## Remember Me...Daylight Savings Time?

OVER THE HORIZON---The sun sets over the horizon to the west and is being watched disappear from sight by the lone figure standing atop a sandhill south of Muleshoe. With the dawning of a new day, the curtain had fallen on Central Standard Time and most of the nation will be keeping step with a new time, Daylight Saving Time. Today, when people begin to move, the clock had already moved forward one hour. The time change took place at 2 a.m. Sunday, April 28 and will continue to tick away under the change until 2 a.m. Sunday, October 27 when the clock time changes back to Central Standard Time.

## Earth Men Arrested As Area Theft Suspects

Two young Earth men have been arrested in connection with thefts which have taken place in Springlake, Earth and the Pleasant Valley community. The thefts have occurred over a period of several weeks.

Placed under arrest were Ray Hunter, 22 and Raymond Samuels Jr., 19.

The men were arrested just north of Abilene in Jones County by officers there Friday, April 19.

They had been under suspicion by Lamb County authorities after having been seen late at night and also during early morning hours by Earth City Marshal Alvin Pittman.

Suspicion deepened when

W. A. Hatfield spotted the pair on Highway 385 traveling in the direction of Littlefield in a pickup loaded with radiators. Hatfield, who resigned as deputy of Earth to enter the Lamb County race for Sheriff, had been assisting Marshal Pittman and obtained the license number of the vehicle when he encountered them at about 9:30

p.m. on that highway Saturday, April 13.

The suspects were later traced to Abilene.

Lamb county officers then notified Jones County Sheriff's office to apprehend them on suspicion of theft. Judge J. T. Martin arraigned them and bond was set at \$750 in Jones County, Marshal Pittman, assisted by

Hatfield, served a warrant for their arrest which was filed by W. B. Hucks of Springlake. Hucks had approximately \$200 in property stolen.

Hunter and Samuels were returned to Lamb County by Pittman and Hatfield and are being held in Lamb County jail in lieu of \$1,000 bond.

# Earth Fire Damage About \$115,000

Six area fire departments responded to an early morning call last Wednesday morning to join the Earth Volunteer Fire Department in combating the largest and most destructive fire in the history of that city.

The fire alarm sounded at 3 a.m. in Earth, located 18 miles east of Muleshoe, when Smitty Weaver was awakened by a can of oil exploding inside Bitter Tire and Supply. Weaver lives a block away.

Damage has been estimated at \$115,000 as the blaze raged through the tire company and spread to Earth Locker Plant. The firm, Taylor Furniture Company was also damaged.

Fire Departments assisting Earth with the fire were from Muleshoe, Littlefield, Olton, Springlake, Amherst and Sudan.

The seven departments, with more than 100 firemen actively engaged in the effort fought the raging blaze for more than four hours before it was brought under control.

Earth firemen continued to pump water into the smoldering rubble late Wednesday and early Thursday.

Earth Fire Chief Bud Matlock reports that the fire destroyed Bitter Tire and Supply and burned through the roof of Earth Locker Plant, located next door, and the tire business firm, Taylor Furniture

was heavily damaged by smoke. "The outstanding cooperation of over 100 firemen is being given full credit for keeping the fire from engulfing the entire building," Chief Matlock said.

At noon Wednesday, "about 110 to 115 firemen were fed by the town of Earth after manning eight units from the time they arrived shortly after they were called into action," he continued.

Matlock relates that the tire store inventory totaled \$35,000 in tires which were destroyed in the fire and the store was valued at \$20,000.

About \$15,000 in damages to interior fixtures was estimated by Alton (Kirk) Kirby, owner of Earth Locker; and Taylor, owner of the locker building estimated \$50,000 in damage to the structure.

Taylor said he could not give an exact estimate of smoke damage to his furniture store building and contents, but said

all of the home furnishings "smelled like smoke."

Firemen were not able to trace the cause of the fire, but it is believed the blaze began in the northeast corner of the tire store which faces south.

WEATHER

"When we arrived on the scene, flames were already coming through the roof of the tire store," the chief said. The Earth unit could not control the blaze, so additional units were called.

"Firemen were hampered by sub-freezing weather and heavy smoke inside the store. The fire was an extremely hot one and there was no breeze to blow the smoke away, so we were just working in a jense, black smoke.

"However," Matlock said "if the wind had been blowing at the time of the fire, probably the entire block on the north side of Main Street would have burned."

Oil drums inside the store blew up, scattering debris over the area.

Citizens arrived on the scene around 8 a.m. to pick up frozen foods from the locker. Reports show that most of the food did not thaw.

Muleshoe bank deposits are up about 16.7 percent from that of one year ago. This increase was revealed after tabulation of figures supplied in a bank call issued at the close of business, April 18.

Combined total deposits of Muleshoe State Bank and First National Bank are \$14,074,938, -50 compared to the April 1967 figure of \$12,057,405.69, which represents an increase of \$2,027,534.81.

The December call for both banks show deposits stood at \$13,901,257.41. This shows the trend to take an upward swing in four months in the amount of \$113,721.09.

At the December call in 1967, figures showed an increase for deposits at \$1,250,064.24 over that of 1966. So, all-in-all, the deposit figure is making a come-back to what showed in decline some years back.

Assets at the First National Bank and Muleshoe State Bank were \$15,261,693.86 at the close of the December 1967 bank call compared to \$13,830,305.12 at the close of business on the same date the previous year of 1966.

The April 1968 call shows total assets of the banks at \$15,713,654.92. This asset increase is in the amount of \$451,961.06 over the same date in

1967 and \$1,883,351.80 over the call date in 1966.

Total loans and discounts for April 1968 is recorded in the amount of \$8,692,997.57. The combined amount of loans and discounts at the December call date 1967 was \$8,525,850.68, compared to the 1966 call date figure of \$8,487,323.22.

## 'Play Ball' 1968 Season Begins May 2

Most of the time, when the grass starts turning green, the trees put on their early green dress and spring bursters forth in its coach; youngsters thoughts turn to the end of school.

But . . . there is a group, a certain percentage of youngsters and oldsters alike, who await the umpires call, "Play Ball!"

Next week, on Tuesday, May 2, spring baseball officially begins in Muleshoe. At 7 p.m., Lazbuddie meets the Dusters in the first Babe Ruth game of the season.

Pre-season scrimmages games were played Thursday and Friday evenings in Babe Ruth Park.

Thursday evening, the Dusters, managed by Kenny Heathington and coached by Jack Riels, defeated the Eagles, the Eagles, managed by Bill Darrell and coached by Bobby Burge, had an early lead but lost out to the Dusters, 11-9.

Friday afternoon, Lazbuddie and the Cats scrimmaged. With no score in the first three innings, Lazbuddie scored three runs in the fourth inning, and ended the scoring for the game.

Lazbuddie, which is a new team in the league, is coached by Gene Riddle and manager is Jimmy Seaton.

Lazbuddie is sponsored by various businesses and individuals in the Lazbuddie area.

Team members include Loy Dale Clark, Larry Cox, Jerry Barber, Mike Winders, Ricky B. Seaton, Wesley Barnes Jr., Kenny Carter, Mark Barnes, Glen Morris, Arthur Graves and Mike Casey.

The Cats are sponsored by St. Clair's and are managed by Ronnie Jones and coached by Bob Graves.

Team members include Zan Walker, Bruce Bruns, Larry Mitchell, Jackie Anderson, Steve Berres, Mike Carpenter, Keith Turner, Jerry Putman, Cont'd on Page 3, Col. 3

## IMMUNIZATIONS

### \*\*\*\*\* Round-Up is May 3

The Annual Spring Round-Up for all children who will be six years old on or before September 1, 1968 and who will enter the first grade in the fall, will be held at Richland Hills Elementary and Mary Deshazo Elementary Schools on Friday, May 3 from 8:30-12 a.m.

Parents need to bring the child's birth certificate and records of all immunizations if they are available. If these records are not available by May 3, they will need to be brought when the child registers in the fall.

The school nurses will be in their offices in both schools, on this date, and will give small-pox, DPT, polio and measles immunizations to any child who needs them. The State Health Department makes the vaccines available and students other

than first graders may receive these "shots."

It is very important that parents understand about these services because all children who start to school this fall must have these immunizations with the exception of the measles vaccine.

Children who are in the first grade now will not attend school on Friday, May 3. First grade teachers will pre-register and orientate students and discuss school policies and counsel with parents.

Milton Oyler, principal at Richland Hills, and Bill Taylor, principal at Mary Deshazo, encourage parents to bring their children on May 3 for pre-registration so that more efficient planning can be made for the fall term.

## Mrs. R. F. Wright Hosts Study Club

The Muleshoe Study Club met Thursday afternoon, April 25, 4 p.m. in the home of Mrs. R. F. Wright with Mrs. J. Frank Peery as director.

Refreshments were served to the members as they arrived. Mrs. Cecil Cole, president, called the meeting to order, welcoming the guest, Mrs. Spencer Beavers and the club members.

Mrs. J. Frank Peery led the Salute to the Flag. The roll call was answered with "My Favorite Flower-Why?"

## Progressive Club News

The Progressive Home Club met in the home of Minnie Dunn with eight members and one visitor, Mrs. W. E. Howard, present.

Lula Embry, president presided over the business meeting. The roll call was given, minutes read and the treasurer's report was read. Vera Engelking brought the devotion, "After the Resurrection of Christ."

A thank you note was read from Donna Ralston, the girl they sponsor from Girls Town,

for the dress they sent her for Easter. The club voted to send cards for residents of the Nursing Home.

A discussion was held on what they could do for the upcoming 50th anniversary on the 4th of July. No decision was made at this time.

## Mrs. Douglas Gives Lesson on 'Ecumenicity'

The Ester and Dorcas Circles of the Methodist Church met in a joint meeting Tuesday morning in the home of Mrs. Sam McKinstry with Mrs. W. W. Evin as co-hostesses.

After coffee and rolls were served, each circle held a short business meeting. Mrs. Hilbert Wislan joined the Ester circle and Mrs. Zed Robinson became a new member of the Dorcas circle.

As the two circles met together, Mrs. J. A. Nickles gave a short devotion which was followed by a prayer. Mrs. Ralph Douglas presented the lesson on the year's study theme; "Ecumenicity." This closed the year's study, and Mrs. Douglas has given a lot of study to this timely subject.

The next meeting will be in May, when the annual Spring luncheon will be held, with all the circles of the church meeting together.

## Y. L. Bedroom Improvement Club Organized

The Y. L. Bedroom Improvement Club has had two meetings and met in the home of one of the leaders, Lou Ann Black.

They have studied the different ways in arranging their bedrooms, also closets and drawer dividers. Much has been accomplished in making rooms more attractive, convenient and time saving.

The next meeting will be May 9, in the home of Mrs. Roy Whitt. Leaders are: Lou Ann Black, Bobby Harrison and Gay Whitt. Members are: Pamela Vinson, Janice Head, Diane Vinson, Vovery, Danita and Belinda Throckmorton, Beth Whitt, Susan and Linda Head, Judy Newman, Susan Puckett and Debbie Koenigsmeyer.

The next subject will be preparing a proper study area.

**JAYCEE-ETTE OFFICERS**—The newly elected officers of the Muleshoe Jaycee-ettes are from left to right; Shirley Walker, president; Barbara Mills, vice president; Mary Dale, reporter and historian; Margaret Gleason, state director and (not shown) Clara Sudsuh, secretary and historian.

**VALEDICTORIAN**--Barbara Allen, a former resident of Muleshoe, daughter of Mr. and Mrs. Roy Allen, has been named valedictorian of the 1968 graduating class of Bovina High School. Miss Allen finished out the year with an average of 93.17. Mrs. Ross Allen and Mr. and Mrs. E. V. Bartlett of Muleshoe are her grandparents.

**Arline Phelps Special Showing of Paintings**

A special showing of paintings by Muleshoe's Arline Phelps will be held at the Art Loft Saturday and Sunday, May 4 and 5, from 2 until 5 p.m. The solo exhibit, which is open to the public, will feature some 70 recent paintings.

It has been observed that her poetic interpretations of nature, whether they be of her native West Texas, neighboring New Mexico or colorful San Miguel, Mexico D.F., or of romantic florals, serve to remind others of the gentle rhythmic harmony still to be found in the universe, as is her expressed desire.

Arline comments that her paintings are inspired by the beauty of nature around her; the sandhill ranch scenes as well as landscapes of more abundant growth that she sketches on her travels. Acrylic is the artist's preferred medium, for she feels that it allows greater freedom of expression as well as provides superior lasting qualities.

**Lamb, Good for All Occasions**

**COLLEGE STATION**--Lamb fits all types of occasions whether it be broiled lamb chops, braised stanks or a shoulder roast.

When you serve dinner for four, serve a cut that shows it is something special, suggests Gwendolyn Clyatt, Extension specialist in consumer marketing. This could be shoulder roast or leg of lamb.

Some markets have lamb shoulder and leg roasts you may not recognize at first glance. They have been boned and put into a net, the Texas A&M University specialist says. This makes it easy to judge the number of servings per pound... count on four.

Boneless cuts are easy to carve. Leave the net on for roasting, but remove it before carving, Mrs. Clyatt reminds. The next is easy to remove and the roast holds together very well.

Planning snacks or appetizers for the crowd? Serve lamb. Make it tiny lamb meat balls to serve on picks. Mrs. Clyatt suggests this recipe which combines the flavor of lamb with blue cheese.

For a head start on the party, make the meat balls several days ahead and freeze them. At serving time, heat without thawing in hot chicken bouillon. Drain and serve.

Designs for new shorts wear have a more covered up look than those of the past year. While there are still bikinis for those who like them, regular suits for pools and the surf are newer.

**Music Students to Give Lesson Practice**

The students of Mrs. A. M. Bradley will hold their class meeting at the Goodwill Center, Tuesday, April 30, 4:30 p.m. The subject to be presented is "Lesson Practice." A demonstration will be given by Mrs. John Agee. The following piano students will play numbers which they have entered in the audition for the National Students Fraternity, May 11,

at Littlefield. Tony James, Billy James, Danny Lucero, Vicki and Nora Gonzales, Larry Vinson, Helen Lucero, Alice Gonzales and others are Terry and Deana Mick, Darlene Lackey and Beverly Gray.

**'Nature of Unity' Subject of Circle**

The Alpha Circle met Tuesday, April 23, in the home of Mrs. Robert Preston with five members present and one guest.

The meeting opened with the reading of the minutes and a short business session.

The program was given on the "Nature of Unity" about "Ecumenicity," by Nan Pool. The devotional was brought by Susan Black. Her subject was "Happiness Is the Best Medicine."

Meeting closed with a prayer by Lela Breckenridge and "The Lord's Prayer" was given by all.

# Dear Editor

A Muleshoe area farmer, Loyd E. Beaty, encountered an experience, or series of experiences when ticketed in Lubbock in March for a loud muffler. Beaty explains to the Journal that, even though he talked at length with the Lubbock Corporation Court Judge, concerning the issuance of the ticket and the fine imposed, that he continues to believe that due to circumstances, it was unfair. Beaty contacted the Lubbock Avalanche-Journal concerning the matter and the story appeared in an editorial in that publication.

The following is a letter submitted to the Muleshoe Journals for publication by Beaty, followed by the editorial of the Avalanche-Journal. The letter is a copy of one written to Charles A. Guy, Lubbock Avalanche - Journal, Lubbock.

Mr. Chas. A. Guy  
EDITOR IN CHIEF  
THE LUBBOCK AVALANCHE-JOURNAL  
LUBBOCK TEXAS

I visited the Avalanche Journal Friday March 29th, and I talked with the manager on the second floor. I presented him with proof of the GESTAPO tactic the Lubbock police & Judge fleeced me of five dollars fine for driving a car with a faulty muffler.

I live and farm in bally county, near Muleshoe Texas. In January 24th I paid Richard Wood Auto & Machine 18th Avenue H in Lubbock \$370.00 for complete

overhaul on a 1959 Pontiac work car. He said "Your muffler system is bad." I said, "Fix it I don't like monoxid gas coming in." So, I have a cancelled check of \$60.00 for a complete muffler tail pipe & headers that bolt to the manifold, in March 10th this muffler system got loud & the motor developed a oil leak I got in my new car - drove to Lubbock with the family - done some shopping and told the Auto & Machine shop of the trouble that developed they gave me an appointment for March 19th and said "Drive it in we guarantee all work."

On my way into Lubbock on 4th Street near the big elevators a Patrolman pulled me over to the side in a very dangerous spot at nine o'clock in the morning when ever one was going to work where he stopped me it said "NO PARKING AT ANY TIME." He asked for my drivers licences I presented my commercial licences he said, "Well, I stopped you for having a loud muffler," I said, "I am on my way to the shop." He said, "Yea, that is what they all say." I said, "I have proof of over four hundred dollars spent on this car & including a new muffler system and appointment to check this trouble out. Now how could you get your car to the shop under the same conditions as that day, call a wrecker & drag it in. Was I driving fast." He said, "No, you didn't break any law, I would drive my car to the shop as you are doing."

I said, "As I am on my way to the shop why not allow me to continue as you would do the same." He said, "Its my duty to give tickets, tell all that to the Judge, he has the power to discount it if you have the proof. I took my cancelled checks and a statement from the A&B muffler company 15th and Texas in Lubbock saying they had a few weeks ago installed a complete system something went wrong on my way to let them honor their guarantee when given a ticket. The A&B Muffler company stated they found a broken faulty flange & it had been corrected as that day. The Judge looked at all this evidence, & said I can't discount it, you plead guilty & I'll let you off with five dollars." I said, "I am a dumb country farmer it aint that five dollars would break me it is the principal of paying you five for the permission to come to the shop when here is proof I was already there & here proof I was on my way back. He said, "Only a jurry can discount this matter." I said, "I had talked with Calloway Huffacher attorney at law & he said it would cost me between three hundred & fifty and five hundred dollars for him to plead the case now I can't afford that, so I have chosen to pay the five to get a little knowledge of the law. I guess I have been in the country too long. Judge just what will the law allow me to do if this muffler comes loose again, we established the fact that the muffler company don't have the right to tell me to give my car in for repairs, you read me the law. Any vehicle must have a muffler at "ALL" times. I have that through my dumb head what I want to know and I asked a dozen times HOW WOULD YOU GET YOUR CAR TO THE SHOP? HOW DO I GET MINE THERE TO ABIDE BY THE LAW?

Yet the law is like every-

QUOTE-THE JUDGE SAID, ALL I KNOW IS DRIVE IT & HOPE THAT YOU DON'T GET STOPPED."

Mr. Guy I spent over two thousand dollars last year in Lubbock, this outside business should be good for the economy of the city. I feel the way the Lubbock law was presented to me it has a GESTAPO TYPE TWIST. I spread in World War II blood and guts over Europe & lost an eye fighting for a country with flexible laws I thought. Now I feel if with the evidence I presented the court that it was an absolute necessity to drive my car to the shop, and they can still fleece me of five dollars, then I feel I was fighting for the wrong side of the pond.

Sincerely,  
Loyd E. Beaty  
LUBBOCK AVALANCHE - JOURNAL EDITORIAL

FROM TIME to time, The Avalanche - Journal receives complaints from citizens - those living out of Lubbock, mostly - who insist they have been mistreated in the operation of local courts.

Whenever these complaints are received, the newspaper makes a complete check, getting both sides of the story. Mostly, investigation shows that the complaints have little or no validity. It's just that people are human and don't like brushes with the law, especially if they do not understand how, or why, or hope to wriggle out of it.

But once in a while an unusual case crops up, and one did of recent date. It revolves around an experience of Loyd E. Beaty of Route 5, Muleshoe. Condensed, Mr. Beaty's experience was this: After spending \$60 in Lubbock for a new muffler system, as part of a complete repair job costing \$370, Mr. Beaty, a Bailey County farmer, had more muffler trouble. The repair people guarantee their work and without question, when appraised of the new trouble, asked Mr. Beaty to bring the car back to get the muffler fixed.

MR. BEATY was driving his car back to the shop when he was stopped inside the City limits and ticketed for a faulty muffler.

He explained the situation to the arresting policeman, who, while sympathetic, said a ticket must be issued. It was. Mr. Beaty then went to Corporation Court Judge Gene Blair, proof in hand from the repair shop, but there fell afoul of legal and procedural red tape. Apparently, he didn't understand the full situation, because the records show he paid a clerk a \$5 fine, which is tantamount to pleading guilty. He felt he could better pay the \$5 than spend many times that amount fighting the case, but he still feels he got a bad deal. I think so, too, and suspect many a citizen will agree.

# Consumer Debt-Bad or Good?

W. B. LeVeque, mayor of the city of Muleshoe, has signed a proclamation officially declaring the period from April 28 through May 4 as Consumer Credit Week.

Theme of the week is "Credit . . . the key to a Dynamic Economy. . ."

During the last three years, the amount of installment debt which families owe to retailers and financial institutions has been rising at a record pace - even surpassing the expected levels which had been predicted by economic experts employed by the consumer credit industry.

Apart from other important considerations, we should ask ourselves whether this increasing debt is good or bad for family life in general, and whether it is good or bad for the economy. Can the cost of sustaining this debt be justified socially and economically, and is it wasteful and possibly even dangerous?

The answers to these are supplied by the International Consumer Credit Association in connection with the 1968 observance of Consumer Credit Week, April 28-May 4, 1968. What the ICCA says is generally supported by government economists. Consumer credit makes it possible for families to have the immediate use of things and services they need or want, and to pay for them out of future income. Payment must come out of what is called "disposable income," and the percentage of this which goes toward repayment of consumer installment debt has been rising so.

Why does a weather change so often affect the sinuses of the ears? When the weather changes, the pressure also changes, as a usual thing. When a clear spell comes to an end and rainy, low-pressure weather begins, those who experience ear or sinus trouble often experience discomfort. This is because there are pockets of air in our head, or sinuses, which become blocked off. The pressure inside becomes greater than outside when the barometer falls and a low-pressure system arrives overhead and expands the pockets. A doctor will open them up, or equalize the pressure. The eustachian tube in the ear is a natural safety valve to allow air in and out of the ear. If it is closed by a swelling or a bad cold, then you risk rupturing your ear drum if you fly at a high altitude.

along with total outstandings, it might appear from this that a dangerous concentration of debt is building up among certain families, and that ability to repay is being diminished. But the ICCA says that this is not so.

The Association points out that total installment credit outstandings are spread over an increasing number of families and the character of installment debt is changing. As a result, the "burden" of such debt on the "average" family is less, even though it may move more money in relation to income than in former years. The character of installment debt has also become increasingly "affluent" in that families incur debt more out of desire than necessity, and an increasing proportion of installment debt represents substitution over a period of time of payments for goods and services which replace other forms of spending which would be both "immediate" and greater over the same period.

## HOW TO KEEP A GOOD CREDIT RATING

1. Pay all your bills according to terms agreed.
2. When you are unable to pay your bills on time, arrange with your creditors for an extension.
3. Don't exaggerate favorable facts and omit unfavorable facts on credit applications. Honesty and sincerity are important.
4. If you move to another city, ask the local credit bureau to have your file forwarded. It will save time and lessen complications when you open new charge accounts.
5. If you are refused credit, check with your local credit bureau. They will be happy to advise you on steps to re-establish your credit.

SOLID IMPACT---Leonard Hobbs, driver of this automobile found hitting this roller machine quite a solid impact early Thursday morning. The car was damaged on the right front when it hit the rear of the roller-packer machine owned by Jake Diel as both vehicles were in the west-bound lane inside the city limits of West U. S. Highway 84. The accident was investigated by Chief of Police Harold White.

thing else, subject to revision when manifestly wrong - or, at least, it should be. And as for procedure, well, any procedure is just somebody's idea and all ideas are faulty under certain conditions. Lubbock has a backlog of Corporation Court cases which is almost scandalous in magnitude. They're even running night hearings now, in an effort to clean up the legal rubbish. Thus it could be that there's been too much attention to "procedure," and not enough to plain horse sense. According to its own testimony, the bar constantly is honing to do something big and grand for the dear people, OK, let's buy that. Let the local bar association enlist the aid of a committee of its more eminent members to study the needs of the Corporation Court and suggest procedural improvements. It would be worth a 1-4 to the community and to citizens, in the future, who technically may have violated an ordinance, but who, as a matter of common sense, did nothing of the kind. After all, the law isn't always just - or, for that matter, it doesn't always make sense.

## War Bonds Turn To Savings Bonds

Unless you are more than 35 years old, you probably won't remember the tremendous Bond Drives of World War II, when celebrities sold them on street corners and the public flocked to buy them "to help the war effort."  
War Bonds -- now called Savings Bonds -- did more than provide a patriotic outlet. They established a pattern of thrift, the like of which this country had never seen before. Today, the masses of Americans are regular savers.  
The younger generations are savers, too, but they don't seem to know much about Savings Bonds and their specific advantages. For example, there's the tax deferral feature allowing E Bond interest to be reported at a later date for Federal income tax purposes. Holding such bonds until years of lower

income can result in substantial tax savings. Moreover, both E and H Bonds -- and the new Freedom Shares -- aren't subject to state and local income taxes.  
Too many people, especially among the younger ones, are apt to look solely at the interest rate. What the small saver must realize is that other factors are important. Safety and guaranteed return -- as well as tax deferral. These are the things the small saver should consider.  
Another is the ease of purchase on some automatic plan, such as Payroll Savings or the Bond-A-Month Plan at banks. So a word to the wise younger generations. Take a look at the whole picture before you reject Savings Bonds. They might just be your best bet. All this is brought to mind by the fact that April 28-May 4 has been designated as "Share in Freedom Week." You'll do

well to keep a sharp eye, an attentive ear, and an open mind -- all week.  
**THIS WEEK IN HISTORY**  
April 28, 1952 - The U. S. Supreme Court upheld the treason conviction of "Tokyo Rose," Japanese radio propagandist during World War II.  
April 29, 1817 - Canada and the United States agreed to limit naval armaments on the Great Lakes.  
April 30, 1789 - George Washington was inaugurated first president of the United States at New York City.  
May 1, 1941 - Series E Savings Bonds went on sale, with President Franklin D. Roosevelt as the first purchaser. Since that time, more than \$130 billion have been put into E Bonds, mostly by small savers who learned the thrift habit through this familiar security with the tax-deferral feature.  
May 2, 1863 - Confederate Gen-
