## Farmers Called To Meet Here Saturday

There will be a meeting of the Clay County Agricultural Association in the District Court Room at Henrietta at 10 A. M. Saturday, April 15, 1939.

We are urging every member, every farmer, and everyone else interested in the farmer to be present.

We desire to increase our membership so that every farmer and sympathizer may become a member of the Association.

Let me especially urge the committee on membership, appointed by Mr. Hugh Moore, to be present to report on new members secured.

We have the membership cards for all present members and will give them out at this time.

W. C. PARRISH, President

## Eight Persons Hurt In Auto Accidents

Eight persons, including a degree team of five Masons from Wichita Falls, and who were returning from Saint Jo where they had carried out a Master's degree presentation, were injured in two accidents near this city Monday about midnight.

Two of the injured, Roger Gyles of Bowie, and W. M. Battle, former Wichitan, returning from Ft. Smith, Ark., were said to have been quite seriously injured.

Battle was injured when his car was involved in a collision with a truck just outside of Ringold. He received a broken left leg and serious head injuries. He was taken to a Wichita Falls hospital after first aid had been rendered by Dr. Albert Greer.

The five Wichitans were injured when their car collided with the car driven by Glenn Cunningham of our city, who was accompanied by Mr. Gyles. Cunningham received a broken jaw, severe face cuts and body cuts and bruises. Gyles had broken left foot, several broken ribs and probably serious internal injuries. The Wichitans were cut and bruised about the face and body. After receiving first aid from Dr. Albert Greer, they were taken to a hospital for further treatment.

Sheriff Ray Phagan and Highway Patrolmen investigated the two accidents, but their findings have not been disclosed.

## SOUTH CLAY COUNTY LEAGUE ORGANIZED WITH 8 CLUBS

—Clay County Leader.  
The South Clay County Baseball League has been organized and will open its season April 15th.

There are eight teams represented, including Bluegrove, Shannon, Deer Creek, Vashti, Buffalo Springs, Joy, Bellevue and Newport.

These teams will have some fine games throughout their season

Mr. Paul Steph of Joy was elected superintendent of the Ringold schools for the 1939-1940 term. The following teachers have been re-elected for the next term: Mr. Taliaferro, high school coach and principal; Mr. Taylor, grade school principal; Mrs. Sidney Cook, Mrs. Valee Stine, Mrs. Henry, Miss Louise Wilkins.

## Clay County Pioneer Passed On To His Reward Last Friday

Funeral services were held Saturday afternoon, April 8 at 2 o'clock for Mr. A. C. Campbell, who passed away at the home of his daughter, Mrs. M. A. Eaton, April 7, 1939 after an illness of several weeks.

Archibald Craig Campbell was born February 24, 1847 in Bell county, Kentucky. During his lifetime

A. C. CAMPBELL

in Bell county he served as Justice of the Peace, and taught school in his native state for seven years.

He united with the Methodist church July 10, 1865.

On December 30, 1868 he married Miss Sarah H. Harrison and to this union were born eleven children.

Mr. and Mrs. Campbell came to Texas in 1890. He was elected county commissioner in 1906 and served four years in that office. In May, 1911 he was appointed county school trustee. His term was to have expired May 1, 1930, but due to bad eyesight, he only served until June, 1927. Twenty-three years of his life in this county was spent serving the people of the county in public offices which he held.

Services were conducted by Rev. L. G. Hagard, pastor of the Methodist church. A mixed choir sang the sweet old hymns, "What A Friend We Have In Jesus" and "In the Sweet Bye and Bye."

Mrs. Campbell and six of the children preceded him in death. Since the death of his wife in August, 1924 he made his home with his daughter, Mrs. M. A. Eaton, and family of this city.

Survivors include three daughters, Mrs. M. A. Eaton, Mrs. L. A. Morgan and Mrs. R. E. Flinn, all of Henrietta; two sons, C. A. Campbell, Henrietta, and W. M. Campbell of Riverside, Calif.; one half-sister, Mrs. B. M. George of Bellevue; eighteen grandchildren and five great grandchildren.

Pallbearers were Messrs. Henry Scheer, Carl Slagle, Eddie Scheer, Ray Garrison, E. P. Moffett and W. V. Townley.

Interment was in Hope cemetery. Out-of-town relatives attended.

## Cotton Notice From R. Dee Price

Henrietta, Texas, April 12, 1939.

According to information received from the State Office, farmers who have a 1939 cotton allotment are not required to plant any specified percentage of the cotton allotment in order to qualify for the full cotton conservation payment. According to this information, the full cotton conservation payment will be made even though no cotton is planted in 1939. If the farm did not grow cotton in 1938, it will still be necessary to plant some cotton in 1939 in order to qualify the farm for the parity payment.

In order to establish a reliable yield average for a farm, it will be necessary that the County Office have on file gin tickets for each year since 1934 for every farm that has had the cotton acreage measured in each year since 1934. Producers are urged to deliver gin tickets to the County Office for these years at once.

R. DEE PRICE, Secretary  
Clay County A. C. A.

## Softball Teams Open Season With 2 Games

Tuesday night the Softball League got off to a good start. Two games were played and a large crowd attended, in spite of the cold weather.

The first game was a battle between Thaxton Brothers and Olsen-Stelzer, Thaxton's winning by the score of 21 to 17.

The second game was between K. of P. team and Independents. The score was 12 to 4 in favor of the Knights of Pythias.

Next Tuesday night there will be two more games played between Independents and Olsen-Stelzers, and Thaxton Brothers vs. the Knights.

These games are free to the public and are announced over a public address system. Everybody come out and enjoy these games.

## Granite Works Was Established Here

One of the oldest businesses in Henrietta and Clay county is the Henrietta Marble & Granite Works which was established in this city in the year 1891 by Lee L. Wells, Sr., and the business is still thriving "under the influence" with Winnard D. Wells, son of its founder, still acting as managing the business, which is now enjoying a very lucrative patronage from the people of Clay county as well as many from surrounding towns and cities.

On March 1 of this year, Wells formed a partnership with Claude B. Gates and the new firm has moved their Marble & Granite lots just east of the County Gates Service Station, where they will soon erect a new office building and work shop where monuments will be properly polished and inscribed to order.

The firm purchases their granite and marble in corload lots and thereby enabled to save their patrons sizeable sums on each monument purchased from them. Incidentally, the new partnership formed The Leader reporter that "We Will Not Be Undersold," thus it will always be to the interest of those needing a monument or marker for the last resting place of their loved ones to always call Messrs. Wells & Gates before they close any trade or purchase for these necessities.

Winnard Wells has been "raising in the business" since he has been assisting his father for many years in the conduct of the business, and since forming this new partnership with Mr. Gates, they have gone into the work with that determination which knows nothing but success.

## OIL NOTES

Clay county added a pair of deep tests to its number, both offsets of the L. T. Burns No. 1 Brownie producer southwest of Henrietta.

To the south, the Shell Petroleum Corporation's No. 1 Davis, in block 98, J. Belcher survey, is drilling at around 2400 feet, and offsetting the well to the east, the L. T. Burns No. 2 Browning in block 70, same survey, is drilling ahead at 220 feet.

Another wildcat, the Bridwell Oil company No. 1 Furd Halsell, in the W. C. R. R. survey, two miles north of Halsell townsite, and a 5800-foot rotary test, resumed drilling after several days shutdown due to repairs and is drilling at 4250 feet.

Should the Bridwell company hit a pay sand, and indications point to such a "strike," it would open up a field approximately seven miles in length to the Burns No. 1, and this is the hope of all concerned.

"The Mystery of the 15 Sound"—Van Powell.

"Captain of The Eleven"—Harold Sheman.

"Agent Nine Solves His First Case"—Graham Dean.

"The G Man's Son at School"—Harold Sheman.

**Give You Texas**

By BOYCE HOUSE

As Christian University, the comparatively small school which has won world-wide fame with its national championship football team this season, is facing a fight, if not a struggle, at least against being financially crippled. The facts as set forth by friends of the Fort Worth institution (of which all are proud) are:

1. T. C. U. is the owner of 100,000 acres in the panhandle of Texas, the world's greatest gas field. 2. These wells are in the sweet gas area, and are allowed to produce only for lighting and heating, and so the gas is being drained by those in the sour gas area where gas is used to lift oil and also to make carbon black. The sour gas zone, which is half as large as the sweet gas zone, is producing 25 per cent less gas.

3. It is proposed, through a bill introduced in the legislature, to allow the production of the T. C. U. wells though they are making less than what they would be permitted to produce if their market was larger. Yet they are to be allowed to share their market with the wells in the sweet gas district, though those other wells already produce more gas than the T. C. U. wells; and the pressure has been lowered in the other wells so they would drain from under the T. C. U. wells are located. No one would have the temerity to propose a measure to reduce by one-third the oil and gas revenues of the powerful State University in order to obtain its holdings for the benefit of others. Yet these lands are the endowment of T. C. U. just as the West Texas oil and gas lands are the far richer endowment of the University of Texas, and, if it had not been for the revenue from the gas wells, T. C. U. probably would have had to close its doors during the worst of the depression.

4. At different times, similar attempts have been made against T. C. U. and, five times, T. C. U. has won in the courts. And now a sixth attempt is being made in the face of a decision of the Supreme Court of the United States holding such a measure unconstitutional. Justice Brandeis declared that it was an attempt to take from the pipe-line owner the money lost through curtailed production of properties developed at large expense and to take from the landowner the money lost because of the drainage of the gas which T. C. U. would be forbidden to produce. The great liberal jurist summed it up in these ringing words: "Our reports present no more glaring instance of the taking of one man's property and giving it to another."

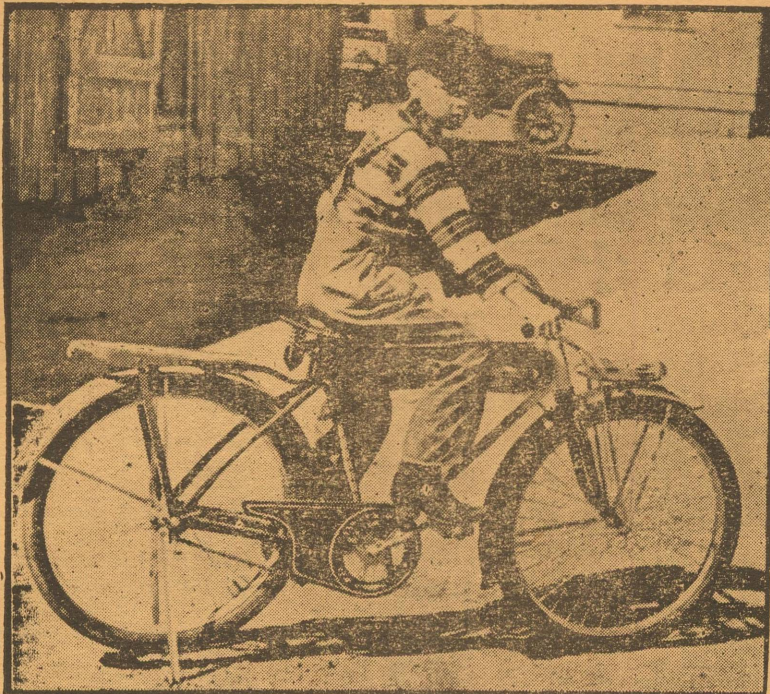

5. The board of Texas Christian University is appealing to all former students and to all members of the Christian Church to protest to their lawmakers. Friends of the university, even though small, are confident that T. C. U. will wage as great and as victorious a fight as its Horned Frogs did on the gridiron last fall.

Entry in our oldest joke contest: A judge asked the defendant, "Guilty or not guilty?" To which the defendant replied, "Ain't that what we've got the jury for?"

Then there was the man who was arrested for horse-stealing. After his lawyer had made an eloquent plea and the defendant had been acquitted, he asked, "Does that mean I get to keep the horse?"

**Boys Take to Wheels In Spring**

With the coming of Spring, boys take to the "bike." Barlow Weaver, Jr., is getting ready for a quick trip to tell Dad lunch is ready, —or is he ready to go fishing at the Country Club?

Recently the well-known political figure (who managed Jerry Sadler's campaign fractured his ankle. He has visitors to sign the plaster cast . . . Incidentally, with the anniversary of the battle of San Jacinto at hand, it is easy to understand why State Railroad Commissioner Sadler feels an even greater interest than most Texans; his great grandfather, Capt. W. T. Sadler had charge of the detail that conveyed the capture of Santa Anna from the battlefield to Galveston . . . National honors have been bestowed upon Tom C. King, State Auditor of Texas, who has been appointed to the most important committee of the National Association of State Auditors, Comptrollers and Treasurers . . . There is quite a bit of talk that Gerald Mann may run for the United States Senate next year. His colorful personality and the brilliant campaign he waged in winning the Attorney-Generalship, coupled with the weariness of the public toward life-time holders of office, point to a Mann victory.

Radio-man Elliott Roosevelt recently volunteered to act as a mediator between the newspapers of Texas and the Governor. Now Mr. Roosevelt himself is engaged in dispute with Governor O'Daniel as to whether Roosevelt network threatened to put O'Daniel off the air. I am sure, in view of his own gratuitous and officious offer to the press of Texas, Radio-man Roosevelt will welcome my offer, as a newspaperman, to serve as peacemaker between him and the Governor.

Harmony prevailed in both Houses when the famous-Pericone quadruplets of Beaumont played some accordion music. The day they played, April 5th., was the first day of the session that old age pensions was not the major topic. Two days before, the House held its first Monday night meet. Chairman E. H. Thornton, Jr., of Galveston, of the House Appropriations Committee, will very likely

be a busy man during the next few days as floor debate is due on general appropriations.

Swamped by operators and lawmakers' protests and tied up by at least on Federal court injunction a railroad commission majority this past week wrote its third oil production order for April, setting production at virtually the same figures that prevailed in March.

Of interest to loan firms is the recent report that Judge Ralph Yarborough, after hearing arguments of defendant's attorneys, declined to set aside a restraining order affecting 19 Austin finance companies, pending an appeal to the Austin Court of Civil Appeals.

Employees of the State who get white vouchers for their pay, have to discount them for cash. Austin banks and loan and warrant companies usually charge one per cent for the service. The employees thus lose many thousands annually. But appreciate the service not regarded as exorbitant.

The Kenedy ranch interests in Kenedy county were last week victorious in their court fight to prevent surveyors of vacancy claimants from entering the ranch to locate for 11,320 acres claimed to be State land. In another case, the Supreme Court upheld the power of the State Land Commissioner to execute mineral leases on vacancy applications in Polk county. The Court reversed a civil appeals decision, and ordered dissolved, an injunction that had restrained the land office from granting the leases.

Of interest to their many friends  
 was the announcement this week of  
 the marriage of Miss Imogene Jones  
 and Mr. Foy King.

The wedding was an event of  
 Monday evening, April 10. The sim-  
 ple impressive ceremony was read  
 by Rev. John Fulmer at his home  
 in this city in the presence of mem-  
 bers of the family and friends.

The bride is the attractive sister  
 of Mrs. Fritz Allen of our city and  
 has for the past year attended the  
 Henrietta high school. For her  
 wedding she wore a teal blue frock  
 with harmonizing accessories.

The groom is the son of Mr. and  
 Mrs. Claude L. King of this city. He  
 is a graduate of the Henrietta high  
 school and at the present time is  
 employed by the C. H. Parker Cash  
 Grocery Store here.

**JUNIOR DELPHIANS MET AT BRAGG HOME**

The Junior Delphian Club met Thursday evening in the home of Misses Ruth and Mary Bragg with Miss Mary Bragg as hostess.

The club being called to order, Mrs. Wayne Lefevre returned the themes to the members who participated in the recent theme contest. The club voted on the amount of the prizes. Miss Ruth Worthington was given first place, Miss Mary Bragg, second place, and Miss Ruth Bragg third place.

After the young ladies received their awards, Miss Jane Dugger, in a very clever and charming manner, read from memory the poem, "Sabotage."

Following the brief business session the club members extended their welcome to their new member, Miss Lois Loftin and to the guests, Mrs. L. G. Hagard and Miss Helen Arnesman.

Dainty refreshments were served to Misses Jane Dugger, Irene Wolfe, Helen Arnesman, Ruth Worthington, Mary Lee Hestand, Lois Loftin, Billie Jean Glasgow, Artelle Looney, Mary Ruth Elkins, Ruth Bragg; Mesdames Clay Simmons, R. J. Brown, Jr., Jim Koethe, Sine Christian, L. G. Hagard, Wayne Lefevre, Walter Robinson, Beckham Guthrie, Kenneth Slagle, and the hostess, Miss Mary Bragg.

The club's next meeting will be held in the home of Mrs. Sine Christian.

**POETRY CONTEST WINNERS NAMED**

Mrs. Lillie Graves was hostess for the meeting of the Wichita Falls Poetry Society at her home in Henrietta Thursday.

Mrs. Frank Michaux of Wichita Falls presided.

Mrs. Louella Thompson Rose of Dallas brought a report from the second district federation meeting, and Mrs. J. W. Akin reported the sale of "Oil Lamps" to the Progressive Farmer.

Mrs. Sylvester Karsteter, who served as judge and critic for the April Poetry Contest emphasized the two fundamentals of poetry, sincerity and sharing experience with others and advised poets to cultivate a large vocabulary in order to instill tones and shades into their writing. Mrs. Karsteter considered "With Faith," by Mrs. F. Michaux the best poem submitted with the April group, and second place was awarded to Mrs. O. P. Maricle for "Heartbeat."

Mrs. Michaux and Mrs. Karsteter were presented with a book of Grace Noll Crowell's poems by the hostess, and Mrs. Paul Merrill read "Homeward Bound," by Rev. Paul Merrill. Poems selected from the works of Henrietta poets were read by Mrs. Fred Cummings, and the program was concluded with a discussion and criticism of new poems.

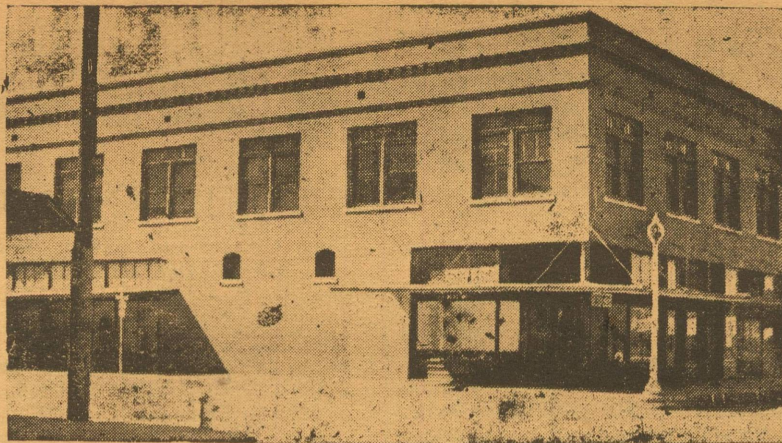

During the business session plans were completed for the spring luncheon to be May 11, at the Woman's Forum. Guest speaker for the occasion will be Miss Mamie Walker of the English Department of Texas State College for Women.

The hostess was assisted in serving by Mesdames Bob Pierce, Grover Thaxton, and O. L. Graves.

Those present at the meeting included Mesdames Paul Merrill, P. H. Boddy, L. G. Hagard, Sylvester Karsteter, Fred Cummings, John Fox; John W. Akin, Louella Thompson Rose, J. M. Thomas, W. M. Mitchell, O. P. Maricle, Frank Michaux, J. L. Elkin, Grover Thaxton, Bob Pierce, O. L. Graves and Lillie Graves.

Billy Neville, who is attending the Texas University spent his Easter holidays here with his parents, Mr. and Mrs. Will Neville.

**General Hugh Johnson On the Air**  
General Hugh Johnson, former head of the NRA, now a great columnist and authority on national outlook, said Tuesday night in his radio interview:—"War might come tomorrow, or it might never come for many years. It looks as though a misstep could plunge us into a serious conflict with Germany and Italy, and we be forced to sacrifice the lives of our American boys, as we did before, but my advice is to get out of it. Build such a strong army and navy that no foreign foe would dare think of attacking us. But we shoot the query at the disguised American—If France and England get into war with Italy and Germany are we duty bound to go across to their rescue? General Johnson answers—No! We paid all the debts we owed them in last war. He adds—"There are only three republics and twenty dictator governments to court for aid. Germany and Italy have been making overtures to them for quite a while, under the guise of protection." If Italy, Germany and Japan will only let those countries alone over there they might have chance of protecting themselves and asserting the independence of their own. General Johnson made a sensible talk and gave us food for thought.

The State Clean-Up, Paint-Up campaign is now on. The Mayors of Henrietta, Bellevue, Byers and Petrolia, (and this includes Mayor Bevering of Charlie.) urge that you paint-up, clean-up and beautify your premises and towns. Help make the place you call home more attractive.

President F. D. Roosevelt really went to town in his broadcast today (Friday at 10 o'clock.) The peace and right to do as we please is not secure so long as stronger nations of Europe oppress the weaker ones. He went on to explain our position, which you will find in tonight's papers. Germany reiterates it has already gotten back the property it lost during the war. But will that satisfy them? If any one has your property, it is your duty to get it back. But will that stop the war? President Roosevelt made it plain that the English people of the world, and that means America, will not stand for those foreign nations to be constantly at war, and wants it understood we are for peace of the world—even if we have to fight to realize it.

## Alumni Banquet To Be Held May 12th

The Alumni banquet will be held Friday, May 12th at 8 P. M. in the High School auditorium.

We have checked over the list of out-of-town members and find that the addresses are several years old. Any relatives or friends of these graduates kindly call Harry Olsen or John Louis Koethe and give them their new address, as it is very important that we send out invitations immediately. We ask your whole hearted support in this, as we want to work out a good list and be certain that every alumni member is contacted and invited. The only way that this can be accomplished is for those of you who know these members, call and give us their addresses.

Our program committee is now at work and I am sure that this year's entertainment will be an outstanding event.

Advanced tickets will be sold for the banquet and reservations positively will have to be made in order to attend. It is necessary to know just how many will attend to properly prepare to served everybody. And, incidentally, we are going to have a fine meal.

The executive committee has voted the that the tickets will be 75c per plate and if you are not contacted by the committee, kindly send in your reservation to John Louis Koethe, Harry L. Olsen, Mrs. Grover Thaxton, or Mrs. Wayne Lefevre.

Chief Justice Charles E. Hughes of the U. S. Supreme Court was 77 years of age last Tuesday.

Mr. W. C. Parrish of New London was in town shopping Wednesday.

## JUST CRUISING

(By the Captain)

Easter was a beautiful day and everybody enjoyed the wonderful sunshine throughout the entire day by attending services of their choice and then spending the remainder of the Lord's day within the confines of the family home with loved ones gathered, many of them from far and near, or in many instances by going here and there to visit with old friends in other points. It was truly a day for rejoicing and we wonder if there were any who could but realize that the day was the Day of the Resurrection?

Many splendid addresses were to be heard over the radio and in the various pulpits throughout the entire country on last Sunday morning,—Easter Sunday! One of the most interesting such services over the radio was the regular Sunday morning broadcast by Governor W. Lee O'Daniel from the governor's mansion in Austin. We have heard many fine sermons on The Resurrection and many splendid programs touching this great event, and the day celebrated each year of its anniversary, but we have never heard a more appropriate address or music more fitting the great day than the broadcast from the mansion. The governor might be accused by those who disagree with him on seemingly every matter of state importance of using his great office for political purposes on most such occasions, but in his Easter Sunday morning broadcast he surely cannot be so charged, save and except possibly by hypocrites. One could not fail to appreciate the program from beginning to end, and whether or not former governors have broadcast over the radio each Sunday morning, such programs as the one heard last Sunday will not lose any friends for the governor of Texas. Everyone who heard the program surely must have enjoyed it to the fullest extent.

During last Sunday,—Easter Sunday,—did you pause in your day's activities and thank your Creator that you were living in the good old U. S. A? How would you have liked to be living for the day in Albania, in old Czechoslovakia, in China, in Ethiopia, or a dozen other lands now under the domination of a dictator? Had you been living in one of these named or a dozen others in the old country, you would not have been privileged to enjoy the day as you did here. Think it over!

House Bill No. 109, now before the Texas legislature has for its purpose the giving of the right to first patent land discovered as a vacancy to the landowner who during all the time prior to its discovery has labored under the impression that he has owned the land in question and has paid taxes thereon. This Bill will most likely be passed, and should be. There is an instance here in Clay county of such a happening, and if passed, the law would give the landowner the right to secure clear title thereto over all other claimants. It is said the state teachers association is seeking the defeat of this Bill and want the land or proceeds therefrom to be placed in their retirement pensions. This would hardly be fair to the landowners, but instances where the land had originally been placed in the public school lands it was later discovered some of these lands were discovered to be vacancies, then in such cases it

would be most appropriate to have such lands restored to the public school lands, regardless of who might then be claiming credit therefor. This subject will most likely be completely cleared up prior to the adjournment of the present session of the legislature.

Already press reports are full of news concerning the nominees for president and vice-president on the two major party tickets in 1940. Vice-President Garner of Texas seems to be getting most of the favorable comment at this time, with Postmaster General James A. Farley as his running-mate for the vice presidency. President Roosevelt has yet told his closest friends just what he expects or intends to do about a third term. World conditions, right at this time, might mean the president will run again, and most surely he would if the old world countries were again engaged in war at the time the conventions are to be held. On the republican side of the issue, District Attorney Thomas E. Dewey of New York has the inside track. However it is a long time away to the conventions and much could happen in the interim to change the whole picture. But just at the present, it seems to be these leaders taking the spotlight.

The Spring Clean Up, Paint Up, Fix Up, Plant Up, season is again here and many are taking advantage of the time to give their property and premises a retouching here and there. It is wonderful how a little paint can and does change the looks of a residence, and is a guaranteed benefit to any property. Our home city is looking much better, and as the days go by it will look better as others improve their homes by painting them by cleaning up their premises, by planting flowers and shrubbery here and there! Let the good work continue.

It begins to look now like Europe will soon be engaged in war unless the dictators or the democracies back up. Britain and France have pledged aid to Poland to protect its present territory, while Russia is lending all possible aid to Poland through the medium of supplying her with raw materials needed for making ammunitions. Hitler has had his foreign representative warn Poland that if she signs such an agreement with the democracies, it will surely cause a conflict. Thus it stands, and time only will tell the final outcome.

His steps grew weak and slow before he had to go; I'll hear evermore, Those footsteps on the floor.

He used to sit each day And watch the school children at play; He loved each noisy shout— And grieved when school was out.

Oh, Dad, why did you leave? You tried so hard to stay; We're left here now to grieve, Because you've gone away.

SINGERS TO SING THIRD SUNDAY AT BLUEGROVE

The Clay County Churches of Christ Singing Convencion which meets the third Sunday in each month, will meet at Bluegrove, Sunday, April 16th.

BLUEGROVE CITIZENS SECURE COMMUNITY SERVICE LOAN

Dallas, Texas; April 5.—A community service loan for the purchase of a purebred jack by T. L. Plemons of Bluegrove, has been approved by the Farm Security Administration, C. M. Evans, regional director, said today. The services of this sire will be available to a group of neighboring farmers who signed an agreement to participate.

Twenty other loans of a similar nature were made in Texas during March, Evans said. Twelve purebred sires, three tractors, a row binder, an ensilage cutter, a corn binder, a hay baler, a mower, one grain binder, a grain combine, a cotton duster, a power-driven wood saw, and a hammar mill were purchased by farmers in communities where such services were not already available.

While such loans are made only to those farmers who are eligible as FSA borrowers, the use of the facilities so provided is open to all farmers in the community who agree to participate, the regional director explained. Requests for such loans are being received by Vernon B. Pyle, rural supervisor for FSA at his office in Bowie.

Doss School Enjoyed Easter Egg Hunt

The Doss School and community enjoyed an Easter Egg Hunt, Monday, April 10 at 4 p. m. The pupils furnished the eggs, and the ladies of the community hid the eggs.

The signal blew, and the hunt began, and did they enjoy it? They certainly did. When the eggs were found, the prizes were awarded to Wilma Naylor, Arnold Lawson, Wilma Bramley and Owen Twain Adams. Then the eggs were all put together and divided among the children.

Preceding the hunt, the pupils were given a treat by the teachers. After the hunt we all went home. All enjoyed the treat and hunt very much.
