Canvass for School Census Under Way Now in Clay County

The taking of the 1936 scholastic census of the school districts of Clay county began Monday, March 2. The census must be completed by March 31.

The number of scholastics in the county determines the amount of money the schools of the county receive from the state funds, and County Superintendent J. W. Callaway insists that every parent see that his child is enrolled as a scholastic with the census taker of his district.

Children between the ages of 6 and 17, inclusive, will be included in the scholastic census.

This year the state funds allowed the schools for each scholastic amounted to \$17.50. In the county last year there were a total of 3,852 scholastics. This is the number that this year's appropriation is based on.

Woods Speaks On Educational Program At School Tuesday

Approximately 120 Clay county trustees, many superintendents and principals of the county, and a number of business men of Henrietta were at the Walker High school auditorium Tuesday morning to hear L. A. Woods, state superintendent of public instruction, discuss his educational program.

Words of welcome were given by Mayor Frank Bunting, after which County Superintendent J. W. Callaway introduced Warner Rasco, deputy state superintendent, who in turn introduced Mr. Woods.

The state superintendent explained to some extent County Wide Transportation and gave valuable information on this subject which is Clay county's biggest problem at the present. He emphasized the standardization of rural schools, and pointed out that his program is not a program of consolidation, but one of co-operation. He said, "Leave the small school where it is and transport the high school students to larger schools." He also emphasized not giving the rural teacher too many grades to teach that she will be able to do her work well. He stressed the teaching of music and nature study in the entire curriculum of the schools.

Musical numbers were given by the Henrietta Grammar School Choral Club, under the direction of Miss Letitia Ramsey, and by the Hurnville String Band, under the direction of Mr. Morris Gilbert.

—The Clay County Leader

Miss Pearl Morton was the guest of Mrs. J. S. Vinyard Tuesday.

L. B. Hapgood, youthful rancher and native son, was named Clay county's most valuable citizen during the year 1935 as climax to the program of the annual banquet meeting Friday night of the Henrietta and Clay County Chamber of Commerce.

The principal speaker of the evening was Attorney General William McCraw, who paid high tribute to the town of Henrietta and the work of the chamber of commerce.

A group of approximately 250 persons, including guests from Quanah, Wichita Falls, Archer City, Bellevue, Byers, Bowie, Petrolia, Nocona, Montague and Dallas, filled to near overflowing the auditorium of the Walker High school. The long banquet tables, where the delicious turkey menu was served by the ladies of the Methodist church, were laid with white linen and centered with blue candelabra holding red, white and blue tapers and small vases of red spring blossoms centering blue stars to suggest the Centennial theme. The magnificent Texas flag and groups of United States flags were arranged throughout the auditorium and the beautiful blue bonnet curtain scene of the stage was lowered to form a colorful and appropriate background for the program which included Texas numbers.

Charles Graham, president of the Chamber of Commerce, was toastmaster, and the group was welcomed by Mayor Frank Bunting. The program included a vocal solo by Mrs. Earl Nutter, a violin solo by Mrs. J. W. Hill of Wichita Falls, and vocal numbers by Mrs. Earl Nutter's Choral club. All entertainers were attractively costumed in colonial dress.

Directors and officers for 1936 introduced included Charles Graham, president; Earl P. Hall, first vice-president; C. G. McKinney, second vice-president; Kenneth Slagle, treasurer; B. P. Schwend, secretary; F. O. Moore; Rex M. Gates; O. L. Graves; C. H. Melton; C. S. Scheer; Donley Suddath; L. C. Worthington; L. E. Dickerson; C. J. Sherrill; V. Lefevre and Jim Alcorn.

Mr. F. O. Moore announced the award of the trophy cup to Mr. Hapgood, with words of praise regarding the honor citizen.

General McCraw opened his address with the statement that it was with no sacrifice that he came to Henrietta for the meeting. "You know, I started running for office again right after last year's election and there is nothing a candidate would rather see than a group of fine voters before him."

It seems, according to the speaker, that any meeting before which a candidate for public office appears, is filled with lovely women and courageous men.

"One of the worst problems that comes before the officeholder is deciding what to do. Undoubtedly, (Continued on Page 8)

County Agriculture Building Be Erected At Henrietta Soon

The WPA project for the \$15,000 Clay County Agricultural Building has been approved and operations can start whenever the required labor may become available, according to a letter received by County Agent M. S. Duncan this week from S. D. Steed, WPA senior examiner, division of operations, of Fort Worth.

However, all of the certified WPA employables are at present working on various projects, it is hoped to get some labor transferred to this project that it may begin at once. Mr. Duncan and county and city officials are doing their utmost to get the building started as soon as possible.

The Clay County Agriculture building, which will be a one story brick structure, will be centrally located on the block north and facing the Court House and will be a meeting place for farmers and a place for civic gatherings. It will contain a city auditorium with a seating capacity of 600, offices for the county agent and home demonstration agent, and a large basement for banquets and other social activities of civic interest.

The WPA project for this Agriculture building, which is sponsored by the Extension service of A. & M. College, the county and the city, is the only project of its kind in this section of the state, and will probably be the only one over the entire state.

Clay county citizens should feel very fortunate in receiving such co-operation in this project. An Agriculture building and civic gathering place for the people of the county has long and urgently been needed.

Wells Will Take Radio "Travelers" To Nation's Capital

How did the White House get its name? Where have mice been trained to live with hippopotamuses?

Answers to these questions, as well as many additional facts pertaining to Washington, D. C., "the nation's greatest showplace," are to be broadcast next Sunday by Carveth Wells, famous reporter and explorer. This is to be the second of the new "Exploring America" programs sponsored by the Continental Oil Company.

In next Sunday's broadcast, Wells plans to draw interesting word pictures of the odd as well as the everyday sights which attract thousands of tourists to the nation's capital each year. A feature of the program will be the story of Major L'Enfant, French engineer responsible for much of Washington's present day beauty.

Local listeners who wish to hear Wells on Sunday, March 15, may do so by dialing station WFAA at 12:15 o'clock.

Mr. and Mrs. Clyde Wright and son, Clyde Wesley, and daughter, Wyvonne, of Stamford, were guests of Mr. and Mrs. W. H. Wright over the week-end.

PIONEERS TO BEGIN PLANS FOR REUNION AT MEETING FRIDAY

The Clay County Pioneer's Association will meet at 7:30 o'clock Friday night, March 13, at the home of Mr. and Mrs. J. W. Douthitt to make plans for the annual reunion which will be held here September 9 - 10.

Since the regular dates of the reunion in October conflicted with a week of Centennial celebration to be held in Wichita Falls this year, the date was moved forward to Sept. 9 and 10. For this reason, the association will need immediate co-operation of the entire town and county to be prepared for the reunion a month earlier.

The reunion in 1935, which was a three days celebration, was the Fourth Annual Clay County Pioneers' Reunion to be held and surpassed previous reunions by a great deal. With two days set for the celebration this year and the Centennial adding many interesting features at this time, Henrietta and Clay county should witness one of the largest reunions of their pioneers ever to be staged.

All interested in making this reunion a big success are urged to be present at the first meeting Friday night, especially are the various vice presidents of the county urged to be present. They include Henry Sanzenbacher of Secret Springs, first vice president and business manager; Dru Harding and Paul Grogan of Byers; L. B. Hapgood of New London; Dale Burris of Petrolia; Bob Hilburn of Shannon; Geo. Myers of Jolly; Ed Childs of Blue Grove; Mrs. Fred Wines of Halsell; Jess Shaw of Stanfield; Virgil Johnson of Cambridge; Paul Dowdy of Charlie; Miss Nellie Castle of Joy; Sherwood Gowen of Bellevue; Arthur Ferguson of Vashti; Carey Runge of Thornberry, and Luther McDaniel of Newport.

Cotton Certificates Now Accepted At Farm Agent's Office

The County Agent's office at Henrietta is now authorized to accept buyers certificates for cotton sold by Clay county producers who wish to make applications and producers who wish to make application for the subsidy. The office is now preparing these applications and producers are advised to call by the office when in Henrietta and sign these papers. It is anticipated that all applications will be ready to go to the State office within 30 days. It will only be necessary for the producer who signed a Bankhead Application as Operator, to sign the application for subsidy.

NOTICE OF ELECTION

Tuesday, April 7, a City Election will be held in Byers, to elect one councilman and mayor.

CAPITOL NEWS LETTER

By W. D. McFarlane, M. C.

Impeachment of Judge Ritter

On last Monday the House considered impeachment proceedings that were brought against Federal District Judge H. L. Ritter for the Southern District of Florida. These proceedings were first instituted largely because of Judge Ritter's action in the case of the Florida Power and Light Company vs. the City of Miami which was a case where the Judge granted the power company a temporary injunction restraining the enforcement of the city's ordinance providing a reduction in the electricity rates for the city, appointing one Cary A. Hutchinson, a notorious employee of the power interests as a special Master in Chancery in said suit. A slight investigation of the facts in this and other cases involved him in the acceptance of large sums of money which caused Congress to vote four articles of impeachment after five hours debate by a vote of 181 to 146. This matter now goes to the Senate for trial and is expected to be called for hearing this week before this body.

Lobby Investigating Committee

The Senate Investigating Committee resumed hearings Monday morning. Attorneys for the power and other vested interests enjoined this committee from using telegrams voluntarily secured by them for use in ferreting out the facts as to the recent lobbying activities concerning power regulatory legislation. The American Liberty League, the Crusaders, the Sentinels of the Republic and of the Republican Party, are all opposing this committee's action for they realize the committee has information available that will greatly discredit their lobbying activities to defeat the power and other parts of this administration's legislative program. If a properly authorized investigating committee cannot secure all information available, what protection is there to the tax payers of the nation to be derived from such investigations?

The President's Revenue Plan

The President's new tax recommendations to cover needed revenues because of the AAA decision, has already caused considerable debate before Congress and many amendments to existing laws are proposed. Plans submitted on request of the Committee Thursday by the Treasury Department include:

1. Lowering exemptions on single persons from \$1,000 to \$800, and married persons from \$2,500 to \$2,000.
2. Increasing the normal tax from 4 per cent to 6 per cent.
3. Lowering exemption on surtax from \$4,000 to \$3,000 and increasing rates between \$3,000 to \$100,000, which is estimated to raise \$446,000,000; a general Manufacturers' Sales Tax on all products except liquor and tobacco; 1 per cent would yield \$190,000,000; 2 per cent would yield \$364,000,000; 3 per cent would yield \$546,000,000; 4 per cent would yield \$728,000,000; 5 per cent would yield \$910,000,000. Should such a tax be levied it would be necessary to repeal existing sales taxes now raising \$380,000,000. While the Ways and Means Committee apparently looks

Spinach Festival Opens at Crystal City on March 17

Crystal City, Texas, March 10.—One of the world's most unusual harvest celebrations, the Spinach Festival held annually in this Winter Garden business center and shipping point, will be presented this year on March 17, 18 and 19 as a Centennial year event.

The famous character, Popeye, world's greatest popularizer of spinach, has been proclaimed mayor of Crystal City for the period of celebration. Segar, his creator, drew a Popeye cartoon especially for the spinach event.

The Winter Garden is one of the richest agricultural districts in the world, being famous especially for its winter vegetables. One farm alone in Zavala County produces more spinach each year than is grown in any other State in the Union.

IS LARGE STATE

Texas, which this year celebrates its Centennial year of independence and progress, extends over 13 degrees of west longitude and more than 10 and one-half degrees north latitude.

IN RANCH COUNTRY

Kingsville, South Texas City in the heart of the world's greatest cattle domain, the King Ranch, will turn back to the pages of history in a Centennial celebration to be held April 17. The famous King Ranch is called the largest in the world owned by one family.

According to Associated Press dispatches from Topeka, Gov. Alfred M. Landon continued in his refusal to reply to, or even comment upon, a telegram addressed to him by officials of several national scholastic organizations in annual convention in St. Louis, asking his position on education "if elected President of the U. S."

The telegram, signed by George A. Davis, secretary-treasurer of the American Federation of Teachers, endorsed by Willard E. Givens, secretary of the National Education, and Clyde R. Miller, of the executive board of the Progressive Education Association, read in part as follows:

"It is commonly reported in this great gathering of many groups of American educators that you have helped 'balance your budget' in Kansas by reducing funds for education and human relief.

"Official reports show that many Kansas schools have been closed for many months; that thousands of Kansas teachers and administrators are receiving notoriously low salaries and that school terms and educational facilities for other thousands of Kansas children are restricted.

"If elected President of the United States would you approve 'balancing the budget' by similarly restricting education for American children and relief funds for American families in need? I will report on your response to this telegram to the American Federation of Labor, with which the American Federation of Teachers is affiliated."

On the floor of the convention Dr. Givens and various other speakers showed that according to official records large numbers of teachers in Kansas are receiving salaries of less than \$350 a year. They pointed out that under Kansas law local communities cannot borrow funds for school purposes and the county, township and school district authorities have no support from the State government.

"Parents and teachers have a right to know where every candidate for the Presidency stands on this issue," Dr. Givens declared. "Does Gov. Landon wish to restrict the schools in the nation as in certain countries in Europe governed by dictators and put youths in labor camps where it is of course much cheaper to maintain them, or is he prepared to seek readjustment of the economic situa-

tion so that young people can look forward not only to better educational opportunities but for the opportunity also to earn a living after leaving school?"

Landon indicated by his continued silence that he was content to rest the case on a letter written to Dr. Givens by Frank L. Pinet, secretary of the Kansas Teachers' Association, which prominent American educators promptly characterized as "an insipid evasion." Pinet merely said he "is informed that 444 rural schools in Kansas found it more practical to close and send children to nearby or adjoining districts" and "deeply deplored that educational matters are being tainted with politics."

Last Rites Held for W. L. Haning, Crash Victim at Post Oak

Funeral services for Willie Lee Haning, 24-year-old ranch hand employed on the Dale ranch in Clay county, who was killed in an automobile accident at Holliday creek in Wichita Falls on highway 66 at 3 a. m. Sunday morning, were held Monday afternoon at 3 o'clock at Post Oak.

Haning was riding alone and there were no witnesses of the accident. Officers who investigated, said that the car apparently had struck a banister post on the creek bridge, swerved to the other side of the structure and finally came to rest hanging off the banister opposite the one struck. Haning was believed to have been thrown through the windshield.

Survivors include the parents, Mr. and Mrs. E. J. Haning who reside near Windthorst; three sisters, Mrs. Leonard Bryant of Electra, Miss Eddie Marie Haning and Miss Rosalee Haning; and four brothers, E. J. Haning, Jr., Woodrow Haning, Leonard Haning and Ernest Haning all of Windthorst.

MISSIONARY ZONE MEETING

The Blue Grove Missionary Society of the Methodist Church was host on March 6 to an all day Zone Meeting of Zone One of the Wichita Falls District. This zone includes eleven societies most of which were represented among the more than fifty ladies present. Mrs. O. A. Basham of Wichita Falls and secretary of the District presided over the meeting. The program throughout the day was very inspirational and uplifting.

During the morning services Miss Fannie Vaughn of New London, led the devotional based on the scripture and thought: "God is Our Refuge." Mrs. Stewart O'Dell of Byers, who is district study superintendent spoke to the ladies and Mrs. Austin F. Leach of Wichita Falls who is the North Texas study superintendent reviewed the study book on Home Missions that will be used during this year.

After the luncheon Mrs. Basham vividly summarized a talk on China given by Miss Margaret Pilly, daughter of a missionary to China, who spoke at the zone meeting in Jacksboro. Mrs. Ben G. Oneal closed the days session with a most inspiring devotional centered around heroic spirits of Texas history.

"Bound to Marry" Play at Deer Creek On Saturday Night

"Bound to Marry," a comedy in three acts, will be presented Saturday night, March 14, at the Baptist church in Deer Creek. This comedy is one of unusual interest and is sure to appeal to everyone who likes fun and entertainment.

The cast is composed of all local talent, and the play is being produced by the young people of the Deer Creek community.

Rehearsals have been under way for the past six weeks, and every player is well prepared and in character.

The public is most cordially invited to attend, and admission will be 10 and 15 cents.

"The Old Maid" At Majestic in Wichita Falls on March 30

Latest of the Pulitzer prize plays, "The Old Maid," which recently finished a run of 305 performances at the Empire Theatre, New York, comes to the Majestic Theatre, Wichita Falls, Texas, for a one night engagement on Monday, March 30th.

"The Old Maid," is by Zoe Akins and is a dramatization of Edith Wharton's novel of the same name. The play comes from its Broadway engagement with its huge original Empire Theatre production intact. Judith and Helen Menken, stars of the prize-winning drama, are supported by a distinguished company that includes such stage notables as George Nash, Margaret Dale, Robert Lowes, Fredric Voight, Marjorie Lord, Gretchen Rickel and Luise Huntington. The play has been staged by Guthrie McClintic, husband of the glamorous Katherine Cornell. The producer is Harry Moses, whose past achievements in the theatre include the production of such meritorious and popular plays as "Grand Hotel," "Dangerous Corner" and "Four Saints in Three Acts."

In winning the Pulitzer prize, most coveted award of the theatre, "The Old Maid" joins that select group of previous winners represented by "The Green Pastures," "Street Scene," "Of Thee I Sing," "Strange Interlude" and "Beyond the Horizon." "The Old Maid" is currently on a coast-to-coast tour that is the most extensive undertaken by any show during the past 20 years. Eighty cities in thirty-one states will be visited and the total mileage of the trip will be in excess of 13,000 miles. The entire company—including electricians, carpenters and other technicians—numbers forty persons, and many of its railroad movements are made by special train. The play is presented in three acts and six scenes, and two 70-foot balloon top baggage cars are required for the transportation of the scenic and electrical equipment alone.

The management of the Majestic Theatre, Wichita Falls, announces that special consideration will be given out-of-town patrons ordering tickets by mail, but it is suggested that those mail reservations be made at once.

TEXAS TOMATOES

The extensive tomato growing industry of Texas will be recognized in two Centennial year celebrations which are the National Tomato show to be held at Jacksonville on May 31 and the Tom Tom to be held at Yoakum on June 5 and 6.

Texas Stockmen Will Be Helped Under New Farm Program

Washington, March 10.—Two Texans held out the prospect of improved markets to Texas stockmen last Thursday. Although they saw no possibility that the stockmen would receive direct benefits as he did under the invalidated AAA, Representative Marvin Jones of Amarillo, chairman of the House Agriculture Committee, and Representative Richard M. Kleberg of Corpus Christi, another member, predicted expanded markets and steadier prices.

Jones expressed the opinion the sheep and goat raiser likely would profit only indirectly from soil conservation—the principle of the new bill.

Will Expand Markets

"Of course under either the temporary or permanent features, the stockmen of Southwest Texas, for example, will profit by the domestic allotment plan whereby premiums are paid on that part of his livestock domestically consumed," he said. "The legislation is intended to encourage the expansion of markets facilitate disposal of surpluses and relieve a glutted market."

In addition, Jones said the \$40,000,000 increase in Government funds intended for prevention of Bang's disease and tuberculosis would have a wonderful effect on all livestock.

Kleberg expressed the opinion stockmen would benefit most from the new legislation only if they or-

ganized promptly and co-operated wholeheartedly with the Agriculture Department.

"For example," he went on, "if Texas A. & M. College should suggest some limitation of cattle—say one cow for every twenty acres just to cite figures—and the farmers would accept that recommendation, they naturally would profit through a price increase."

The Agriculture Department said, meanwhile, that a flexible quota on importations of Mexican cattle had been fixed in the Canadian reciprocal trade agreement. On 700-pound cattle a heavier, a global quota of 155,799 head annually was fixed as the maximum importation figure but no allocations by countries were made. The department explained that, should Canada send 100,000 head into this country, Mexico or any other nation might export the balance, or in another instance, all nations might participate equally in the 55,699 head left.

The global quota on veal calves was placed at 51,933 head and that on dairy calves, 20,000 head. No limitation was placed on cows between 155 and 700 pounds.

Alabama, Georgia, Minnesota, Tennessee and Texas have counties named for General Sam Houston, Lone Star State hero who will be honored during the 1936 Centennial celebrations.

C. of C. Banquet—

(Continued from Page One)
 there will be some who will say, 'What the heck is he doing here, why isn't he attending to his duties?' But if I hadn't come, there would be those to say 'Huh, wouldn't come. We'll remember that next July.'

The chief legal advisor of the state said he had come up in a political world despite the serious handicap of being born in a city, rather than having lived his early years in a log cabin and behind a plow.

In a more serious vein, General McCraw told the group that they had a great responsibility during 1936 in making their town as attractive as possible to the Centennial visitors.

"Nothing so bespeaks a town as its physical appearance and it is the little things, especially, which count. It will be a time of great opportunity for all communities of Texas to advertise their worth to the world.

"A town or community is not to be measured by the area which it encompasses nor its high buildings; but most, by the love that its own people have for it. You have that love here and you have a great community. You have held high the banner in Henrietta and you have all the things that go to make up a fine town."

He ended his remarks with an appeal to those present to support the chamber of commerce in its civic work and not leave the tasks for others.

Visitors present included Miss Margaret Lentz of Quanah, Senator and Mrs. Ben G. Oneal, Oral Jones,

Pat H. Simmons, Arch Greenwood, Miss Margaret Fleming and Walter Nelson, Jr., of Wichita Falls; Rev. Earl J. Patton of Archer City; Mr. and Mrs. N. T. Gaines, Mr. and Mrs. E. B. Karsteter, Mr. and Mrs. H. B. Carson and Hollis B. Moore of Bellevue; W. L. Graves and James Graves of Byers; Bob Burgess, D. W. Major, J. A. Brite and W. E. Benson of Bowie; F. E. Resolution of Respect

Whereas, the City of Henrietta and our county, has lost a valuable and honorable citizen in the passing of Mr. A. H. Bevering and his passing is regretted by all persons and organizations in Clay County, and

Whereas, this estimable citizen was one of the earliest settlers of our county, coming to Clay County when it was one of the farthest outposts of civilization, and assisted in reclaiming a wilderness for our civilization and his efforts and the results of his labors are appreciated by his associates during the years and by those surviving him.

And whereas, Mr. August Bevering was recognized during his life-time by being named as a life-time member of the Henrietta and Clay County Chamber of Commerce, was the only person who has been so honored, the same being merited by his unremitting toil on matters affecting the public interest.

And whereas, it is desired that some expression of regret because of this untoward event be given the family of Mr. August Bevering and that a memento of the same be spread upon the minutes of our organization.

Now, therefore, be it resolved, that a copy of this resolution be delivered to the family of Mr. A. H. Bevering and that a copy of the same be spread upon the minutes of our Chamber of Commerce.

Be it further resolved that an entire page in the Minute Book of our Corporation be dedicated to the memory of this deceased member and friend and that this resolution be spread thereon.

Respectfully submitted,
 Donley Suddath

CHURCH SCHOOL INSTITUTE TO BE HELD AT NEW LONDON

On Wednesday night, March 18, Bro. Paul C. Stevenson, the conference executive secretary of Christian Education, will hold a Church School Institute at New London for the Blue Grove charge. Those to be with him are Bro. and Mrs. Paul Martin, our presiding elder and wife, and Bro. L. G. Haggard of Burkburnett the District Leader of adult work. The purpose of these institutes is to discuss the problems of the church schools and when possible illuminate the problems and make a more efficient church school.

Knowing the men and their work I can assure you a most inspiring and educational program for the nights meeting together. May I urge that all Christian workers of each point on the charge do everything possible to attend this meeting Wednesday night of next week.

Ernest Piott, pastor of the Blue Grove Church.

Buddy O'Dell son of Mr. and Mrs. Stewart O'Dell was in the Clinic hospital of Wichita Falls, Tuesday for treatment.

W. D. George, C. E. Harding, S. B. Householder, Hiram Vaughter, J. H. Walden and Rev. Stewart O'Dell went to Wichita Falls Tuesday night to hear Bishop Frank Smith of Houston preach at the First Methodist church.
