Help Us to Help Others

Notwithstanding the very prompt and generous response which has been made throughout the country to the call of the American Red Cross for financial assistance, we are still being urged to impress upon our people the unparalleled need for funds.

Only Wednesday (Feb. 3) I received a letter from Red Cross Headquarters in St. Louis, outlining the situation to some extent, which letter concluded with this paragraph:

"In view of the situation Admiral Grayson has requested all chapters to disregard quotas and to continue bending every effort to raise the MAXIMUM POSSIBLE relief fund." Clay county has responded fully, the totals received by this chapter to date being as follows:

Bellevue	\$57.50
Bluegrove	58.75
Buffalo Springs	47.66

Byers	108.97
Charlie	38.50
Deer Creek	21.60
Petrolia	72.50
Henrietta	478.45

Total 883.93

On the other hand there are a large number of people who have not yet contributed, and who, we are sure, would like to contribute. Any amount, however small, is very acceptable. Just remember that a thin dime will buy a bottle of milk for a hungry baby, and that a dollar will buy medicine for that baby's sick mother, and that five dollars will feed an entire destitute family for several days.

Please, all of you, send in immediately to this chapter as much as you can spare for people in distress. And remember, it is needed now.

FRANK BUNTING
Chairman, Clay County Chapter.

Large Land Sale Through Local Firm

The 5400 acres, known as the Francis land sold last week to Smith and Dillard of Wichita Falls who has about 6000 acres south of Jolly, this 5,400 acres joined the city of Henrietta on the west, the deal was consummated through the firm of Lefevre and Blakely, whose sales for 1936 were over \$300,000.00 this looks like a nice start to a higher gold for 1937, they report this to be a cash deal and that 90 per cent of their sales for the two years have been cash.

Charlie Ruggles In New Team

Charlie Ruggles comes to the screen without Mary Boland for the first time in a long while in "Mind your own Business," a gay domestic comedy, at the Dorothy Theatre, Saturday night Prevue, Sunday Matinee and Night.

Ruggles' new screen mate is charming Alice Brady, who plays the role of a wife who thought her husband was made for better things than his job promised, and set about to remedy the situation. The mess she got him into as a result makes "Mind your Own Business, one of the most hilarious comedies of the current season.

Mrs. D. W. Holmes Died Last Sunday

Mrs. D. W. Holmes, 69 widow of the late Dr. D. W. Holmes and a resident of Bellevue for more than 46 years, died about 4 o'clock Sunday morning in the Bowie Clinic Hospital from burns received, a few hours earlier when her bed was discovered on fire.

Mrs. Holmes had fallen at her home several days ago and fractured her shoulder and her son Dave had been caring for her and it was believed that he fell asleep while smoking and his cigaret dropped on the bedding and started the blaze. Holmes himself was lying partially upon the bed when the flames waked him and his mother.

The injured woman was rushed to the Bowie Clinic by the Wetzel Bros. Ambulance.

The flames were quickly extinguished and little damage was done to the home.

Funeral services for Mrs. Holmes were held Monday afternoon at the Methodist church in Bellevue with Rev. H. T. Tinsley pastor of the Baptist church and Rev. E. F. Wilhite, pastor of the Methodist church officiating. Burial was in the Bellevue cemetery.

Dr. and Mrs. Holmes were very prominent citizens of Bellevue, having lived there for the past 46 years, where Dr. Holmes was a practicing physician for many years. He died last December 7th.

Survivors include the son Dave, and a granddaughter Dixie Holmes of Bellevue and a brother near Nashville, Tenn.

RINGGOLD WINS OUR BASKETBALL MEET HENRIETTA IS SECOND

In the basket ball tournament held last week-end, Ringgold carried off the winning trophy. Post Oak won Consolation. There were something like sixteen teams entered. There were two B strings, Joy and Henrietta.

The first game was between Fairview and Shannon. Shannon won with the score first half, 4 to 21 and the last half 5 to 27. Wright for Fairview scored most goals and Copeland for Shannon.

The second game is a never-to-be forgotten game. Henrietta B won over Post Oak A by one point. There was only 1 1-2 minutes left to play, the score was 10 to 13 in Post Oak's favor. Duncan made a basket then Sailings scored the final score. The ball was in the air out of sailings hands when the whistle blew. Everyone was on tip-toes 'till they found out that the basket counted. Duncan from Henrietta, and Scott from Post Oak scored the most baskets.

Dean Dale scored over Bellevue 35 to 32. This was a good game. Bachman for Dean Dale made the most scores. Patton was the longest shot. He scored one goal shot from about the center of the floor. Sweazie was the scorer on Bellevue's team.

The Byers and Ringgold game was forfeited to Ringgold. Nocona won over Petrolia by the score of 26 to 14. Petrolia had a good team (CONTINUED ON PAGE 5)

JIM FARLEY TO VISIT IN TEXAS

Texas is going to town, March 8th. Postmaster General, Jas. A. Farley has notified Postmaster Jas. M. Pitillo at Waco, that he will be in that city, March 8th and will dedicate his new

\$500,000 Post Office there. Along with Hon. Jim Farley will come Col. W. C. Lyons, assistant Postmaster General. He consented to come to Waco on invitation of Postmaster Pitillo. Senators Connally and Sheppard and Congressmen Cross and Poage and Postmaster Burriss C. Jackson of Hillsboro.

That date, March 8th., will be a great day in the history of Texas and Waco because Postmaster Pitillo has designated the day as "Jim Farley Day in Texas" and this will be the first time Mr. Farley has ever dedicated a government building outside of his native state of New York, and all Texas will join in welcoming the head of both the Democratic party and the postoffice department to the best state in the union.

Postmasters throughout the state have signified their intentions of going to Waco at that time to meet General Farley.

Waco and central Texas are making plans to entertain General Farley royally. After the inspection of the fine postoffice building a huge banquet will be held honoring the man who managed President Roosevelt's campaigns for President, a man who is very popular in the democratic circles, and permitting Wacoans and Texas people to meet a man of his estimable worth to the nation.

Mr. and Mrs. Louis Goehring of Bellevue visited friends and relatives in Henrietta Saturday evening.

FUNERAL HELD FOR AGED COLORED LADY

Funeral services for Mary Beal (col.) former slave, and for many years a resident of Henrietta, were held at the home of her daughter Odessa, Sunday afternoon at 3 o'clock, with Rev. Harris officiating.

Interment was in Hope cemetery directed by the Moore Funeral Home.

Mary died in Burkburnett Friday, where she moved a few months ago to be with her son Shorty Boyd, who has worked for Rev. H. M. Cowling for some time. When Rev. Cowling moved to Burnburnette, Shorty did not like to leave his old mother who was then in very bad health so Rev. Cowling moved them both to Burkburnette.

Mary had many friends in Henrietta, both among the colored and white people.

We wish to thank our many white and colored friends for their kindness during the illness and death of our beloved mother, Mrs. Mary Beal.

Son and daughter, Shorty and Odessa Boyd.

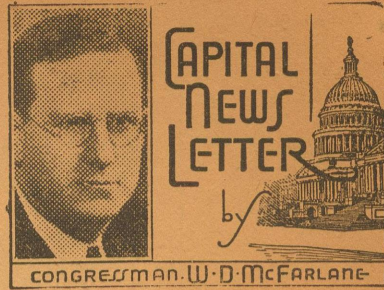

Letter From The Flood Stricken Area

Mr. Amos Humphreys has received a letter from his brother, West, from Mayfield Ky., in which he describes the awful flood situation, to wit:

"Lewisville and Paducah are being washed away. Many people have lost their lives; the dead are stacked up in houses. It is awful. School houses and churches are being used as hospitals. Volunteer workers are doing all they can to aid the suffering. The situation is very pathetic indeed. So much suffering and sorrow."

Mrs. A. J. Lanham and children, Norma Jean and Jack of Grand Falls, Texas were week-end guests of Mrs. A. F. McMillan, going from here to Bluegrove where they are visiting this week with relatives.

Go to church Sunday.

THE RELIEF BILL

The \$899,717,318 deficiency bill carrying \$790,000,000 in relief funds passed the house Tuesday. All of the \$790,000,000 if necessary, can be made available by the President to relieve flood sufferers, although the original plan called for carrying on relief work activities, mainly under the WPA program through June. The bill carries \$95,000,000 for Civilian Conservation work. Among other things this bill provides for the following: \$65,000,000 for WPA relief work, \$80,000,000 for Resettlement Administration work, \$40,000,000 for other Departmental activities and \$15,000,000 for administrative expenses.

FARM TENANT LEGISLATION

Hearings were begun before the House Agriculture Committee this week, on the \$500,000,000 farm tenant aid bill. This bill has for its purpose the creation of a Farmer's Home Corporation, an independent agency, which would buy and sell lands, under a \$50,000,000 annual appropriation from the Treasury, during the next ten years to tenants on easy terms and at low interest rates.

CIVIL SERVICE LEGISLATION

The Post Office Civil Service bill passed the House last Thursday. This bill places all postmasters of first, second and third class offices under civil service. This legislation, if approved by the Senate will put into law with some modifications the executive order issued by the President last July. The incumbent postmasters would be permitted to serve out their regular four year terms, after which they may be appointed without term, after passing a non-competitive examination. If the Postmaster General does not rename the incumbent, he may permit an employee in the same post office to be promoted or may call upon the Civil Service Commission to hold an open competitive examination to establish an eligible register of three from which the appointment may be made.

CROP LOAN

The Emergency crop loan bill creating a \$50,000,000 fund to make loans up to \$400 to destitute farmers, was signed by the President Friday. These loans to farmers are to be made at 4 per cent interest, secured by liens on their crops.

POWER POOLING CONFERENCE DISCONTINUED

Last Wednesday the President cancelled further negotiations with the 19 private power companies who began negotiations with him last September, with the purpose in mind of pooling private power with the TVA and other public power projects. The President's letter to these different power companies in part said: "Since the conference of September 30, a sweeping preliminary injunction has been issued against the Tennessee Valley Authority upon the application of 19 utility companies, including certain companies who were parties to the conference. The securing of an injunction of this broad character under the circumstances, precludes a joint transmission facility arrangement and makes it advisable to discontinue these conferences."

The House has organized a powerful bloc of 171 Members to continue the fight for lower Power rates. Senators Norris, Bone, Black and

PRACTICALLY ALL APPLICATIONS CERTIFIED FOR PAYMENT, AT AUSTIN

Only 18 applications for payment for cooperating in the 1936 Soil Conservation Program have not been certified and have not been returned to the County Office. 1237 applications have been certified to the state Board. From these the County office has received 629 checks, totaling \$28,547.79. Producers are immediately notified by mail upon the arrival of their checks according to information from the County Agent's Office.

In order to assist farmers in planning the 1937 crop, the following summary of the regulations might be of some benefit.

1. The depleting crop bases are not established for a farm until they bear the approval of the State Allotment board.

2. Producers will be paid for reducing cotton acreage for each acre reduced from the established cotton base up to 35 per cent of the cotton base.

3. Producers will be paid for reducing peanut acreage for each acre reduced from established peanut acreage reduced from the established peanut base up to 20 15 per cent of the general base.

4. Producers will be paid for reducing the acreages of all other crops combined (common to Clay County) for each acre reduced from the established general base up to 15 per cent of the general base.

5. Acreage planted in excess of a base will draw a penalty for each acre the planted acres exceeds the base for the crop or crops so planted.

6. Acreage diverted from depleting crops for pay must be planted in a soil conserving crop, or a soil conserving practice must be practiced in order to avoid a penalty of \$3.00 per acre.

7. Each acre diverted from a depleting crop for pay is eligible for \$1.00 soil building payment if the \$1.00 is earned by a recognized soil building practice.

8. Recognized soil conserving crops:

- a. Any locally adapted legume (stock peas, clover, alfalfa etc.)
- b. Grain sorghum (broadcast), sorghums, sudan grass and millet when not harvested for seed grain, or forage, or grain sorghum in rows when turned under.
- c. Peanuts if pastured.
- d. Permanent pasture grasses, Dallis, rye grass, orchardgrass, Bermuda Grass etc.
- e. Cover Crops, including rye, barley, oats, wheat etc., if not cut for hay or grain provided a reasonably good growth is left on the land or plowed under.
- f. Summer fallowed land from which no soil depleting crop

is harvested and which is kept clean of vegetation and listed to conserve moisture shall count two thirds of the acreage so used as soil conserving.

9. Summer legumes may be grown in combinations with soil depleting crops but for purpose of figuring diverted acres the entire acreage planted in such combination will classify as soil depleting, but the acreage actually occupied by summer legumes if as much as one third up to one half of the acreage shall also classify as soil conserving.

10. Land from which a depleting crop is harvested may be planted to legumes or perennial grasses and classify as soil conserving in

addition to classifying as soil conserving.

11. Green manure following commercial crops and attaining at least 100% growth will entitle a producer to being classified as soil conserving.

Note: No soil depleting crop may be grazed and used as a soil conserving crop.

12. Some soil depleting crops that may earn the allowance:

- a. Legumes making reseedings
- b. Terracing
- c. Established cover crops
- d. Sorghums, millet grown in the crop left plowed under

(Continued From Page 1) and it was hard for Nocona to score. Poplin from Petrolia and Wall from Nocona made the most baskets.

Geraldine forfeited to Bluegrove. Bluegrove played Joy B. Coach Miller was kind enough to put his second team in the play. The foul's were not counted. If Bluegrove had not won they would have been in the winnig bracket because of the forfeited game. The score was 21 to 15 in Bluegrove's favor. Bernethy and Peden made the most scores.

Joy A's first victory was over Buffalo Springs. Score 14 to 5. Jones made the most baskets in this game. Buffalo Springs made Joy work for every score.

Fairview forfeited their game to Post Oak.

Henrietta's B's second victory was over Shannon. This was the second time the whistle blow when the ball was in the air. This time Copeland fram Shannon was get- ting a free pitch. This tied the score 12-12. Duncan fouled out and Sail- ings Jr. took his place. With the extra three minutes made a basket. The score was then 14-13 in our favor.

Joy B's second defeat was with Petrolia. This was a tie-game in the first half and the last half also. In last half score 14 to 14. Seiglei missed free pitch. In the three min- utes played Black got a free pitch. This was one of the tightest games.

Dean Dale lost to Riggold 64-23. Coach Riddle showed good sports- manship. Two of Dean Dale's best players fouled out he asked that they might stay in the game. Patton and Bachman of Dean Dale and H. Seay and W. SeayD for Ringgold scored the most.

Ringgold played Shannon and won 40 to 14. Copeland made the most baskets. This was a good game.

Mankins won over Petrolia 28-12. Kirksey was again the player who made the most baskets.

Semi finals were between No- cona and Henrietta A. This was a game that will long be remembered. In the third quarter, they were tied. In the fourth quarter Parker made a goal. With fifteen seconds to play Shaw made a goal. This made the score 14-13 in our favor.

Consolation was won by Post Oak over Mankins 22-20. In this game was some real plays.

Finls, Ringgold won over Henri- etta A. 19-30. This was the game of the tournament. Everyone was breathless. Scheer made nine scores. W. Seay made 11 scores. The boys played a concentrated game. You could tell their minds were on noth- ing but to get the ball and make a score.

Line-up for Ringgold, Hughes, W. Seay, Staley, Harvey, Stine and Sub. H. Seay.

Line-up for Henrietta A: Shaw, Parker, Sherrill, Scheer and Shires.

POWER IN TEXAS

Reports to the University of Tex- as Bureau of Business Research from seventeen leading electric power companies representing the bulk of the power production of the State indicate an increase during December of 12.6 per cent in total production over December, 1935. Commercial production rose 14.5 per cent; industrial 13.2 per cent; residential 10.5 per cent; and mis- cellaneous 9.8 per cent.

TEXAS POULTRY

Forwardings of Texas poultry and eggs to interstate points dur- ing December totaled 787 cars, against 439 during December, 1935, an increase of 79 per cent, accord- ing to the University of Texas Bur- eau of Business Research. Of the 668 carloads of poultry, 605 cars were turkeys and 63 cars were chickens While the comparable figures in 1935 were 397 cars of turkeys and 15 cars of chickens. Thus turkey shipments increased more than 52 per cent and forwardings of chick- ens increased 320 per cent.

WACO WILL ENTERTAIN JIM FARLEY MARCH 8TH

Of much interest to the citizens of northwest Texas, as well as central Texas, is the coming visit to Waco on March 8th of Postmaster-General Jas. A. Farley. He comes to Waco on that date to dedicate Postmaster James M. Pitillo's new \$500,000 post office, and citizens throughout the State will no doubt visit Waco on that date to meet the man who has done so much to aid President Roosevelt in his programs. Postmaster J. M. Pitillo has designated March 8th as "Jim Farley Day In Texas," so let us keep that date in mind and go meet big, jovial, Postmaster-General Jim Farley.

Keep those dates in mind—February 19th and 20th—the Clay County Fat Stock Show here. It is sponsored by the Kiwanis Club, the F. F. A. and 4-H boys. If the weather is favorable folks will be here from far and near.

State Senate Secretary Bob Barker of Fort Worth has been re-elected ten times after serving many terms as Chief Clerk of the House of Representatives. His election is taken as a matter of course whenever a new senate meets. As our late father and mother would often say, "Bob Barker is a necessity down at Austin, and they couldn't get along without him."

Congress should take a hand and stop those child-marriages over in Tennessee. A nine years old girl has married a man 22 years of age. The groom gave the bride a "doll" as a wedding present. The child-bride remarked to visitors, "We put one over on them." Parents of Tennessee should not permit children to marry so young. Congress should intervene.

The Texas liquor law, framed to prevent the return of the open saloon, is so full of loopholes that an evil greater than the old-time-saloon, with its free lunch counter, has slipped into the State.—Houston Post.

State Press Association meets today and tomorrow in Austin. A fine program is planned, with theatre entertainment being provided by former Senator Jeff J. Strickland of Fischer's Store. The press boys will no doubt have a big time.

One of the best appeals in behalf of the unfortunate people of the flood area was made by Irvin S. Cobb. How he did talk for his home town people, over Station WFAA Monday night.

Now is the time for all good men to come to the aid of the Flood Sufferers. If you have not contributed, do so now.

As an editorial writer Dr. Joe J. Taylor of the Dallas News is hard to beat. Marcellus E. Foster, of The Houston Chronicle and Houston Press is some writer himself. Downright good old Jeffersonian simplicity and Democracy can be handed out to a fare-you-well by Colonel George Cotton Robinson of the Houston Post. Colonel Robinson is a brilliant writer of many years experience. Personally, he is very democratic. —seo.

Mid-Winter Meeting Of The TPA

The Mid-Winter meeting of the Texas Press Association will be held today and tomorrow at Austin with an interesting program being arranged.
President H. H. Jackson, of Coleman will call the meeting to order, and during the session speeches will be made by Hon. Walter Woodward, President Texas Bar Association, Hon. Lowery Martin of Corsicana, Lt. Gov. Walter Woodul, Austin, Pat Mayse of Paris, Joe T. Cook, of Mission.
During their stay in Austin, the editors and newspapermen will be entertained by the various shows of Austin through the courtesy of Hon. Jeff J. Strickland, representing the Interstate Circuit Inc.

AGRICULTURE PIONEERING

Agriculture coopertion is relatively new--its history spans little more than a generation. It is the application of proven business principles to agriculture. It has won an honored place in the world, based on honest achievement.
The better agriculture cooperatives illustrates the pioneer spirit. They have always kept in mind the thought that "self help is the most worthwhile help." They have not asked for doles and subsidies and favors from the government. They have paid their way, fought their own battles and solved their own problems. They are the answer to the disgruntled agitator who would pit the farmer against industry.

Bellevue Pioneer Buried Last Thurs.

Funeral services for Mr. R. A. Hays of Bellevue, another of Clay counties fine pioneer citizens, were held last Thursday at 2:00 at the Presbyterian church in Bellevue, with Rev. Ben L. Bates, a former pastor officiating.

Mr. Hays died at the home of a niece Mrs. Walter Parrish in the New London community after a short illness.

Interment was in the Little Hull cemetery, under the direction of the Wetsel Bros. funeral directors of Bellevue.

Mr. Hays had been a resident of Clay county for about fifty years. For the past several years he had made his home with a sister Mrs. F. E. Hoover at Bellevue until recently when he went to make his home with Mrs. Parrish. He was a devoted member of the Cumberland Presbyterian church.

Survivors include the sister Mrs. F. E. Hoover, now a resident of Archer city, Mrs. Parrish, a niece, and another niece in Archer city.

Mr. Chas. Ingram Buys New Home

Mr. Chas. Ingram informed us yesterday that he had bought a nice farm of 50 acres north of town. It is the Pasley Place, 1 1/2 miles north of Henrietta, where he says he can farm, raise chickens and live a quiet enjoyable life.

Mr. Ingram traded his home place here in on the deal.

The place is an ideal one, having electric lights, running water and other modern improvements. Mr. Ingram will move to his new place this week.

D & K CHEV. CO. IN NEW HOME

The D & K Chevrolet Company, moved this week into their new location, the building formerly occupied by F. O. Moore, Furniture company, known as the Dale Bank Bldg. They also have the building next door south for the work shop and store room.

With this new location, which is much more convenient and nicer in every way, they are better able to show their new models as well as many good used cars and parts.

They are better equipped to accommodate their customers in repair work etc. They have a complete line of accessories and one of the best mechanics in town.

Mr. Howard King, manager, will be glad to welcome his many friends and customers at his new location and will be glad to demonstrate any of his new or used cars at any time.

The Leder welcomes this enterprising firm to its new location, and are now glad to look upon them as "our neighbors," as they are just across the street from the Leder office.

GMC Plants Plan Part Time Operation

In announcing the resumption of part-time operations in Chevrolet plants not involved in the strike in Detroit, Flint, Saginaw, Bay City, Indianapolis and Munice, M. E. Coyle, general manager of the Chevrolet Division, emphasized that the program is being undertaken to furnish some employment to 40,000 of its workers and thus keep them off relief. The company hopes to provide a minimum of two days employment per week for these 40,000 workers, he added.

"Due to the shortage of bodies, the majority of our assembly plants will of course be idle," said Mr. Coyle. "This means, that, instead of flowing through the plants in accordance with the normal routine the parts manufactured under this part-time operation plan must be stored until assembly is resumed."

"We hope to operate the manufacturing plants a minimum of two days a week. In those departments where it is possible to do so, additional days will be added to the schedule. Considerations of expense and inconvenience will be secondary to the one main issue, which is to relieve the present situation by providing as many hours of work to as many employees as we possibly can."

A FIVE POINT

The President's government reorganized by his Administrative Management a year of study, made:

First. Consolidate twelve department ones are Social Welfare Works.

Second. Place the administrative service on a merit basis.

Third. Change the system, giving control to the President and to the Attorney General.

Fourth. Strengthen the Bureau and set up a sources Board for reorganizing.

Fifth. Give the executive assistants.

On this page is a special summary of the report and the message the President submitted to Congress. On page 10 found an analysis of the plan of reorganization.
