(SUCCESSOR TO THE PETROLIA ENTERPRISE AND THE BYERS HERALD)

PUBLISHED WEEKLY IN THE INTEREST OF BYERS, PETROLIA, CHARLIE AND THE WHOLE OF NORTH CLAY COUNTY

VOLUME 33

BYERS, CLAY COUNTY, TEXAS, FRIDAY FEBRUARY 25, 1938.

NUMBER

Pres. Chas. Graham Addresses C of C

—Clay County Leader.

During the past year a few matters have been presented to the Chamber of Commerce that it could not support for lack of merit. Many others have been presented that it would like to have undertaken, but for lack of means, had to be limited in its undertakings. In order to render better service we need the active support of Henrietta and Clay County at all times.

It often comes to us, "What is the Chamber of Commerce doing?" I have listed the activities for the past year, and if any do not have merit, it is, I assure you, because of a misunderstanding of the undertaking. If there is one that does not have approval, we do not know which it is.

We have assisted in securing projects for Relief employment. Put on the annual Chamber of Commerce banquet.

Promoted 4-H Club Livestock Show.

Worked on Rural Electrification projects for the County.

Assisted in the street paving work in Henrietta.

Promoted the building of the Agricultural Building now being completed.

Furnished lunches free to the 4-H boys during their two days show.

Procured the placing of guard posts along the highway across the Little Wichita River Valley north of Henrietta.

Successfully opposed the changing of the Judicial District composing Clay and Montague counties.

Bought a calf at the 4-H Club sale.

Sponsored trip to the Greater Texas Exposition at Dallas. 450 people attended, advertising Clay County.

Promoted 4th of July celebration in Henrietta.

Rendered some assistance to the South Clay County ball games.

Very materially assisted in opening the road from highway 5 to the Gant wells.

Paid expenses of four girls to Austin to compete in the 4-H Club work.

Donated more than \$80.00 to the high school foot-ball team.

Made substantial money donations to the support of the Henrietta School Band.

Did considerable work on

(Continued on Back Page)

Delivers Address

CHARLES GRAHAM

President Chamber of Commerce delivering Annual address at banquet Feb. 11.

Texas stands on the threshold of a rich era of industrial development. The state has progressed as far as possible in agriculture under existing conditions, and, as everyone full well knows has enjoyed better times. The time has come, if Texas wishes to develop further, for an industrial growth. With its richness in natural resources, land, and manufacturing sites, the state could easily support a population of six times its present number. Texas, the largest state in the Union and one of the richest in natural resources, is already the leading agricultural state. But for future welfare and development industry is needed.

Mr. J. Ben Russell, of Oklahoma City, was in Henrietta this week on business.

"ONE STEP TOO FAR"

Wm. McCraw, candidate for governor in his controversy with Governor Allred, Senator T. J. Holbrook and Senator Joe L. Hill over his bank account said Wednesday:

"For the past year and a half they have done all they could to destroy me, and I never said a word; but they went one step too far when they dragged my wife into it. That was a step across the line of common decency and fair play."

You won't have to wait long at The Byers E-Z Laundry, since we have installed new equipment. Telephone 69 for appointment or delivery service. We buy cream.

Celebrates 21st Year

C. H. PARKER

C. H. Parker Stores Observing Their 21st Anniversary

Small Store Started In 1917 Develops Into Big Institution

—Clay County Leader.

The C. H. Parker stores and employees this week are observing the twenty-first anniversary of the stores in Wichita Falls. C. H. Parker, now president of one of the largest home-owned grocery institutions in this section, opened the first store in Wichita Falls in 1917, and the enterprise has made tremendous progress.

That first store, located at 611 Indiana, was operated by Parker with the aid of only one helper. The C. H. Parker institution now employs 158 persons. The initial enterprise had a floor space of 1,600 square feet, and the establishments of C. H. Parker now have a floor space of more than 88,000 feet.

The company now operates four stores in Wichita Falls, and other retail stores in Electra, Iowa Park, Henrietta, Bowie, Archer City, Olney, Graham, and Frederick.

Clay Simmons is the popular manager of the local C. H. Parker Cash Store No. 8, and is enjoying a splendid patronage at this up-to-date food store.

In addition, the company operates its own wholesale grocery. It has become a major service institution for the food needs of this area.

Mr. Adam Bullinger is visiting relatives in Windthorst.

Clay County In Oil Limelight

—Clay County Leader.

Clay County continues to take a leading part in drilling activities for the development of oil and gas fields in this section of Texas. New blocks are being assembled for exploration purposes. Several companies have entered the field within the past few days and have their men busy obtaining blocks for drilling and protective acreage around the present drilling locations. Two seismograph companies have been working in Clay County during the past week, re-checking explorations of former concerns with a view to purchase of large blocks on productive highs in the county. The greater part of Clay County has been thoroughly checked by several major companies for geophysical high points of potential productivity and with the advent of substantial showings in any of the present drilling blocks, it is expected that the data assembled will enable these companies to make rapid development of expectant production territory.

Walter Gant has completed a rig on the Samuel Beldon survey, abstract 12, Bryant Edwards ranch, and is moving in materials preparatory to actual drilling. This well is located 2 miles East of Henrietta, and can easily be seen from the city limits. The well was first located 2 miles East of its present location, but the location was changed to meet geophysical formations on the west part of this high structure. This will be a 6000 ft. test, and being located between the Worsham field and Henrietta Petrolia Oil and Gas Field, with unusually favorable seismographic reports, the well will be carefully checked by scouts for major companies.

Wirt Franklin Drilling Company are drilling at 2430 feet in their A. B. Staggs No. 1 block 34, Angelina County School Land, Abstract 3. This well is located 4 miles North of Henrietta, on the south flank of the Henrietta-Petrolia Oil and Gas Field, and will be drilled to 6000 ft. in order to make a thorough test of the Woodbine-Cisco formation, in event pay sand is reached at the 3800 ft. level. Wirt Franklin Drilling Company have drilled a number of wells in Clay County, and

WOMEN

...st Wednesday, the President signed the new farm bill it became a law. In signing the President in part said: "The agricultural adjustment of 1938 represents the winning of one more battle for an overriding farm policy that will be here. Therefore, it is historic legislation. It is not perfection, but is the constructive product of the able and sincere work of many men. I believe the overwhelming majority of the people will commend Members of Congress and others who have voted themselves to the making of this law. As we go ahead under the new act, let us resolve to make it an effective instrument to serve the welfare of agriculture and all our people."

This marks another milestone in the progress for farm legislation that will give the farmer a better chance to make a living on his farm. This bill while it is not perfect and does not give the farmer parity or cost of production for his crop, it does greatly improve existing law and provides many advantages for the small farmer, he does not now have.

The new bill sets forth the basis of a six point program designed to provide the farmer with adequate facilities and with the stability of income needed to enable him to produce abundantly and to maintain ample reserve of farm commodities for the use of the nation. The six-points are as follows:

1. Continuance of the AAA Soil Conservation program establishment of its objectives as a part of permanent farm policy represents a national investment in soil fertility and insurance for the nation of future abundance of food and fiber.

2. National acreage allotments are established at levels designed to give production ample for domestic consumption, exports and reserve supplies, and payments are made to encourage farmers to produce up to these national allotments.

3. Loan provisions in the law encourage systematic storage of surpluses of big crop years for use in years of shortage. The government is authorized to advance money as loans to enable farmers to hold surpluses until needed.

Marketing quotas backed by penalties on sales in excess of quotas can be used, subject to approval of a 2-3 vote of producers voting, to secure participation of farmers in a program designed to hold supplies off the market where needed.

5. Marketing quotas backed by penalties on sales in excess of quotas can be used, subject to approval of a 2-3 vote of producers voting, to secure participation of farmers in a program designed to hold supplies off the market where needed.

6. Crop insurance for wheat, starting with the 1939 crop, will give the wheat producers and the bread supplies of the nation better protection against the numerous droughts. Gradual accumulations of wheat paid in by farmers as insurance premiums will contribute a major part of the Ever Normal Granary supplies for wheat.

Cotton

The provisions of the Act as it applies to cotton are built on the soil conservation and domestic allotment act. Payments to cotton farmers are conditioned upon soil conservation. Cotton price adjustment payments are to be made on the 1937 crop. Marketing quotas have already been proclaimed by the Secretary and the farmers will be called upon next month to vote upon whether or not they approve the provisions of this Act.

If 2-3 of the Cotton farmers approve this act it will permit the secretary to set the 1938 cotton allotment under this bill at around 10,600,000 bales. We now have more than a 12,000,000 bale carry over in this country and a 14,000,000 bale carry over outside of this country, which is far more cotton than we consume within a year. Cotton and wheat farmers have suffered more millions of dollars of damage because of our tariff policy than all the other farmers of the nation combined. Our farmer will receive parity for from this situation and this bill if and when approved by the farmers, gives them a part of this relief.

When the Congress provides a sufficient processing tax, as provided under this bill, the farmers will receive parity for his products, which will increase the buying power of the farmers to about double the amount he now receives for his products. Our tariff laws have long penalized the farmers of the South and this legislation is a step in the right direction of closing the gap of inequality.

The Bill provides for four regional research laboratories regional research laboratories and authorizes an appropriation of \$4,000,000 which with funds granted by the states where the laboratories will be located should provide ample research for the purpose of finding wider uses for farm products. These laboratories for example should be able to give us the clear picture of how many acres and how much labor a farmer paid for at fair prices can be used in growing the basic crops of the Nation for both human and animal consumption. This new AAA gives the small farmer a break. Payments to the small farmers are increased from 23 per cent

...and finally passed by the Senate.

UNEMPLOYMENT
Last Wednesday the House debated and finally passed by a vote of 352 to 23 a supplemental relief appropriation of \$250,000,000. This measure was approved by the Senate Appropriations Committee and will be pending business in the Senate on Monday. The undisputed facts show that this measure will provide for only one out of six additional qualified unemployed people now unable to find work. Recent unemployment estimates show that more than 3,000,000 additional unemployed have been let out by industry, which must be provided for by relief or the starve. Many of the private industries are discharging thousands of employees and closing down their plants, yet maintaining their price structure regardless of the inability of the people to buy.

The State, Justice Commerce and Labor appropriations bill

...and finally passed by the Senate. makes more than 12 of the major appropriations bills now awaiting consideration in the Senate, and yet the filibuster continues.

CALENDAR

The Senate temporarily laid aside their anti-lynching bill long enough to approve the free conference report on the farm bill last Monday and immediately resumed their filibuster which continued the remainder of the week. This week the House on Monday considers unanimous consent measures, Tuesday the reading of Washington's Farewell Address; Wednesday considers public buildings and grounds bill and the remainder of the week the Interior Department Appropriations bill. The Senate after passage of the supplemental relief bill is due to resume their filibuster on the anti-lynching bill and indications are they will try again to lay aside this measure.

Woodrow Worthington was home last week-end from N. T. S. T. C. in Denton visiting his parents, Mr. and Mrs. L. C. Worthington.

Mr. Garnet Parker of Wichita Falls was in Henrietta Friday on business.

Mr. and Mrs. Mike Bullinger were Henrietta visitors Saturday.

Friday. Program would have reduced the payments in drought years to almost nothing just at the time when they are most needed.

Fortunately we were able to retain in the bill as finally adopted a provision that payments should be earned by the acreage planted and the soil treatment, regardless of whether the land actually produced a crop during the year. This provision will mean millions in added benefits to the Southwestern area.

In addition, the allotments will be upon the basis of seeded acres rather than on the production.

Another matter of prime importance is the provision for anyway the live stock producer as well as the farmer.

The question of the success of the measure will depend largely on the cooperation of the farmers and live stock producers in whose interest the legislation has been passed. They can do much to help make it a success and of course no measure can succeed without their support.

Amendments may be necessary from time to time but the movement for a square deal for the producers of farm and ranch products must go on.

Brown News

There will be a play presented at the Brown school house Friday night, Feb. 25. The play is being put on by the teachers and outsiders of this community. It is titled "Today To Mary" This is a three-act comedy. Admission is 10 and 15c.

Mrs. J. J. Lankford's, 63, been on the sick list this week and at the time of this writing reported better.

Miss Pauline Haigood of Deer Creek and Syble Dickey visited with Miss Gwendolyn Whitaker.

Mr. and Mrs. Charlie Lankford and son, of Fort Worth, spent the week end with his parents, Mr. and Mrs. J. J. Lankford.

Mrs. Lee Dickey and Milton and Harlon visited Mr. and Mrs. George Hughes and family of Deer Creek Sunday.

Eula Helen Spann was in Wichita Falls Friday night.

Misses Juanita Lippincott and Orita Decker visited Mrs. Ra Tuesday evening.

Mr. Paul Ramm visited with Mr. and Mrs. Sexton Mor evening.

SOCIETY

MRS. WATSON HONORS DAUGHTER WITH PARTY

Clay County Leader.
Saturday afternoon Mrs. Felix Watson honored her daughter, Mary Anna Watson with a party on her eighth birthday.

Mary Anna presided over the guest book as the guests entered. The house was decorated with Jonquils. Mrs. C. H. Melton, Mrs. Tom J. Green and Mrs. Chas. Graham assisted Mrs. Watson in entertaining the guests with numerous games.

About twenty were present. There was a lovely birthday cake with eight candles. Funny face suckers with balloons were given as favors and sandwiches, cake and punch were served.

Y. W. A. MISSION STUDY MET MONDAY NIGHT

Clay County Leader.
The Y. W. A. met Monday night at the Baptist Parsonage for their mission study.

Rev. E. L. Moody taught the lesson, "Fruits of the Year."

Those present were Misses Ruby Moore, Ruby Hayden, Pearl Smith, Mary Kidd, Jewel Cunningham and Corinne Davis.

MUSICAL PROGRAM SATURDAY NIGHT

Mrs. C. B. McDonald will present her music pupils in recital Saturday evening Feb. 26th in the auditorium of the Walker High School at 7:30 o'clock.

The public is cordially invited.

BAPTIST W. M. U. MET LAST MONDAY

The Baptist W. M. U. met last Monday afternoon at the church for their regular mission study.

Rev. N. B. Haralson opened the meeting with a prayer and Rev. E. L. Moody taught the mission study, "Fruits of the Year."

Rev. Moody dismissed with a prayer. Present were Mesdames G. A. Hembree, G. P. Jones, W.

H. Kerlow, V. Stine, E. P. Moffet, L. J. Gentry, C. E. Jenkins, W. C. Parrish, R. M. Gant, G. M. Smith, E. L. Moody and Rev. N. B. Haralson and Rev. Moody.

The Baptist W. M. U. will hold their week of prayer next week. Each afternoon except Wednesday they will have a meeting. On Wednesday evening they will have charge of the prayer meeting services.

JUNIOR DELPHIAN MET THURSDAY

The Junior Delphian met Thursday at the home of Mrs.

Kenneth Slagle.

Mrs. Jim Koethe was the leader for the evening. Mrs. Walter Robinson gave a report on the "Barefoot Boy" and a review of the life of Henry Thoreau. The life of Ralph Emerson and his poem "The Problem" was the discussion of Miss Margaret Ruth Lowe. The romantic story of "The Courtship of Miles Standish" was related by Mrs. L. B. Miller.

Dainty refreshments were served to Misses: Margaret Ruth Lowe, Ruby Willis, Irene Wolfe, Ruth Bragg; Mesdames Wayne Lefevre, J. B. Miller, Jim Koethe, Walter Robinson, and the

hostess, Mrs. Kenneth Slagle.

Mr. O. D. Worsham was pleasant caller at The Leader office yesterday, ordering seven copies of The Oil Edition saved for him, as he desired to send them to friends.

Mrs. P. H. Boddy received notice of the death of Mrs. Hill of Dallas Tuesday afternoon. Mrs. Hill was the mother of Mrs. Macon Boddy.

Mr. Grover Thaxton attended a sales meeting and banquet of the General Electric Refrigeration in Wichita Falls last Friday night.

O'Brien Starred In Prison Film

Who like their movie-acted and strong—plenty they're good and plenty they are so inclined—are a treat today, when the national melodrama "San O'Brien" opens at the Dorothy Friday and Saturday. On the good side the fans will O'Brien, which ought to be satisfactory enough. He's the of the Yard in San Humphrey Bogart and Sawyer as a couple of prisoners, plus big Bar-Lane as a crooked jail

The picture isn't altogether fine. For sweetness and there's that lovely red-leading woman, Ann as a San Francisco club singer with whom

far from being a gloomy preview observers despite the fact that the action is behind the of the ancient penitentiary on the shore of San Francisco. There are no execution and death-house scenes. Lloyd Bacon, a specialist in action and thrills, directed "Quentin."

Others in the cast besides the mentioned include Veda Borg, Joseph King, James and Gordon Oliver.

Instead of spending our time the next nine months talking about political campaigns in Texas how much better would it be for the citizens to make a firm resolve to talk, to work and study how the state be developed industrially. Middle people in Texas are numbered by the thousands yet people have been taxed to pay farmers to let their lands grow in weeds. The Texas Tax Commission ventures the suggestion that if the government will hang up a reward of \$250,000 effort to secure a better freight rate structure for farm products. There has been entirely too much discrimination against agricultural products in the freight rate schedules that have been approved by the Interstate Commerce Commission. Heretofore there has been no one whose business it was to see that these discriminations were removed and that proper adjustments were made so that a larger percentage of the ultimate price paid by the consumer would go to the producer.

Provision is also made for use of a proportionate share of tariff collections to promote expansion of farm markets, both at home and abroad.

Texas can displace double the cotton it now raises and at a good profit. The country would likely be startled at the success attained and what that success means to the South and to the whole nation.

"The chemical engineer has made more than 111 valuable by-products of the humble peanut," the Journal says. "He has made individuals rich and country wealthy, while politics have ruined people and almost wrecked the country. We should always depend on the force that builds up, and not look to the wrecking crew for our future welfare."

The grain is looking fine.

Mr. and Mrs. Ford Keeler of Mr. Vernon Gardner and Mr. Wichita Falls visited Mr. and Fred Ware made a trip to Ard-Mrs. Ellery Lynn last week-end. more, Okla., Sunday.

day of this day be...
 Washington's day and a
 legal holiday.

They report a great session,
 a fine program and a splendid
 six o'clock banquet which was
 served in the basement of the
 First Methodist Church in the
 convention city.

Postmaster, Melton J. Gaines
 and his efficient corps of sup-
 ervisors and clerks acted as
 hosts to the visitors which in-
 cluded postal employees of the
 13th district as well as many
 other prominent state and na-
 tional departmental officials.

Scout Troop No. 92 Is Sponsored By Methodist Church

—Clay County Leader.

Boy Scout Troop number 92
 has been recently organized, and
 is sponsored by the Methodist
 Church of Henrietta. The Com-
 mitteemen for the troop are K.
 C. Cummings, Henry Scheer,
 Aubry Butler, B. A. Weaver,
 and Dr. M. S. Miller. Scoutmas-
 ter, Wayne Lefevre and Assis-
 tant Scoutmaster, Carl Slagle.

Troop number 92 is the sec-
 ond troop to be organized in
 Henrietta and the District Com-
 mitteemen are looking forward
 to having two more new troops
 in Henrietta. The boys in the

troop are rapidly passing their
 tests and are really taking an
 interest in the new troop.

Mr. Bob Elliott, field execu-
 tive and Mr. Henry Scheer,
 troop committeeman attended
 the meeting Tuesday night of
 troop No. 92.

A board of review and a court
 of honor will be held Sunday
 March the 13th. Exact time and
 place will be announced later.

Children Warned Not To Fly Kites Near High-Lines

With the kite flying season
 at hand, Texas Electric Service
 Co. issued today its annual
 appeal to parents to warn chil-
 dren flying kites to keep them
 away from electric power lines.

"That the innocent pastime
 of kite flying can be exceed-
 ingly dangerous is brought out by
 the fact that many fatal acci-
 dents occurred in the year just
 past because of children getting
 their metalized kites tangled in
 power lines," according to Fred
 Datson, manager of Texas Elec-
 tric Service Company.

al wire in the place of string on
 their kites and when this wire
 comes in contact with a power
 line the result is instantly dis-
 astrous. Even plain kite strings
 sometimes carry current, espec-
 ially if the string is wet. The
 best idea, regardless of how the
 kite is built or what kind of
 string is being used, is to see
 that it is flown in open spaces
 where no power lines are locat-
 ed," Mr. Fred Datson stated.

THRIFTY "60" FORD V-8 AVERAGES 28.85 MILES PER GALLON!

Officials presenting the Class B cup to owner and driver of the record-making Ford V-8

Leads All Cars at Its
 Price and Above by Set-
 ting Miles-Per-Gallon
 Record in Gilmore-
 Yosemite Economy Run!

COMPETING in this year's Gil-
 more-Yosemite Economy Run,
 held under strict A.A.A. super-
 vision, a stock 1938 Thrifty
 "60" Ford V-8 Sedan made an
 average of 28.85 miles per gal-
 lon of gasoline! In hanging up
 this record, the Ford V-8 not
 only won first place in its price
 class, but also made the best
 miles-per-gallon showing of 23
 cars, comprising all entrants at
 its price or above! Only 10.9
 gallons of gasoline were used
 for the entire 314.5-mile run.

 matters regarding highway North and South through Henrietta.

Purchased rock for the building of the agricultural barn.

Sponsored the Santa Claus for Christmas and furnished the supplies.

Furnished equipment for the Christmas lighting.

Worked on a plan to procure a road north of highway 5 to the Stanfield community.

Rendered assistance in meeting, what was all but a demand, for parallel parking on the highway through Henrietta.

Arranged all concessions at opening of the Agricultural Building to go to the Ladies Auxiliary of the American Legion. No charge was made to the Auxiliary for the privilege.

Last, but not least, the proceeds of this banquet to go to the Football Boys' Mothers Association."
