TEXAS LIVE STOCK JOURNAL

Consolidated with the Texas Wool Grower, September 13, 1884.

VOL. 6.

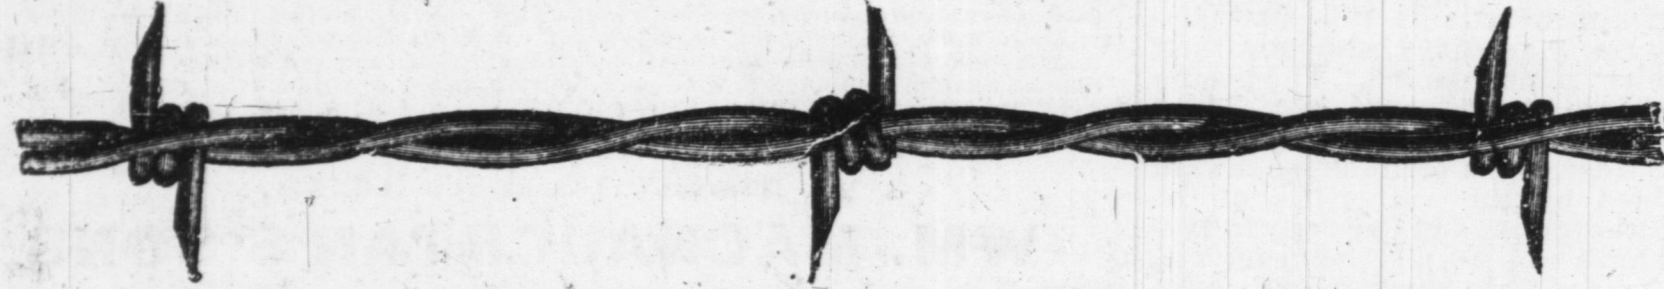

FORT WORTH, TEXAS, SATURDAY, MAY 16, 1885.

NO. 4.

JNO. S. ANDREWS. T. T. D. ANDREWS. TOBE JOHNSON. T. C. ANDREWS
JNO. S. ANDREWS & CO.,
COMMISSION DEALERS IN
REAL ESTATE AND LIVE STOCK.
404 Main Street, Fort Worth, Texas.

With our extensive acquaintance, increased facilities, and knowledge of the country, and business generally, we can make it to the interest of those wishing to buy or sell any kind of **REAL ESTATE OR LIVE STOCK** to do so through us. We are now able to offer to purchasers some of the best bargains in the state. Contracts for the future delivery of any class of cattle a specialty.
All parties having properties for sale are invited to place the same on our books, where they will receive prompt attention at the hands of thoroughly experienced salesmen, together with the benefits arising from a thorough, but judicious system of advertising.
NO CHARGES EXCEPT IN CASE OF SALE.
Purchasers by applying to us will have the advantage of a long list of desirable properties to select from. Correspondence from buyers and sellers solicited. All inquiries, either in person or by letter promptly answered. Refer to all the banks of the city.
WE HAVE FOR SALE 100 to 200 SHORTHORN BULLS, YEARLINGS AND TWOS.
60,000 Acres of Land to Lease in a Solid Body. Well Watered.

SANBORN & WARNER, Manufacturers' Agents for GLIDDEN'S PATENT STEEL BARBED WIRE for the State of Texas.

Manufactured only by Washburn & Moen Mfg. Co. for the Eastern and Southern States.
It is made from two No. 12 steel wires, full size, evenly twisted, uniform tensile strength 1500 pounds. Genuinely galvanized bars at right angles with main wire, and uniformly 2 1/2 or 3 inches apart, as desired, the superiority of which is universally acknowledged. In consequence of these and other advantages we have good reason to believe that its sales are five times greater than the united sales of all others. In view of the above statement of facts, can purchasers afford to make a series of experiments with other cheaper and less widely known styles and grades of wire, especially wire which is manufactured without a license, and by this course subjecting themselves to assessments for damages by the United States courts. It is possible that the manufacturers of and dealers in unlicensed barb wire may offer to protect their patrons, but when this protection is offered, we respectfully suggest that you investigate the responsibility of such guarantors. While we disclaim any intention of monopolizing the barb wire business, our readers will please remember that there are few, if any, articles of merchandise manufactured which leave so small a margin between first cost and the price at which legitimate barb wire can be purchased. There are several styles of barb wire duly licensed by the owners of all the patents governing the manufacture of barb wire and bearing their license stamp, and we would recommend their use if after a thorough investigation of the true merits of our wire and the present low prices you find you can afford to purchase any other style or inferior grade of wire. Inquire for the genuine Glidden, sold only by us or our appointed agencies throughout the state, our schedule of prices never exceeding that of our manufacturers. For samples, price lists and Glidden Barb Wire Pocket Compendiums, address
SANBORN & WARNER, Houston, Tex.

PUBLIC SALE OF TOWN LOTS

IN THE TOWN OF
Harrold, Wilbarger county, Texas
(The terms of the Fort Worth and Denver City Railway.)
MAY 20th, 1885.

The town of Harrold is situated in the eastern portion of Wilbarger county, about thirty-six miles northwest of Wichita Falls, about seven miles south of Red river on the headwaters of China creek, about midway between the settlements on Beaver creek and Red river, in the midst of a rich agricultural country, and as it is entirely west of and outside of the large pastures that enclose so great a portion of Clay and Wichita counties, and as every alternate survey or section is owned by the state and purchase limited to one section, the acquisition of large tracts by individual purchasers and the fencing of large pastures is prevented.
Good water for domestic purposes can be secured at a depth of from 40 to 60 feet.
These advantages will enable it to control the entire trade of the southern portion of the Indian Territory and of the vast Panhandle of Texas, and which will make it the finest cattle shipping point in the state.
Arrangements have been made for the erection of a good hotel and the opening of a general store before the sale, so as to provide accommodations for those who may choose to visit the place.
TERMS OF SALE—The sale will be by auction, the highest bidder having choice of location. Purchases not exceeding \$100 to be paid in cash at time of purchase. Purchases exceeding \$100, one-half cash, one-fourth in six months and one-fourth in twelve months from date of purchase. Purchases exceeding \$200, one-third cash, one-third in one year and one-third in two years from date of purchase. All deferred payments to bear 8 per cent interest from date of sale. Vendor's lien retained to secure payment of notes.
All parties making purchases at the sale exceeding \$100 will have their fare refunded on the Fort Worth and Denver City Railway both going and coming.
Sale to Begin at 1 O'clock P. M.
Excursion trains will be run from Fort Worth to Harrold on the day preceding and during the continuance of sale, at half fare. For further information and maps apply to

TELEGRAPH MARKETS.

Sales of Texas Cattle, Hogs and Sheep.
The Principal Transaction of the Day
Veal Calves, Yearlings, Razor Back Hogs and Scabby Sheep.
The St. Louis Wool Auction,
ST. LOUIS MARKET.

(Special Telegram to the Journal.)
NATIONAL STOCK YARDS, East St. Louis, Ill., May 15, 1885.
No grass Texas cattle offered within the past two days and but few wintered Texans. The market is active and prices improving.
Texas calves of six, to eight weeks old are coming in large numbers; today J. O. & Thos. Dewees of San Antonio, had four car-loads on the market and sold them promptly at prices ranging from \$9.00 to \$10.75 per head. Cost of transportation, commission, feed, etc., from \$1.40 to \$1.55 per head. Deduct this latter amount from the prices given and it will be seen that handsome returns are left. Should the run of calves prove excessive, these prices will go down with a tremendous run. Calves will not sell within two or three dollars of these figures unless the utmost care is taken in selection.
Good to prime Texas sheep of 85 to 90 pounds brought from \$3.40 to \$3.75 per hundred pounds. Thin and common bring \$2.00 and \$2.50 per hundred pounds. Offerings were scarce and demand light.
The first public sale of wool took place this evening at the cotton compress when 50,000 pounds of Texas wool was offered at auction; the attendance was large and bidding lively. The quality of the wool was very good, being mixed. Wiggins & Foster's clip of Sweetwater, brought eighteen cents; the clip of Berendo Land and Live Stock company of Fort Concho, brought sixteen cents; that of Frank Bryan of Sweetwater, fifteen and one-eighth cents; dead wool, thirteen cents.

CHICAGO MARKET.

(Special Telegram to the Journal.)
UNION STOCK YARDS, ILL., May 15, 1885.
J. J. Porter sent in over the Illinois Central 116 Texas razor-back hogs, 176 pounds average, which sold at \$3.60 per 100 pounds.
Quotations on Texas cattle: Grassers, \$3.50 to \$4.00; hogs, \$3.50 to \$4.00; sheep, \$2.00 to \$4.00 per 100 pounds.
Campbell, Lancaster & Co. sold the Miller cattle, 835 pounds, at \$4.15, which was the first big drove of the season. Keen sold one car of grassers the day before, which was the first of the season. The 241 grass Texans from J. S. Taft 743 pounds at \$4.25, were sold by Paix; they were choice little grassers.
Texas dealers must be careful not to be misled by these first ravenous nibblers at the first Texas bait. Wood Bros. sold for Secret of Ennis 26 calves (yearlings) 690 pounds, at \$3.75, also 59 calves, 217 pounds, at \$3.40, these were too large for veal.
One car of scabby Texas yearling sheep, 51 pounds average, sold at \$2.25 per 100. Another car of same stock 62 pounds average, went at \$2.40. Two cars 68 pounds, sold at \$2.35; two cars 77 pounds sold at \$2.95; three cars Texans, 81 pounds average, sold at \$3.62.

The Montana Proclamation.

WHEREAS, By virtue of, and pursuant to an act of the legislative assembly of the territory of Montana, entitled, "An Act to suppress and prevent the dissemination of contagious and infectious diseases among domestic animals and Texas cattle," approved March 10, A. D. 1885, it is my duty, when I shall have reason to believe that any contagious or infectious disease has become epidemic in certain localities, or that conditions exist which render domestic animals and Texas cattle liable to convey disease, by proclamation to schedule such localities and prohibit the importation from them of any live stock of the kind, diseased, into this territory, except under such restrictions as I

after consultation with the territorial veterinary surgeon, may deem proper; and
WHEREAS, I have reason to believe that conditions exist which render domestic animals and Texas cattle in any and all of the counties of the following named states and territories, viz: Massachusetts, Connecticut, New York, New Jersey, Pennsylvania, Maryland, Delaware, District of Columbia, Virginia, West Virginia, Kentucky, Tennessee, Texas, Arkansas, Missouri, Illinois and Indian Territory, liable to convey disease; and
WHEREAS, such conditions are caused by the existence of pleuropneumonia or splenic or Texas fever in many such localities; and
WHEREAS, neat cattle which have been exposed to pleuro-pneumonia may have the same in its incipient stages, and no diagnosis thereof will answer with certainty whether the animal is thus afflicted or not, and in such case ninety days must elapse before a Veterinarian can certify to the healthfulness of such animals; and
WHEREAS, Many neat cattle so infected or exposed are owned or held in large numbers in the country east of the Missouri river, and it appears to me to be the purpose of the owners or many of them, to bring said cattle into this territory and thus enable them to come into contact with the range cattle of this territory, thereby endangering the property of the citizens to this territory; and
WHEREAS, When Texas cattle are driven north consuming three or four months on the trail, the change of feed and the lapse of time induces such a change in the system of the animal that they no longer contain a virus spreading disease; and
WHEREAS, Experience has shown that cattle afflicted with splenic or Texas fever, if brought into this territory in whole or in part by rail, bring with them the germs of this disease and transmit it to the native herds with which they come in contact, and when thus transmitted said disease becomes fatal to our native cattle.
Now, therefore, I, John S. Tooker, acting governor of the Territory of Montana, by virtue of the authority conferred upon me by said statute and pursuant to the terms thereof, do hereby schedule the localities hereinbefore named, and I do hereby strictly forbid the importation into this territory of any cattle whatsoever which have been brought from or through any portion of said scheduled localities or any one of them, except upon certificate of the Territorial Veterinary Surgeon that such cattle are not diseased.
And I do hereby further forbid the importation into this territory prior to November 1st, A. D. 1885, of any cattle brought in whole or in part by rail from the state of Texas.
And I do hereby further forbid the importation into this territory of any and all cattle driven or shipped from any other state, territory or country, unless the same shall be accompanied by a certificate of health given by the Territorial Veterinary Surgeon, or his regularly appointed and authorized deputy, who shall have carefully examined all such cattle immediately prior to the giving of such certificate. And all of such cattle shall be examined at such station upon a line of railroad leading into the Territory of Montana, as shall be designated by said veterinary surgeon.
And I do hereby warn all persons, corporations and companies whomsoever, not in any manner to violate or attempt to violate the prohibition herein contained, or contained in said act.
And I do hereby direct all sheriffs, constables and other peace officers within this territory, to keep strict watch, and to be vigilant and see to it that all the commands of this my proclamation are obeyed and respected, and to arrest any and all persons offering the slightest violation to the same; and I further direct all such officers to report to me without delay all such violations of this proclamation.
In testimony whereof, I have hereunto set my hand and caused the seal of the Territory of Montana to be attached, at the city of Helena, the capital of said territory, this 25th day of April, A. D. 1885.
JOHN S. TOOKER,
Secretary and Acting Governor of the Territory of Montana.

The Stock Journal Publishing company yesterday closed a contract with Messrs. Beard & Cherry, who are now building the Simpson & Huffman building, for the erection of a two-story brick building on the lot recently purchased by the company from Mr. W. A. Huffman. The building will cost \$4950.00 and be something different from anything here in style of architecture and quaint design. Messrs. Bangsnet & Dawson are the Architects.—Fort Worth Gazette.

THE DAIRY. Dairying in Texas. The subject of this article is but imperfectly understood in this state.

Attention Stockmen and Farmers! We have in stock a complete line of haying machinery consisting of Walter A. Wood's iron frame mowers.

Business College. The highest business educational advantages are offered at Waco Business College.

There has been some improvement in the character of the cows during the past few years by admixture of some better blood brought in from Missouri and Kentucky, but still the average cow of Texas would make but a poor comparison with the dairy cow of the Middle or Eastern States.

The quarantine laws of the state of Illinois concerning the movement of fat Missouri cattle in this state has been greatly modified, and now their entrance is not denied.

The outlook for satisfactory prices is quite flattering. Of course, figures will not be out of reach, so to speak, but I have great faith in seeing a good market and stiff prices for fat Texas cattle.

My wife had a most annoying eruption make its appearance on the fingers of both hands the 15th of May. Supposed it was very puer, several physicians saw it, some diagnosing it as above, and others pronouncing it to be eczema.

SCALD HEAD. F. J. Truett, druggist, Connate, O. reports a case as follows: The patient's head was covered with a scald, the dry scales constantly falling off his head, making his shoulders white in a few hours.

DISFIGURING. Humors, Humulating Eruptions, Itching Torments, Scrofula, Salt Rheum, Skin Inflammations cured by the CUTICURA REMEDIES.

W. A. Huffman Implement Company. Fort Worth, Texas, General Agents for Western Texas. S. H. HILL, President.

ST. LOUIS MARKET LETTER.

Regular Correspondence Texas Live Stock Journal. EAST ST. LOUIS, ILLINOIS, May 12, 1885. We had a pretty fair run of cattle for the week now ended, which consisted almost of native and Southwest Texas steers of fair to good quality.

OWNERS of cattle without range will find an opportunity presented in the For Sale of Exchange column of this issue which is worthy of attention.

SOUTHERN TEXAS cattle are moving on the Chicago market by way of New Orleans. It is said that the movement will be a strong one, and that New Orleans will stand in the same relation to Chicago as a market as do Kansas City and St. Louis.

RICHMOND, Fort Bend county, May 13.—Messrs. John M. Moore and Mat B. Dunlavy have sold 2000 four-year-old calves to the Columbus Meat and Ice company. The price is not given. They also sold to W. R. Davis of Austin, 2000 two-year-old steers at \$12 per head. These parties are the largest cattle owners in our county. Shanghai Pierce sold to W. R. Davis of Austin, 1000 one-year-old heifers at \$7.00, and 500 two-year-old steers at \$12.00. Messrs. Roberts & Baines, of Pittsburg, in this county, sold to T. W. Childers of Gainesville, Texas 1000 two-year-old steers at \$11.50. This is a pretty good showing for old Fort Bend county. Several other large sales are on the tapis.—Galeton News.

THE wire fence stay manufactured by Messrs. P. G. March & Co., of Cincinnati, is in use on fully 800 miles of ranch fence in this state and all reports are complimentary. Capt. Richard King, and the Kennedy Pasture Company were among the earliest users and have ordered several times. Recent sales around Corpus exceeded 75,000. The Matador Cattle company have bought twice, also Lindsay, Bedford & Hinton. The Monroe Cattle company use it. Messrs March & Co. now have the second order from the Kentucky Cattle Raising company, (aggregating 18,000), and they have the tension attachments for forty miles of fence. Gov. Rout and the Holt Live Stock company of Colorado, are among their patrons, also Taylor, Babcock & Co. (capital syndicate), to the extent of 46,000, which covers all the fencing they will do at present—188 miles. They are well pleased and bought only after getting opinions of former users. Many smaller pasture owners are using the stay. The economy of the longspan system, together with the insurance against fire, is causing the wire fence stay to become very popular.

THE Reeves County Mirror says: "We hear that the Continental Land and Cattle company of Reeves county, has changed hands, Messrs. Simpson & Hughes disposing of the same to Capt. Henry Warren of Weatherford, placing the cattle at \$17.50 per head, rounded and counted, the trade involving over \$600,000. The herds are estimated to number about 35,000 head of high grade cattle, while the ranch extends from the falls in the Pecos river, about forty miles below the Texas and Pacific railway, to the New Mexico line, having a river frontage of fifty eight miles by twenty miles deep. This is one of the most valuable herds of cattle and best ranges in Northwest Texas, and Capt. Warren is peculiarly fortunate in securing such a favorable investment. We hear that Capt. Warren will keep only the she cattle on the Continental ranch, while he in Arizona, to be fattened for market.

The Refrigerator Works.
The Refrigerator works, we are informed by the proprietors are contracting for good corn-fed steers at 3 1/2 cents to 4 cents per pound, according to weight and quality; no price has yet been made on muttons, but a first class article weighing from 90 to 110 pounds will be in good demand. The machinery has been thoroughly overhauled, and everything is now in order to start up in a few days at most.
The works will be run to their full capacity as soon as grass cattle and muttons can be had of good enough quality to ship to the Eastern market.

The First Grass Beef.
The Chicago Drovers' Journal of May 9, had the following: "G. W. Miller of Winfield, Kansas, had on the market 302 head of 835-pound Texas cattle, which sold at \$4.15 to Charles Thompson for canning purposes. These cattle left Pecos station on the Pecos river, Friday, May 1, and arrived here in excellent condition in the care of L. Spaulding. The cattle had large, well-built frames, and in good flesh would have been very desirable indeed. It was the first shipment of Texas range cattle for the season of 1895. No one charges these cattle with having been fed on corn, but the shipper said that after being rounded up

for shipment they were fed allowances of cotton seed and millet hay for a few weeks. However, it was the first consignment of grass cattle for the season.

Yearling Steers.
Yearling steers have been selling in Texas at \$8, \$9 and \$10, in numbers from a thousand up, according to locality, prices considerably below the value of the animals, as we understand it. Yearling steers leaving Texas are not purchased for what they are now, but for what two years good grazing will do for them, and those who buy expect to hold that length of time and then push on the market a string of heaves to net \$45 each, and those who buy will consider \$5 per head for the expenses of two years' grazing as rather steep to come off their profit. Result, \$40 from an investment of \$10; profit, \$30, or, allowing for losses \$5, leaves a profit of \$25.

Before quarantine measures were instituted in such a reckless manner as became fashionable of late, our pretty bunches of yearlings sold nicely at \$15 to \$16.50 delivered at Dodge, and our loss and the buyers' gain can be estimated by the difference in price, if allowance be made for driving.

There are very few stock raisers usually disposing of their yearlings who are not dissatisfied with the present condition of affairs, which cuts off so great a margin in profit, and they are very much better disposed to consider what suicidal a policy on the part of Texas stockmen it is to attempt to continue the traffic which leaves them the bare pittance, and secures the bulk of profit to others. It is bad enough to sell the young cattle cheap, and it is still worse to have them matured on other ranges and marketed in competition with, and by superior weights over selling Texas heaves in the market.

A serious question worthy of much thought by Texas stockmen, is how to arrange matters so as to obtain the usual revenue without selling a class of cattle to be developed on other ranges. How to manage a herd and how to cut it to reduce the same revenue and to place the numbers sold on the butcher block to reap more, and if this can be done—and the JOURNAL is of opinion it can—there will be a steady development of the live stock trade in Texas, giving it a foundation no quarantine law can destroy and no outside influence can take away.

Taking the simple plan of leaving the yearlings in pasture, and by a systematic cutting at the herd of marketable animals; very few, even of the southern herds, but can spare sufficient old and matured cows, young calves belonging to old cows, dry cows and two-year-olds, to sell when fat to fully equal in amount the revenue derived by sale of yearlings alone at present prices: The process might be slow but the immediate benefit would be greatly overbalanced by the effect of holding back the trail herds. The quantity of beef to be directly marketed from Texas would be greater than usual, but not sufficient to replace the 100,000,000 pounds of meat (500,000 head at 200 pounds increase) added to the marketable weights of these young cattle if marketed after two years grazing in the territories, instead of on the ranges of Texas. This involves some little patience and management, and the assistance of a summer range capable of putting all the stock in fair fleshy condition, and more than all, it requires that the ranchman make some provision to keep the yearlings in growing condition over winter, so as to make this class of stock turn out a presentable beef the following year. Very few stockmen realize how many 2 year olds are marketed as beef. The commission salesman says this light weight cattle don't pay, but it is far better to realize \$15 for fat two year old steers from the butcher, and to hold the balance (not fattening) than to sell the whole crop of two to a drover at \$13.50 or less.

The fact is patent that the man who pays for the grass, and runs a bunch of stock cattle to produce yearlings at \$10, is but the pony of the stockman who makes his sure profit of \$12.50 per annum (low estimate) from an investment of a \$10 bill to be run on grass.

Death of B. M. Saxon.
"On Wednesday the 6th inst., the citizens of Wichita Falls attended to the grave the body of B. M. (Bud) Saxon, the extent and character of the procession showing how great was the respect in which the deceased was held in the community where he was best known.
Bud Saxon came to Texas from Florida without means and remained a time in Denton county; then obtained employment under Mr. S. B. Burnett. Seven years since he went to the ranch headquarters at Gilbert on the Red River, and remained there the trusted employe of Mr. Burnett until his decease on the 5th inst. He died of spinal meningitis, after an illness of thirty days. He had the attendance of the doctors at the Falls and at Henrietta, and Mr. Burnett took Dr. Field of Fort Worth, to the sick mans bedside in hope that something beneficial might be done. Mr. Saxon leaves a young wife and three children. He had at the time of his death, about 200 head of cattle of his own.

Bud Saxon was popular and respected by his companions and friends. In the rough life of the camp he did his part thoroughly in a quiet manner; whenever differences arose, his part was that of a conciler or peace-maker. His actions were quiet and mild, and in his person exemplified that the cow camp need not change the spirit of a man if he is inclined to be gentle and kind.

THE DALLAS MEETING.

Trail Matters Discussed—The President of the State Association on the Situation.

The Prospect of a Friendly and Peaceful Arrangement.

DALLAS, Friday, May 15, 2 p. m. special Telegram to the Journal.

Pursuant to published call, the different executive committees and representative stockmen assembled at the Merchants' Exchange at 11 a. m., and the meeting was called to order by President Jno. N. Simpson, who spoke as follows:

"I don't think it is necessary for me to speak at length as to the reasons why this meeting is called, as you are all doubtless as familiar with the questions to be discussed by this assembly as I am. I have this to say in regard to this meeting: If the question of trail through the state is a very important one, it is not only important to those men who are driving cattle on the trail, but it is important to the stockmen whose ranges this trail passes through. To the men who live in the North, whose ranges are affected by this trail, I will say this, that you are here and you are here largely in the majority, the Southern Texas men—the men who are driving on the trail—are represented by two or three men. Don't forget this fact. Their absence from this meeting don't affect it at all, don't in any way effect their standing in regard to a trail. When it comes to the law, they have as much right to drive over the public highways of North Texas as you have to drive over the public highways of Northwest Texas or as you have to graze your cattle on the public land you are on. So when it comes to law, I don't know of any legal enactment that does not affect the men in South Texas; I don't know of any law that gives us of the north the exclusive use of that entire country to the exclusion of everybody else, and I would like in your deliberations here that you would bear this fact in mind. Now this question in my opinion is one of the most important ever come up before the live stock associations. The prosperity of the stock business in Texas depends largely on what you decide here to-day in regard to this trail. Now, I would advise that you go to work in a calm, dispassionate way and if possible agree on a route for these Southern cattle to pass. If you don't do this they will mark out the route you will have to submit; that is all there is about it. If you do not agree where they shall travel they will mark out their route and travel it. Well, that is going to create trouble and trouble in the stock business means money out of your pockets. I am satisfied you do not want to lose any money over this. In this I feel certain you fully agree with me. [Laughter.] With these few remarks, gentlemen, I will now call the meeting to order.

Col. S. P. Cunningham was then elected secretary of the convention. A committee on credentials was appointed composed of W. R. Cavitt, J. C. Loving, Geo. W. West, W. F. Lew and J. R. Hamilton.

The committee reported representation of the following associations present and entitled to recognition: The State Live Stock Association, South-west Texas Live Stock Association, San Antonio and Guadalupe Association, East Texas Association, Central Texas Association, Northwest Texas Cattle Raisers association, Southwestern Texas Exchange, Colorado and Brazos and Colorado and Concho associations, Panhandle Stock association, Pecos Valley association and Cheyenne and Arapahoe Cattle association of the Indian territory.

A motion to appoint a committee of one from each live stock association and three from the state at large, was lost.

A motion to appoint a committee of five from the Panhandle and five from Southwest Texas, was carried. J. M. Lindsay, W. A. Towers, O. H. Nelson, C. S. Slaughter and Joe Gunter of the Panhandle; George W. West, J. B. Hamilton, W. R. Cavitt, R. E. Word, Frank Newsom, of North Texas, were appointed on the committee. The convention then adjourned till 3 o'clock. The general indications are that the meeting will be harmonious and a spirit of concession prevails among the Panhandle and South Texas representatives. The probabilities are that a trail will be considered by the Panhandle and that Southwest drovers will follow it. Considerable discussion was indulged in by South Texas and the Panhandle representatives on the several motions. The convention will probably be in session until to-morrow evening.

Fruit Culture.
Messrs. Wm. Wood & Co., 56 and 58 Lafayette Place, New York, have sent us a copy of the American Fruit Culturist, by John H. Thomas. This requires and should receive more than passing notice from any one desiring to improve their farms and ranches in a practical and profitable manner. The volume is the revised edition of a work treating of large and small fruits adapted to the United States. It is a guide to the nurseryman, farmer or private gentleman having a desire to become a fruit grower in a small way. It goes beyond cultivation and treats of preserving and storing fruits, and is altogether a work of great value. The price is \$2.00.

FORT WORTH

And General Range Notes.

D. C. Pryor of Austin was here.

H. G. Bedford came in Wednesday. John P. Laughlin is here from Dallas.

Jno. Merchant of Baird was here Monday.

Mr. J. W. Zook is on a trip to South-east Texas.

C. C. Poole of Cleburne was here Wednesday.

A. J. and F. M. Long are here from Sewardwater.

A. P. Belcher came down from Henrietta Tuesday.

Geo. W. Williams came in Wednesday from Pecos.

T. C. Shoemaker left us Monday to be gone a week.

Ben Stewart of Baylor county was here on Friday.

J. H. Miliken was here Monday from Weatherford.

T. P. Andrews has returned from a short business trip.

Don't fail to be at the town of Harold on the 20th inst.

Nearly all the Fort Worth stockmen went to Dallas.

W. A. Stinson leaves for his ranch in the territory soon.

T. C. Andrews of J. S. Andrews & Co., is out west on a big trade.

C. H. Hatchett a stockman from Aleman, New Mexico is here.

M. B. Bowman of Chilli, New Mexico was here on Thursday.

E. T. Stevens of Wichita Falls, came down during the past week.

J. H. Garruthers of Thorp Springs put in his appearance Wednesday.

Maj. W. V. Johnson of the Magnolia Cattle company, is in Fort Worth.

Mr. J. Z. Wheat of Cleburne has purchased the Cattle Exchange saloon.

T. Webber of Buffalo, Wyoming, was here during the week after cattle.

J. P. Addington and wife were registered at the Pickwick Hotel Monday.

P. J. Norwood of Pecos has a few car-loads of grass beef in town hunting a buyer.

Col. J. N. Simpson of Dallas was here Thursday, enroute home from his ranch.

Col. H. L. Benty was a visitor at the Fort on Tuesday last, and returned to Abilene.

Mr. Abram Nave of the Nave-McCord Cattle company is taking a trip to the ranch.

D. R. Hamilton of Tannahill, Tarrant county, called on the JOURNAL on Wednesday.

Mr. W. B. Grimes of Kansas City was on Fort Worth during the week, and went to Dallas.

Tuck Boaz returned from New York Wednesday last, and is again rustling around among the boys.

Mr. Weddington, bookkeeper for Messrs. Curtis & Atkinson of Henrietta was here Thursday.

A bunch of heifer yearlings was sold at Brownwood this past week for \$11.00, so says Col. Lacey.

Mr. W. F. Semmerville, managing director of the Matador Cattle company is visiting the ranch.

A sale of stock cattle from S. Cochrall to John Chambers in Sourry county is reported at \$20 per head.

G. W. West of Gainesville, was in the city Monday on a trade with Messrs. Polk, Bentley & French.

J. S. Daugherty, a prominent live stock and land agent of Dallas was here during the week on business.

E. H. Chandler and L. P. Merrell of the beautiful Somervell county, were in town on cattle business last week.

C. W. Merchant representing Messrs. Gregory Cooley & Co. of Chicago came in from Abilene Tuesday.

A. J. Miller and G. W. Lemon of Dallas county but holding cattle in Palo Pinto passed west on Tuesday.

Frank-Klinger brought up three car-loads of saddle horses from San Antonio, remained over a day and pulled west.

S. Roach of Rising Star, Eastland county, was in to see if there could be sold a few hundred head of cattle last week.

Buck Dawson of Henrietta, passed through the city Thursday en route home from a six weeks' trip to California.

Messrs. Polk, Bentley & French report the sale of 1000 stock cattle at \$12.50. The cattle were from Erath county.

Mr. Wm. R. Cavitt of Bryan, Brazos county, also interested in stock matters, was in town on business during the week.

C. C. Mills of Throckmorton purchased 10,000 pounds of wire of W. A. Huffman Implement Company while in town.

N. D. McPhail came up from San Antonio. He had some horses and was hunting a market. He was here Thursday.

J. G. Halsell of Decatur, came down from Henrietta Thursday. Glen is looking much better since his trip to California.

W. O. Womack is here attending to his case in the district court against the Limited Investment Company now defunct.

C. C. Mills of Throckmorton county came in from the range on Monday last and visited the JOURNAL before leaving town.

A. C. Bruner is rustling in the Fort awaiting the time to receive the 10,000 cattle recently purchased for Hill & Jerome.

Mr. A. B. Holabrid late of Cincinnati was in town wending his way to Wilbarber county where he will permanently locate.

O. J. Johnson of Nowra, Bosque county and W. M. Hill of Nowra Hills were also in the Fort last week on cattle business.

Wm. Davis, a prominent shareholder in the E-puela Land and Cattle company, limited, came up from Waco Wednesday.

Chas. Coppinger is just in with two cars fine saddle horses. He says they are the best lot yet offered on this market by any one.

meetings during the evenings and district court during the day.

F. R. Fridman came up from Victoria Monday. Mr. Friedman is the receiver of the old company which operated the refrigerating works here.

Cal. Lacey from Comanche was here Monday, and says yearlings are selling at from \$7.50 to \$10, in small lots, according to quality in his section.

Capt. J. H. Polk came in from a short trip to his ranch near Stephenville, where he went on business for the firm of Polk, Bentley & French.

W. A. Stinson, came in from the Indian Territory Monday and reports that cattle up in the Comanche country are fat enough for the Indians to eat.

Press Addington of Kansas City, who ranches near Baldwin, Indian Territory, was here Monday and renewed his subscription to the JOURNAL.

Jessie J. Hiltson has been here during the week in attendance upon the district court. He has a case against the defunct Investment Company, limited.

Mr. W. A. Garner, manager of the STOCK JOURNAL, made a flying trip to Dallas on Tuesday, and has returned there to attend the executive committee meeting.

Mr. Dan Taylor of Trinidad, Colorado, ranching at Fort Sumner, New Mexico was in town on Thursday and went to Dallas Friday. He is after 5000 cattle from Texas.

John McCoy from Illinois, is here desiring to purchase 4000 steers to take to New Mexico. Mr. McCoy is manager of a company who ranch in New Mexico in Moro county.

J. W. Taylor of Austin, a pioneer stockman, and on both sides of the fence, from the fact that he has a ranch in the Panhandle and another in the South, was here Monday.

Louis Stein says the Refrigerator works will start up next week. They got up steam yesterday and everything is in readiness to begin killing. See their prices elsewhere.

Mr. Shelton Oliver, late of Jack county, has been resting in the Fort while preparing to drive the cattle recently purchased in this county by himself and Hensley Bros.

Cal Sugg came back from his territory ranch Monday. He says the round-ups are progressing and that cattle look thin, but plenty of grass and water will soon put the fat on them.

Messrs. W. A. Huffman Implement Company have just received a grand stock of agricultural implements of the best makes, including hay rickers and harvesters, and invite inspection of their stock.

It is reported from Monahan that Wm. Cowden bought of John Guest 500 head of stock cattle at \$20 per head, no three and four counted in. The Monahan people want a steer buyer to show up.

Mr. L. D. Vook of the St. Louis and San Francisco railroad, terminus at Red Fork, was in town last week rustling for business. The cattle rate is \$85.00 per car to Chicago and \$70.00 to St. Louis, from Red Fork.

F. M. Houts of Hereford Ranch, sold three of his choice grade Hereford bulls for \$800 each last week, and a bunch of stock cattle including a few good steers at \$25.00 round. Mr. Hout's postoffice is Decatur.

McIntire & Barnett and J. B. Wilson sold C. E. Wellesley 5000 yearling and two-year-old steers for the London Cattle company, and this company propose to ranch them in their Panhandle pasture. Terms private.

C. F. Estill left last night for Lexington, Kentucky. He will probably make some additions to the stock farm at Blue Mound, where Messrs. Burgess & Estill already have 249 head of imported Shorthorns and Jerseys.

Mr. R. Strahorn of the Union stock yards, Chicago, returned home after remaining several days with friends in the Fort. It is said that he advanced considerable money on beef to be consigned to his house while here.

J. B. Mitchell & Co. sold to Hensley Bros. & Oliver three trail wagons, three inch Turnbull and Brooks' wagon factory fitted the wagons with grub boxes and water kegs, ready for the trail. The outfits leave this evening for New Mexico.

Mr. J. T. Stovall of Tongue River Ranch, Cottle county, has returned from the range. Since his return he has purchased 25,000 pounds of wire, a mower and hay rake, of the W. A. Huffman implement company for ranch purposes.

Messrs. Donohoe & Fleming of Clarksville, Red River county, have 2500 head of ones and twos for the Capitol Syndicate, put up at \$12 to \$16, delivered in Dallas county. The stock are now ready for the trail, subject to the action of the Dallas meeting.

Messrs. W. A. Ewing, G. D. Fisher, and J. K. Duvall from Kansas City, en route to the Cedar Valley Land and Cattle company ranch, go as far as Harold by train, showing that the road to the Panhandle from Kansas City is in Fort Worth.

Tobe Johnson has on exhibition at the office of his from Jno. S. Andrews and Co., a new variety of grass, similar to Johnson grass, which grows on his ranch seven miles west on the Granbury road. Tobe wants some one to tell him the name of the grass.

Mr. L. V. F. Randolph of Plainfield, New Jersey, having made an investment in Texas cattle to stock a ranch in the Indian Territory, returned home well pleased with his trip and carrying with him pleasant impressions of Fort Worth and her people.

The following stockmen have been to town during the week: J. S. Scott Archer, B. R. Cobb Henrietta, D. A. Turner, Vernon, J. B. Johnson Rumbles, J. J. Young Hidalgo county, B. C. Rhome Rhome, Texas, A. M. Milligan, Cade, W. J. Taylor, Brenham, T. B. Swan, White, W. F. Finley Sherman.

Tobe Johnson has at his office a sample bunch of spring wheat, raised on the farm of John Bufford near this city, which has a stand of five feet two inches. This sample is beautifully headed out, but only about half developed. Tarrant county can equal the celebrated wh- at fields of the north west in the chief staple.

Messrs. J. B. Mitchell & Co., have lost one black pony (heavy built) branded T11 on left shoulder, 1 1/2 hands high, 5 or 6 years old. She was in fine order, and newly shod all round. Her brand is very plain. Will pay a reward for return of mare or information leading to the recovery of the same. The mare is supposed to have been stolen on the night of the 11th inst.

Wm. Tuttle of this city will ship to Strahorn & Co. this year, having associated himself with Mr. L. E.

J. H. POLK. W. F. BENTLEY. M. M. FRENCH.

POLK, BENTLEY & FRENCH, Successors to GEORGE B. LOVING & CO., LAND AND LIVE STOCK, FORT WORTH, TEXAS. Will negotiate for the purchase and sale of Cattle, Horses, Sheep, Angora Goats and High Grade Bulls. We invite the attention of all investors to our list of Ranch Lands and City Property.

DAVID BOAZ. S. A. HATCHER. BOAZ & HATCHER, DEALERS IN— LAND AND LIVE STOCK, FORT WORTH, TEXAS.

MURPHY HAT and FURNISHING GOODS CO., N. W. Cor. Main and Fourth, Under Pickwick Hotel, Fort Worth, Texas.

Money to loan. Choice business houses and lots for sale, that will pay from 15 to 30 per cent per annum. Will buy, sell or contract for any amount of cattle, on short notice. Headquarters for bargains in cattle.

CHAS. H. FRY, Fine Jewelry, CLOCKS, SILVERWARE, Etc., No. 207 Houston Street, Fort Worth, Texas.

J. A. THOMAS, GENTLEMEN'S FURNISHING GOODS and SHIRTS TO ORDER. A Specialty. N. E. Cor. 4th and Houston, FORT WORTH, TEXAS.

PINKARD & JOYCE (Successors to) J. K. EZELL & CO., Wholesale and Retail Dealers in FURNITURE, FORT WORTH, TEXAS.

MORRIS CIGAR STORE, 48 Main St., one door North of Pickwick Hotel, carries a full line of Fresh Import and Domestic Cigars and all the Popular Brands of Smoking and Chewing Tobacco, also smokers' Articles of every description. Headquarters for Borden's, Loder & Co's Celebrated Family Cigar, the best recent smokes on the American Continent. JNO. MORRIS.

LEGAL AND LAND CARDS. P. R. THURMOND, Attorney at Law, 106 Main St., Fort Worth, Texas.

REAL ESTATE AGENTS, J. C. SCOTT, Attorney at Law, 106 Main St., Fort Worth, Texas.

BALL & McCART, ATTORNEYS-AT-LAW, Office over City National Bank, corner Houston and Third Streets, Fort Worth, Texas.

Wynne, Carter & De Berry, ATTORNEYS-AT-LAW, Office on Main Street, between Second and Third Streets, Fort Worth, Texas.

CHAPMAN & SWAYNE, Attorneys at Law, FORT WORTH, TEXAS.

A. WYSCHEZKI & CO., Land and General Agents, 800 Congress Avenue, Cor. West Hickory St., AUSTIN, TEXAS.

FRED. L. KING, DRUGGIST, 502 MAIN ST., FORT WORTH, TEXAS.

Fort Worth Stamp Works, Branded This Week

GEORGETOWN RANCH COMPANY, of Georgetown, Kentucky, Ranch 80 miles southwest of Abilene, of Taylor county, Texas. Address, Georgetown (Ky.) Ranch Co., Mt. Zion, Tex. Cattle brands, D and H.

FENCES FOR FARMERS AND LAND-OWNERS. PRETTIEST, STRONGEST, CHEAPEST AND MOST DURABLE OF ALL. Can be made any size on our Standard Fence-Making Machine, which we furnish at \$15.00 to \$25.00 a day at home setting fence. Owners of our machines are making \$50.00 to \$75.00 a trade for weeks two to five years old, or good young mares.

STANDARD MFG. CO., Cincinnati, Ohio.

SAN ANTONIO.

BRANCH OFFICE. TEXAS LIVE STOCK JOURNAL, 288 Main Plaza, next to Central Hotel, SAN ANTONIO, MAY 14, 1936.

Water, water everywhere! is the encouraging word sent in from every direction. The rivers have been up and overflowing; heavy rains have been falling, and sections of South Texas which have known no rain for two or three seasons are beginning to blossom and the green carpet of the earth cheers the heart of the stockman exceedingly.

Sensibleness Talk.

During the past week Milton H. Bennett of Caldwell, Kan., and treasurer of the Cherokee Strip Live Stock Association was in San Antonio for the purpose of buying a herd of three year old steers.

With a degree of common sense which would greatly enrich many others did they but possess it, he frankly acknowledged that the members of his association want Texas cattle; want a trail as heretofore, and for his association he utterly repudiates the action of some parties who assumed to represent the Cherokee Strip Association at the Kansas meeting.

M. H. Bennett of Caldwell, treasurer of the Cherokee Strip Live Stock Association, which was alleged to have approved the resolutions, said yesterday that not only was this not the case, but that a majority of the members of the association were opposed to the sentiments expressed in them.

What is more, he said, the association had no authorized representatives at the meeting, and the action of the gentlemen said to represent it carries no weight. The truth of the matter is we are in favor of a trail. We want cattle from Texas, and we want a drive to get them up over.

There will be plenty of two-year-olds next spring. Capt. Buzard has gone on a short trip to St. Joe, Mo.

Unfortunate.

The press telegram of Tuesday last which indicated that "war" between some Panhandle cattlemen and drovers from the lower part of the state was about to be precipitated, was read by the San Antonio stockmen with peculiar interest.

What may come out of the little cloud now hovering over the syndicate cattle cannot be foretold, but in the discussion of the matter it is made plain that there are two sides to the question. It is reliably said that the trail to the westward recommended by the Panhandle stockmen is by far the best for herds making for the Colorado line or in that direction, a shorter route by seventy-five miles than if the trail by way of Mobeetie be taken.

James Speed of Moor's Station was with us this week. He is preparing to ship 30 cars of stock cattle to Arizona.

J. H. Patterson returned from the wilds of Fort Worth, this week and wore a number 9 smile. Sold some fine horses there.

all differences could then have approximated something like agreement; but at this late day herds are for the most part made up and on the way, and South Texans have started on the drive with little hope for concessions or marked courtesy from the upper part of the state.

There is a sincere desire that for the sake of the state at large actual difficulty does not occur, but the Panhandle stockmen cannot but reflect that their own action has begotten a spirit of defiance in the Southern drovers who have so firmly had the assurance from the state's chief executive that their cause was just and he would see them through.

Trade and Rumors of Trades. Comparatively little activity has existed in the San Antonio market during the past week in range cattle. The seller greatly outnumbered buyers, but there is not so strong a disposition on the part of any to sell as to either create competition or any inclination to make contracts on a less basis than \$5 to \$8.50 on the ranch for ones.

The Word-Bugbee cattle company of the Indian Territory bought from Ed. Corkill of Starr county 3000 ones to be delivered in the nation. Price not learned.

Meyer Haif bought of Lott & Pettus 5000 ones mixed at \$5 delivered at San Antonio.

W. J. Wood is reported to have sold at Kyle 500 heifer yearlings to Panhandle parties.

N. M. Macey bought several small bunches of good smooth ones at \$8. Goode & Bunton bought from Col. J. E. Stafford of Columbus 6000 ones and twos. Prices not given.

Beyond these, up to this writing no other trades have been consummated, but several are pending. Two gentlemen from Colorado are still here, but have not yet purchased, and a buyer from New Mexico is about to close a trade.

As in the past two weeks, the disposition of sellers is not to lower their prices, and the telegraphic quotations in last week's JOURNAL on beef cattle has cheered up the brethren considerably.

Horse Shipments.

There were shipped out of the San Antonio market for the past week an aggregate of 1736 head of horse stock, as follows:

J. Munn, Harrisburg, Pa., 46 horses and mares; G. W. Shipley, 22 horses; Smith & Hoover, 24 mares; McWilliams, New Orleans, 26 mares; Jesse Presnell, Presidio county, 49 horses; M. C. Campbell, Caldwell, Kan., 310 horses; F. King, Fort Worth, 47 horses; J. R. Clark, 25 horses; J. Meisner, 73 horses; W. R. Prince, Vinita, 100 horses; B. F. George, 45 horses; N. D. McPhail, Fort Worth, 40 horses; J. A. & G. A. Newlin, 49 horses; John Mahoney, Denison, 25 horses; O. A. Bowen, New Orleans, 23 horses; Smith & Redmond, 125 mares; Joe Smith, Gainesville, 25 horses; Balcones Polo Club, New Orleans, 19 horses; E. Lestergetz, Fort Worth, 59 horses; Geo. W. Pierce, 50 horses; T. Fenley, Hays City, Kan., 300 horses; Freeman Bros., 25 horses; T. M. Briggs, 24 horses; L. M. Dutton, Red Cloud, 70 mares; O. M. Shull, Illinois, 24 horses; Rhodes & Ray, 59 horses; W. W. Campbell, 51 horses.

HORNS AND HOOFES.

There will be plenty of two-year-olds next spring. Capt. Buzard has gone on a short trip to St. Joe, Mo.

W. S. Carothers of Austin was down to the city this week. It is said that H. J. O'Reilly made a sale of ones at \$8.40.

Brother C. M. Rogers came, saw, shook hands and was gone! J. M. Hobbs of Lagarto came to San'tone Wednesday night.

A. J. Culberson, a Burnett stockman was with us a while last week. Uncle Henry Stephens was in San Antonio several days this week.

C. C. Lewis has gone down to the Mexican Egypt for a month or two. M. Haif snipped nine cars of young stock to his Presidio county ranch this week.

G. W. Thompson of Trinidad, Colo., was in San'tone this week talking live stock.

J. N. Heard and Demp Fenley of Uvalde are again with us and full of business. Capt. E. F. Iskard was in the Alamo city this week asking about stock for North Texas.

Dr. A. E. Carothers has been laid up for a week. "Throw physic to the dogs," doctor. One of the Maddox boys of Fort Worth was here this week looking for a fine house to buy.

Mr. H. Bennett of the Cherokee Strip was here after 3000 three's, but they were not to be found. E. B. Rutledge of Pearsall, and E. Rutledge of Uvalde are talking business at the St. Leonard.

A. T. Maupin, editor of the Boerne Advance "drapped" in on the branch office this week. Glad to see him.

It was amusing to watch Uncle Jim Ellison and M. J. Hinkle play "mumbly-peg" on the Main Plaza this week. Capt. Lyle experienced considerable annoyance and delay in receiving cattle westward because of the heavy rains.

James Speed of Moor's Station was with us this week. He is preparing to ship 30 cars of stock cattle to Arizona. Jesse Presnell sold three cars of Presidio county beefs in San'tone market, and realized \$25.00 per head. Hines Clars, as usual.

J. H. Patterson returned from the wilds of Fort Worth, this week and wore a number 9 smile. Sold some fine horses there. Jim Scott took the hint from the JOURNAL and immediately bought an elegant 14 inch pocket comb. His old one is in our museum. Ramsey & Ford outfitted eleven of Presnell & Mussey's men this week,

and it didn't leave an impression even on the large stock of that live firm.

Gebhardt of Colorado, is here and wants 5000 heifer yearlings, delivered in the fall. He will not compel sellers to take more for them than they ask.

Col. Wm. Babcock, Sr., left for his home, Canton, Ill., this week. His many friends hope for his early return to San'tone, and the arms of N. Mackey.

F. F. Collins sent out a car-load of El Paso county live stock and machinery to E. H. Lane, who proposes having good water on his new ranch.

Capt. D. C. Rachal of Sharpburg, limped about in the Alamo City for a day this week. He is recovering from a sprained ankle. Went to North Texas latter part of this week.

Dr. G. B. Johnston's Hereford calves are now all right, he having safely brought through the acclimation process, eleven of the sixteen he brought from Illinois two months ago.

R. M. Miller & Co. sold 65 saddle horses, Wednesday to Goode and Bunton; two car-loads, Col. Frank Ford's stock to B. C. Campbell; and two car-loads horses to Craig.

Last week Joe Murray delivered at San Antonio to Fawcett & Hotochick 500 yearlings; to F. R. Brown 470 head stock cattle, and to Sayers & Koker 600 ones. The cattle are said to have been fine.

We can't understand it, what caused it, but the treasurer of the Southern Texas Live Stock Association, usually so sedate and far from sentimental this week exclaimed—"No wife to scold, no children to bark, I'm as happy as a man with no cattle at all." Singular wasn't it?

Says a correspondent of the Stockman: "Though I had eaten barbecued beef many a time before, yet I pronounced this the best I had ever tasted, and thought of you, Mr. Editor, and how you would have enjoyed it, for I had seen you eat at the Taylor stock show." To be sure! How Clardie did eat! Next witness.

Meyer Haif this week shipped to St. Louis two trains of fat beefs, one train load to Hunter, Evans & Co., and one to Scaling & Tamlyn. This is the first train load shipped from Texas of the season. The cattle are said to be fine. A herd of the same stock passed Fort Sumner on the trail on the 4th inst., and will reach the Colorado line about the 24th, in charge of Monroe Hardeeman.

Contributions to the JOURNAL'S branch office museum for the past week: From Dr. G. B. Johnston, Hereford acclimation remedy; from Dr. Trexler, one No. 9 shoe, slightly worn; from Uncle Jim Ellison, three marbles used by him when a boy; Sam C. Bennett donated one antique clay pipe; J. P. Hickman, Jr., a fine collection of drink checks (out of date); from Col. John Turner, a first class suggestion; Dell Dewees, three chunks of advice; (back-number articles); Col. R. J. Shelton valuable statistics on life insurance; W. B. Hamilton, ditto, ditto.

OUR WOOL SACK.

The buyers now buy. San Antonio is the wool market of Texas. The Arnold Bros. clip, 57 bags, sold at 15 1/2 cents.

C. E. Grove of Philadelphia, is on the market. The Rhots Bro.'s clip of 86 bags, 11 months, sold at 18 cents.

J. M. Jones, a well known flockmaster, was in the Alamo City.

Sheepmen have little to cry about with this week's wool market as in San Antonio.

Brother C. G. Hubbard went somewhere this week—out of town, but where?

Brother Sam C. Bennett says he's in the same boat with all other wool growers and is doing the best he can to make the buyers take care.

For June 29 is announced the wedding of Miss Lula Frost, daughter of Col. T. C. Frost of San Antonio, to J. T. Woodhull, of the well known firm of Woodhull Bros. Kinney county.

Wool Data.

Wool has come in quite freely during the past week considering the heavy rains and continued rains. Much activity has characterized the many buyers here, and the wool grower who handled his flock well and put up his clip in good shape can have little to grumble over as to prices realized. It will be remembered that the early circulars this spring from the Eastern markets conveyed only a gloomy outlook for Texas spring wools; and while they were in some measure misleading, yet flockmasters would not refuse even better prices than those obtained in San Antonio, where the best prices in the state have been so far secured.

The leading commission houses report as follows to the JOURNAL: T. C. Frost: Received to date 1847 bags.

Sales—1389 bags at prices ranging from 15 to 17 1/2 cents; sold the J. R. Morrison clip, 43 bags, 6 months wool at 16 1/2; Woodhull Bros., 370 bags, at 15 1/2, except bucks; J. R. Briggs, 23 bags, 8 months, at 16 1/2 cents through. Ed Kotula: Received 12 bags, D. K. McFarland; 11 bags, Geo. Carter; 3 bags, J. A. Bennett; 23 bags, Charles Carter; 10 bags, R. Curtis; 99 bags, J. M. Campbell; 83 bag, L. Haley; 19 bags, J. H. Baldwin.

Sales: J. A. Bennett clip, 218 bags, 6 months, at 15 cents; 67 bags at 15 cents; R. Curtis clip, 99 bags, at 16 cents; Von Ralder clip, 23 bags, at 15 1/2 cents.

G. C. Bennett: Received 7 bags, Sullivan; 16 bags, B. F. Hollingsworth.

Sales: 14 bags, C. A. Crowl clip, at 15 1/2 cents; 33 bags, Standaard clip, at 14 cents; 12 bags, Wm. Lewis clip, at 14 cents; 23 bags, Inger clip, at 13 1/2 cents.

A. B. Frank & Co. received 13 bags, F. A. Piper & Co.; 23, A. Carlie, sales; Murphy clip, 53 bags at 15; Carlie clip, 23 bags at 15; Piper, 13 bags at 15; Rodriguez, 19 bags, Youngman, 5 bags, Abbot & Davis, 85 bags, R. Frerich & Co., 19 bags, and E. Robinson, 40 bags, all private trades.

D. and A. Oppenheimer. Received for the week, 352 bags. Sales: Thomas clip, 16 bags at 15 cents; 15; Hy. Shan, 16 bags 6 months at 16; Kennedy clip, 25 bags at 15 1/2; Wilson, 19 bags at 15; Chas. Harr, 12 bags, at 15; M. C. Glick, 9 bags, at 15; J. C. Mitchell, 1 bag, at 15; W. Simmons, 12 bags, at 14; N. W. Ward, 9 bags, at 13 1/2.

B. Oppenheimer & Co. Receipts for week, 300 bags. Sales: Jno.

Wymiller clip, 106 bags, at 14, and 31 bags, at 15; Fielder & Son, 144 bags, at 15; C. W. Barnard, 101 bags, at 15; 47 scattering at 14 to 17 1/2.

Chas. H. Nash: Received 9 bags, F. A. Piper & Co.; 11 Jansen & Lipp; P. Levayson; S. J. P. Devine; 29, V. S. James. No sales to report.

Eugene Staffel: Has received to date 128 bags. Sold 64 of various clips at 15 to 15 1/2 cents.

M. Haif & Bro.: Have received 171 bags for the week.

Sales—235 bags, 14 1/2 to 17 cents. There was sold in San Antonio this week two clips of wool from sheep which had at one time been of the same flock. Both clips were six months' wool; one brought 14 cents, the other 15 cents. The clips were sold by the same firm on the same day.

The fourteen-cent sheep were in a terribly scabby condition, and it is said that next to no care was taken of them or proper effort made to eradicate the disease. The eighteen-cent sheep had been wisely handled and their owner has a pretty firm conviction that four cents difference per pound on his wool justified such extra care and expense as he was put to. The moral is clear, and words need not be wasted in pointing it out.

Beneficial to the Grower.

In the JOURNAL'S San Antonio reports on wool sales heretofore quoted this season, it may have been noted that while Col. C. E. Frost's reports were given, they have until the present been followed by the terse "no sales." During the past ten days Col. Frost has sold largely, as will be seen in another column. He had, in the interest of the grower, who consigns their clips to him, kept out of the market. Experience had led him to always make mature investigation of the markets of the East before the wool seasons open, and such care on Col. Frost's part enables him to act advisedly on behalf of the grower whom he may represent. Investigation this spring gave him such confidence in the outcome as to cause him to hold out of the market until six months wools reached at least 15 cents here.

When that standard was attained in the East, Col. Frost opened his clips to the buyers; he has sold rapidly at good prices, and those in whose interests he acts are reaping the material benefit of his judicious foresight upon which his confidence was so well based.

High Art.

Just across the Houston street bridge in San Antonio two or three of the old masters have been hard at work depicting choice bits of Texas scenery on the side of Collin's warehouse. The pictures are true to life and naturally so, as they were painted by an artist in their make up is of peculiar interest to stock raisers, and that is the windmills in each picture. Not only can a windmill contribute its share of beauty to high art, but the practical quality of these machines catches the attention of cattlemen; they are more and more realizing the necessity of pumping water from wells. These various pictures of Collins show the Eclipse windmill in a variety of ways and as one examines one of the mills as it silently but splendidly works on top of the building, it is not difficult to believe that the Eclipse is as perfect as such a thing can be, and just the machine for the ranch.

F. F. Collins is making a success of the business, judging by the many who are buying the Eclipse.

Money to Loan.

I will negotiate loans on good real estate, collateral or satisfactory paper. Will place loans on first-class security, paying from ten to 12 per cent. Will sell or buy shares, bonds and all securities. Live stock, real estate and land bought and sold on commission.

As heretofore I shall keep fully posted as to the move in cattle, sheep and lands in this section, and will be at the service of those who wish either to buy, sell or contract. My thorough knowledge of the resources and demands of this market enabling me to trade at most advantageous figures and terms, without waste of time.

ANSON A. MAHER, San Antonio.

Remedy for Scab.

One of the principal causes of trouble to the sheep raiser is scab. The men in the difficulty of keeping their flocks free from scab. More than a quarter of a million dollars is spent annually in Texas alone for the purpose, to say nothing about the loss of wool and injury to flocks.

Little's Patent Fluid Dip has none of these objections, being non-poisonous and freely soluble in cold water. And the universal success attending its use in Texas as elsewhere, has placed it in the front rank as a remedy for scab. And while a trial is the best test of its merit, as an inducement to make a trial, I refer to hundreds of flockmasters of Texas and other states who have used Little's Patent Fluid Dip with satisfaction.

The price, a very important consideration, is very low, costing only from one to one and a quarter cents per head.

If your merchant does not keep it send your order to Jno. A. Turner, Gen'l Ag't, San Antonio, Tex.

A Live Commission Firm.

If success be the measure of merit, then there must exist much of the latter in the enterprising live stock commission firm of Hines Clark & Co. of San Antonio. The firm's arrangements are so complete that they could doubtless fill an order for African elephants, and they always stand ready to handle every kind of Texas live stock in any numbers. Call on them if you want to buy or sell.

A. Parocost & Son, San Antonio, Texas, for fine clothing, hats and furnishing goods.

CHICAGO MARKET LETTER.

Sales of Cattle—Advice Not to Hurry Grass Cattle.

Regular Correspondence Texas Live Stock Journal. UNION STOCK YARDS, CHICAGO, May 11, 1935.

Receipts to-day 9000 cattle, 15,000 hogs and 7000 sheep. The fat cattle market was 10 cents lower, hogs were firm and sheep 15 cents lower.

Texas cattle are not coming very freely, but there is danger that the sales of the Miller and Stahl cattle at \$4.15 to \$4.25 will unduly excite our Texas friends. Better be careful and go slow. These prices are dangerous.

W. A. Sansom of Alvarado, Texas, had on the market 65 head of 183-pound Texas hogs, which sold at \$4.12. A lot of 540-pound Illinois Poland-Chinas and Chester Whites sold the next day at \$4.45, with no quotable change in the market. Shapely 140-pound pigs are far more valuable than the animals which average 400 pounds more. Think of it. How many Texas cowboys ever saw a drove of 18-month old hogs averaging 540 pounds?

Hon. Eli Titus was at the yards on business. He has just returned from a trip to New Orleans with his family. R. Freeman & Co. of Corsicana, Texas, had on the market a car-load of steers and heifers. J. Stahl, Kent, Texas, sold 241 through grass Texans at \$4.25. The lot averaged 743 pounds. They were nine days on the road.

J. M. Barry of Southern Texas had on the market 31 head of 588 pound Texas bulls, stags and oxen which sold at \$3.00. These cattle came to Chicago from New Orleans via the Illinois Central railroad. The cattle were sold by C. F. Reynolds & Co.

Among the late sales of grass Texas cattle were the following: 31 Texas stags, 588 pounds, \$3.00; 44 Texas, 780 pounds, \$4.10; 40 Texas, 886 pounds, \$4.24; 241 Texas, 743 pounds, \$4.25. On Wednesday, May 9, there arrived 42 head of 750 pound steers which sold at \$4.10, and which many thought were "through grassers." They were bought by a Chicago buyer in St. Louis Tuesday at \$3.55, and were there quoted as the first grassers of the season; but they were from Eastern Texas and had been fed a little corn. They were exactly the same as many lots which arrived here in January and February, March and April. For instance Jan. 15, 40 head, 860 lbs. sold at \$4.15; January 22, 135 head, 830 to 1046 pounds, sold at \$3.95 to \$4.50; January 29, 150 head, averaging 546 pounds, sold at \$3.90; March 26, 107 head averaging 733 pounds sold at \$4.75. In January we received 300 head, February 600 head, March 450 head, and in April about 4000 head of Texas cattle, which sold at \$4.00 to 5.15 for averages of 777 to 1189 pounds with one coarse, corn-fed lot averaging 1401 pounds. Last year the first strictly grass-fed Texans arrived March 20, 115 head, averaging 765 pounds, at \$4.40.

In May, 1934, we received 5000 Texas cattle, only 140 head of which were grassers. The latter sold at \$4.25 to 5.25, and corn-fed at \$4.65 to 6.10. During June 1934, corn-fed Texans sold at \$4.50 to 5.20, with old bulls as low as \$1.63. The season proper for grass Texas cattle did not open until about June 1, during which month we received some 25,000 Texas. During the present month we will doubtless receive a good many scattering lots of Texas, and by June 1, the season will probably be in full blast as it was last year.

THE LIVE STOCK BRANCH.

The Pioneer Insurance Company of Chicago. Insures cattle, hogs and sheep in transit against death from any cause except railroad accident. This company offers to the shippers of stock sound reliable insurance at the lowest cost giving complete protection to stock while in transit; we pay full market value for the loss on the spot. No charge for policies, no charge except for the actual risk assumed. Any animal shipped from any point not malarial or epidemic, in good health and sound, is eligible. Shipments are classified according to kind and distance. Insurance has effect from time of shipment on board cars until delivered to owner, agent or consignee at point of destination. Our rate on cattle insures against both death and cripples. Call or address: The Pioneer Insurance Company, Room 53 Exchange Building, Union Stock Yards, Chicago, Illinois. Texas Wool Grower. Established June, 1882. Consolidated with Texas Live Stock Journal. September 13, 1884. ISSUED EVERY SATURDAY. The Stock Journal Publishing Co. Fort Worth, Texas. W. A. GARNER, Manager. F. H. HALE, Secretary and Treasurer. Subscription \$2.00 per Annum.

Announcement. It has been deemed best by the officers of the executive board to change the place of holding the next annual session of the Texas Wool Growers' Association from Waco to Austin. Therefore, notice is hereby given that the next annual meeting of the Texas Wool Growers' Association will convene at Austin, Texas, on the first Wednesday in June, 1885 at 10 o'clock a. m.

National Wool Growers' Association. A meeting of the above Association is called by the president, Hon. Columbus Delano, to meet at St. Louis, Wednesday, May 27, 1885, at 11 o'clock a. m.

Woolmen. The following gentlemen interested as buyers or consignments of wool, form a fraction of the transient force now operating in Texas: G. Helleman of H. C. Dwight & Co., Hartford, Conn. J. F. Salter of A. M. Davis & Co., New York.

Fort Worth Wool Market. Very little wool has come in during the past week. A lot of Jack county fleecy Merino, not sufficient to cause competition, went to Armentrout at 14 cents. He purchased several clips at 15 to 15 1/2 cents, all bright medium. He puts the limit on any wool at 16 cents.

A Satisfied Sheepman. Of late several instances of successful management of sheep have come under observation where least looked for—amongst the small flocks—amongst the farmers. And it was somewhat novel, after looking so long to the large flocks of the west for successful sheep husbandry, to be reminded as we have often been reminded before that the small flock is the foundation of large ones, and that small flocks are generally successfully managed more often than large ones.

The Ohio Register. By courtesy of Capt. J. G. Blue of Cardington, Ohio secretary of the association we are enabled to add to our library the first volume of the Ohio Spanish Merino Sheep Register. Following the example of the compilers of other registers the Ohio volume contains much interesting matter concerning the introduction and improvement of Merino sheep in this country and does honor to the pioneers and prominent breeders by publishing the record of their achievements and by handing their features down to posterity. The work contains record of 202 flocks and 806 stock rams. The volume shows that great care has

been taken in the work of compilation. In glancing through the volume we discover one flock, that of Mr. A. S. Bebout of Gatesville, Coryell county, as the representation of the register in Texas.

The Haidnuck Sheep. From the American Sheep Breeder. Let others extol Cotswolds or South-downs, Lincolns or Leicester, Merinos or Angoras, which yield fat mutton and long-fibred wool exchangeable for plenteous gold by lazy owners. I claim that the palm of merit for its many virtues shall be awarded to my little Haidnuck sheep—the raggedest, scabbiest, most miserable-looking creature in the whole ovine family. Its huge and pampered relatives are doubtless very useful, but they are not absolutely necessary to the existence of man. Yet on the Haidnuck it depends. No human being could live in the sterile countries where it breeds were there no Haidnucks to fertilize the soil; yet in the past generations these lands have sent forth the mighty Anglo-Saxon and Borussia races to mold the world's history, and by their energy and puissance, achieve for their descendants the leading positions amongst the nations of the earth.

Let my reader follow me in imagination six thousand miles away to the high northern plateaus of Germany and Poland. After a tiresome walk of some twenty miles on a warm October day on a narrow slippery trail from a village inn, we find ourselves on the summit of a far reaching hill, whose sides and slopes are almost those of a steep-roofed house. Though not unlike the famous South Coast Downs of England in formation, their verdure is lacking here. Their crisp, sweet grass is not visible.

Let my reader follow me in imagination six thousand miles away to the high northern plateaus of Germany and Poland. After a tiresome walk of some twenty miles on a warm October day on a narrow slippery trail from a village inn, we find ourselves on the summit of a far reaching hill, whose sides and slopes are almost those of a steep-roofed house. Though not unlike the famous South Coast Downs of England in formation, their verdure is lacking here. Their crisp, sweet grass is not visible.

Haidnuck sheep are of comparatively little value. Dressed carcasses weigh only about 20 pounds, and the fleeces from 2 pounds to 3 pounds. It is difficult to describe a single Haidnuck, as one is seldom seen alone, their gregarious instincts compelling them to stick together like a cluster of bees. The biggest ram may measure 20 inches high, and 24 inches long. His head bears proudly two immense double or triple curved horns. He looks quite dangerous, but doesn't mean anything. Dirty, ragged, fat and impudent, his ewe only yields to him in the sole matter of being still smaller.

hungry peasants, who nevertheless may be quite as capable of appreciating the good things of the table—if they could only get more of them. The home of the Haida at night is a long and spacious straw-thatched barn, with wide doors at either end; the floor of which is covered with turf, the sods being renewed two or three times a week, and by the Snucks soon reduced to manure. The chief end of the keeping of Haidnucks is the very rich fertilizer which they produce. Without manuring, it would be impossible to raise anything on the barren high stretches of land which I have sought to describe, and without Snucks there would be no manure; but with sheep as a commencement, the deserts blossom. Through their fertilizing aid, oats, rye, wheat and clover will thrive; cattle and horses fed upon fertile pastures; the owner's little smoky hut is replaced by a comfortable dwelling; hard work out of doors has given brawny constitutions to him and his children ready to grapple with any of earth's difficulties, and to repeat the victories of the former dwellers of the Haid country, who went forth only to conquer by land and sea. In this country the Haidnuck might be of as much use to settlers in the northern parts of British Canada as they have proved themselves to be fighting the battle of life in Europe.

Woolmen. The following gentlemen interested as buyers or consignments of wool, form a fraction of the transient force now operating in Texas: G. Helleman of H. C. Dwight & Co., Hartford, Conn. J. F. Salter of A. M. Davis & Co., New York. M. J. Davis of Walter Brown & Co., Boston. W. D. Moore of Ed A. Greene & Co. of Philadelphia. Middleton Ogden of Ed Mellor & Co. Philadelphia. F. H. Root of H. C. Judd & Root, Hartford, Conn. Mr. Hickey of Price, Marmaduke & Co., St. Louis. Hill, Fontaine & Co., St. Louis. A. S. Speers of Speers, Holmes & Co. Mr. Hammond of The Dobson's, Philadelphia. Mr. Hoyle of Boston.

Weekly Clip. Maurice J. Davis of San Antonio, was here Thursday. Mr. Gruendler of Gruendler & Trube is on a Western trip. Geo. C. Baker representing a St. Louis wool house is at Abilene. The Arden & Metcalfe clip, Tom Green county, sold at auction for 17 1/2 cents. Last year the clip sold at 15 1/2 cents. Mr. Middleton Orden, representing Edward Mellor & Co. of Philadelphia, left his card on Saturday last for insertion in the JOURNAL. He was moving west. Mr. R. A. Muirgrave of Sweetwater, is publishing the Northwest Texas Wool Grower, getting out a good, readable, practical sheet. It is worthy of support, and has the good wishes of the JOURNAL. Messrs J. C. Crowder & Co. have opened up at Fort Worth for the purchase of wool and hides and invite all parties bringing anything in their line to town to give them a chance to bid, they will compete with any house in town.

A sheep raiser and merchant of Taylor county named Clark Hill, suicided at his ranch on Dead Man's creek, 17 miles from Abilene. He took a dose of laudanum. Heavy losses in sheep by the late cold spell. It is stated, induced him to take the fatal dose. The body was taken to Abilene and interred with Masonic honors. It was inadvertently stated in the article on the wool trade in Boston, published in our special issue of May 2, that Messrs. Denny, Rice & Co., had "buyers in almost every state in the Union from Michigan to Texas, and from Ohio to California." The sentence should have read: "They have consignments in almost every state, etc. The firm do a strictly commission business, hence they have no buyers in the field.—Boston Commercial Bulletin." Recent New York sales: 15,000 pounds spring (new) Texas at 15 to 16 cents; 5,000 pounds old spring Texas heavy at 12 cents; 25,000 pounds old spring Texas, 17 to 21 cents, latter part 16 to 18 cents; 18 1/2 to 20 1/2 cents for twelve months wool; 20,000 pounds new spring Texas; 25,000 pounds Eastern Oregon, 40,000 pounds Oregon pulp; 2000 pounds unwashed Long Island fleece; 2000 pounds black fall Texas, 12,000 pounds fine Texas, all on private terms; 32 bags Western Texas at 14 cents.

Messrs. C. C. French and C. F. Adams of Fort McKavet called on their way from Chicago, where they had sold a train load 1802 head of muttons. The returns showed gross receipts to be \$5862.34 or \$3.25 per head, and the cost was \$1.00 per head, showing a net result of \$2.25 per head for a choice and well selected lot of first class Western Texas mutton. Messrs. French and Adams would ship 15,000 to 20,000 head from Menard county range if they could get a double deck rate. As it is they will be content to market another lot they have on hand, then quit shipping. The first consignment of Texas wool was received yesterday by Cole Bros. Commission company, from the Berrendo Stock company, San Angelo, and from Foster & Wiggins, Sweetwater, the former shipping two cars of the clip and the latter one car. Hon. Wm. Vernon is connected with the Berrendo company, and Frank D. Hirschberg is its president. The wool was taken to the Paper Compression company and will be graded in accordance with the rule recently adopted. President Jerome Hill has ordered an expert grader from Philadelphia, who will arrive here shortly, and who is highly recommended. The new experiment will be watched with considerable interest.—St. Louis Republican.

L. HICBY, Wholesale and Retail Dealer in Iron Pipe, Brass Goods, Gas Fixtures, Etc., ENGINE FITTINGS, INSPIRATORS, Lead Pipes, Kitchen Sinks, Bath Tubs, Hydrants, Globe Valves, Wash Stands, Chandeliers, IRON AND WOOD PUMPS. SPECIALTY: The Bell Water Closet. 24 Main Street, Fort Worth, Texas.

GOLD LEAF Sheep Dip. A PURE EXTRACT OF TOBACCO. ALWAYS THE SAME. ALWAYS RELIABLE. Experienced wool growers all agree that Tobacco makes the best dip. It improves the wool and does not injure the sheep. The cost of Tobacco and its transportation is the only thing which has prevented its universal use. Located at the largest leaf market in the world, with patented processes for careful and economical work, we furnish A PURE EXTRACT OF TOBACCO, at a cost which makes its use an economy to every wool grower. It can be bought from leading merchants throughout Texas. LOUISVILLE LEAF TOBACCO CO. FOR SALE BY JOSEPH H. BROWN, Fort Worth, Texas. T. C. FROST, San Antonio, Texas.

FROM MILAM COUNTY.

A Trip to the Chamberlin Stock Farm.

DAVILLA, Milam county, Texas, May 6, 1885.

Editor Texas Live Stock Journal. We reached Bartlett late on the 5th. en route to the blooded stock farm of Hon. H. J. Chamberlin, to attend his annual shearing...

think by the way they feed, that they do not, and Mr. Chamberlin thoroughly satisfied us why he had never been able to keep Irish potatoes. We will cherish a recollection of our visit, and trust that the JOURNAL will be annually represented here.

Ammoniated Bread.

Ammoniated baking powders—that is, baking powders in which carbonate of ammonia is used as an ingredient, and which exhale an odor of ammonia when heated—are classed by many eminent physicians and sanitarians as superior to all others...

OUR ST. LOUIS LETTER.

The Wool Trade—Sales of Sheep.

Regular Correspondence Texas Live Stock Journal.

ST. LOUIS, May 11, 1885. I find the following in this morning's Globe-Democrat: "A few days ago Secretary Simmons of the Cotton Exchange, requested the railroad companies represented in St. Louis to make reports of the receipts of wool..."

OUR CHICAGO LETTER.

Texas and Western Sheep—Tricks of the Market.

Regular Correspondence Texas Live Stock Journal.

UNION STOCK YARDS, CHICAGO, May 9, 1885. The sheep business lately has been fairly good. Values have fluctuated considerably, but present prices are not at all discouraging.

MUTTON SHEEP.

Four Years' Experience in Wool Production.

Editor Texas Live Stock Journal: If my observation and four years' experience is worth anything to me, your position as to the necessity of larger size in the make-up of Texas sheep is correct.

DR. SANFORD'S LIVER INVIGORATOR

DR. SANFORD'S LIVER INVIGORATOR is a reliable remedy for liver complaints and all diseases of the liver, such as Dyspepsia, Constipation, Biliousness, Jaundice, Headache, etc.

sheep bringing from \$2.50 to 3.75 per 100 pounds for thin to fat sheep. The quality of the Texas sheep offered were pretty good and fair figures were obtained.

Here are a few of the sales made on Saturday:

No. 23 fat Texas sheared... 35 \$7.75; No. 24 fat Texas sheared... 36 3.61; No. 25 fat Texas sheared... 37 4.00; No. 26 fat Texas sheared... 38 3.25; No. 27 medium... 39 2.75; No. 28 common... 40 2.25.

OUR ST. LOUIS LETTER.

Black, burry, etc., less. Burry—hard at \$6 for Southern to 10¢ to 15¢ for Western, and slightly at 12 to 15¢. Dealers pay 10 cents for old and 20 cents for new sacks.

OUR CHICAGO LETTER.

The sheep business lately has been fairly good. Values have fluctuated considerably, but present prices are not at all discouraging.

MUTTON SHEEP.

Young or middle-aged men, suffering from nervous debility and kindred weaknesses, should send ten cents in stamps for large treatise giving successful treatment.

FROM VAL VERDE COUNTY.

Stock Movements—Organization of Val Verde County.

Regular Correspondence Texas Live Stock Journal. Our county election was held last Saturday, May 2, and same was one of the most exciting elections ever witnessed in this section of country.
