BYERS, CLAY COUNTY, TEXAS, FRIDAY, OCTOBER 8, 1937

NUMBER 44

CLAY COUNTY PAROLE BOARD IS APPOINTED

Jas. Alcorn, Henrietta Temporary Head Of Group

—Clay County Leader.
Governor Jas. V. Allred today (Oct. 2,) announced the appointment of a Parole Board to serve Clay County. This brings the total of such boards to 232. The following civic leaders of the North Texas County were named for this service: James Alcorn, Temporary Chairman, Henrietta, Texas, Ed Cox, Bellevue, Texas, and J. L. McConkey, Byers, Texas.

In his recent speech at the Atlantic City Conference of Governors Governor Allred said, "It has been my experience that about ninety per cent of an ex-convict's troubles are over when he finds gainful employment. I believe that no less than eighty per cent of the paroled under the supervision of the County Parole Boards have been able to find employment."

Men and women released from the Penitentiary on conditional clemency are required to report each month, or more often if necessary, to a county parole board, which forwards to the Governor this report.

Compliance Checking On Farms of County Began Sept. 27th

Work of checking compliance for the 1937 soil conservation program started Monday, September 27th according to a statement from the County Agent's office here. Mr. M. S. Duncan, County Agent, said that twenty-one crews are engaged in this work, and that approximately 1250 farms will be measured and checked.

Farmers planning to comply with this program have until December 31st to complete their work. If they have not completed this work it will not interfere with the check-up, however, as they can submit proof of compliance at a later date.

The compliance supervisor will send cards to cooperative farmers advising them they will visit their farms. It is absolutely necessary that the farm operator be present and go over the farm with the supervisor at the time it is checked.

Producers are urged to cooperate with these supervisors to the fullest extent in order that this work might be completed at the earliest possible date.

The following relatives were here the past week-end, because of the illness of Mrs. W. E. Dyer. We are glad to report that Mrs. Dyer is improving nicely. Those here were her son, Mr. and Mrs. Reed Dyer and son Bobby Charles; Mr. and Mrs. Raymond Gibbs, Rush Springs; Mr. and Mrs. L. T. Bledsoe and daughter of Ropesville, Texas; Miss Allene Gibbs, Lubbock, Texas; Mr. Clifford Gibbs, Wilson, Okla.

FARM UNIONS URGE SPECIAL SESSION

20-Cent Cotton and \$1.50 Wheat Is Sought

Munday, Texas, Oct. 5 — Meeting in solemn executive session here this afternoon, the council of the Farmers Educational and Cooperative Unions of Texas demanded a stable price of 20 cents per pound for all Texas cotton and \$1.50 per bushel for wheat and urged congressmen of this area to ask a special session requesting price-fixing laws.

From Austin came J. E. McDonald, chairman of the Texas department of agriculture, who in his discussion of modern agriculture urged adoption of the domestic allotment plan. Also Ralph W. Moore of Granger, president of the Texas State Grain association, spoke in favor of the plan. Then, when a telegram from Tom W. Cheek, president of the Oklahoma Farmers' union, asking that Texas approve the plan as read, the delegates here today endorsed the system.

Under the presiding officer, Peter Loran of Rhineland, the executive council discussed adoption of the farm program for 1938 and gave its approval. The council, in endorsing the domestic allotment plan, insisted that it be based on a fixed minimum price of 20 cents for cotton and \$1.50 for wheat. The farm bureau bill was ignored.

Loran will present the wishes of the cooperative unions to Congressman Marvin Jones of Amarillo, and in doing so will ask Jones to strive for a special session in which price-fixing agricultural legislation might be passed.

Officers present were J. L. McConkey of Byers, L. Gough of Amarillo, August Schumaker of Rhineland, J. E. Edwards, secretary, of Munday, and Loran, president.

First Methodist Church

Good crowds heard Brother O'Dell last Sunday at both morning and evening services. He will preach next Sunday morning on "What Time Have You?" and in the evening on "What Are You Worth?". Young People's meeting at 6:30. Sunday evening. Preaching at 7:30. Prayer meeting Wednesday evening. The lesson will be on Amos. Fourth quarterly Conference will be held Thursday evening at 7:30 by Dr. Paul E. Martin. Only three Sundays remain of Brother O'Dell's third year as pastor of the Byers church. Miss Lightsey will sing Sunday morning.

W. M. S.

The W. M. S. met at the church Monday afternoon in regular meeting. Mrs. Householder reviewed the 2nd chapter of the Study Book, "Their Way Of Living" in an interesting way. Eleven members were present.

The following patients of the Clinic Hospital have returned home: Mesdames, Ida Chumley, W. B. Allen and Willie Heasley.

The friends of Miss Mary Lee Warren are glad to know that Mary Lee is improving nicely from an accident she had a few days ago.

One Of The Largest Reunions In History Was Just Finished

—Clay County Leader.
Once again the Pioneers have assembled in Henrietta for their annual Reunion, and once again we see the results of a joyous celebration. They came, and they have gone, and now Henrietta will settle back to its normal way of living until this same time next year.

To Miss Lula Johnson, as President, and her many able assistants, much thanks and credit is due for the smoothness with which everything was carried out.

Mr. Frank Neville Ikard is indeed due much credit for his splendid cooperation in advertising the Reunion this year. We feel safe in saying that in previous years no better job has been done.

At noon Wednesday and Thursday the Pioneers were served luncheon at the High School Building. These guests were admitted by their pioneer tags that were pinned on them as they registered.

W. S. Ikard Memorial Dedicated
At two o'clock Wednesday afternoon at the intersection of highway 5 and 55 a dedication to Mr. W. S. Ikard was one of the outstanding events of that day. Speakers for the occasion were two State Highway Engineers, Mr. Ambrose Douthitt, Miss Lula Johnson, President of the Pioneers Association, Mr. George Keith, President of the Texas Association of Hereford Breeders, Mr. Orville Bullington, and Mr. Lewis Johnson of Jacksboro, president of Texas Polled Hereford Association. At the end of the program, Mr. George Keith introduced the daughters of W. S. Ikard, Mrs. Marvin Smith of Wichita Falls, Mrs. Sarah Cook of Dallas and Mrs. Richard Carrow of Henrietta.

Various Entertainments Continuing Through Both Days
At two thirty there was a rodeo on both days. These rodeos were thrilling with the riding of the cowboys and cowgirls on the broncos and Brahmas.

During the afternoon, Hon. W. D. McFarlane spoke on the courthouse lawn both Wednesday and Thursday. He spoke on the farm administration and he had a very attentive audience.

At the Henry wagon yard, an old Chuck Wagon dinner was served at six o'clock to the Pioneers who wished to come.

A Street dance climaxed the day, both Wednesday and Thursday with many taking part in the frolic.

The Pageant Wednesday night was one of color and costume that few people will forget easily and the queen as she appeared in the Parade Thursday morning was indeed something to remember. The queen's ball in the High School Auditorium followed the Pageant.

Wednesday's Parade

Mr. Brad Staggs, prominent pioneer of Clay County led the Pioneer Reunion parade Wednesday morning. The 1st Field Artillery Battery B band from Fort Sill followed him in four trucks, two abreast and they in turn were followed by fifteen trucks bringing the rest of Battery B. This company is under the command of Captain Hamilton who was commissioned when he was 22. He

PARKVIEW STABLES ARE PURCHASED BY CLAY COUNTY MAN

Raymond A. Wood, of Henrietta, has purchased the Parkview stables and taken over active management of the establishment.

Wood is considered one of the outstanding horse trainers in Northwest Texas, according to several Wichita Falls equestrians who have watched him work and seen his mounts in action.

The new owner expects to specialize in training and gaiting horses for private owners.

He already has brought five new horses here from Clay county ranches as rent animals and expects to replace with new blood the other eight old rent horses still at the stables. One of the new mounts is a Palomino pony which won the boys' calf roping contest at Stamford last year.

Wood has started classes in horsemanship and is making no additional charge for this service where the classes are large. He also offers private lessons.

The new stables owner has been "fooling with horses" since he was 12 and for the last several years has devoted all his time to training work.

The Parkview stables are located near the north entrance to Weeks park and several beautiful bridge paths through the municipal playgrounds are available. — Wichita Falls Daily Times.

has been in the army for 20 years and has just returned from Hawaii where he served for several years.

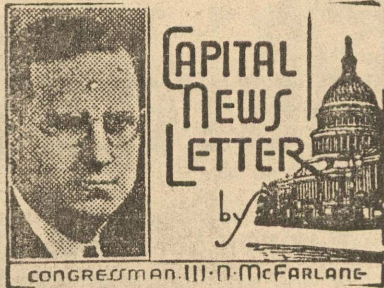

Mr. Virgil Johnson and Mr. L. T. Spencer, Lieut. of the police department of Dallas and Clay County pioneer were flag bearers. Miss Lula Johnson, another Clay county pioneer, president of the Pioneers Association and one of the public school teachers, drove an old fashioned buggy. She was flanked on either side by Mr. Troy Douthitt and Mr. Frank Houth Johnson. Mr. Douthitt was taking the place in the parade left vacant by the death of his father, Mr. J. W. Douthitt. Frank Houth Johnson is the nephew of Miss Lula Johnson.

Some of the riders in the parade, and Clay County Pioneers were: Mr. Frank Bevering, Mrs. J. W. Douthitt, Mr. Wesley Hargroves, Jimmy Goodner, The four Graner brothers riding four abreast, Mr. Ben (Uncle Ben) Nimmo, Mr. Dan Henry, Mr. Will Cullers and his driver, Henry Sanzenbacher, Mr. Charley Smith, Mr. Bud Frey, Mr. L. Morgan, and grandson, Mr. Ham Douglass, Miss Denise Thaxton, and Miss Bily Mae Culwell, queens of the Pioneers Pageant, and more and more.

The Comanche Indians in their native dress were also in the parade. There was a truck and three cars full of them. They were very colorful and added much to the attractiveness of the whole affair.

Floats from the Unity Club, Delphian Club, Nevins Club, Federated Clubs, Missionary Club, and Federated Missionary Club. The spirit of Miss Lula Johnson.

(Continued on p. 8)

MORTGAGAGE LOANS PAID IN FULL

The Farm Credit Administration states that 23,113 farmers mortgages during the past twelve months have been paid in full. This is an increase of more than 60 per cent of the preceding twelve months. The Farm Credit Administration announces that a large majority of the Federal Land Bank borrowers have met their principle and interest installments regularly and promptly. The farmers paid \$39,213,091 during the recent twelve months period, which was 83.2 per cent of the amount of principle that would ordinarily have matured. The farmers have paid Land Bank Commissioners loans amounting to more than twice the amount due, and more than twice the amount collected in the preceding 12 months. This splendid record fully answers and justifies the confidence Congress placed in the farmers in creating the legislation that has assisted them in saving their farms, that has lowered their interest and in continuing this legislation that has assisted them so much.

NATIONS INCOME INCREASED

The Department of Commerce reports the National income for 1936 as \$63,799,000,000, the largest income since 1930. They estimate the nation's income for 1937 will exceed \$70,000,000,000 because of increased industrial products, larger farm earnings, and improved employment. The nation's income dropped to about \$38,500,000,000 in 1932. In 1936 the income was 21 per cent lower than in 1929, the peak, when the total was \$80,757,000,000. The income and excess profits taxes collected for 1936 were \$1,427,447,594.36, and for 1937, it was \$2,179,841,834.73, or an increase of \$752,394,240.37. It is interesting to note in comparing the increased tax collections for 1936 and 1937 that corporations increase for 1937 over 1936 was only \$318,400,899.77; while the individual increase of 1937 over 1936 was \$417,324,672.33. It is also interesting to note that the gift tax collected decreased in 1937 over 1936 as follows: \$160,058,761.47 in 1936 and only \$23,911,783.26 in 1937. It will be remembered that the writer bitterly opposed the gift tax loophole placed in the 1936 Act at the time it was made, which permitted the Mellons, the Morgans and all the rest of the wealthy of the nation to run to cover with all their wealth and avoid higher rates in the gift and the estate laws. It is noted in passing that the government will receive a very small per cent of the large estate laws. It is noted in passing that the government will receive a very small per cent of the large estate accumulated by the late Andrew Mellon because of these loopholes.

MEETINGS
Last week I spoke at the following places: Graham, Olney, Newcastle, Loving, Prospect, Shannon and Decatur. At the close of each speaking

the farmers were requested to express their attitudes as to whether or not they favored rigid farm control legislation. At each of these meetings all present expressed their unanimous approval of such a program. Following these meetings, government educational films were shown. There was a splendid attendance at all of these meetings.

In addition to the meetings the writer was a guest of the Lion's Club at Seymour last Wednesday at noon and showed government films.

This week on Monday the writer will speak at Archer City and Meagale; on Wednesday and Thursday at Henrietta and Bellevue; Friday and Saturday at Bowie and Nocona. Sunday I will speak at the dedication services of Kell Field, Municipal Air Port, of Wichita Falls, Texas.

County Committee On Farm Purchase To be Named Soon

A county committee for loans under the Bankhead-Jones Farm Tenant Act will be named in November, it was reported by Gates B. Mack, county supervisor for the Farm Security Administration, who has been receiving numerous inquiries from farmers wanting to buy land under this new act.

"As only ten million dollars was appropriated for such loans during the remainder of 1937 and the first half of 1938, less than one farm to the county, on the average, will be financed during this period," the supervisor said. "However, the appropriation authorized for the second year is two and one-half times as great, and five times as great for the third year."

A state committee will be named within the next week or two, and county committees will be named soon thereafter. It is expected that the first applications can be acted upon by November 30, the supervisor said.

The county committee will be composed of three farmers. Their duty will be to receive and pass upon applications, and also to pass upon the value of the farms which the applicants propose to purchase. No land owned by a committee member or a relative of his may be approved. Those eligible for loans include only tenants and farm laborers who are now receiving, or have until recently received, their chief income from farming.

The FSA supervisor said that as soon as the committee for this county is named, it will be published, and further details given as to making application. Until that time, no action can be taken by would-be applicants.

"Because of the small number of loans that can be made for purchase of land, chief work of FSA will continue to be making and supervising farm and home plans for low-income farmers, and loans with which to buy livestock and equipment," the supervisor said. "Such loans,

Queen Of The Past Reunion

Miss Billie Mae Cuiwell

however, can be made only to farmers who are unable to obtain financing from any other source. There are now 69 families in Clay county receiving this form of loan and supervision.

Pictures Being Made For Gas Contest

"See the pretty birdie", time worn slogan of photographers, is no help at all in catching the glowing personality of a radiant gas heater, declare prospective entrants in Lone Star Gas System's ten-week contest for amateur photographers.

Interested camera fans are already lining up pictures of gas heating equipment with which they hope to capture the ten \$10 prizes which will be awarded each week by the gas company in its contest which will open October 11 and close December 18. They are taking their cue on the type of pictures wanted from the company's newspaper advertisements, one of which appears in this issue, and from a folder on the contest furnished by the gas companies participating in the contest. These include Community Natural Gas Co., Lone Star Gas Co., The Dallas Gas Co., County Gas Co., and the Texas Cities Gas Co. In addition to the weekly prizes of \$10 for the ten best pictures, at the close of contest the gas system will award grand prizes of \$100, \$75, \$50 and \$25 for the four best pictures sub-

mitted during the entire ten-week period.

"I've had several people ask me whether a picture of a living room showing gas heating equipment," said the district manager of the gas company in talking about the contest. "That is something each contestant will have to decide for himself, because as far as the company is concerned a picture of any room in the house is acceptable if it shows gas heating equipment."

"What we hope to obtain through the contest are some good, clear pictures showing various types of gas heating equipment used in homes of this section. Customers who come to our display floors to buy heating equipment find it difficult to visualize just how the appliance they are considering will fit into their home. With the wide selection of photographs we hope to receive during the contest, we can show them that in addition to furnishing a comfortable, healthy heat throughout the house, modern gas heating equipment is available in styles varied enough to fit into any decorative plan."

Mr. Murrah Smith of California is visiting his mother Mrs. Mary Smith.

Pan American Expo. Has "Free Gate"

Dallas, Texas, Oct. 6—Setting a world's precedent, the Greater Texas and Pan American Exposition has opened its gates free to the public until it closes Oct. 31. This is the first time in history an international exposition has ever operated with a "free gate."

Lifting the admittance charge was voted by the Board of Directors of the Exposition in order that every interested person might be enabled to see the exhibits of a score of Latin American countries in the Pan American Palace and industrial and educational exhibits valued at \$25,000,000 which are all absolutely free.

There will be no increase in price for Midway shows, all of which have augmented their presentations of for the Pan American Casino, nationally famous dine and dance spot.

Advance tickets sold for the front gate will be honored at Road to Rio, spectacular revue, which is an Exposition feature attraction.

The School Division of the Exposition will continue to care for the thousands of school children from Texas and the Southwest who are arriving daily.

LACKING

No children in the spacious house, Nor on the well-kept lawn, Where flower blooms are undisturbed, Till summer days are gone.

No little feet to run and play, Or scamper through the hall, No voices raised in eager talk, Of dolls and games and ball.

The gardner sets out figures gay, Like rabbits, frogs and cranes, To decorate the garden lone, And brighten cheerless lanes.

The grass is neatly trimmed and sheared, No path across its sod, For the little feet could not remain, They went back home to God.

—Varuna Hartman Lawrence, Houston, author of The Brimming Cup

SONG FOR A WOMAN

We went by and the road went by; She was a vision saved for me— Halfway down from the little wood And halfway up from the rafter-tree.

She was a dream I had alone And no one else was given to see, There in the dusk where no house stood And dusk was a thing that had to House in the hollow and woody hill be.

And field to sum the snares to three— House in the hollow and woody hill

 BLUE GROVE, TEXAS

Col. W. S. IKARD

Col. W. S. Ikard was an active member of the Association up until his death in September of 1935. A monument was dedicated to him Wednesday at the Highway junction East of town. Col Ikard was one of Clay County's first settlers and was the first to bring Hereford cattle to this part of Texas.

THE MOST VALUABLE "CROP"

While adult farmers are struggling with the problems of production and marketing, a splendid new "crop" of farmers of the future is growing up.

More than a million farm boys and girls are now enrolled in the 4-H clubs. Here they are learning practical lessons in successful agriculture. On a not distant tomorrow, they will be operating the nation's farms, organizing and running the nation's farm marketing cooperatives and working out the problems of the day.

The fact that organization of farm youth has now reached its highest point in history, augurs well for and information these young farmers receive in their 4-H clubs and elsewhere will prove invaluable.

ACCIDENT RESPONSIBILITY

It is not always the young, inexperienced driver who is responsible for motor car accidents. A recent study by safety experts seems to indicate that nearly three-quarters of all highway accidents are due to carelessness by drivers who have had eight years or more of experience and have never been in an accident before. They get careless because of a false sense of security.

Anyone who was driving a car eight years ago, when modern, smooth roads were fewer and only daredevils pushed their speed above 40 miles an hour, often fails to realize the danger in high speeds on perfect roads. He experiences none of the discomforts which a 60-mile speed would have caused in his earlier days, so he often does not realize how much faster he is going—and the other fellow, too—and how much greater the need for caution. The very perfection of car and roadbed lulls him into a false sense of security.

A blowout at 60 miles an hour is not more likely to occur than at a lower speed, but it is many times more serious in its consequences. Speeding around a blind curve is one of the commonest causes of automobile accidents. It is hard to realize that if there is the slightest obstruction ahead the driver has not time enough to stop.

Those are some of the reasons why experienced motorists are no safer drivers than those just past

W. G. EUSTIS

N. T. S. T. C. News

Denton, Texas, Oct. —Sparkling college music by three leading campus groups will color the romantic presentation of the world of science and scholarship by staff members of the North Texas State Teachers College at Denton in its campus broadcasts this year over radio station WFAA.

Editor Robert Hughes and son, Emmett, of the Ryan Leader, while in Henrietta Monday on business were pleasant callers at The Leader office. We enjoyed their visit very much and invite them to always call on us when in Henrietta. Editor Hughes moved to Ryan some years ago from Bellevue, where he ran the Bellevue News and also conducted the Telephone Exchange.

Mrs. M. J. Maxey, of Ocean Side, California, who resided in Clay county in 1872 was in Henrietta to attend the Pioneers' Reunion, the guest of her sister Mrs. Virginia Tullus of Wichita Falls. Mrs. Maxey was a pleasant caller at The Leader office Wednesday, and told us much of the early history of Clay County. She says she notes many changes in the old home county.

SCHOOL NOTES

By Supt. F. W. Richardson

—Clay County Leader.

Realizing that it would be useless to attempt to have school during the Pioneer's Celebration, the school board is dismissing Wednesday and Thursday. Then knowing that Friday would be a difficult day to get the pupils minds back to their studies, and as one day is given over each year for our teachers to visit other school systems in this area, Friday has been chosen for that day. There, the teachers will visit classes and consult with teachers in their special fields to learn how others are teaching. Thus the teachers will get many new ideas, a few of which they may be able to use in their own work. A teacher will usually come back a better teacher, more enthusiastic about his own work, realizing that our school, too, has its good points.

Billie Mae Culwell On C. I. A. Program

Denton, Oct. 7—Participating in the first entertainment of the year, Miss Billie Mae Culwell of Henrietta was presented on the annual All-College Night program at Texas State College for Women. The program was in the form of a skit in

which all important student officials were introduced to new students at the college.

Miss Culwell, the daughter of Mrs. W. S. Culwell, is beginning on her senior year and is well-known on the campus. She will serve during the term as art editor of the Daedalian yearbook.

Mr. Buck Keck, of Nocona, was in Henrietta yestreday on business and to attend our Pioneers' Reunion.

The N. Y. Yankees seem to have won the national pennant. Those fellows really play ball.

O. E. S. MEETING AT NOCONA HENRIETTA LADIES ATTEND

Mrs. Henry Fields, Worthy Matron of the local Eastern Star Chapter, with Mesdames Vincent Stine, A. F. McMillan, John Ansley, E. P. Bomar, G. P. Jones, Tommy Welch, C. C. Elkins, W. I. Howard, Julia Mann, Miss Ida Hassell and Mrs. Lawrence O'Neal of Ringgold were guests of the Nocona Eastern Star, Monday evening; at which time the Worthy Grand Matron of the Texas O. E. S. together with a number of other Grand officers made a visit to the Chapter in Nocona.

Even a Maine or Vermont Republican can't say that Texas isn't Allred, white and blue.

Tax-payers are hoping that State Senator Holbrook is the sort of which Tennyson sang, "I go on forever."

Mary Pickford says that Hollywood is a rocket. Seeing so many stars we had supposed the place a bursting rocket.

Both humor and pathos run like golden threads throughout the poetry of Judd Mortimer Lewis appearing daily in the esteemed Houston Post.

The President was in such good humor that those Westerners never once tried to Frown Down Roosevelt.

That old saying about it taking nine tailors to make a man is reversed in the career of Dr. Joe Taylor, who is editor-in-chief, State Press and Snap Shots of the Dalas News—one Taylor doing the work of nine men. And this Taylor isn't just sew-sew, although he does rip as he sews.

The Duke of Windsor is a voracious reader between golf exhibits. He never reigns but he pores.

Amon G. Carter's favorite is building up west Texas. In other words, Amon has a Fort Worth while. He's the Star-performer in every Telegram sent out.

Since Governor Allred has appointed Columnist John Gould, on the State Library Board, we have decided to join the Clay County Library, and have sent our card in for membership, and shall become a regular patron of the local library. It is a hobby of ours to spend our pasttime in reading good books.

Henrietta has been crowded this week with Pioneers—those fine, courageous folks who braved the dangers of the early days and carved for us this freedom of thought and action we share and enjoy today. We hope all you Pioneers have enjoyed yourselves as you exchanged greetings with a people to whose hospitality you were not strangers.

Pay that Poll Tax. You can pay it from Oct. 1st to Feb. 1st. Why wait until later? A dollar of the amount goes into the school fund. Don't wait.—Pay it now. Next year is campaign year.

CONGRESSMAN MCFARLANE
SPOKE FRIDAY NIGHT
AT SHANNON, TEXAS

Speaking out on the garage lot in the open air, a large crowd heard Hon. W. D. McFarlane, congressman of this district, speak at Shannon Friday night on "The Farm

Program."
He was frequently applauded, as he recited his stewardship in congress in behalf of the farmers, and how he had helped save the taxpayers quite a neat sum in closing the loopholes in the tax laws.

Rev. E. L. Moody was a pleasant caller at The Journal office Friday.

The Bank of Friendly Service

Two Minute Sermon

(By Thomas Hastwell)

The Greater Achievement: The other day as I came into the bay of San Francisco and our boat steamed under the new bridge that spans the opening of that beautiful Golden Gate harbour. I was thrilled with the magnitude of that great engineering project. What a mass of technical detail and difficulties to be met and overcome in its construction. I thought the same thing as I stood before the Empire greatest in all the world. I marveled State building in New York, the at its beauty and its magnitude. Always before such examples of man's genius I am impressed with the daring of their concept and the marvel of their execution. But great and when it comes to the final analysis wonderful as these are I believe that of human values there are some things that count for far more to the race than these material evidences of its genius. Foremost among these is the rearing in any home of boys and girls endowed with Christian character. In this age in which we live where the influence of the home must come into competition with the highly specialized forces of entertainment, some of them none too elevating, it is an achievement, of which any home may well be proud, to give to the world a family of boys and girls of this kind. While I would not belittle the value of great feats of engineering and discovery, I verily believe that the race will be profited more in its struggle Godward, by Christian character in boys and girls, and men and women, than it will by great bridges that span the seas and earth's chasms, and temples of industry whose tops are lost in the clouds.

A WELCOME TO AUTUMN

Over most of the United States the Autumn season is the pleasantest season of the whole year. Nothing like the North American Autumn is known to the people of Europe. Over there the Spring is the pleasant time of long-drawn-out mildness between the chill of Winter and the heat of Summer. In this country the seasons break abruptly in the Spring, Summer temperatures succeeding Winter so swiftly that the interval is hardly noticed. But at the end of Summer we are not plunged at once into Winter. Instead, we have the long Autumn, weeks and sometimes months in which it is still enjoyable to remain out of doors most of the time, before we look for snow and ice.

For country folk in the North, especially, Autumn is the best season of all. The hard work of the farm is over, the crops have been harvested and stored or sold and there is a breathing-spell in which the farmer and his household can relax and "go visiting," attend to a hundred things for which time could not be spared in Summer, perhaps take a long motor trip.

JUST CRUISING

(By the Captain)

Well, those Pioneers surely were here from all parts of the country for the two days reunion, and they were a happy throng. It was indeed a pleasure to see them get together in groups here and there and tell of their past experiences, in the early days as well as those of the past year since the last reunion. There may be some who do not believe that this now well established custom of holding an annual two-days reunion for our early settlers gets the desired results, but if they will just mix and mingle with these good people and hear them in their happy greetings and conversations they will quickly see that this is the best spent two days during our whole year. Here's happy greetings to our Pioneers, and our best wishes go out to them for their continued good health, happiness, and return to next year's reunion!

The pageant given at the high school building Wednesday night was a wonderful affair and greatly enjoyed by the vast throng that witnessed it. The Army Band rendered some fine music before and after the rendition, and the entire showing was a most glorious affair, Mrs. P. H. Boddy and John Louis Koethe as well as everyone who assisted them in making it possible and those taking a part are to be congratulated on this wonderful rendition. The costumes were beautiful, the several different scenes portrayed in a wonderful manner, and every character was well represented. It was simply great.

Col. Benjamin F. Nimmo and his associates surely put on a great "feed at their Chuck Wagon dinner prepared and served at the evening hour at the James Henry Feed Yard. Experts were secured to prepare this splendid meal and everyone who enjoyed it said it was one of the best chuck wagon feeds they have enjoyed in many years. This was another one of the special features prepared and served for the old-timers during the reunion.

The dedication services held at the junction of the two state highways at 2:30 o'clock Wednesday afternoon was another well-arranged affair, and the granite marker placed there by the state highway department and which bears a beautiful token of remembrance of our former fellowtownsman, Col. W. S. Ikard will prove a lasting reminder of the life of this now deceased pioneer as well as of the occasion when it was dedicated. Col. Keith was in charge of the dedicatory services and was assisted by many prominent cattlemen who knew the pioneer Hereford cattleman. John Ansley furnished the loud speaker which greatly aided in making the

J. W. Douthitt

The Association lost one of its most active members and past President of 1935, when Col. Joe W. Douthitt recently passed away. Mr. Douthitt is shown in the picture below as he led the parade in 1935.

entire service more appreciated.

Congressman W. D. McFarlane spoke to a large gathering of Clay county pioneers on the courthouse lawn about 4:30 o'clock Wednesday afternoon, being introduced by County Judge C. J. Sherrill. Mr. McFarlane gave a very plain speech on the accomplishments of the administration to this time, and his remarks were roundly cheered at times. The congressman is one of the best known members of the house now in Washington and stands very close to President Roosevelt in his efforts to better the conditions of the masses of our people. His address was delivered over the loud speaker supplied by Ansley's Radio and Battery Shop.

President Roosevelt made it very plain in his Chicago address that efforts towards outlawing aggression on the part of other nations. And his message bore, between the lines, many strong points for our people to ponder over. The president's address carried a most solemn tone throughout its entirety, and those who read and study world affairs will see therein that our great president is trying to do some-

thing for our nation that he himself believes is almost impossible! Time will tell just what the end is to be!

The New York Yankees defeated the New York Giants in the first game of their city-wide world series, the score being 8-1. Carl Hubbell, the Lancaster, Texas baseball pitcher did not fare so well, but we predict before the series is over, Hubbell will come back and defeat those Yanks. Here's hoping!

The Fort Worth Cats surely proved to the world they are champions over the Little Rock club of the Southern association. Little Rock won the first game 10-0, and the Cats came right back and took four straights, 3-0, 3-0, 3-2, and 9 to 0. Some games, they were, too!

"Blonde Trouble
Features Fun
Drama, Music
Eleanore Whitney and Johnny Downs, the screen's most appealing

pair of young sweethearts, hit the bell again for another film triumph in their new comedy, "Blonde Trouble," at the Dorothy Theatre, Wednesday and Thursday, with Terry Walker, Lynne Overman and William Demarest heading the fine supporting cast.

"Blonde Trouble" is the hilarious tale of a young song-writer about to be "taken" by a gold-digger who imagines that he has plenty of money and a rosy future. The gold-digger, Terry Walker, turns the boy, played by Johnny Downs, away from his sweetheart, Eleanore Whitney, and determines to marry him herself.

Downs falls for Miss Walker's plan. He quarrels with Miss Whitney and "breaks off" with her. Miss Walker submits Downs' new song to her song-publisher ex-boy-friend, played by Lynne Overman, and he, figuring that if she marries Downs, he'll be rid of her, encourages the pair in the belief that Johnny is going to be a big success.

Just before the wedding is to take place, Miss Walker learns that Overman will not publish Downs' song. Realizing that Downs is a failure, she walks out on him, leaving him high and dry, and afraid to go back to Miss Whitney, whom he now realizes that he loves.

With Downs at his lowest point, a famous singer accidentally drops in to Overman's office, sees the song, and likes it. She sings it on the air, and it is an immediate success. Johnny is once more on his feet—he is deluged with movie contracts—and, best of all, he proudly displays, on the third finger of Miss Whitney's hand, a brand-new wedding ring which he has placed there.

FIRE PREVENTION WEEK

Fire Prevention Week is here. What are you going to do about it?

If you are short-sighted, you will do nothing. If you have any interest in protecting your property and your family's lives, you will use Fire Prevention Week as an occasion for taking the simple, essential measures that usually suffice to make homes and places of business safe from the most common and dangerous fire hazards.

Fire Prevention Week is not designed to sell anything. It is designed to serve—to conserve—to protect. During the Week insurance companies, civic bodies, fire experts and public officials will use the radio, newspapers, displays and printed literature in an effort to make you think and to make you act.

In the average home grave hazards exist of which the owner knows nothing. Ignorance as well as carelessness, is a prolific source of destructive fire.

The simplest and most easily corrected causes are responsible for the great bulk of fire in dwellings. A slight fault in a heating plant may devastate a home. Accumulations of papers, clothes, furniture and other odds and ends require only a spark to burst into flame. Improperly stored fluids such as gasoline, benzine and kerosene are a constant menace. Amateur repairs of electric appliances and light cords cause millions of dollars' loss annually. Paint or oil-soaked rags are often the cause of spontaneous combustion. An improperly protected hot electric iron, or cigarette ashes invite fires.

It costs you nothing to eliminate these hazards, and takes little time. That small effort may save you thousands of dollars—and infinitely more important, save a life. Fire Prevention Week was inaugurated to serve you. Make the most of it.

NYA Furnishes Jobs For College Students

Austin, October 7—Because they have been assigned to useful and practical part-time work under the NYA Student Aid program, about 10,000 Texas boys and girls who otherwise would not be able to attend school this year are now registered for classes.

Eighty-four Texas colleges and universities have been approved for participation in the Student Aid program and have been assigned quotas which will provide 4,096 part-time jobs at an average wage of \$15 a month.

On October 1, 1,282 Texas secondary schools had been approved and had been assigned quotas providing 4,238 part-time jobs at a maximum wage of \$6 a month.

Since, in past years, some schools, particularly junior colleges and high schools, have limited the earnings of students to less than the maximum monthly wage, thereby making more jobs available, Mr. Kellam estimated that a number of students considerably larger than the number of jobs provided had already been given part-time work. The work must be practical and desirable, and is to be performed under the direction of local school officials.

Mr. Kellam said that the NYA College and Graduate program was almost completely organized for the year. He estimated that about 60 per cent of the secondary schools desiring and eligible to participate in the program had applied and had been approved. He stated that action was being taken upon all applications for participation on the day they are received in the State Office at Austin.
