

RADFORD'S SPEECH.

Dallas Texas, Oct. 5th.—What Texas farmers really need above everything else is the co-operation of business men in financing and marketing cotton for a just price, argued Peter Radford, president of the Texas Farmers Union, in an address before the annual meeting of the Commercial Secretaries and Business Men's Association of Texas. Radford's subject was "The Relation of the Business Man and the Farmer." He emphasized that men with money can do more to abet the prosperity of the business man and the farmer alike by spending less toward educating the farmer in the sciences of tillage and cultivat-

ion, and more toward aiding the farmer in getting better returns on his products.

When cotton brings a good price, he said, it spells prosperity both for the business man and the farmer; therefore the business man, in working for higher prices, would work for his own prosperity.

"Collectively," said Radford, "the farmers do not need the advice of business men on how to produce a crop. As a class they understand scientific methods. The real problem of the farmer is how to sell his product. If the business men and merchants want to do something to solve that problem, let them lend their co-operating finances and influence to finding or creating a satisfactory market for cotton. If there is to be any effective co-operating between business men and farmers this is the channel through which will flow the results that will rebound to the interests of both.

"Cotton is a gold product. It means more to the South than gold does to Alaska. Yet all our ability to pay is based on gold, though the price cotton brings determines about ninety per cent of our ability to meet our credits.

"Cotton should be our basis of credit; the south's money should be held in the south and used to finance the cotton crop. The price of cotton should be fixed by the best intelligence among farmers and business men. It should not be fixed by gamblers with the co-operation of our business men. Business men should lend their money and their influence to the farmer instead of cashing exchange from other sources.

"With the proper backing the farmer can fix a reasonable and stable price for their cotton. They are entitled to that much, that is all they want, and they will never be satisfied with less.

"Taxpayers, producers and

consumers alike are complaining that something is wrong today. Who is to solve or remedy things? Not the farmer alone, nor the merchant, nor the mechanic, but the best brains of all classes must co operate. The farmer must get pay for the wealth he produces. The welfare of every man—property owner, mechanic, common laborer—must be looked after.

"But the prime foundation of Southern prosperity is cotton, so when co-operation brings the farmer a good price for his cotton, not only the farmer, but every citizen of the South shares in the benefits. Cotton thereby furnishes the tone and strength for all interests in the South. Then farmers should have the backing of all interests in selling at a just and equitable price.

"The Farmers' Union as an organization was not formed to destroy or injure any legitimate interest or business. We are sometimes misunderstood by

Cotton is truly on the move in Terry these days. We have noticed several bales going to the gin this week.

AN AGED CITIZEN

PASSES AWAY.

One of the Most Highly Respected Landmarks of Terry County Dies at Larane.

The good Lord told man away back directly after the deluge, when eight hundred years was an average life, that henceforth three score and ten years should be the number of his days, and He fully expected and knew that man could attain the limit, barring accidental causes. But he made a condition and this condition was simply to obey your parents in order to attain an old age. To fully obey ones parents it is very necessary to heed their injunctions appertaining to the laws of health and nature, and they in turn, are the laws of God for he is the Lord of all creation. The subject of this sketch had reached the mile post assigned

him, as he liked only a few more months of being seventy. James Nelson Groves was born near Springfield, Ark., 69 years ago last April, but was brought to Texas in early childhood. He married Miss Harriett Parks in Lampassas county in early manhood, and they have spent a long and happy life together, most of the time on the frontier. When war broke out between the States, he volunteered in the cause of the Confederacy and made just as true a soldier in the cause of his country, as since for his Lord. He joined the Methodist Protestant church early in life and has long been a minister of that denomination, working for the cause of Christ among the frontier people, receiving but meager compensation for his ministerial labors, but he knew how to till the soil and herd the flocks and has accumulated quite a snug little fortune by the sweat of the brow.

Bro. Groves had been in ill health for nearly two years, but

he was truly a great old man, well beloved by all his neighbors a true husband and a kind and indulgent father. Herald joins the many friends of the family in sympathy in their dark hours of grief and can only point to the Comfortor who said: "I am the Way, the Truth and the Light."

EXHIBITS ARE PRAISED

Are Attracting Attention. Receive Favorable Notice of the Dallas News

The following clipped from last Monday morning's Dallas News, shows conclusively that Terry and Yoakum county exhibits are attracting much attention and that our representatives are doing their duty:

"Terry and Yoakum Counties, also near New Mexico, have united in sending a strong display to the Fair under the direction of J. T. Gainer and W. M. Howard. Large, luscious apples, melons, peaches and other fruits of this year are shown. Sweet potatoes, corn, feed grains, peanuts

and peanut hay, onions and cotton make the visitor forget that he is gazing on the crops of one of the very newest sections of Texas, all of the land in these counties, it is said, is tillable and capable of producing any kinds of crops. Corn has yielded from 20 to 35 bushels per acre. One stalk is shown with three ears on it. Judging by their exhibit, the farmers of these two counties are opening up their new land with the new principles of diversification well in mind."

Married Sunday Morning.

Mr. Emory Butler and Mrs. Annie L. Baber was united in marriage by Rev. G. B. Overton, Sunday forenoon Oct., 1st, at 10:00 o'clock. The parties to this marriage have lived in this city and Lubbock county a number of years and have a large circle of friends to wish them the very greatest measure of happiness in their future journey together through life.—Lubbock Avalanche.

If being broke in London is any worse than being busted in Texas, then Jack Johnson must be a melancholy coon.

Right now is the time to begin talking the next fair. There has already been three at Gomez, the last one always for superior to its predecessor. It is now up to Brownfield to do the same by it next year. Not only must we talk, but we must work as well. All prayer and no faith availeth nothing, but a combination of the two make a sure go.

Commissioners court will be called together in extra session in a few days to have some more work done on our end of the Tahoka road and also to see about the purchase of a large grader, which will carry the dirt. The splendid buildings of the Roman empire have fallen to decay, but her good roads still remain a lasting monument to their advanced civilization.

There are now four avowed candidates to succeed Senator J. W. Bailey. Ball and Walter should be eliminated on account of their recent prohibition contest which they are almost sure to bring into the senatorial contest. Shepherd is a good man, a fluent Woodman speaker and organizer, but his statesmanship and executive ability are woefully lacking. There is only one man fully able to fill Bailey's shoes and he is just as clean as he is able. C. B. Randall is the only one in the race for a strict Democratic vote regardless of sect, prohibition or fraternal affiliation.

President Ratford of the Farmers Union, made one of the best speeches delivered at the recent meeting in Dallas of the Commercial Secretaries and Business Men's Association, and it is reproduced in this issue of the Herald. We want every farmer and business man in Terry county to read it. He hits the nail square on the head in regards to the general misunderstanding that exist between the farmer and merchant, banker and others, which should be more firmly united in order to the more rapid development of Texas.

Messrs. Blankenship and Chambers, of Takoka, were over this week looking over the Tahoka road with a view of bidding on the work to be let when the Commissioners meet. They were very optimistic over the possibility of making a good road. Upon seeing a Herald with a big lot of

“I had been given up to die by three of our best doctors, I could not stand it to be on my feet and I was so swelled in the abdomen I could hardly breathe. But thanks to Dr. Miles' Heart Remedy and Nerve I am able to be about the streets, a walking advertisement of the curative qualities of your remedies, although I am 70 years old.”

JOHN R. COCHRAN, Lewistown, Ill.

Better than any statement we could make regarding the value of Dr. Miles' Heart Remedy are these words of Mr. Cochran. He speaks from experience, the highest possible source of knowledge. If you have any of the signs of a weak heart, such as pain in the left shoulder or arm, fainting and hungry spells, shortness of breath, smothering spells, fluttering or palpitation of the heart, you need

Dr. Miles' Heart Remedy which for over twenty years has been recognized as the best preparation of its kind to be had. Sold under a guarantee assuring the return of the price of the first bottle if it fails to benefit. AT ALL DRUGGISTS. MILES MEDICAL CO., Elkhart, Ind.

Citation by Publication

THE STATE OF TEXAS
To the Sheriff or any Constable
of Terry County-Greeting:

You are hereby commanded to summon the unknown heirs of Ambrose Alexander and the plaintiff Mary V. McCoy by making publication of this Citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 2nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said Judicial District, to appear at the next regular term of the District Court of Terry County, to be holden at the Court House thereof, in Brownfield, on the 5th day of October, A. D. 1911, the same being the 30th day of September, 1911, then and there to answer a petition filed in said Court on the 8th day of September, 1911 in a suit, number on the docket of said Court No. 179, wherein M. D. Jno. M. Brabson and Robt. Holgate are Defendants and said plaintiff alleging that on or about May 1st A. D. 1910, plaintiff was lawfully seized and possessed of the following described land and premises situated in Terry County, Texas, to-wit: Survey No. One Hundred and forty five (145) in Block D-11, surveyed by virtue of Certificate No. 52 issued to the Denison and Pacific Railway Co., patented to F. W. Coby by patent No. 6, Vol. 57, dated April 26th, 1880, further known as Abstract No. 27, holding the same in fee simple. The said defendant, M. D. Jno. M. Brabson and Robt. Holgate, unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withheld from plaintiff the possession thereof, to his damage, \$500.00; that the reasonable rental value of said land and premises is

\$2.00 annually. Plaintiffs petition endorsed as well to try title as for damages.

Plaintiff further alleges that he and those under whom he holds have had and held peaceable, continuous and adverse possession under title and color of title from and under the State of Texas, of the lands and tenements heretofore mentioned, for more than three years next before the filing of this suit.

Plaintiff further alleges that he and those under whom he holds and whose estate he has claiming the same under deeds duly registered and paying all taxes due thereon, for a period of possession of the lands and tenements aforesaid, cultivating, using and enjoying the same, and more than five years next before the filing of this suit.

Plaintiff prays for citation and for judgment for title and possession of said lands, for writ of restitution, for rents, damages and costs of suit, and for general and special relief, etc.

Herein filed Not. but have before said Court, your return thereon, showing how you have executed the same. Witness T. J. Price, Clerk of the District Court of Terry County.

Given Under my hand and the Seal of said Court, at office in Brownfield this the 8th day of September, 1911

Simeon O'Neal passed through Brownfield Tuesday on his way to Yoakum county, where he went to look at a section of land. While in town he gave the Herald a nice ad which appears in this issue.

The rapid tattoo of the hammer with the rasping saw is a merry accompaniment to the deep rumble of farm wagons on our streets, laden with cotton, corn and feed. We are a busy and prosperous people these days.

Owing to such scarcity of labor, many of our farmers have stopped their children from school in order to help harvest the crop. It's bad to stop the boys, but it is almost a sin to let the big feed crop waste.

Rev. Kerby preached to a good sized audience in Brownfield Saturday night and Sunday a. m. and at Gomez Sunday evening. He began a protracted meeting at a J-Cross Sunday night.

Such a transformation has occurred on the old Holden building that it takes a second look to convince one that it's the same building. Now if Judge Spencer will let the good work go on to the Herald building so much the better.

V. E. Hargett accompanied by T. M. Jones and the Herald man, made a trip out to Mr. Hargett's place last Sunday where we saw fine crops, raised by Rev. J. H. Hill, and some fine horses belonging to V. E. Hargett.

The Three Great Channels.

Every human being—man, woman and child, hero and convict, neurotic and deep sea fisherman, athlete and invalid—needs the blessing of God through three, and only three, great channels—responsibility, recreation and affection; work, play and love. With these any life is happy in spite of sorrow and pain, successful despite the bitterest failures. Without them a man breaks his heart, severs his conscious connection with God. If you want to keep a headstrong, fatuous youth from overreaching himself you try to give him responsibility, recreation and affection. If you want to put courage and aspiration into the gelatinous character of a street walker or your labor to furnish just the same trio—work, recreation and affection. In every case the healing power which you want to give is real life, and real life means just these three things. The same needs are fixed for all of us and the same all sufficing bounty in the supply if we can get and keep in touch with it—Atlantic.

Mico For Whooping Cough.

A fairly alarming relic of medieval nostrums came to my notice recently. A mother was discussing with her housekeeper the probability of her children taking whooping cough, which was then prevalent in the community. The housekeeper, a most dependable, valuable helper, of more than average good sense and judgment, said: "Mrs. Black, if you'll let me I can keep your children from having whooping cough. I've kept lots of children from having it, but I wouldn't do it without telling you first."

"Well, Martha, what is it?" "You catch a live mouse and kill and dress it and stuff it and bake it and feed it to the children. It isn't bad to take, and of course they don't know what it is. That would spoil the charm."

To my friend's exclamation of horror she replied with conviction, "I've given it to lots of children, and never one of them had whooping cough."—Mary Newell Youtz in Designer.

When Wagner Died.

"Nearly all the visitors to Venice," says a letter from that city, "go to the Vendramin palace to see the place where Wagner lived nearly a year and where he died in February, 1883. We who were here on that glorious spring day when they bore the master away, who remember the long line of mourning barges, wish that the palace could have among other mementos a picture of that occasion. The great state barge contained Anton Seidl's orchestra, and after it came barges with singers, nobles, great men and women, all in deepest mourning. This is the scene which some artist should fix on canvas. But, alas, he who saw it could never know what it represented unless he had been here at the time. The music, under Seidl and Neumann, and its effect on the mourning through no brush could portray."

Last Revolutionary Survivor.

The last survivor of the Revolution of the Revolution was John Gray, who died in Noble county, O., aged 104 years, on March 23, 1898. He came to the Buckeye State early in its existence. For some years before he died he drew an annual pension of \$500 from the government. General John A. Bingham having got a special act through

Congress for this. Gray's father was killed at the battle of Stillwater and he took his place in the army, being only sixteen years old then. He served through the remainder of the war. His military record is on file at the office of the state commissioner of soldiers' claims.—Columbus Dispatch.

The Bull of Perillus.

Perillus of Athens is said to have invented for Phalaris, tyrant of Agrigento, 570 B. C., a brazen bull which opened on the side to admit victims who were to be roasted by the fire which was built underneath. The dying groans of the sufferers resembled closely the roaring of a mad bull. Phalaris greatly admired the invention and by way of test roasted the inventor first. Later the populace rose in rebellion and burned Phalaris.

Progress.

"I notice a lady has received by wireless a prescription from her doctor at sea."

"What was it?" "Told her to brace up and she would be O. K."

"Well, well. Here's a case of drugless treatment by wireless prescription for a sickless illness. What an age we live in!"—Philadelphia Ledger.

Small Things.

We are too fond of our own will. We want to be doing what we fancy mighty things, but the great point is to do small things, when called to them, in a right spirit.—R. Cecil.

Some farmers say they have no use for the experiment stations, or they care nothing for practical information, but the man who keeps posted and is always trying to get something better to improve his farm and stock is the man who gets the price for what he has to sell.

The Development Dollar.

There is no part of our circulating medium so important to our progress as the development dollar. It is the empire builder. It is the most active, generous and peaceful of our legal tender and it is constantly seeking to develop our latent resources. It opens our mines, builds our factories, our railroads and our large industrial enterprises, and it is always a busy dollar.

Its inordinate desire for activity and its forgiving spirit makes it a target for legislation and rather than lie idle, it will submit to most any legislative handicap and plead guilty to most any charge, provided it is permitted to return to its appointed task without delay. Its generosity makes it the most popular dollar in circulation for where ever invested, it makes a free and equitable distribution of values to adjoining property. It wields a powerful influence in civilization. It has forced governments to sign treaties of peace and at its bidding nations have sprung into life or sunk into oblivion.

Its presence in a country is a sure sign of prosperity and its absence a most withering blight. Trace our development dollar to its source and we have located the money centers of Europe and America and we are drawing from them a million dollars per day and putting it into the industrial life of the State. The domestic dollar can never develop Texas. It is already at work, at least as much of it as cares to labor. A dollar that withdraws from one investment and embarks in another has added nothing to the volume of our circulation medium or increased the amount of our property. It is the foreign dollar that adds volume and brings new property into the State. Property is the basis of prosperity and a dollar that moves into the community brings with it as much community prosperity as the dollar taken from the soil. We must look to the foreign dollar to build Texas. There is no other way.

Them Abilene jurymen have
been giving out dark hints on
one another since they came
home. Some heard thieves and
peculiar noises in adjoining rooms
at night. One run a hot box in
the court house. One went un-
der a non de plume while flirting
with the news girls, and still an
other almost slept and took his
meals at the vaudeville shows.
One talked of a big hoss ranch
and another kept giving out his

Lady Glad She Followed
Suggestion.

Newburg, Ala.—"For more than a
year," writes Myrtle Cothrum, of this
place, "I suffered with terrible pains in
my back and head. I had a sallow
complexion, and my face was covered
with pimples. Our family doctor only
gave me temporary relief.
A friend of mine advised me to try
Cardul, so I began taking it, at once,
and with the best results, for I was
cured after taking two bottles. My
mother and my aunt have also used
Cardul and were greatly benefited.
I shall always praise Cardul to sick
and suffering women."
Cardul is a purely vegetable, per-
fectly harmless, tonic remedy for wo-
men, and will benefit young and old.
Its ingredients are mild herbs, hav-
ing a gentle, tonic effect, on the wo-
manly constitution.
Cardul has helped a million women
back to health and strength.
Have you tried it? If not, please
do. It may be just what you need.

GOMEZ DOTS

The young folks enjoyed an ice cream party and social party at the home of Mr. and Mrs. Geo. Black, on last Saturday night. All present reported an extremely pleasant time.

The singing at the Hotel Sunday night was well attended and was enjoyed by all present.

Mr. Rufus Lanier has been stopping at the Hotel several days this week.

Mr. Cherry of Harris, was in town trading this week.

Ennis Ware brought in a bale of cotton Thursday.

John Hays was in from the ranch Thursday.

Walter Gainer did some quick traveling Wednesday. He started from Plains that morning and carried a load of passengers to Lubbock and came back here that night before bedtime.

Oscar Adams left for Lubbock Wednesday with a load of cotton bales and will bring back a load of freight.

Miss Mary Pullium returned to her home at Plains last Saturday evening, after more than a month's visit to her Terry county friends.

Rev. W. F. Kerby preached an excellent sermon here last Sunday evening after which he went on to the J-Cross community, where he is now holding a meeting.

Rev. Lovelady, of Plains, came in Wednesday, and is now visiting his Gomez friends.

Judge Neill and Dee Brownfield, were here Monday.

Mr. Watson, of Plains, has been circulating among his Terry county friends this week.

Rev. M. D. Williams and wife, passed through town Thursday enroute to his land, 8 miles South of town where Mr. Williams is going to put in a farm.

Gomez rent houses are full, and still more people wants houses. Our splendid school is sure having a good effect on our town.

Every body is busy at work helping to gather the crops, and the constant call for hands to help pick cotton, proves to those who wants employment need not leave the Plains.

The norther of Wednesday night, brought quite a lot of sand with it, but the potato and tomato vines in gardens around the square are still unkilld.

West Wind.

Primrose

After some delay, I'll try and scratch up some news. Every body is busy picking cotton. Lee Cowan has out six bales and says he will get ten and maybe more.

Sam Moorehead has two bales out; also Messrs. Lees, Dickenson and Blankenship.

Quite a crowd of young folks met at Meadow, Sunday and had singing. There will be singing every Sunday evening.

We have learned that Mr. Oscar Boyd has purchased the H. Long place and will move there as soon as Mr. Moorehead vacates.

Mrs. Harry Copeland has returned home from Clarendon, where she has been for the last two weeks visiting her father

Texas Needs Great Men.

VI. BUILDING.

CAESAR built the Appian way and advanced Roman civilization to the zenith of its glory; Pericles found Athens a city of mud and left it a city of marble. Trace all the world movements for progress to their source and we will find a great man. The inspired thought of our builders has moved the wheels of civilization since the beginning of creation and the dawn of a glorious development that will illuminate the universe awaits the appearance in our state government of men who are builders.

THE APPIAN WAY.

We need empire builders who can civilize our virgin soil, organize the untamed forces of progress and give to raw material the touch of genius, as well as traverse the State with macadam highways, gird it with bonds of steel, improve our waterways, make the State throb with industrial life and build a thousand cities. Texas needs great men.

and mother.

Mr. Andy Lee came in from N. M., Monday, where he has been hunting cotton pickers. He was lucky enough to find them. He has ten bales open in the field now.

Mr. Tom Baber is working for Harry Copeland.

All the young folks are proud to have Miss Helten Lundy in our neighborhood, especially the boys. They have a grin on their face from ear to ear.

Berlin Dickinson made a business trip to Lubbock last week.

Miss Dollie Duke spent Sunday in Meadow. She brought Mrs. Pullium up from Brown-

field, where she had spent the week.

Floyd Pycatt and wife returned Monday evening from Yockum, where they went to visit Mrs. Pycatt's parents, Mr. and Mrs. Tow.

Jones County News.

The program for the farmers now is cotton picking. Some are over the first picking. They pay \$1. per hundred for picking and can't get enough hands at that. Cotton in the Stamford country is sorry but the Southern part of the county crops are good. Up to Friday night, Sept. 29th, Anson's cotton yard's had weighed up 2,842 bales.

Some sickness near Sunny-side; Mrs. J. C. Ralley is real sick at this writing.

Mrs. Walter Osment is confined to her room with an attack of indigestion.

Mrs. C. W. Flynn is able to be out again after three or four weeks illness.

Mesdames, Jim Jones, Sheet Flynn spent Monday afternoon with Mrs. Walter Osment.

Miss Ruby Appling and little brother, Joe, has been on the sick list.

J. E. Robertson and little grandson, have gone to Rotan to visit his son-in-law, Dave Haral.

Miss Lou Robertson, of Hamlin, is visiting her niece, Mrs. Howel Greenleafs.

D. A. Kinser of Dallas, is expected to visit the Osment home this week. He is an old Bradley county Tenn., boy.

Miss Maude Appling has returned from Rule, where she visited her cousin, Geo. Russell and wife.

Walter Osment returned a few days ago from Corpus Christi, where he went with an emigrant car of Mr. Grimes'. While there he visited his Uncle, S. A. London. He reports Mr. London making 250 or 275 bales of cotton. That sounds mighty good to these dried out Jones county farmers, but we don't see Walter selling out to move; guess a mosquito bit him.

Joe Grimes and family, have gone to Corpus Christi to make their future home.

W. R. Adcock, and brother Willis, have each sold their farms and will move back east.

Elmo Link and Miss Charm Pool, Henry Osment and Miss Anna Flynn attended prayer meeting at Tuxedo Sunday night.

Miss Frankie Osment took dinner with Miss Maude Appling Sunday.

Ross Hause and wife, called at the Osment home Sunday afternoon.

Wm. Taylor and son, Syd, have returned from Cook Co., where they went prospecting.

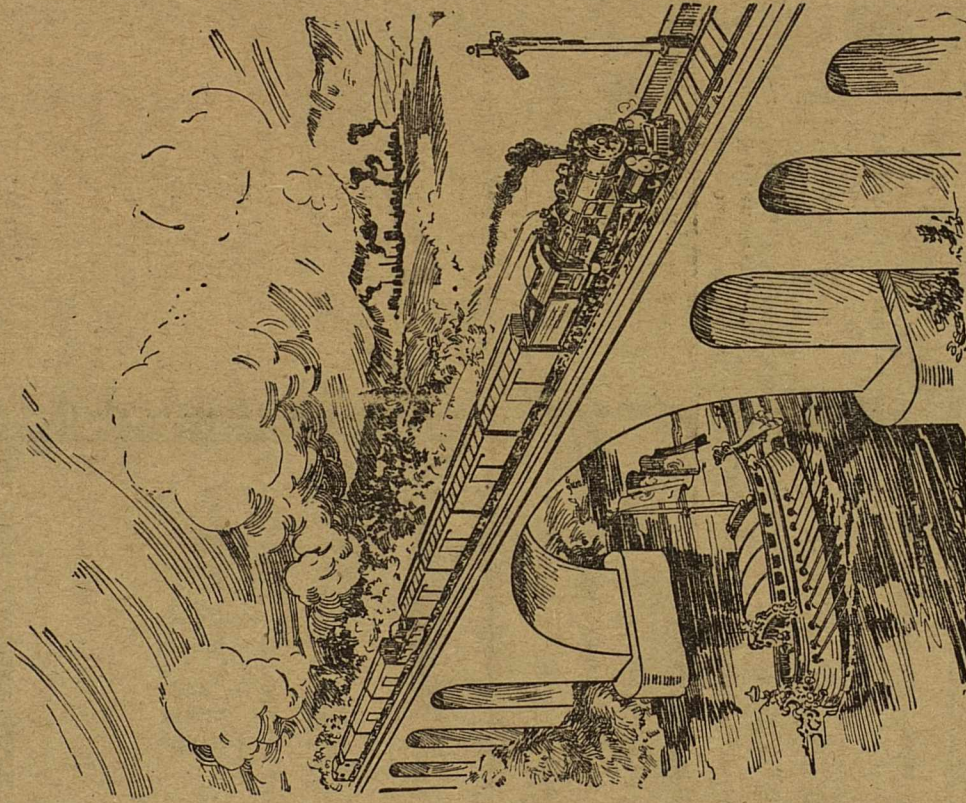

Wm. Taylor had the misfortune to lose "old Rowdy" his family buggy horse.

Mr. Editor if you will come and bring your better half we will try and feed you up on snap blackeyed peas and chicken. Chatter Box.

TEXAS NEEDS GREAT MEN

V. PROGRESS.

GREEK civilization gave us the arch and made it possible to build structures that support great weights. The Phoenicians made the first boat and the Harbor of Phoenicia became the birthplace of the navies of the world. Since the beginning of creation, we have depended upon men who can build for our progress. We need in State government builders who can construct an arch strong enough to support the ponderous machinery of Twentieth Century civilization and create conditions that will make Texas the birthplace of the world's progress.

THE BIRTHPLACE OF PROGRESS.

Nature has given Texas the framework of a magnificent civilization and poured the riches of the universe at her feet. Our rivers, lakes, valleys and hills are a triumph in creation. God has done everything He could for Texas and we now await the master hand of government to awaken to vigorous activity the wealth, talent and enterprise of the people and to raise our civilization to magnificent heights of progress and bring glory and renown to our citizenship. MRS. MCGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good. One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui. Such testimony from earnest women surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

An Explanation

Several times we have taken pains to explain that the Herald charges churches, societies, etc., high prices for all advertisements, where an admission is charged or where any revenue is being derived, but it seems there are some who do not understand it. We do not charge for Sunday school, preaching or church society notices where no revenue is asked. We hope this explanation is sufficient.

GOMEZ DOTS

Quite a large crowd attended the Fair both days. There was plenty of dinner on the ground Saturday for everybody, and the exhibits were good enough that we were perfectly satisfied and that is saying a lot. Anyway, please tell us the name of the county that beats us; we want to go.

Joe Lane and family left for a visit to his parents at Cisco, Wednesday.

Mr. Dawson, of Knowles, N.M. passed through with a fine bunch of beef cattle, this week.

Mr. and Mrs. A. P. Seitz are down at the farm this week.

Mrs. Copeland will take charge of the Glover hotel, Friday.

Mr. Glover has moved into the little cottage southwest of the hotel.

Mrs. Lee Thompson was trading in Gomez, Wednesday.

John Hays was in from the ranch, Wednesday.

Mrs. Jake Adams was visiting and trading here Wednesday.

W. C. Mathis and W. M. Yeats have gone to East Texas, La., and Ark., with a big lot of horses.

Our gin is now running and its hum is a pleasant break in the sound of wind singing through the phone wires.

Rufus Lanier, wife and little Virginia, of Plains, came over to the Fair, Saturday and remained till Monday noon.

J. T. Gainer and family, came over from Plains and took in the Fair, returning home Sunday. He passed through Tuesday on his way to the Dallas Fair.

Born to Mr. and Mrs. Robert Holgate on last Saturday night, a girl. Both mother and baby are doing fine. Robt hasn't been seen in town this week, but we guess he is alive.

Miss Mary Pullum is visiting Mrs. Walter Gainer this week.

There has been quite a lot of strangers in town this week, some of them land buyers and some cattle buyers and sellers, but we failed to learn their names.

Tom Taylor made a quick trip to Lubbock and back this week. He carried a load of exhibits up to ship to the Dallas Fair and brought back freight and express for most of us.

Our school is getting along nicely, only we need another teacher badly.

Did you go to see the play? We did and sure enjoy it too. The actors knew their parts and acted them well. We understand a neat sum of money was raised, which will be spent on the tabernacle.

Miss Scott, of Anson, is visiting Miss Addie George at present.

W. C. Mathis moved into town last Saturday so Mrs. Mathis and the little ones would not be so lonely while he is gone.

We failed to state last week that Mr. Eubanks had moved to town this week and is working at the gin.

Born to Mr and Mrs. J. A. West, last week, a girl.

Merlin Adams is back from Ft. Worth.

TEXAS NEEDS GREAT MEN

IV. GENIUS.

MICHAEL Angelo made the canvass glow with life and Phidias made marble speak and throughout ages civilization has felt the elevating influence of the painter and the sculptor. Their success was due to the fact that they had the ability to put the stuff in their work and what is true in art, is also true in government. We need in our Legislature men who can put the stuff on our statute books that will make industry glow with life and the soil speak with a glorious harvest.

A MASTER HAND.

To meet the issues of civilization now confronting us, we must place in position of power men who can chisel out empires and draw the tendrils of civilization Texasward. We must have statesmen who can pour wisdom into the fountain head of prosperity and who can wave the magic wand of genius over a land as full of opportunities as the morning creation. Texas needs great men.

Pride Dots

Ah! Mr. Editor, everything sure looks fine this morning after the nice shower last evening. People are sure pulling the cotton from the bolls in this corner of the county. Mr. Red had ginned 28 bales up to Friday evening the 29th ultimo.

Mrs. Fullerton was on the sick list last week. Hope she is better at this writing.

Messrs. T. G. Marks, Box Cathey and Fortenberry, returned from N. M. last week with 105 bushels of apples which they sold at one dollar per bushel.

W. F. Cathey and family has returned from Coke county.

We have been reliably informed that Mrs. J. W. Moore will move back to her place just as soon as she can get possession.

Sacks! Sacks! Get your cotton sacks at the Brownfield Hardware Store. Plenty of them.

Wiley Bridges is spending most of his time on his farm, west of Gomez these days, gathering his crop.

The last of last week and the first of this was quite pinching. A thin sheet of ice was seen by several.

I intend buying a few bales of cotton this season just to see if I have forgotten how.

J. T. May.

Mesdames J. T. Hamilton and E. L. Duke, went to Tahoka Wednesday to meet their husbands, who were returning from Federal court at Abilene.

Dr. J. W. Ellis and J. L. Randall representing the local lodge, I. O. F., made a trip to Lamesa this week to visit a sick brother by the name of Vickers.

Fix that hole in your window before cold weather. Plenty of glass at the Brownfield Hardware Store.

Mr. Will Murray had business in Brownfield this week and told the editor all about his recent trip to Jones county. He said he informed those farmers if they would come up here and work like they do down there, they would make good crops each year.

Don't forget that Thomas Brooks is still in the cleaning and pressing business and will very much appreciate your work.

The Methodist preachers are as busy as bees getting ready for the Northwest Texas Conference at Plainview, the first to be held on the Plains.

Tom May has moved to the Lumber yard, and will be there all the time hereafter. The business is demanding all his time now.

The Brownfield Hardware Company and W. R. Spencer are having sheet iron awnings put up in front of their business property this week, preparatory to putting down concrete sidewalks.

W. B. Atkins of the McAdams Lumber Co., of Lubbock, and general boss of the South Plains yards, was a visitor to Brownfield this week. He was well pleased with the business outlook in and around this city.

Arthur Alexander of Lubbock, and another show man, traveling for the 101 outfit, was in our city last week posting big red show signs, the first ever posted in Terry county. School children, men, merchants, mechanics, lawyer, editor and doctor are all very proud of them.

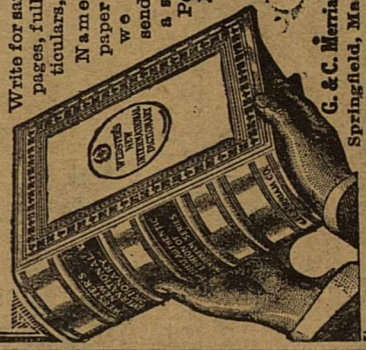

A bum game of ball was played on the Gomez diamond last Saturday, between the Brownfield High School boys and the Gomez team. The score after seven innings stood 12 to 11 in favor of the Brownfield lads. The feature of the game seems to have been keeping the tally man busy.

Miss Ponder Hutchesson came in last Sunday from Snyder to take charge of the expression department of our public school, and she has been busy this week organizing a nice class in elocution. Miss Hutchesson held the same position here last year and made many friends who are delighted to see her return, as she is a splendid teacher.

Spring Tooth Harrow Improved by Changing Shape of Teeth.

"I enclose a photograph of two teeth of a spring tooth harrow, one showing the broad point as sent out from factories, the other showing the point as I have had it changed to cultivate alfalfa," says an Ohio correspondent of the Kansas Farmer.

"I have this season used a harrow

with the teeth made over, as shown, in my alfalfa. I believe it is superior to all other implements so far put out for this purpose. It will destroy the surface rooted grasses, that is, blue grass and crab grass, that are such enemies to alfalfa. If alfalfa is taken at one year old and cultivated after

each cutting, if so often is necessary, it can be kept clean, and this without noticeable injury to the alfalfa roots. It is very seldom that a crown will be cut off. The spring tooth harrow has been used at the Ohio and Illinois stations with the teeth as sent out from the factories, but so far as I know have not been changed as I use them.

"With changing they will not cut so well in hard ground and throw too much soil over the young sprouts, although this covering of the young plants does not seem to make much difference. The harrow as I use it can be worked in the alfalfa till it is six inches high without injury to it. It is certainly superior to any of the disk or cutaway harrows used in your state."

The Borrowed Dollar.

Debt has been pictured by many writers as a hard taskmaster and the borrowed dollar is the most abused of currency, but it is nevertheless a development dollar, as it possesses volume and activity, two of the most important factors in our progress to a greater degree than any other form of legal tender. When in the hands of operators not familiar with its purposes and habits, it sometimes creates havoc and ruin, but it has rescued many a sinking enterprise, has performed deeds of industrial heroism and it has been the burden bearer of an industry.

No man or animal possesses the active instincts of the borrowed dollar. When in bad hands it quickly returns to its owner or moves rapidly on through the channels of trade until it finds a competent hand to guide it where it can glorify its creator without being railed at by incompetent owners or incapable directors. It has fought our battles, built our cities and developed the industry and commerce of the country. During times of prosperity efforts have been made to drive it from circulation but during adversity, we send emissaries to plead for its return and it is sought after by every important enterprise in the country.

Idle dollars, like idle men, are no good to a community but the charge of vagrancy can never be made against the borrowed dollar. No one will borrow money and let it lie idle. Idleness is its mortal foe and certain destruction. The borrowed dollar must move rapidly on its journey and return heavily laden with the fruits of its toil or it will perish. No other form of currency possesses such compelling forces of activity as the borrowed dollar.

We are already heavy borrowers. No accurate figures are available, but estimates furnished by county clerks, bankers and other reliable sources, justify the following estimate:

Corn Property	\$200,000,000
Public Services	100,000,000
Public Property	100,000,000
Public Debts	400,000,000
Miscellaneous	100,000,000
	\$900,000,000
	\$1,100,000,000

An effort to separate the borrowed dollar as between home and foreign proved futile, altho it is important information in this discussion.

The borrowed foreign dollar is the most constructive dollar on the financial horizon, as it combines activity and volume and brings new money into the state.

LUMBERING.

Mr. Terry County Man,
Terry County.
Dear Citizen:—I am thinking of building a new house or an addition to the old one, and aim to remodel my barn as I have lots of feed to save this fall and winter and also want to build sheds for my stock as I believe this winter will be severe. Where do you think I can get a bill of lumber to do my improving cheapest? I thought as you lived near Brownfield, you could give me some idea as how McAdams competed with railroad prices.
Hoping to hear from you at an early date, I remain
Yours Truly,
Yoakum Co. Man.

Mr. Yoakum Co. Man,
Yoakum Co.
Dear Sir:—In replying to your letter, as to my opinion of the Brownfield lumber yard, I will say they have been saving us people in Terry a good deal of money, and would advise you to come here for your lumber; at least let them have a trial at the bill.

Will farther say that they have a nice, clean, new stock of lumber to select from, and I for one, believe in trading at home, or as near home as I can. Take my advice and give McAdams of this city a trial at your bill and I venture to say you will buy it here. Hoping to soon hear that you have closed a deal with our home man, I remain
Yours Truly,
Terry Co. Man.

Big Improvement.

Among the many other improvements contemplated or under contract, Dock Walker has about the biggest under way. He will move the two, 2 room houses in front of his residence on Lover's Lane to his lots near the school building and make one good house out of two. It will be well finished, galleried and painted nicely.

At his home place on the Lane, almost a miraculous change will be made. A broad drive will be made to an imposing gate one hundred yards away, set off by a

We doubt if there is another town on the Plains the size of Brownfield where so much care is given to homes and premises, and that is just what it takes to make a beautiful city or town. Let the good work go on.

Many Compliments for J. W. Neil

We arrived in Gomez about one hour too late last Friday afternoon to hear the address of Hon. J. W. Neil, director of the Farmers Institute, having arrived just as he closed his address.

We interviewed several citizens, and one and all were profuse in their praise of his ability as an expert on the subject of agriculture.

We firmly believe that his thoughts sank deep into the minds of our farmers, and will bring forth excellent results in intensified farming.

Left For Dallas

Uncle Billie Howard, representing the Terry county products, and J. T. Gainer representing those of our sister county, Yoakum, left Tuesday for the Dallas Fair, where a booth has been jointly secured for the two counties. Each county has an excellent display and will no doubt open the eyes of many easterners who think nothing grows up here but sage brush.

Two better men could not have been selected than these, and each county may rest assure

that these men will do their very best.
