McFarlane Wins Over "Favorite Son" of Clay In Run-off—Total Vote of 2696 Is Recorded. Thompson, McDonald, Speer, Are Winners

Run-off Primary Vote Is Less than Vote Recorded in July Election—Hodges Is Re-elected County Com. Precinct 3

In what proved to be a very spirited contest insofar as it affected the outcome of the race between Congressman W. D. McFarlane and Ed. L. Gossett for the office of national representative of the 13th district in congress, the run-off primary election Saturday brought out what is considered by old-timers as a very good vote, the total vote cast for the candidates for congress being 2696, which total was only 646 votes less than that cast for the seven candidates for the nomination in the July 25th primary.

Ed. L. Gossett, who spent most of his boyhood days in the Willow Springs community about five miles northeast of Henrietta, carried Clay county by a majority of 154 votes, running high man in 16 of the precincts while Congressman McFarlane ran high man in 19 of the thirty-five voting boxes in the county. Gossett carried three of the four boxes in the city of Henrietta by a majority of 187, while Mr. McFarlane cut this lead down 33 votes in the county boxes.

Mr. Gossett carried eight of the fifteen counties in the 13th district, Mr. McFarlane carrying seven counties, his large majorities in Wichita, Young and Wise counties giving him a final majority of 3095 votes over his young opponent.

Ernest O. Thompson for railroad commissioner won easily over Frank Morris of Dallas, his majority being near two to one.

McDonald for Agriculture Commissioner defeated the veteran, Geo. B. Terrell of Alto, many saying this was caused by the fact that Mr. Terrell had voted and worked in op-

position to President Roosevelt's recovery program while Mr. Terrell was serving as a congressman-at-large.

Judge John Speers of Fort Worth won a decisive victory over Bunnenberg of Wichita Falls for the short term of Justice of the Court of Civil Appeals of the second district.

In the race for county commissioner for Precinct 3, A. S. Hodges won over Otto Haberman by a majority of 90 votes.

The vote, by precincts, as shown by the tabulations for the run-off primary last Saturday was as follows.

Tabulated Returns of the Second Primary Will be Found on Next Page

TO OUR FRIENDS THROUGHOUT THE 13TH CONGRESSIONAL DISTRICT:

From the bottom of my heart I want to thank my friends throughout the District for their splendid support in the recent campaign. We won by a majority of 3,095 votes, which is a larger majority than accorded any of my predecessors for the past 14 years.

The fact that we won handsomely against the most powerful organized political forces in the District should hearten the friends of good Government.

I rededicate myself to the service of the whole people.
Your friend,
W. D. McFARLANE

We are proud of not only this, but the fact that our district as a whole is doing an outstanding piece of work and makes us doubly proud. Achievements of this sort should inspire the older members to better work and encourage the addition of new members. There are plenty of opportunities for improvement if we will but recognize them and work toward the end. Our chapter

is comparatively new and we can greatly improve ourselves by following examples set by older chapters and older members who have shown good work in the past. We are interested in farm boys who are interested in improving themselves and general farm conditions, if you don't know, ask about Vocational Agriculture and the Future Farmers of America.

Clay County Pioneers Set For Celebration

The Clay County Pioneers Association is all set for their fifth Annual Reunion and big celebration to be held in Henrietta, September 9th and 10th.

Heading the list of attractions for the two-day event is Battery "D" First Field Artillery from Fort Sill, Okla., with their band from the military post. The band and soldiers will head the parade on Wednesday morning. During their stay in Henrietta the company will be quartered in the city park at the standpipe.

The Indians will be here with their many attractive features.

On Wednesday night a pageant will be staged at the Walker High School building. This will consist of the coronation and historical entertainments.

A carnival and rodeo will also be here with all their big entertaining features.

The ladies of the First Methodist church will serve the lunches each day.

Many other kinds of entertainment will be furnished during the two days. According to reports given out from time to time this promises to be one of the biggest and best celebrations during their five years, and you will miss a great treat if you are not here for both days.

All Pioneers are urged to register with the committee in charge.

Wardens Spoil Two Petrolia Men's Hunt

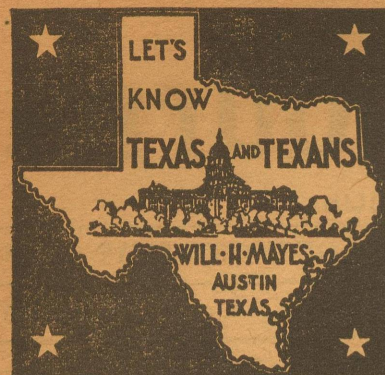

Out-of-season hunting Wednesday proved costly to one Petrolia man discovered with seven doves and one quail by Game Warden Pete Hopson and Federal Game Agent M. H. (Dan) Boone north of Petrolia. The wardens found the man and a partner just as they were preparing to pot shot into a covey of quail and thus saved several more birds from the slaughter.

Warden Hopson filed complaint against only one of the men, because the other was penniless and would not have been able to pay—in fact he probably needed the birds to eat, Hopson said. The man filed against pleaded guilty in a Clay county justice court and was assessed a total fine of \$20.40.

Mr. Hopson said that little pre-season shooting is being done. He has been in the field on the lookout for season-jumpers for the last week, but the two Wednesday were the first he had found. Some hunting is being done in the Burk Burnett area and a close watch is being kept there, he said.—Wichita Record News.

It has been learned authoritatively that scouts are all over Clay county and that rewards are being offered for information on out-of-season hunters. Since the drouth is on, the birds have no cover, and it is certain that the Game Wardens are going to protect the birds at all times.

President Roosevelt on a tour meets the governor's of fifteen drouth stricken states on drouth relief.

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. As evidence of good faith inquirers must give their names and addresses, but only their initials will be printed. Address inquiries to Will H. Mayes, Austin, Texas.

Q. Where was the town of Fairview located? C. C. Yoakum.

A. In the west part of Wilson county, three miles west of the Old San Antonio and Oakville road, five miles east of the San Antonio and Tilden road and some three or four miles north of the road that ran from Floresville to Pleasanton. Once a prosperous village it is now a scattered community.

Q. Was there ever a town named Hayrick? E. E. Chapel Hill.

A. It was the county seat of Coke county when that county was established in 1889.

Q. When was Texas Agricultural and Mechanical College opened? A. G., Hearne.

A. In October, 1876, with only six students. The third year attendance had increased to 248.

Q. Which is the oldest of the State Teachers College? R. W. Killen.

A. Sam Houston Normal Institute, established at Huntsville in 1879.

Q. Where are apples most successfully grown in Texas? E. E., Des Moines, Iowa.

A. Apples are grown in north and west Texas for home use, but not on a commercial scale except for nearby shipments. The quality of the Davis Mountain apples equals any grown in this country.

Q. Please tell me whether the Mexican government permitted Free Masonry in Texas before 1835. R. C. S., Cleveland Ohio.

A. There was nothing in the colonization laws or in the empresario grants prohibiting it.

WACO EDITOR READS CLAY COUNTY LEADER RURALS

Subscriptions Grow

"The Clay County Leader, published at Henrietta, is strictly a local weekly paper, published by the O'Bryan boys, natives of McGregor, and the following from the Pleasant Valley correspondent shows how to make a success of garnering subscriptions."

Mr. Frank Holley of Loving, Texas is the 66th person that has taken the paper from this correspondent. Mrs. Holley is a sister of mine and I know they will enjoy the Leader each week. No one kin to me could keep from loving the Leader.

"That shows how a good local paper is appreciated in its home territory. Sixty-six subscribers in one community, makes a mighty total for the county, we are sure as all newspapermen will attest. The entire edition of the Leader beams with good home news, although editorial opinions are rather shy. Maybe that is the best way these days, though we have never been able to think so. Longevity to the Leader."—Fred B. Robinson in Waco News Tribune.

In Mattress Making Place The Cotton In Layers

Placing the cotton in layers, however small the piece may be, was the point stressed in the demonstration on "Mattress Making" given by Margaret Stewart, County Home Demonstration Agent Saturday, August 22, at 9 o'clock A. M., in the Agent's office, to a group of council members.

Care should be taken never to stuff cotton into place or wad it as it perhaps may not nit or fluff, but there will be "notty" or "waddy" places in the mattress. The edges of the layers should meet well, but not be allowed to overlap or bunch up. Alternate the joining of the layers. Build up the filling with the layers in this way until the 50 pounds are used.

Those attending the demonstration were: Mesdames S. L. Russell, Neville; Herbert Adams and W. J. Wheat, Doss; C. E. Witte, Cambridge; Frank and Ernest Borgman,

JUDGE SAM R. SCOTT DIES AT WACO

WACO, Texas, Aug. 28.—Sam R. Scott, 73 Judge of the Nineteenth Judicial District for the last twelve years, died suddenly early Thursday at a local hospital, to which he was removed from his home Wednesday night.

One of the best known of Texas' veteran jurists, Judge Scott, was born in Georgia. He came to Texas at the age of 7 with his parents, who located at Travis, Falls County, in 1869.

GOSSETT SAYS HE WILL RUN AGAIN

I wish to thank the voters of the 13th Congressional District for the splendid vote given me in the recent primary. I carried eight of the fifteen counties of this district. I am older, much poorer, some wiser, and have no regrets. The many good friends acquired by me during this campaign more than compensate me for my loss. In fact my greatest dissatisfaction is to have disappointed those who worked for my election. We fought a hard, clean and honest fight, and therefore should have no cause for regret.

I wired Congressman McFarlane my congratulations. I expect him to congratulate me two years hence, as I will be a candidate in the next primary. With the help of my many new friends and many others who think as I do, we will defeat Congressman McFarlane two years from now.

Pioneers Committees Will Meet Sept. 22nd

TOM BLANTON DEFEATED FOR CONGRESS

Defeated in his home county by more than 400 votes, Congressman Thomas L. Blanton of Abilene conceded victory to County Judge Clyde Garret of Eastland Saturday night in the runoff primary for the Democratic nomination in the Seventeenth District.

The fiery Congressman, center of many sharp personal debates on the floor of the house, has served in Congress since 1917, except for a brief period when he did not seek reelection to run for the United States Senate.

Watch Dog of the Treasury The battle between Blanton and Garret attracted national attention because of Blanton's charges that a slush fund had been sent into his district from enemies in the District of Columbia. His check on expenditures for the district and on other items of Government expenses caused him to be called the watchdog of the treasury.

The final vote in the district was, Garrett 33,134, Blanton, 18,218.

J. J. Pelly, President Association of American Railways; "Undue and unwarranted pessimism has colored much of the public comment and discussion of railroads in the United States."

Of course you've noticed that the "average" man is always some other fellow.

Attorney Suddath Thanks Clay Voters

To the voters of Clay County: On behalf of Hon. W. D. McFarlane, I wish to extend thanks to you people of Clay County for the vote given him. Mr. McFarlane represents all of the people and is working for the best interest of the entire public and will continue to do so.

Many public works are in progress in Clay County. It is his intention to continue to strive for Clay County and for work of this kind. The road will be extended to the Jack County line without cost to the tax payers. The paving in Henrietta will be continued without a bond issue or cost to the tax payers. The agricultural building and auditorium in Henrietta has been re-allowed and will be completed as soon as labor is available and under the rule of the Government, without expense to the tax payers.

These matters and others will assist in some manner to solve the drought distress from which we are now suffering, and Mr. McFarlane intends to keep in close touch with the situation and to obtain drought relief in addition to that already obtained. As a matter of fact, arrangements have been made so that farmers may get relief as to feed and seed, as requested by the county agent. It is the opinion of Mr. McFarlane that additional assistance is going to be necessary and it will be recommended.

Now that the stress and strain of a campaign is ended, it is his intention to work harder for his District than he has and to fairly and impartially distribute the bounty of the Federal Government as well as his possessions, and he invites suggestions and inquiries on all matters.

As heretofore, your Congressman stands ready and willing to assist any and all persons in working out their problems with the Federal Government and will give prompt and efficient answers to any letters or inquiries made him. He has heretofore kept a closer touch with the people of his district through correspondence with them than any previous Congressman within my

knowledge. I beg to remain Very sincerely yours, DONLEY SUDDATH Campaign Manager for W. D. McFarlane.
