## 4-H Gold Star Winners Honored

Texas Electric Cooperatives, Inc., Austin, Texas.

Master of ceremonies was Mrs. Gail House, Department of Home Economics instructor at Texas Tech University. Mrs. Aubrey W. Russell, District 2 Extension Agent (retired), Lubbock, narrated the presentation of awards, with District Extension Agents Billy C. Gunter (agriculture) and Catherine B. Crawford (home economics) presenting the honors.

Special guests included parents, adult leaders, Extension Service officials, representatives of electric cooperatives and other supporters of the 4-H program.

The event is sponsored annually by the following 12 electric cooperatives: Bailey, Dickens, Lamb, Deaf Smith and Swisher counties, and Lea County, New Mexico. Also, Caprock, Lighthouse, Lone Wolf, Lyntegar, Midwest and South Plains electric cooperatives.

To qualify for the special award, a 4-H'er must be at least 13 years of age, have completed at least three years of club work and be currently active in 4-H.

According to the district agents, the Gold Star Award is intended to stimulate winners through high achievements and to encourage other young people to participate in the county 4-H program.

Lynn County Gold Star Winners were Joel Carter and Sheree Jerden.

## Garza Co. Gets Grant

Governor Dolph Briscoe announced his approval today of a \$12,138 grant to Garza County for continuation of the county probation department, consisting of a probation officer and a part time secretary.

The money comes from the Criminal Justice Division of the Governor's Office. CJD administers the state's block grant from the Law Enforcement Assistance Administration under the Crime Control Act of 1973.

The Garza County grant was among 52, totaling approximately \$3.5 million, which Governor Briscoe approved after having received recommendations from the Criminal Justice Division Advisory Board November 14.

## Voter Registration Now Under Way

Lynn County residents are reminded they will have to register to vote in elections next year.

Registration will begin December 1, 1975 at the County Tax Office in the Court House. Applications for voter registration will be available at Moore Insurance Agency in O'Donnell, City Office New Home and Wilson Co-op Gin in Wilson. Should there be other places designated residents will be advised of same.

This registration is good for two year voting period

## Rep. Short Reappointed

Rep. Joe Hubenak of Rosenberg and Rep. E.L. Short of Tahoka have been reappointed to the Intergovernmental Relations Task Force of National Conference of State Legislatures by House Speaker Bill Clayton.

Clayton said the two Texas representatives were named to the food supply and agriculture committee because of their interest and involvement in the national policies considered by the task force.

The group will study and recommend action in the areas of food distribution and marketing, farm income stabilization, foreign supplies and demands, national agriculture policies, rural development and service systems.

Both served on the committee last year. First committee meeting is Dec. 12-13 in Washington.

## Cotton Prices Advance

Grower prices were \$7.50 to \$10.00 per bale higher during the week ending November 28, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office. They sold mixed new crop lots of mostly grades 32 and 42; staples 30 and 31; mike 2.7 through 2.9 for about 37.00 cents per pound. Mixed lots of mostly grades 41, 51 and 42; staples 30 through 32; mikes 3.0 through 3.4 brought about 43.50 cents.

The USDA's Agricultural Marketing Service reported trading was moderate and growers offered small lots of new crop cotton in light volume.

Demand was good, Dickson said.

Prices paid growers for cottonseed ranged from 75-95 dollars per ton, mostly 75 to 85 dollars.

Grades 41, 32 and 42 were predominate qualities in this week's classings. Grade 41 was 22 percent, grade 32 - 12 percent and grade 42 - 37 percent. Bark reductions were assigned to 18 percent of the samples classed.

Staples 29, 30 and 31 were predominate lengths. Staple 29 was 25 percent, staple 30 - 35 percent and staple 31 was 19 percent.

Mike readings 3.5 through 4.9 amounted to 13 percent of the total. Mike group 3.3 through 3.4 accounted for 11 percent, 3.0 through 3.2 range 34 percent, mike 2.7 through 2.9 was 27 percent, and 2.6 and below was 10 percent.

About 98,000 samples were classed by the Lubbock Classing Office during the week ending November 28. This season total stands at 266,000 samples compared to 6,600 on the same date a year ago.

which will expire February 28, 1978. The old registration that we have been using for the past three years was scrapped by the state this year and plans were made for a huge November mail out of voter registration materials. However the mail out campaign has been delayed as a result of a lawsuit filed by three central Texas residents protesting the mail out method of registration.

Residents are urged to register early in order to be qualified to vote in all county, state, national and special elections. According to County Tax Assessor & Collector George D. McCracken. Registration applications are printed in both English and Spanish.

## Texas DHT Gets Award

The State Department of Highways and Public Transportation (DHT) has won the highest award of the Federal Highway Administration / Keep America Beautiful Inc. (KAB) for its 1975 highway litter control program.

Roger W. Powers, KAB president, has announced that the award will be presented December 5 at the organization's 22nd annual meeting in Washington, D.C.

A panel of six nationally recognized community leaders and environmentalists selected the DHT to receive the award in recognition of a wide variety of ongoing programs to stimulate individual concern and to spur personal involvement in improving the environment.

The department maintains a continuing educational program to enlist public support for improving the quality of life for all Texans. Particular emphasis is directed toward controlling roadside litter.

Radio and television stations, newspapers and other media support the program through use of the department's slide programs, news releases and educational materials. The DHT is noted for beautification of its safety rest areas, roadside plantings of native plants and wild flowers, and other programs.

Pickup of roadside litter discarded by careless motorists cost the department approximately \$3.8 million in fiscal 1975, or approximately 2.8 percent of its entire maintenance budget. The 1974 litter pickup cost was about \$3.7 million.

Although the cost of picking up litter increased by about \$100 thousand in the last fiscal year, the increase was well below the inflation-influenced 8.8 percent total maintenance boost last year.

Tight control of litter pickup costs and special emphasis on education was credited with holding down the percentage increase, according to B.L. DeBerry, the department's chief administrative officer.

DeBerry said, "The department is going to need even greater cooperation of the motoring public in the future to control litter because of the extremely tight funding situation." He noted that the department had been forced to reduce roadside mowing operations already and litter pickup may be curtailed.

Overall DHT maintenance costs have been rising about 11 percent per year for the last several years, largely the result of increased costs of materials and labor.

## Immunization Clinic Friday

An Immunization Clinic will be held Friday, Dec. 5th from 1 to 4 p.m. at the Lynn County Community Action Center. Anyone that needs their shots are invited to come.

**Needs Clothing**  
The Community Action is also in need of clothing and household items. Also don't forget the Toys for Tots.

## TELCOT In Operation

The electronic selling system of Plains Cotton Cooperative Association known as TELCOT is in its fourth week of operation and performing as planned. C.L. Boggs, Assistant General Manager of the 20,000-member association, said this week.

Volume harvesting and ginning will be underway this week in nearly all areas of the Southwest territory served by PCCA. The association experts traffic on the selling system to be heavy throughout the season.

"We have already moved several hundred lots of cotton, involving thousands of bales, over TELCOT in the initial phase of the season," Mr. Boggs stated. "we are confident the system can accommodate the hundreds of thousands of bales we anticipate receiving. This system will obtain the best competitive price for the producer."

TELCOT incorporates the use of modern-day technology, relying on televisual Cathode Ray Tube screens and high-speed data printers to offer PCCA members' cotton for bid to major merchants situated in Lubbock, Dallas and Memphis.

Sixteen merchant offices are linked by electronic circuits to the PCCA computer in Lubbock. Each participating merchant office is equipped with a CRT unit and data printer.

A gin can call the TELCOT center and obtain the general price level for any particular list of cotton. If a producer wishes to offer his cotton at that "going price" level, his listing will be electronically flashed to the data printers in the merchant offices. Merchants are given a 15-minute period in which to submit bids on a list of cotton. PCCA also is participating in the bidding. The association will bid "in the blind" on the lists of cotton.

"These 16 merchants in the TELCOT system are among the strongest, best organized and solidly financed merchants in the U.S. cotton industry and along with PCCA probably make up about three-fourths of the market for Southwest cotton," Mr. Boggs said. "Such coverage of the market, plus the beneficial impact of PCCA's presence in the bidding, is bound to provide the best competitive price for a member's cotton."

He invites all members to stop by the PCCA offices in Lubbock to see the TELCOT center in operation."

## Toys For Tots Begins

The Lynn County Community Action has begun collecting "Toys for Tots" for Christmas. These toys will be distributed to all needy children.

If you have any toys you would like to donate take them by the Community Action Office or call 998-5094 and they will pick them up.

## Tahoka Lions Need Used Eyeglasses

The Tahoka Lions Club needs your old used eyeglasses. It's part of a district wide roundup of old glasses to be recycled by C.A.R.E. Condition of the glasses is not important. Glasses in any state of repair can be used.

Why not take a few minutes, dig in the back of that junk drawer and give your old glasses to the Lions. You can drop them off at the Lynn County News or call any Lion. The Tahoka Lions will Thank You and C.A.R.E. Thanks you.

## Band Students In Who's Who

Six Tahoka School Band students have been nominated to Who's Who among music students in American High Schools. Students nominated are Robbie Tyson, Susie Pena, Toi Bragg, Charlie Clark, Tony Graves and Dixie Robertson.

To qualify for Who's Who, a student must be a junior or senior maintaining a C or better grade average throughout high school, citizenship and service to school and community, personal growth and development through participation in band or orchestra activities, and outstanding musical ability and contributions to the school's overall music program.

## News Needs Santa Letters

The Lynn County News will publish their Christmas edition Dec. 18, and would like for all you little kiddies to write your letter to Santa Claus and we will publish them in the Lynn County News.

Just mail them to Lynn County News, P.O. Box 1170, Tahoka, Texas 79373.

## History Class Research

On November 26, the day school dismissed for the Thanksgiving holidays Mrs. Burks 7th grade Texas history class brought food and had lunch in room 303 during the regular noon hour.

Each student did research to find a recipe and prepare a dish that could have been prepared and served in the first American colony in Mexican Texas between the years 1821 - 1836. Recipes were turned in and the students gave the source of each ingredient as it would have been obtained in Texas between 1821 - 1836. All students served on a committee to prepare the room, serve the food, make a center peice, furnish recorded music, make place cards and clean the room after the meal.

Some of the more unusual dishes brought were red bean pie, vinegar cobbler, chicken and chicken with rice and chili. Since Mexicans lived in the colony Mexican foods such as chili, tortillas, and enchiladas were also served. There were also traditional American favorites such as pumpkin pie, pinto beans, black eyed peas, cat fish, hot yeast bread, corn bread, chicken and dumplings, fried chicken and potatoes.

The class agreed that this was an enjoyable way to study history.

## Tahoka Basketball Teams Win Big Against O'Donnell

Dec. 2 scores of the Tahoka Basketball teams. The Varsity boys, Tahoka 104, O'Donnell 54. Highest scorers were Tommy Botkin 18, Mitch Rainld 18, David Graves 18, Danny Moore 18, David Glenn 7, Clint Gardner 6, Earnest Bailey 6, Vink Miller 5, Ronnie Thompson 5, Ricky Harston 3. Record 3 wins & 0 losses.

Tahoka Varsity girls score. Tahoka 59, O'Donnell 28. Highest scorers Elaine Draper 18, Cindy Craig 18, Beverly Harvick 10, Susie Pena 8, Jody Breechen 5. Leading rebounder Beverly Bryson. Record 4 wins and 1 loss.

J.V. boys score, Tahoka 58, O'Donnell 34. Highest scorer Leslie White 21, Sam Louder 12, Jason Knox 9, Daniel Gutierrez 6, Alton Graves 4, Richard Cranford 4, Tommy Tejada 2. Record 1 win.

**7th Grade Boys**  
The 7th grade boys defeated Cooper, 24 - 7. Scoring for Tahoka was

**8th Grade Boys**  
Cooper 24, Tahoka 13 was the score of last Monday nights 8th grade boys game. Clifford Oages tossed in 6 points, Brad White 4, Ricky Chapa 2 and Todd Brown 1.

**9th Grade Boys**  
The Tahoka freshman team beat Cooper, 35 - 10 Monday night. Clifford Bailey tossed in 13 points, Jerry Hatchett 9, Mike Nettles 6, Roddy Brooks 5, and Britt Dockery 2.

**7th Grade Girls**  
Cooper defeated the Tahoka 7th grade girls, 14 - 10 Monday night. Tammy Kelley scored 6 points and Lani Brown 4.

**8th Grade Girls**  
Melonie Tekell netted 6 points, Patti Saldana 3 and Starlyn Knox and Charlene Bryson 2 points each in a losing cause Monday night, as they lost to Cooper 37 - 13.

**9th Grade Girls**  
Cooper 47, and Tahoka 24, was the score of Monday nights freshman girls game. Ira White was leading scorer with 18 points, followed by Claudia Guin 4, Brenda White 3, Mary Gail Rainld 2 and Robbin Jennings 1.

**Tahoka High School Basketball Schedule**  
Dec. 2, play O'Donnell, A & JV Boys, A Girls, here at 5:00.

**Tahoka Jr. High Basketball Schedule**  
Dec. 1, play Cooper 7-8-9 Girls, there at 5:30.

Dec. 1, play Cooper, 7-8-9 boys here at 5:30.

Dec. 4-5-6, 7th grade Tahoka Tournament, Boys and Girls.

## Sen. Hance On HCR 127

Lieutenant Governor Bill Hobby today announced his appointments to the Joint Committee on Textile Industry Development created by House Concurrent Resolution 127 of the 64th Legislature.

They are: Senator Tom Creighton of Mineral Wells, Senator Grant Jones of Abilene, and Senator Kent Hance of Lubbock.

HCR 127 points out that while Texas leads the nation in the production of cotton, wool, and mohair, only 1.5 per cent is woven in this state. Each year, more than \$80 million worth of fabric is imported from other states and countries to supply the extensive apparel and garment industry in Texas.

The committee, made up of the three senators, three House members, and three citizens named by the governor, is charged with the responsibility of promoting and developing the textile industry in Texas.

"The potential economic benefits to be realized by this program are enormous," Hobby said. "The fruits of this committee's labor could accrue to many generations of Texans."

**Phebe K's Holiday Greetings**  
With just about three weeks to Christmas, holiday greetings to friends and neighbors may be offered by anyone listing their name on a special Christmas advertisement in the Lynn County News Holiday edition of the paper. A project of the Phebe K. Warner Club to finance the two scholarships that are given each year will again be offered, and anyone contributing in the amount of five dollars or more will be included in this listing. Any member of the club will be happy to tell you about the project and arrangements have been made at the Tahoka bank to accept contributions. Mrs. Elmer Owens is Chairperson of the Project and Finance Committee and Mrs. Jim Wells is President of the club.

**Tax Collections For Oct and Nov**  
Tax collections for the month of October and November, were slightly under last years collections for the same period of time. Approximately 60% of the current roll was paid in by the last of November.

1% discount will be allowed for 1975 taxes paid in December, with no discount allowed for January. Penalty will be applied to all taxes paid after February 1, 1975.

Mr. and Mrs. L.A. Phillips  
10th Anniversary Sun.

Mrs. Lewis A. Phillips will observe their 10th Anniversary on Sunday, December 7, 1975 in the First National Bank Community Room. The couple's four children will act as hostesses. They are Mrs. William E. Overacher of Trenton, N.J., Mrs. Theron A. Scott of Odessa, Mrs. Nell Reeser and Mrs. Hazel Greer of Lubbock and six great-grandchildren. The former Alice Thomas and Phillips were married December 24, 1925 in Hugo, Oklahoma. They have lived in Lynn County since 1933. They now reside at 1617 Ave. K, Tahoka. They are members of Sweet Street Baptist Church. All friends are invited.

**Girl Scout Fund Drive**

Local Girl Scout troops were notified this week, by Caprock Council, of the approval of a fund drive plan for local troops. The plan was worked out a meeting of parents and Girl Scout leaders.

It is hoped that a citywide fund drive will not be necessary this year. The council funds will be provided by the girls. The expenses for a full year of scouting is \$15.80 per girl. There are some girls who are unable to provide this amount and will need a sponsor or partial sponsor. We are asking these individuals and businesses who will to make a donation to help pay the expenses of those girls who will need help. If we are unable to meet expenses this way a citywide fund drive will be necessary. Please contact Mrs. Billy Tomlinson if you wish to make a donation to the Girl Scouts in your town. Mrs. Tomlinson is our finance chairman. Mrs. Myrna Billington is troop organizer. Mrs. Connie Hallmark is our neighborhood Chairman. Mrs. Janet Porterfield is publicity chairman.

**Sherry Etheredge Says . . .**

After holiday dinners, the tablecloth may seem "Doomed" --but if stains are treated while still fresh, generally they can be removed. Mrs. Janice Carberry, a family resource management specialist, says.

"Methods for treating common holiday-type stains depend on what the stain is," she said.

Mrs. Carberry is with the Texas Agricultural Extension Service, the Texas A&M University System.

A few general hints are:  
--Test any stain remover on a corner of fabric first. -- Do not add chlorine bleach to an enzyme pre-soak product. --When blotting stains, blot from the outside toward the center of the stain to prevent it from spreading further.

--Treat stains from the back of the fabric. Place the spot downward on some paper towels so that the stain will come off the fabric instead of going through it.

Turning to specific stains, the specialist said for fruit, where boiling water can be used, pour it through the cloth. If stains remains, sponge with lemon juice solution or hydrogen peroxide.

"If boiling water cannot be used, sponge well in cool water. Work glycerine into stain. Let stand several hours, then add a few drops of white vinegar and rinse thoroughly. Lander."

For gravy or milk, use an enzyme pre-soak with cool water or make a paste of detergent and water and

work that into the stain. Then launder. If the stain remains, use a dry cleaning solvent.

"Sponge wine or soft drinks stains immediately with cool water, then glycerine and water. Rinse with vinegar water followed by a clear rinse. Launder."

"Some drink stains are invisible after they dry but turn yellow with aging or heating. And this yellow stain is impossible to remove," the specialist said.

For coffee or tea stains, if safe for fabric, stretch cloth and pour boiling water through. Launder, using bleach or an enzyme pre-soak.

When candle wax has dripped on the tablecloth, scrape off as much as possible, then place the stain between paper towels and

press with a warm iron. Next, place fabric stain side down on paper towels and sponge the back with a dry cleaning solvent. Let dry, then launder. If stain remains, launder again with an oxygen bleach.

**Turkey or Roasting Chicken**  
4 cups water, 2 stalks celery, 1 peeled carrot, cut into 1/2-inch slices, 1 small onion, cut into quarters, 1 cup butter or margarine, 2 cups thinly sliced celery, 2 cups chopped onions, 1/2 cup finely chopped parsley, 1 cup long-grain rice, 4 cups small torn corn bread pieces, 2 cups small torn whole

wheat bread pieces, 2 cups chopped pecans, 2 cans (4 oz. each) mushroom stems and pieces, undrained, 3 teaspoons poultry seasoning, 1 1/2 teaspoons salt, 1/2 teaspoon pepper.

Combine turkey or roasting chicken neck and gizzard, water, stalks of celery, carrot slices and onion quarters in sauce pan; cover and simmer gently until gizzard is tender. Set aside to cool stock. Discard vegetables and neck piece. Cut gizzard into small pieces.

Melt 1/2 cup butter or margarine in fry pan. Add

sliced celery, chopped onion and parsley; cook over low heat until tender but not brown. Set aside. Brown unwashed rice in remaining 1/2 cup butter in fry pan or Dutch oven. Add poultry stock and enough water to make 3 cups liquid.

Simmer 10 minutes, stirring constantly. Combine in large mixing bowl the breads, celery-onion mixture, rice and stock, pecans, mushrooms, seasonings; mix well. Season cavity of bird with salt; stuff loosely with dressing; skewer and roast poultry as desired. Yields 12 cups stuffing.

### BILL GRIFFIN SAYS

A regular program of soil testing can make your farm or ranch a more efficient and profitable operation.

"Soil Test in '75, Profit in '76" is the theme of a nationwide effort just launched by the Extension Service, U.S. Department of Agriculture, and the Fertilizer Institute to encourage soil testing this fall.

A soil test is an analysis of soil that measures nutrient levels, acidity and the amount of soluble salts. It can help a farmer determine the nutrient level of the soil

and what levels of lime and fertilizer he needs to use next year, explains the county agent.

"Both under fertilizing and over fertilizing can damage crops and reduce profits." "A complete record of soil tests over the years makes determining soil nutrient needs much easier. A producer can look at test results and tell at a glance whether he needs to maintain the present level of fertilization, add fertilizer or taper off."

The county agent recom-

mends having soil tested in the fall because soil testing labs are much busier in the spring so it takes longer to get test results. The sooner the results come back, the easier a farmer or rancher can make decisions about how much fertilizer he will need.

"Test soil every two to four years unless you are using high rates of fertilizer or manure. If so, have soil tested yearly."

In 1973 2.1 million soil samples were tested in the United States, 1.7 million of which were from crop, farm and pastureland. For every 320 acres of crop and pastureland in the U.S., only one soil sample was taken.

So take advantage of soil testing services. Mailing cartons and information sheets to accompany soil samples are available at the county Extension office.

### Rites For Hilery Mather

Services for Hilery E. Mather of Lubbock were held at 10 a.m. Monday in Resthaven Singleton-Wilson Funeral Home with Dr. Edmund Robb, pastor of St. Luke's United Methodist Church, officiated, assisted by Bob Sewell, also of St. Luke's. Burial was in Resthaven Memorial Park.

Mather died Friday at the West Nursing Home in West.

The 77-year-old retiree of the U.S. Soil Conservation Service was also a former educator and past president of the Gaines County Farm Bureau.

He and his family lived in Tahoka several years. Mather was a WWI veteran, and graduated from Kansas State University in 1918 with an agriculture degree. He was a member of St. Luke's.

He is survived by his wife, Ester; a son Hilery Jr. of Dallas; three daughters, Mrs. Dorothy Johnston of Waco, Mrs. Geraldine Shepherd of Odessa and Mrs. Mildred Walker of Walsh, Colo.; two brothers, Roland of Louisville, Ky., and Jacob of Grenell, Kansas; a sister, Stella of Alexandria, Va.; 11 grandchildren, and one great-grandchild.

### Square Dance December

Saturday, Dec. 6, the Lubbock Area Square and Round Dance Federation will hold their regularly scheduled monthly dance in the Fair Park Coliseum. Jon Jones from Arlington, Texas will be the featured caller for the evening. Requested round dancing will begin at 7:30 p.m. and the grand march will be "Stepped Off" at 8:00 p.m.

Jon Jones, a national caller, is an exceptionally talented singing caller. He was introduced to square dancing in 1954 at a country centennial where he was taught by an old time caller and two years later he began his career. He calls and teaches lessons regularly in his own city, plus he calls festivals and weekend long institutes from Florida to Canada, all over Texas and the states in between. Jon records on both the Square L and Kalox labels.

Jon and his wife, Shirley, believe Square Dancing is a great hobby and a truly fine family recreation. Their letter form proclaims "Square Dancing; an Expression of Joy."

Host club for this month's dance will be the Swinging Teens Square Dance Club. Donna and Larry Kirkpatrick will direct the Round Dancing. Their club is the Dancing Shadows Round Dance Club from Plainview. The Emcee will be Rodney

On A Ne

Failure to make a proper division of the word of God, making a distinction between the Old and New Covenants, has resulted in much of today's denominational error. A covenant or testament is an agreement by two or more parties to do or refrain from doing some act. The Old Covenant was an agreement between God and a nation (Israel); the New Covenant is an agreement between God and individuals (Christians).

The Old Covenant was made between God and Israel when Israel was brought out of Egypt and bondage to Mt. Sinai (Ex. 19:1-5; 24:1-8). Other names for the old covenant is called the "Law", and it was given to no other people than the nation Israel (Deut. 5:1-4). Not only was the "Law" given to Israel alone, it was given for a specific time period - "Till I should come", which was Christ (Gal. 3:1). The Prophet Jeremiah said God would make a covenant under which "all should know his sins would be remembered no more" (Jer. 31:34). Jesus came and fulfilled the first or old covenant (Matt. 5:17, 18; John 19:28-30). Paul declared in Ephesians 2:14-16 that the "first" had been set aside and the "new" was now in place (Heb. 8:6; 9:15; 10:9-10; 13:20). The new covenant has been established until the first was replaced (Heb. 7:12; 9:15-17). Paul told the Romans that we are not now under the old law (Rom. 6:15; 7:4-7) and can be no doubt that the Old Covenant (testament) was done away in Christ (2 Cor. 3:6-7). More to follow.

DeLeon-Lopez Plan Wedding

Mr. and Mrs. Mike DeLeon announce the engagement and approaching marriage of their daughter, Elaine to Richard I. Lopez, grandson of Mr. and Mrs. Augustine Montemayor. A January 3rd wedding is being planned in St. Jude Catholic Church.

### Bridge Club Met Wed.

The Sunshine Bridge Club met Wednesday for their regular monthly luncheon and bridge at the home of Mrs. Charles Townes.

In addition to the regular members Jean Dorman was guest.

High score for the day was won by Macky Turner and second high by Sue Hagood. The Sunshine prize was won by Mary Wright.

The next meeting will be the annual Christmas Party.

Mr. and Mrs. Oswald Dube ... 50th Anniversary

### Mr. and Mrs. Oswald Dube Honored November 28.

Mr. and Mrs. Oswald Dube of Wilson were honored with a barbecue at their home Friday, November 28. The occasion marked their 50th anniversary and

was hosted by their children; Mrs. Lorene Talkmitt, Leonard Dube, both of Wilson, Mrs. Laverne Austin of Wichita Falls, Mrs. Janet Hunger of Corpus Christi, and Mrs. Vernell Nelson of Guthrie, Okla. All of their 30 grandchildren were present.

Dube and Lena Moerbe were married Nov. 11, 1925 in St. Paul's Lutheran Church in Thorndale, Texas. The couple lived in Thorndale and Fedor area until 1943, when they moved to the Wilson community. Dube farmed until 1968, when he retired. They are members of St. Paul's Lutheran Church in Wilson. Out of town guests included Mr. and Mrs. Roy Simank and family of Austin and Mr. and Mrs. Miles Beard of Chicago and guests from Lubbock.

### Wilson School Menu

Mrs. Randy Erickson  
...nee Judy Park

**Park - Erickson  
Pledge Vows**

Randy Erickson and Judy Park were married at 8 p.m. in the First United Methodist Church. Rev. Daniel, pastor of the United Methodist Church officiated the ceremony.

The church was decorated with bronze mums and candelabras. Organ music was played by Mrs. Francis Wortham.

Given in marriage by her father, the bride wore an empire dress of candlelight satin antique lace with beaded seed pearls. Her floorlength train was of illusion embroidered lace.

She carried a bouquet of roses and stephanatis atop a pearl bible.

Maid of honor was Cindy Park, sister of the bride and bridesmaids were Lynda Stockes of Lubbock and Sharon Maxwell of Tahoka, Stephanie Ellis was flower girl and Charles Dwayne Hager was ring bearer. Their dresses were of avocado crepe and they carried crescent bouquets of bronze mums.

Roger Williams of Tahoka was best man and groomsmen were Dwayne Hager and Dick Bass. Seating guests were Stephen Ellis of Claude, Joe Young and Medford Gandy. Candelighters were Clint Ellis and Cluee Wortham.

A reception followed the ceremony in fellowship hall. The tired cake was decorated with gold roses and the bride and groom atop the cake was a family heirloom, which belonged to the bride's great, great grandmother and grandfather.

Mrs. Erickson attended Tahoka High School, South Plains College and graduated from Texas Tech University. She is employed as a substitute teacher at Tahoka. Erickson attended Freedom, Wyoming School and is employed by Ecco, Inc.

After a wedding trip to Ruidoso, New Mexico the couple are at home at 1428 North 3rd Street, Tahoka.

**Alcoholism Service Workers**

Workers may be reached in any county by calling the central office in Littlefield 806-385-3756.

During the first quarter of the new fiscal year for the 14-county South Plains Alcoholism Service Workers Project, 395 clients were served, according to Howard Maddera, Executive Director, South Plains Community Action Agency, sponsor of the program.

Maddera said that the Alcoholism Service Workers Project had two major goals. One goal is to answer the cry of the pitiful alcoholic and the other main goal is to present vital life-saving alcoholism prevention and guidance to individuals, organizations, groups of all ethnic backgrounds with a heavy emphasis on the people from indigenous poverty pockets in the 14-county area.

There are an estimated nine-million known alcoholics in the United States. The National Institute of Alcohol Abuse and Alcoholism announced that in each average American High School there are 5 percent of the students who get drunk once each week and this means that in our own community that five per cent of the High School student body gets drunk 52 times a year! This is a very conservative estimate by NIAAA - and facts prove that the estimate is, in fact, low in schools located in the South Plains Region.

During July, August and September the Alcoholism Service Workers formed a 25 man team of young people to lead other young people ranging in age from 12 to 18 years in a series of alcoholism prevention sessions. These group leaders were directed by the Alcoholism Service Workers. The young leaders presented programs to over 1,000 young people and had individual contacts with over 500 young people. Meetings were held in Plainview, Muleshoe, Littlefield, Post, Tahoka, Brownfield, Levelland, Ralls, Crosbyton and the Los Tejanos Club on the South Plains College Campus in Levelland.

This youth organization, the Youth Alcoholism Study Organization called YASO drew resource people from AA, Al-Anon, Alateen, area Mental Health and Mental Retardation Community Centers, Texas Tech Psychology Department, Law Enforcement Personnel, Medical Doctors, Ministers of the Gospel, South Plains Association of Governments, Texas Commission on Alcoholism and the Texas Youth Council. These resource people aided in peer-group sessions of young people on alcoholism prevention. YASO drew praise from local, state and federal officials.

Besides working with young people the South Plains Alcoholism Service Workers Project continued working with clients who needed guidance or referral to solve drinking problems. A total of 242 follow-up visits were made on clients this quarter. The Alcoholism Service Workers aided in two DWI Classes this quarter in area counties.

At the first day of November, 350 people were receiving guidance and referral; 25 were dropped from the program, 3 died from various causes, and 17 left the program for a variety of reasons.

Referrals during the first quarter of the year were to the following agencies: State Hospital 2; MH/MR Centers 11; Social Service 12; TRC 6; Tec 4; AA 315; Private Hospitals 3, and other (includes DWI classes) 39.

The education level of the 395 clients were as follows: 0 - 6 years of education - 6; Kindergarten through 12 years of school - 385; and those with 2 - year of college - 4.

The average income of the 395 clients were: No income - 15; \$500 - \$1,000 annually - 56; \$1,100 to \$5,000 annually - 316; \$5,100 - \$10,000 annual income - 8.

Ethnic backgrounds of clients were black - male 14; female 1; Mexican - American - male 251, female 20; Anglo - male 79 and female 30.

The Alcoholism Service Workers Projects operates in Bailey, Lamb, Hale, Floyd, Motley, King, Dickens, Crosby, Garza, Lynn, Cochran, Hockley, Terry and Yoakum Counties.

Offices are located in Littlefield, Plainview, Post and Crosbyton.

All services are confidential and free. Alcohol Service

**Sheri Models At Brunch**

Sheri Tomlinson, daughter of Mr. and Mrs. Billy Tomlinson, was selected to be a model at a Cadette Brunch and Style Show at KoKo Palace on Sat. Nov. 22.

Liz Lawson, Miss Lubbock 1975 was a special guest and entertained the girls. Others attending from Tahoka were Lani Brown, Amy Porterfield, Elena Del Toro, Denise Dodson, Kim White, Cindy Chancy, Alma Hallmark, Suzanne Brooks, Mrs. Jolene Tomlinson and Mrs.

Sandra Brown. They are all members of Troop 396. The girls attended a movie after the style show.

## New Home School News

Kindergarten Class

The Kindergarten Class is studying about Indians. Mrs. Sharp, kindergarten teacher, has a real teepee in the room. The children are learning about how the Indians came across the land bridge to Alaska and then migrated across and down the Americas. They have studied about Eskimo, Northwest, Woodland, Plains, Pueblo and Desert Indians. Several children are chosen each day to sleep in the teepee at naptime.

She said that it was a modernized Dick and Jane, and it was to help the students learn their vowels and words.

The meeting was then adjourned until December 15, 1975.  
 Reporter Stella Correa.

# "I'd rather explain higher gas bills than why you don't have gas."

Your natural gas bill is higher. And, you have every right to know why.

One reason is lower temperatures brought on by winter.

The main reason, however, is simply that you are paying more for natural gas. Because we are paying more. This chart shows how much:

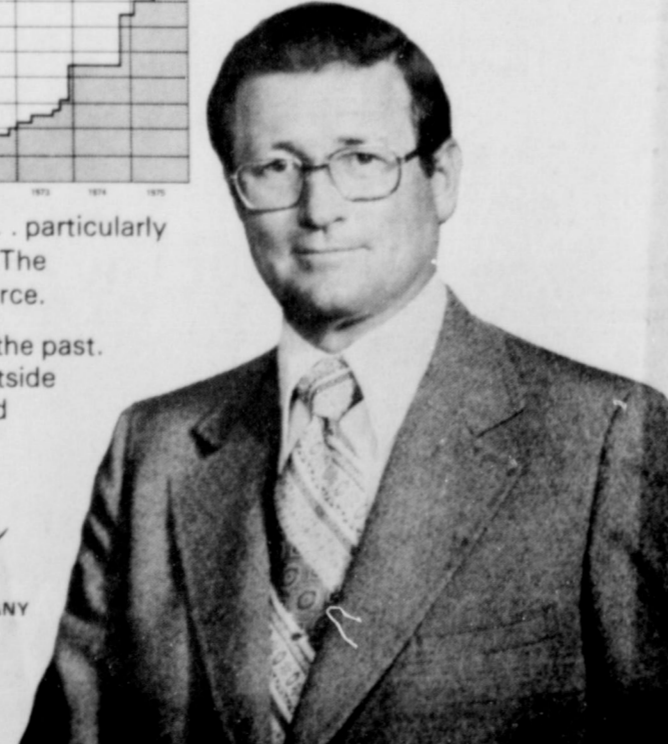

This increase hurts both you and Pioneer. It adds to your bill and to our cost... a cost for which Pioneer is not entirely compensated. It is passed through without mark-up or additional charges.

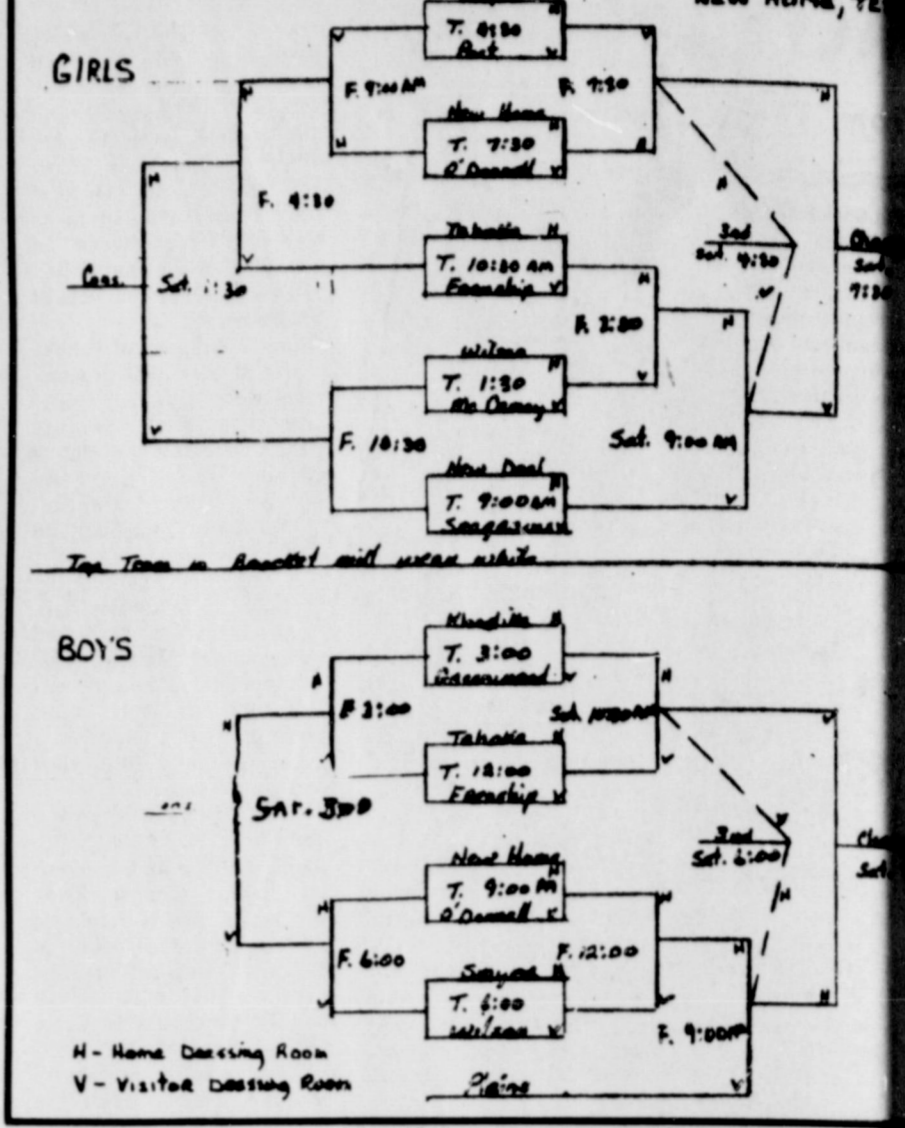

Why does gas cost more? Competition... particularly from petrochemical and other industries. The competition for gas has never been so fierce.

We will have to pay more for gas than in the past. But by working together, and without outside interference, you'll have the gas you need today and in the future.

### CIVIL DEFENSE

AMERICAN GRAIN... Professor... Tennessee's... Deputy Chief of... Foreign Techno... war plans cover... of both military... activities.

### FEED GRAIN

USDA has established a 1976 feed grain allotment of 89.0 million acres (63.43 million acres corn, 15.63 million acres sorghum, 9.55 million acres barley). The national acreage allotment for 1976 is based on estimated utilization (less imports) for the 1976-77 marketing year of 5,899 million bushels of corn, 860 million bushels of grain sorghum and 420 million bushels of barley and estimated national yields of 93 bushels per acre for corn, 55 bushels per acre for grain sorghum and 44 bushels per acre for barley.

### FEED GRAIN

ALLOTMENT 1976... There are a large number of state laws dealing with limitations as applied to ownership of land. For example, there are 3, 5, 10 and 25-year statutes and

### SQUATTERS' RIGHTS

There are a large number of state laws dealing with limitations as applied to ownership of land. For example, there are 3, 5, 10 and 25-year statutes and

there are many court cases interpreting these laws. Anyone interested in reviewing the situation will find the laws under Title 91, Subject "Limitation". Articles 5507 to 5546 of VERNON'S ANNOTATED TEXAS STATUTES. There are also some cross references of laws in other areas that might apply. In summary, it appears that so long as the owner of property pays taxes on property, he can maintain title even though there may be a squatter in possession.

**TRIAL DE NOVO**  
The dictionary's definition of the phrase "de novo" is: "Anew; afresh." Placed in the language of today, trial de novo carries the meaning of a completely new trial. The issue is connected with Article II of the State Constitution which establishes separate and apart an executive, judicial and legislative department of government. Article II of the Constitution simply states these powers shall be divided with the exceptions granted in the Constitution.

The problem is created by the enormous delegation of power by the legislative body to various executive agencies such as the Railroad Commission, Water Development Board, city government, district boards, river authorities, etc. The issue is clearly a choice between trial by jury in a court of law or the substitution of adjudication by administrative decree. When massive government bureaus operate to control the society, it is impossible to give each case a new and clear hearing in a court of law. Example: A city issues a zoning ordinance and a property owner finds that his property is in the commercial area, but he desires it to be in the residential area. Naturally, he thinks the city incorrectly zoned his property and under laws proceeds in the courts to change the decision. As the situation now stands, under the substantial evidence rule, the courts would assume that the city ordinance is correct. If trial de novo were in effect, the courts would consider each case presented. Under these conditions, the jury may rule in favor of an administrative rule in one case and reverse the decision in another similar case.

This system of settling differences with regard to administrative ruling is impractical and unworkable in the present managed society. Stated another way, separation of powers in the three branches of government, as intended by framers of the Constitution, are only possible in a relatively free market

managed society. There was a proposed trial de novo amendment to the Constitution defeated by the voters on November 6, 1962. The problem first arose in Texas in 1891 when the Railroad Commission was created and delegated certain administrative powers. The State Legislature authorized appeals from the Railroad Commission's decision to the courts. These appeals in the early days were to be tried and determined as other civil cases. This position was completely reversed in 1934. The State Legislature passed a statute in 1927, using the identical language that it did in 1891, authorizing appeals to the courts. The Supreme Court in the case of Shuppee v. Railroad Commission of Texas reversed this standing in 1934 and the basic substantial rule evidence has been used since that date.

The State Legislature, in 1947, in the form of VERNON'S ANNOTATED STATUTE, Article 1269m, Section 18, attempted to correct the situation. The State Supreme Court held in the case of the Fire Department in the City of Ft. Worth v. the City of Ft. Worth in 1949, that the article approved by the State Legislature really meant substantial evidence rule. The Supreme Court said... "Although the statute provides for a trial de novo, this term as applied to reviews of administrative orders has come to have a well-defined significance in the decisions of this state and as a rule has been taken to mean a trial to determine only the issues of whether the agency's ruling is free of the taint of an illegality and is reasonably supported by substantial evidence."

Again, in 1953, the Legislature passed a law enlarging the powers of the State Board of Water Engineers providing for trial de novo. (VERNON'S ANNOTATED TEXAS STATUTES, Article 7477, Section 13). Again, the State Supreme Court, in the case of the Southern Canal v. the State Board of Water Engineers in 1958, ruled that all cases appealed under this legislation must be tried under the substantial evidence rule.

In summary, in the present setting of State and Federal law, trial de novo is only a subject for discussion. The present managed society will not operate under the trial de novo principle. The solution is to change federal and state laws that authorize administrators, in effect, to legislate. The issue is not a choice between a trial in open court, based on presented facts with

regard to administrative ruling, but do the citizens of Texas desire the present management program in preference to freedom of a trial in open court before a jury of his peers if he so chooses.

**GOVERNMENT FIXING**  
Whenever there is some trouble in any area of the economy, the simplest solution to many people is "Let the government fix it." Yet the record is plain for everyone to see—every time the government used its money or its power to favor this group or that it sets in motion a train of events which causes even more serious trouble and imbalance in many other related areas. Over a period of years the net result is such a web of supports, subsidies, interventions and controls that it is almost impossible for a nation to find its way back into a dynamic system of really free enterprise. (—Lawrence Fertig, quoted in THE FREE MAN'S ALMANAC, compiled by Leonard E. Read).

## Special Game At T-Bar Duplicate

Winners in the annual individual game for the Louise Wharton trophy at T-Bar Duplicate Bridge Club last week were: Frank Hill, first; Mrs. E.B. McKee, second; Mrs. Frank Hill, third; Bob Stone, fourth; and Roy LeMond, fifth. The club will have its annual Christmas party game next Tuesday, Dec. 9, beginning at 7 p.m.

## Cora Veach Dies Sunday

Services for Cora Ann Veach, 90, of O'Donnell were held at 10:30 a.m. Tuesday in the First Baptist Church of O'Donnell with the Rev. Jim Mosley of Colorado City, officiating. Burial was in O'Donnell Cemetery under direction of White Funeral Home of Tahoka. Mrs. Veach died at her home at 6:30 a.m. Sunday. Justice of the Peace Cliff Lambert ruled death due to natural causes.

The Nashville, Tenn., native moved to Lynn County in 1924 from Haskell. She married H.M. Veach June 7, 1902 in Wise County. She was a Baptist. Survivors include three daughters, Mrs. Ruby Pate of Center, Mrs. Pauline Spruiell of Levelland and Mrs. Eva Coyle of Grapevine; three sons, Troy of Muleshoe, Oscar of O'Donnell and Eugene of Lubbock; a sister, Mrs. Connie McKibben of Lake Jackson; 30 grandchildren; 62 great-grandchildren and 9 great-great-grandchildren.

# AROUND TOWN

BY LEONA WALDRIP  
Call 998-4496

On Tuesday of last week, Mrs. Zella Taylor left for New Orleans, La., where she spent the Thanksgiving holidays with relatives there. She returned to her home here on Sunday.

Inez Jenkins visited her mother in Lamesa on Thursday and Friday.

Leaving early Sunday morning, Mr. and Mrs. Don Boggus and children of Corpus Christi, returned to their home after spending Thanksgiving here with her parents. Mr. and Mrs. Charlie Lichey, Mrs. Boggus entered a hospital there on Tuesday for major surgery.

Mrs. Ethel Lyons is reported to be improving, after having been in Methodist Hospital for the past 10 days.

Thelma Dewbre returned Sunday after spending 10

days visiting in Brownwood and Comanche. On Sunday the 23rd she attended a family reunion of cousins. Then the three Dewbre girls with their families met for the traditional Thanksgiving feast in the home of Mr. and Mrs. M.L. Green on Thursday.

Visiting in my home on Thanksgiving were my sister Leta Brown of Lubbock, Mr. and Mrs. Randall Waldrip & Judy of Levelland, Mr. and Mrs. Kay Waldrip of

Amarillo and Dennis Waldrip of Lubbock. The Rebekahs still have a few packages of pecans left. If you need these for your Christmas cooking just call any Rebekah and they will be delivered to you promptly.

All your "Golden Agers" don't forget the covered dish luncheon on Friday noon at the Community Center. Don't forget to bring your table games to play awhile after lunch. Come and bring a friend.

Saturday's high winds and sandstorm did quite a bit of damage to buildings roofs, windows and fences over town, not to mention trash cans that were blown away. We could do without another like that one.

I taught 3rd grade for Lennie Redwine on Tuesday and Wednesday.

## TEXAS TALK

By Fred Myers

Help may be on the way for lowering the costs of feeding cattle. Initial research on a new compound called monensin has had positive results at several agricultural colleges and test stations. Classified as an antibiotic, the chemical has produced an increase in feed efficiency as high as 13 percent. Average improvement in tests at the University of Nebraska was 11 percent. On that basis a dollars and cents evaluation means a savings of about twenty dollars a head in the average feeding cost for feedlot beef. Food and Drug Administration officials are expected to react more favorably toward the new compound than toward the still controversial DES since monensin acts only in the rumen of the animal and reportedly leaves no residues in tissue. Researchers say the compound enhances gain efficiency when used in amounts small enough to be comparable to adding one pint to 5,000 gallons of water.

# WISHING WON'T GET YOUR COTTON UP QUICK AND HEALTHY.

You need to give it a boost with PER-FECT CON-TROL.

PER-FECT CON-TROL is a combination of three tested and proven treatments that promotes earlier germination, stronger stands and better root systems.

PER-FECT CON-TROL includes VITAVAX 17, a systemic fungicide from Uniroyal, GO-BETTER, an insecticide from Growth, Inc., and ORTHOCIDE, the time-proven fungicide.

The three chemicals control pre-emergence soil borne diseases, early insect attacks and post-emergence damping off (caused by Rhizoctonia) for up to four full weeks.

The PER-FECT CON-TROL combination was developed for this area by Gustafson, Inc., Dallas, the seed treatment specialists.

Ask us to treat your cottonseed with PER-FECT CON-TROL.

# NEW HOME NEWS

by FLORENCE DAVIES

Mrs. Edith Clements of Marietta, Oklahoma is here for a few days with her son, Jack Clements and family.

Mr. and Mrs. W.L. Beaty and Gwen of Mesquite, Texas came Wednesday for Thanksgiving with Mr. and Mrs. Tommie Anderson and family.

Thanksgiving Day visitors in the Monroe Parker home were, Mrs. Pat Parker, Tonya Zoch, Tim Parker,

Mr. and Mrs. James Parker, Scott and Michelle, Mr. and Mrs. Carlton Parker, Mark and Brian all of Lubbock and Mrs. Lylia Knight of Tahoka.

Mr. and Mrs. R.A. McBrayer of Mesquite, visited here Monday until Friday with their son, Don McBrayer and family and with their daughter, Mrs. Tommie Anderson and family.

The youth of New Home

Methodist Church hosted a surprise birthday party after the evening services Sunday in the fellowship hall honoring Mrs. Lillie Burgess who was 80 years young on Saturday. The youth presented Mrs. Burgess with a lovely pot plant. Birthday cake and punch was served to 23, members and visitors.

Thanksgiving Day visitors with Mr. and Mrs. Clyde Smith and Shirley were William Chisum of Santa Rosa, California, Mr. E.P. Edwards, Tahoka, Mrs. Norvin Nieman, Marvin, Brenda, Ricky and Greg, Meadow, Mrs. G.W. Nieman Sr.

Mrs. E.F. Clinesmith of Post was here Thanksgiving Day with her daughter, Mrs. Grover Parsons and family.

We visited in Snyder, Thanksgiving Day with our daughter, Mrs. Wayland Walton and family. Also visited my brother, and his wife, Jack and Lucy Mae Inman.

Rev. Lynn Eckerberger of Lubbock was guest speaker in the Lakeview Baptist Church Sunday morning. He is Staff Associate of the Lubbock Baptist Association, working with Doyle Holmes. Mrs. Eckerberger and baby accompanied him to Lakeview.

Mr. and Mrs. Clarke Tennant of Plano and their sons, Bruce and Brian Tennant of Garland spent last week end here with Mr. and Mrs. Roger Blakney and girls.

Mr. and Mrs. G.R. Green of Borger were here Wednesday until Saturday with their daughter, Mrs. Bert Grimes and family, Mrs. Lillie Grimes of Lubbock was with them for Thanksgiving dinner.

Loretta Wuensche, student in South Plains College in Levelland spent the holidays here with her parents, Mr. and Mrs. Gilbert Wuensche and family.

Jamie Sharp, of Carlisle, son of Mr. and Mrs. Don Sharp entered Highland Hospital Tuesday for test and treatment. He is in Room 141, Jamie is an employee of Weakley Watson Plumbing Supplies in Lubbock.

Mr. and Mrs. Bobbie Killough and Kippie of Lampasas, Mr. and Mrs. Jeff Black of Hale Center and Ricky, student in ACC Abilene were here for the Thanksgiving holidays, with their parents and brother, Mr. and Mrs. Marlin Maloney.

Mr. and Mrs. Brandon Blair were at their home near Cooper Thursday until Monday they returned to Galveston where Brandon is under treatment.

Mrs. J.W. Edwards was in the New West Texas Hospital in Lubbock, Tuesday until Monday returned further rest and treatment.

Mrs. Edith Clements of Marietta, Oklahoma is here with her son, Jack Clements & family.

Miss Shirley Clements, bride elect of Mike Buck of Pampa, Texas was the honoree at a bridal shower given in the Trinity Baptist Church fellowship hall in Mangum, Oklahoma, Sunday night Nov. 16th. Members of the church were hostess, and individual gifts were displayed, special guests were the bride elect's mother, Mrs. Jack Clements, and Mike's mother, Mrs. Bryan Buck and grandmothers, Mrs. Buck and Mrs. Brown. A shower for Mike and Shirley was given Friday Nov. 21st in the Hobart Baptist Church in Pampa. The hostess gifts were an oven and iron.

Shirley and Mike will be married Jan. 10th in the New Home Baptist Church.

Thanksgiving guest in the John Edwards home were, the Gene Eades, Freddie kieth's, Jerry McNeely's, J.W. Edwards, Mr. and Mrs. Larry Durham, and the Bobbie Taylors, Lubbock, Mr. and Mrs. Howard Madison and children, Carlsbad, New Mexico. Shelia took dinner to Sherry McNeely who was working at the West Point Gin and to Stanley at the Petty Gin.

A.M. Davis is making good recovery from surgery for a plastic knee joint implant, the surgery was performed Tuesday, Nov. 25th in the University Hospital in Lubbock. Mr. Davis has had hucup's since Thursday which cause him much discomfort. He is in Room 104. He expects to be able to return home the last of the week. His son John Davis of Amarillo was unable to be with them because of the illness of his 10 year old daughter, Shauna, who was ill with mononucleosis.

Mrs. Mattie Armes who resides in the Jewel's Nursing Home in Lubbock was out Thursday for Thanksgiving dinner with her son, Carl Armes and family.

Mr. and Mrs. Barney Mayfield went to Amarillo Friday to visit his sisters, Mrs. Tessie Phillips and Mr. and Mrs. Frank Laxon.

Odell Nowlin of Cisco visited with his brother C.B. Nowlin Wednesday until Friday. Flora Dell's mother Mrs. Fronia Smith of Lubbock was with them three weeks.

Mrs. Jean Ewing drove to Austin Wednesday to meet her daughter, Mrs. Jerry Smith, her husband and daughter at the home of Jerry's parents, Mr. and Mrs. Gerald Smith. Vickie Ann Krystal returned home with Jean, Thursday.

An electrical shortage in the Booster Plant of New Home, probably caused by the high winds, made us all realize what a blessing our rural electricity is, when we awake in the night because our electric blanket has turned cool and the house is pitch dark, how thankful we are for the REA boys who brave the cold and danger to fix the trouble spots. (Women Libbers where are you?)

Jim Spikes visited with us last week, he has been in Lubbock 2 weeks with his mother, Mrs. Josephine Spikes. Jim finished a 3 month course in the Health & Science Center in the University of Oklahoma. He will leave this week for Lexington Ky. where he will be working as administrative assistant and technician with his brother - in - law, Dr. G.W. Privett. Dr. & Mrs. Privett and children visited over the Thanksgiving holidays with her mother and with his parents, Mr. and Mrs. G.W. Privett Sr. in Slaton.

**Bozo**  
"Bozo" the last of a litter of 13 died on Dec. 1st at age 13, after being run over by cars, battled with porcupines and skunks and suffering electrical shock his luck ran out, and he died a natural death, or perhaps he overate Thanksgiving turkey and dressing. Bozo was one of the best known beings in New Home, he made all the Ft. Ball games and church dinners. Bozo's master, Marlin Maloney says several people asked to be pall bearers, Bill McNeely who has a warm spot in his heart for Bozo's sang "Precious Memories" Mrs. Bonnie Gannaway a former neighbor, now living in Lubbock,

Merlin the Magician on how to solve your heating problem

"Those drafty old castles are notorious even today for being dreadfully hot in summer and frigidly cold in winter. We didn't have the heat pump in those days, of course. I think what I like best about the heat pump is its simplicity. One unit provides heating and cooling... complete comfort in any kind of weather with one setting of the thermostat. And the heat pump is environmentally sound... when heating it actually provides more energy than it uses. Yes, if I had a heat pump, I wouldn't have been so cranky about passing on my magic secrets..."

## BE SWITCHED TO ELECTRIC HEAT

You've got Merlin the Magician beat when it comes to conjuring up a heating system that answers all your needs. Just call us this week and we'll show you how to have the most comfort in your home with our FREE electric heat cost survey. Electric heat. It's not magic... it just gets that way.

ENERGY EFFICIENCY ALLOWANCE  
We at Southwestern are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency incentive allowance to our customers on existing homes who install electric comfort heating. Ask us about it...

**LEGAL NOTICE**

**NOTICE OF INTENT TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES**

Notice is hereby given that the Colorado River Municipal Water District, 400 East 24th Street, Big Spring, Texas 79720, who holds License No. 76-5 of the State of Texas, issued December 18, 1974, and renewed September 1, 1975, intends to engage in an operation to change or attempt to change by artificial methods the natural development of atmospheric cloud forms for and on behalf of the Colorado River Municipal Water District P.O. Box 869, Big Spring, Texas 79720, and will conduct the program of weather modification designed to increase precipitation by means of the aerial application of silver iodide or other artificial nuclei as follows:

1. The area over, or within which, equipment may be operated shall include the counties of Lynn, Garza, Kent, Dawson, Borden, Scurry, Fisher, Martin, Howard, Mitchell, Nolan, Glasscock, Sterling and Coke.

2. The target area, within which the precipitation is intended to be enhanced, can be described as follows:

The boundary may be described by a line beginning at a point of origin at Big Spring, Texas, and running along Highway 87 in a northwesterly direction to Lamesa, thence north-northeast on Highway 87 to the north border of Dawson County, thence east along the north border of Dawson, Borden and Scurry Counties to Highway 84; thence southeast along Highway 84 to Roscoe, in Nolan County; thence south-southeast to Maryneal; thence southwest to Sliver in Coke County; thence south-southwest to Highway 87 at a point approximately 13 miles northwest of Sterling City; thence northwesterly along Highway 87 to the point of origin at Big Spring, Texas.

3. The materials, equipment and methods to be used in conducting the operation within this area of approximately 3500 square miles include a 3 cm radar system, cloud seeding aircraft, and the application of silver iodide ice nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.

4. The person in charge of this program shall be

Owen H. Ivie, Colorado River Municipal Water District, Big Spring, Texas.

5. The program will be operational during the period from March 1st to November 30 during the years 1976, 1977, 1978 and 1979.

6. Any persons who feel they may be affected in some adverse way by this program may file a complaint with the Texas Water Development Board, P.O. Box 13087, Capitol Station, Austin, Texas, 78711.

Signed: Owen H. Ivie  
Colorado River Municipal Water District 47-3tc
