KANSAS CITY.

KANSAS CITY, Nov. 13, 1889.

Under light receipts last week a slight advance in Texas cattle was had. However, up to the present, during the current week, there have been liberal receipts and a reduction in values is noted all the way from 10 to 20c on the average lots. The receipts from the northern section of Texas have been in the main of medium quality and these have been hard to move right along. Stockers and feeders have been in fair supply, both natives and rangers. The latter, while selling with less activity, have not lost very materially in value, the greatest loss being on Wednesday, when values were considered 5c off at least. Natives have, on the other hand, about held their own. It is noted that stockers and feeders are duller than at any time during the month. On the whole, the market, owing to liberal receipts, is anything but satisfactory.

Following are representative sales:

The Fish & Keck. Co sold for E. M. Hewins, 40 black range beeves, 1110 lbs, \$2.50; 254 Texas cows, 801 lbs, \$1.85; 41 calves, \$5.75 each; S. T. Tuttle, 119 h-b cows, 855 lbs, \$2.10; 21 bulls, 997 lbs, \$1.50; 28 h-b steers, 1199 lbs, \$2.60; Jesse Evans, 181 cows, 660 lbs, \$1.75; S. J. Garvin, 25 cows, 875 lbs, \$1.90; J. B. Colbert, 24 steers, 1000 lbs, \$2.50; 30 cows, 783 lbs, \$1.85; Colbert & Thomas, 20 steers, 1003 lbs, \$2.25; 31 cows, 664 lbs, \$1.60; Childress L. & C. Co., 9 bulls, 1210 lbs, \$1.50; 59 calves, \$6 each; 272 cows, 808 lbs, \$1.60; 16 steers, 964 lbs, \$2.30; D. A. Greever, 75 calves, \$6.50 each; 78 cows, 663 lbs, \$1.10; Lane & Buntion, 25 cows, 840 lbs, \$1.85; Young Short, 23 cows, 870 lbs, \$1.65; 13 bulls, 1234 lbs, \$1.35; K. Ritter, 20 cows, 821 lbs, \$1.40; 77 steers, 1038 lbs, \$2.40; 49 steers, 1134 lbs, \$2.20; F. Y. Ewing, 42 cows, 800 lbs, \$1.30; 69 h-b steers, 1164 lbs, \$2.60.

The James H. Campbell Co. sold for G. G. Odom, 45 cows, 818 lbs, \$1.80; Hayes, 29 steers, 1027 lbs, \$2.75; Ryan, 83 steers, 1185 lbs, \$3.15; Ivy, 120 cows, 740 lbs, \$1.50; 103 steers, 882 lbs, \$2.10; Akers, 25 cows, 746 lbs, \$1.75; Ritter & D., 55 steers, 1162 lbs, \$2.60; 21 steers, 1263 lbs, \$2.30; 100 steers, 1035 lbs, \$2.62; Hutton, 66 steers, 1106 lbs, \$2.50; 23 steers, 1006 lbs, \$2.40; Payne, 57 cows, 955 lbs, \$2.62; Hitch, 25 cows, 875 lbs, \$1.65; 72 steers, 966 lbs, \$2.35; 102 steers, 1080 lbs, \$2.65; Evans, 256 yearling heifers, 561 lbs, \$1.35.

5000 cattle here to-day. Market strong and 10c higher than Wednesday. Quality of receipts mostly common.

Piper & Schulthess are headquarters for all kinds of fence wire, 33 and 35 W Commerce street, San Antonio, Texas.

CHICAGO MARKET LETTER.

Sales during the Early Part of the
Week.

U. S. YARDS,

Correspondence promptly attended to. Members of the firm give consignments their personal attention.

head, \$6 @ \$7; yearlings, choice, per head, \$6 @ \$7; common, per head, \$4 @ \$5.00; calves, choice, per lb, gross, 2 @ 2 1/4 c; common, per head, \$3 @ 3.50
SHEEP—Choice, per lb, gross, 3 @ 3 1/2 c.
Hogs.—Choice corn-fed, per lb, gross, 4 1/2 @ 5c.

Market overstocked with common cattle. Prices low and quotations unreliable. The calf and yearling market continues fair. Choice mutton in good demand. Hogs dull and slow sale; market well supplied.

SAN ANTONIO.

The market continues glutted with inferior stock, and prices rule weak at quotations, except for prime stock which is fair.

CATTLE—Steers, shippers \$13 @ 18, or \$1.25 @ 1.50 per 100 lbs; and butchers, \$12 @ 15; cows, fat, from \$10.00 @ 12; light, at \$8 @ 10; yearlings, \$4.00 @ 5.50; calves, \$3.50 @ 4.50 SHEEP—Muttons, \$1.50 @ 2.25. Goats, average stock \$1.00 @ 1.50 per head.
Hogs—Natives \$4 @ 4.50.

DALLAS.

Reported by Carter & Son, Live Stock Commission Merchants.

CATTLE.—Choice fat grass steers, 1.75 @ 2; common to fair, 1.50 @ 1.60; choice fat cows, \$1.50 @ 1.60; common to fair, \$1.25 @ 1.30; choice yearlings, \$5 @ 7; choice veal calves 2 1/4 @ 3c; common to fair, 2 1/2 @ 2 3/4 c; bulls, 1c; milch cows, \$25 @ 35.

Hogs.—Choice fat hogs, 5c; common fair 4 1/2 @ 4 3/4 c.

SHEEP.—Choice fat, 3 @ 3 1/4 c; common to fair, 2 1/2 @ 2 3/4 c.

Choice fat goats, \$1.25 @ 1.75.

The market has been fairly supplied with all classes of stock the past week. Stock selling very readily. Hogs firm at 5c. Good fat cows find ready sale, also good milch cows find ready sale. Choice veal calves scarce and sell readily at 3c. There is a great many hogs coming in at present and find ready sale at 5c; expect hogs to be a little scarce next week.

Wool Men in Session.

On Thursday night a meeting was held in San Antonio of representative wool men at which the following proceedings were held:

Colonel T. C. Frost was elected chairman and C. P. Stafford, jr., secretary.

Colonel Delano's call for a wool growers convention was read, and considerable discussion followed.

The object of the meeting was to provide ways and means for procuring funds to defray expenses of a delegate to congress to protect the interests of the wool growers before the next committee of ways and means of the next congress.

On motion a central committee of three was appointed to devise ways of procuring a fund by soliciting subscriptions from woolgrowers visiting the city, and to have the power to appoint sub-committees in the different counties.

Mr. D. H. Ainsworth, J. M. Campbell and J. P. Devine were appointed as this committee.

Mr. S. A. Ingham of Midland, proffered his services to raise funds in his section, and undertakes to raise \$100 for the fund.

On motion of Mr. D. H. Ainsworth, the subscriptions that are collected were ordered placed with Col. T. C. Frost as treasurer.

Capt. B. L. Crouch addressed the meeting in a terse manner, and suggested the committee appoint a committee to get up statistics and information for the benefit of the delegates as they can only thus do efficient work. He also

suggests that these wool men look after their interest at home, before the state legislature, in the matter of securing proper protection.

On motion the meeting adjourned until next Thursday evening.

Just before adjournment the following paper was signed by every wool grower present:

We, the undersigned wool growers, agree to subscribe the amounts opposite our names for the purpose of defraying the expenses of delegates to Washington to represent our interests before the next congress:

John M. Campbell, \$20; F. E. Leason, \$10; Robert Thompson, \$5; D. H. Ainsworth, \$25; J. P. Devine, \$25; Thos. O. Murphy, \$25; Sam J. Jordan, \$10; Asher Richardson, \$5; T. J. Buckley, \$5; T. Conlan, \$5; Lawrence Haley, \$25; B. L. Crouch, \$25; T. C. Frost, \$50; A. W. Mills, \$5; Fred Ilgner, \$20.

The committee will wait on the commission merchants of San Antonio for aid in this matter, and they propose also to call on others in this city whose interests are identical with their own.

SANTA FE ROUTE.

The Attention of Live Stock Shippers of Texas is Directed to the Santa Fe Route

For handling their cattle to the best advantage. The Union Stock Yards at Fort Worth, Texas, have lately been completed and have ample facilities for handling stock to the best interests of all concerned. The G. C. & Santa Fe R'y runs direct to these yards and the Santa Fe rout for shipping of live stock from there to Kansas City and Chicago cannot be surpassed.

The last few years have demonstrated the fact the shippers cannot afford to go direct to Chicago without first trying to dispose of their stock in Kansas City.

Up to September 27th, 1889, the receipts of cattle and sheep in Kansas City stock yards were as follows:

Cattle, 801,585; increase over 1888, 140,295. Sheep, 256,838; increase over 1888, 12,561.

Compared in Kansas City same period for 1889:

Cattle, 323,651; increase over same period in 1888, 71,578. Sheep, 136,882; increase over same period in 1888, 7,746.

The above figures show the importance of Kansas City as a market. The largest dressed beef establishments in the country are located there, and the Chicago dressed beef houses, and all the principal Eastern markets have representative buyers at these yards. These facts clearly demonstrate the many advantages the Kansas City market affords shippers.

The Santa Fe route from Kansas City to Chicago is 30 miles shorter than any competing line and their facilities for handling stock between those points cannot be equaled. Give us your shipments and be convinced.

ELI TITUS.

General Live Stock Agent, Santa Fe Route.

Eclipse & Star Mills.

We make a specialty of water supply for ranches, stock farms, city factories or residences. Furnish horse-powers, pumping jacks and well drilling machinery. The STAR and new improved long stroke ECLIPSE mills are the best in the market. Agents for Fairbanks' scales, Blake's steam pumps, &c. We repair boilers, engines and all kinds of machinery. The pioneer house in Texas.

Entered at the Postoffice, Fort Worth, Texas, as second-class matter.

THE range cattlemen are seemingly resigned at the order to vacate the strip next June, but Texas will furnish a row of heads watching for the Strip buyers to show themselves next spring.

QUITE a number of Texas cattle feeders are figuring upon sending corn-fed cattle to market in December and January and March. The cattle to be fed for the later markets will be roughed and fed according to circumstances. There will be just as many fed as usual or more.

A SALE of Poland China swine, 90 head being sold, the average price paid was \$64.36 per head. One boar sold at \$625, but the sale was in the family. Throwing out this one the average was \$58. This is about the price good average registered stock cost.

THE Miles City Stock Growers' Journal observes: There is money in the range business and it will be demonstrated when the element of over-production brought on by the speculators (from which the range suffers, though not exclusively) is removed.

It is now said that the horse business is being overdone. There is little chance of it showing for some time to come. The decrease in production of low grade stock ought to be an assistance to the values of better stock. Low grade horses are scarce and cheaper.

THE American Cultivator says: The low prices of beef behooves our shippers to cast about for another market. Why not try Japan? The Japanese are learning how to eat meat. In 1885 only 30,000 head of cattle were slaughtered in all Japan. In 1886 the number increased to 116,000, in 1887 to 130,500, and in 1888 to \$200,000.

THE Spirit of the Times says: Truly the trotter is King. During the present season Acolyte has been sold

for \$40,000, Stamboul for \$50,000, Bell Boy for \$51,000, and now the three-year-old Axtell is bought for \$105,000. Here are four stallions which average \$61,500 each, and all of them practically sires which have yet to prove their ability in the stud.

MESSRS. P. A. HUFFMAN & Co. of Fort Worth, real estate agents, use considerable space in the JOURNAL to advertise a list of properties they have for sale, and without doubt, the list is a very handsome one showing that their connections are wide as the state. Their success in making paying investments for their foreign customers is reliable and thoroughly active. The firm does a large and lucrative business in city business and residence properties, suburban tracts, farms and wild lands.

The Chicago Wool Market.

Messrs. W. A. Allen & Co., wool commission merchants, No. 142 to 146 Kinzie street, Chicago, sell considerable Texas wool and write the JOURNAL as follows concerning the present condition of the wool market:

"We have had lately quite fair receipts of fall Texas wools and have had a good demand at the rate of 14@15c for very heavy wools to 17@18c for good average lots, and 20@24c for extra light good conditioned medium clips."

"The wool trade generally has continued slow and confined largely to lots offered at concessions from current quotations. Manufacturers have, however, shown lately rather more interest in securing supplies and it is a more common feeling now that bottom prices have been reached and a better condition of affairs is hoped for in the early future."

Only Five Sheep.

A man who is farming and does not raise a few sheep is almost as bad off as if he had no poultry, yet few people can imagine how profitable a few sheep are. The following is an example based upon so insignificant a number as five head, yet the result is in no way unsatisfactory. The item is from the Eagle Optic of Larned, Kansas:

"Mr. J. P. Kelly, living four miles west of town, is an example of what live thrift may accomplish in this regard. Less than four years ago this gentleman

came to Pawnee county from his Michigan home, bringing with him in addition to the usual outfit of the granger, five sheep of the Shropshire variety. Friends told him he was foolish for bothering with the sheep and while he never disputed his friends, yet he held right on to his sheep.

In something over three years he has sold \$130.65 worth of wool and increase from his little fold, and he now has a flock of twenty-six sheep for which G. H. Wadsworth, Pawnee county's veteran sheep man, lately offered him five hundred dollars in cash and the offer was refused by Mr. Kelly. This beats running a newspaper, and if you will figure out the per cent of gain it will be found that there are but few lines of business that pay as well.

This year he raised sixteen lambs from eleven ewes, this breed of sheep being famous for twins and triplets. When the owner of these sheep remarked to us last spring that he would not trade his best ewe for the finest cow in Pawnee county, we thought him somewhat extravagant but these facts and figures convince us that he was pretty level headed. Any intelligent farmer may find food for reflection in the above.

The Secretary of Agriculture.

The secretary of agriculture has made his annual report. He first wants adequate appropriations to render the department of service to the country. He expresses a desire to become closer acquainted with the farmers and to have the department represented at all county fairs.

He reviews the sorghum experiments but not encouragingly, will pursue the experiments during the year.

He promises that experiments will be made with a view to increasing the forage yield of the arid country of the West.

He promises continual investigation as to cultivation of ramie, jute and other fibres, also a special investigation of all fibrous plants.

The secretary approves the work of the experiment stations and desires to use 300 acres of the Arlington estate for fruit and other experiments.

The secretary says also that he will change the method of purchasing seeds.

In reference to cattle matters he approves national inspection at all markets of all meats at the time of slaughter.

Secretary Rusk refers to the wool tariff and recommends intelligent and careful consideration of the subject by congress and deplors the reduction of

1883. He finally concludes with a statement regarding the importance of agriculture as an industry and commends it to the rock rooted protection principle of the Republican party.

Transfers of Berkshires.

Phil M. Springer, secretary American Berkshire association, Springfield, Ill., sends the following transfers of recorded Berkshires:

Duke of Dalton, 22473, Cass & Burns, Buffalo Hart, Ill., to E. Dalton, Dalton Ark.

Ola, 22408, J. H. Sparks, Valley Mills to A. Cooper, Clifton, Texas.

Texas Queen, 22476, Jas. H. Jones, Floyd, to Singleton Cothes, Lebanon, Tex.

Grover Cleveland, 22449; Beauty, 22450; and Rose, 22451, J. B. Key, Pilot Point, to J. D. Adkisson, Jewett, Texas.

Cherokee Girl, 22455, and Darksness 22456, Wm. Dyches, Granger, to Sam Tubb, Kickapoo, Texas.

Mother Goose, 22499, N. H. Gentry, Sedalia, Mo., to Terrell Creamery Co., Terrell, Texas.

Charmer XXVIII, 22498, and Beauty Duke, 22500, N. H. Gentry to John C. Russell, Terrell, Texas.

Transfers of Jersey Cattle.

The following is a complete list of the transfers of Jersey cattle in Texas, as recorded by the American Jersey Cattle Club, No. 1 Broadway, New York, for the week ending November 5, 1889:

BULLS.

Eva's Farmer's Glory, 22062, S. L. Baker to W. P. Dyre, Atlanta.

Insie's Victor St. Helier, 23692, S. H. Evans to F. Barton, Calvert.

Roxwheat, 23653, M. C. Campbell to W. W. Lipscomb, Luling.

COWS.

Anna Wright, 55364, T. Benoist to F. Ewing, San Angelo.

Victor Dot, 53765, S. H. Evans to F. Barton, Calvert.

V. K.'s Kosa R., 46825, S. H. Evans to F. Barton, Calvert.

A Blessed State of Affairs.

It is a blessed state of affairs when good becomes contagious. When the endeavor to achieve one object accomplishes many. Favorable results sometimes get into occult sympathy with an established instance of their kind and follow with that persistency which sometimes characterizes extremes of good and bad luck, and accounts for the expression, "It never rains but it pours." For instance:

DANVILLE, DES MOINES CO., IOWA,
July 11, 1888.

Compound Oxygen saved my life by the blessing of God. MRS. S. A. SWAN.

HAGGERTSTOWN, MD., July 14, 1888.

If it had not been for Compound Oxygen I would have been under the sod.

C. H. SPANGLER.

GAINESVILLE, GA., July, 21, 1888.

I fully believe that Compound Oxygen saved my son's life. M. A. TURNER.

SUFFOLK, VA., July 10, 1888.

I have used your Compound Oxygen and have been greatly benefited thereby.

L. S. WHALEY.

We publish a brochure of 200 pages regarding the effect of Compound Oxygen on invalids suffering from consumption, asthma, bronchitis, dyspepsia, catarrh, hay fever, headache, debility, rheumatism, neuralgia, all chronic and nervous disorders. It will be sent free of charge to any one addressing DRs. STARKEY & PALEN, 1529 Arch St., Philadelphia, Pa.; or 331 Montgomery street, San Francisco, Cal.

WOOL AND COTTON.

THE CLIP.

San Angelo Standard:—Meara & Hobbs sold 50,000 pounds of wool to F. H. Holloway at 15@17c.

San Angelo Standard:—D. H. Speed Thursday bought 500 shorn muttons from J. W. Saynor at \$1.75 each.

Quotations from Boston Advertiser:—Texas spring medium (12 months) 23@25c; do do fine, 22@24c; do, (6 to 8 mos) 18@21c; do do medium, (6 to 8 mos.) 20@22½c; do fall, 17@21c.

Field and Farm:—We know a flock owner in Colorado who commenced with 500 breeding sheep just thirteen years ago. He has paid his entire attention to sheep and nothing else ever since. To-day he has twenty-five thousand and clips twenty thousand dollars worth of wool from their backs every year.

San Angelo Standard:—Yesterday Mauzy & Huffman sold 425 mutton sheep to D. H. Speed at \$1.92½. Mr. Speed's flock of 3800 sheep from the Panhandle is now within a few miles of San Angelo to which he will add his recent purchase of 925 head and drive the entire lot to his ranch on Devil's river.

Field and Farm:—A flock owner of our acquaintance has five hundred lambs, for which he was offered \$1.80 a piece for, but refused it, saying: "I can feed them on alfalfa hay with a little oats and bran until the first of February and they will bring me \$3.50 apiece. The feed they consume will not be worth more than sixty cents. The difference will be fully \$500. I shall feed them."

Lampasas Leader:—A herd of 950 fine Merino sheep, belonging to Mrs. Tal-

bot, passed through town in the rain Wednesday afternoon, on the move from Williamson county to Tom Green county, a distance of about 200 miles. Two or three shepherd dogs exhibited their excellent training in driving the sheep through town. The shepherd said he made ten miles a day, but he could not go further than six miles during such weather as we were having then.

Boston Advertiser:—California and Texas wools continue quiet, with values still ranging about the same as territories for choice 12 months' growth spring with six to eight months' growth about 3@4c less. Texas fall wools have met with some sale at about 50c for fine scoured and 45c for medium, with the grease price at about 17@21c. The lots shown are still more or less burry and in bad condition. The quotations on Texas wool here are still below what is being paid for the new fall clip.

San Angelo Standard:—The clear weather of last week gave way Monday morning to a cold wind and rain from the north that continued throughout Tuesday and Wednesday, and reports from sheepmen confirm the supposition of its effect on stock. O. T. Word of Sonora, on the way up met a sheepman Wednesday who had lost 800 head—a number had died, but the majority had ran off, the herder not being able to hold them. General losses are feared among those stockmen who have no shelter. We say now, as we have said before—put up sheds for your sheep.

New York report in American Wool Reporter:—The center of attraction seems to be upon Texas wools. There are very few short spring wools in the market; the sales made have been at figures equivalent to 55c clean. The fall wools are coming in freely and are being taken up rapidly. The wools showing a shrinkage varying from 56 to 60 per cent. are being sold at 21@23c. A small sale of year's growth has been made, but prices are not given. We understand that an offer of 25c was declined on a large line.

Boston Report in American Wool Reporter:—The recent little spurt in activity and prices in Texas, California and elsewhere, and the very strong markets abroad, have not been reflected by any positive improvement as yet in this the principal consuming market of the United States. While the sales here foot up a fair aggregate from the daily and weekly purchases of manufacturers, yet the latter make a hard fight for lower figures upon nearly every transaction, and it is unquestionable that some very cheap lots of wool are being secured occasionally from parties who desire to realize on them for one cause or another. The great bulk of the purchases, however, are at about quotations, and much wool is still held at higher figures for consignors who could not sell to-day except at a loss of 10 or 15 per cent.

Boston Advertiser:—From a statistical point of view the market appears very strong. The amount of wool bought by manufacturers is nearly 34,000,000 lbs less than a year and from this it would seem that they have been running pretty close and would have to buy quite liberally before long. Then there are no prospects of any material additions to the present stock of wool here. Europe will send none here to speak of, as the markets there have got to be supplied from outside points, so small are the stocks there. In Australia prices are still ruling high, and wool is being bought there for shipment to Europe instead of America, as was the case last year. Stocks of Montevideo and Cape wools continue small here, and owing to the high prices prevailing in Europe, there is little prospect of any wool from South America being sent here. In the country stocks of domestic wool are not heavy, as the high prices earlier in the season brought the bulk of the wool forward much earlier than was the case a year ago. The stock of domestic wool here is large, but there is only an ample amount of Australian offering. Receipts are growing less all the time, and it would not take long under a spirited demand to greatly deplete offerings, and force the market into a very strong position.

The Coming Comet.

It is fancied by a grateful patron that the next comet will appear in the form of a huge bottle having "Golden Medical Discovery" inscribed upon it in bold characters. Whether this conceit and high compliment will be verified, remains to be seen, but Dr. Pierce will

continue to send forth that wonderful vegetable compound, and potent eradicator of disease. It has no equal in medicinal and health-giving properties, for imparting vigor and tone to the liver and kidneys, in purifying the blood, and through it cleansing and renewing the whole system. For scrofulous humors and consumption, or lung scrofula, in its early stages, it is a positive specific. Druggists.

Where the Hog Market Stands.

National Stockman.
Taking the hog market for a series of years together we have no live stock which has varied so much in price. Yet hogs have not, since the great depression of ten years ago, averaging the country over, been below a paying basis. The market at this time is not in as good condition as it often has been, but at the same time it is decidedly better than many expected. Withal there is a disposition to be pretty well satisfied with the situation. Prices a year ago were about 40 per cent. higher than now, and by comparison prices seem low. It is doubtful whether present prices will be maintained through the season, but even if they should decline quite materially they are not likely to get low enough to tally with the predictions of many heavy operators a few months ago.

C. P. BAILEY, Importer, breeder and dealer in ANGORA GOATS San Jose, California.

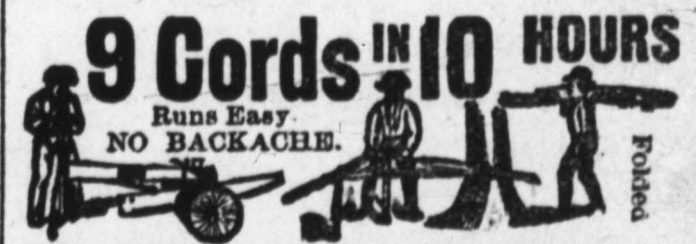

Took first premium at the World's Fair, New Orleans, on all his entries of Angora goats; also first and sweepstakes on Angora bucks at Texas State Fair at Dallas 1888.

Engaged in this business over 25 years. Has sold nearly \$70,000 worth of goats for breeding purposes and still owns 10,000 head, over 1000 of which are pure-breds. Has this year raised more Mohair than the combined product of any other four goat raisers in the U. S. A.

If you want to be successful in the goat business, buy your bucks of a successful breeder.

200 head of fine young pure-bred Angora bucks now ready for sale.

Send for circular and price list.

THE time to begin preparations for the next fair is the day after the close of this fair, so as to give an excuse for those who want much time to get ready.

WHAT would be thought of a ranchero who went to town dressed up in a tailor-made broad cloth dress suit, kid gloves, patent leather boots, silk hat, standing collar and white satin necktie, and, and put them on to make the annual round-up. This is what he practically does when he buys a fine blooded animal and turns it loose on the range to rustle.

ONE of the wisest enactments of the last legislature was that of creating an arbor day for Texas, and fixing on February 22th, Washington's birth day, as such day was eminently proper in a practical sense and commendably patriotic. If you plant but ten trees every arbor day, you will soon have cause to look back in grateful remembrance of the birthday of the father of our country, and bless the good custom in this grateful state.

CONSIDERABLE interest is being taken in Southwest Texas in the coming stockman's convention, January, 1890, with a determination to break the record and accomplish something practical if possible. Many alive subjects could be treated with profit, among which are better transportation facilities, a change of selling commission from per capita to per cent., selling all classes of meat producing stock by weight, tariff on hides, tariff on Mexican horses and mules; refrigerators and deep water, and the question of what is Texas fever and no effort to have the federal government to take hold of the subject and establish a general quarantine.

THE first annual report of the secretary of agriculture is at hand, and so far as it relates to the animal industry it is of much importance as touching certain recommendations. It is flattering to the STOCK JOURNAL to see Secretary Rusk take hold of the question of quarantine in a practical manner and in accordance with the views held by this paper from the first. In speaking of splenic fever he says: "With this malady the infection is generally spread through the channels of interstate commerce, and for that reason can only be effectually controlled by the federal government. For the protection of our citizens who purchase cattle in the great market of the country, no less than for the reputation of the dressed beef which has become such an important factor in our domestic and foreign trade, the legislation relating to this subject should be ample and clearly defined."

San Antonio International Fair.

The weather has been all that could be wished, and the crowd amounted to a jam during the week. In this respect the fair has been a grand success. The principal feature of such affairs, the racing, has been the best ever held in this section of the state, and served to compensate in a large degree for the meagerness of the exhibits in live stock, the cause of which in a large measure was owing to the shortness of the time given to prepare and the bad opening weather. The international character of this fair will in time be one of its most valuable and interesting features, and with sufficient time for working up the interest in Mexico, can be made really a grand display. As it is, the Mexican exhibit, while not very extensive, is undoubtedly one of the very most interesting and instructive of all the displays. The display made by the S. A. & A. P. railway continues to draw out the admiration and wonder of the skeptical of the productiveness of Southwest Texas, and as an advertising medium is very valuable. But what is here shown could be duplicated by two-thirds of the counties in this section of the state.

The following are the awards in the live stock department:

Awards at the Fair**CLASS NO. 1—HEREFORDS.**

Lee Hall, George Baker and John McKenzie, committee of award.

Bull, 3 years and over—Jot Gunter's bull, "Edward Success," a prize winner of the last fair, took the blue ribbon and \$25 prize; while C. H. Pickford's (of Sabinal) bull, "Paritan," was awarded the red ribbon and \$15 prize.

The remainder of the showing in this class was a walk over for Jot Gunter's Grayson county herd.

Best mare foal—The blue ribbon and \$5 premium were awarded for mare foal owned by L T Porter.

HORNS AND HOOFES.

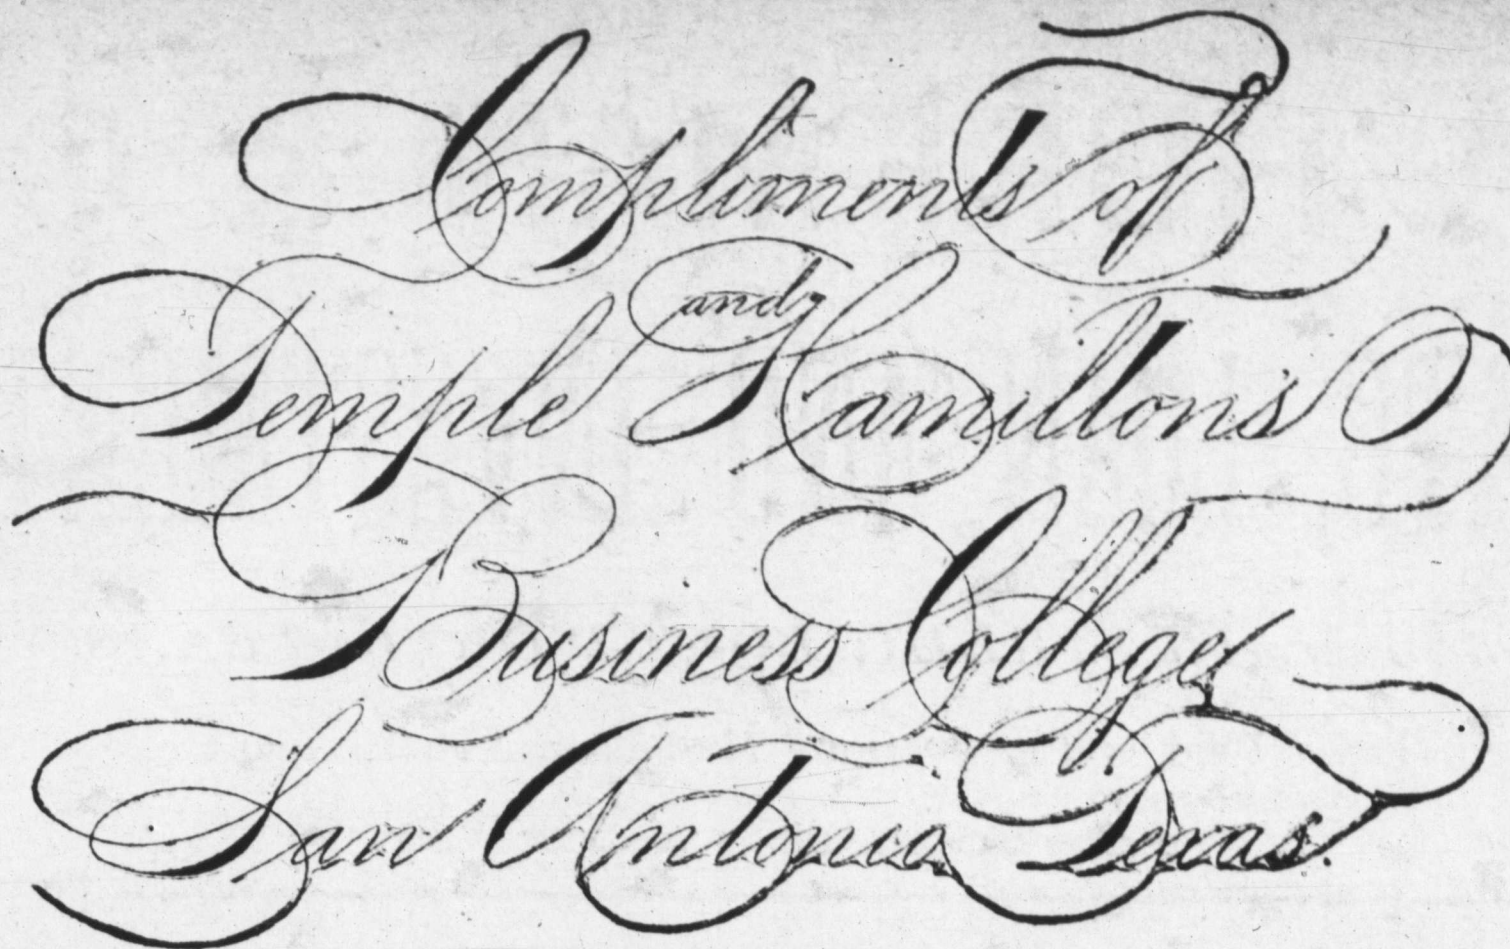

The fine stock at the fair grounds do not comprise the total here by any means, as a large number are being held in town for sale.

R. E. Stafford, Columbus, who is a prominent figure in the English meat contract which is now assuming a practical shape, was here during the week.

So many here to the fair that their names would fill a Sunday issue of the New York World.

J. W. Kokernut, Gonzales county, who has large ranch interests, is here in attendance of the great international event.

W. S. Ikard, Henrietta, the great Berkshire swine breeder, came down to

Temple & Hamilton's Business:-

-: College,

Shorthand and Typewriting INSTITUTE

And English Training School, is not the oldest institution of the kind in the state, but it is pre-eminently

The Best.

Send for circular and specimens of penmanship.

This cut is photo-engraved from writing executed at this college.

lend the light of his countenance to the great show.

The best place in San Antonio to buy carriages, buggies, etc., is at Hicks' repository, West Nueva street. Rice's coil spring vehicles a specialty.

"Dun" Houston, the Gorzales stockman, says that six steers that were turned out to grass last spring after a winter's feeding, will soon be put up again to undergo a "warming over," for next spring's market.

E. E. Banner, Kyle, who has been North on a trading expedition is back here to get another bunch of horse stock and take in the fair.

The race horses and the ladies divided the attention and admiration of judges of natures masterpiece of handiwork.

N. B. Pulliam of Uvalde has been selling sheep at \$2 per head and buying good fat heaves at \$15 recently buying some 500 head.

Dr. J. E. Breeding, dentist, has established himself at 231 E. Houston street, opposite the Belknap armory. His appointments are first-class in every respect. He is prepared to do anything in the line of dentistry. Teeth without plates, gold crowns, bridges, etc.

THE WOOL SACK.

So far sheep have fine prospects for the winter.

The foreign wool buyers are gradually, one by one, folding up their tents, buttoning their overcoats and taking the trains for the North.

From now on it will be hard work to sell wool on this market, as local buyers are about the only ones in the field.

Cotulla Ledger:—No withstanding we have had much disagreeable weather, there is little or no loss reported by the sheepmen of the county. Their flocks are in fine condition to stand a hard winter if such should be the case.

John Arnold, the well-known sheep and Angora goat man of the Nueces canyon, passed through here en route to Eastern Texas, where he is going for some laborers on his ranch, determined to try negroes in place of Mexicans.

The sheep department was not represented at the fair in keeping with the importance of the industry in this section. There are now good flocks of pure blood Merinos, Shropshires, Cotswolds, Southdowns, Horned Dorsets, Cheviots in Texas, but only the Merino were on exhibit. The sheepmen did not display their customary enterprise on this occasion.

Chas. P. Haywood of Lincoln, England, is here introducing his powder sheep dip which has acquired an enviable reputation in every sheep growing country of the world. Trials everywhere have proven highly satisfactory, and always win a high place for it among sheep men. He is establishing agencies all over Texas as well as in other parts of the United States.

C. H. Edwards' music house of Fort Worth has removed from No. 308 to No. 409 Houston street.

San Antonio Wool Market.

The fair week has been a quiet one in this line of trade, and it is conceded that from now on wool is slow till the end of the season, although no very marked decline in prices can be noted; nothing but a weakness at quotations, which are from 16 to 21c. A little over half the wool has passed into the hands of buyers, among which are found the majority of the choice clips. The season promises to drag on till into the new year.

Look Here, Friend, Are You Sick?

Do you suffer from Dyspepsia, Indigestion, Sour Stomach, Liver Complaint, Nervousness, Loss of Appetite, Biliousness, Exhaustion or tired feeling, Pains in Chest or Lungs, Dry Cough, Night Sweats, or any form of Consumption? 220. 400 acres 6 miles southwest of Fort Worth; 140 acres in cultivation, balance in grass, good water and improvements. \$30 per acre.

221. 100 acres 10 miles south of Fort Worth on the Cleburne road; all rich soil, 60 acres in cultivation, good improvements, 3 miles northwest from Crowley. \$25 per acre.

222. 183 acres 3 miles west of city, north of West Fork; 70 acres in cultivation

FORT WORTH.

General Range and Stock Notes.

Another storm, a lighter one, struck the Panhandle on the 11th inst. Fort Worth received a touch of it by a two-hour snow, which melted as it fell.

C. F. Estill of the Kentucky stables has received advices of another consignment of Hereford cattle from the Casgrove Live Stock company.

Bud Daggrett of Fort Worth sold 450 head of steers to Ed Cobb of Henrietta at \$7 for yearlings and \$10 for 2-year-olds.

The butcher market at Fort Worth does not call for as many cattle as some large lots have been contracted. Cows are quotable at 1½c, hogs 4c, sheep 2½c@2¾c, calves at all prices.

Hatcher & Woods sold to Captain Jim Fields 2 cars of mares at \$35. These mares were shipped to Abilene and will be driven to Capt Fields pasture in Shackelford county.

It is to be hoped that our friends in the North and East will not suppose that all the cattle in Texas are dead. They are doing well enough as a rule.

Shipments to the beef markets are still heavy from Wichita Falls down to Fort Worth, also along the Texas & Pacific.

J. D. Davidson of Coleman, a ranchman of that district called to renew old acquaintance with the JOURNAL, and reports the range as satisfactory. They had a snow last week, which melted away quickly by coming in contact with the warm earth.

W. A. Burnett of Trinidad, Colorado, shipped some cattle to the Cherokee Strip from Amarillo, and will ship them to market next spring, if Chief Mayes holds out.

A. S. Nicholson of Fort Worth sold for Mr. Thos. Roche to Mr. Walcott of Honey Grove, 78 head of grown steers at 2c per pound. Mr. Nicholson has a good number of feeders for sale.

Wm. Corn, one of the regular cattle feeders of Tarrant county says he will try to cash some corn by feeding it to 300 steers. But his expectations are not high as to prices. He will let his cattle go to market when fat regardless of the time of year and will not hold for high spring prices.

Beggs & Hackett of Fort Worth sold for D. F. Finley of Benbrook to Mr. Craig of Hillsboro, a magnificent lot of 2-year-old steers for feeders at \$14.75 per head. The quality of these cattle can be understood by comparison with other cattle. Mr. Hackett having recently purchased some Southern 2-year-olds at \$8 per head.

In several of the pastures of the northeast Panhandle country some cattle and some horses have been frozen to death during the unprecedented cold weather. It is only a few, but there will probably be some alarming reports going the rounds of the Eastern press. There are also reports that the cowboys of the Head ranch were not all the people frozen to death in New Mexico during the recent blizzard.

From Amarillo Jack Rosson writes that H. C. Mason of Minneapolis bought 1000 head of three and four-year-old steers of the Cedar Valley Land and Cattle company, paying \$22 per head for the stock delivered on the cars. The sale was made through M. L. Allstott, who represents White & Rial. He superintended the shipment. Mr. Rosson, who represents Wood Bros. of Chicago, says also that the severe storms of the past ten days have been the means of cutting the shipments down to nothing from Childress and all points above.

A man who has practiced medicine for 40 years ought to know salt from sugar; read what he says:

TOLEDO, O., Jan. 10, 1887.

Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times

and its effect is wonderful, and would say in conclusion that I have yet to find a case of catarrh that it would not cure if they would take it according to directions. Yours truly,

L. L. GORSUCH, M. D.,
Office, 215 Summit St.

We will give \$100 for any case of catarrh that can not be cured with Hall's Catarrh Cure. Taken internally.

F. J. CHENEY & CO., Props.,
Toledo, O.

Sold by druggists, 75c.

FORT WORTH, TEXAS.

Facts Compiled by the Board of Trade—The Largest Railroad Center of Its Age in the World.

For investors, manufacturers, merchants, and home seekers, we have such as no other city in the Southwest can offer.

What Fort Worth Has.

HEALTH AND CLIMATE.

- 1 An altitude of 641 feet.
- 2 Pure water from 168 artesian wells.
- 3 Drainage—being built on limestone hills 120 feet above Trinity river.
- 4 A water resort for invalids.
- 5 Sulphur and other mineral waters.
- 6 A pleasant all-the-year-round climate.

PRODUCTIONS.

- 1 Situated on the north edge of the Texas Cotton Belt. Crop of '89, 2,000,000 bales, valued at \$90,000,000.
- 2 At the southeast corner of the Panhandle wheat region, which has no superior.
- 3 In the center of the corn belt of Texas—the future great pork producing region.
- 4 In the center of the Texas fruit belt.
- 5 Just east of the great Texas pasture region.
- 6 There are undeveloped coal mines within 80 miles west.
- 7 Llano county has immense iron deposits for steel making, southwest, within 180 miles, no better on earth.
- 8 Cherokee county has the largest and finest bodies of bog iron ore for soft iron, within 160 miles.

DEVELOPMENTS.

- 1 Fort Worth has eleven railroads, seven of which are great trunk lines.
- 2 Thirty-two miles of electric street car line now and about to go into operation.
- 3 She has 48 miles of macadamized streets.
- 4 Forty-two miles of sewerage and finest natural drainage to be found anywhere.
- 5 Arc and incandescent electric light plant.
- 6 Holly waterworks.
- 7 Gas works.
- 8 Five grain elevators. Capacity 850,000 bushels.
- 9 Four roller mills. Capacity 1500 barrels per day.
- 10 She has a stock yard. Capacity 5000 head of cattle daily and 2000 head of hogs, which can be doubled by the addition of some fencing.
- 11 She has a stove foundry in progress of construction.
- 12 Fort Worth has a moss collar factory, the only one in the United States.
- 13 An iron foundry. The largest in Texas.
- 14 A windmill and pump factory.
- 15 A boot and shoe factory.
- 16 She has eight national banks. Combined capital, \$2,600,000.
- 17 The Trinity river will furnish excellent water power.
- 18 Fort Worth has a wholesale grocery house, equal to any in the United States.
- 19 Fort Worth has thirty-nine jobbers, and room for a hundred more.

20 She has a jute bagging factory.

21 A tannery successfully operated for two years.

22 A cracker factory to consume fifty barrels per day.

23 An excelsior factory, the only one in Texas.

24 A woven wire mattress and cot factory, the only one in Texas.

25 A granitic roofing company, the only one in the Southwest.

26 A baking powder factory.

27 The shops of the Fort Worth & Denver City Railway company, the Texas & Pacific Railroad company and the Fort Worth & Rio Grande Railroad company, are located here.

28 Fort Worth has a small wagon factory which is about developing into a large wagon and carriage factory.

29 A woolen mill about organized.

30 She has the best electric fire alarm system in Texas, and the best organized fire department.

CHURCHES, EDUCATION AND ARCHITECTURE.

1 Fort Worth has seventeen churches, some patterns of beauty and fine in architecture.

2 Her educational advantages are fine and rapidly progressing.

3 She has the best board of trade building in the Southwest.

4 She has the finest library rooms in Texas.

5 She is the first city in the world that ever built a Spring Palace.

WHAT FORT WORTH WANTS NOW.

- 1 A cotton mill.
- 2 A canning factory or two.
- 3 A woolen mill.
- 4 A packing house, for hogs and cattle.

5 A factory to make Texas sewing machines.

6 A factory to make Texas watches.

7 A freight car manufactory.

All of the above and many others can, if well managed, be made to pay.

Why made to pay? Because we have cheap food, mild climate and a healthy country for the operatives. Second, because we have the raw material here; coal, iron, cotton, wool, hard woods, soft woods, and we are in the center of a good market, rapidly growing.

PROSPECTS FOR THE FUTURE.

Fort Worth has quadrupled her population the last ten years, and she has a chance to do the same in the next ten. She has as many advantages as Denver, as Kansas City, and will be as large as the latter city (175,000) when she is as old. Her people realize these advantages, and are determined to achieve greatness.

Business Properties in Fort Worth.

The following quotations, by the front foot, are presented by Messrs. P. A. Huffman & Co. as something near the approximate value and selling prices of business lots in Fort Worth on the four principal streets, viz: Main, Houston, Rusk and Throckmorton. Of course these are not arbitrary figures; as some lots are held higher than prices quoted and there is always an opportunity to shade a figure in the course of business:

MAIN STREET.

Lots 25x100. No building considered. Between Third and Eighth streets, inside lots, \$400 per foot front; corners, \$480.

Between Eighth and Sixteenth streets, inside lots, \$280; corners, \$400.

HOUSTON STREET.

Between Third and Eighth streets, inside lots, \$360; corners, \$460.

Between Eighth and Sixteenth streets, inside, \$200 to \$240; corners, \$280 to \$300.

RUSK STREET.

Between Third and Sixth streets, inside lots \$160 per foot front; corners, \$200.

Between Seventh and Sixteenth streets, inside lots, \$120 per foot front; corners, \$160.

THROCKMORTON STREET.

Between First and Seventh streets, inside lots, \$80 to \$100 per foot front; corners, \$130 to \$140.

Between Seventh and Sixteenth streets, inside lots, \$60 to \$70 per foot front; corners, \$70 to \$80.

The following list of sales is taken from the records, to show samples of recent sales of Fort Worth business, residence and suburban properties, also some farms and pastures in the country. These transfers are of interest as showing the general accepted range of values of the various lines of properties in and around the city:

BUSINESS PROPERTIES.

R E McNulty to Mrs Louise T Blanchard, lots 11 and 12, block B, Daggett's addition; consideration, \$14,000.

J W Spencer and E H Carter to A P Luckett, lot 15, block C2, Daggett's addition, Fourteenth and Rusk; consideration \$3,000.

A M F McCullough and wife to A P Luckett, part lot 7, Field-Welch addition, consideration \$7,000.

J C Boyd to George M Williams, an undivided half interest in lots 13 and 14, in block A3 of Daggett's addition; consideration \$4,500.

Heck & Baker to F W Ball, lots 3 and 4 in block C, Daggett's addition, for \$12,000.

A W Caswell and wife to James L Martin, lots 5, 6, 7 and 8 in block 114, for \$30,000.

E E Chase to James L Martin, south half of block 112, for \$55,000.

Anna E Taylor to J P Hughes, lot 4, block 1, Daggett's addition, for \$6,250.

Fort Worth Gas Light company to Fort Worth Light and Power company, block 117, north half of block D in Daggett's addition, together with machinery, etc., \$190,000.

Fort Worth Electric Light company to Fort Worth Light and Power company, lots 6 and 7 in block 14, in Texas & Pacific addition, with electric plant, other realty, etc., \$80,000.

RESIDENCE PROPERTIES.

N Harding to T B Ellison, house and lot on Lamar and Fourth streets, \$6,000.

Percival M White to J G Browning, lots 1 and 2, block 2, College Hill; consideration \$3,000.

J G Browning to B J Houston, 50x150 feet, Johnson avenue; consideration \$3,800.

Charles Cromer and Minnie Cromer to D Mazza, lot in Jennings' south addition; consideration \$3,800.

E M Daggett and wife, Laura A Daggett, to John Walker, part of block 27, Fort Worth, on Weatherford street, consideration \$2,500.

N. Harding and wife to T. B. Ellison, northwest quarter of block 81, 100x100 feet, for \$6,000.

J. N. Benton and wife to Mrs. Lillie R. Winston, 100 feet square on Hampton street for \$1,000.

S. P. Tucker and wife to E. S. Perryman, fifty feet in block 22, in Fort Worth, for \$4,000.

SUBURBAN PROPERTIES.

W. A. Archer to John Armstrong, fifteen acres lying two and three fourths miles north of Fort Worth, in consideration of the erection by Armstrong of a

tannery and shoe factory; consideration \$13,000.

M. G. Ellis to L. R. Garner, two lots on North Side; consideration \$4,320.

M. G. Ellis to M. G. Gies, blocks 56 and 57 of the E. M. Ellis addition; consideration \$3,550.

J. O. Clark et al to E. F. Rusk, 38 acres south of Fort Worth; consideration \$3,800.

E. M. Daggett and wife to John F. Swayne, W. T. Fakes, W. A. Darter, M. F. Locke, G. W. Hollingsworth, J. L. Williams, John D. Templeton, F. B. Stanley, N. Harding and R. L. Ellison, 462 acres of the S. Gilmore and W. Baker survey; consideration \$46,200.

H. B. Herd to James Ryan, part of block 9, Evans' south addition; consideration \$3,900.

J. T. Sheffield and wife to J. C. Terrell, Jr., southeast quarter block 16, Jennings' south addition; consideration \$3,000.

Nancy Beet et al to W. Z. Manchester, twenty-five acres three and one-half miles south, thirty-five degrees west of Fort Worth; consideration \$3,575.

J. J. Ingram to P. A. Huffman, forty acres west of the city, for \$2,000.

M. G. Ellis to J. J. Goodtellow, part of block 57, Ellis addition, for \$600.

COUNTRY FARMS

R. T. Kinsey and wife to J. Durringer, 150 acres lying eleven miles southeast of the city, for \$3,500.

E. M. Bransford and wife to S. Vaughn, 160 acres of Shelby county school lands southwest of the city; consideration, \$3,240.

J. E. Blanton and wife to W. R. Joyce, 320 acres lying thirteen and one-half miles northeast of Fort Worth, for \$2,200.

T. F. Walker and wife to W. J. Peeler, 641-3 acres of Shelby county school land in Tarrant county, for \$2,000.

C. M. Howser and wife to Corrydon F. Howser, 97 acres of the Chireno survey; consideration, \$2,000.

B. P. Fakes and wife to James C. McCray, 590 7-10 acres of the Coleman Boyd survey, for \$12,814.

A. J. Caldwell and wife to J. R. Patterson, 320 acres lying on the West Fork of the Trinity, for \$2,000.

J. O. Wilkinson and wife to R. F. James, 160 acres of land in the Enoch Jones survey, for \$3,025.

DALLAS.

DALLAS DOTS.

A talk with H. G. Brady discloses the fact that wool is very slow and the price off. Mr. Brady says he missed it in selling his wool just before the presidential election, because he thought Cleveland was going to be elected. The rise in wool after Harrison's election was of short duration, so the anti-tariff did not seem to cut any special figure in the wool trade.

New evidences continue to show up that England will after a while get things in shape to take the Texas beef across the water from Galveston. The large capital it requires to make a success of such a business has doubtless been the hindering cause heretofore, but that seems about bridged over now.

J. W. Barbee of Hamilton county told the JOURNAL man this week that he had been in the cattle business 20 years, and while prices were very low now he was "stuck" on the business, and thought the "morning star" for better prices would dawn on the cattle industry of Texas in the near future, and in consequence he thought it a good idea to hold on to the cattle business, and await results.

James Rennie of Paul's Valley, I. T. arrived on market with one car of fat hogs.

W. E. Taylor of Dallas county sold a lot of milch cows to dairymen.

J. F. Killough of Kaufman county was on the market with 35 head of choice butcher cows.

B. F. Moore of Collin county arrived with 100 head of choice mutton sheep, and found ready sale.

Sam Samples of this city sold one car-load of hogs to local butchers.

J. M. Barbee and A. E. Gamble of Hamilton county arrived on market with 27 head of choice fat cows.

John Redding of Dallas county sold a choice lot of mixed cattle to local butchers.

Harvey Spear of Arlington was in the city with a car of choice hogs and fat cows.

A General Tie-up

of the means of public conveyance in a large city, even for a few hours, during a strike of the employes, means a general paralyzing of trade and industry for the time being, and is attended with an enormous aggregate loss to the community. How much more serious to the individual is the general tie-up of his system, known as constipation, and due to the strike of the most important organs for more prudent treatment and better care. If too long neglected, a torpid or sluggish liver will produce serious forms of kidney and liver diseases, malarial trouble and chronic dyspepsia. Dr. Pierce's Pleasant Purgative Pellets are a preventive and cure of these disorders. They are prompt, sure and effective, pleasant to take, and positively harmless.

Sale of Cattle at Carter & Son's Stock Yards, Dallas, Texas.

B. J. Ingell of Ellis county sold 27 choice fat grass cows at \$1.60 per 100 lbs, av. 890 lbs.

C. F. Fairbanks of Dallas county sold 13 cows, 860 lbs, 1 1/2c.

J. E. Maddox of Collin county sold 17 choice fat grass steers, 984 lbs, 2c.

Harvey Spear of Arlington sold a choice car of hogs at 4 1/2 @ 5c.

W. W. McWilliams of Wills Point sold a car of choice mixed cattle to local butchers at \$1.40 @ 1.50.

Joe Perry of Denton county arrived on market with a car of choice corn-fed hogs.

A. E. Gamble of Hico sold a car of choice fat grass cows to local butchers at \$11.50 each.

B. Wheelless of Denton county sold a lot of veal calves, 200 lbs, at 3c; also a lot of heifer yearlings at \$6 @ 7 per head.

Harvey Spear of Arlington sold 20 choice grass cows, 930 lbs, \$1.60.

J. C. Demming of Cooke county sold 29 steers, 840 lbs, \$1.85, for feeding purposes.

W. R. Rodgers of Kaufman county sold 9 milch cows at \$25 @ 35 each.

J. M. Scott sold 7 cows, \$12 each.

R. E. Reading sold 6 steers at \$12.50 each.

F. C. Moses sold 5 cows at \$13 per head.

L. E. Jones sold 37 sheep, 84 lbs, 3c.

D. R. King sold 64 choice muttons, 91 lbs, \$3.10.

L. B. Goodwin sold 33 choice fat goats at \$1.60 each.

James Stallings sold 16 sheep, 68 lbs, 2 1/2c.

B. R. Willman sold 13 hogs, 196 lbs, at 4 1/2c.

C. L. Gadlip sold 39 hogs, 207 lbs, 5c.

E. Tucker sold 11 hogs, 308 lbs, 4 1/2c.

IMPORTANT.

Address M. A. DAUPHIN,
New Orleans, La.,
or M. A. DAUPHIN,
Washington, D. C.

By ordinary letter, containing Money Order issued by all Express Companies, New York Exchange, Draft or Postal Note.

Address Registered Letter containing Currency
To NEW ORLEANS NATIONAL BANK,
New Orleans, La.

REMEMBER that the payment of all prizes is GUARANTEED BY FOUR NATIONAL BANKS of New Orleans, and the tickets are signed by the president of an institution whose chartered rights are recognized in the highest courts therefore, beware of any imitations or anonymous schemes.

ONE DOLLAR is the price of the smallest part or fraction of a ticket issued by us in any drawing. Anything in our name offered for less than a Dollar is a swindle.

AGENTS \$75 per month and expenses paid any active man or woman to sell our goods by sample and live at home. Salary paid promptly and expenses in advance. Particulars and sample case free. We mean what we say. Standard Silverware Co., Boston, Mass.

Parties having barren mares or cows, or irregular breeders, will learn something to their advantage by addressing H. W. Campbell, Racine, Wisconsin.

ROUND-UPS.

Canadian Free Press:—Tuesday morning last, ground covered with snow; temperature 31½ above.

Tascosa Pioneer:—The Lee Scott company have sold their cattle in the Diamond F pasture, numbering some sixteen hundred, to the Home Land & Cattle company, which latter now occupies that range.

Canadian Free Press:—Four thousand head of cattle have been shipped from this place during the past five days, the Hansford Land & Cattle company shipping three trains; the Cresswell Ranch & Cattle company three trains; N. T. Eaton, one train; Finch, Lord & Nelson and the small bunches shipped by the stock farmers of our county making the balance.

One of the largest sales of dairy stock that has occurred in this country has recently taken place at Cuba, New York. Mr. D. P. Whipple & Son have disposed of the famous Pieterje family, consisting of Pieterje 2d, 3d, 4th, 5th and 6th, Pieterje Holland King and a grandson of Pieterje 2d. Seven head of this family have been sold for \$20,000, an average of \$2858 each. This stock has been bought by Mr. O. P. Warner, an extensive tobacco manufacturer of New Milford, Conn.

Stock Grower, New Mexico:—Mrs. George B. Barber of Lincoln county, departed for Kansas City last week. Mrs. Barber will dispose of 500 head of as fine a lot of steers as ever left New Mexico. They are four and five years old, and are the property of the company of which Mrs. Barber is sole manager. About 250 head belonging to Mr. Barber are included in the lot. All will be driven to Clayton or some other central point, and await buyers. Mrs. Barber will be absent some three months on her trip visiting relatives in the East.

Crosby County News:—Raining again! Not long ago it rained here several days, wetting the ground very deep, and now it has done so again. It came up last Monday on a northwest wind, and while it was very wet, it was also very cold. One thing is sure our farmers have reason to rejoice for it means plowing to them and a good crop next year. N. B. Also snowed after raining all Monday and Monday night. Thermometer: Raumer, 2 degrees below zero; Fahrenheit, 30 degrees above zero, and cold.

Stock Grower, New Mexico:—Joseph E. Saint is back from his trip to Kansas. While in the gra-shopper state he arranged for the feeding of 1800 head of cattle. The great sorghum sugar factory at Topeka having burned down, 1700 acres of that crop were left near that city without the possibilities of manufacture. Mr. Saint purchased the crop on 1000 acres, and while feed is down to stock this winter. Mr. Saint is now a firm believer in the science of dehorning and has practiced this improvement on several thousand head of steers this fall.

San Angelo Standard:—During our late fair C. D. Foote bought C. Mendel's noted herd of Williamson county Hereford and Durham thoroughbred cattle, consisting of thirty-eight heifers and cows and one bull. To cite the value of this herd we will state that five of these same cows took the blue ribbon at the state fair at Dallas. The herd was received by the Commodore yesterday morning from Mr. J. Caesar, and immediately driven out to the former's fine stock farm on Lipau Flat. The Commodore will raise them on sorghum and proposes to down everything in the Durham and Hereford breed at the second annual meeting of the Concho Valley fair.

Denver Field and Farm:—Buffalo Bill had an agent in Cheyenne the other day buying bucking bronchos for shipment to the Wild West show in Paris. He purchased two Texas horses of Dan Ullman for \$99 that were ugly enough to suit anybody. They had been running wild for four years, and all attempts to saddle them have failed. John Thomas sold two Oregon horses to the agent that were thoroughly accomplished in pitching. The agent preferred horses of eight years of age or older, as they are not so easily broken. It is difficult to get an unbreakable, tough, spirited bucking broncho, and the whole country has to be scoured to secure the required supply.

Stock Grower, N. M.—The Santa Fe road has made a concession to the stock interests which should be greatly ap-

preciated by cattle raisers of the Southwest. An order has been issued that dating from September 1, a feeding-in transit rate goes into effect. It is materially lower than the present rate, and as it allows Kansas feeders to ship from this territory or Arizona to their feed lots, fatten them and ship on to market at the through rate it should encourage the sale of feeders in the section of range country through which the Santa Fe runs. W. H. H. Lewellyn, the active stock agent of the road, has been largely instrumental in securing this desirable concession, as he has been working to secure the adoption of the scheme for some time past.

Beaver, Territorial Advocate:—Poor Neutral Strip! It is still the target for slurs and thrusts of every description. It seems to make no difference where any trouble occurs, if it is south of Kansas, the Kansas newspaper sensationalists at once write it up in glowing colors, locating it in the Neutral Strip every time. The Scotch Cattle company reported to having been burned out by the settlers of the Neutral Strip as near as we can learn, is owner of the Bar CC in the Panhandle of Texas, has nothing to do with No Man's Land, very few of their cattle ever straying across the line into this country. We understand prairie fires have recently devastated portions of the Panhandle, as well as a large section in the Neutral Strip west of this city; but if the readers of the above dispatch could have seen the desperate fight made by hundreds of settlers for several days in the effort to check the terrible onward sweep of flame and save their range, feed and improvements, an opinion would be drawn entirely different from the one sought to be circulated by the above lying dispatch. Cattlemen and settlers alike are indignant and swearing vengeance on the originators of these fires—yet the probability is that in the majority of these cases the fires are the result of carelessness.

Woman's Work.

There is no end to the tasks which daily confront the good housewife. To be a successful housekeeper, the first requisite is good health. How can a woman contend against the trials and worries of housekeeping if she be suffering from those distressing irregularities, ailments and weaknesses peculiar to her sex? Dr. Pierce's Favorite Prescription is a specific for these disorders. The only remedy sold by druggists under a positive guarantee from the manufacturers. Satisfaction guaranteed in every case or money refunded. See printed guarantee on bottle wrapper.

How the Cowboys Died.

Special to the Denver News.
TRINIDAD, COL., Nov. 9.—On Wednesday night of last week a round-up force was in camp near Sierra Grande, in the eastern portion of this county, and had about 2000 steers under herd when a blizzard struck them, which became furious before morning. John Martin and Louis Jolly went on as the last guard about 3 a. m. The storm being so severe and blinding and the falling snow so thick that it was impossible to hold the herd, so Jolly started to camp for help. In the meantime Henry Miller and Charlie Weir had left camp to assist in holding the herd. Jolly could not find camp and Weir could not find the herd, but they were all three accidentally drawn together by shouting. They wandered around until daylight, when they ran against Martin, who had been last seen with the drifting herd. The gale and cold were so intense that they were compelled to drift before them seeking a place of shelter from its piercing shafts. Finding no shelter from the relentless fury of the storm, these four hardy men of the plains entered an arroyo, and, after fastening their horses, took their saddle blankets and sought protection in a snow drift. This was about 3 o'clock in the afternoon, and only by the purest grit Weir and Jolly succeeded in keeping awake. They were slightly apart from Martin and Miller, and had difficulty in talking with them. The snow piled upon them with such immense weight that all four of them sought another drift.

About 4 o'clock on Friday morning Miller called Jolly and Weir and told them they had better go, but they did not crawl out until daylight, when they made a search in the drift for Miller and Martin. The latter only could be found and life had already fled. They then took their horses and started, leading them. A few rods away they found Miller, on his knees, with his bleeding face against the keen blast swaying to and fro, and his horse standing not far away. He was asked to get up and go with them to a ranch they thought was not far away, but he only answered, "We are on the wrong road." They took him by the arms and tried to raise him, but he gave down entirely. Jolly then started to hunt help and Weir remained by Miller, who was fast entering that endless sleep. Both of Weir's hands were already frozen and he was helpless in a wilderness of prairie and at the mercy of the cruel elements.

Luckily a Mexican sheep herder found him and took him to food and shelter, leaving the death stricken form of Henry Miller in its illimitable shroud of snow.

Jolly found shelter at Rhodes' ranch and was unfit to proceed further. The bodies of the ill-fated Miller and Martin were taken to the U. P. K. ranch and from there to Springer for burial.

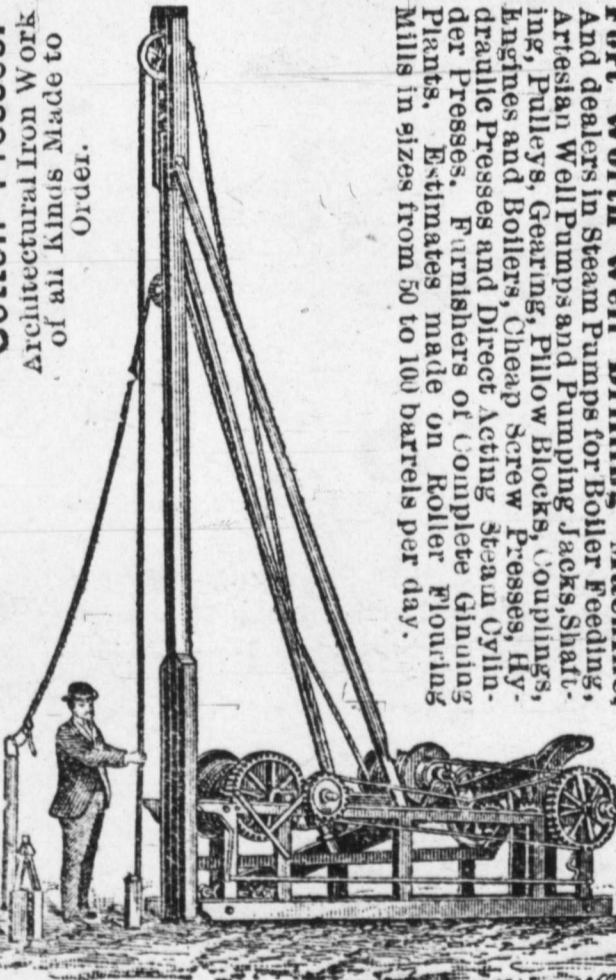

The Range learns the particulars of these terrible hardships from Jolly and Weir, who are in Raton for treatment for their frozen hands. They say that as far as they know there are four men as yet not found.

The storm which caused so much suffering has no parallel in the diary of the oldest plainsmen. The ferocity of the wind was phenomenal. It was a regular howling, driving Dakota blizzard that was entirely off its range.

A dispatch received this evening from Charles Wagoner, who left here Wednesday morning in company with R. G. Head and General Manager Meek, with coffins for the bodies of Martin and Miller, supposed to be at Folsom, states that they did not arrive there until late this evening. The distance from Trinidad to Folsom is 72 miles, and the time occupied by the general manager in getting there shows the extent of the blockade of the road.

FT. WORTH IRON WORKS
FORT WORTH, TEX.,

Manufacturers of the Celebrated
Fort Worth Well Drilling Machine,

Mutton for Consumption.

Boston Journal of Commerce.

The freezing of meat for an export trade has become an important item in the world's commerce and in the food supply of the people. The freezing process has enabled the shipment of vast quantities of mutton from sheep growing countries to European markets at such a low price that this kind of meat is in great demand for consumption. In a late consular report to the state department, it is stated that since the first beginning was made in the importation of frozen meat into England, in 1880, with 400 sheep carcasses, the business has increased to close upon \$2,000,000, in 1888, the foreign imports of sheep flesh being estimated at 18 per cent. of the consumption; and it is mainly from New Zealand and the Argentine Republic this trade is supplied. Mutton is becoming more and more a favorite meat, and its popularity will increase with its relatively low cost. With improved arrangements on board of ships engaged in the conveyance and in the freezing of meat, the cost of freezing, freight, etc., has been reduced on shipments from New Zealand to England, from \$77, in 1886, to \$58, in 1888, per 1000 pounds. It appears from market reports, that New Zealand prime frozen mutton sold in London at 10 1/2c per pound, in 1886, and 9c per pound in 1888. Prime English mutton not frozen, brought at the same time, 16c and 14c, while Argentine Republic frozen mutton sold for 8 1/2 @ 7 1/2c per pound. The Argentine Republic in 1888 granted an export bounty of \$6 per ton of frozen mutton and \$20 per ton of beef. The price of sheep in the Republic is estimated at \$2.20 per head, from which, however, may be deducted 15c for the tallow and \$1 for the skin; the carcass, calculated to weigh 40 pounds English, will thus cost \$1.05, and the expenses of transport, etc., reckoned in gold dollars, are given as follows, viz: Carcass of 40 pounds, 84c; freezing 42c; freight and packing, \$1.15; expenses in London, 42c; total, \$2.83, equivalent to 7c per pound in England, which would appear to be just about the point which the sales have realized of late in the English markets. The people of the United States are using muttons for food more and more every year, and the demand is so good that sheep for mutton is as profitable, if not more so, than sheep for wool.

Who the Favorites of Fortune are Lately.

Ticket No. 63,856 drew the first capital prize of \$300,000 in the 233d grand monthly drawing of October 15th, 1889, in the Louisiana State Lottery. Walton, Sharon Valley, Conn.; one to Mariana Romero, Santa Barbara, Cal.; one to George W. Lane, Forest City, Ark.; one to T. H. Neeley, Bigbyville, Tenn.; one to G. P. Talbott, Danyville, Va.; one to Ang. J. Miller, 1417 S. 12th street, St. Louis, Mo.; one to D. H. Cheney, Fort Smith, Ark.; one to W. P. Faucetter, Campbellsville, Ky., etc., etc. Ticket No. 71,323 drew the second capital prize of \$100,000, also sold in fractional twentieths at \$1 each; one to Handy Mohammed, No. 128 Clinton Place, New York City; one to J. R. Geddes, Murray, Pa.; one to Cora Rogers, South Bend, Ind.; one

to Norton County Bank, Norton, Kas.; one to a correspondent through Wells, Fargo & Co's Bank, San Francisco, Cal.; one to Bowery Bank, New York, N. Y.; one to E. L. Raines, Barnum, Tex.; one to Adoue & Lobit, Galveston, Tex.; one to M. M. Jordan, Greenville, S. C.; one to a depositor Louisiana National Bank, New Orleans, La., etc. Ticket No. 25,369 drew the third capital prize of \$50,000, also sold in fractional twentieths at \$1 each; one to the Market National Bank, Cincinnati, Ohio; one to International Bank, St. Louis, Mo.; one to Lawrent Kubler, 304 S. 7th St., St. Louis, Mo.; one to J. C. Baldwin, 64 Main street, Houston, Tex.; one to Sam Raphall, 64 Main street, Houston, Texas; one to J. L. Adams, Cincinnati, Ohio; one to H. A. Harvey, Harvey's Canal, Gretna, La.; one to Michael Stritzlinger, Gretna, La., etc. The 235th grand monthly and extraordinary drawing will take place Tuesday, December 17th, 1889, when prizes ranging up to \$60,000 will be scattered broadcast everywhere. Full information will be given by M. A. Dauphin, New Orleans, La., on application. Do not be left this time.

Are Fall Litters Profitable?

Correspondence Western Swineherd.

There seems to be a vast difference of opinion in regard to fall pigs being profitable. I take the ground that they are. I have heard men say (and it is true), that fall pigs do not grow one-half as fast as spring pigs do. I say this is true, but I will not admit that it is so only in certain cases. If the pigs are well cared for they will do well at all seasons of the year. The best time to have them farrowed in the fall is September. They have good grass during the fall, and by the time the grass is gone they will do well on corn and slops and are less trouble, as the farmers have more time to look after them. I have always raised two litters a year, and have not been able to have any for the market. The demand for breeding stock has been so great that I have always sold out clean, and last season I had to buy my meat although I raised over 100 pigs. This season I had 75 spring pigs and I expect that many fall pigs. If the trade is not sufficient to take all my fall litters there is always a pretty fair market for fat hogs in June, and pigs farrowed in September can be marketed the following June, and good stock can be made to weigh 250 pounds by that time. It doesn't pay a man to keep sows and only raise one litter a year; it cuts down the profits.

Consumption Surely Cured.

To the Editor:—Please inform your readers that I have a positive remedy for consumption. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their Express and P. O. Address. Respectfully, T. A. SLOCUM, M. C., 181 Pearl street, N. Y.

WELLS, RICHARDSON & CO'S IMPROVED

Butter Color.
EXCELS IN STRENGTH, PURITY, BRIGHTNESS

Always gives a bright natural color, never turns rancid. Will not color the Buttermilk. Used by thousands of the best Creameries and Dairies. How to Secure a Fast Walker.

Maine Farmer.

Recognizing the fact that the fast walker is always desirable, and more valuable than any other, the question is how to secure this trait in all the colts. There must ever be differences in speed, no matter whether walking, trotting or running; but these are largely matters of education and it is to this we would call attention. In the first place, the colt must be got bridle-wise as early as possible, and the earlier this is attempted, the easier for both owner and animal. When fully under control, the harness should be gradually added, and the use of the reins in guiding in every direction. This work cannot be too thorough or systematic, for here is the foundation for the future. He should be made to go in every way at the will of the driver. This much gained, the walking gait comes next. The aim must be to encourage the natural action in walking, without allowing the colt to trot. If a trot is attempted, bring to a full stop at once and begin over again. In this way he will soon catch the idea that it is fast walking, and not trotting, that is desired, and improvement will be seen. Gradually urge an increased speed in walking, until the habit becomes fixed. This may be trying to the breeder, but in this way only can this very desirable trait be established. It is of the highest importance, and the breeder who fixes this characteristic in his family will always find a ready sale for his colts at prices that will repay for all trouble. The work accomplished in an individual renders it much easier in the next generation, and soon it becomes a trait in the family. Here is where the greatest compensation comes in to the breeder. These advances gained in a single animal pave the way for still more later, and add to the worth of all stock. These questions are repeatedly urged, not alone with reference to present results, but with the thought of future possibilities. They all run in practical line, where the farmer with one brood mare can secure as much advantage as the breeder with twenty.

Messrs. Turner & Dinglee

Desire the readers of the JOURNAL out of town as well as those in the city to call and examine their choice stock of fresh, clean groceries and compare

prices, which will always be found as low as the lowest. If you are not trading with them already, give them a trial the coming month and you can rely on getting more for your money from this old reliable establishment than elsewhere. Prompt and reliable business methods have put them in the front ranks of their business.

P. A. Huffman & Co.

The firm of P. A. Huffman & Co. of Fort Worth, composed of P. A. Huffman and S. T. Nesbitt, are the best-known real estate, loan and investment agents in the state of Texas. They handle city properties, suburban properties, farms and wild lands. They act for the sellers and in many instances act as buyers' agents, and have secured for their patrons some of the best paying properties in the state. The firm are constantly in a position to offer nice bargains because they are large advertisers, and have choice of a large selection of good properties before they are offered to other agents. The firm of P. A. Huffman & Co. are fully vouched for as responsible and trustworthy by nearly every business house or leading citizen of Fort Worth, and this paper can safely say that the firm have justly earned their high reputation for doing a wide and successful business in a strictly honorable and conservative manner.

The TEXAS LIVE STOCK JOURNAL for one year and all of the works of Charles Dickens, 15 volumes in all, can be had by sending \$2.50 to the STOCK JOURNAL, Fort Worth, Texas. This is the best clubbing arrangement we have ever made, as the 15 volumes of Dickens works are worth at lowest valuation a clean five-dollar bill.

1890.

HARPER'S BAZAR.

ILLUSTRATED.

HARPER'S BAZAR is a journal for the home. Giving the latest information with regard to the fashions, its numerous illustrations, fashion-plates, and pattern-sheet supplements are indispensable alike to the home dress-maker and the professional modiste. No expense is spared in making its attractiveness of the highest order. Its clever short stories, parlor plays, and thoughtful essays satisfy all tastes, and its last page is famous as a budget of wit and humor. In its weekly issues everything is included which is of interest to women. During 1890 OLIVE THORNE MILLER, CHRISTINE TERHUNE HERRICK, and MARY LOWE DICKINSON will respectively furnish a series of papers on "The Daughter at Home," "Three Meals a Day," and "The Woman of the Period." The serial novels will be written by WALTER BESANT and F. W. ROBINSON.

HARPER'S PERIODICALS.

Per Year:

HARPER'S BAZAR.....\$4 00
HARPER'S MAGAZINE..... 4 00
HARPER'S WEEKLY..... 4 00
HARPER'S YOUNG PEOPLE..... 2 00
Postage free to all subscribers in the United States, Canada, or Mexico.

The volumes of the BAZAR begin with the first number for January of each year. When no time is mentioned, subscriptions will begin with the number current at time of receipt of order.

Bound volumes of Harper's Bazar for three years back, in neat cloth binding, will be sent by mail, postage paid, or by express, free of expense (provided the freight does not exceed one dollar per volume), for \$7 per volume.

Cloth cases for each volume, suitable for binding, will be sent by mail, postpaid, on receipt of \$1 each.

Remittances should be made by postoffice money or draft, to avoid chance of loss.

Newspapers are not to copy this advertisement without the express order of HARPER & BROTHERS.

Charles Dickens' Works.

The usual price for the cheapest set of Dickens Novels has heretofore been \$10. Owing to the present low price of printing paper and a very large contract with a leading book manufacturer, we are enabled to offer our readers the most extraordinary bargain in good literature ever heard of. Over 5200 pages of reading matter are comprised in this set of Dickens. Fifteen handsomely made, convenient sized books, only \$2.50, including a year's subscription to the TEXAS LIVE STOCK JOURNAL. Dickens' works are the most widely read of any novels printed in any language. The popularity of Dickens is ever increasing, and every person should own a full set of his works.

Charles Dickens is eminently the novelist of the people. His books teem with shafts of sparkling wit, touches of pathos, thrusts of satire; his characters are original and real as well as quaint and grotesque; he unmasks vice in all its forms. The lights and shadows of life are delineated in a thrilling and dramatic style. To own a complete set of his incomparable books is to be possessed of an inexhaustible mine of interesting literature. No person is well read who has not perused them.

The entire 15 volumes will be sent free of express or delivery charges for only \$2.50, which includes a year's subscription to our paper.

| Christmas Stories, | Old Curiosity Shop, |
| Tale of Two Cities, | Great Expectations, |
| Hard Times, | Sketches by Brz, |
| Nicholas Nickleby, | Uncommercial Traveler, |
| Reprinted Pieces, | Mystery of Edwin Drood |

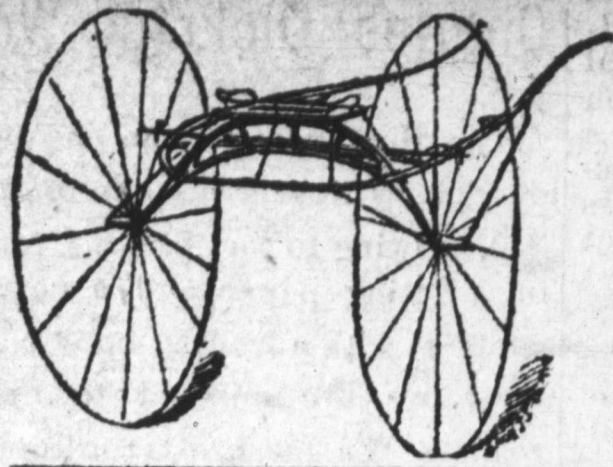

The only way to get this set of Dickens at this low price is to subscribe to our paper. It can be obtained in no other way. It is not for sale by booksellers or newsdealers.

All who subscribe to our paper in connection with the set of 15 volumes of Dickens will receive them free of charge. This is quite an important item.

These 15 volumes are each about 5x7 1/2 inches in size and of uniform thickness. The printing is clear and the type of a readable size. They are printed from plates made for this edition. Not condensed or abridged.

Do you want this set? If so, send a postal note, order, or bank check direct to

THE KANSAS CITY STOCK YARDS

Receipts for 1888: Cattle, 1,056,086; Hogs, 2,008,984; Sheep, 351,050; Horses and Mules, 27,650.

These yards are by far the most commodious and best appointed in the Missouri Valley, with ample capacity for feeding, weighing and shipping Cattle, Hogs, Sheep, Horses and Mules. They are planked throughout, no yards are better watered, and in none is there a better system of drainage. The fact that higher prices are realized here than in the East is due to the location, at these yards of eight packing houses, with an aggregate daily capacity of 3300 cattle and 27,200 hogs, and the regular attendance of sharp, competitive buyers for the packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati, New York and Boston.

All the sixteen roads running into Kansas City have direct connection with the yards, affording the best accommodation for stock coming from the great grazing grounds of all the Western States and Territories, and also for stock destined for Eastern markets.

The business of the yards is done systematically and with the utmost promptness, so there is no delay and no clashing, and stockmen have found here, and will continue to find, that they get all their stock is worth, with the least possible delay.

Kansas City Stock Yards Company

HORSE AND MULE MARKET

FRANK E. SHORT. FRANK E. SHORT & CO., Managers. CAPT. E. S. TOUGH.

This company has established in connection with the yards an extensive Horse and Mule Market, known as the KANSAS CITY STOCK YARDS COMPANY HORSE AND MULE MARKET. Have always on hand a large stock of all grades of Horses and Mules, which are bought and sold on commission in car-load lots.

In connection with the Sales Market are large feed stables and pens, where all stock will receive the best of care.

Special attention given to receiving and forwarding.

The facilities for handling this kind of stock are unsurpassed at any stable in this country.

Consignments are solicited with the guarantee that prompt settlement will be made when stock is sold.

C. F. MORSE, E. E. RICHARDSON, H. P. CHILD.
Gen'l Manager. Treasurer and Secretary. Superintendent.

Union Stock Yards, FORT WORTH.

THE LIVE STOCK MARKET OF TEXAS!

The management of the Union Stock Yards Company of Fort Worth with pleasure announce to the stockmen of Texas that these yards are open for feeding purposes, and that all stock delivered at the yards will receive every care in unloading and reloading, be held in spacious, well drained pens, amply supplied with artesian water and the best of feed. Ample hotel facilities at the yards for stockmen.

As the yards are on the direct line of traffic to greater markets, stockmen can avail themselves of the ample facilities afforded at these yards without increase in expense or loss of time. The largest trains can be unloaded at once.

The Union Stock Yards Company of Fort Worth confidently rely upon the earnest co-operation of the stock raisers of Texas in the effort to build and operate a large home market in their interest. To do so, stockmen should insist that all stock passing through Fort Worth be unloaded and fed at these yards.

Cattle Feeding Machines!

Crushing corn with the husk on. Cattle feeders of 20 years experience say they find in this machine what they have been wanting, and that it is the best and most practical machine for the purpose ever invented; combining in its working ease, rapidity and efficiency, preparing the corn in the best possible condition for cattle feeding at the rate of 100 bushels per hour, with two to four horse power. Farmers, do not husk your corn; it is much the best with the husk on, supplying all the roughness needed, saving hay. Will crush corn in the ear or shelled, with husk on or off, wet or dry, frozen or soft. The machine is sold on trial and shipped from the most convenient storehouses located at different localities throughout the country. For free and full descriptive circulars with testimonials, etc., address
