## CHARLIE SCHOOL HAS GOOD RECORD

Frequently one hears the statement that schools aren't what they used to be and this is certainly true of the Charlie school which has made a most enviable record during the past year and a half.

In April, 1935, the Charlie common school district voted bonds for the erection of a modern \$10,000 steam heated brick building to replace the antiquated frame one that had served the community for many years.

Work on the new building began as soon as school was out and by September, 1935, the new building was ready for classes. Once in the new building the pupils and the faculty which included R. P. McDaniel, principal, R. J. Shaver, Bill Elkins, and Mrs. Almata Malugent Cozart, set to work to secure affiliation in mathematics, history, English, and science. Trustees directing the business affairs of the school during that year were Henry Entriken, Chester Wilcoxson, and Herman Brown.

During the current year the school has made equally as rapid strides as in the previous year. In September, 1936, a Kohler light plant was installed and the building wired throughout for lights. Shortly afterwards a windmill and an elevated tank were purchased and water was piped into the house. Bubblers were placed in the halls, and running water in the science laboratory and in the kitchen, and a water connection made in the boiler room. A wide concrete walk was built from the front of the building to the edge of the large campus, and three additional acres were purchased to enlarge the playground for the ever growing student body.

In addition to the outside improvements, the board purchased approximately \$200 worth of science equipment.

The first week of the present school term the patrons of the school met and organized an active Parent Teacher Association which was invaluable in help with the success of the school. This efficient organization realizing the importance of hot lunches for school children, has built and equipped a modern kitchen from which hot lunches are served daily to more than seventy pupils at the astonishingly low price of \$1 per month paid in advance.

The menus were carefully planned and expenditures budgeted before the project was begun. The Parent Teacher Association has also purchased a piano and has sponsored several interesting and instructive programs and benefit parties at the school.

Throughout the year athletic activities have been encouraged. Herman Duncan Jr., athletic director, has coached a boy's basket-ball team, a baseball team, and trained track men for the spring meets. Mrs. Odessa George, teacher of the fifth and sixth grade, has coached volley ball and soft-ball teams. Other playground activities which include two other soft-ball teams, and young children activities have been supervised by Miss Estelle Smith, teach-

## Funeral Services Held Sunday For Petrolia Woman

Mrs. J. M. Gibson, 70, prominent Petrolia woman, died at her home in Petrolia at 1 o'clock Saturday morning. She had lived here about four years, the family having moved here from Fort Worth.

Funeral services were held at the Petrolia Presbyterian church Sunday afternoon at 3 o'clock with the pastor, the Rev. Boles, officiating, assisted by the Rev. H. M. Hightower, pastor of the First Methodist church. Interment was in the Petrolia cemetery with Owens and Brumley Funeral Home in charge.

Survivors include the husband, three sons, Jimmy Gibson of Petrolia, L. W. Gibson of Pecos, and E. N. Gibson of Monahans; two daughters, Mrs. J. H. Tensley of Petrolia and Mrs. R. B. Dugger of Henrietta and several brothers and sisters.

Pallbearers were J. A. Whitmire, Kenneth Twyman, Guy Young, E. V. Armor, W. V. White and M. W. Moon. Burial was in the Petrolia cemetery.

## Senator Robinson Died Wednesday

Senator Joseph Taylor Robinson, of Little Rock, Ark., age 64, floor leader of the U. S. Senate, and close personal friend of President F. D. Roosevelt, died suddenly Wednesday morning in his apartments in Washington, D. C., from heart failure.

Had Senator Robinson lived he no doubt would have been offered by the president the supreme court judgeship to succeed Judge Willis Van Deventer, so political wiseacres foretold repeatedly, he being the president's champion of the court reform bill.

Senator Robinson was the running-mate of Alfred E. Smith when they were placed in nomination at Houston by Franklin D. Roosevelt.

## HENRIETTA PUPILS MAKE COLLEGE HONOR ROLL

Richard Hurn, son of Frank R. Hurn of Henrietta, made the spring semester honor roll at Texas Technological college with an average grade of B.

Jack Nimmo, son of B. F. Nimmo, of Henrietta made the spring semester honor roll at Texas Technological college with an average grade of B.

er of the third and fourth grades, Mrs. Walter Reynolds primary instructor, and Mrs. Thelma Williams, high school instructor.

The principal, A. C. Rice, is a graduate of N. T. S. T. C., holding a B. S. from that institution. He has had approximately fourteen years of successful experience in schools of Texas. Assisting him in the work at Charlie are Herman Duncan, Jr., B. S. science and history; Mrs. Thelma Williams, B. A., English and history; Mrs. Odessa George, Miss Estelle Smith, and Mrs. Walter Reynolds, B. A. Trustees for the current year are Chester Wilcoxson, Herman Brown, and Tom J. Dowdy.

## Two Die in Accident East of Henrietta

Wednesday morning about 2 o'clock a new Chevrolet truck loaded with onions crashed into the concrete bridge over Dry Fork about 2 miles east of town on the Ring-gold Highway and cost the lives of two young men. Floyd Belew, aged 30 and driver of the truck was killed instantly and thrown into the creek bed. His brother Woodrow, aged 21, received a broken leg and internal injuries from which he died at 1:30 Wednesday afternoon in a Wichita Falls hospital.

The accident was discovered about 15 or 20 minutes after it occurred by four young men from Terrall Oklahoma, who brought Woodrow Belew, of Whitewright to Henrietta where he was transferred to an ambulance and taken to the Hospital in Wichita Falls.

The body of Floyd Belew of City of Sherman was taken to the Moore Undertaking Company and later that afternoon it was taken to Whitewright by the Talley Funeral Home of that city.

The truck, a new Chevrolet with 5802 miles on it, was completely destroyed by the crash and the fire which occurred after the gasoline tank had been broken. The truck crashed into the bridge as hard that the first 5 or 6 rails on the side of it were cracked. Onions were scattered from one end of the bridge to the other.

The parents of the two boys came to Henrietta Wednesday and took the bodies of their two sons back to Whitewright Thursday afternoon.

## Report on Common Schools of County

The average teacher's salaries for the common schools of Clay County are elementary teachers, \$732.00 a year high school teachers, \$805.00 a year. There are 84 teachers in these schools, and out of these teachers, 19 have college degrees, 28, three years college, 35, 2 years college, 2 one year of college. These teachers have also had quite a bit of experience, 9, one year teaching experience, four with two years, 12 with three years, eight with four years, six with five years, 24 with 6-10 years, 18 with 20 years, three with 21 or more years as a teacher.

The total enrollment for the elementary schools, was 1,448, the high schools, 233. Average daily attendance in the elementary schools, 1,117, the high schools, 196, or an average of 88 per cent in the elementary schools and 91 per cent in the high schools. Promotions in the elementary schools were 1,119 with 187 detained.

There has been quite a bit of new building going in the past year also, these buildings were erected at the cost of \$11,500.00. These buildings were, Gymnasium for Buffalo Springs, Teacherage, Deer Creek, Gymnasium for Dean Dale, School Building for Rock Springs, and New Teacherage for Thornburg.

These schools ran at a term of about 158.8 days per term for the elementary schools, and 162.8 days

## R. L. TAYLOR DIED AT HOME YESTERDAY

Mr. R. L. Taylor, 66 of this city brother of Judge, R. E. Taylor, prominent attorney of Wichita Falls and Henrietta died at his home here at 2:30 A. M. Thursday, July 15th after a lingering illness of several months.

Mr. Taylor has been a resident here for the past 8 years, having moved to this city in October, 1929, from San Antonio, Texas.

Robert Luther Taylor was born in Nov. 22, 1871, in Morgan Town Kentucky. From Kentucky he moved to Archer City, Archer County.

In Oct. 12, 1898 he married Miss Jeannett Scott.

Funeral services are incomplete awaiting the arrival of the son, but will be held at 2 P. M. Friday, from the First Baptist church in Henrietta, with Rev. E. L. Moody, pastor of that church officiating.

Interment will be in Hope cemetery under the direction of the Moore Funeral Home.

## MISS MILDRED HODGES BECOMES BRIDE OF MR. H. T. BENTLEY

In a quiet and impressive ceremony at the Parsonage of the First Christian Church at Waurkia, Oklahoma, at six o'clock Sunday evening, July 11, 1937, Miss Mildred Hodges became the bride of Mr. H. T. Bentley of Byers, Texas, with Rev. G. Lyle Smith pastor of the First Christian Church, Waurkia, Oklahoma, reading the impressive ceremony.

Mrs. Bentley is a graduate of the Duncan High School and attended the Panhandle A and M. College, Goodwell, Oklahoma.

Mr. Bentley is with the Clay Co. Implement Company of Byers, Texas. Mr. and Mrs. Dean Hodges of Wichita Falls brother of the bride were present at the ceremony.

### NOTICE!

Anyone found driving an automobile, truck, car or any vehicle across, a fire hose in the city of Byers will be fined twenty-five dollars.

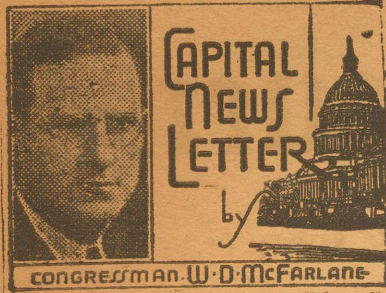

H. D. VAUGHTER Mayor  
W. L. GRAVES, Fire Chief

Mr. Watson Hurley, of Wichita Falls was in Henrietta on business yesterday.

per term for the high schools. There were 28 school buses used to operate these schools at a cost of \$17,500.00 and cost per student instruction, \$47.94. There were 1,000 students transported in these busses.

The school libraries were checked and found that there were 4,300 volumes in the combined libraries.

This information was received from the County Superintendent Mr. J. W. Callaway, who has an official report on all the schools. These are official Mr. Callaway past school year fact and returns of h.

NEW FARM BILL

It appears that Congress will remain in session for some time yet, and it is now thought that a new farm bill will be passed at this session of Congress. Congressman Marvin Jones, of Texas, chairman of the House Committee on Agriculture, has prepared a bill, which he says will simplify the present program, give local committees a target share of control; permit such committees to be selected by the farmers themselves; will apply to all farm production and not confine to a limited list of commodities; an every normal granary for major non-perishable commodities; make payments on a tilled-acre basis with a limit placed on soil-depleting crops wherever practicable; limit the program to those who comply with the farm program as a whole; and as to certain crops a marketing control provision as a further safeguard may be necessary. Mr. Jones' views are highly regarded in Congress and his program will receive first consideration. He criticized the Wallace Farm Bureau Federation proposal because their bill he said would only apply to wheat, cotton, corn, rice and tobacco, and one-half of the payments would go to corn.

TAX AVOIDANCE COMMITTEE

The tax avoidance Joint Committee, appointed by a resolution passed by the Congress, after the President's Message to the Congress, specifically pointing out some of the many loopholes in our tax laws, seems to have suddenly decided to close their public hearings and go into executive session, for further consideration of what, if any, steps they will take, pursuant to the short public hearings held. Secretary Morgenthau, Commissioner Helvering, and a few of the so-called tax experts, according to the press, are the only ones so far, who seem to have appeared before the Committee to present evidence to substantiate the President's Message on loopholes in our tax laws.

However, since the tax avoidance committee is composed of the ranking Members of the House and Senate regular tax committees, who sit on the free conference committee, they have written the tax laws that contain the loopholes, part of which were pointed out by the President in his Message to the Congress, it seems likely that little, if any, relief may be expected from this committee at this session of the Congress, unless the President insists upon such action. It is known that the public hearings so far have been a severe disappointment from the Government's standpoint, for Commissioner Helvering and some of the Government's so-called tax experts practically rushed in and addressed the Government out of place, so to speak, to the great surprise of the tax dodgers, by admitting many of the tax dodger's

schemes were legal. It is believed that some of this testimony, unless carefully revised before being printed, will open up the largest loopholes yet discovered by the tax dodgers, on cases now pending before the Department and the Courts for determination.

Representative Fish (R) of New York, who represents the President's own district in the House, is showing his teeth and trying to have the country believe the President and his family are among the country's tax dodgers. Mr. Fish seems to be greatly worried because so far practically all of the tax dodgers disclosed by the committee's work, are Republicans. This committee has the opportunity to render the greatest possible service to the masses of our people of any investigating committee appointed, since the Tea Pot Dome. The question is—will they measure up to their responsibilities and re-write the administrative provisions of our tax laws and eliminate the many loopholes placed in the tax law by themselves. If this Tax Committee would give this Congress such a tax bill, it would quickly be enacted into law. Then, if we could get the Revenue Department to administer such a law as it is written we would be able to double our revenue collections and within a short while would be able to materially lower our tax rates.

They cannot expect to get much service from Mr. Parker, Chief Counsel for the Joint Committee and other legislative draftsmen, who seem to be friendly with the tax lobbyists. Former Congressman Blanton pointed out last year, Page 7313 of the Congressional Record that Mr. H. L. Parker, received a fee of \$5,500 as tax consultant for the Washington Board of Trade and he is still their tax consultant. Many of these important tax loopholes were pointed out in my speech of June 9th, on page 7276, which was sometime before this tax avoidance (?) committee was appointed.

THE CALENDAR

Last Monday was our 161st Anniversary of the Declaration of Independence. Tuesday, Senator Robinson called up the President's revised Court Bill and this measure will be pending before the Senate until disposed of.

When this Court re-organization bill is finally passed, it will be the 7th declaration of court independence declared for the rights of the people. Senator Robinson made a splendid presentation and argument in opening this battle for judicial reform. It is believed the House will approve this compromise measure, if given an opportunity, by at least 100 majority. The reactionaries of both the Senate and the House are already echoing the tom-toms of the economic royalists in demanding that Congress adjourn. They hope of course to run out from under this Court fight, if at all possible and it is well known that all tricks of the game will be indulged in, in order to reach this objective.

The House last week passed and sent to the Senate the Farm Tenancy Bill, and Thursday voted for repeal of Section 213, the "marriage clause." On Friday, they approved the war department Non-military appropriation Bill. This week we will consider on Monday district legislation, Tuesday, the Omnibus Claims Bill, which ought to be de-

feated, and the rest of the week will be taken up disposing of Conference reports and Flood Control legislation.

NOTICE !!

I wish to call to the attention of the public that I purchased all of the onions that were not damaged in the terrible accident Wednesday morning and will sell them at popular prices. For large sweet onions see me.

HOW BUT HOW GOOD!

In this column answers will be given to inquiries as to Texas history and other matters pertaining to the State and its people. As evidence of good faith inquirers must give their names and addresses, but only their initials will be printed. Address inquiries to Will H. Mayes, Austin, Texas.

**Q.** How many army air fields are in Texas and which is the leading one?

**A.** Thirteen, the principal one being Randolph Field, near San Antonio, representing an investment of \$15,000,000 being the principal aviation training field of the United States Army and the finest field of its kind in the world.

**Q.** How many miles of State highways are there in Texas, and how much of this is concrete?

**A.** The Highway Department's last report (for the fiscal year ending Aug. 31, 1936), showed 21,378.34 miles of which 4,323.99 is reinforced concrete, and 368.79 other types of concrete construction.

**Q.** By what name was Hancock Springs at Lampasas known to the Indians who used the place as a camping ground.

**A.** The Indians called the Springs "Big Medicine Springs," because of their curative properties. They are still noted for their palatable medicinal sulphur waters, which are discharged at over 6,000 gallons a minute.

**Q.** How much beer and other liquors were legally consumed in Texas last year?

**A.** According to the State Liquor Control Board, 36,737,356 gallons of beer, or 6.3 gallons for every man woman and child in the State, were sold. Distilled spirits, including

whiskey and gin, totaled 4,531,126 gallons, or .777 per capita. Wines of all grades amounted to 2,373,813 gallons or .406 per person.

**Q.** How did Texas Farm crop values of 1936 compare with these of 1935.

**A.** According to the United States Department of Agriculture reports values for 1935 on a 25,917,000 acreage were \$364,137,000; in 1936 on a 26,116,000 acreage values were \$384,053,000.

**SAN JACINTO VICTORY**

This booklet of 32 pages, "Texas Empire Builders of '36" is a brief re-

port by Will H. Mayes of the momentous days in Texas history from March 1 to April 21, 1836, told in a way to impress upon readers the main events of the struggles, sacrifice and suffering for Texas independence.

A number of schools are using it because of its clear, brief, instructive presentation of main facts in Texas history. You will find it interesting and helpful.

Mailed postpaid for only 10 cents.

### Borger Has Building Spree Going On

The following is an article clipped from the Borger Daily Herald and sent to the Leader by Rev. J. N. Hunt pastor of the Baptist church of that city and former pastor of the Baptist church here.

#### BORGER IS BUILDING

Borger is perhaps undertaking more building construction at the present time than any other city of its size in America! No doubt this is a bold, or should we say challenging statement, but it is also a statement that can be backed up with facts, pride and fightin' words.

We of Borger are not trying to brag about our accomplishments. We only wish to let our good neighbors know that we are proud that we are keeping up with the times and that our modernistic trend is merely beginning. And it is a great beginning too—one that we are justly proud of and one which we hope continues for some time to come.

At the present time our city, known throughout this area as "The Wonder City," is shaking loose its last remnants of its "boom day" appearance for a modern up-to-the-minute garb. Here, there and everywhere new buildings, new homes and an unusual amount of reconstruction is going on. And in no part of Borger can anyone tread without noticing a construction project of some kind.

Right now three major construction jobs are under way in our city. On Maple road between Washington and Adams streets, the county is erecting a \$65,000 hospital which will be the biggest addition to the city. This structure will unquestionably influence the building of better homes in this part of the city in the near future. Another bright state for Borger's Main street is the construction of the new Borger Steam Laundry building in the 300 block, north. And in the heart of the downtown district is the new Keith building—almost completed. It, too will add beauty to our main street for it is a masterpiece itself in the "very latest" in building.

A number of other building projects in the downtown area have either been completed, are under construction, or ready to begin. These should number close to fifteen.

And in the residential district new homes are sprouting up like mushrooms after a steady downpour. It can be fairly estimated that nearly fifty new homes have been constructed in Borger during the past year.

And what does all this building mean? Just this, that the people of Borger have the greatest of confidence in the future of their city. They are building because they know that their city will be permanent, that its surrounding industries are sufficient to guarantee them a justful living, and that the "Whit-

est people" on earth will be their neighbors.

The editor of the Daily Herald takes this opportunity to honor the many, many Borger boosters—those who have expressed their belief in the future of Borger by constructing beautiful homes and buildings. May your undertakings, whatever they

are, be successful and aid you in securing happiness, health and prosperity.

## THE PRESIDENT—AND THE COURT BILL

—The Clay County Leader

In 1932 a condition existed in the United States, banks insolvent, trade practically stopped, over twelve million laborers out of employment, over forty million of our people, the laborers and their dependents practically in the bread-line, wheat selling at 30 cents, cotton five cents, eggs five cents and other things in proportion. We elected a new congress and president; in three short years things had changed; wheat is selling for over \$1.00 cotton over ten cents, eggs 25 cents and other things in proportion; banks are solvent, the deposits therein are guaranteed by the government, factories are running night and day, no idle cars on railroad sidings, employees are all making wages, a happy smile on all faces. How was it brought about? By legislation, the congress and the president acts in behalf of the people. Amongst other remedial measures the congress enacted the Agriculture Adjustment Act, the AAA in behalf of the farmers, it proved effective and it and the other remedial measures enacted made this remarkable change in conditions for our whole people. It did not please the "economy league" and they contested it in the Federal Courts. They decided it UNCONSTITUTIONAL, special legislation, and this AAA and other remedial measures enacted and had been proven effective were in the "scrap heap." You think WHY? And remember that tariff laws have been enacted for the benefit of the Industrial North EAST by which they prospered at the expense of the SOUTH and WEST, it was not declared UNCONSTITUTIONAL, but, it was for the benefit of the wealthy. Then, you look at the constitution, you find it simple, easy to read and understand you find no such provision, but you have been in the court house and know a smart lawyer can defend anything, make it look plausible. I read once a defense of Judas Iscariot by a smart lawyer, he made him appear as much abused citizen. You look back to the constitution to find the source of the power of the Supreme Court to declare invalid Acts of Congress, you look in vain, it is not there, it is usurpation pure and simple but these judges are in office for life, you cannot remove them by your votes like you can the president and congress, and you find that, as said by Judge Hughes "The people of the United States live under a constitution, but the constitution is what the court says it is." Then you think, things were all wrong and we, by our votes changed the president and the congress and things began at once to improve; can't we change the courts? There is no "halo" about a court, they are but men like the rest of us, not elected but appointed largely by influence to our hurt. The president showed us the way, admittedly constitutional, but the objectors try to conjure up all kinds of specters, it might injure our liberties, liberties to do what? It will destroy the independence of the judiciary. Independence to do WHAT? WRONG? We turned Mr. Hoover and his crowd out because we thought they were pursuing the wrong road. We care nothing for men, we want results. We have watched the discussion; it has been go-

ing on for more than six months. No defender of the Court has alleged or attempted to prove that the decisions were right, or in favor of the majority of the people. Think of this unconstitutional provision:

Art. 1 Sec. VIII "The Congress shall have the power to lay and collect taxes, duties, imposts and excises, to pay the debts and provide for the common defense and general welfare of the UNITED STATES" and again:—

Sec. 18. "To make all laws which shall be necessary and proper for carrying into execution the foregoing powers and all other powers vested by the constitution in the government of the United States or any department or officer thereof."

So, judged by results, the president and the congress are on the right road. We have lost no liberty yet, none are proposed to be taken from us, except the liberty to do wrong. We do not need that; the crime wave does enough of that, LET US STAND BY THE CONGRESS AND THE PRESIDENT.

**Home Demonstration**

Miss Margaret Stewart, Clay County Home Demonstration Agent.

**Prospect Home Demonstration Club Organized**

The ladies of Prospect met Friday afternoon July 2nd at the home of Mrs. A. E. Jones. The meeting was for the purpose of organizing a Home Demonstration Club. Thirteen ladies were present and each showed great interest in having a club in prospect.

Several interesting ideas to make the club enjoyable were decided upon too, a determination to make the club a success was expressed by all present.

A lesson on table etiquette was read and all enjoyed the discussion.

The following ladies joined the club: Mrs. Ruth Edwards, president, Mrs. A. E. Jones, vice president, Mrs. J. S. Treadwell, Sec. and Treas., Miss Emmalene Liggett, Reporter, Mrs. A. P. Streetman, parliamentarian, Mrs. Jonnie Lee Farar, council delegate, Mrs. J. H. Medley, Mrs. L. L. Jones, Mrs. J. W. Savage, Mrs. Lonnie Edwards, Mrs. Cletis Clark, Mrs. N. R. Burch, Mrs. O. H. Liggett, and Mrs. Marcella Blalock and Miss Estalene Liggett.

The meeting adjourned to meet July 20th at Mrs. Jonnie Lee Farar's with Miss Stewart, our County Home Demonstration Agent, present.

**Joy 4-H Club Meeting**

The Joy 4-H club girls met July 7th at 9:00 A. M. with their wardrobe demonstrator, Dorothy Laughon. The girls scored canned products. Mrs. Dave Utley of Henrietta judged the scores. Mattie Rae Spivey won first place and will represent the club at the rally to be held in Henrietta on July 24th. Mrs. Utley complimented the quality of the canned products exhibited very highly. Dorothy Laughon exhibited her closet which was a model for neatness and usefulness. It is papered with light paper, with ample shelf space on each side, a rod across the back for hanging dresses, coats, ect. A most artistic compact shoe rack and hat rack completed a well ordered closet. The girls displayed their dresses and slips and Miss Stewart gave us ideas on completing them as to seams, accessories, finishes, ect. Plans were made for attending the Rally at Henrietta, at which we expected our club to be 100 per cent. Come On Girl's let's go.

**Doss HD Club Meets**

Fresh fruit in the diet is very necessary to insure plenty of minerals, such as calcium, phosphate, iron, and vitamins.

The above fact was stressed by Miss Stewart, County Home Demonstration Agent, at a meeting of the Doss Club at the home of Mrs. Onis Crutsinger on Thursday afternoon, July 8, 1937. Miss Stewart gave a demonstration on pastry served with fresh fruit topped with whipped cream. It produced a delicious desert.

The hostess, Mrs. Crutsinger, served ice tea to the following: Mes-

James A. B. Bromley, J. M. Turner, R. A. Adams, R. H. Duncan, A. B. Durham, and Herbert Adams.

Miss Irene Durham, Albert Wayne Durham, Carol Crutsinger and Meta Frances Adams. Everyone reported an excellent time. The next meeting will be with Mrs. C. H. Bradley, July 22.

**4-H Club Girl's Dress Parade**

The Clay County 4-H Club girl's will have a dress parade July 24th. \$10:00 A. M. at the first Baptist church, Henrietta.

The morning will be spent in a recreational period, inspirational talks from the Gold Star Girls, Mattie Rae Spivey and Vera Chappell and Miss Moore, District Home Demonstration Agent, the scoring of other vegetables, and listening to Miss Onah Jack's Extension State Girl's Club Agent, talk at 11:30 over the radio on "What 4-H Club girls do when they go to A & M College."

The afternoon program will consist of the judging of Dresses and Slips made by the girls. The girls will model their dresses and perhaps parade down in town. The judging will be done by Miss Edith Lois Wilson, Montague C. H. D. A. The winners of the scoring of vegetables and the wardrobe Demonstrator will go to College Station to Short Course and then will enter the District and State contest.

**Charlie 4-H Club**

The Charlie 4-H club met Monday afternoon at the home of Mrs. I. J. Dowdy. The girls scored vegetables with Mrs. Dave Utley of Henrietta as Judge. Mildred Dowdy scored highest with Helen Louise Copher second and Joyce Gillespie third. Mildred will enter the County scoring July 24th at Henrietta. The dresses and slips were modeled. Refreshments were served to the group by Mrs. Dowdy.

**Inspector To Be Here Every Wednesday**

Old Age Assistance Inspector Earl Wheeler, of Bowie, will be in Henrietta each Wednesday hereafter to help our aged citizens in getting their claims in proper shape.

Messrs. R. V. Norred and J. O. Burnett of the Fort Worth office were here all day Wednesday of this week with Mr. Wheeler and will also assist him in his work over the entire county during the next several days.

Mr. Wheeler will be in Henrietta each Wednesday hereafter, until further notice!

Mr. and Mrs. M. L. Barrett and small son from Fort Worth spent a few days with Mr. and Mrs. Lee L. Wells. The baby, Bruce stayed with Mr. and Mrs. Wells while Mr. and Mrs. Barrett went to Colorado for a week.

## COUNTY SCHOOL BOARD MET

The County School Board met on Monday, July 12, 1937. The main issue for consideration at this meeting was the question of the consolidation of the Cobb school. The Cobb trustees and the Cobb community were split over the question of either consolidating with the Shannon school or the Antelope school. These two schools are approximately the same distance from the Cobb community.

The County School Board, composed of five men, Mr. Frank Hurn, Hurnville; Mr. G. Z. Wright, Bellevue; Mr. Homer Hodges, Bellevue; Mr. Lee Weatherall, Petrolia and Mr. Frank Andrew, Joy, listened to the discussions on both sides of the question and then withdrew for a private discussion of the matter. They appointed another trustee to the school board of the Cobb school and adjourned until August. Mrs. Eliza Kelton was the new trustee and she is to serve along with the two trustees now in office.

The persuasion used in favor of the Shannon school was the fact that this school in Clay County and Antelope is in Jack County. Those who favored Shannon also stated that the roads were better in all respects, even in muddy weather.

Antelope's most favorable facts were set forth that the school had far better accommodations and that the school was on the highway and therefore more accessible.

Mr. Dewey Cobb, Mr. M. W. Strickland, Mr. E. W. Shockley, all of Cobb, Mr. W. H. Sikes, Shannon, Mr. and Mrs. Fred Kelton, Cobb, Mr. Elmer Fry, Shannon, Mr. and Mrs. Howard Clark, Cobb, Mr. and Mrs. L. A. McMahan, Shannon, and Mr. and Mrs. E. A. Maxwell, Cobb, were all present at this hearing and took a keen interest in all that was said.

Mr. and Mrs. Thompson Carter from Wichita Falls visited Mr. and Mrs. E. C. Carter this week.

## Comedy Romance Astaire Rogers in "Shall We Dance"

How an idle rumor spreads across the Atlantic and injects farcical results in the romance of a famous ballet dancer and a revue favorite, forms the story basis of "Shall We Dance," RKO Radio's new Fred Astaire Ginger Rogers musical offering.

Astaire portrays the ballet celebrity, an American who dances under a Russian name for professional purposes, and Miss Rogers enacts the role of the revue artists whose tap-dancing fascinates him. Both characters are prominently in the public eye and as a consequence there is a wave of publicity and newspaper headlines when a rumor is spread that they are married.

The public refuses to believe the indignant denials, and the results become hilarious in the extreme as the story hurries on to its novel climax. Sparkling with catchy songs and alluring dance numbers, "Shall We Dance" is said to be the most entertaining and spectacular of all the Astaire-Rogers films.

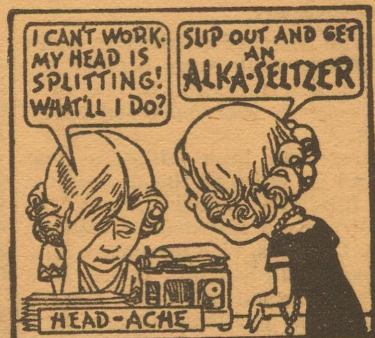

Solo and duet dances, in addition to the ensemble numbers, are presented. Harriet Hoctor, leading American ballerina, takes part in two of them, and Astaire and Miss Rogers have three duet numbers together. Astaire's solo dance in the engine room of a big ocean liner is also hailed as one of the highlights of the film, for which George and Ira Gershwin wrote the sextette of song hits.

A brilliant cast headed by Edward Everett Horton, Eric Blore, Jerome Cowan, Ketti Gallian and William Brisbane supports the principals in this Pandro S. Berman produc-

ion. Mark Sandrich directed from the screen play by Allan Scott and Ernest Pagano and the original story by Lee Loeb and Harold Buchman.

"Shall We Dance will be shown at the Dorothy Theatre, Saturday night, Prevue, Sunday Matinee and night and Monday night.

Mr. and Mrs. T. B. Roberson from Munday were Henrietta visitors over the week-end.

How many times has a Head-ache ruined your day's work—spoiled your evening's pleasure?

Users of Alka-Seltzer say that Alka-Seltzer gives unusually prompt and effective relief from Headache. Try Alka-Seltzer for Acid Indigestion, Muscular, Rheumatic, and Sciatic Pains.

Alka-Seltzer contains an analgesic (Acetyl-Salicylate) for pain relief. Its vegetable and mineral alkalines correct the cause when due to hyper-acidity of the stomach.

At your drug store soda fountain and in 30 and 60 cent packages for home use.
