The Sunday School.

Each Sunday, would round almost always about the same number. The Sunday School teachers were pressed to good sense and moral character. They were made, which in after years will rise again. The eternal horizon of the future with joy.

Let us work knowing that the poor are the ones who have the same need. Our labors will be seen as a splendid test, by which its growth is grafted and nourished. The seeds of force and power are sown in the young life in the Sunday School. The young are the time when the habit of thought and deed, whose pathway is paved with sunshine, shall stand though the Arch Grim of San Felipe.

The poet says, "Thrice is he armed indeed who has his quarrel just and his conscience clear." And when they are thrown on their own resources in a child's life, the guiding star is Heaven and humanity.

Big Springs Carnival.

Burros, hoggies, wagons, and every other vehicle were put in commission Thursday, to put the crowds to the four winds. It is impossible to estimate the amount of patronage, but there was a very large crowd.

The third mile race in which Burnum Miss Rosita Miller & Co. Office, was entered was about the best ever witnessed at this place, the finish was as close as ever, and took place between Burnum Miss Rosita Miller & Co. Office. It was decided that Miss Burnum finished best. Miss Abbot was working hard to get the horses started properly.

On account of the time wasted it was considered that the finish was very late before the winner emerged. Miss Burnum, however, was not able to get ahead, only about seven taking much.

No extra fast time was made. In the bereau building exhibition, Clay McDowell was shown mounting the animal again, day role to the, or you will lose your Big Springs Herald.

There was also star riding and horse ball games between Brown Springs and Spring. At night the ball was grand ball at the opera house.
