## Clay County Chapter Of The Red Cross

On Monday afternoon, March 27, a tornado forming in the vicinity of Electra, Texas, and moving in West-East direction through Wichita and the North portion of Clay counties, doing considerable damage in the Burkburnett area, Wichita County, and some damage in the Thornberry area in Clay County, this was accompanied by some rain and hail.

With a view of getting first hand information on just what and how much damage was done in Clay County, Mr. F. S. Datson, district chairman of the Clay County Red Cross, made a survey on the following day, and reported the following:

Mr. Burrell Brown, residing one mile southwest of Thornberry, his hen house blown away, and several chickens killed.

Mr. J. C. Evans and family, residing on Dr. Glover's farm 1½ miles southwest of Thornberry, their house demolished. They the tornado coming, gathered most of their clothing and went to the storm cellar.

Mr. Pat Coonie, residing in the vicinity, had a brick chimney blown down on his residence barn partly unroofed.

There were no personal injuries and no livestock killed or injured. Probably the reason of no personal injuries was that people living in the path of the storm detected it before it reached them, giving them time to take shelter in storm lars.

## City Election Draws Big Record Vote

Quite a bit of interest was shown in the city election held Tuesday at which time 340 ballots were cast for the various candidates for several offices to be filled.

The election was held by W. Neville with Mesdames E. P. Boman and B. A. Weaver as clerks.

Mayor Frank Bunting was re-elected, receiving 328 votes.

Dr. C. J. Sherrill was elected to fill the unexpired term of F. E. Green, who resigns effective April 1st. Dr. Sherrill received 281 votes.

Brad Staggs was re-elected city councilman, receiving 330 votes.

In the City Marshal's race, John Firestone defeated P. L. Kuehn in a hotly contested race, Firestone receiving 231 votes, Kuehn 103.

Mr. H. L. Hull left Tuesday for Carthage and on Wednesday returned for R. L. Mauldin and Sons at their Pure-bred Hereford Sale. Mr. Hull also served as auctioneer at Mauldin and Sons Pure Bred Sale held last December at Carthage.

The Journal congratulates James Graves of Byers, and Cecil Paul of Petrolia, on winning the junior speaking tour.

### Give You Texas By Boyce House

How to get rich quick: Bring out a book of the jokes that have been about President Roosevelt. Most of the stories hit the President but let you could sell the first copy to the White House.

The suggestion that Governor Nelson may run for the Senate (extensively advanced in this column) brought the comment from and in wit that the hill-billy is a hill to win:

Everybody who is for him would fight him, of course; and everybody who is against him would vote for him, too, in order to get him out of Texas."

My poem  
of days of old  
When knights were bold  
In sheet-iron trousers wore,  
They lived in peace;  
Then a crease  
Would last ten years or more."

Some months ago, several men motoring through West Texas might when they noticed, ahead, a glow. As they approached, they saw it was a farmhouse and the men had made such headway that nothing could be done; neighbors and members of the family stood helplessly by. The travelers had gone several miles when the driver spoke up:

"The farmer who owned that place was a poor devil without a life insurance"—and he turned around and drove back.

Some questions disclosed the surprise was correct. After the owner had pointed out, the stranger, however, slipped something in the man's hand and hurried away. It was a twenty-dollar bill.

Last week in Austin I happened to learn about the incident. After inquiry, discovered that the "Good Samaritan" was Jerry State Railroad Commission-

Many cars seen over the State signs indicating they will not hitch-hikers a ride but here's one that's worded a little different: "No, sir; yes, ma'am."

An odd sidewalk is in front of Austin's newest office building. The sidewalk is not of concrete but is made of a rough-surfaced asphalt that gives a good footing even when there is ice (which is seldom in Austin).

District Judge Sam Russell of Stephenville, in the Capital City, recently indicated he was going to run for the seat in Congress now occupied by Judge Clyde L. Garrett of Eastland.

It is rather pathetic to hear a man in a wheel chair say, "Thanks for the Memory." He sells booklets containing the latest songs and he calls out the titles.

Here's a thought for the day: Edison said that genius was five per cent inspiration and 95 per cent perspiration.

With all the war clouds hovering over the world, there come to mind two jokes that were popular during the World War. Both are about darkeys.

One negro said, "Uncle Sam can't make me fight."

Another replied, "Naw, sum, he can't. All he kin do is put you in a uniform, stick a gun in yoah hand, put you in a trench wid de bullets flyin' all aroun' and let you use yoah own judgment."

The other ancient jest was about a colored man who applied for a job in a factory. It was a munitions factory but he didn't know it. As the man taking his application asked questions, however, the darkey began to get suspicious. "In case of accident, where do you want your remains sent?" the white man inquired. "Ef it's all de same to you, boss, "I'll jes' take mah remains wid me now," the negro answered.

Mr. Howard King attended a Chevrolet meeting in Dallas Tuesday.

The House late last week dealt a severe blow to the pension tax Constitutional Amendment, 68 ayes and 74 noes. The action means the Constitutional sales-natural resources tax amendment advocated by the Governor is dead, unless at a later date it is able to muster a two-thirds majority. Members are now expecting an increase in their "fan-mail."

If House resolution 38 runs true to present form, future Representatives and Senators may count on \$3,000 per annum for full time and subject to the general electorate was 104 ayes, 30 noes.

There may be some poll tax revisions also submitted to the people. Representative Brown of Nacogdoches and other members have already taken the first step in that direction.

The State Highway Commission may soon have a new member. Many words of approval are heard in Austin, following the nomination of the gentleman from Houston, and hope is frequently expressed that the Senate may approve Mr. West, the Governor's third nominee. If approved and accepted, Mr. West will succeed John Wood of Timpson. The Commission is preparing for early distribution, of booklet setting forth "Motor Vehicle Registration Rules and a Table of Motor Vehicle Plates assigned various counties."

Mrs. Myers said her orchard was a beautiful sight to behold. The trees are loaded with fruit from the size of an English pea to full grown specimen, and are also loaded with blooms, making a most unusual sight. She said that the large, luscious grapefruit were only bringing \$5.00 a ton. She complimented Senator Roger Kelley of

that district for his fight to aid the growers by seeking to raise the truck load limit law, so they could dispose of their crop to northern and eastern buyers.

A large crowd greeted the local Methodist preacher Sunday night. The junior Choral Club, led by Miss Letitia Ramsey, rendered five very interesting numbers, preceding the sermon by the pastor, Rev. L. G. Hagard, who used the stereotyped views in emphasizing his sermon and two songs. Many visitors from the other churches of the town were present.

**Civic Improvements  
Throughout Our City**

With the entrance of the Spring season into the calendar of the year, we note in our surveys of the town in general there is quite a bit a'do in property improvement, and construction of new buildings. Listed among some of these items are the J. H. Moose home, now under construction, remodeling of the F. F. Green home recently purchased by Johnny Cunningham, and Mr. Green has improved the country home where he will reside in the future. Additional floor space to the Jake Isom home along with a new garage, painting and re-roofing of the F. R. Wood home, redecorating and painting of Mrs. Harve Cook's home, re-roofing of the Claude B. Gates home and other minor improvements in various homes are in process.

Such civic improvements as these help to make a town worthy of its progress and community pride.

Mesdames C. C. Elkins, L. C. Worthington, and Wayne Lefevre attended the district missionary meeting held at the first Methodist church in Wichita Falls, Friday.

Miss Naomi Kimbrough, of Blue Grove, popular teacher in the school there, was in Henrietta Tuesday evening shopping and visiting with friends.

Mrs. Oscar Munkres spent this week in Dallas.

Orders of Thanks, Obituaries and like notices are charged for at half the regular rates with a 50c minimum charge in all cases.

Liability of the North Clay County Journal and its publishers for any error in any advertisement is limited to the cost of such advertisement entered as second-class matter, at the post office at Byers, Texas, under Act of March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

North Clay County Journal invites communications for publication when subject is of general interest, and if it is not abusive or of a personal nature. But all such communications must carry the author's signature—not necessarily for publication, but as indication of good faith.

A tax bill of \$2.40, delinquent for 4 years, was paid to the county treasurer of Pontiac Mich. The delinquency was discovered when the property owner applied for a loan.—Haskell Free-Press.

Judge R. C. Stewart of Easton, Pa., fined each of the jurors \$10 and costs when he found them guilty of tossing a coin to reach a verdict in a criminal case.—Haskell Free-Press.

In Tuesday's Waco News-Tribune-Times-Herald, on front page, a double-column editorial under the caption "Germany And Waco" was an interesting reading. Jack Baldwin went on to say—"Today is election day in Waco and Germany. Over here they can't write the word 'voting' (meaning no,) on their ballot, but must vote as Hitler wants them to vote. Over here in Waco we vote as we please." What wouldn't millions in other countries like to vote independently as we do here in Waco." Attaboy, Editor Baldwin, preach independence,—of thought, action, religion, ballot;—is truly Americanism.

Colonel George and Fred Robinson each preached it in the old Times-Herald; Senator A. R. McMillum and Jim Pitillo each advocated it in the old Tribune, and Postmaster Pitillo still sings it in today's Farm & Labor Journal. Be independent—vote as you please.

Sunday afternoon for about an hour it was our pleasure to hear a special broadcast over national hookup by the young district attorneys of the leading cities of the

nation, their subject being "Free America of the Rackateers." Those brilliant young fellows really went to town in their speeches, especially the ones from New York, Chicago, Philadelphia, Cincinnati and Cleveland. They showed that the expense of stopping crimes, (and they termed rackateering our greatest,) far exceeded what it should. And the various rackets they named would surprise you.

Mr. Lynn Landrum in his "Thinking Out Loud" column in last Sunday's Dallas News devoted a column to the "good work being done by the Salvation Army." He is correct in what he said in praise of the untiring efforts of the salvation army to do good. The salvation Army is a good thing and should be strongly supported everywhere. The boys who were in the army during the world war all praise the good work of that organization.

Over in Boston last Monday it was advertised that 25 jobs were open at the navy yards. Believe it or not—7,000 men were there and filed for the 25 jobs..

Mr. Jesse Cunningham spent Sunday in Waurika.

The Dallas Morning News has again issued its famous Texas Almanac for the year 1939-1940, and the Leader acknowledges receipt of a copy. We always look forward to receiving the Texas Almanac because it covers every subject one could desire information on; it fully covers everything pertaining to Texas from crops to harvest, every known industry in the great commonwealth is fully described in detail, and it names every county in the state and shows forth the valuations rendered. The Dallas News has been publishing the Texas Almanac since 1857, and with every passing year it has grown both in interest from the point of its wide subject coverage as well as in demand not only by Texans but by others throughout the entire country. It will continue to grow in interest and demand as the years go by!

Walter Winchell, in his regular Sunday night broadcast, gave the south something to really appreciate and think about. Winchell said that soon the entire 12,000,000 surplus bales of cotton would be bought by many of the largest industrialists of the north and east. He stated that among them was General Motors, who would purchase 2,000,000 bales of the surplus over a period of three months. He requested all southern newspapers to carry this good news.

Another item of interest among the several Winchell gave out was that the Chinese-Japanese war would be brought to a close sometime soon with British officials acting as mediators.

Winchell also stated that Russia had notified both Britain and France that they would take no part in guaranteeing Poland's territorial integrity, saying they could not place confidence in British diplomacy or leadership. This might be in error, and most likely is, simply because Russia isn't likely to do anything that would cause both these world powers to withhold aid from her if she was in need, and Russia might be found in this position at any moment now, since European conditions are as they exist today.

Japan's seizure of the French controlled islands lying off English Hong Kong and naval base at Singapore indicates, says Winchell that Japan may be preparing to seize these British points of strategy, as well as possibly seizing the Philippine Islands. This latter step would most surely bring about a clash between Japan and the United States and we are predicting that Japan isn't going to do any such foolish stunt!

Colonel Beck, Poland's prime minister has been in London to confer with the British government regarding her future with reference to the free city of Danzig, Poland's outlet to the Baltic. Hitler has threatened Poland that he might start something if Poland should form an alliance with Britain and France. Prime Minister Chamberlin has had his say, and it seems the next move would be up to the dictator, who said in his Wilhelmshaven speech that all he wants is "to be let alone," but he should have added, "to continue taking over other small and helpless nations," as has been his policy during the past few months. We fully believe that the... bearing

both in Germany and here as well, believe in Hitlerism as it is being practiced by the dictator! It just doesn't stand to good reason!

Walter Winchell gave his own personal definition of "Americanism" in his broadcast Sunday night. He says it doesn't mean justice without pity, or the wearing of foreign uniforms and holding meetings under the guise of free assembly and free speech. It means democracy with pity for the weak and help for those in need, rather than over-powering those unable to help themselves! Winchell went further and said that it means standing by the government that guarantees you what you now are permitted to enjoy under the Stars and Stripes!

Keep everlastingly at it,—that is the only sure method of ever accomplishing any given task! You can't get there by quitting! Deserters always desert when the battle is hottest! It just isn't in 'em to "stick!"

A pat on their back while they're living is worth a whole bucket of false tears on their face after they're cold in death! And, remember, you are not here always, no matter how self-important you might deem yourself!

## Home Demonstration

Miss Ruby E. Hayden, Clay County Home Demonstration Agent.

### Vashti H. D. Club

The Vashti H. D. Club met Thursday, March 30, in the home of Mrs. J. D. Bridgewater with eleven members present. A very enjoyable afternoon was spent making a cut-

ting bed. The meeting was conducted by Miss Hayden.

Delicious candy was served to the eleven members, one visitor, one child and Miss Hayden. The next meeting will be April 5th in the home of Mrs. Charlie Chappell.

### Bedroom Improvement

Candlewick bedspreads was the subject discussed with the 173 girls at the March meetings.

The girls were shown a completed, white bedspread. Then using colored threads and material as samples, color schemes, materials and sizes of spreads were discussed.

Several patterns were shown and discussed, then the girls were shown how to put a design on material without pattern. After the girls learned how to make the candlewicking stitch and how to cut threads, some practiced doing that while others drew patterns and planned color schemes.

Approximately twenty per cent of the girls are planning to make spreads.

### Yard Improvement

The coming dry weather has not discouraged the 76 women who attended the cutting bed demonstration in March. Eight demonstrations were given on making the cutting bed, the purpose of which is to obtain shrubs in an inexpensive way. In these beds about twelve hundred cuttings were put out. They consisted mainly of ever-greens and foundation planting, such as jasmine, privet, etc.

Our yard demonstrators are; Mrs. G. W. Edwards, Buffalo Springs; Mrs. J. V. Boud, Cambridge; Mrs. Nora Wright, Dean Dale; Mrs. C. N. Powell, Deer Creek; W. C. Whitaker, Joy; Miss Fannie Vaughan, New London; Mrs. J. W. Savage,

Prospect; Mrs. J. A. McDevitt, Thornberry; and Mrs. J. S. Bridgewater, Vashti.

Mr. John Henry Nail, of Petrolia who is a student at Texas Tech., Lubbock, was in Henrietta Monday on business. While in town he paid The Leader a pleasant call. He is on a visit to his parents at Petrolia. While in this office we gave him a few pointers on Journalism, as he is a 4th year student in Journalism, and is progressing nicely in his work. He will finish school in June. We were glad to see John Henry and pleased to note he is making such fine progress in his school work.

Just as we go to press Mrs. Lois Cummings calls and requests The Leader to please announce a meeting of the Pioneers' Committee for next Friday April 14th at Mrs. J. W. Douthitt's residence, to consider the plans for a big July 4th celebration. Mrs. Cummings urges all members of the committee to be present.

### "Golden Krust" Bakery Is Opened in Our City Monday

Mr. and Mrs. L. F. Goist opened their Golden Krust Bakery this week in the building formerly occupied by the White Rose Cafe, and they extend a cordial invitation to you to drop in and visit them, inspect their bakery and, incidentally, take home with you some of their delicious pies, cookies, Parker House rolls and fresh bread.

Mr. and Mrs. Goist are already well known to all our people as they have lived here and made many friends who urged them to return and again engage in the bakery business. They informed The Leader reporter that they are glad to again call themselves citizens of Henrietta and want all their old friends to visit them in their new location.

The Golden Krust Bakery is the same they have given their new delicacy center, taking the name of their famous bread, "Golden Krust" for their bakery name. They will carry pies, cakes, cookies, rolls, and bread. They will also provide for special orders tendered them.

Mr. and Mrs. Goist invite you to visit them at all times and assure you they will appreciate your patronage and will strive to merit all business given them by supplying their patrons only the best bakery products it is possible to bake.

### Choral Club Had Distinguished Guests

Friday, March 31, the town, school faculty, and members of the choral club had as their distinguished guests, Miss Nell Parmley, state director Music for Public Schools, L. A. Woods, state superintendent, Mr. J. R. Griggs, deputy state superintendent, and Mrs. Griggs.

The three state officials were introduced by Superintendent Richardson to the student body at an assembly program held Friday morning. The students were led in singing song by Miss Parmley and Rev. Paul J. Merrill, after which Dr. L. A. Wood gave a very instructive talk of which the main thought was: "If the young boys and girls would use their talents as they should, the difficulties of today would be easily overcome, and success would crown their efforts."

Dr. Woods was formerly county superintendent of schools at Waco, and did an excellent piece of work in that area, which gained him so much publicity, that he was elected state superintendent.

Following Dr. Woods talk, Miss Parmley, in her own sweet and effective way, rendered a very beautiful solo, which the student body enjoyed very much. Miss Parmley praised the local students upon their friendliness to her. She expressed her sentiments in this manner, "In many places where I have visited, the students seem so hard to get acquainted with. But here they are so friendly, and it is so easy to make acquaintances that I am sorry I haven't come sooner." Miss Parmley has had many recordings made and has been known to many as a great radio singer. She is one of the most natural singers in Texas.

Mr. J. R. Griggs, who comes from Wichita Falls, was, before his election as deputy state superintendent, county superintendent of Lubbock county. He takes the place of Mr. Rascoe, former deputy state superintendent, who has been placed in the Fort Worth district.

These three officials offered many words of praise and appreciation for the student body, teachers, citizens of the town, and members of the school board. They stated that we have a very solid group of men for our school board. Men who are interested in working and striving for every possible advancement in our schools.

Before the choral club concert Superintendent and Mrs. F. W. Richardson had as their dinner guests, Dr. L. A. Wood, Mr. and Mrs. J. R. Griggs, Miss Nell Parmley, and Mr. J. W. Callaway. Following this delightful affair, the group attended the concert, where more praise was given our fine group of singers.

We hope that these three officials will not wait too long to pay Henrietta another visit.

### Says Valley Has Big Citrus Fruit Crop Still In Orchards

Mrs. W. H. Myers has returned from a short business trip to "The Valley," where she has a citrus fruit orchard covering about ten acres, and reports that the crop in that famous valley section this season is one of the largest ever grown and the fruit is extra large and delicious.

Mrs. Myers stated to this reporter that the growers this season are experiencing considerable trouble in trying to market their products, since the present truck law has made it next to impossible for truckers from the north and east to haul sufficient poundage under the 7,000 pound load limit law to pay them to go down and haul back a truck load of the delicious grape fruit, oranges, tangerines, etc.

Mr. Dick McCauley, popular young man about town, and salesman for the D & K Chevrolet Co., paid The Leader a pleasant call Saturday afternoon. He reported that "Chevrolet cars are selling like hot cakes," and that their business is getting better all the time."

Mr. Joe Payne of Byers, county commissioner, was transacting business in Henrietta last weekend.
