 Stock Landing, New Orleans, La.

—THE—

## Union Stock Yards,

CHICAGO, ILLINOIS.

The Largest and Best Live Stock Market in the World

The entire system of the Railways of the West centers here, making the Union Stock Yards the most accessible point in the country. The capacity of the yards, the facilities for unloading, feeding, reshipping, or for the sale of stock are unlimited. There is no point in the United States where stock will find as satisfactory market and sale to the shipper as the Union Stock Yards.

The quality of feed and accommodations given cannot be surpassed at any point in the country. The great city of packing houses that are located here, the large bank capital and the large number of buyers for the Eastern market constantly on hand, make this a quick, active and independent market. Cattle from the North, West and Southwest should reach this market without fail, in order to procure the best prices. There is now established a direct Cattle, Hog, Sheep and Horse trade between these yards and the most important markets in Europe. Agents constantly here from London, Paris, Hamburg, Liverpool and Manchester. The daily shipments from these yards to Europe are from one to two steamerloads. THIS IS STRICTLY A CASH MARKET.

**N. THAYER,** President. **ELMER WASHBURN,** Gen'l Superintendent.  
**GEO. T. WILLIAMS,** Secretary and Treas. **J. C. DENISON,** Ass't Sec. Ass't Treas.

\$3.85; C. B. Robertson, 27 cows, 744 \$2.25; 107 cows, 754 lbs, \$2.20; 113, 726 lbs, \$1.75; 28, 742 lbs, \$1.40; John Harris, 35, 800 lbs, \$2; H. M. Cattlett, 36 calves, 474 lbs, \$1.95; J. A. McFadden, 60 calves, 294 lbs, \$1.25; Scharbuer, 63, 848 lbs, \$2.90; 21 bulls, 1105 lbs, \$1.75; Saginaw company, 273, 940 lbs, \$3.05; S. Combs, 73, 947 lbs, 1090; R. S. McCaulley, 239 sheep, 70 lbs, \$3.

**KANSAS CITY.**

KANSAS CITY, Oct. 26.—Receipts for week, 37,199 head, three-fourths of which were Indian, Texas and Colorado grass cattle, mostly thin and common. Some choice half-breed grass steers, averaging 1318 lbs, brought \$3.60, and a bunch of corn-fed Texans, 1333 lbs, \$4. The bulk of stuff sells at \$2.25@2.90. Wednesday the receipts were 10,074 head, the heaviest in the history of the yards. There were over 17,000 cattle on the yards, the bulk of which were too thin for beef and went as canners, feeders and stockers. The movement was slow and values weak. Really good fat range cattle are no lower than last week, but common are 10@20c lower. A bunch of 424 head of spayed Texas heifers, weighing 816 lbs, brought \$2.17.

Sixty-three hundred cattle here today, consisting of common Texas and Colorados. Market slow and 5@10c lower than Wednesday. Fat cows steady.

For range of prices see following sales:

The Fish & Keck Co. sold for Millett Bros, 54 steers, 874 lbs, \$2.20; 20 calves, \$8.50 each; 39 steers, 897 lbs, \$2.40; J. Forsythe, 170 steers, 1138 lbs, \$3.15; J. P. Wisner, 48 cows, 934 lbs, \$2; 42 steers, 1294 lbs, \$3.50; Prairie Cattle Co., 109 steers, 906 lbs, \$2.25; Running Water C. Co., 215 steers, 966 lbs, \$2.55; J. Dulin, 49 cows, 873 lbs, \$2.10; A. H. Waite, 27 cows, 770 lbs, \$1.80; R. L. Harper, 67 steers, 1201 lbs, \$3; 69 steers, 1202 lbs, \$3; 80 steers, 1201 lbs, \$3; 67 steers, 1202 lbs, \$3; H. Brown, 37 steers, 1159 lbs, \$3.05; 54 steers, 1042 lbs, \$2.65; 76 cows, 862 lbs, \$1.65; L. B. Haver, 119 steers, 1191 lbs, \$3.05; Forsythe C. Co., 417 cows, 773 lbs, \$2; T. F. Pryor & Co., 43 steers, 930 lbs, \$2.65; 55 cows, 851 lbs, \$2; J. C. & T. F. Pryor, 202 yearling heifers, 630 lbs, \$1.75; J. C. Pryor & Co., 46 steers, 1030 lbs, \$3; 71 cows, 880 lbs, \$2.10.

Hunter, Evans & Co. sold for R. O'Keefe, 25 steers, 906 lbs, \$2.50; J. B. Pumphrey, 67 steers, 979 lbs, \$2.90; H. Hill, 97 cows, 816 lbs, \$2; 6 cows, 866 lbs, \$1.85; Olive & Pumphrey, 67 steers, 979 lbs, \$2.90; 84 steers, 985 lbs, \$2.90; Hi Kollar, 262 steers, 1318 lbs, \$3.60; 4 steers, 1310 lbs, \$2; 17 steers, 1384 lbs, \$1.70; I. W. Olive, 50 cows, 841 lbs, \$1.80; Olive & Laughlin, 131 cows, 854 lbs, \$2.10; 8 cows, 854 lbs, \$1.50; Pumphrey & L., 7 steers, 865 lbs, \$2.25; 1 cow, 790 lbs, \$2.10; 9 cows, 860 lbs, \$2.10; 8 steers, 903 lbs, \$2.40; C. H. Houx, 23 steers, 1058 lbs, \$2.30; Brush L. & C. Co., 41 steers, 1101 lbs, \$2.25; Phoenix F. & R. Co., 86 steers, 911 lbs, \$2.10; 12 steers, 955 lbs, \$2.35; 10 cows, 874 lbs, \$1.30; F. C. Graves, 35 steers, 1081 lbs, \$2.15; W. H. H. Crammer, 32 steers, 1102 lbs, \$2.10; Bent, Moore & Co., 42 steers, 1052 lbs, \$2.10; Smith & Forsythe, 193 steers, 917 lbs, \$2.50; Rainwater C. Co., 200 steers, 952 lbs, \$2.85; T. B. Cochran, 56 steers, 1045 lbs, \$2.75; 155 cows, 863 lbs, \$2.10; 2

cows, 1120 lbs, \$1.80; 74 cows, 854 lbs, \$1.82; Hi Kollar, 22 steers, 967 lbs, \$2.90; R. C. Beard, 15 steers, 1008 lbs, \$2.35; 22 bulls, 1199 lbs, \$1.50; W. & T. Rush, 78 steers, 931 lbs, \$2.30; G. R. Greathouse, 52 steers, 926 lbs, \$2.30; 93 cows, 941 lbs, \$1.70; 88 steers, 926 lbs, \$2.30; A. P. Bush, 281 steers, 875 lbs, \$2.45; W. W. Simonds, 367 steers, 1037 lbs, \$2.65.

The James H. Campbell Co. sold for Forsythe, 547 cows, 783 lbs, \$1.80; Bugbee, 105 cows, 886 lbs, \$1.90; 39 bulls, 1258 lbs, \$1.50; 39 steers, 996 lbs, \$2.45; Robinson, 424 sheep, 86 lbs, \$3.20.

**ST. LOUIS.**

ST. LOUIS, Oct. 26.—Market to-day slow and prices weaker if anything. Supply small and mainly of common cattle. Sales of steers at \$2.50@3; Indians, \$2.60@3.30; Texas cows, \$1.85 \$2.15. Sheep dull for everything except choice.

**NEW ORLEANS.**

NEW ORLEANS, Oct. 26.—Market heavily supplied with beef cattle, calves and yearlings. Prices low and unreliable. Hog market full supplied. Prices weak.

QUOTATIONS.—Choice heeves, per pound gross, 2 1/2 @ 3 1/2 c; common to fair, 1 1/2 @ 2 1/2 c; good fat cows, 1 1/2 @ 2 c; common to fair, \$8 @ 11; calves, \$4.00 @ 7; yearlings, \$6 @ 10; good fat corn-fed hogs, per lb gross 6 @ 7 c; common to fair 4 1/2 @ 5 1/2 c; good fat sheep, each \$2.50 @ 3.; common to fair, \$1 @ 2.

**GALVESTON.**

[Reported by Winfree, Norman & Pearson.]

BEEVES AND COWS—Choice, per lb, gross, 1 1/2 @ 2 c; common, per head, \$8 @ 10; 2-year-olds, choice, per head, \$8 @ 10; common, per head, \$6 @ 7; yearlings, choice, per head, \$6 @ 7; common, per head, \$4 @ 5; calves, choice, per lb, gross, 2 @ 2 1/2 c; common, per head, \$3.00 @ 3.50.

SHEEP—Choice, per lb, gross, 3 @ 3 1/2 c. HOGS—Choice corn-fed, per lb, gross, 6 @ 6 1/2 c; mast-fed, per lb, gross, 5 @ 5 1/2 c.

REMARKS.—Receipts of common to fair cattle continue to be fully equal to the demand. Prices weak with little prospect of any immediate advance. Market well supplied with sheep. Hogs in demand.

**SAN ANTONIO.**

The local market has been quite unchangeable for the past week. Cows which are the principal class in demand, and consequently also the main offerings are steady at quotations. Hogs are the only class of live stock which is not in supply equal to the demand, but prices have not advanced on last week's quotations simply because they are as high as the trade will stand.

Quotations are as follows: CATTLE—Steers, shippers and butchers, \$14 @ 16; cows, fat, from \$10 @ 14; light, at \$7 @ 10; yearlings, \$3 @ 7.50; calves, \$3 @ 4.

SHEEP—Muttons, \$1.00 @ 2.00. Goats, average stock 50c @ 1.25 per head. Hogs—Natives \$4.50 @ 5.50

**DALLAS.**

CATTLE.—Choice fat butcher steers, 2 @ 2 1/2 c; choice feeding steers, \$17 @ 20; choice fat cows, 1 1/2 @ 1 3/4 c; choice fat yearlings, \$6 @ 9; veal calves in good demand at 3c; bulls of any kind find ready sale at 1c; milch cows, \$20 @ 30.

Hogs.—Good smooth feeding hogs, 6 @ 6 1/2 c. SHEEP.—2 1/2 @ 2 1/2 c; goats, \$1.25 @ 1.50.

**STEPHENS & DOBYNS,**  
LIVE STOCK

Commission Merchants

Kansas City, Mo. and Chicago, Ill.  
We make a specialty of the Texas and Western cattle and ranch trade. Are prepared to make contracts for the delivery of Texas cattle for 1889. Consignments and correspondence solicited.

TRADE MARK

Commission Merchants

For the sale of

CATTLE, HOGS AND SHEEP.

Rooms 9 and 10 Exchange Building,

KANSAS CITY STOCK YARDS.

Prompt and correct market reports furnished by mail or wire. Consignments solicited. Correspondence given immediate attention.

**A Dollar Saved is a Dollar Made.**

We have saved Texas stockmen thousands of dollars this season, and now all we ask is your assurance that our efforts in your behalf are appreciated. This you can give, by sending us a share of your trade.

We make a specialty of the Texas cattle and sheep trade, and our facilities enable us to secure for you the best possible market values. It will be our aim to put dollars in your pockets by fully protecting your interests.

Try our method of doing business, and if you don't like it, we will not ask again. We are not in the business for empty glory, and yet we don't want the earth.

A small portion will satisfy us and if you want the remainder, ship to us and it is yours.

Respectfully yours,

HUNTER, EVANS & CO.

Friends of the Texas live stock trade.

October 27, 1888.

---

**THE CLIP.**

Wool growers should always keep an eye upon the great eastern markets.

The Chicago wool market is active, selling 400,000 pounds of wool per week. The receipts have been 24,000,000 pounds of wool since January 1, 1888.

The Boston wool market sold 126,000,000 pounds of wool since January 1, 1888, an increase of 27,000,000 pounds over the sales of last year for the same period.

The Angora goats exhibited at the State Fair at Dallas were not numerous. Mr. Wm. M. Landrum of San Antonio was conspicuous by his absence. Several ladies were inquiring for him.

Sales reported by the Boston Commercial Bulletin: 36,000 lbs of medium spring Texas, 18@22c; 217,000 lbs fine spring Texas, 15@21c; 2,000 lbs medium fall Texas, 13@18c; 2,000 lbs fine fall Texas 12@15c.

Quotations from the Boston Advertiser: Texas and Southern wools—Tex spr med (12 mos), 18@22c; Tex spr fine, 15@21c; Tex spr fine (six to eight mos), 15@20c; Tex spr med (six to eight mos), 17@20c; Tex fall fine, 11@15c; Tex fall med, 13@18c.

We always mention the wool sales at the eastern markets to give the wool growers a chance to figure intelligently upon the home markets. It does not pay to ship when the western buyers are boosting the markets, but it does pay to ship wool when the western buyers are afraid to operate.

Boston Commercial Bulletin:—Texas wools are strong and steady. Most of the sales are of spring wools at previous quotations, with a few lots of fall. Prices in Texas rule very high, varying upwards from 13 to 15@17c for best fall wools, equivalent to 48@50c delivered scoured at the mill.

San Angelo Standard:—Gus Pfahl was up from Menard this week, and bought 14 head of Shropshire rams from Bird & Mertz. He also bought a big bill of goods here and is very much pleased with the city. Maddox Bros. & Anderson of Menard, traded to F. Sanders, of San Saba county, 400 head of ewes for cattle this week. Mears & Hobbs sold this week the following clips: W. E. Murphy's at 15 cents, Grinnell & Ray's 15 cents and J. W. Nasworthy's 14 1-2 cents.

San Angelo Standard:—Frank DeLashmitt bought of D. E. Sims of Paint Rock, 1,200 head of mixed ewes and wethers at \$1.75 per head. H. R. Gregg bought of C. C. Chamberlain 400 head of muttons which he expects to fatten for the spring market. He has gone down after them. Bird & Mertz shipped for J. J. Harcourt three cars of fat muttons—690 head—to Chicago Wednesday. Patterson & Williams have sold to Redford Bros. of Runnels county, seven head of Merino rams. Bird & Mertz sold to Stewart & Day, of Schleicher Co., 9 head of Merino rams this week.

Sales reported by the New York U. S. Economist: 60,000 pounds spring Texas at 17c; 75,000 pounds do do at 16@19c; 20,000 pounds do do at 21c; 40,000 lbs do medium grades at 15@18c; 10,000 lbs Colorado carpet grade at 12; 10,000 lbs Montana medium at 19c; 36,000 lbs new fall Texas at 15@18c; 120,000 lbs, the "Lytle" clip, in Galveston, Texas, to go to Boston, at 17c; equal to 20c landed at the latter place, or equal to about 60c a pound clean. This is a very fine clip of wool, ranking up close

to the Callaghan clip. 15,000 lbs spring Texas, 14,000 lbs do, one year's growth do, 3,800 lbs do do, 3,000 lbs do do, 15,000 lbs washed medium choice fleece on terms not disclosed; 12,000 lbs black Texas on same terms.

Boston Advertiser:—The wool market holds in a very firm position, especially on fleece wools, and the volume of business still aggregates quite large. There is not any great activity noticeable, but, as buyers are in want of supplies, they are operating quite freely, and, as business averages, full figures are obtained. On some kinds values have strengthened somewhat, and a buyer would find it more difficult to pick up a bargain now than was the case a week or two ago. Offerings of fleece wools are much lighter than they were and some kinds are getting quite scarce. This is occasioned in some part by the fact that many consigners have withdrawn their wools from the market, as they do not wish to sell until after the election is over. The feeling seems to be that the brace that will be given to business if the Republican party is successful in the November fight will be sufficient to restore confidence to all branches of the trade, and on this supposition many holders are willing to take their chances and consequently will not sell until the question is decided.

**A Safe Investment**

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised druggist a bottle of Dr. King's New Discovery for consumption. It is guaranteed to bring relief in every case, when used for any affection of throat, lungs or chest, such as consumption, inflammation of lungs, bronchitis, asthma, whooping cough, croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at H. W. Williams & Co.'s drug store.

**An Intelligent Sheep.**

Several years ago I was at home with my father and mother; we had a very cunning sheep among a large flock. The intelligence of the sheep was shown by many ingenious tricks, one of which I mention. Father had a large barn, and on one side was a shed in which we kept the sheep. In the side of the barn next to the shed there was a large oat-bin in which we had several hundred bushels of oats. At various times when we were not at the barn, we could hear a very peculiar noise—knock, knock, knock—in the shed. We did not pay any attention to it at first; but, as the strange knock, knock, knock continued, we began to wonder what it could be. So we tried various ways to find out, but failed in every attempt.

One morning about 4 o'clock father arose, and hearing the noise in rapid succession, set about to solve the mystery, and, to the satisfaction of all, succeeded. He walked very carefully and slowly to the barn, and stooped down and peeped under the door before the sheep was aware of it. He saw the sheep referred to, which had long horns, standing beside the oat-bin, with its tongue in a spoon shape placed underneath a knot-hole, while it would hammer the plank with its horns and thus cause the oats to run out. On examination we found it had poured out several bushels.—[John B. Baker in Central Christian Advocate.]

**Cattle Feeding.**

The Chicago Drover's Journal, says: Probably the established facts of our giant corn crop has discouraged many who considered it a good year to feed cattle. Nobody doubts that there is a huge crop of corn and also a large number of young cattle throughout the country. This being the case it is rea-

sonable to suppose that cattle would be fed very extensively the coming winter. At any rate many argue this way and prefer to sell rather than take chances on feeding. Extravagant prices for cattle the coming winter are not probable, but some of the most experienced and level-headed cattlemen in the country will feed cattle in a business like way, and the indications are that they will make a fair business profit on the winter's work. Last year there were some exceptions, but as a rule the men who lost the most on cattle feeding were the ones who commenced feeding four cars of cattle with feed only for two cars. Such men never succeed except by chance, while men who plan broadly and in a systematic business-like way often make money in apparently the hardest times.

**How two Men of Gilliam, Mo., Drew \$5,000.**

Two gentlemen living in Gilliam, Marshall, Co., Mo., have reaped the reward of investments in The Louisiana State Lottery. The prize drawn here in The Louisiana State Lottery was \$5,000 and was drawn by a ticket held jointly between E. J. Dunlap, the druggist, and Mr. James Wooldridge who is in the store of W. H. Land & Son. They received the cash through the Citizens Stock Bank last Saturday. —[Marshall (Mo.) Progress, Sept. 1.]

**Rock Salt.**

Messrs. Turner, McClure & Co. of Fort Worth have en route a car-load of the celebrated rock salt, which is the best salt that can be used for cattle, horses, and all kinds of stock. Cattle like the rock salt and prefer it to all other. They cannot eat enough to hurt them, as it is as hard as a rock and must be licked. Messrs. Turner, McClure & Co. will fill orders by mail promptly, either in large or small quantity. Send a trial order. TURNER, McCLURE & Co.

**ST. JACOBS OIL**  
**Sprains and Strains.**

**Certain Cure.** Original Statement, 1861. Renewed, June 29, 1887. Over two months ago fell on the ice, badly dislocating my shoulder, causing great suffering; one application St. Jacobs Oil gave relief; one bottle gave final cure. No return of pain. W. E. DOWDALL, Postmaster, Peoria, Illinois.

**Certain Cure.** Original Statement, 1884. Renewed, June 14, 1887. Have not felt the least effects from my hurt since I was cured, three years ago, of a terrible sprain by St. Jacobs Oil. S. W. DIXON, Baraboo Station, Wis.

**Certain Cure.** Original Statement, 1878. Renewed, June 27, 1887. Used St. Jacobs Oil about 9 years ago. Sprained my back; had to be carried home; instead of going to doctor used St. Jacobs Oil. In a week was all right. GEORGE M. GRAY, City Bill-Poster, Denver, N. H.

AT DRUGGISTS AND DEALERS.  
THE CHARLES A. VOGELER CO., Baltimore, Md.

**Boyd's Patent Portable Houses!**

Strictly Portable Frame and Box Houses.  
**Just the thing for the Panhandle.**  
Made by machinery; shipped from the factory in bundles, marked and numbered. No waste of lumber; no nails. Especially suited for dry climates. In case of shrinkage of lumber can be easily and quickly tightened at small expense. No nails to pull. Cheap and strong. Residences, stores, farm houses and cabins. Send for catalogue.

**MUSTANG LINIMENT**

MEXICAN MUSTANG LINIMENT cures PILES, OLD SORES, CAKED BREASTS—all INFLAMMATION.

## SAN ANTONIO.

To the blizzard stricken northwest is dedicated the item that on the ranch of F. O. Skidmore, in Bee county, Texas, are to be found herds of native bred Hereford and Shorthorn cattle, selling at \$25.00 a head for spring calf bulls, and at the same time some 1,000 tons of native prairie hay cut in the pastures from May to December and selling at \$6.50 per ton on the ranch, baled.

THERE is a committee at work canvassing for a subscription of \$100,000 bonus to the S. A. & A. P. R'y. to extend from Kleberg, Nueces county, to Brownsville. This would be strictly a ranchman's road, running through a country devoted exclusively to stock growing, and passing by one of the largest salt deposits in the west. The prospects of the success of the enterprise are flattering.

IT MAY not be actually necessary to the welfare of your cattle to raise fruits and flowers, but it would enhance the value of a ranch as well as add beauty and comfort, to have the ranch home surrounded by a spacious lawn neatly kept and well arranged and selected flower beds, and to have an orchard close at hand in which were to be found peaches figs, plums, grapes, olives, pears, etc., in their season. This is a rough pen sketch of what the Southwest Texas stock farm and ranch will be in the near future.

A FEW years ago the country about, and south and west of San Antonio was judged to be only fit for the roaming at will of wild cattle and horses, to be gathered only by the lasso. Now it is cut up into pastures and fields, and corn, cotton, potatoes, sorghum and all the crops and vegetables of this latitude are to be found successfully grown and from 10 cents per acre, the land has enhanced in value to from \$2.00 to \$5.00. All this change has taken place within a decade, and the country is susceptible of even a greater change within another decade.

IT is probably true that the combination of interests to subvert the natural laws of trade is the evil tendency of the age and an effective remedy should be discovered and applied. By-the-way, no complaints have yet been lodged against the American Cattle Trust, and the evil effects of that "combine" in putting up beef on the poor consuming public. Levi P. Morton is a member of this Trust, and if no other of his schemes have grown more detrimental to the public than the Cattle Trust, he has not yet done much to injure the "poor man." This is especially referred to that class of journals which once held up this combination as a very wicked and dangerous affair.

H. A. MCKEE, for many years a sheep man of Kinney and Val Verde counties, is closing out and will make his home at Santa Ana, California, where he is now having a house built. He does not wish to engage in a business that is singled out of all the industries to receive the blighting stroke

of the federal government. He left the confines of civilization to engage in this business in the then wilds of Texas, exposed to Indian raids and the lawless marauders from beyond the Rio Grande, but never faltered till he among other pioneers brought security and all the adjuncts of civilization to the borders, only to be driven out by a government that promises equal protection to its humblest citizen. He is a sheep man, pure and simple, hence under the ban in this, his native land.

COL. AUGUST BELKNAP of San Antonio is out for congress in the 10th district in opposition to J. D. Sayers. Mr. Belknap is well and favorably known as a live business man and is always to be found in the front ranks in all enterprises of a public character both with liberal means and personal work and influence. In politics he is conservative Republican, having openly supported Cleveland four years ago, but now from what he considers good, sound business reasons, supports Harrison and protection to American industries. Of course he is heartily in favor of retaining the tariff on wool as well as on all articles needing protection against foreign competition. The time of his canvass will be short, but wherever he will go in the district he will meet nothing but courteous treatment for he is the kind of man that by nature commands it.

FROM an examination of the exports of horse stock of San Antonio, one must conclude that good stock is about "played out." To some extent this is a fact. The demand for all kinds of horse stock for the past few years has taken at least the surplus scrubs and all. There are very few, if any more herds of wild horses to be found in Texas. The fencing of pastures puts the ranch horses under much closer control, and they are now as regularly rounded up, branded and cut out as cattle. The great majority of ranchmen have sold out all scrubs, off colors, etc., while there was a demand for them, and now even the native horses for breeding are of a much better class than formerly, while many have added imported stallions. While very few of the results of these improvements are yet on the market, in a couple of years the character of the native Texas horses for sale here will be of a very different character to what they are now generally known. The day of \$10 and \$15 Texas ponies are about passed, and even from Mexico that class will soon become scarce. Then the shipments will probably become somewhat lighter from here, but there will be more money in it than there is now, especially to the raiser of the stock.

### San Antonio Wool Market.

There has been very little change since last week, the market continuing fairly active until just at the close of this report, when a little weakness was felt, but it is not enough to change quotations of last week. Several foreign buyers have filled their orders and left or are preparing to leave, but as the local buyers are yet in the field as strong as ever this fact will hardly

have a depressing effect. The stock in hand is reported pretty well exhausted, and not more than 1000 bags are said to be in store here, and many of these belong to incomplete clips and have not yet been put on the market. From present indications the wool in this market will all be sold as soon as it comes in.

Quotations are as follows:

Heavy medium	.....16	@17 c
Fine	.....14	@15 c
Burry from 2@3c off.		

### San Antonio Horse Market.

The past week has been a repetition of the previous week, general quiet ruling. There are plenty of horses in the market as well as mules, but nearly all are in second hands, or rather in the hands of speculators, and shippers are always on the look out for purchases from first hands and the saving of speculators profits. Prices are firm at quotations, especially on mules, as the principal season for the mule trade is near at hand. The retail trade is pretty fair as several shippers are picking up lots from the retail yards to make up their quota. The shipments for the week were 667, as against 559 for the week previous.

Quotations are as follows:

Scrub and poor mares, 12 to 13 1/2 hands	.....\$ 8@12

### HORNS AND HOOF'S.

L. J. Dailey of Hays county is here after stock.

Chas. E. Hicks is back from a trading trip to Nueces county.

J. M. Martin, ranchero of McMullen county, was in town this week.

J. W. Smith is back from a horse trading expedition to Arkansas.

H. Yoakum, horse buyer is here looking up another consignment.

E. L. Rucker of the Indian Territory is here after young steer stock.

Florencio Dominguez is here from Mexico with four car-loads of mules.

Mont Woodward of Batesville, Zavalla county, stopped at the Southern this week.

J. B. Brown of Buchel county, large cattle and sheep raiser, was at the Southern this week.

Crisoporo Vela is here from the lower Rio Grande with a couple car-loads of horse stock.

E. R. Rachal, representing W. W. McIlhenny & Co., Chicago, was a guest at the Southern this week.

C. W. Simmons, S. P. Colving, and W. H. Gohagan of Louisiana are here looking for a shipment of mules and horses.

J. E. Price bought twelve car-loads of mules and horses for shipment on Wednesday. This looks like a revival of the trade.

John R. Shook of San Antonio bought a full blood Holstein yearling bull of Albert Devine, for which rumor says he paid \$150.

The genial Hines Clark of Pressnal, Clark & Scott, live stock commission merchants, Collins, Texas, was among his numerous friends here this week.

Ben Darlington is back from a mule

## \$93 Sewing Machine Free!

We want one person in every village, town and township, to keep in their homes a line of our ART SAMPLES; to those who will keep and simply show these samples to those who call, we will send, free, the very best Sewing Machine manufactured in the world, with all the attachments. This machine is made after the SINGER patents, which have expired. Before the patents ran out, this style machine, with the attachments, was sold for \$98; it now sells for \$50. Reader, it may seem to you the most WONDERFUL THING ON EARTH, but you can secure one of these machines ABSOLUTELY FREE, provided your application comes in first, from your locality, and if you will keep in your home and show to those who call, a set of our elegant and unequalled art samples. We do not ask you to show these samples for more than two months, and then they become your own property. The art samples are sent to you ABSOLUTELY FREE of cost. How can we do all this?—easily enough! We often get as much as \$2,000 or \$3,000 in trade from even a small place, after our art samples have remained where they could be seen for a month or two. We need one person in each locality, all over the country, and take this means of securing them at once. Those who write to us at once, will secure, FREE, the very best Sewing Machine manufactured, and the finest general assortment of works of high art ever shown together in America. All particulars FREE by return mail. Write at once; a postal card on which to write to us will cost you but one cent, and after you know all, should you conclude to go no further, why no harm is done. Wonderful as it seems, you need no capital—all is free. Address at once, TRUE & CO., Augusta, Maine.

buying trip to Nueces county, and says that it rains down there sometimes in spite of all reports to the contrary.

H. C. Davis has bought some 300 head of feeders in this market for which he paid from \$17 to \$18 per head. They will be fed in Gonzales county.

L. P. Alexander of Missouri is here again for a shipment of mules. Mr. Alexander is one of the most extensive traders in this class of stock that visits this market.

S. G. Speed, the live stock farmer of Frio county was up and scattered a few sheekles among the newspapers, and he is no candidate for office either. It is only a singular and old-fashioned way he has to "pay the printer."

Morin Bros. report the following as among their sales for the past week: 50 horses and mares at \$13.75 per head; 21 horses and mares, \$17.75; 142 horses and mares, \$14; 34 mules, \$27; 30 mules, \$37.50; 27 horses, \$18.

H. C. Hall of the Indian Territory, who has been making large purchases of young steer stock in the lower country, the particulars of which have been published in these columns was a guest at the Southern for several days this week.

Don Camilio Saens of Starr county is here with a bunch of horse stock, and will be back with a hundred head in three weeks, not to exhibit them at the fair, as the "unreliable" capper sheet has it, but to sell them in the open market.

There were a lot of 84 Durango ponies received on Wednesday with shaved manes, and in general appearance fully warranted the STOCK JOURNAL'S classification of "scrub." At last accounts they had not been sold, and \$7 per head was the highest offer.

Webb Sullivan of Encinal county is back armed with the necessary proof and got the horse that he was after and which was stolen from him some time ago. If all men were as persistent in tracing up lost stock as Webb is there would be less crooked trading going on.

Hollingshead, Skidmore & Malone are stocking the pasture which they recently bought in McMullen county with steer stock. They purchased some 2700 head of Bronson of Victoria, from his Wharton county ranch. The prices are not given on all, except 1000 head of three-year-old and upwards, which are reported at \$16.50 per head.

John J. Rhodes of Frio county was in town this week. Mr. Rhodes refused \$10 for two-year-old steers next spring. He thinks that they should bring at least \$11 per head. Mr. Rhodes is a candidate for the legislature from his district, and as he has no opposition, it might be well to begin now to call him the Honorable Mr. Rhodes from Frio county.

H. P. Jordan of Victoria county is the pioneer silo man of that section of the state. He has put up and filled

two silos with sorghum cut-fodder, 4000 tons in each. He built them in circular form, 100 feet the circumference. He will feed about 400 steers this winter on ensilage and cottonseed, and the result of this enterprise will be closely watched by many in that section of the state.

Wm. Cassin of Uvalde has been buying some 1700 head of one and two-year-old steers to stock his pasture in Zavala county, for which he paid \$6.50 and \$9.50 delivered at the pasture. About 1200 of them he picked up in Wilson county and 200 in Gaudalupe, while the remainder, 500 head, are being put up for him in Frio county. He is yet in the market for some 300 head.

F. O. Skidmore was in town the middle of the week. He has put up some 800 tons of hay so far, and expects to make it fully 1000 tons before the end of the season. He has five mowers running and has been at work since some time in June. That's the kind of country that Bee county is, where they keep a mowing machine running in the pasture with cattle over six months in the year.

J. M. Mathis of Charco, Goliad county, was in town the later part of last week. Mr. Mathis, who is an old-time Texas ranchero, has fallen into the line of progress that is moving men out of old Texas methods of running cattle loose without care or feed. He is now cultivating large fields, and even growing cotton. He is now practically a stock farmer, and prepares to feed his beeves every year.

Alonzo Millett made a flying visit to the city the middle of the week, and reports everything in fine shape in La-Salle county. He is not feeding any this season, as grass is too plenty and grass beeves will probably equal almost stall-fed in the spring. He has been offered \$7 and \$10 for his one and two-year-old steers and 12c per month pasturage to hold them over for spring, but the then twos and threes will be worth more money to him.

Pressnall, Clark & Scott, the live stock commission men of Collins, Nueces county, have contracted to deliver next spring at Kleburg, 1000 head of beeves to Howard & Stoddard of Wyoming for \$16.75 per head. They are to be from the ranch of Mrs. H. M. King. This firm has recently sold some 9000 head of stock to different parties and could have sold double that number at the same figures, i. e., \$6 and \$9 for ones and twos, had they been able to put them in the country.

G. W. Saunders' sales for the six months ending October 24 were 2157 beeves at an average of \$15.25 per head; 3023 cows at an average of \$10; 820 two-year-olds at \$8.25; 400 yearlings at \$6, and 250 calves at \$4, making an aggregate of 6700 head of stock at a sum total of \$73,558. This he did alone and single handed. He now has for a partner in his commission business that well-known and enterprising gentleman, W. H. Jennings, but Mr. Saunders retains personal control of the San Antonio stock yards.

**THE WOOL SACK.**

Sam Jordan of Encinal was here during the week.

John and R. Weymuller of Uvalde county, well known as extensive wool growers were in town during the week.

G. K. Chinn of Uvalde county a live and progressive wool grower, was in during the week, interesting himself in the wool market.

C. W. Wilkins of Wilkins Bros., a big sheep firm of Langtry, left here on Tuesday for Boston, on a two-months' visit among friends and relatives.

All the old wools left over from

spring have been sold this fall at an advance of from three to five cents per pound over what was offered last spring.

Henry Burns, the buck man has yet six bucks left out of the 800 that he brought to this market. Out of the 1,400 head sold here he sold 800, which just entitles him to be distinguished as the leading "buck man."

The coming spring will again find a goodly number of sotol fattened muttuns ready for maket in the western counties. Last year's experience in this class of feeding was highly satisfactory, both to the seller and buyer, the latter declaring that they stood shipping as well as the best of corn-fed muttuns of the north.

Schneidwind purchased the Ellis & Seearce clip this week paying therefor 15 1/2 cents in Uvalde. He has also purchased the Hugh Jones, T. L. Whaley and J. E. Kelly clips at prices ranging from 13 1/2 to 15 1/2 cents delivered in Uvalde, and is now trading for others. He will store his wool here until he secures a sufficient amount to justify him in making a through shipment to Boston. By selling their wool here, sheepmen save freight to San Antonio, insurance, commission and other items of expense connected with the shipment. [—Uvalde News.

Largest stock of tin plate, metals, sheet iron, iron roofing and siding in Western Texas, Piper & Schulthess, San Antonio, Texas. We sell at factory prices, only freight added.

**How to Treat Runts.**

Wife. Pa, you had better catch these two runts of our last litter of pigs and put in the chicken-yard.

Husband. Those runts? I think we would do well to kill them at once; they don't grow nohow.

Wife. Do you know why? It be because the larger pigs keep pushing them away all the time, and the runts have to feast on the empty trough. You just put them here in this yard, close by, and I will feed them clabber and purslane, and in a month or six weeks' time I will have them shining like "niggers fed on 'possum grease."

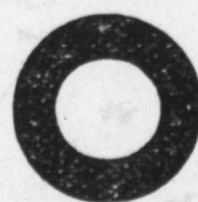

This happened a month ago, and now they look very well indeed. I shall kill them for family use in the course of two or three weeks, and they will come in in the right time. They out-grew those running loose. [Southern Planter.

### TEXAS SIFTINGS.

We have made arrangements with the Texas Siftings Company, by which we can afford to send the *Siftings* for one year to anyone who will secure for us four subscriptions to the TEXAS LIVE STOCK JOURNAL, at our regular price of \$1.50 per year. The subscription price of the *Siftings* is \$4 per year, and it is the greatest humorous paper published, and it is now profusely illustrated. The yearly issue of fifty-two papers contains 820 pages, 3000 columns and 1500 illustrations.

Anybody can rustle four subscribers to the TEXAS LIVE STOCK JOURNAL, at \$1.50 each, and by sending us the \$6, can receive the *Siftings* for one year. Address,

**THE STOCK JOURNAL PUBLISHING CO.,**  
Fort Worth, Texas.

THE principal objection to the dairy-breeds is that they make a world of work around the house, but properly systematized the work becomes lighter and the profits are greater.

THE Live Stock Indicator of Kansas City issue of October 10th, contains four good illustrations of Websters Dehorning chute. Those farmers who contemplate dehorning cattle should procure a copy of the paper. Mr. Webster the inventor is said to have dehorned 223 head of cattle in one afternoon.

MR. S. A. MARNEY, proprietor of the Stock Growers Journal, Miles City Montana, has sold out. He went to Miles City, and by publishing a very creditable paper was of great benefit to the range cattle interests. Mr. Marney received his live stock journalistic education on the TEXAS LIVE STOCK JOURNAL.

THE Jersey cows are getting a very strong hold in Texas but in order to obtain the best butter results, some local creameries will have to be started in localities where the herds are

not close to the principal towns. The exhibit of Jersey cows at Dallas was magnificent and the same can be said of the Holstens.

#### THE DAIRY.

##### Summer Butter Making in Texas.

A little herd of Jersey cows in Texas—ten in number, are now making about ten pounds of choice butter per day, and together with ten gallons on buttermilk sold in bulk, daily, produce a gross revenue of \$5.00 per day. They are being fed bran and meal, worth \$1.00 per day, at present prices, and the remainder goes for pasturage and labor. There is a very nice, clean, visible profit from these cows, but that is more than could be said of them during the summer months, and it is to say something concerning the summer dairying that these cows are mentioned in this paper.

The proprietor of the cows fixed a shed for the cows, and by providing an abundance of feed, but his available funds were exhausted before summer dairying was provided for, and the consequence was that the only time during the entire year that the ordinary run of people consider butter making profitable in Texas, was the very time when the cows were managed at a possible loss.

The principal reason for this state of affairs was that the owner was not prepared to set the milk in water at a proper temperature, and although patent cans giving the greatest possible air space were used and these cans were kept in a cool shady place, the milk soured quickly and a third of the cream was lost. It is estimated that during three months the loss was fully one dollar per day. This loss added to a reduction of 5 cents per pound in selling price and the cost of ice used in the refrigerator to keep the butter nice and firm, simply absorbed all profit from butter making, during the three hot months.

The high cost of ice (\$13.00 per ton) prevented the owner from quickly adopting one of the many portable creameries offered on the market, and the matter was temporarily passed over to be decided upon before the summer temperature comes again. The question at issue is; cream separator versus creamer, and at present the cream separator is in favor.

##### A Small Flock of Sheep.

The small stocks on a farm are generally very profitable as compared with the investments, as also with the general farm crops when considering the expenses and labor employed thereon. Poultry comes first as one of the small revenue producers, and next the cows, that furnish the milk and butter for family use and the surplus that goes into town, but neither furnish any greater proportionate revenue than a small flock of sheep, or are so little trouble.

All the wonderful calculations of successful sheep husbandry are based upon small flocks and all the failures in sheep husbandry are derived from

## LIVE STOCK COMMISSION MERCHANTS.

large flocks. The small flocks always pay. An example was recently presented to the Southern Planter, and a flock of 84 head, valued at \$279; realized from sale of lambs and wool in 1 year the amount of \$582, with sheep worth \$187 on hand at the end of the year. A total revenue of \$490, out of which fifty dollars would pay for all extra feed, besides the pasturage.

If any farmer in Texas will furnish a nice little grass lot capable of carrying 50 sheep, and stock it with the commonest kind of sheep, they will add at least \$100 per annum to his income. He must feed them during winter, but an acre per sheep of good grass will keep them nicely in summer. The little 25-acre sheep pasture must not be used for all the milk cows, work horses, poultry and geese.

##### New Zealand Mutton.

As one of the arguments sometimes advanced against the shipment of mutton from Texas to English ports, the statement is made that the shipment of frozen mutton from New Zealand to England does not pay. This statement was advanced recently in England coupled with the assertion that the producers received but 2 cents per pound, for the carcass. It now appears that recently a revival in the business is greatly improving the trade and that the New Zealanders have received five cents per pound for the carcass which is a very fair price for range mutton.

##### FROM BELL COUNTY.

A Recommendation for Mr. Ikard, Also for the Journal.

ROGERS, TEX. Oct. 22, 1888.

Texas Live Stock Journal:

Dear Sir: I bought of W. S. Ikard of Henrietta, Texas, one pair of Berkshire pigs that are very fine. I do not think better pigs can be had in any country.

I saw the advertisement in the JOURNAL. I am a reader of the JOURNAL and think it the best paper of the kind I know of. Its correct market report entitles it to be read by every stockman.

Cattle in this section are in fine condition. There will be a good many cattle fed here this winter.

Yours truly,  
L. J. HEFLY.

##### A Voice From the Nation.

CADDO, CHOCTA NATION, }  
October 21, 1888. }

Editor Texas Live Stock Journal:

I see prices quoted in the JOURNAL for Southwest Texas cattle, \$6, \$9 and

\$12, for 1, 2 and 3-year-old steers. Our cattle have sold here as follows for 1 and 2-year-old steers \$7.50 and \$12, heifer yearlings \$6, fat cows \$12.

The young cattle all bought up by home buyers, and a good many have bought in Texas. A good many of our large cattle raisers are not selling any beef cattle, and are holding them over. The range is fine and cattle are fat. We are only waiting for Texas and other cattle producing states to unload their surplus beef; then we always sell our cattle for their value.

We have no taxes to pay, no land to buy and the good range is free, but we cannot see any profit a fat steer weighing 1,000 to 1,200 lbs. selling at \$2.25 \$2.30; fat cows at \$1.25.

I started to Colorado, Texas, to get prices on one and two-year-old steers for myself and other parties, but stopped off at Fort Worth and was informed by stock dealers that they were worth out there, \$8 and \$15 for one and two-year-olds, so I came back about a month ago.

Let me know when my subscription to the JOURNAL is out. I cannot do without the good paper.

BEN HAMPTON.

"The best thing yet!" That is the way a young man put it who made arrangements to work for B. F. Johnson & Co., of Richmond, Va. You can get further information by dropping them a card.

Don't buy the Missouri penitentiary saddle trees, but buy the genuine Loeloff, for sale by L. S. Brackett, San Antonio, Texas.

**ROUND-UPS.**

The Texas steer which made a lunge at a circus elephant in Texarkana never knew who came out ahead. He got a whack from a trunk line which knocked him stiff and cold.—[Exchange.]

Ed Biggs of Curryville, Missouri, had on the market to-day 2 yearlings steers, averaged 1011 lbs, which he raised and fed himself and sold at \$4.99. They were little beauties.—[Chicago Drivers Journal.]

Tascosa Pioneer:—Another shipment of X I T cattle was made on Wednesday of this week, this time from Farwell. There were four trains, numbering 1440 head, and going like those of last week to the Suggs pasture in the Indian Territory.

Tascosa Pioneer:—Last night a train load of cattle numbering above three hundred were run into the Cheyenne station and unloaded. They had been started at Folsom, came from West's ranch in New Mexico, and were going to Kansas City. They had been packed too closely in the cars, it was found, and had to be taken out for reloading. Several were down, and the only relief was in the plan adopted. Men and horses were hired from here to hold the herd for a couple of days.

William E. Hawks, president of the Soda Springs Land and Cattle company, also traffic manager of the American Live Stock Express company's palace cars, was here to-day superintending the sale of two trains of cattle which arrived in very good shape. They came through in palace cars. Mr. Hawks is also president of the Plymouth Rock Cattle company, of Red Rock, Montana. To-day's cattle belonged to the Soda Springs Land and Cattle company of Soda Springs, Idaho. They came through in very fast time, averaging about 26 miles per hour.—[Chicago Driver's Journal.]

**Merit Wins.**

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklin's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. H. W. Williams & Co., druggists.

**Keene.**

Mr. Thos. W. Keene, the distinguished tragedian and his superb company will be seen at the opera house on Monday and Tuesday evenings, in Richard III and Othello.

Mr. Keene is deservedly the most popular tragedian that visits Fort Worth and we are always glad to welcome him.

He appeared in San Antonio last week and the Times says:

"The purple robes of tragedy are not out of place on Tom Keene's shoulders. Since the death of the lamented McCullough he is undoubtedly the most popular tragedian in the west, popular because he loves his art, is conscientious and never throws off. There was a good audience at the Grand last night to welcome his return. In Richard, Richelieu and Shylock he presents three great impersonations which properly enacted must place him or any other tragedian in a high niche in the temple of fame, and to Mr. Keene's credit be it said these characters are most creditably enacted, worthy, indeed, of the reputation of this popular actor."

**Know All Men;**

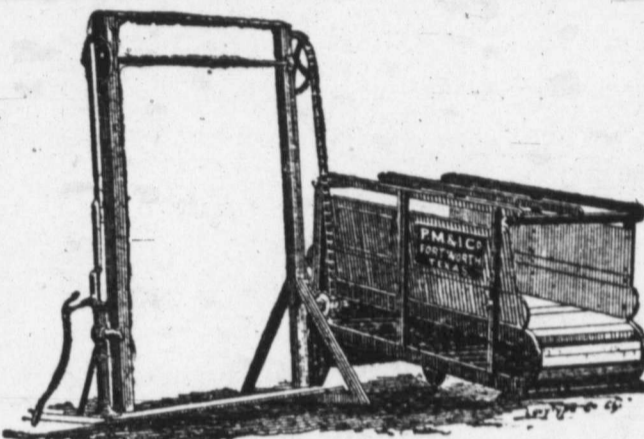

To wit: Teachers, preachers, public speakers, actors, singers, lawyers, "and the rest of mankind," that Ayer's Cherry Pectoral is considered the best preparation ever discovered to heal and strengthen the vocal organs, weakened or injured by over-strain.

Principal Samuel Bement, of the Bartlett School, Lowell, Mass., writes: "I have used Ayer's Cherry Pectoral, for several years, in cases of severe colds and throat affections, and have always found it a speedy and effectual remedy for these ailments."

"I should be unable to perform my clerical duties, without the use of Ayer's Cherry Pectoral," writes Rev. A. C. Kirk, of Hillsville, Pa.

**Ayer's Cherry Pectoral,**

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1, six bottles, \$5.

**The Marshall Pumping Power.**

The best and most economical horse power for pumping. A pair of ponies, burros, Texas steers, or anything which can walk and has weight will do the work and without a driver. No pulling, just a walk up hill. Used for raising water for irrigation, watering stock and brick making. Will handle pump in any depth of well. Send for prices.

**FORT WORTH.****General Range and Stock Notes.**

Col R. D. Hunter of Hunter, Evans & Co. is in Fort Worth, at the Pickwick hotel.

Tom Atkinson of Henrietta is in Fort Worth. He has been taking in the Dallas fair.

C. F. Estill of the Kentucky stables sold several good single drivers during the present week.

J. W. Fray of Marshall, Mo., arrived in Fort Worth with a car-load of blooded stock for Jno S. Powell & Co.

The For Sale and Exchange columns of the JOURNAL are interesting reading for those desiring to buy or sell cattle.

Mr. Oxsheer of Colorado City, paid Wm. Hittson \$10 around for a few hundred steer yearlings to be delivered at Colorado City.

A prairie fire was reported from Tascosa as raging in the pasture of the Lee cattle company, but a determined force was at work putting it out.

The Panhandle prairie fires extended largely into the pastures of the Franklyn company, but were extinguished by rains on Sunday last.

Mr. Joseph Osborn of Mt. Carroll, Ill., is offering a stock of merchandise in exchange for horses. His notice is in the For Sale or Exchange column.

Mr. F. J. Smith of Crockett, Houston county, shipped 800 two-year-old steers to Benbrook, Tarrant county, to winter them in Goforth's pasture.

Mr. J. L. Norris of Eminence, Kentucky, a breeder of Holsteins was in town going to Parker county to view some lands he contemplates purchasing.

Reports from Jack, Wise and Young counties all bear testimony as to the excellent condition of the range and the fine prospects for wintering all the stock.

Miller & Collis, Fort Worth butchers, have been buying fat cows at 1½ cents, steers at 2@24; hogs, plenty at 6@6½; sheep at 24, and calves, good ones, at \$4@5.

Sir Robert Burnett, one of the directors of the Espuela Land & Cattle company was visiting the property and returned home, leaving Fort Worth on Thursday.

Captain J. C. Richardson of Fort Worth, wants to bring two to three thousand grown steers to be delivered on the cars in Texas, and for shipment to the Nation.

Young, Andrews & Kuhen of Fort Worth, are purchasing 2000 yearling steers to winter in pastures near Fort Worth. They have on sale at their yards 100 head of mules and horses.

A recent sale of 2500 stock cattle at \$8.50 per head by Mr. Frazier of Toyah to the Sierra Land & Cattle company of New Mexico denotes the accepted value of the extreme Western Texas herds.

Mr. E. D. Farmer of Tarrant county, has returned from England greatly improved by a pleasure excursion to visit his friends and relatives. He is now looking up a few hundred steers to fill up his pasture.

A cold rain accompanied by high winds came down upon Fort Worth, Texas, on the night of Saturday the 21st inst. and remained with us some time. This sort of weather is arriving considerably in advance of the usual programme.

Subscribers to the JOURNAL will find the date their subscription expires with

their name on the paper. Renewals are solicited at \$1.50 per annum. The TEXAS LIVE STOCK JOURNAL is, the best of it is the cheapest live stock paper issued.

Mr. H. G. Bedford has been in Fort Worth from Knox county attending court and purchasing wire to fence a 6,000 acre steer pasture. He says that two and three-year-old steers are so scarce in his section that quotations cannot be given.

According to the official returns of the Kansas City Stock Yards, the consumption of beef and muttons at Kansas City is fully one-third greater than during the year 1887. This is due to the increased packing capacity of the works at the yards.

The 4,000 Waggoner beef cattle sold to Belcher & Belcher evidently lost considerable money, as drafts amounting to close on \$25,000 over the amount the cattle brought were unpaid by the commission firm, and Waggoner & Son are now suing for the money.

On November 10, at Denver, Col., a meeting of territorial and state veterinarians will be held to agree upon uniform sanitary regulations for the control of Texas cattle movement. It is not expected that any further restrictions will be placed on this traffic.

Mr. L. D. Voak, live stock agent of the Missouri Pacific who has been moving about considerably of late says that the beef cattle movement will conclude in the west in about thirty days, but that the southern movement will begin directly after the turn of the year.

Mr. A. S. Harrington of Odell, Nebraska is again advertising some Hereford cattle and as his stock is often sold to ranchmen and subscribers of the JOURNAL we call especial attention to his notice which is in the For Sale or Exchange columns of the JOURNAL.

M. O. Lynn comes in from the western country on the line of the Texas Pacific road and gives a good account of it, saying that the range is in very nice condition to winter stock, and that the cattle on the range are in a little better than average condition to stand the winter. The rains falling recently put water on the ground as far out as Pecos.

A letter from Chief Mayes of the Cherokee Nation to Secretary Vilas, concludes saying: "The Cherokees having owned by patent, used and occupied this country for more than a half century undisturbed, we expect to continue to own and use it—especially to derive a revenue from its various resources, its minerals, timber and grazing privileges."

Whoever may receive a copy of this paper as a sample, is requested to read it carefully, including market reports and advertisements, then to decide if they have use for it, either as a subscriber at \$1.50 per year or as an advertiser. This paper has a larger circulation than all other range live stock papers combined, is the best live stock market report and a valuable advertising medium.

The famous pacer, Little Brown Jug, is now the property of Commodore Kitson's daughter, in whose hands he has shown himself to be a gentle and reliable ladies' horse. His three consecutive heats at Hartford in 1881, when he beat Mattie Hunter and Lucy in 2:11½; 2:11½ and 2:12½, remain unequalled. The black stallion, Dan Harding, at Polks stock yards is a half brother to Brown Jug, and is one of the handsomest horses in the U. S.

Captain J. C. Richardson of Fort Worth, received a consignment of hogs from Houston county and held them in Fort Worth for some time, but shortly after arrival here the hogs commenced

to die. The hogs if continuing healthy could have been sold at a high price, but as it happened they had to be sold at a nominal price to parties who thought it possible to save some of them. What the disease is has not been determined.

Mr. John Tod manager, of the Texas Land and Cattle company returned southward after visiting the Panhandle range. He says that the cattle of the Panhandle will not go into winter in very good shape, and the grass is of late growth and not very sustaining. The eastern portion of the Panhandle is in considerably better condition than the west, but the cattle of the entire Panhandle country will require tender handling by winter storms, or losses will be severe.

Sales at Polk's stock yards, Fort Worth, Texas: By Clark, 5 cows av 900 lbs at 1½c; 5 do av 800 lbs at 1½c; by Farmer, 7 cows, av 870 lbs at 1½c. W. T. Wallace sold 15 hogs, av 165 lbs at 6c; P. B. Welborne, 37 sheep, av 90 lbs at 2½c; Getzendaner & Sims, 2 cows, av 780 at 1½c; Kincannon sold 41 sheep at \$2 per head; Getzendaner & Sims and others sold 47 cows, av 750 to 885 lbs at 1½, also 57 steers av 940 and 967 lbs at 24. Other sales were at the same range of prices.

The following appeared in the Chicago Evening Journal of Saturday, October 20:—"Armour & Co. received 13 cars of cattle this morning from Kansas City over the Chicago, Milwaukee and St. Paul Railway. They were in Street's stable cars in first-class condition. H. Michaels also had two loads in Street's cars in the same train, which were in good condition. In the same train Carl Nafion had two cars in the Montgomery, or American Live Stock Company cars, in which there were three dead and four crippled. Such tests as these carry their own argument. Comment is unnecessary."

DALLAS.

Notes.

The Warren stock farm, of Parker county, was prominently represented.

The sale notes of Mr. H. B. Sanborn were full of handsome Percherons.

Some swine received premiums, but the swine exhibit could have been better.

The Williamson county representation is not extensive but is very good to its full extent.

The sheep exhibit was principally from northern states. The Texas exhibitors were scarce.

and I made a m crusher advertised in the JOURNAL was exhibited in operation at the Texas state fair.

Col. W. E. Hughes of Dallas was represented by some massive Holstein bulls and some choice females.

A gentleman by the name of Stephens from Honey Grove, had a very handsome representation of Jerseys.

Rumsey Bros. & Co. of Topeka, Kansas, and formerly of Westfield, New York, have a very choice lot of Devon cattle on the grounds.

Amongst the nursery displays that of Drum & Baker Bros. of Fort Worth, was considered very good. The Dallas nurseries were also well represented.

One of the important agricultural implement displays at the fair was that of Messrs. Parlin & Orendorff Co. They had the scientific grinding mill, and operated on ear corn with the shuck on.

Mr. F. M. Houts' string of Herefords was headed by the famous sweepstakes bull, Harkaway, and he is a magnificent three-year-old beef all over and beautifully grand in his proportions.

The most extensive cattle exhibit was of Jerseys, and some beautiful specimens of this breed were on the ground, including some herds that had not appeared at any previous shows.

Mr. S. B. Howard of Bonham, Fannin county, had a magnificent Holstein cattle exhibit, of pure-bred and acclimated stock and his share of premiums was large. His cattle are mostly from a renowned New York herd and were extra fine.

Among the sheep exhibited at the Dallas fair there are none finer or attracting more attention than those of H. O. Samuell of Mesquite, Texas. They are Southdowns, and consist of four rams and seven ewes. Mr. Samuell has a large number of these elegant sheep on his ranch near Mesquite, and parties desiring to improve their stock or secure a start for raising a flock of pure Southdowns could not do better than to consult Mr. Samuell. Mr. Samuell also has a 2-year-old Durham bull, King Warrenton, on exhibition at the fair, and as a proof of his superiority he carries the blue ribbon for being the best bull in the class in which he was exhibited. He is a dandy, sure, and stock raisers about Mesquite may be proud of the fact that he steps in that neighborhood.

Sales of Cattle at Carter & Son's Stock Yards, Dallas, Texas.

W. E. Wallace of Decatur, Wise county, arrived on market with 60 head of choice fat cows and found ready sale.

P. Staders of Ellis county, sold 27 cows at \$12 to \$14.50.

Bowen Bros. sold 1 ear hogs on local market at 6 cents.

J. P. Ray sold 18 hogs at 6 1/2 cents, averaging 207 lbs.

Sam Jourdan sold 11 steers at \$20 per head.

Bud Wright sold a bunch of bulls to F. & G. Hamm at 1 1/2 cents.

O. K. Riley sold 5 milk cows at \$27.50 per head.

J. H. B. Jones sold 9 veal calves at 3 cents, average 209 lbs.

J. D. L. Killough sold 3 cars of mixed cattle, price not known.

T. H. Smith of Kerrville, Texas, has on market 1 car of goats.

Mr. Stubbs sold 1 ear of choice fat sheep on local market.

Mr. E. D. Hicks of Nashville, Tennessee, sold 25 head of registered Devon bulls to J. B. Wilson, at \$100 per head.

Hutson Bros. of Montague county, Texas, sold to Openheimer 11 head cows at 1 1/2 cents.

H. G. Butler sold 21 steers at \$18 per head.

Shelt Brown sold 7 milk cows at \$23 to \$30 per head.

J. E. Maddox sold to local butchers 11 cows at \$15.25 per head; also 6 steers at \$20 per head.

Harry Martin sold 12 veal calves at 2 1/2 @ 3 cents, averaging 190 lbs.

Mr. Green sold 5 hogs to Whittington & Son, averaging 240 lbs. at 6 1/2 cents.

Morris sold 18 cows at \$14.75 per head to local butchers; also 5 steers at \$17.

L. A. Miller sold 7 cows at \$10 per head; also 4 veal calves at 3 cents.

Charles B. Barnes sold 24 cows at \$13 per head.

F. T. Bird sold 27 sheep at \$2.25 per head.

Hay Presses at the Centennial Exposition, Cincinnati, O. 1888.

We are just in receipt of information that the Whitman Agricultural Co. of St. Louis, Mo., were awarded the 1st prize silver medal on their Horse Lever Hay, Straw and Wool press; also 1st. prize silver medal on their Belt Power or Steam Press for same purposes, over all competitors. This company have had most wonderful success with their presses throughout this country, and in foreign lands were they have received numerous medals. The above well-known company will cheerfully furnish any information required in regard to presses.

Gubbins Makes a Speech.

Mr. Gubbins, aroused from his slumbers by serenaders under his daughter's chamber window, raises his own window and remarks:

"Gentlemen it affords me no end of pleasure to contemplate the intense delight and unutterable ecstasy that would have filled the maidenly bosom of my delovd daughter, had she been permitted to absorb the soulful strains that have been lavished on my unappreciative because uneducated ears. In her absence it devolves upon me to speak a few words of acknowledgment of the kindness of heart that has prompted you to come hither, alone and unattended, on this moonless night, for no other purpose than to give a fellow creature a momentary pleasure. I sincerely and unfeignedly thank you, gentlemen, for your consideration. I will not trouble you to sing again, gentlemen, if that's what you call it, but will simply say in closing these impromptu remarks, that though in musical matters both my education and observation have been limited, yet I am satisfied of one thing, namely, that Dame Nature never committed a more egregious blunder during her long and eventful career, than when an insatiable and consuming passion for serenading by moonlight was coupled with such outlandish fog-horn voices as your party possess. Good night gentlemen. Bear to the right a little as you pass out of the yard as Tawseri chain is rather long, and he is anchored just around the northeast corner of the house."—[Dansville Breeze.

Farmers, Ranchmen and Hotels,

Sending their address to Turner & McClure, wholesale and retail grocers, Fort Worth, Texas, will receive by return mail their very low price list.

Sample Watch Free Read This Carefully

Cut this Out. It Will Not Appear Again

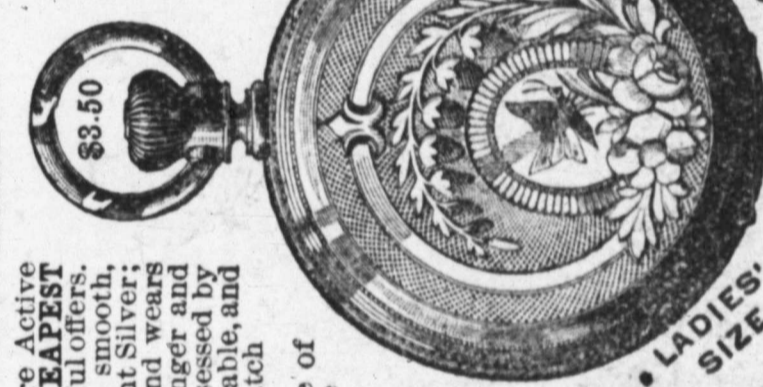

YOUR CHOICE OF THESE WATCHES

**CHICAGO MARKET LETTER.**

**Continued Heavy Receipts of Cattle—Range Cows Crowding Forward—Remarkably Good Canning Demand—Some Prime Western Rangers—Native Cattle, Hogs and Sheep Lower.**

Regular Correspondence Texas Live Stock Journal.

U. S. YARDS, }  
CHICAGO, ILL., Oct. 22, '88. }

We received 57,000 cattle last week and this week opened to-day with 15,000 head for a starter.

One day last week we received 16,000 head and no particular attention was paid to the fact. It is true that 15,000 cattle per day now do not create any particular disturbance while ten years ago half as many in a day glutted the market.

Of course prices are unsatisfactory at times when we have big receipts, but the greatest marvel of the whole business is what is done with the 50,000 to 70,000 cattle that come from week to week. People who ever since the boom broke in 1884 have been shouting "short crop" are astonished at the current big receipts and wonder where they come from, but where they come from is no more wonderful than where they go to.

The ranges are being depopulated of cows and if this thing goes on cattle will surely "be worth something after awhile."

The native cattle are now selling lower, at \$3.25@5.90 for inferior to choice steers. Native cows are coming more than freely and are selling at \$1.30@3.

Some very prime 1400 to 1500-lb Montana cattle have lately been marketed at \$4@4.70.

To-day some of the Stone & Wilson Indian cattle sold as follows: 102 head, 1126 lbs, \$3.60; 115, 1142 lbs, \$3.70; 100, 1439 lbs, \$3.80.

E. Purcell marketed 288, 983-lb Texans at \$3.

The Cattle Ranch & L. company shipped here from Englewood, Kansas, 100 steers, 1156 lbs, which sold at \$3.50, and 209 cows, 923 lbs, \$2.65.

Texas calves, \$2.50@4.  
Texas steers, \$2.25@3.20; Texas cows \$1.75@2.20.

Sheep market steady. Inferior to choice, 70 to 92-lb Texas sheep, \$2.05@3.55.

Hogs are selling lower now at \$5.40@5.80.

The general live stock trade is in very healthy condition and prospects are more encouraging.

A. C. HALLIWELL.

A man who has practiced medicine for 40 years, ought to know salt from sugar; read what he says:

TOLEDO, O., Jan. 10, 1887.

Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience, have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of Catarrh that it would not cure, if they would take it according to directions.

Yours Truly,

L. L. GORSUCH, M. D.,  
Office, 215 Summit St.

We will give \$100 for any case of Catarrh that can not be cured with

Hall's Catarrh Cure. Taken internally. F. J. CHENEY & CO., Props., Toledo, Ohio. Sold by Druggists, 75c.

**At the Races.**

Alfred—Did you enjoy the races to-day, Miss Brush?  
Miss Brush—Oh, very much! The weather was delightful, the attendance large and fashionable, and although the pleasures were slightly marred by the death of two little jockeys in the steeplechase, I can scarcely recall a day I have enjoyed so much.—Life.

**DISEASED BLOOD,**

*Scrofulous, Inherited and Contagious Humors Cured by Cuticura.*

THROUGH the medium of one of your books received through Mr. Frank T. Wray, druggist, Apollo, Pa., I became acquainted with your CUTICURA REMEDIES, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I have ever seen, and this after having been pronounced incurable by some of the best physicians in the county. I take great pleasure in forwarding to you this testimonial, unsolicited as it is by you, in order that others suffering from similar maladies may be encouraged to give your CUTICURA REMEDIES a trial. P. S. WHITTINGER, Leechburg, Pa.  
Reference: Frank T. Wray, druggist, Apollo, Pa.

**Scrofulous Ulcers.**

James E. Richardson, Custom House, New Orleans, on oath says: "1870 Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain and looked upon life as a curse. No relief or cure in ten years. In 1880 I heard of the CUTICURA REMEDIES, used them and was perfectly cured."  
Sworn to before U. S. Com. J. D. CRAWFORD.

**One of the Worst Cases.**

We have been selling your Cuticura Remedies for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofula I ever saw was cured by the use of five bottles of Cuticura Resolvent, Cuticura, and Cuticura Soap. The Soap takes the "cake" here as a medicinal soap. TAYLOR & PAYLOR, druggists, Frankfort, Kan.

**Scrofulous, Inherited,**

and contagious humors, with loss of hair, and eruptions of the skin, are positively cured by CUTICURA and CUTICURA SOAP externally, and CUTICURA RESOLVENT internally, when all other medicines fail.

Sold everywhere. Price, CUTICURA, 50 cts.; SOAP, 25 cts.; RESOLVENT, \$1. Prepared by the POTTER DRUG AND CHEMICAL CO., Boston, Mass.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations and 100 testimonials.

PIMPLES, black-heads, chapped and oily skin prevented by CUTICURA MEDICATED SOAP.

**Uterine Pains**

And weaknesses instantly relieved by the Cuticura Anti-Pain Plaster, a Perfect Antidote to Pain, Inflammation and weakness. A new instantaneous and infallible pain-killing plaster. 25 cents.

**Southern Blockade Toilets.**

"You should have seen me during the war," said Miss Spencer. "I looked too awful for any's sight."

"I did see you," rejoined Mrs. Carroll. "You remember when you were in the village to which I had flown from the bombarded city? You had on a curtain-calico bed-spread gorgeously flowered, made into a dress, which you called a Pompadour costume. And I remember, too, that the dusky maiden of twelve who handed me a glass of water, was attired in a tick dress of exquisite design, simple, yet elegant. Of this, too, I thought you seemed quite proud."

"I was proud to think how cleverly I adapted myself to circumstances. That girl was in tatters. All the calico that had run the blockade was bought up, so I bethought me of a wool mattress that I owned and raised it up and sold the wool to be wound and made into clothing for the soldiers. I had the tick washed and I made two dresses and two aprons for Flora."

"Do you remember Mrs. Ashford's bonnet, and how we all screamed at her as she entered the room, 'Where on earth did you get that new bonnet? Did it run the blockade?' 'No, indeed,' she exclaimed, proudly. 'This is the same old bonnet that filled me with despair whenever I looked at it, it did seem such a hopeless case. I procured some black varnish and gave the straw two coats of it. I dyed the faded old ribbon with pokeberry juice and I made a cluster of buds out of pink tissue paper and covered them with a puff of black lace, and you see the result of my ingenuity.'

"I gave my flannel skirts to be utilized for a soldier who was dying in the hospital of consumption," continued Miss Spencer, "and, as a substitute, I made a skirt of a heavy three-ply carpet. It was as heavy as lead, of course, but it was the best that could be done under the circumstances. I made one for Flora, and the dusky maiden, as you call her, was very indignant at being compelled to wear a carpet skirt, and informed me that I had dressed her in the mattress and the carpet, and 'I don't know what's coming next,' she added, tearfully.

"Do you not remember," inquires Mrs. Carroll, "Mrs. Pember's description of her 'full-dress toilet,' boots of untanned leather, tied with thongs, woven homespun dress in black-and-white block—the black an old silk, washed, scraped with broken glass into a pulp, and then carded and spun; white cuffs and collar of bleached homespun, and a hat plaited of rye straw, dyed black with walnut juice, a shoestring for ribbon to encircle it, and knitted worsted gloves of three shades of green—the darkest bottle shade being around the wrist, while the color tapered to the loveliest color of the pea at the finger-tip. Yes, we were busy women in those days. The noise of the spinning-wheel was heard throughout the land, and the constant clip of the scissors as we cut up our flannel skirts to make shirts for the sick in the hospitals, and our best dresses to be turned into kressing gowns for them. We tore up our linen sheets to send for bandages and we stripped our floors of carpets to make soldiers' blankets."—[Demorest's Weekly.

**Senator Stanford's Cure for Poverty.**

The other day I asked the millionaire senator from California, "How would you abolish beggary?"

"There is only one way," he said. "Dry up the source—abolish the conditions that make beggars. To try to cure poverty by street charity is like trying to stop a hole in your roof by mopping up the puddles that gather on your floor. I asked him if he would specify the conditions.

"Yes," he said, I can vaguely indicate them. Let me say, in the first place, that it is not millionaires that cause poverty. Nobody is worse off, because the Vanderbilts are worth \$200,000,000. If they had not the wealth, it would not exist at all. It is only in those communities where millionaires are possible that the average citizen has enough to eat. Now what causes poverty?

"(1) Ignorance of how to save money. I found beggars in California in 1850, when a man could go out with a tin pan and earn \$5 before breakfast. When by working three hours a day, a man could make his board and clothes, there were always shiftless creatures around whom the rest had to support. It is the same now. The soil is wonderfully fruitful there. Merely 20,000 men produce all the wheat of the state, and export 1,000,000 tons of it every year, and yet there are beggars. We can cut, thresh, and

sack wheat at an expense of one and a half cents per 100 pounds, potatoes cost only half a cent a pound, and flour is only \$4 a barrel, and yet there is want. An important cause is unthrift. People do not understand economy or practice it as almost every rich man has had to at some time in his life. I really believe that there would be beggars in the world before night if \$20 gold pieces were to be sown broadcast every morning, and so distributed that every man, woman and child were certain to get some.

"(2) The sale and use of liquor. As long as there are ten times as many saloons in this country as there are of both churches and schools, and they are mainly supported by the very poor, the sources of misery are pretty obvious.

"(3) A lack of manual training. This last need is most serious. If so many people could be taught trades that the entire product of this country were doubled next year, the wages would be doubled, either in increase of money received or in the smaller cost of the necessities of life to be bought. More capable skilled hands—that is of our greatest needs. Great hopes in my university, which I wish to build so tall and deep and broad that the rudiments of every useful trade and occupation may be taught. When everybody knows how to do some difficult and useful thing, poverty will rapidly diminish."—[Philadelphia Press.

**The Women Aroused.**

She lived in the outskirts of the city and she kept hens. The neighbors were annoyed by their cackling and they accordingly complained to the board of health, who summoned the offending party before them yesterday.

"You will be obliged to get rid of your hens, madam," said Clerk Davis when the women made her appearance at the health office.

"Who says?" said she. "The board of health says so, madam. Keeping hens is a violation of the city ordinances," explained the clerk.

"We will see about this," said she, becoming a little excited. "I have just been down to vote for school committee, and next year, perhaps, the women can vote for a new board of health. Yes, sir, we'll see about this."

And yet the hens had to go.—[Boston Aerald.

**Open Orders Solicited.**

Messrs. Turner, McClure & Co., the wholesale and retail grocers of Fort Worth, Texas, are making low prices on all goods in their line, and have a full and complete stock. They make a specialty of sending goods all over the country, and stockmen can save a big per cent. on their purchases by sending the firm open orders for goods. **ST. LOUIS MARKET LETTER.**

The Flood Continues, and Fluctuations Tend Downward.

EAST ST. LOUIS, ILLS.,  
Oct. 23, 1888.

Regular Correspondence Texas Live Stock Journal.

Prices fluctuated but little the past week, and everything below good is as low as at any time this season. The influx of range cattle continues liberal, there being no let up in the run, and all the heavy stock centers are being flooded with them. Native and Southwest cows and steers were also in abundance, and this tended to depress the market. Good heavy native shipping steers were scarce and wanted, and prices for these are advancing, and also for good prime Texas and Indian steers, but all other grades are dull at low prices. Stockmen have but little hopes of an improvement soon.

Cassidy Bros. & Co. sold for Forsythe & Tuttle, Hunnewell, 24 steers, 1026 lbs, \$3; 47 steers, 1004 lbs, \$2.90; 19 steers, 1066 lbs, \$3.35; 20 steers, 1050 lbs, \$3.30; 21 steers, 1071 lbs, \$3; Smith, Tuttle & Smith, Hunnewell, 23 steers, 837 lbs, \$2.15; 10 steers, 946 lbs, \$2.85; 16 steers, 1019 lbs, \$2.85; 20 steers, 809 lbs, \$2.10; Baird & Smith, Hunnewell, 68 steers, 978 lbs, \$2.90; 16 steers, 898 lbs, \$2.15; 12 cows, 756 lbs, \$2.20; J. E. Walker, Grand View, 48 cows, 750 lbs, \$1.90; J. H. Peacock, Lancaster, 30 cows, 706 lbs, \$1.75; C. H. Reynolds, Muskogee, 23 steers, 944 lbs, \$2.20; P. N. Blackstone, Muskogee, 27 steers, 880 lbs, \$2.75; 46 steers, 1136 lbs, \$3.10; 23 steers, 1143 lbs, \$3.10; S. V. Barton, Kaufman, 20 cows, 710 lbs, \$2; T. A. Bynum, Kaufman, 63 calves, \$5.60 per head; 27 cows, 792 lbs, \$2; A. G. Pannell, Kaufman, 76 cows, 774 lbs, \$1.85; N. Skinner, Vinita, 31 steers, 1035 lbs, \$2.75; Smith & Forsythe, Hunnewell, 72 steers, 982 lbs, \$2.75; 121 steers, 901 lbs, \$2.75; 105 steers, 892 lbs, \$2.75; 93 steers, 1124 lbs, \$3; 68 steers, 1011 lbs, \$3.05; 22 steers, 1142 lbs, \$2.30; P. E. Blackstone, Webber Falls, 20 steers, 980 lbs, \$3; 75 steers, 958 lbs, \$3.05; 23 steers, 901 lbs, \$2.65; 20 steers, 983 lbs, \$2.15; Gunter & Grant, Dallas, 42 steers, 859 lbs, \$2.20; C. B. Campbell, Silver City, 17 steers, 853 lbs, \$2.25; 48 steers, 997 lbs, \$2.95; 24 steers, 841 lbs, \$2.15; Forsythe Cattle Co., Hunnewell, 41 steers, 885 lbs, \$2.85.

Hunter, Evans & Co. sold for T. D. Wood, Beeville, 60 calves, \$6.62 each; G. C. Little, Veal Station, 58 calves, \$6.62 each; LaRoet & Morris, Kaufman, 22 cows, 829 lbs, \$2; 25 cows, 796 lbs, \$2.10; J. B. Sublett, Lockhart, 23 cows, 822 lbs, \$1.85; 22 cows, 700 lbs, \$1.70; W. C. Irwin, Cotulla, 137 calves, \$6.50 each.

Scaling & Tamblin sold for J. F. Taylor, Coleman City, 87 steers, 911 lbs, \$2.90; Fred Poyser, Roby, 47 steers, 876 lbs, \$2.87; W. S. McShaw, Belcher, 54 cows, 816 lbs, \$2.15; Hughes & Rothwell, Coleman City, 146 cows, 839 lbs, \$1.95; Burch & Hicks, Henrietta, 43 cows, 706 lbs, \$2.10; C. H. Malone, Gainesville, 24 cows, 729 lbs, \$1.75; John B. Wilson, Dallas, 21 steers, 1235 lbs, \$2.85; 25 head, 920 lbs, \$1.75.

The James H. Campbell Co. sold for M. Fox, 31 cows, 720 lbs, \$2.30; 25 cows, 832 lbs, \$2.30; Rowley, 19 steers, 1023 lbs, \$3; Welder, 54 calves, \$6.25 each; Kennedy, 58 calves, \$5.50 each; Welder, 58 calves, \$6.75 each; Hall, 22 steers, 931 lbs, \$3.30; Turner, 20

steers, 981 lbs, \$3.10; 34 steers, 976 lbs, \$3.15; 14 cows, 874 lbs, \$2.35; 26 cows, 881 lbs, \$2.25; Spencer, 27 steers, 815 lbs, \$2.60; McClure, 21 steers, 900 lbs, \$2.60; Skinner, 21 cows, 792 lbs, \$1.60; Bounds, 27 cows, 754 lbs, \$2.25; Halsell, 93 steers, 1055 lbs, \$2.85; Skinner, 53 cows, 830 lbs, \$1.85; Allee, 17 steers, 870 lbs, \$2.40; Montgomery, 48 cows, 809 lbs, \$1.80; Guthrie, 22 cows, 813 lbs, \$1.75; Severs, 220 steers, 1253 lbs, \$3.75; Fox, 26 cows, 837 lbs, \$2.30; 50 yearlings, 574 lbs, \$2; 25 yearlings, 454 lbs, \$1.55.

The sheep market was not very good the past week, and prices have come down on all grades from common to good, but more especially on thin and medium. Some Texas sheep were offered, and being thin and shorn, brought ruinously low prices, from \$1.70 to \$1.80 per 100 lbs, which was barely enough to pay freight and commission charges. Common and even medium sheep should be left at home. Even the best native sheep of 100 lbs and over bring only \$3.50@3.75 per 100 lbs.

Scaling & Tamblin sold for J. A. Self, Wichita Falls, 134 sheep of 65 lbs, at \$1.70; D. A. Woodenpile, Wichita Falls, 137 sheep, 69 lbs, \$1.80.

Hunter, Evans & Co. sold for H. Hight, Collins, 222 sheep, 64 lbs, \$1.75.

There is no change to note in the Texas horse market. Offerings small and demand limited. Sam A. White says the season is fast petering out. Common horses dull. Prices range in extremes from \$15 to \$25 per head.

The wool market continues quiet and unchanged at extreme range of 12 @22½c per lb for Texas wools.

RATTLER.

**Successful Poultry Raising.**

Mr. Charles Lyman, a successful raiser of poultry, writes as follows:

"In raising poultry or stock of any kind it should be the aim of every one to keep it healthy and improve it. You can do it very easily by adopting some systematic rule." These may be summed up in brief as follows:

1. Construct your house good and warm, so as to avoid damp floors and afford a flood of sunlight. Sunshine is better than medicine.
2. Provide a dusting and scratching place where you can bury wheat and corn and thus induce the fowls to take the needed exercise.
3. Provide yourself with some good, healthy chickens, none to be over three or four years old, giving one cock to every twelve hens.
4. Give plenty of fresh air at all times, especially in summer.
5. Give plenty of fresh water daily, and never allow the fowls to go thirsty.
6. Feed them systematically two or three times a day; scatter the feed, so they can't eat too fast or without proper exercise. Do not feed more than they will eat up clean, or they will get tired of that kind of feed.
7. Give them a variety of both dry and cooked feed; a mixture of cooked meat and vegetables is an excellent thing for their morning meal.
8. Give soft feed in the morning and the whole grain at night, except a little wheat or cracked corn placed in the scratching places to give them exercise during the day.
9. Above all things, keep the house clean and well ventilated.
10. Do not crowd too many in one house, if you do, look out for disease.
11. Use carbolic powder occasionally in the dusting bins to destroy lice.
12. Wash your roosts and bottom of laying nests, and whitewash once a week in summer and once a month in winter.
13. Let the old and young have as large a range as possible—the larger the better.
14. Don't breed too many kinds of fowls at the same time, unless you are going into the business. Three or four will give you your hands full.
15. Introduce new blood into your stock every year or so, by either buying a cocker or setting of eggs from some reliable breeder.
16. In buying birds or eggs, go to some reliable breeder who has his reputation at stake. You may have to pay a little more for birds, but you can depend

LIVE STOCK AWARDS.

At the Texas State Fair and Dallas Exposition.

On Wednesday the 17th inst. the first class taken up was grade Hereford. In this class Jot Gunter of Dallas received all the premiums.

In the grade Shorthorn class Mr. Gunter was given all the premiums, including the herd and sweepstakes.

In the pure bred, polled breeds class, Frank Field of Dallas was awarded the prize for the best bull three years old over, and Mr. M. F. Little of Hutchins the prize for the best bull two years old and under three.

Mr. Little also received the prize for the best bull under 1 year of age, and both prizes for the best heifer 2-years old and under 3, also the sweepstakes for the best bull of any age, and sweepstakes for the best cow of any age. Mr. Little also received the prize for the best thoroughbred polled bull under 1 year of age Texas bred.

The show for grade Holsteins came next, and Henson & Rathbone received the prize for the best bull under 1 year old.

Jot Gunter got the prize for the best cow 2 years old and under 3.

M. J. Doty received first prize for the best heifer under 1 year old, and Wm. M. Edwards of Dallas the second.

In the horse shows the first class was standard bred trotters, and the first show for stallions showing four or more of their get. C. H. Davis' Reno Defiance and six of his colts constituted the only entry, and secured the blue ribbon.

The next class embraced roadsters, and the first ring was for the best stallion showing four or more of his colts. Ed Harper's Sam Jones and four of his colts carried off the honor without opposition.

The first prize for the best mare showing two or more of her colts went to E. Harper's Maggie, and the second to C. H. Davis' Maggie.

The grst ring in this class for horses of all work was for the best stallion showing four or more colts of their get. E. Harper's Gray Eagle was awarded first prize, and W. D. Richardson's Young France second.

The second ring was for the best mare showing two or more of her colts. Ed Harper's Maid got the blue and J. B. Higgs' Puss the red color.

On Thursday, October 18, the awards were as follows:

In the class for farm horses. The first show in this class was for the best pair of mares or geldings in heavy harness. H. B. Sanborn received the first prize and E. Harper second. The second ring was for the best mares or geldings in single harness. The blue ribbon was attached to H. B. Sanborn's Jennie, the second went to Mr. Harper.

The next show was for the fastest walking team in harness. E. Harper was awarded the first prize, and Martin Burdge the second. In the ring for the fastest walking stallion or mare E. Harper's stallion was given first honors, and F. W. Danaway's second. The special premium for the best Clydesdale stallion 4 years old and over went to L. J. Bartlett's Reliance, an imported animal.

In the cattle department grade polled cattle were first passed upon. A bull calf under 1-year-old, owned by F. R. Dummitt of Neosho, Missouri, received the first and only premium.

The next class was for Texas bred Jerseys. The first prize for the best bull 3-years-old and over was awarded J. C. Hutchel's animal and the second Martin Burdge's Don William. The first prize for the best bull under 1 year was given to Frank Jackson's Prince and the second to James Arbuckle's Imperial Prince. Gray & Hardin received first prize for the best cow 3 years old and over, and Frank Jackson second. Frank Jack-

son received both prizes in the show for the best heifer 2 years old and under 3, and the first prize in the following show for heifers under 1 year of age, the second going to Gray & Hardin. Jackson's Prince William was awarded the prize in sweepstakes for the best bull of any age. Gray & Hardin received first money in sweepstakes for cows, and Frank Jackson second. Gray & Hardin got first prize for the best herd and Frank Jackson second.

Class 15 embraced grade Jerseys. There was an excellent display, and nearly all the animals were thoroughbred but on account of some technicality could not be registered. Jerry Nolan's Duke received the prize for the best bull 3 years old and over, and James Arbuckle the prize for the best bull under 1 year old. Polk Bros. received first prize for the best cow 3 years old and over, and Gray & Hardin second. The first prize for the best cow 2 years old and under 3 went to J. K. Bumpas' Jenny Lind, and the second to James Arbuckle's Countess of Argyle. Jenny Lind is a little over 2 years of age and gives two gallons of milk every day, notwithstanding the fact she has never had a calf. Polk Bros. received the first and Gray & Hardin the second prize in the ring for heifers 1 year old and under 2. James Arbuckle's Little Maud and a heifer belonging to Martin Burdge took the prizes in the show for heifers under 1 year old. In the herd show Polk Bros. received the blue ribbon and Gray & Hardin the red.

All the premiums of fine wool sheep were awarded to Privett Bros. of Greensburg, Indiana.

In the swine department the committee went through the Jersey Durocs, giving F. M. Little of Hutchins prizes for the best boar 2 years old and over, the best sow 2 years old and over, the best sow any age and second premium for the best sow under 1 year, the first prize in the latter ring going to John L. Campbell of Belcher-ville, Texas. Mr. Campbell also received first prize for the best boar under 1 year and sweepstakes for the best boar of any age.

Storey & Son of Dallas had the only exhibit of Chester Whites and they were given a premium for the best sow under 1 year of age, and for the best boar 1 and under 2 years of age.

One Friday, October 19, the judges proceeded to award on the merits of milch cows, and S. B. Howard received the two premiums with Holsteins without competition.

In the horse ring the class was for carriage and buggy horses: E. Harper's span of iron-grays carried away the blue and L. J. Bartlett's bays the red. L. J. Bartlett received first premium for the best family gelding and Martin Burdge second. A. S. Garland of Waco received first prize for the best family mare and E. Harper second. E. Harper got first money for the best buggy team and L. J. Bartlett second. Mr. Edmondson received the blue ribbon for the best saddle stallion, and Ellis Harper second. The first prize for the best saddle mare was given an animal whose owner was unknown and the second went to Martin Burdge. W. R. Gregory of Cleburne received both prizes for the best geldings under saddle.

On Saturday with the cattle department awards were made for displays, and the first premium was awarded to Jot Gunter of Dallas the second to F. M. Houts of Decatur.

The jack stock awards were as follows:

In the first ring, which was for jacks 3 years old and over, there were twenty-three entries and after a vast amount of judging by ballot the first premium went to C. S. Haggard of Collin county and the second to Ellis Harper of Lebanon, Tennessee. The second ring was for jacks, 2 years old

and under 3. There were six entries. M. B. Bost of Grayson county was awarded first prize and C. S. Haggard of Collin county second. In the show for the best jack 1 year old and under 2, H. B. Sanborn's Black Diamond received the blue ribbon and H. C. Ezell the red. H. B. Sanborn's Black Sampson was given the first prize for the best jack under 1 year of age. M. B. Bost received the first prize for the best jack of any age, and J. L. Harris of Collin county second. H. C. Ezell received both prizes for the best jennets of any age.

In the mule class G. Winter was given the prize for the best mule under 1 year of age.

The special premium for the best thoroughbred stallion of any age was awarded to S. B. Howard's Helmet, Jr.

Other premiums will be mentioned in the next issue of the JOURNAL.

TRE CHICAGO EXPERIMENTS.

Report of Hon. G. S. Williamson.

SAN ANTONIO, TEXAS, Oct. 5.

To officers and members International Range Association, and Texas Live Stock Association—Gentlemen:

I have the honor to report that in accordance with your request I went to Chicago and watched the experiments that were inaugurated by the management of the Union stock yards in relation to splenic fever.

I arrived in Chicago on the 2d day of August, and found that the committee in charge had secured ten Texas cows, shipped from Corpus Christi on the 15th of July and arrived at Chicago on the 20th day of that month.

These Texas cows were put into an isolated pen immediately upon arrival, and five Northern cattle placed in the pen on their arrival.

On the 13th of July, five native Northern cattle were placed in another lot occupied by through Texas cattle. These native cattle were changed frequently from pen to pen used by Texas cattle, feeding and drinking after them. This lot developed splenic fever from which four head died, respectively, one on the 10th, one on the 13th, and one on the 15th of August. Postmortem examinations were made by Dr. Casewell, state veterinarian of Illinois, who pronounced death caused by splenic fever.

In connection with these experiments, while these cattle were sick, three fresh native Northern cattle were placed in the pen in order to see if sick natives would convey the disease to other natives. No fever resulted in this test.

The five natives that were placed in the pen with the ten Texas cows from Corpus Christi remained from the 20th to the 28th of July in the pens with them. Then the Texas cows were taken out and put in a grass lot, where they remained alone until August 8th, when five fresh natives were put in with them on the grass lot and remained until August 26th, when the Texas cows were taken out and sold.

Of the five native cattle that were in the same pens with the Texas cattle, one died on August 5th. Postmortem made by Dr. Casewell and death pronounced as being occasioned from colic.

All the foregoing native cattle which had been used in the experiments were kept in respective and separate pens until September 18th, when they were all put in the grass lot that had been used by the Texas cows, and up to the time of my departure, September 29th, there was no further evidence of splenic fever.

I learned from the committee in charge of the experiments, that the principal objects of these tests was to ascertain if there was danger in yarding northern natives and through Southern cattle in the same yards. This question was satisfactorily settled in the affirmative in the minds of the parties in charge of the yards, and has resulted in an order from the yard authorities requiring Southern cattle to be yarded in pens from which Northern native cattle are excluded.

I am assured by the superintendent of the yards that every effort will be made to prevent contact of through Southern cattle with natives, and that every effort will be used to secure the co-operation of railroads entering Chicago handling through Southern cattle to have their cars cleaned and disinfected immediately after being unloaded.

The result of these experiments goes to show that while the cattle from Cor-

pus Christi did not give splenic fever to the native cattle that were placed with them, at the same time native cattle that were placed in pens that had been occupied by through Southern cattle did take the fever.

It is a matter of regret that Texas cattle were not used for these experiments from counties about which doubt exists as to their being in what is termed "infected districts."

Northern quarantine regulations bar out cattle from a large portion of Texas, which, in the opinion of many experienced cattlemen, is free from infection.

If experiments similar to those just concluded are made next season with cattle taken from doubtful districts of Texas, I think it would be the means of definitely determining the portions of Texas that are really infected. If this could be gotten at it would prove of immense benefit to Texas, as well as the entire country, for the reason that it would undoubtedly be the means of doing away with the restrictions that are placed around the movement of cattle from many portions of Texas which are unnecessary, and at the same time it would enable the live stock sanitary powers of the Northern states and territories to put in force such restrictions for the protection of Northern cattle from splenic fever as would protect Northern native cattle from this disease beyond all question, without entailing unnecessary hardships on the owners of cattle from districts which are now under ban, and which are claimed by many to be entirely healthy.

While it is conceded by all live stock sanitary authorities that cattle from that portion of Texas north and west of the red line drawn by Dr. D. E. Salmon, chief of the bureau of animal industry, on a map facing page 274 of the second annual report of the bureau of animal industry, which line commences at the northeast corner of Wilbarger county and runs in a southwesterly course to the southwest corner of Presidio county, is free from infection, at the same time portions of Texas devoted almost exclusively to the business of cattle raising, greater in area than many of the states of our country, cattlemen of large experience believe are in non-infected districts, and which are now placed under ban by live stock sanitary authorities. It is from counties in these doubtful districts that I would recommend that cattle be taken from to make further experiments next season.

It will be seen that while all of the portions of Texas which are known to be infected are placed under ban, and the cattle coming from them are required to be kept isolated by themselves in pens from which Northern native cattle are excluded. At the same time large portions of Texas are placed under a ban which will work a great hardship to many owners of cattle, for the reason that cattle from districts which are doubtful are placed under these orders, in pens used by cattle from districts which are known to be infected. Cattle from these doubtful districts, which are placed under the ban, can not be marketed as feeders, for the reason that if the districts from which they originated are not infected they will take the fever by reason of being held in the pens used by cattle from positively infected districts, and in consequence they can not be safely purchased for fattening purposes.

The solution of the matter of splenic fever is one of national importance, affecting largely the beef trade of the United States, and it has been used to some extent as a pretext to interfere with the movement of healthy cattle.

If the suggestions that I have made are carried out, I believe it will be the means of settling this vexed question for all time, in such a manner as to promote the greatest possible freedom of movements of Southern cattle consistent with safety to Northern native cattle, and that Northern native cattle will be absolutely protected from all possible danger of disease. This result will prove of immense benefit to the cattle interests of the entire country.

Very respectfully,  
GEO. S. WILLIAMSON.

Bucklin's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. Is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by H. W. Williams & Co.

THE

**KANSAS CITY STOCK YARDS**

Are by far the most commodious and best appointed in the Missouri Valley, with ample capacity for feeding, weighing and shipping Cattle, Hogs, Sheep, Horses and Mules. They are planked throughout, no yards are better watered, and in none is there a better system of drainage. The fact that

**HIGHER PRICES ARE REALIZED HERE**

Than in the East is due to the location at these yards of

**EIGHT PACKING HOUSES,**

with an aggregate daily capacity of 3300 cattle and 27,200 hogs, and the regular attendance of sharp, competitive buyers for the packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati, New York and Boston.

All the sixteen roads running into Kansas City have direct connection with the yards, affording the best accommodation for stock coming from the great grazing grounds of all the Western states and territories, and also for stock destined for Eastern markets.

The business of the yards is done systematically and with the utmost promptness, so that there is no delay and no clashing, and stockmen have found here, and will continue to find, that they get all their stock is worth with the least possible delay
