TAHOKA, LYNN COUNTY, TEXAS

JUNE 19, 1980

12 PAGES IN ONE SECTION

TAHOKA PUBLIC SQUARE as it appeared in 1907. Lynn County's first court house, was erected in 1903. Four windmills on each side of the square furnished water for many of the town's citizens who had not yet drilled wells. Center background is the then new Baptist

Church. Extreme left is W.K. Ray's Lynn County Bank, which was soon to be absorbed by the First National Bank after Mr. Ray's sudden death. (Photo from Frank Hill Collection, enlarged by C. Edmund Finney and is one of many on display in Tahoka Pioneer Museum.)

Pioneer Reunion Is This Saturday

Lynn County pioneers, second and third generation family members, are gathered here Saturday for the annual reunion, started in 1935 as a celebration of Mrs. J.S. Wells' birthday on June 24.

Most of the day will be devoted to "just visiting",

stated this year's Reunion President, Mike Huffaker. Registration begins in the Tahoka school cafeteria at about 10 a.m., with Mrs.

Beth Huffaker, secretary, in charge. People are asked to come early and enjoy the morning visiting old friends. At noon, barbecue and all the trimmings will be served. Following the meal, John Ed

Redwine will serve as master of ceremonies during a brief program at which time there will be brief talks, and awards will be presented the person coming the greatest distance to attend, the oldest pioneer man present, and the oldest pioneer lady. Those who have received the award previously will not be eligible. Awards, also, will be presented the business

firms judged as having the best window decorations in keeping with the early days.

Following this officers for the coming year will be elected.

Huffaker says he would like to see more local people come out for the event this year. Many former Lynn County people come long distances and would enjoy seeing local old friends.

Museum Program Friday Eve, Ranch Park Program Saturday

First annual program sponsored by Tahoka Pioneer Museum board of directors is set for Friday night, beginning at 8 p.m. as a prelude to the annual Lynn County Old Settlers meet on Saturday.

The meeting will include a historical talk by the popular Bob Nash of Channel 28 TV, preceded by entertainment by a Lubbock square dance group, and a so-called "mystery guest" appearance. Unless weather is unfavorable, the program will be on the parking area in front of the Museum. Refreshments will be served. The program has been arranged by Mrs. "Pete" Hegl, Mayor Mel Leslie, and Bill Craig. Harold Green will be the master of ceremonies.

Some Museum Association member for 1979-80 will win a \$200 gold charm donated by Dr. K.R. Durham, board president, but the winner must be present to qualify. Inside the Museum, open to all, Mrs. Clay (Hazel) Bennett will be playing the old time pump organ donated by the Will Montgomery daughters for the church chapel exhibit.

Many new acquisitions have been received by the Museum recently, and the facility is well worth a visit. Admission is free, but people are encouraged to take out

Roger Miller State Winner

Roger Miller, former Tahoka youth, last week was winner of state competition for the Texas Shorthand Reporters Speed Cup, held in Austin.

The son of Police Chief and Mrs. Jack Miller, has been court reporter for the past eight years under U.S. District Judge Halbert O. Woodward's Northwest Texas Federal Court district.

Following graduation from high school here, Roger attended a court reporters school in Abilene. When he went to work at age 19 with Judge Woodward, he was said to be the youngest court reporter in the nation.

As a reward for this victory at Austin, he will get an expense paid trip in August to Augusta, Georgia, to compete in the national contest.

Tax Appraisal Board Meeting

Lynn County's Tax Appraisal Board in a meeting last Wednesday appointed a Board of Equalization, as required by State Law, according to Larry Hagood, chairman.

Appointed to the board were Tom Mason, Ardis Pace, J.T. Miller, and alternate Harold Barrett.

Serving with Hagood on the Equalization Board are Tom Freitag, Tommy Woolam and J.F. Brandon.

WOODWORK
by dalton

LOT OF FOLKS are going to get together this weekend for a good time of recalling those good (?) days as the annual Old Settlers Reunion takes place here, and there may be some spirited discussions about what happened just when, and whose memory does tend to play tricks on most

"It'll be a lot of "Whatever happened to..." "Do you remember" among the men and women drawn back here every year for the reunion. And there'll be some folks disagreeing about what year it was that somebody put an apple on top of the school at Draw one year, or who ran the wagon yard in Tahoka, or who remember when Joe Smoe's granddaddy was with the Baptist preacher's wife?

Who qualify as an Old Settler in this celebration, and who must have been a resident of the county at least 40 years. I can't really relate to the feelings of these people who have been living here that long because I've never lived anywhere any longer than seven years.

I don't know what the rules say about people who were here 40 years ago, but have been gone for 30, and who actually only lived here 10 years and have been coming back every year under more or less different pretenses. However, this shouldn't be any problem, because I'm sure they want everyone who will take part, and anybody who lived here 40 years ago probably should qualify as an Old Settler. (Certainly they should qualify as an Old Settler.)

As we get older, we all enjoy more and more about things which took place in the past, and we can always doctor it up to make it seem like it was more than it really was, and besides, things that happened in the past sometimes look a lot better to us than what we expect in the future.

Discussing with old friends and acquaintances and it's great that activities such as the Old Settlers Reunion are planned every year for all of us to enjoy.

FOURTH STREET Fatso's wife knows he has a habit of sampling everything she bakes. So she recently left a note on a dozen tarts reading "One dozen." When he returned she found only ten tarts and a note: "Metric."

STOKES HOTEL in about 1904 or 1905 was located in the block now occupied by Lynn County Agriculture building and Fenton Insurance Agency. Mr. and Mrs. J.E. Stokes, owners are standing by corner post. (Photo given Tahoka Museum by "Buck" and Neva Barnes of Clovis, N.M.)

Two Car Thefts, Two Burglaries In County Reported By Officers

Two vehicles stolen here Wednesday night of last week, but both have been recovered, City officers and Sheriff's officers report. Filing of theft charges are pending.

School Budget Meet Delayed

Public hearing on the proposed 1980-1981 budget of Tahoka Public Schools, set for last Friday, was not held because of board members who farm that were too busy to attend, according to Supt. Jim Coulston.

The hearing has been re-set for this Thursday, June 19 from 7-8 p.m. at the High School building. All interested patrons are invited to attend. Following the budget hearing, the school board will meet in its regular session.

belonging to Lyndell Askew, was taken from near First Baptist Church. It was recovered the next day here in town.

About the same time Wednesday, Bill Barham's 1979 Chevrolet pickup was stolen and officers recovered it Sunday at Haskell.

Deputy Sheriff Stanley Krause reported burglary of the Van Lee Ollison farm home east of Grassland Sunday in which a color television set was taken.

He also reported Texas Grocery at Wilson, operated by Rex Little, was burglarized Monday night. Entrance was gained by jimmying the front door to gain entrance and a number of cartons of cigarettes and packaged meat were reported missing. City police issued tickets for two traffic violations, care-

less driving and no drivers license.

Rain the past week, .02 inch. High, hot winds and sifting sand has burned or cut off small acreage of cotton on many fields. Several sections of young cotton wiped out in O'Donnell, Wells, New Moore area. Many other crops are doing well. Farmers are busy running sand fighters and knifing rigs.

OLD TIME SCHOOL ROOM exhibit in Tahoka Pioneer Museum had items collected by Mrs. Linnie Redwine and other former teachers. Mrs. Jess Gurley supervised installation of this and other exhibits.

Bull Riding--Richard Nevills, 1st; Mark Terry, 2nd; Steve Powers, 3rd; David Bonds, 4th and Tim McCarthy and Jack Reed split 5th and 6th places.

Henry Family Has Three Tech Graduates

Mr. and Mrs. Jacky Henry of Tahoka recently had two sons and a daughter-in-law to graduate from Texas Tech.

Lynn Henry received a B.A. in Electrical Engineering and wife, Kathleen, a B.A. in Psychology. Michael Henry graduated with a B.A. in Business Administration.

Lynn and Kathleen will be working in Dallas where Lynn is employed at Texas Power & Light engineering department.

Michael Henry is associated with Lawrence and Littlefield Accountants of Lubbock.

Mr. and Mrs. Jacky Henry's other son, John, will be a senior in Tahoka High School.

Flag Girls To Host Swim Party

The Tahoka Flag Girls will host a swimming party, Thursday, June 19 from 7 to 11 p.m.

Admission is \$1.75 and refreshments will be available.

City Projects Progressing

Two major City of Tahoka projects are now progressing on schedule again, City Administrator Carl Reynolds reports.

Installation of the water and sewer systems, extensions and replacements, are about sixty percent complete, he says, and this week the sewer lift pump that serves the hospital and a number of West Tahoka residence is being installed. Revenue bonds totaling \$250,000 were voted last year for this work.

The paving program is about forty to forty-five percent complete. This is being done by a \$500,000 Federal grant for low income areas of Southwest, Southeast and Northeast Tahoka.

Also, Reynolds says new carpet is being installed in the older 12 units of the 24 unit housing project in Northwest Tahoka.

JONA VALENTINE AND KEN ROSS

Jona Valentine and Ken Ross Plan August Wedding

Mr. and Mrs. John Valentine announce the engagement and approaching marriage of their daughter, Jona, to Ken Ross, son of Mr. and Mrs. Allen Ross of Abernathy. Jona is a graduate of Tahoka High School and South Plains College. She will attend Texas Tech University in the fall. Ken is a graduate of Lorenzo High School and attended Texas Tech. He is employed by Ross Gin Co. of Abernathy. The couple will exchange vows on August 22 in the First Baptist Church of Tahoka.

Toomey is 25 yards.

Step 2: When you can make eight laps without tiring, double the distance to 16 (400 yards). Rest 10 seconds after every two laps.

Step 3: Swim eight laps consecutively, then rest for 10 seconds. Repeat.

Step 4: Swim 16 laps consecutively, then rest for 30 seconds. Repeat. (To minimize the risk of developing tendonitis in your shoulders, Wetmore recommends staying at step four for two weeks.)

Step 5: You should now be able to swim 32 laps (one half mile) without stopping. Do this three times a week to keep your lungs, heart and muscle system in tip-top shape.

Remember, not only will swimming work almost every muscle in your body, but your cardiovascular system will also benefit tremendously.

For more information about Masters Sports programs in your community, write: AAU-Penn Mutual Masters Sports, P.O. Box 1982, Philadelphia, PA 19107.

NEWS OF SAFETY

Now: "Safer" Headlights

A new kind of headlight has been developed that promises to make nighttime driving a lot safer.

Called "halogen" headlights, they contain a jelly bean-size inner bulb with halogen gas which produces a brighter, whiter beam than ordinary headlights.

BRIGHTER, WHITER HEADLIGHTS can warn animals or pedestrians before they cross a highway.

Dirt and moisture cannot penetrate and ruin the light because the bulb is hermetically sealed inside the headlight.

The new "halogens," both round and rectangular, have up to twice the luminous intensity of standard two-and-four-headlight systems: about 150,000 candlepower, the maximum high-beam brightness allowed by the U.S. Department of Transportation.

General Electric estimates that a typical driver's high-beam seeing distance can be extended by up to 25 percent.

GE invented the halogen bulb and manufactures a full line of halogen sealed-beam lamps for farm and emergency vehicles, aircraft, spotlights and emergency lighting in buildings.

It would seem that our streets and highways will be made safer for pedestrians, as well as for motorists, by the introduction of these new headlights.

"Neglect nothing that can increase your stature."

include his wife; a Darlene Clary of one son, Larry of

O'Donnell; three sisters, Lille Edwards of O'Donnell, Ora Mae Wilson of Mt. Pleasant, and Marjorie Deason of Willows, Calif.; four brothers, Charlie of Anson, R. J. of Mineola, Alvin of O'Donnell, and Ames Wesley of Joplin, Mo.; and five grandchildren.

Eugene McKinney

Eugene "Gene" Morris McKinney, 75, of O'Donnell died Thursday of last week at 8:25 a.m. in St. Mary's Hospital in Lubbock. Funeral services were Saturday at 10 a.m. in O'Donnell Church of Christ with Minister Leslie Mickey, officiating. Burial followed in O'Donnell Cemetery under

direction of White Funeral Home. Mr. McKinney was born on July 19, 1904 at Mount Pleasant and attended school there. He moved from there to O'Donnell in 1924. He was married to marvis Eubanks on Dec. 8, 1939, in Tahoka. He farmed in the O'Donnell area until his retirement four years ago.

Survivors include his wife; a daughter, Mrs. Norman (Judy) Wilson of Lubbock; and a sister, Mrs. Melba Prather of O'Donnell. Pallbearers were Billy Edwards, Gerald Viergge, Robbie Roberson, Pete Schaffner, Wallace DeWayne Thompson, Melvin H. Thompson, Ray Kelley Curtis, and Johnny Smith.

William Cook

Services for William Lee "Bill" Cook, 58, of Levelland will be at 2:30 p.m. Monday at Levelland First Baptist Church with the Rev. Don Moreland, minister of education, officiating. Burial will be in City of Levelland Cemetery under direction of George C. Price Funeral Home. Cook died at 9:30 a.m. Saturday at Cook Memorial Hospital after a sudden illness.

Born in Van Alstyne, he lived in Post from 1928 until 1952 and married May Dell Hardt Dec. 16, 1939, in Tahoka. He moved to Levelland in 1960 from Ringland, Okla. A veteran of World War II, Cook was a member of Post Masonic Lodge No. 1058, McAlester Consistory and the Tahoka Chapter No. 743 Order of the Eastern Star. He was a member of Levelland First Baptist Church.

Survivors include his wife; four sons, William Lee Jr., Otis Ray and James Farley, all of Levelland, and Dennis Dale of Amarillo; a daughter Gloria Gay Rogers of Dallas; a sister, Juanita Ivey of Dallas; and seven grandchildren. Pallbearers will be Howard David Isaacks, James Brown, Bobby Vinson, James Sullivan, Joe Bob Dycus, Jack Isaacks, Bill Crittenden and Nelson Welch.

Tahoka High School. He was married in 1945 to the former LaVoyle Richardson. The couple moved to Brownfield a few years later. They moved to Lubbock in 1959. He was a member of the First United Presbyterian Church of Brownfield. He is survived by his wife; one son, Doyle of Round Rock; one daughter, Janet Harrelson of Brownfield; his parents, Mr. and Mrs. B.L. Parker of Tahoka; four brothers, Homer of Brownfield, Reid and O.R. "Pug" of Tahoka, and b.L. Jr. of Bastrop; two sisters, Mrs. Lois Dunlap and Mrs. Alice Jewel Knox, both of Lubbock; and three grandchildren.

Lula Caldwell

Mrs. Lula Caldwell, 92, who came to the Slaton area three years before the town was founded, died at 7:35 a.m. Monday at her home while under a physician's care. She had been in ill health. Services were held at 3 p.m. Wednesday in Slaton First Baptist Church with the Rev. Robert Moore, pastor, and the Rev. J.T. Bolding, a retired Baptist minister of Lubbock, officiating.

Burial will be in Englewood cemetery under the direction of Englands Funeral Service. Mrs. Caldwell, a native of Givsland, La., came to the area in 1908 from Givsland and had lived here for 72 years. She was a Baptist.

Survivors include two sons, Ed and Carter, both of Slaton; eight daughters, Mrs. Grady (Johnnie Lee) Wilson, Mrs. Alton (Ethel) Cain, Edna Fenley, Dolly Brown, Mrs. Jim (Lula) Barnett and Lucille Mullins, all of Slaton, and Mrs. Hilton (Anna Belle) Foerster and Mrs. Bud (Dora) Housour, both of Lubbock; a brother, C.M. Carter of Givsland; two sisters, Mrs. Harry Plaster and Mrs. Carroll Merritt, both of Givsland; 13 grandchildren; 19 great-grandchildren; and four great-great-grandchildren.

SOCIAL SECURITY OFFICE HAS NEW TELESERVICE
Social Security has expanded service to the public with a new telephone center in Texas, Jim Latimer, Field Representative with the Lubbock social security office stated this week.

Persons needing information in a hurry may dial 1-800-392-1603 and questions or problems can be resolved in a hurry, or will be given information about where to get it resolved. Latimer said that anyone getting SSA or SSI checks can get information by dialing the toll free number also.

Anyone wishing to apply for a check should call the Lubbock office toll free by calling Collect 762-7385, he added.

Tahoka Youth Wins In Trap Shoot

Jackie Robinson, 14, competing in his first major event of its kind, the Texas State Trap Shooting Tournament held at Amarillo Gun Club June 11-13, won the State Preliminary Handicap Championship for all classes. In addition, Jackie was runner-up in Class D Lone Star Singles, won the sub-junior State Preliminary Doubles, Lone Star Doubles and the Ed Gravestock Handicap. Jackie's dad, Britt Robinson, former National Champion and former captain of the American Trap Shooting team, won the Class AA Lone Star Doubles at the Amarillo event.

BLACKSMITH SHOP exhibit in Tahoka Pioneer Museum such as was in use over West Texas in the early days was arranged by Bill Craig. Items for the exhibit were contributed by a number of people. Winston Wharton was the leader in remodeling the building interior and building the exhibit stalls.

Bridge Winners

Tuesday duplicate bridge winners last week were: Mrs. Meldon Leslie and Frank Hill, first; Mrs. Carol Maule and Mrs. Lena Burleson, second; Mrs. Wilson Edwards and Mrs. Roy LeMon, third; Mrs. Margie Peltier and Mrs. Vivian Broyles, fourth.

Eleven family members of the late Karr Wells are expected to arrive here Friday from Houston to attend the Pioneer Reunion.

SCHOOL FRIENDS MEET for the first time in over 45 years—Jess and SteLa Yeary Moyer and Hubert and Willie Mae Harris Edwards visited in Friona after 45 years. They had attended school in Grassland and were in the same Sunday School class at the Methodist Church.

Who Needs Air Bags?
Addressing issues that affect our national life, issues that affect our pocket-books, searching for solutions — it's this broad spectrum of concern that makes Reader's Digest America's most popular town meeting. A recent issue asks whether automobile air bags offer an answer to safety questions.

dated for new cars in 1981 — despite the pleas of safety experts. The cost for each air bag could reach \$828 by 1982. Replacing a used bag could cost up to two-and-a-half times more. Do air bags offer significant safety advantages? Do they really work? Research is scanty. A Congressional report chal-

lenges the pro-bag claims, suggesting that the National Highway Traffic Safety Administration is giving us government by guesswork — guesswork that could cost car buyers billions. We really ought to know much more about air bags before they're mandated into our steering columns.

"Helping You Change Things For The Better"

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

Energy Outlook Looks Bright: There's every reason to be optimistic about America's long-term energy outlook, an oil company executive told The Cotton Foundation's recent outlook conference. D.L. Bower, Standard Oil Co. of California, said the U.S. has the technology to produce more coal, oil, gas, and nuclear energy.

For the short term, Bower said motor gasoline and diesel fuel for agriculture and other uses should be in ample supply, though at somewhat higher prices. Fuel price trends will continue upward, he predicted, due to increasing costs of

cotton. The original 1980 schedule widened discount levels from previous years.

Dust Research Funding Moves: The House Agriculture Appropriations Committee has recommended \$750,000 "to begin a major research program on byssinosis." The funding falls short of the cotton and textile industries' request. However Rep. Jack Hightower (D-Tex.), member of the Appropriations Committee, expressed pleasure that the committee saw fit to initiate the project with funds in a year when new spending proposals are very rare due to the tight budget situation.

Cotton Exports Reported: The current season export sales for the week ending June 1 amounted to 28,000 running bales, bringing total commitments to 9,432,400 bales. Exported during the week were 152,600 bales, making the season total 7,550,500, compared with 4,977,900 in the same period last year. Sales for next season during the week were 75,500 bales, bring the total to 1,986,700.

And Cotton yesterday: In the 1850's, the rich soil of East Texas produced as much as three bales of cotton to the acre.

No firm figure can be placed on the additional dollar income that may accrue to High Plains producers from the recently successful efforts of Plains Cotton Growers, Inc., Lubbock, and others to cut back the announced micronaire discounts in the 1980 Commodity Credit Corporation cotton loan schedule.

To arrive at such a figure would require advance knowledge of the 1980 crop size, micronaire distribution, how much of the crop will enter the loan, and what effect, psychological or otherwise, the lower loan discounts will have on discounts that will prevail in the marketplace.

On a per-bale basis, calculations are simple. The loan discount on cotton in the 2.6 and below "mike" range was lowered from 830 points (8.3 cents per pound) to 720 points, meaning each 480-pound bale of that description will be valued \$5.28 higher for CCC loan purposes.

Strictly in terms of loan value, the revisions in mike discounts pushed the price for 2.7 to 2.9 cotton up 90 points, \$4.32 per bale; for 3.0 to 3.2 up 70 points, \$3.36 a bale; and 30 points, \$2.44 per bale, on 3.3 and 3.4.

The 1974 through 1979 crops in the 25-county PCG area averaged 11.7 percent in the 2.6 and below mike range, 20.7 percent 2.7 to 2.9, 19.5 percent 3.0 to 3.2 and 8.2 percent 3.3 to 3.4.

Using these averages and assuming a 1980 crop of 3,175,000 bales, if the entire crop went into the loan this year or was sold in the market at the identical loan discounts, the mike discount changes would add something over \$7.25 million to the value of this year's crop.

Kids' Track Meet Slated

Youngsters age 4-11 may compete in track and field events at Post Saturday, June 21, with four divisions planned for groups age 4-5, 6-7, 8-9 and 10-11.

There will be five events in each division, said Lane Tannehill, one of the directors. Registration starts at 9 a.m., and field events start at 10, followed by running events. Entry fee is \$2 per youngster, with each contestant getting a ribbon no matter where he finishes.

Tannehill may be contacted at 495-2178 or details may be obtained from David Thompson at 495-3320.

Smile—It Won't Hurt Your Face!

Should the 1980 crops repeat the extremely poor mike record of 1979, heaven forbid, the loan value difference could range well over \$12 million.

Whatever the value, says PCG Executive Vice President Donald Johnson, "we all owe a debt of gratitude to Congressman Kent Hance, Charles Stenholm and Jack Hightower, Senators John Tower and Lloyd Bentsen for their help on the issue, and to those USDA officials who were willing to look at and give fair-minded consideration to the facts and figures called to their attention."

Also beneficial to the overall effort, Johnson stated, was the active role played by some very articulate WIFE (Women in Farm Economics) members. "It is a distinct pleasure to see the interest being taken in High Plains cotton matters by this relatively new organization and we look forward to working with them in the future."

mit, McMullen, Webb and Duval have until June 26, 1980, to file for agriculture disaster loans due to physical losses sustained due to adverse weather during 1979 under SBA declaration #1744.

Agriculture related businesses who wish to file for economic injury disaster loans under this same declaration have until Sept. 26, 1980, in which to file their applications.

Farmers and ranchers are urged to file their applications on or before the deadline date as applications received after this date cannot be accepted.

Interested persons may call the SBA Disaster Office in Lubbock at either the commercial number (806) 762 7481 or the toll free number 1-800-692-4296 for more information regarding the agriculture disaster loan program.

contract for said minerals which is now on file in the City Secretary's Office, at the City Hall of Tahoka, Texas, for the exact terms and conditions relating to said lease. Said lease can be examined by anyone so desiring to submit a bid between the hours of 8:00 A.M. and 5:00 P.M. on all days between now and the 2nd day of July 1980, save and except Saturdays and Sundays.

Said lease shall be for a maximum primary term of five (5) years and a minimum royalty of at least 3/16ths.

All sealed bids submitted will be open by the City Secretary in the presence of the City Council, and any other person who desires to be present at 2:00 P.M. on the 2nd of July 1980, at the City Hall of Tahoka, Texas.

determine whether to accept any of the bids and if a bid is accepted, the person submitting the bid, within two days of receiving notice that the lease contract has been accepted, file in the City Secretary's Office, and deliver to the Office of Tahoka, a cashier's check in the amount of the bid, which would be due under the lease contract dated this 19th day of June, 1980.

ATTEST: (s) Melinda Mayor of the City of Tahoka, Secretary

Car Wash And Bake Sale

The Tahoka Express 721 will have a car wash Saturday from 9 a.m. - 5 p.m. The bake sale will be at Thriftway.

The car wash will be for ASCS and Thriftway lots. The cost will be \$7.50 for pickup cars, \$7.50 for extra dirty cars and vans.

The value per acre real estate shot up nationally last year followed a 12 percent hike in 1978 and a 10 percent hike in 1977, reports Department of Agriculture.

ASCS News

Final Planting Dates:

- June 15 - Cotton
- June 20 - Grain Sorghum

These dates are the final dates you would be expected to plant or replant. You may plant after these dates, but is not required to be eligible for disaster coverage. You may file for prevented planting if you were prevented the entire 30 days preceding the final date. Prevented planting must be filed within 5 days following the final planting date for each crop.

Certification Final Date:

- August 1 - All Crops

Let me encourage you to certify as early as possible to avoid the long lines as we get close to the deadline. When you certify, you should be as accurate as possible. The tolerance is only the larger of 1.0 acre or 5% not to exceed 40.0 acres. If you are not sure of the acres planted, it might be to your advantage to have measurement service. This will guarantee the measured acreages for 1980. If you need this service, you should request it as early as possible to be sure we have enough time to make the measurement.

Disaster Affected Wheat: Wheat that has failed and will not be harvested should be reported to the office before plowing. This will allow the wheat to be eligible for low yield payments. Wheat harvested that has a low yield must be reported within 15 days following harvest. Wheat production should be turned in following harvest, so it can be used in later years for proving your yield.

Disaster Affected Cotton and Grain Sorghum: Crops that fail due to weather and will be planted to another crop, should be reported before the crop residue is destroyed. Crops that are replanted to the same crop and same row pattern need not be reported until you are ready to certify.

Holiday: This office will be closed Friday, July 4, 1980, in observance of Independence Day.

Eligibility for participating in all programs administered by the ASCS is established under law without regard to race, color, creed, sex, or national origin.

THE STATE OF TEXAS, COUNTY OF LYNN, CITY OF TAHOKA

NOTICE TO LEASE OIL, GAS AND OTHER MINERALS BELONGING TO THE CITY OF TAHOKA, TO THE GENERAL PUBLIC BY SEALED BIDS

"NOTICE IS HEREBY GIVEN THAT THE City of Tahoka intends to lease all of the oil, gas and other minerals in, on and under the following lands and premises, to-wit:

200 acres of land, being a part of Section 509, Block 1, E.L. & R.R.R.R. Co. Survey, Cert. No. 478, Lynn County, Texas, and described by metas and bounds as follows:

BEGINNING AT THE Southwest corner of said Section 509, Block 1, E.L. & R.R.R.R. Co. Survey, for the Southwest corner of this tract;

THENCE North 909.3 varas to a point in the West line of said Section 509, for the Northwest corner of this tract;

THENCE East 1358 varas to a point in the West line of Panhandle and South Plains Ry. Company right-of-way;

THENCE S. 14 deg. 24' W. following said right-of-way 939 varas to a point in the South line of said Section 509;

THENCE West 1125 varas to the PLACE OF BEGINNING.

Said bids for said lease shall be by sealed bids.

The minerals under the lands and premises above described contains approximately 200 acres, more or less, and anyone desiring to submit a bid shall submit a sealed bid to the City Secretary at the City Hall, at Tahoka, Texas on or before 2:00 P.M. on the 2nd day of July 1980. Said bids shall be on a per mineral acre basis. Anyone desiring to submit a bid shall refer to a lease

Mrs. James Blake was in Methodist Hospital early last week for surgery.

MRS. DOYCE VANDIVERE nee KARLA JAMES
**James-Vandivere United
In Marriage In O'Donnell**

Miss Karla Sue James and Doyce Lane Vandivere exchanged wedding vows Sunday, June 1, in the home of the bride's parents. Newton Starnes of the United Methodist Church of Tahoka officiated the double ring ceremony.

Parents of the couple are Mr. and Mrs. Freddy James

of O'Donnell and Mr. and Mrs. David Vandivere of Lamesa.

Billy James, uncle of the bride, of the Church of Christ bible Chair in Levelland, gave a reading from the Bible. Miss Linda Warner of Lamesa provided the traditional "Bridal Chorus" music.

Vows were exchanged before a 15-point arched fan of white cathedral tapers decorated with greenery and blue and white carnations. The unity candle stood before the arched candelabrum and was decorated with blue and white carnations and greenery tied with a blue satin bow.

chapel-length train with a flare ruffle forming the hemline of the skirt and train. The headpiece was a Juliet cap of matching lace holding a roll-edged veil of silk illusion.

The bride carried a bridal bouquet of blue and white carnations and baby's breath with a white orchid in the center. For something old, she wore a ring belonging to Stephanie Adams which was over 50 years old; something new was her dress; something borrowed was a gold chain necklace belonging to her grandmother, Vesta Lane; something blue was the traditional garter. She wore a sixpence in one shoe and two pennies in the other—one for the year of her birth, one for the birth year of the groom.

Lori Sneed of Monahans, cousin of the bride, served as maid of honor. Her gown of blue silesta had a blouson bodice featuring a scoop neckline with self fabric bows on each shoulder and split sleeves. The A-line skirt of acorcion pleats fell from a natural waistline and swept to floor-length. Janet Vandivere of Lubbock, sister-in-law of the groom, served as bridesmaid. She wore a matching gown with a blouson bodice of silesta with a floor length, A-Line skirt of luster-glo.

Jamie Vandivere of Lubbock, brother of the groom, was best man. Kevin James, brother of the bride, was groomsmen. Kevin Williams of Lamesa was ring bearer and Kendra Williams was flower girl. She wore a blue dress trimmed with white lace and carried a white basket with blue and white carnations and white daisies.

The couple was honored at a reception immediately following the ceremony. Sheri Barton of O'Donnell and Kim James of Levelland served. Stephanie Adams of Crane registered guests.

Area Students On Deans' Honor Rolls

Texas Tech students from Tahoka listed on the deans' honor rolls during the spring semester include: Robin R. Assiter, Shelley G. Collins, Teal A. Corley, Norman Dockery, Michael Henry, Trent Leverett, Lovina Martin, Lou McAuley, Delwynn Sherrill and Gary White.

Wilson students at Texas Tech University who qualified for the honor rolls include: Karen A. Bailey, Gregory Bednarz, Phillip Bednarz, Danne Bishop, Bradley Lance, Rodney Overman, June Schwertner, Cherie Slove and Cynthia Wuen-sche.

To qualify for the dean's honor list, a student must make at least a 3.0 grade point average on a 4.0 scale.

+++
The U.S. produced 17.1 million tons of red meat in 1979. That was 22 percent of world output and 50 percent above that of the USSR, according to Sperry New Holland.

Sherry Etheredge Says....

How To Fight The Food Spoilers

When shopping for food, pick up meat, poultry, and dairy items last; get them home and into the refrigerator or freezer promptly. Never buy food in leaking, bulging, or severely dented cans, cracked jars, or jars with loose or bulging lids. Maintain refrigerator temperature at 35 - 40 degrees F (2 - 4 degrees C) and freezer at 0 degrees F or lower. Check frequently to be sure. Thaw meat and poultry in the refrigerator or, for faster results, in a watertight package under cold water. Wash hands before preparing food.

After handling raw meat or poultry, wash hands before touching other foods or food surfaces. Wash utensils, containers, and work surfaces before and after they come into contact with raw meat or poultry. Always keep hot foods hot and cold foods cold until served. Refrigerate leftovers promptly.

Growing numbers of Americans see leasing of automobiles as a viable alternative to car ownership, says Nancy Granovsky, a family resource management specialist on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

INSUR-MATION

By **JOEY MEADOR**

Lynn County Farm Bureau

Isn't term insurance much less expensive than permanent insurance?

Not necessarily. Premiums for term insurance are considerably less, but there are other factors you probably should consider. Term insurance is protection for a certain (limited) period of time which usually may be renewed for another period of time or converted to permanent insurance... provided you and your agent arranged for this privilege when you bought the policy. Permanent insurance will last as long as you want it and will accumulate cash value and paid-up values... which may later be used as cash or collateral. Although term insurance costs less in premiums the policy will expire after its term... unless renewed. Since term does not accumulate cash value or paid-up values, many feel, while cheaper in the short run, it is more expensive in the long run and when possible provisions should be made to convert it to permanent insurance.

MRS. RAY DuBOSE nee FRAN JACOBS

Miss Fran Jacobs-Max DuBose Married Recently In Pampa

Pampa-Miss Lori Fran Jacobs and Max Ray DuBose were united in marriage Saturday, May 31, at 5 p.m. in the parlor of First Baptist Church with the bridegroom's father, Rev. Douglas DuBose, officiating.

Parents of the couple are Supt. and Mrs. L.F. Jacobs of Wilson and Rev. and Mrs. DuBose of Pampa.

Musical selections included a solo "Evergreen," by Steve Murdock; a solo, "The Wedding Song," by Miss Kim Rich; and the two joined by Miss Pam Miller sang "We've Only Just Begun." Mrs. Linda Whatley was pianist.

Delta Kappa Gamma Members Participate In State Convention

Local members of The Delta Kappa Gamma Society International joined 1045 of their sister members from throughout the state of Texas in Lubbock in mid-June. The occasion was the state's 51st anniversary observance of the founding of the now international Society in Austin on May 11, 1929.

Mrs. Mary Rowlette of Lubbock, state president of the key women teachers, selected Shakespeare's familiar quotation from Hamlet as her convention theme: "To thine own self be true..."

A bus tour of Lubbock included a walking tour of the Ranching Heritage Center the opening day of the convention.

Newly-elected presidents of 270 chapters met with area coordinators in a Leadership Development Workshop to train them for their two years in office.

Miss Sarah Tobolowsky of Dallas, nominee for international president and current Southwest Regional Director, addressed the convention.

Following a reception in the church parlor, the couple left on a wedding trip to New Mexico. They are making their home at 1914 Beach street, Pampa.

Gen. Lt. John P. Flynn, Talks At Two Group Meetings Here

Lt. General John P. Flynn, of Windermere, Fla., highest ranking U.S. Air Force fighter pilot officer, who was shot down over Hanoi during the Viet Nam War and was a prisoner for five and a half years, was the speaker at two meetings in Tahoka last week, at the First Baptist Church on Wednesday night and at the Methodist Church Thursday noon.

Speaking at the Baptist Church, he told of some of the abuses, torture and indignities perpetrated on American POW's by the Viet Cong, and the resultant suffering of the prisoners.

Principally, he emphasized the great religious awakening he and others experienced—a deeper faith in God, the Holy Scriptures, and a new understanding of what Christianity is all about.

Thursaday noon, Rotary moved its meeting to Fellowship Hall of the Methodist Church so that people other than Rotarians could hear Gen. Flynn.

In this talk, Gen. Flynn decried the failure of the U.S. to keep up its defense program, and cited many instances where the Soviets now exceed us in military weaponry and manpower.

Our form of government has stood for 200 years, he said, but our Administration and Congress has opted health, education and welfare for defense, and our former status continues to erode to where we could become helpless if attacked.

Jackie Roseberry-Gary Willis To Be Married In August

Mr. and Mrs. Jack C. Roseberry wish to announce engagement and approaching marriage of their daughter Jackie, to Gary Willis, son of Mr. and Mrs. James E. Brownfield. The couple plans to be married August 16, 1980 at the Tahoka Church of Christ.

The bride-elect attended Tahoka High School and graduated from North Texas State University. In the fall, Jackie will be teaching and attending Andrews High School. Willis is a graduate of Brownfield School and attended South Plains College and Christian College. He is now engaged in farming.

FACTS & FIGURES. Poor driving habits can waste gas. According to the experts, "jack-rabbit" starts can burn up 60 percent more gas than normal starts, and for every five miles per hour over 50 you drive, you can lose a mile a gallon. Good motor oil can help you save gas. According to the experts, a fuel-efficient motor oil like Imperial 2 from Amalie Refining Company can increase fuel economy up to five percent. And unlike "synthetics" it costs about the same as ordinary 10W-40 motor oil. Good car maintenance can help you save gas. According to the experts, underinflated tires can cost a mile a gallon, and four out of five tires are underinflated by as much as five percent. Save Gas - Shop At Home.

Notice of the Names of Persons Appearing as the owners of Unclaimed Amounts Held By: Wilson State Bank. P.O. Box 179. Wilson, Texas 79381. This notice is given and published pursuant to Section 3, Article 3272b, Revised Civil Statutes of the State of Texas, in an effort to locate persons who are the depositors or owners of amounts in accounts that have remained inactive or dormant according to the provisions of Article 3272b for more than seven (7) years. The unclaimed amounts due the depositors or owners listed herein will be paid upon proof of ownership at the office of the named depository within nine (9) months, and if unclaimed thereafter they may be subject to report to and conservation by the State Treasurer in accordance with said Article 3272b.

Common Sense Tips. Hints For Homeowners. DISHWASHERS. Automatic dishwashers are designed to save you time and trouble. Here are some tips from Whirlpool home economists to help you use it in the most efficient way. They advise that reduced clutter in the kitchen is of prime interest to a busy family. Encourage everyone in the family to place glasses and dishes from between meal snacks directly into the dishwasher—out of sight until there is a full load to run. Most families find that running a full load once a day is sufficient. Also, make it a habit to clean up as you go along...cooking utensils placed in the dishwasher right after using them saves time in the after meal cleanup. It also keeps the work area free and clear for additional food preparation and serving.

CORDING TO THE BIBLE

BIBLE Answers for BIBLE Questions:
By DOUG CARTER

Since you do not believe in once saved,
saved, does that mean that you have
a believer?

Let me first point out that it is not what "I"
say, but what the Bible says. God's Word teaches
you can fall from grace (Gal. 5:4; Heb. 2:1f; 6:4f; 2
2:20-22). But just because it is possible for me to
fall from grace does not mean it is certain or even likely.
A faithful believer can still have security in Christ.
Because apostasy is possible does not mean that
one must give an uncertain answer when someone asks
if you are saved. John wrote, "I write this to you who
know the name of the Son of God, that you may
know that you have eternal life" (1 Jn. 5:13). We do not
know if we are saved or not. We can know if we are saved or
not. If we walk in the light, as he is in the
light, we have fellowship with one another, and the
blood of Jesus His Son cleanses us from all sin" (1 Jn.
1:7). The condition is that we must walk in the light.
If we are a faithful Christian, we may stumble and
commit sins of weakness (Gal. 6:1; Ps. 19:12).
We will not let sin reign and rule over us in a
rebellion against God (1 Jn. 3:9; Ps. 19:13;
1 S:30; Rom. 6:1,2). By being a faithful, but not
a Christian, we can have assurance in Christ.
1 Tim. 1:12; Rom. 8:1). "Blessed assurance,
mine."

care of Mrs. Vera Mae
Harston, Route 4, Lubbock.

During the last week in
May, Mr. and Mrs. Charlie
Lichey were in Corpus
Christi for the graduation of
a grandson, Roddy Boggus
from Carrol High School
there. Almost immediately
upon their return, Mrs.
Lichey was called back for
another week's stay by the
illness of Roddy's mother,
Mary Lou, who had major
surgery. Mrs. Lichey return-
ed home Sunday and reports
her daughter is doing fine.

Over night visitors in my
home last Thursday were
cousins Mr. and Mrs. Kendel
Wilson of Pueblo, Colo. On
Friday the three of us went to
Roff, Okla. where we
attended the Hickory Re-
union. About 100 persons
attended with the oldest
person born at Hickory
attending who was 82 years
old. The one traveling the
longest distance was from
California. We returned
home on Tuesday.

Tahoka Rebekah Lodge met
in regular session on
Tuesday night with 9
members present. Willie
Childress, hostess, served
refreshments after the meet-
ing.

The Friendship Past Noble
Grand Club will meet in the
home of Leona Waldrip on
Thursday night at 7 p.m.

Mary Edna Lancaster and
Etta Burk were honored with
a birthday party at Lynn Co.
Pioneer Club on Friday. Each
drew a gift and "Happy
Birthday" was sung by the
group. Three others with
June birthdays were not
present. Mrs. Jessie Russ of
O'Donnel was a special
guest.

Mr. and Mrs. Ed Akin and
Edna Brasher visited rela-
tives in Hobbs from Friday
until Sunday.

Hubert E. Davis, a native of
Tahoka, now of Floydada,
underwent major surgery in
High Plains Hospital at
Plainview on last Tuesday.
His sister, Mrs. E.B. Gaither
reports him doing very well
at this writing.

The Gaithers attended the
"Flint Reunion" at Lone
Camp, Texas the past
weekend. This was a reunion
of Mr. Gaither's mother's
people.

J.L. Ford had hip surgery
on Monday. He is the father
of Jerry Ford.

Local Family Needs Help

Raymon and Rosie Monte-
mayor, son and daughter of
Raymond Montemayor, are
seeking financial help for
their family because, Rosie
says, their dad's Social
Security payments are not
large enough to pay their
bills by reason of increasing
prices.

Raymond lost his eye sight
several weeks ago and is
unable to work.
"Will friends, organizations
and even strangers, pitch in
and help us?" little Rosie
asks.

Lawn, Garden Clinic To Be Held June 24

A lawn and garden clinic
will be held on June 24,
beginning at 10 a.m. in the
Lyntegar Electric Co-Op
Meeting Room on Ave. J in
Tahoka.
Topics to be discussed
include Diseases of the Lawn
and Garden, Dr. Robert
Berry; Insect Identification
and Control, Dr. James
Leser; Fertilizers and Usage,
Dr. Dale Pennington; and
Cultural Practices of the
Garden, Dr. Roland Roberts,
specialist with the Texas
Agricultural Extension Ser-
vice.

Participants are encour-
aged to bring specimens for
identification at the morning
session. Also at 1 p.m., the
specialist will be available for
home visits to inspect large
trees, shrubs or other plants
that may have problems. If
anyone desires such a visit,
he should contact the
extension office by June 20 in
order to schedule it, phone
998-4650.

The meeting is sponsored
by the Lynn County Program
Building Committee and the
Extension Service.

MRS. RICKY MALONEY nee MARGARET THOMAS

Thomas-Maloney Wedding Vows Are Exchanged

Miss Margaret Thomas
became the bride of Rick
Maloney in a garden setting
on June 7 at the home of
the bride's parents in
White Oak. Minister Roy
Long of Houston, uncle of the
bride and Murphy Phillips of
Center officiated the double
ring ceremony.

Parents of the couple are
Mr. and Mrs. Dale Thomas
of White Oak and Marlin
Maloney of New Home and
Mrs. Mentha White of
Lubbock. Mr. and Mrs. Fred
McGinty of Tahoka are
grandparents of the bride.

Matron of honor was Mrs.
Brenda Thomas, sister-in-
law of the bride, of White
Oak and maid of honor was
Mary Acuff, also of White
Oak.

John Greer served as best
man and Paul Rizzotto was
groomsman, both of Hou-
ston.

Cystic Fibrosis Chairman Named

The Lone Star Chapter of
the Cystic Fibrosis Founda-
tion announces the appoint-
ment of Mrs. Mary Beth
McKibben as Chairman of its
1980 Breath of Life Cam-
paign in Tahoka.

Mrs. McKibben will be
recruiting volunteers within
the community to help plan
and carry out a CF Breath of
Life Campaign this fall.

The purpose of this
Campaign is to provide the
community with information
about Cystic Fibrosis and to
raise funds to support
research, education and care
programs for CF patients.

The number one genetic
killer of children, Cystic
Fibrosis is inherited and
incurable. An estimated one
in 20 Americans is a
symptomless carrier of the
recessive CF gene. One in
every 1500 babies born in
this country is a victim of CF.
Currently, half of all children
born with CF will die before
they leave their teens.

To volunteer for the Breath
of Life Campaign, please
contact Mrs. Mary Beth
McKibben.

Congressman Charles W. Stenholm

WASHINGTON, D.C. —
Earlier this week the House
passed the Fair Housing
Amendments Act of 1980, a
bill which some have called
the most important civil rights
legislation of the decade.
Despite this claim, I voted
against this measure for two
reasons: 1) it attacks basic
principles of private ownership
of property, and 2) it leaves
the federal bureaucracy — and
not our judicial system — in
charge of handling complaints
regarding alleged discrimination
in housing.

This means that seven
Housing and Urban Develop-
ment (HUD) bureaucrats, ad-
ministrative law judges, will
have to handle approximately
3,000 housing discrimination
disputes that arise each year

across the United States. Ide-
ally, these cases should be under
the jurisdiction of federal
courts. During debate on the
floor I supported an amend-
ment, the Sensenbrenner-
Volkmer Amendment, which
would use federal magistrates
to expedite handling of hous-
ing discrimination disputes.
Unfortunately my colleagues
rejected this amendment by
one vote, making HUD the in-
vestigator, prosecutor, judge,
and jury in these suits.

By voting down the
Sensenbrenner-Volkmer
Amendment and subsequently
passing the Fair Housing
Amendments Act bill, the
Congress has created a system
where the victims of housing
discrimination cannot be com-
pensated for their misfortunes
even if their complaint is
upheld. This occurs because
HUD's administrative law
judges do not have the authori-
ty to award civil damages to
the complainant. These civil
servants can only levy civil
penalties — up to \$10,000 —
against the party guilty of
discrimination. Any civil
damages awarded by the ad-
ministrative law judges would
be unconstitutional. As a
result, the discrimination vic-
tim receives neither monetary
compensation nor the property
which he had originally been
denied.

According to the provisions
of this bill, as passed by the full
House, if the property has been
sold to another purchaser in
the meantime, that purchaser
keeps it regardless of the
results of the HUD investiga-
tion. This bill, then, only gives
discrimination victims the
satisfaction of having their
complaint upheld. Otherwise,
the complainant has not gotten
a thing.

In spite of these major prob-
lems, there was one amend-
ment to this Fair Housing bill
that I especially supported, and
which was agreed to by the full
House. This amendment, pro-
posed by Congressman Sam
Hall (D-Tex.), provides two ex-
emptions to the Act. The first
is for single-family homes sold
or rented by the owner, and
states that an owner of not
more than three single-family
homes may sell or rent to
anyone he chooses, so long as
he does not use a real estate
agency or salesman. The Hall
Amendment also exempts the
rental of rooms in a four-
family dwelling in which the
owner lives. Without these ex-
emptions, persons renting out
a portion of their home for
subsistence income and ser-
vice men leasing their homes
while on extended tours of
duty, for example, would be
subject to possible HUD ad-
ministrative action and Federal
Government harassment.

America consumes more
red meat than any other
nation. Consumption reach-
ed 18.3 million metric tons in
1979, nearly a fourth of the
world total, according to the
Agriculture Department.

THE CLEAR FACTS OF DISTILLATION OF WATER

Pure Water, Inc.
Improving the quality of life through the quality of water.

Distillation lifts water from chemicals and impurities

<p>Q. Is tap water really safe for drinking?</p> <p>A. America's tap water supplies are, for the most part, safe in terms of being free of disease-causing bacteria. However, tests of water supplies throughout the country now show varying degrees of contamination by modern chemical pollutants. In many cases, the chlorine used to red water supplies of bacteria is now interacting with these chemicals, creating additional pollutants. Water supplies can also be contaminated by asbestos, copper, cadmium, and lead from water pipes.</p>	<p>Q. What makes distilled water the safest water for drinking?</p> <p>A. Distillation is more effective than any other purification system in removing bacteria, chemicals and minerals from water, including toxic organic compounds which may be present. Test results of distilled water samples show a nil level of such common impurities as calcium, chloride, chlorine, fluoride, nitrate and sodium. Distilled water is virtually pure H₂O and therefore the safest of all drinking water.</p>	<p>Q. Could distillation possibly make water worse by returning chemical contaminants to it as the vapor condenses?</p> <p>A. No. Contaminants which are removed from water during distillation in a Pure Water distiller either remain in the boiling tank, or are heated to a gaseous state and driven out through the volatile gas vent before they can enter the condensing coil of the distiller. The design, engineering and construction of all Pure Water distillers conform to the highest industry standards of quality and safety to ensure the utmost purity of the distilled water produced. In addition, Pure Water samples are tested regularly by independent laboratories to ensure the consistent purity of the distilled water product.</p>	<p>Q. What about the essential minerals distillation removes from water?</p> <p>A. Distillation removes all minerals from water, many of which the body does need to maintain good health. However, because even tap water varies radically in amount and proportion of mineral nutrients is food. A normal diet will more than adequately provide all the minerals the body needs to maintain sound health.</p>	<p>Q. Doesn't distilled water taste "flat"?</p> <p>A. Distilled water actually has no taste at all, for the chemicals and minerals which give water a distinctive flavor have all been removed. If anything, you'll discover that a glass of cold distilled water tastes "clean." What's more, the flavors of anything you mix with distilled water - coffee, tea, fruit juices, - remain pure because there's nothing left in the water to interfere with or change those original, natural flavors.</p>	<p>Q. Why not just buy bottled distilled water?</p> <p>A. You won't find bottled distilled water that's any purer than the water you distill yourself. In fact, because there are no uniformly regulated quality standards for bottled distilled water, you could be producing even purer distilled water in your home, for as little as 10 to 15 cents a gallon, - much less than the purchased bottled price. And a home distillation system is much more convenient.</p>

Aqua Fountain™

Our deluxe Pure Water cooler for home or office.
Our top-of-the-line Aqua Fountain automatically stills, stores, chills and dispenses distilled water, serving you the fastest, most convenient way ever - enjoy cold, purified water.
The Aqua Fountain demand pump enables the stilling water supply to be pumped from any cation directly to an accessory faucet, refrigerator cold water dispenser or ice cube maker.
Continuous refill capabilities enable the Aqua Fountain to readily maintain chilled, distilled water, with a daily stilling capacity of 12 to 15 gallons (15 to 57 liters). The unit is also equipped with a reservoir tap enabling you to draw room temperature distilled water from the fountain.

Specifications	
Shipping Weight	40 lbs. (18.2 kg)
Machine Weight	20 lbs. (9.1 kg)
Height	21 in. (53.3 cm)
Width	14 1/2 in. (36.8 cm)
Depth	21 in. (53.3 cm)
Distilling Capacity	Continuous cycling Maximum capacity 12 to 15 gal. (45-57 l) every 24 hours
Amps	14.0
Watts	1700

Aqua Still™

The large capacity, family-size unit.
With a daily stilling capacity of 12 to 15 gallons, the Aqua Still is the favorite Pure Water unit of most large families. The Aqua Still is filled and set manually, and comes with a 10 gallon storage tank. An optional 15-gallon (57-liter) tank is available with the Aqua Still D.
The Aqua Still D (direct line hook-up) is the fully automatic version of the unit and features automatic refill, continuous cycling, and automatically shuts itself off when the storage tank is full. With the addition of a Pure Water demand pump designed for use with the Aqua Still D, the distilled water supply can be pumped from any location in the home directly to an accessory faucet, or to a refrigerator cold water dispenser or ice cube maker.

Specifications	Aqua Still Manual Operation	Aqua Still D Automatic Operation

Distilling Capacity	Approximately 1 gal. (3.8 l) per 1 1/2 hr cycle. Maximum capacity 12 to 15 gal. (45-57 l) every 24 hours	Continuous cycling. Maximum capacity 12 to 15 gal. (45-57 l) every 24 hours
Amps	14.0	14.0
Watts	1650	1650

Midi Still™

The best-selling home distillation unit ever!
The economical Midi Still is today's most popular Pure Water unit, designed to meet the distilled water needs of most small families.
The Midi Still is manually filled and set to produce 1 gallon of distilled water per cycle, or approximately 7 to 8 gallons daily. The distilled water can be collected in a standard glass container (not included) which attaches to the side of the unit, or in the optional 4-gallon (15-liter) storage tank.
The Midi Still is also available in an automatic D (direct line hook-up) model that features automatic refill and timer control for distilling up to 4 gallons per setting.
Both Midi Still models are available with an optional floor stand along with the optional holding tank.

Specifications	Midi Still Manual Operation	Midi Still D Automatic Operation
Shipping Weight	25 lbs. (11.3 kg)	27 lbs. (12.3 kg)
Machine Weight	22 lbs. (10 kg)	23 lbs. (10.4 kg)
Height	14 in. (35.5 cm)	14 in. (35.5 cm)
Width	18 in. (45.7 cm)	18 in. (45.7 cm)
Depth	10 in. (25.4 cm)	10 in. (25.4 cm)
Distilling Capacity	Approximately 1 gal. (3.8 l) per 2 hr cycle. Maximum capacity 7 to 8 gal. (26-30 l) every 24 hours	Approximately 1 gal. (3.8 l) every 3 hours. Maximum capacity 7 to 8 gal. (26-30 l) every 24 hours
Amps	9.0	9.0
Watts	1100	1100

Aqua Clean™

The ideal unit for small apartment or mobile home living.
The Aqua Clean is Pure Water's portable self-contained distiller that's ideal for one or two persons. It can be stored under most sinks or counters, or taken along in camper or trailer for distilled water enjoyment away from home.
The Aqua Clean is manually filled and set, and the distilled water can be collected in a standard glass container (not included) which attaches conveniently to the side of the unit.

Watts	700

Pure Water, Inc. Home Distillation Systems

If water is essential to life - and indeed it is - it stands to reason that the purity of water can affect the quality of that life. Yet, of all water purification processes known today, the most effective is still nature's own process - distillation, whereby water is lifted as steam from its impurities and reclaimed through condensation. No other process works as thoroughly or as safely as distillation in removing contaminants from water.

Now Pure Water, Inc. has taken nature's distillation process a step further, making it a viable, in-the-home method of water purification.

Your Pure Water distiller will provide you with a ready, convenient and economical supply of purified water for your drinking and cooking enjoyment; water that is beneficial as well for infant care, indoor plants, aquariums, steam irons, photographic hobbies and any number of other household and commercial uses.

Pure Water distillers are designed and engineered to exacting specifications and built to provide years of dependable service with the minimum of care. Pure Water distillers are:
 * constructed of highest quality stainless steel
 * individually tested and backed by warranty
 * run on normal household current
 * fan-cooled
 * self-sterilizing and easy to clean.

Additional features include timed or continuous refill capabilities, and automatic safety shut-off switch.

We have shipped thousands all over the U.S.A. We have shipped "two" to Lynn County, B. L. and Ruby Hatchell, 9 miles north of Tahoka, Mr. & Mrs. Raymond Lawrence of Tahoka, Joe Kelo, Oklahoma City, Henry & Fatsy Murray of Carlisbad, New Mexico, Mr. & Mrs. Gottlieb Rueb of Elk Grove, Calif., Warren Parker of Sacramento, Mrs. Winnifred Cole of Modesto, Calif., Ben Way, Twain Harte, Calif., Luther McNaughton of Stockton, Calif., Mr. J. W. Williams of Coolidge, Arizona, and "one" to Kiel, Wisconsin. With this information you can call information and get their phone number. We can "ship" direct to you from our factory. Phone me, we can take care of it by mail and the telephone. So, that's how close you are to good clean, refreshing "Distilled" water in your own home.

Discover some pure pleasure this summer season. Buy A Pure Water Distiller

Like so many other good things in life, the pure pleasure of drinking, mixing with and cooking with purified, distilled water is something you've got to experience to appreciate.
 Why not introduce yourself and the ones you love to that special pleasure by buying your household its own water distiller from Pure Water, Inc.
 It won't take you long to discover the distinct benefits of distilled water. And with your own Pure Water distillation system, you can drink to your fill year-round. With all the problems plaguing our country's water supplies these days, a Pure Water distiller is the one home purification system you can count on to provide your family with a safe, convenient and economical purified water supply.
 Call today for a free water test and find out the clear facts of distillation. Then discover the pure pleasure of Pure Water for yourself.

SENIOR DISTRIBUTOR RAYMOND Griffin's Home Water Distillers
 390 Flower Street - Turlock, Calif.
 [209] 632-4672

"If" you have water that has an odor, bad taste, nitrates, jip, alkali, iron or any problem, bring me 1 1/2 gallons to room 10, Echo 87 Motel in Tahoka, June 19th thru 22nd. I'm sure if you haul water or buy it, I can help you. You can make pure distilled water from your "impure" water in your home for as little as 10c per gallon with our home and office water distillers. Prices range from \$169.00 to \$1,249.00. You pay freight when delivered by United Parcel Service. If you have friends or relatives anywhere have them contact me.
