiful flowers they sent in his memory, our prayers are with them.

Several of our patients are ailing with colds and cough. Dr. Wright was here and ordered medication, we hope they soon feel better. Virginia Dann, Joe Anderson and Eduardo Grow are all in the hospital.

Our wine and cheese party was a success, we plan another party soon. Mrs. Evelyn Russell spent three days in Amarillo at a seminar she received a 15 hour certificate for her work, she had a report that her husband Nathan will go test this week. We pray the report will be good.

We were saddened when we heard of the death of Dr. Emil Prohl. This writer worked in his and Dr. Thomas' hospital for 16 years, so I do feel a loss but my memories are of the kind way he taught me to become a 'wavered' L.V.N. When he told us anything, he expected us to do the job his way at all times. He trusted us to do things even if he was not around. Whenever he asked us all to meet for Sunday school we each knew we were going to be reproved for the wrong we had done.

We keep hoping for warmer days and nights. Brother Jim Mosley was calling Sunday and Brother Tut Jones brought our message from Ephesian, chapter 4, on how careful we must be when we speak unkind words to other or about others.

We are glad to report that Mrs. Georgia Cook improved enough for her daughter, Mrs. Letha Porterfield to take her home, we hope she keeps improving.

Jim Romlinson reports he has four tomato plants to set out, so our garden is shaping up.

The stereotype of a nursing home as a lonely place does not hold true for Colonial of Tahoka in Tahoka, Texas.

Evelyn Russell, the administrator constantly encourages the residents to join in a variety of activities, including crafts, bingo and domino games, and other get-togethers.

The "family" at Colonial of Tahoka is currently excited about a number of upcoming activities including National Nursing Home Week and picnics planned for the warm spring and summer months ahead.

"We hope to involve as many of the residents' families in our upcoming activities as possible," Evelyn Russell said. "Families are invited to just about everything we do here for enjoyment."

Nursing Home News

Evelyn Russell, Administrator

Colonial of Tahoka is a pleasant place to be, whether you live there or just drop in for a visit. The staff respects and provides good care for all residents, and welcome guests as if they were welcoming someone into their own home.

Drop by and visit them sometime. The home is located at 1829 South Seventh.

Evelyn Russell, Administrator of Colonial of Tahoka has announced that American Nursing Home Association plans to designate May 11-18, 1975, as National Nursing Home Week.

"I'm proud to be a part of this important profession and would like to issue a personal invitation to all community members to visit nursing homes in their area," Mrs. Russell said. "We hope that there will be strong community involvement in National Nursing Home Week."

"Nursing homes today are dedicated to providing excellent nursing care for everyone regardless of age, race, creed, sex, or economic status. The aim of National Nursing Home Week is to remind the public that nursing home residents are vital, contributing citizens."

"All of us at Colonial of Tahoka are looking forward to National Nursing Home Week and we plan to celebrate with parties and special events. We hope that our friends in the community will join us in the festivities."

BILL GRIFFIN SAYS

Texas had the dubious honor of leading the nation in the number of tornadoes last year with 116. And another tornado season is at hand.

Most tornadoes occur during April, May and June during the late afternoon although they can occur at any time of the year or at any time during the day.

Most tornadoes occur in the South and between the Rockies and the Appalachians.

With a total of 944 reported tornadoes in the United States last year and 361 resulting deaths, 1974 was the worst year for tornadoes since 1925.

Although the average annual number of tornadoes reported had quadrupled in the past three decades, the number of tornado fatalities has been decreasing. This is probably due to better methods of sighting tornadoes, warning systems and

advance preparation for tornadoes.

Tornadoes usually travel southwest to northeast and stay on the ground about 10 minutes. Their forward speed is about 30 miles per hour but wind speeds in the funnel of a tornado get up to 300 miles per hour.

Because tornadoes are erratic, it's hard to tell just where or when they will occur.

It is important to have a well rehearsed plan for quick action if a tornado is sighted.

The National Weather Service issues a "tornado watch" when atmospheric conditions are favorable for tornadoes. A tornado warning is issued when a tornado has actually been sighted or detected by radar.

If a tornado watch is announced, stay tuned to a radio to television for weather advisories. A tornado warning demands action, so you should quickly move to a

basement, cellar or civil-defense shelter. Keep a battery powered radio handy in case of power loss.

If your home doesn't have a basement or cellar, go to the lowest level in the center of the home and get in a closet or small room or under heavy furniture. Open a few windows to allow for sudden air pressure changes.

Stay away from windows and buildings such as gymnasiums and auditoriums with wide free span roofs. If you live in a mobile home, move to a shelter area. If you are caught in open country, move away from the road at a right angle to its path or lie flat in a ditch or ravine. Do not stay in your car if you cannot safely evade the tornado by driving away from it or at right angles to its path.

If you sight a tornado, report it promptly to the nearest law enforcement office, but do not tie up the phone with unnecessary calls.

After a tornado, always wear thick soled shoes and gloves for clean up work and watch for broken gas pipes and downed electrical wires. Don't light matches or smoke in or near a building that has been hit by a tornado until you are sure there are no gas leaks.

Furthermore, stay away from disaster areas unless you're helping with rescue and cleanup operations.

Survivors include her husband, J.D.; her mother, Mrs. John McLaughan of 2117 48th St.; two sisters, Mrs. Elsie Brooks of Tahoka and Mrs. Cleo Haddock of Washington; a brother, John S. McLaughan of Dallas; a step-daughter, Mrs. Barbara Waldie of Dallas; two stepsons, Don Finley of Denver, Colorado, and James Finley of Abilene and seven grandchildren.

Pallbearers were Elmer Reed, Jr., Bill Strickland, Charles Young, Larry Dorsett, James Swan and Ernest Ohnemus. Honorary pallbearers were all postal supervisors.

Mrs. Finley's son, Jerry Lee King preceded her in death in 1970.

Food Stamp Information Now Available

All groups and interested individuals have easy access to information relating to the food stamp program.

Anyone interested in having a food stamp representative appear in their community may contact the local food stamp caseworker or Mrs. Frances S. Compton, Supervisor of the local food stamp program, at 3428 Avenue H, Lubbock, Texas, or telephone 806-762-0686.

Food stamp representatives will appear for persons wishing to learn about procedures for application, persons wishing to become familiar with the national food stamp program and persons wishing to gain knowledge of the functioning of the local program.

According to Frances S. Compton, the supervisor of the local food stamp program, the State Department of Public Welfare's happy to make this information available and is looking forward to receiving requests for presentations in the local communities.

ALAT Meet Set For April 18-19

The 67th Annual Meeting of the American Lung Association of Texas (ALAT) will be held April 18-19 at Kahler Green Oaks, Fort Worth. Events will include open meetings of the ALAT membership and board of directors

election of new officers, award presentations, and sessions relative to statewide program activities.

Representing the West Texas Area, ALAT will be Wilmer Smith, New Home, incoming President of the American Lung Association of Texas; A. M. Kennedy, Ph.D. and Georgia Brewer, Area Executive.

The Texas Thoracic Society (TTS), the medical arm of ALAT will hold its annual meeting jointly. Numerous scientific sessions will focus on infections of the lung.

The Z. T. Scott memorial lecturer for the joint opening session is Sidney M. Finegold, M.D., Professor of Medicine, University of California at Los Angeles. The topic is "Role of Anaerobic Bacteria in Pulmonary Infections".

Mrs. Georgia Tatum of La Canada, California, Chair man of the American Lung Association Constituent Relations Committee, will discuss the role of the voluntary Christmas Seal agency at national, state, and local level at the ALAT Membership banquet.

A new section, planned specifically for nurses and respiratory therapists, will present programs on chronic obstructive lung disease.

Six self-teaching slide cassette programs on treatment and prevention of lung diseases will be available at the TTS Learning Resources Center throughout the meeting.

Mrs. Stewart Gives Program

The Faith Circle met at the church at 4 p.m., Monday, April 14. The meeting opened with a prayer by Mrs. W.O. Wharton. Mrs. G. M. Stewart then gave a resume of the Lubbock District United Methodist Women's Meeting which was held at Cooper, Texas. She reported it was very informative and helpful meeting.

The program was given by Mrs. Walter Mathis. She read Colossians 3: 12-17 which tells us to put on compassion, kindness, humility, gentleness, and patience. These are styles that are appropriate for a Christian community.

The next meeting of the Faith Circle will be on April 28, at 4 p.m. Mrs. Louie Weathers will be in charge of the program.

Girl Scouts Better Citizens

A Girl Scout program that offers local girls the opportunity to learn and to become better citizens receives hearty endorsement from girls in our organized troops.

A recent sampling of opinions brought some enthusiastic comments about Scout activities from some local Girl Scouts.

Donna Roberts believes that being a Girl Scout helps you become a better young lady and a better and more active citizen. She especially enjoys earning different badges.

Denise Dodson says Girl Scouting means having fun and learning at the same time.

Jennifer Ehlers enjoys learning to cook and making new friends. She is especially looking forward to going to camp Rio Blanco this summer.

Teresa Arellano adds that it helps to be prepared for anything and will help us make a better home.

Marcy Raindl enjoys learning about Scouts in other countries and learning songs and games from those other countries.

According to Cathy Meeks it helps to learn leadership. It helps prepare you for life and you make lots of new friends.

Karen Stewart says we learn special activities. Some activities are crafts, dramatics, singing, conservation, housekeeping, hospitality, personal health, first aid, safe bicycling, safe hiking and penpal.

Norma Redwine enjoys getting to know more people and going on trips.

Barbara Owen feels that Girl Scouting helps you learn more about manners, know your friends better, and learn how to get along with people.

"Girl Scouting helps us to have more respect and loyalty to our country and will help us to be more dependable and loyal citizens when we grow up," says Amy Porterfield.

Almost all the girls interviewed, including Leni Brown, Elene Del Toro, Cathy Cook, and Kim Paynes, said that Girl Scouting means to help others and to do things to better ourselves and our community.

To sum it all up, second grade Brownie Maria Huffaker said, "Girl Scouts aker said, "Girl Scouts means alot to me, and I'm sure glad I'm in it."

Local adult volunteers have been soliciting this week for the Girl Scout fund drive. Your contribution to the Tahoka Girl Scout campaign helps to organize and maintain troops, provide camping equipment, provide training for troop leaders and administrative personnel, provides a Service Center for administrative and financial management and helps maintain and buy supplies for the local Scout hut. If you haven't been contacted

and would like to donate to the Girl Scouts contact Ann Witt at Witt Butane or call 998-4875 and your donation will be picked up.

National Spanish Exam Results Are Announced

Pauline Antu

Elaine DeLeon

Daniel Gutierrez

The results of the National Spanish Exams given at Texas Tech by the Llano Estacado Chapter of the American Association of Teachers of Spanish and Portuguese were announced this past week.

Tahoka High School's Spanish classes were well represented in the standings. Of the sixty-four first-year students participating, Tahoka's seven contestants all ranked in the top fifty. Pauline Antu and Elaine DeLeon ranked among the top five scores tallied; each scored an 89. In the top ten, Gloria Gamez ranked with an 86, R. C. Calderon (67), Janie Acosta (66), Susie Pena (56) and Lisa Atwell (54) rounded out Tahoka's standings.

On the second year level, Daniel Gutierrez ranked 6th

among forty-seven contestants with a 78. Della Calvillo ranked twentieth with a 55.

Tahoka High School is proud to have had such good representation in our first trip to the National Spanish Exam.

Hobby Club Met April 8

The Grassland Hobby Club met April 8, at the Grassland Community Center.

The meeting was opened by the president, Mrs. LaVerne McClesley with Mrs. W. L. Gribble leading a prayer.

In the business session it was decided to have a craft, pantry and bake sale May 8, from 2 to 5 p.m. Everyone is invited to bring your wares and sell or be prepared to buy. The proceeds will be used for repairs on the building.

Mrs. J. E. Yeates and Mrs. Josie Ray gave an interesting demonstration on general pieces of handcraft.

Mrs. R. M. Stewart was the lucky door prize winner.

Mrs. C. E. Short was the honor guest receiving a very unique and valuable tree.

Refreshments were delicious and served to seventeen members and visitors.

Party Honors "Pop" Kidwell

About 100 guests registered. Out of town guests were nieces and nephews of Mr. Kidwell, Lawrence Kidwell of Abilene, Walter and Modene Montgomery of Mineral Wells, James and Geraldine Felton of Artesia New Mexico, Mr. and Mrs. Tom Smith of Lubbock, mother of Mrs. Lee Edward Holden.

Grand children attending were Tommy Kidwell and Lee Edward Holden. Great grand children attending were Shannon and Lee Richard Holden. Grandchildren and great grandchildren unable to attend were Truitt McAda, Mary Ann Kevin and Christy of Houston, Karen McAden and Allen and Nicole of Georgetown, and Tracy Schulz of Houston.

Notaries Public To File New Oath

Texas Secretary of State Mark White today announced that all presently commissioned Notaries Public desiring re-appointment for the new term which begins June 1, 1975 and ends June 1, 1977, must pay the required fee and file a new oath and bond with the County Clerk between May 1, 1975 and May 15, 1975, inclusive.

Secretary White further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1975, should apply to the County Clerk before April 30, 1975. The required application forms may be obtained from the County Clerk.

Mr. White emphasized that Notaries Public should not send requests for appointment or for commissions directly to the Secretary of State as the law specifically provides that the County Clerk approve Notary Bonds and forward copies of the application to the Secretary of State.

TEXAS TALK

By Fred Myers

Demand for quality cotton continues to increase. Not only is the use of natural fiber rebounding, but the by-product market is also expanding. Since average cottonseed meal is at least 41 percent protein, it is becoming increasingly important as a primary feed for cattle, sheep and horses.

Expeller, Hydraulic and Solvent are processes used to produce meal or cake from raw cottonseed. Expeller and Hydraulic processes leave about 5 percent fat content in processed meal while the Solvent process leaves less than 1-1/2 percent.

Research now underway may result in an economically feasible method of limiting Gossypol (a cottonseed toxin) content to low enough levels to make cottonseed meal a primary protein supplement for swine and poultry. Success could significantly increase this by-product demand.

FACTS FOR YOU

from Texas Farm Bureau

The Texas Supreme Court has decided to uphold its former decision with regard to the legality of the Commodity Referendum Act. The original decision was issued on January 18, 1975.

The Commodity Referendum Act will continue to operate as in the past with the exception that producers will be given the opportunity to contribute or not to contribute at the first sale of their product. It is believed that this change will permit the program to continue to operate much the same as it has in the past.

The Texas Supreme Court's decision simply says that it is unconstitutional to collect from a producer without his consent under the provision of the Commodity Referendum Act. This decision was reached on the basis that if the producer is required to make a payment the collection is an occupation tax and violates Section 1, Article VIII, of the State Constitution.

In summary, the Texas Commodity Referendum Act programs will continue to operate as in the past, with the exception that a producer will be permitted to sign a statement exempting himself from the payment requirement. This method of operation will remove the threat of additional lawsuits under various other provisions of law in that the mon-

ies collected will not be classified as an occupational tax. The collected money, under the present system, will be viewed as voluntary contributions. The only way to legally collect on the total sale of a commodity by state law is to tax the handler or remove Section 1, Article VIII from the Constitution.

CROP REPORT

The United States Department of Agriculture, Statistical Reporting Service, Crop Reporting, Board has released their interpretation of producers' prospective plantings in 1975.

Corn plantings are expected to total 75.3 million acres, 3 percent less than last year, and down 3 percent from that indicated by the January 1 acreage intentions survey made in 35 states.

Sorghum acreage intentions of nearly 18.9 million acres are 6 percent above the 1974 acreage but below the 10 percent increase expected as of January 1.

Feed Grain acreage (corn, sorghum, oats and barley) combined is expected to total 122.5 million acres, down slightly from the 122.7 million acres planted last year.

Durum wheat plantings are expected to total 4.3 million acres, up 5 percent from last year but only half the increase expected January 1.

Other Spring Wheat prospective planted acreage of 13.4 million acres is down 9 percent from 1974, a decrease about twice as large as expected from the January 1 survey.

Food Grain acreage, (wheat, rice and rye) is expected to increase 3 percent to 78.9 million acres. (Includes the December estimate of 55.5 million acres of winter wheat and 3.2 million acres of rye seeded.)

Cotton growers intend to plant 10.0 million acres of all cotton down 29 percent from last year.

Peanut growers intend to seed 1.53 million acres of peanuts in 1975, slightly more than last year.

Soybean acreage is expected to total 56.6 million acres, up 6 percent from 1974, but smaller than the 8 percent increase growers in 27 States reported January 1. Oilseed acreage cotton flaxseed peanuts and soy beans) combined is expected to total 69.9 million acres, 1 percent less than last year.

Tobacco acreage is expected to total 1.07 million acres, 11 percent above 1974. Flue-cured growers plan a 15 percent increase and burley intentions are 7 percent above a year earlier.

Sugar beets intentions point to 1.5 million acres 23 percent above 1974 plantings.

PARITY RATIO

Government reports indicate that the actual parity ratio on February 15, 1975 was 69, compared to 71 on January 15, 1975. The adjusted parity ratio which includes government payments on February 15, 1975, was 70 compared to 72 on January 15, 1975. Index of prices paid by farmers Fe-

bruary 15, 1975 was 70 compared to 72 on January 15, 1975. Index of prices paid by farmers February 15, 1975 was 180, same as January 1975. Index of prices paid by farmers for family living items, February 15, was 175 compared to 173 January 15, 1975. Index of prices paid by farmers for production items as reported February 15, 1975 was 180, compared to 182 a month ago.

Index of prices received by farmers for all products was 168, down 6 points from 174 a month ago. Index of prices received by farmers for crops February 15, 1975 at 92 was down 12 points from the 204 reported on January 15. Index of prices received by farmers for livestock and products on February 15, 1975 at 151 is down 2 points from the 153 reported on January 15, 1975.

OIL SUPPLY:
The TEXAS BUSINESS REVIEW of March 1975 reviewed the U.S. oil imports and exports for the period 1860 to 1974. U.S. crude oil supply in 1974 was as follows with previous year in parentheses: Production 3, 212 million barrels (3,353 million barrels); imports 1, 277 million barrels (1,184, million barrels); exports 1 million barrels (1 million barrels).

SCHOOL FINANCE:

The U. S. NEWS AND WORLD REPORT of March 31, 1975 reports the following: "Of the \$61.1 billion of spending on public elementary and secondary schools in the year that ends this summer, local governments provided 49 percent, state governments 43 percent and federal government 8 percent. Outlays by state government are up from 40 percent in the 72-73 school year ... while the proportion at other levels of government is down. What's more, educators see the state assuming a bigger and bigger share of the cost in years ahead."

FOREIGN AID:

The transfer of U. S. resources to foreign nations continues to be a major item in the Federal budget. Senator Harry F. Byrd, Jr. from Florida placed in the CONGRESSIONAL RECORD of March 19, 1975 at page S4345 the following information with regard to transfer of U.S. resources to foreign nations: Security assistance ... 1973 actual - \$5,492,936,000. 1974 (estimated) \$5,215,554, 000 - 1975 (projected) \$3, 963, 494, 000; Development

Texas 4-H Center Story

son was Secretary-Treasurer. The Herman Bennett Company of Brownwood, Texas was selected as general contractor to build the Center. The long awaited ground breaking ceremony took place on February 22, 1974, and, under the direction of T. Louis Austin, current Texas 4-H Foundation Chairman, the Texas 4-H Center began.

The architectural plan designated the location of the building to be at the front edge of the site where it slopes sharply to the shore of Lake Brownwood. The contemporary white stucco structures are arranged on the highest part of the site overlooking the lake. The buildings forming two sides of the triangle are the living units. There are ten such units. Each living unit will house a minimum of 20 people, at least 10 in each of two bedrooms, providing the total sleeping capacity of over 200 people. A living room or lounge separates the two bedrooms in each unit and will serve as conference room when needed for small group discussions. Each will be equipped with tables and chairs, a chalkboard, and visual equipment. Each conference room will also have TV and telephone capabilities. The large building at

Cotton Growers Meeting Today

The Plains Cotton Growers annual meeting will be held today, Thursday, April 17, at 2 p.m. in the South Plains Inn in Lubbock. All members are invited to attend. Joe D. Unfred and Charlie Louder are the representatives from Lynn County.

Secretaries Day At Rotary Club

Secretaries and other employees of members were special guests at the Rotary Club last Thursday in recognition of Secretaries Day. Gene Linn of Lubbock presented the program on a trip to Alaska by boat through the inland passage from Seattle. He illustrated his talk with slide color pictures of the areas visited.

During the spring, winter, and fall, the Texas 4-H Center will be used to conduct training and development activities for volunteer 4-H leaders. In addition to leader forums, 4-H leader training will be conducted by Extension specialists in agriculture, home economics, community resource development, and 4-H as well as other resource persons which may be needed. In the summer, the Texas 4-H Center will be devoted to use by 4-H members through camping type of activities, county retreats, and teen-leader training for older youth.

BAKE SALE:

The Lynn County 4-H and Junior Rodeo Association members will have a bake sale April 19 from 9 to 1 p.m. at Dayton Parker Pharmacy. Money raised will be used to repair or build the announcers stand at the Rodeo Arena.

The Board of Directors of Plains Cotton Growers, Inc. at its quarterly meeting in Lubbock, April 9, elected a nominating committee, adopted a resolution urging the Federal Power Commission to restore high priority to natural gas for use in irrigation wells, and presented the PCG Distinguished Service Award to Mr. Roy B. Davis of Lubbock.

The board also named High Plains directors to the Texas Association of Cotton Producer Organizations and heard progress reports on PCG moves to secure better price protection under the 1975 Farm Program, more equitable administration of the disaster provisions of current farm law, an improved Federal Crop Insurance Program and other PCG activities.

The PCG nominating committee, charged with suggesting at least one candidate for each of the offices of President, Vice President and Secretary-Treasurer, is made up of the three immediate past presidents and four members elected from the board. The past presidents serving on the committee this year are Don Anderson of Slaton, Donnell Echols of Lamesa and Ray Joe Riley of Hart. Elected from the board were J.D. Smith of Littlefield, Joe D. Unfred of New Home, Bill Weaver of Lamesa and Gary Ivey of Crosbyton.

The committee will meet prior to the PCG annual membership and board meeting April 17, and 1975-76 officers will be elected by the Board from committee nominations plus nominations which may be made from the floor of the board meeting.

Late in 1974 the Federal Power Commission lowered the priority classification of natural gas for agricultural irrigation purposes from a No. 2 commercial priority to a No. 3 industrial priority, "which for all practical purposes makes natural gas unavailable for irrigation" the PCG resolution stated. The board action was in support of a motion filed with the FPC to restore irrigation gas to a No. 2 priority. Riley, PCG Board Chairman and director from Castro County, will represent PCG and the Plains Irrigation Gas Users Association at FPC hearings in Washington the week of April 13.

The Distinguished Service Award plaque given by the directors to Roy Davis, retired manager of Plains Cottonseed Oil Mill, internationally known cotton industry leader and one of the original organizers of PCG, was given "in appreciation of the many benefits received by High Plains cotton producers as a result of his lifetime dedication to the industry." Though retired, Davis continues active in numerous industry and civic capacities, including a prominent role in bringing more textile industry to Texas. He is currently a Special Consultant to the Textile Research Center at Texas Tech University and Chairman of the Texas Rural Development Commission.

Named to represent the High Plains on the board of the Texas Association of Cotton Producer Organizations were the PCG President, Board Chairman and Executive officer. Currently these are Don Marble of South Plains, Ray Joe Riley and Donald Johnson of Lubbock, respectively. Anderson, former PCG President, was recently elected Chairman of the TACPO board.

President Marble gave a favorable report to the board on PCG efforts to improve Federal Crop Insurance coverage following a recent meeting with FCIC executives in Kansas City.

Johnson reported that new farm legislation with a higher loan and target price has passed both the House and Senate in Washington and would shortly be taken up by a House-Senate Conference Committee. He noted, however, that there was no more than a 50/50 chance that such legislation would be signed into law by the President.

Cotton Fanning, PCG Executive Assistant, read to the board a letter from a top USDA official stating that the administration of disaster provisions under the current farm program in 1975 would be greatly improved over 1974. The letter stated that "automatic substitution," which restyled in many injustices in 1974, in 1975 could "only work to the farmer's advantage."

Directors at the meeting were urged to come and bring their neighbors to the PCG Annual Meeting scheduled at the South Park Inn in Lubbock at 2:00 p.m. on April 17.

Lynn Pioneers Plan Reunion

The president of the Lynn County Pioneers, Jim Porterfield, presided at a planning meeting April 8 in the Lyntegar Board room. Give To The Cancer Crusade

NOW IS NOT THE TIME TO QUIT:
 More than 10 million Americans will be under medical care for care of cancer during this decade.

Many people will be surprised to learn that there are 1,000,000 Americans alive today who have had cancer and defeated it.

The best way to wipe out cancer obviously would be to prevent it entirely. Hopefully one day there may be a pill or a shot to immunize people against certain forms of cancer. But because cancer is a group of diseases there probably will never be only one cure or preventive measure.

One reason more people are becoming cured today is because cancers are being found earlier, when they are most curable.

The answer to the cancer puzzle depends ultimately on research. It is the continued testing and probing the generating of fresh ideas, the breaking down of barriers and daring to try new procedures that will finally reveal the key pieces to this puzzle.

We've got to keep working. Now is not the time to quit.

Senior Advocates To Survey Local Senior Citizens

Three Tahoka women have agreed to serve as senior advocates and survey the senior citizens of Lynn County. Mrs. D. S. Waldrip, Mrs. Helen Bookman, and Mrs. Emily Calderon will be conducting the survey to determine the needs and interests of the senior citizens.

Money for the survey has been made available from the Governor's Committee on Aging and is sponsored in part by Lynn County Community Action. An effort will be made to contact local senior citizens in the area. By gathering this information, local elected officials as well as interested citizens will be able to identify critical problems countered by the elderly population. Another benefit which may come as a result of this survey is the possible formation of a senior citizens' organization.

All Lynn County residents are asked to cooperate fully with the Senior Advocates. All information will be treated with strictest confidence. The women will attempt to complete the survey by June.

A SHORT REPORT

By REPRESENTATIVE E. L. SHORT

Referred Committee on Agriculture -- a bill to exempt wrapping, baling and packaging supplies used in the production of agricultural products on a farm or ranch from the sales tax.

Public hearings on education bills completed and sent to subcommittee for further study -- It may be that the subcommittee will report out a bill which bears little resemblance to any of the bills under consideration.

ERA -- Constitutional Amendment HCR 57 will get a public hearing next week. It is said that 3 or 4 thousand women both pro and con will be present at this hearing.

Adopted -- A resolution requesting Congress to instruct the Federal Power Commission to restore natural gas for irrigation purposes to a number 2 priority. SCR 50 (Sherman and others) now goes to House for consideration.

H. B. 110 -- requires certificate of title for farm tractors. Our research shows that this bill is designed only as a law enforcement aid and would not require a sales tax or license plates for tractors.

Attorney General Hill said it is constitutional for the state to accept doctor's services in lieu of repayment of loans to go to medical school.

House vote -- 124 - 19 for extension of 55 m.p.h. H.B. 1443 -- would abolish probation for convicted drunk drivers.

New Home Coop Gin Annual Meet

New Home Coop Gin enjoyed its 44th annual meeting on Thursday night, April 10, 1975. Approximately 150 producer members and guests were in attendance. Slides and narration were presented from our regional cooperative which were enjoyed by all.

This association has entered into the "Textile Mill and Pool" concept with 26 other local coop gins across the South Plains and Rolling Plains districts.

We urge all of our members to have their marketing agreements signed on or before May 1, 1975 as this is the deadline set by the board of directors.

We elected to the board of directors for a three year term, Clifton Clem, Donald Hancock and L. C. Unfred. Local reports were given by E. B. McKee, mgr. and L. C. Unfred, president of the Board.

Door prizes were then awarded and refreshments enjoyed by all.

Little League VB Tourney Winners Named

Tahoka Little League's Volleyball Tournament was held last Friday and Saturday and the winners of that tournament were: 1st place - Wilson State Bank, Wilson, Texas; 2nd place - Cook Pump Service, Tahoka, Texas; 3rd place - Spider Webs, Tahoka, Texas; Consolation - Rounders, O'Donnell, Texas.

Tahoka Little League would like to express their appreciation to all parents and friends who helped in sponsoring this event.

Softball Team In Tourney

The Tahoka Merchants Softball Team participated in a pre season tournament April 7 and 8 sponsored by the Lubbock Park and Recreation Service.

The Merchants played Trinity Church Monday night losing 10 - 4 and played immediately afterwards against Calvary Baptist defeating them 14 - 4. Tuesday night the team played Green Lawn and won 8 - 5 in 8 innings.

The Tahoka Softball League is presently getting the field ready for the summer. Teams will be chosen April 22 and anyone interested in playing should contact Bill Chaney or Jim Wells by that date.

Kathye Hardwick - Cliff Gardner ...engaged

Hardwick-Gardner Engagement

Mr. and Mrs. Frank D. Hardwick would like to announce the engagement and approaching marriage of their daughter, Kathye to Clifton James Gardner of Tahoka.

Miss Hardwick is a graduate of McMurry University. Cliff is also attending McMurry and is of Senior High School, majoring in Physical Education.

Vows will be taken at the First United Methodist Church, on August 17, at Gallup, New Mexico.

Fund Raising Garage Sale

The Grassland Nazarene young people are trying to raise money for a trip to Six Flags this summer. One of their projects will be a community wide garage sale that will be held at the Grassland Community Center (old Methodist Annex) on April 18-19 1975 from 9:00 a.m. to 5:30 p.m.

This sale will include a variety of merchandise including clothing, dishes, etc. Also, there will be several New Craft items for sale.

Sewing Class Every Tuesday

The Community Action of Tahoka is sponsoring a sewing class every Tuesday at 3 p.m. at the office.

Anyone interested in wanting to learn basic sewing may come by the office or call 998-5094.

Proclamation

With the approach of the Bicentennial of the birth of our Country, it is appropriate and desirable to provide for the observance and commemoration of this anniversary; and

WHEREAS, various proclamations have been issued by local state, and national authorities throughout our land in recognition of the need for a nationwide commemoration of an event which has had such a profound influence on the course of human events; and

WHEREAS, one means of increasing awareness of an interest in the Bicentennial can be a proclamation at the grass roots level, encouraging the co-ordinated efforts of our City Government and the resources of public, private, civic, and other organizations for planning and implementation of projects of lasting significance commemorating the Bicentennial of the birth of our Nation; and

WHEREAS, it is altogether fitting that this Proclamation be issued, inviting the people of our community to observe this coming event with appropriate ceremonies and activities:

NOW, THEREFORE, I, MELDON LESLIE, Mayor of the City of Tahoka, Texas, do hereby call upon the people of this City, individually and as members of various private, civic, and other organizations, to observe the Bicentennial of the birth of this Nation with appropriate planned ceremonies and activities beginning on this date, to the end that the cherished ideas and ideals which bore fruit when this Nation was ordained and established might be marked for ourselves and our posterity. Further, I ask that all of our citizens reflect deeply on the values inherent in our Constitution, Bill of Rights, and National Heritage, and draw on those values, so that the ideas and ideals which manifested themselves in the establishment of this great Nation might not be lost, but rather might be used to inspire us to enable this Nation to become a more perfect union where the blessings of freedom, justice, peace and prosperity might be fully established for ourselves and our posterity.

IN WITNESS WHEREOF, I have hereunto set my hand this 11th day of April, 1975.

PUBLIC NOTICES
BECAUSE THE PEOPLE
MUST KNOW

The Texas Highway De-
partment offered an oppor-
tunity for a public hearing
to be requested by publica-
tion on March 14, 1975, and
March 28, 1975, of a notice
reporting the proposed im-
provement of F.M. 3332 in
Lynn County from U.S. 87,
7.2 miles south of U.S. 380,
east to F.M. 1054. No re-
quests for a public hearing
were received; therefore, the
District Office of the Texas
Highway Department at Lub-
bock, Texas, has submitted
all of the engineering data
and information received in
connection with the develop-
ment of this project for ap-
proval of the proposed route
and design by the Adminis-
tration of the Texas High-
way Department. Since this
has been approved, we are
planning to proceed with the
development of the proposed
highway improvements.
This proposed project will
consist of the reconstruction
of 4 miles of existing
paved county road and con-
struction of 4 miles along
a dirt county road. The pro-
posed construction will be a
farm to market type pave-
ment consistent with other
farm to market highways in
the area. Proposed right of
way will be 100 feet.
Maps, drawings showing
geometric design, enviromental
studies and all other avail-
able data concerning the
development of this project
may be inspected and copied
at the Resident Engineer's
Office in Lamesa, Texas.

**NEW INVENTION
THE PERIMITECTOR**
Nationwide Scientific, the nation's
leader in line-carrier (ac trans-
mission) alarm equipment was recent-
ly awarded a U.L. listing for the
new PERIMITECTOR alarm sys-
tem. This unique system provides
perimeter protection that scares
off intruders before they set foot
inside. The PERIMITECTOR will
provide professional security for
the first time at an extremely low
price by eliminating internal
wiring and large labor bills. This
new concept is achieved by trans-
mitting the violation signal over
the buildings existing ac wiring
through new plug-in transmitter-
receiver modules. Result -- an
extremely effective very low cost
alarm system for home or business
that accepts all fire and burglar
alarm detection devices available.
