Call of The Range

The weekly auction sale opened Monday just after the noon hour with a bang. Buyers and sellers gathered around the auction block in unusually large numbers, and the spirit of enthusiasm was more than lively in its expression of trade.

Seventy-six head of cattle, and seventy head of hogs, all bringing fancy prices, made it possible for the Exchange to record one of the largest sales in actual receipts they have enjoyed during the entire period of the auction sales here.

Cattle sales were made by H. W. Carmichael, Henrietta; N. E. Heath, Bowie; O. D. Mathews, Wichita Falls; M. H. Leach, Antelope; Cecil Reynolds, Ringgold; Bird Hutson, Henrietta; George Marlin, Henrietta; C. E. Guthrie, Byers; Wayne Thompson, Forestburg; Myron England, Deer Creek; W. B. Purse, Holliday; Frank Evetts, Electra; H. G. Young, Ringgold; Jack Thompson, Henrietta Rt. A; B. L. Clark, Joy; M. E. Morton, Byers; J. E. Lemmons, Shannon; E. B. Henderson, Sunset; G. W. Chapman, Bowie; J. M. Roach, Bluegrove; Y. E. Lewis, Fruitland; J. F. Todd, Buffalo Springs; John Thompson, Forestburg; J. C. Fletcher, G. G. Cummings, Sunset; Charley Davenport, Bellevue; V. Robinett, Ryan; Cecil Mullins, Henrietta; Bert Moore, Buffalo Springs; W. B. Fulgham, Bellevue; Dick Waters, Ringgold, E. D. Coleman, Buffalo Springs, J. A. Quisenberry, Buffalo Springs; C. E. Guthrie, Byers; Bernard Wetsel, Bellevue; Carl Scheer, Jr., Henrietta; Clyde King, Henrietta; and Harry Borgman, Henrietta.

Sheep and goat sales were made by J. J. Gremminger, Windhorst; V. A. Lundy, Henrietta.

Hog sales were made by L. O. Chappell, Henrietta Star Rt. 2; T. H. Brock, Bellevue; J. B. Arnold, Henrietta; J. G. Sexton, Shannon; M. E. Morton, Byers; E. F. Henderson, Bellevue; J. M. E. C. Moore & Son Opening Today

The Leader takes pleasure in calling to the attention of its readers the Opening of the E. C. Moore & Son stores, located on the southwest corner of the Square, where Mr. E. C. Moore, and Mr. Pete Moore will be glad to show you through the two stores, formerly occupied by WPA and Cash Meat Market.

Entertainment galore has been planned for the Grand Opening, to include "Free Picture Show on International Tractors, and Farm Machinery; an Amateur Contest for the children of all schools of the county in Music and Singing. Also Hot Dog and Coffee."

Attend the Grand Opening and take the entire family with you.

Price Payments To Be Made In 1939

In order to be eligible for a price adjustment payment with respect to cotton or wheat, a person must have an interest as a landlord, tenant, or sharecropper in a farm (1) for which an average allotment has been established for the commodity under the 1939 Agricultural Conservation Program; (2) on which the acreage planted to such commodity for harvest in 1939 is not in excess of such acreage allotment; and (3) on which such commodity was planted for harvest in 1938 or 1939, or the County Committee determines that the failure to plant such commodity for harvest in at least one of such years was due to drought or flood.

Clay County farms that have never been covered by a worksheet must have worksheets prepared for them and signed by the operator by April 15, 1939 in order to be eligible for payment under the 1939 program. This instruction does not apply to farms that are on record in the County Office.

According to R. Dee Price, Administrative Assistant, the County Office of the Clay County A. C. A. received 417 checks for Clay County farmers who qualified for payment under the 1938 farm program. A total of \$41,262.87 was received and farmers whose checks have reached the County Office will immediately receive notices. Producers are requested to be governed by receipt or notification in calling for checks at the County Office.

Everybody's Business

By Julian Capers

With anti sales tax leaders claiming 65 House votes against that form of levy, following a caucus last week-end the Texas legislature prepared to plunge this week into what promises to be a memorable floor battle over what form of taxes, if any, will be submitted to the people this fall or late summer, to raise \$40,000,000 of new social security revenue.

Debate on the proposed constitutional amendment, approved by the House committee on taxation, revenue and on constitutional amendments, was scheduled to begin on the floor Tuesday. The amendment, an omnibus measure, would raise an estimated \$33,000,000 of new revenue by imposing a 2 1-3 percent sales tax on retail purchases and public utility bills, to be paid by the purchaser and collected by the seller; plus a 25 percent increase in present oil levies, gas and sulphur, plus a tax on amusements admissions of 50 cents and over.

Those opposing the sales tax feature will seek, by floor amendments, to substitute a net income tax, with the same exemptions provided by the Federal income tax law, and graduated income taxation schedule ranging from one to three per cent for individuals, and a flat 3 per cent for corporations. It is estimated this tax would raise about \$20,000,000 the same sum estimated as the yield from the proposed sales tax for which it would be substituted, leaving a balance of \$13,000,000 to come from the increased natural resource levies and amusements impost.

The anti-sales tax group named a committee including G. C. Morris, of Gainesville; Alfred Derden, of Marlin; Bryon Bradbury of Abilene, DeWitt Hale of Farmersville, to draft several amendments which will be offered in the effort to kill the sales tax feature of the omnibus amendment.

Meanwhile, with the season half gone, the Senate is sitting quietly on the sidelines insofar as taxation is concerned, awaiting House action. Many senators believe that the bitter struggle in prospect between the sales taxers and anti-sales taxers in the lower house may result in a complete stymie, with no taxation measure getting through the House.

Senate May Take Charge

Some Senators hope that the Senate then will be in a strategic position, by offering amendments or substitutes to some House revenue measure, for the upper body to take charge of the situation during the closing hours of the session, and thus write the State's tax policy for the new two years, at least, despite the Constitutional provision granting the tax origination option to the House. What the Senate would do under these circumstances is problematical. There is a strong sales tax sentiment in the Senate, but on the other hand, there is also a strong conservative element which is opposed to any large new taxation burden at all this time, believing that it is a fundamentally wrong policy to check back to the people the problem of choosing between various complicated and technical tax plans. Members of this latter school of thought feel that failure of this session to raise any large additional revenue would be indicative of the inability of the people of Texas to assume such a burden now, and would open the way to write a new and conservative declaration of policy on old age pensions, which would limit aid to strictly those in need, and recognize the economic futility of attempting to pension everybody on a more or less equal basis. They

are unwilling to accept the O'Daniel dictum of \$30 a month total income for everybody over 65, just as they found the unlimited \$30 pension for everybody, advocated by the governor during his campaign, unacceptable.

How Would People Vote

House members, on the other hand, seem to be generally in accord with the amended O'Daniel program on \$30 total income for all over 65.

In an off political year, with normal poll tax payments down, and the aged holding exemption certificates, sentiment here generally inclines to the belief that almost any tax program planned to raise more money for the aged, would carry in a referendum effectuated by means of a constitutional amendment submission. They point out there are 275,000 persons over 65 in Texas. If each of these voted, and controlled only one other vote, they point out it would roll up a vote of 550,000 for bigger pensions regardless of the tax method, which is sufficient to carry an election even in a record-breaking poll tax payment year.

The Secret of GOOD COOKING

Controlled heat in all cooking operations is of utmost importance and is the secret of good cooking. There is extra value in properly cooked foods because correct application of heat to raw food saves fuel, time and money.

80% of your cooling is done on top of the stove.

Cook vegetables in a covered pan with about one-half inch of water in the bottom of the vessel. After the water has come to a boil, maintain gentle boiling motion by use of the simmer burner. Thus, the valuable health giving minerals, oils, salts and nutritive properties are retained in the food and not dissipated through violent boiling, and gas is saved.

Set the oven Heat Control for temperature desired and preheat. The heat automatically cuts down to a minimum when preheating is accomplished.

TIP FOR ROASTING

Cook meats at moderate temperatures for best results. Meat roasted at a low temperature during the entire cooking time will be appetizing and crispy brown, juicy and flavorful. Loss of weight will be reduced to a minimum. The oven heat control of a modern gas range will keep the oven at the desired temperature automatically.

**Isles of Hawaii
Shown in Screenplay**

Who has not longed to make a trip to the fabled Hawaiian Islands? Who that has been there has ever been able to lose the desire to return? Who has not thrilled at the very mention of Honolulu's Waikiki Beach, with its dusky men and girls riding the waves on surfboards or on picturesque outrigger canoes? Who could fail to be interested in the hula and other ceremonial dances of the natives, performed in the colorful surroundings of these tropical islands?

These questions are suggested by the coming engagement of "Hawaii Calls," Bobby Breen's latest musical starring vehicle for RKO Radio. The picture, it is said, virtually constitutes a personally conducted tour of Hawaii. Except for scenes on shipboard, the entire action of the story takes place in "the Islands."

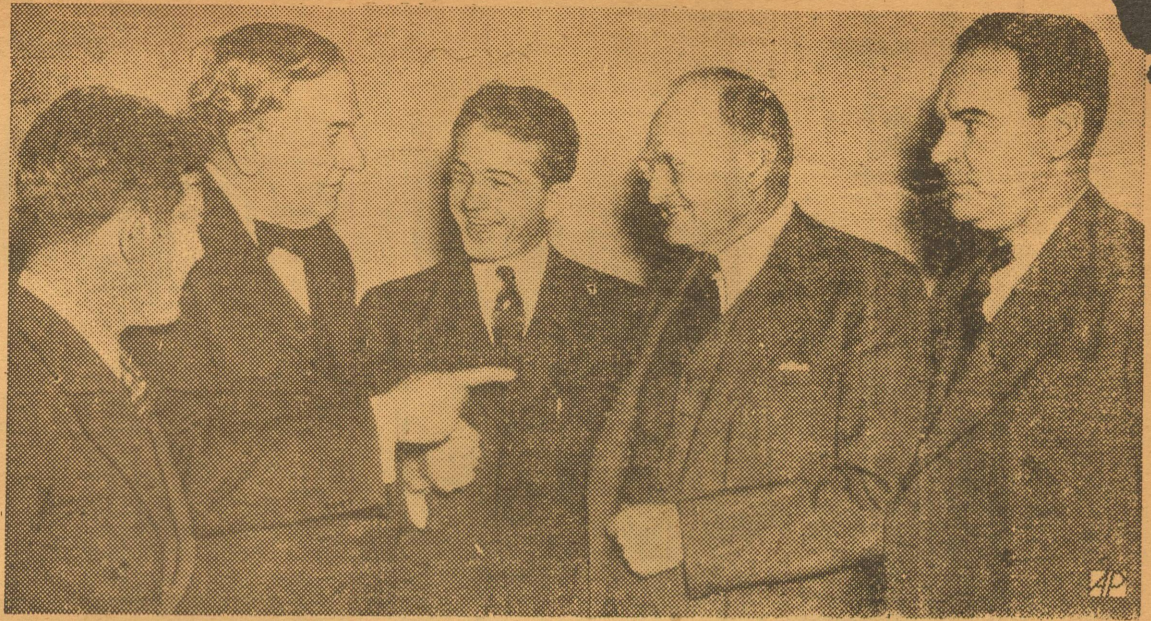

In "Hawaii Calls" Bobby supporting cast includes Ned Sparks, Irvin S. Cobb, Gloria Holden, Warren Hull, Mamo Clark, Juanita Quigley and Pua Lani. Bobby sings several old favorites as well as new songs written for his picture, Raymond Paige and his orchestra supplying much of the music, plays at The Dorothy, Friday March 31.

Dick Powell, popular star of stage, screen and radio, returns to the microphone on Tuesday night, March 21, at 8:30 p. m., E. S. T., on the CBS network. Powell takes over the starring role of Al Jolson on the program as the singing master of ceremonies. Powell will be supported by Martha Raye, Parkyakarkus, and Lud Gluskin's orchestra, with a guest star every week.

The services at the Methodist church last Sunday night were very interesting, the pastor using Steri-optican, pictures with his sermon.

Go to church Sunday.

ST CRUISE

(By the Captain)

Well, wasn't it a grand and glorious rain? Some three inches or more, according to those who gauged the downpour, fell in these parts and every drop if it was welcomed by a needy soil. Garden and small grains have taken that lovely green color which makes the landscape a thing of beauty!

Mussolini delivered his long herald address Sunday morning (4 P. M. our time,) on the 20th anniversary of his founding of his ruling fascist party in Italy, and in his remarks told of the accomplishments of his regime from March, 1922, down to date. He cited as two greatest undertakings the Ethiopian conquest and the Spanish civil war, claiming that Madrid was at the very moment ready to pass to the rule of Facist General Franco. We can't give him a grade over 70 on the Ethiopian "takeover," since those Ethiopians had on white sheets for army uniforms and mostly broomsticks for weapons of war. It was more like taking red peppermint stick candy from a baby than engaging in a modern war. And the civil war in Spain is yet likely to not yield for him his desired control of southern Spain where he holds hopes of being able to cope with the British Gibraltar forts. It doesn't seem like much to brag over, looking at it from this distance. We do not believe that France and England will grant more, if that much, i. e., give him free entrance to the ports of Djubouti, and one in Tunisia, which he claims are essential to his proper handling of Ethiopian affairs since the railroad from Addis Ababa, capital of the blackland, finds its terminus in the African ports. This Ethiopian conquest is most likely to yet prove his undoing.

William O. Douglas, 40, recent appointee to the supreme court by President Roosevelt, is said to be the youngest justice since 1811, at which time 32-year old Joseph Story of Massachusetts was made a member of the court. It is said of Douglas that he kissed his sweetheart goodbye one morning and got a free ride as far east as Chicago attending a carload of sheet metal rods on to Buffalo and from there had sufficient funds with which to pay his train fare and the cushions, with only a sack

breakfast, dinner supper, was heading for the arena, but a friend persuaded him to attend Columbia law school and following graduation another friend secured an assistant law professorship at Yale, and when given the post of chairman of the SEC by the president he was said to have been the highest paid law professor in the entire country. "Twenty years from furnace tender to supreme court justice" and that at the age of only 40 is said to be quite a unique record in anybody's land.

The legislature is still having trouble trying to decide just how they are going to pass the buck to the people at large in the form of a vote on a constitutional amendment providing a sales tax for raising needed funds with which to pay the old age pensions. Naturally, all the big fellows want a general sales tax, as that would make even the old people receiving the pensions pay their part of the needed tax money every time they purchased something. The legislators have been given several methods by some of their own members by which the necessary money might be realized, but it seems that every time such a plan is presented in the form of a bill, it is shunted off to some committee which pigeonholes it and there it dies. It seems that the sales tax plan, though, is having hard sledding and needs a clear 100 votes in the House and 21 in the senate in order to be presented in the form of a constitutional amendment, and the opponents of a general tax plan seem to have the necessary votes to prevent this from taking place. Only time will tell just what will be handed down for the people to say "yes" or "no" on.

The "oil situation" is still holding the limelight in old Clay county. Several tests going down at this

Thaxton Brothers To Open Auto Supply

Recently three new businesses established in Henrietta, thus filling some of the vacant buildings and thereby adding much to the looks of our main streets.

Mr. H. L. Bear has moved his second hand store into the building formerly occupied by Lewis Kerr and the Sanitary Barber Shop, where he now handles a complete line of furniture. The front of the building is very attractively lighted at night, showing the latest in bedroom furniture etc. They also have stoves, springs, mattresses, rugs, cream separators and used refrigerators. The store is being managed by Jack Bear.

Mr. E. C. Moore and son, Pete, who recently moved their store to Henrietta, have moved in a large stock and will soon be ready to serve this trade territory.

Mrs. Fannie Langford and daughter, Vada Bullinger, have also moved their ladies ready-to-wear and cosmetic shop to town and have been operating the "Peggy Lee" Shop for some time.

These new businesses are a sign of activity and help much in the growth and continued development of our town.

In the near future Mr. Grover Thaxton will open an Auto Supply House in Henrietta. He will be in the wholesale and retail business for all makes of cars, and will have as large a stock as any supply house in West Texas. He will have the best of stock and will carry a standard line. His complete line of stock will arrive within the next few days and his prices will be as reasonable as those of any wholesale house in surrounding territory.

Henrietta needs and is fortunate to have a supply house of this type and we wish Mr. Thaxton the best of success in establishing it.
