## Pork At Two Cents.

G. S. Miller, a Plainview county farmer, has solved the proposition of producing the much mooted two cent pork out here in the shallow water belt of the south plains of Texas. And while he was breaking the record for the low cost of production, he

was preparing pork that smashed all previous high price statistics of the Fort Worth market for a period of five months.

It will be remembered that about a month ago, one A. M. Anderson, a Plainview shipper, sold a mixed car of hogs and steers that made the biggest dent per animal in Fort Worth's

big buying bank roll of all the live stock offered. The hogs weighed around the 300 mark and brought \$6.80, while the steers pulled down the scales about 1200 pounds per head and sold for \$5.85. The said G. S. Miller, who farms in the southwest part of Hale county, was the man who raised this stuff that topped the Fort Worth market, and here is the modest statement of how he did it:

I came to Hale county four years ago from northern Kansas and went into the stock farming business here because it is all I know. If old common horse sense science, then I am a scientific farmer and stock raiser. What did it cost me to top the market? Well, figure it out yourself: My 300 sound pigs were only three months old, the steers were threes, I fed that car of hogs and steers together with ten head of horses, seven milk cows and a few young pigs and calves, twenty tons of maize the past year, and that was practically all I was out on them. I raised the maize myself, and still have thirty tons on hand. When it was gathered the maize would have brought \$11 per ton, but it is higher now.

I have been using my pencil a little, but to save my life I can't figure how those pigs could have cost me more than 2 c per pound. They were grazed on sorghum at first and then fed maize and skim milk, and that's all they got. From my seven Durham cows I sell \$50 worth of cream and butter every month, and the milk is practically worthless after it is skimmed. Hogs fit in nicely with the dairy cow and the beef steer, for the skim milk from the former and the waste from the latter will well nigh produce pork without any expenditure for labor or other feed. Besides I haven't got fixed up as well yet as I expect to, and the hogs and steers were raised without shelter. Since this has been an exceptionally hard winter it is safe to figure that they would have done better and eaten less if they had had protection. And you have run up the expense figures this year more than common because of failure of the feed crop in other sections has made it higher out here on the Plains than usual.

I have been raising hogs all my life and I am positive that my pork is not costing me more than 2c. In Kansas you have to figure on the loss of several of the bunch from sickness. I have never seen a sick hog nor have I heard

of one dying out here on the plains unless it was killed for pork. The winters here are like summers compared with the winters in Kansas, and the more cold weather the more feed required. And the proposition of raising feed and grazing hogs on land many times cheaper than it is in the Sunflower state is also in our favor. If my former neighbors up in Kansas would just believe what I tell them, or would come down and see for themselves, my old home county would soon be depopulated.

Yes I expect it would be better if I had one of those 2,000,000 gallons per day irrigation wells watering an alfalfa field for my hogs to groze on, and I mean to have one before many seasons roll by. Alfalfa is ideal hog feed and so are peanuts, and so is where and so is kaffir and maize. I prefer maize to kaffir, because the kernel is larger and grinds up easier. We can raise hogs here on these cheap feeds that will beat the corn fed variety. Didn't I do it this year? Not kicking on corn at all, but we don't have to have the high priced stuff to fatten hogs. Well I've got to quit you now if I'm going to get home with these groceries before dark.—Citizen Star.

## School Closing.

### Largest Crowd Present In The History of Brownfield.

On last Friday night a very large crowd gathered at the High School auditorium to witness the closing exercises.

These exercises were very elaborate, but there were many who said the pieces were not up to the usual, but good when we consider the very short time the pupils had to prepare for their program. The pupils have put in a hard years work and took odd times only the last two weeks in which to make ready. However every thing moved off nicely, and participants received much applause throughout the entire exercises.

The graduates were: Thomas Brooks (the honor graduate), Chas. Stewart and Leslie Green. These diplomas were given on a condition that the recipients would devote a little more time to two studies, Latin and History. There were many splendid grades made in the whole school from the primary to the higher pupils and we would be glad to mention them and their grades. Especially was the

ninth grade proficient in their work—and made faultless grades, and it is freely predicted that the graduating class for 1913 will receive their diplomas absolutely unconditional. It is because our school has been put on a more uniform course of study for the last year or two.

Each day and year our school is becoming to be more recognized as a great institute of learning and the man who does not stand behind it in its course for good, will not be doing his duty by the school or the future prosperity. Let's all stay with our school.

Pueblo, Colorado.

## Texas Needs More Hogs.

The new town of Camargo, just over the Texas line in Oklahoma, recently celebrated the opening of the Wichita Falls & Northwestern, the first railroad into that town, by shipping a full trainload of Oklahoma hogs to the Texas packing house markets.

So great has the demand for pork become in the Lone Star State that shipments from all parts of the United States are being received daily at the Fort Worth markets. Our annual consumption of pork in Texas exceed the production by \$21,450,000 which is a good argument for more hog clubs.

Any reflection on the reputation or standing of any private individual, firm or corporation, will be gladly amended if brought to the notice of the publisher.

Tis better to swat the fly than to find him later in the butter.

The man worth while is the man who will smile and patronize home industry.

A Texas brand on an article should be an unusual attraction to the consumer for it stands for home product.

The Herald is in receipt of a booklet gotten out by the Buckner Orphans home and printed by the boys of that institution with their own machinery, and it is a credit to the progress of that grand institution, its management and its wards. In this connection, we wish to state that a personal letter from Mr. Buckner states that they are short on funds and appeals to the people through the medium of the press to respond in just as liberal amounts as possible. While this home is the property and pride of the Baptist denomination, the inmates come from all of them and no person should gage his contribution by his creed. When you send your check or money order, remember you are simply helping a worthy lot of unfortunate Texas children and you will have a better conscience after having spent your money in this way. Remember your own children may be in the same condition some day; you cant tell.

#### G. E. LOCKHART

In the proper columns of the Herald will be found the announcement of G. E. Lockhart, of Tahoka, Texas as candidate for District attorney.

Mr. Lockhart is well and favorably known in Terry county, having been a citizen of Gomez, for several years prior to his removal to Tahoka. It was at the former place that he began the practice of the law.

Mr. Lockhart is a native Texan and has spent the major part of his life in the Western part of the State and is thoroughly conversant with the ideas and the needs of our citizenship. In addition to his purely personal qualifications, which are beyond cavil, he is an able lawyer, and if the voters of this District see fit to make him their prosecuting Attorney, it goes without saying that the States side in our courts will be vigorously and fearlessly represented during his term of office.

We earnestly commend Mr. Lockhart's candidacy to the voters of this District and can frankly say from an intimal personal knowledge of him, that he is a good lawyer and a good man.

The officers of the A. & M. College of Texas announce that the college is not a reformatory. It encourages the attendance of young men who have a serious purpose and who really wish to

necessary to plant most of it over.

Quite a crowd attended the closing exercises of the Brownfield school on last Friday night.

Mr. Will Snodgrass and family were in town last Saturday trading and visiting.

Mrs. Ben Hurst is visiting her mother this week while Ben attends court.

Messrs. Alderson and Leach of South West Terry, were in town Monday night and part of

Tuesday.

J. T. Gainer and Andrew Simms came in from the district meeting at Tahoka this week. They report a good meeting.

The School pupils are doing double duty this week getting ready for the closing concert, which is to be the 10th of May. The children are eagerly looking forward to vacation after their long term of hard study.

(continued on page 5)

## A Genuine Hair Restorer

Did you ever know of any hair preparation which would really grow hair and restore the color to gray or faded hair?

There are many preparations highly advertised to do the work, but it is probably your experience that none of them will really meet the claims of their manufacturers.

There are many so called Hair Restorers which are nothing more than harmful chemical dyes, which do not grow any hair, the only result being that they dyed the hair, having no permanency and often causing a s'reaky appearance.

It has been the aim of the chemists for years to discover a preparation on which would really grow hair and restore the color to gray or faded hair, but heretofore they have met with no success.

Prof. Rembler now claims to have discovered a combination of harmless vegetable composition which is a Genuine Hair Restorer and will grow hair and does not contain any dye of any kind, but will positively restore the natural color and brilliancy to gray and faded hair.

This is a very strong statement to make and if any chemist without the recognized ability and national reputation of Prof. Rembler were to make this claim we would be inclined to be skeptical as to its truth. It will be remembered by readers that are familiar with scientific discoveries that Prof. Rembler was the inventor of the one fire process for gilding glass and also the Rembler wireless Coherer. Any statement made by Prof. Rembler is entitled to consideration as he would not make any statements which were not true and would injure his established reputation.

The Siloron Mfg. Co. of Pueblo, Colo., have purchased the exclusive American rights to manufacture Sagine, as they have named Prof. Rembler's invention, after having made a six month's test of Sagine and thoroughly demonstrating that it would positively do the work. The Siloron Mfg. Co. have authorized us to make the following remarkable offer to all who need a "Genuine Hair Restorer."

They will send a written agreement with every bottle of Sagine, to the effect that if one bottle of Sagine conscientiously used according to the directions does not give entire satisfaction to the purchaser; if Sagine does not actually grow hair and restore the color to gray or faded hair, remove dandruff and make the hair healthy and glossy, that they will pay the sum of \$5 to any dissatisfied purchaser.

This is the strongest offer every made by any manufacturer and one they could not possibly make if they did not know positively from experiment that it would do exactly what they claim for it. No one takes any chance in buying Sagine as it is certainly worth \$1 to use a Genuine Hair Restorer that will really grow hair, and if it does not give satisfaction they will pay you the \$5 as agreed. Send a \$1 bill to The Siloron Mfg. Co., Pueblo, Colo., stating that you wish to purchase a bottle of Sagine with the written agreement to grow hair and restore the color to gray or faded hair or pay you the sum of \$5 and it will be sent to you by express in plain wrapper.

The Siloron Mfg. Co. is incorporated under the Laws of the State of Colorado and refer you to the mercantile agencies or any Pueblo banks as to their ability to fulfill any agreement they make.

THE SILORON MFG. CO.,  
Pueblo, Colo.

## C. W. Lusk

The South Plains Booster of **COMMANCHE**, Texas, wants to hear from you on any trade you want to make.

Mr. J. T. Gainer, of Plains, passed through Brownfield the first of the week.

J. C. Green went to Lubbock this week after ice for the cold drink stand.

Grandma Proctor is spending the week with her son, Frank of the Pleasant Valley neighborhood.

Jno. W. Cone of Plains was over this week on business and soaked hands with his many friends.

Try Lox Fos. A. Livertone. Guaranteed by McGills Drug store.

There were several drummers in town this week selling our merchants goods.

Geo. Bragg and Emmett Green were over from Gomez Thursday on business.

Mrs. Will Alf Bell left last week for Marshal, where she will visit her parents, Dr. and Mrs. J. W. Lively.

Rev. J. W. Thomas attended prayer meeting at Gomez Wednesday night.

Mrs. W. C. Smith came in last week from Oklahoma where she has been visiting for the past three months.

Mrs. T. F. Hunter is spending the week with her Aunt, Mrs. Edwin Groves, of the Groves Chapel neighborhood.

Carl Sams was in town attending Court this week.

Jno. Holmes of Plains, was here the first of the week.

G. E. Lockhart was over from Tahoka attending court and shaking hands with the voters.

S. J. Palm of Blythe was here this week.

L. H. James has resigned his place as manager of the Telephone Co.

Miss Lowe gave a party to a few guests last Saturday night.

Lost last Friday night, a boy's hat. Return to J. W. Black.

Mr. and Mrs. Lemmie McDaniel of Knowles, N. M., are visiting Mrs. McDaniel's parents Mr. and Mrs. J. W. Welch.

Mrs. J. W. Welch returned this week from Dallas where she went to attend the Rebekah Assembly.

Ben Hurst, a popular cowman of West Terry came in this week and paid up his subscription.

Mrs. Jack Bryan and two children, accompanied by her brother, Cortez McDaniel, came in this week from Mineral Wells where they have been for a couple of months for the benefit of the water.

Misses Kathryn May, Willie Daniels and Era Brooks paid The Herald a pleasant call this week.

# ATTENTION

IS CALLED

## TO OUR JOB DEPARTMENT

Which we consider the equal for ordinary work of any shop on the South Plains. Not only do we give you neat print on first class stock, but we quote prices anywhere from 25 to 50 percent lower than our railroad competitors. Here is a few quotations for your consideration.

**SCHEME FOR WINDOW GARDEN**

Simple Little Greenhouse May Be Constructed Out of Ordinary Sash, Fastened Together.

The illustration shows a plan for a simple greenhouse or window garden.

It consists of ordinary window sashes fastened together on three sides and to the sides and sill of the window, says the Prairie Farmer.

The roof is also a sash. It is loose and hinged at the top. It may be raised to any desired height serving as a ventilator to the growing plants. On the bottom shelf is a galvanized pan, 6 inches deep. This is filled with

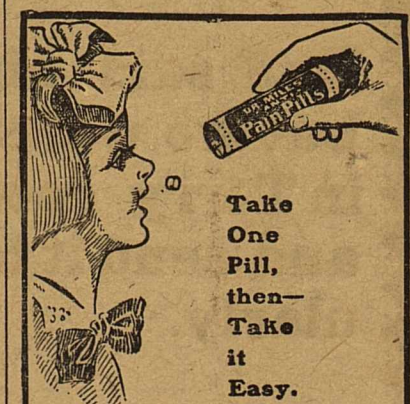

A Simple Greenhouse.

rich soil composed of leaf-mold and highly fertilized garden soil. In this the seeds are planted; the pot plants are arranged upon the shelves.

The whole thing should be put together with some screws so that it may be taken down and stored away during the summer.

Be careful about the temperature, and remember that plants can stand a low temperature with greater fortitude than a high one. The hot, dry air in most homes is neither good for human or flower life, therefore provide ventilation to give fresh air to the home when cold weather comes.

Take One Pill, then—Take it Easy.

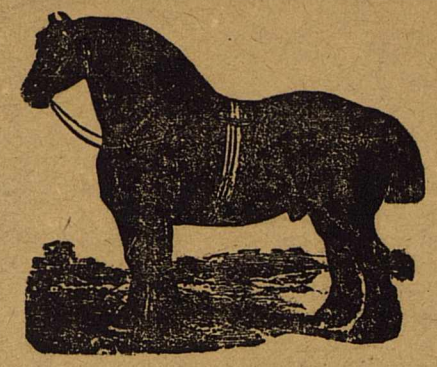

**Take What Pill? Why, a Dr. Miles' Anti-Pain Pill,**

of course. Good for all kinds of pain. Used to relieve Neuralgia, Headache, Nervousness, Rheumatism, Sciatica, Kidney Pains, Lumbago, Locomotor Ataxia, Backache, Stomachache, Periodical Pains of women, and for pain in any part of the body.

"I have used Dr. Miles' medicines for over 12 years and find them excellent. I keep Dr. Miles' Anti-Pain Pills in the house all the time and would not think of taking a journey without them, no matter how short a distance I am going. I cannot praise them enough."

STATE OF TEXAS county of Terry, we M. V. Brownfield as president and Will Alf Bell as cashier of said bank, each of us, do solemnly swear that the above statment is true to the best of our knowledge and belief.

M. V. Brownfield, President  
Will Alf Bell, Cashier

Sworn and subscribed to before me this 29th day of April A. D. nineteen hundred and twelve.

WITNESS my hand and notarial seal on the date last aforesaid  
Percy Spencer, Notary Public

Will Alf Bell }  
A. D. Brownfield } DIRECTORS

Correct—Attest

Mr. Rambo and family, spent Tuesday visiting in town.

Messrs. M. V. Brownfield and son, were over Friday evening on business.

Most of the men of Gomez are attending court this week.

Mr. John Day went to Lubbock Tuesday after a load of freight for Gomez.

Mr. Cronch from Tahoka, (originally from McCullough county) passed through Gomez Tuesday with his family enroute to his land which is due West from Gomez; 15 mi. just over the line in Yoakum county; he is going to build a residence and live out there.

Messrs. Hugh Snodgrass, Guy Taylor, Dock Dumas, R. K. Benton, S. B. Johnson and Mr. Parks were all in town Tuesday.

Mr. H. C. Furgerson, candidate for District Judge, was here Tuesday in the interest of his campaign.

Rev. Legion, a Methodist minister of Seminole, preached here Monday night. He preached a fine sermon and those present seemed to take unusual interest in it.

Mr. Carl Sams went to Brownfield Tuesday, also Mr. and Mrs. Tom Ivy, those new auto's of theirs sure looks nice.

Mr. Copeland is working on the road between Gomez and Brownfield this week.

Farm work was slow last week and this on account of surface winds and the results and storms.

This sure is chicken year in Terry. From two to five hundred young chicks is the reported number from every one owning an incubator and there are quite a lot of them in Terry.

West Wind.

Mr. and Mrs. S. L. Hunter were in shepping this week.

Mr. Ater and wife of Meadow neighborhood were in town this week trading.

Wille Adams and Dock Powell went to Lamesa this week to attend the Royal Arch Masonic lodge.

Judge W. R. Spencer moved his office fixtures down to his new office building next to the hardware.

W. J. Byrd and W. D. Winn came in Saturday from Dallas where they went as delegates to the Odd Fellows Convention.

Bert French will sell corn this fall at 90c per 72 pounds.

Quite a crowd went over to Tahoka to hear Governor Colquitt speak Thursday. Among them were; J. L. Randal, Judge Neill, Jim Burnett, Jack Stricklin and others.

Mr. and Mrs. Elbert Proctor were in town shopping this week.

The little Lee child of Primrose, who has been suffering with a cancerous soar for a year or more, died yesterday and will be burried to day at the Brownfield Cemetary.

Work left at the Herald office will be promptly attended to.

When in Tahoka, trade with McGill's Drug Store.

W. W. Morehead was in town Thursday.

The Odd Fellows had a called meeting Wednesday night for the purpose of conferring the first degree upon D. P. Peck.

Miss Nettie Sawyer and her brother, Arthur, came in this week from Albuquerque N. M. where they have been attending school.

### MILLIONAIRES MADE RAPIDLY IN TEXAS

ONE EVERY TWO DAYS RECORD OF FATHER TIME.

PER CAPITA WEALTH GAINS

Father time, single handed, has been making millionaires of the Texas property owners at the rate of one every two days (or its equivalent) and his mint is running along with increased momentum. No gold mine ever poured forth its stream of wealth with such volume and perpetuity as that of the increased values of property in Texas, and no prospector can stake out a claim more promising than a Texas real estate investment.

The assessed value of all property has increased during the past decade from \$946,320,258 to \$2,388,500,124, making a net increase of \$1,442,180,866 or 152 per cent. As the assessed value represents probably not over 50 per cent of the true value of property, we find an actual increase in wealth of approximately three billion dollars during the past ten years. This remarkable increase in wealth must be attributed to either one of two causes; first, increase in property values, such, for example, as land worth \$10 per acre in 1900 and worth \$20 per acre or more in 1910; second, increase in property such as money, building material, live stock and movable property coming into the State. However, a careful study of the figures justify an estimate of \$1,770,000,000 as an increase in property values and \$1,230,000,000 as an increase in property.

The amount shown as increase in property values is pure cream and measures, with reasonable accuracy, the unearned increment on investments in property and shows a daily ten year average net increase in property alone of \$485,000. The amount shown as increase in property represents the flow of outside capital into Texas and gives a net daily ten year average of \$337,000.

In 1900 our assessed wealth per capita was \$310 and in 1910 it was \$610, making an increase of \$300 per capita or 97 per cent. Our population during the past decade has shown an increase of 27 per cent and our assessed wealth an increase of 152 per cent. No more forceful evidence of progress and prosperity can be produced than the above comparison and it speaks the dialect of every nation.

## Cold Weather! Look Out!

Remember our blanket lined duck coats and over coats, men and boys suits, blankets, comforts, boots, Shoes, Bootes, Leggins, Caps, J. B. Stetson and Beaver Hats. Special bargains for cash. Everything both Dry Goods and Groceries goes at a reduced prices during January. Come and see us before purchasing elsewhere, we will make it to your interest.

### Harris Happenings.

May 1st  
Floyd Ellington of Lubbock, came down last Wednesday and will spend some time visiting his brothers F. M. and M. W. Ellington of this place.

Misses Nora Wolforth and Mattie Spear spent the past week visiting each other.

T. C. Ivey came over to the Harris Store last Tuesday in his new car and bought a supply of canned goods.

Mrs. W. H. Harris spent last Friday with Mrs. B. Clare.

Mr. and Mrs. Spear spent last Tuesday with Mr. and Mrs. W. H. Harris.

Ellington Bros. are putting up a new residence under the management of George McDowell.

Mr and Mrs. Ben Woffart spent a few days in Lubbock last week visiting relatives and friends.

Mr. and Mrs. B. Clare spent last Monday visiting Mr. and Mrs. J. C. Dooley.

Sherman Pruitt of Gomez spent last Sunday with friend at Harris.

News from "Dad" Ellis and family in New Mexico, inform us that "Dad" is the proud father of a splendid new girl. We suppose "Dad" can hardly wait to take the young lady for a airing in his new automobile.

Mr. and Mrs. Christanson and Mrs. McMillan and little Douglass were pleasant callers on Mr. and Mrs. W. H. Harris last Saturday.

R. W. Benton is attending court in Brownfield this week.

Brit Clare received a letter from his brother near Hat Springs Ark, last week in which were some words of praise for "The Herald", which has been a welcome visitor to his home for the past few weeks.

Mr. Editor we failed to receive any of that last rain which you Brownfield people enjoyed, but we hope to have a good rain soon and believe we will.

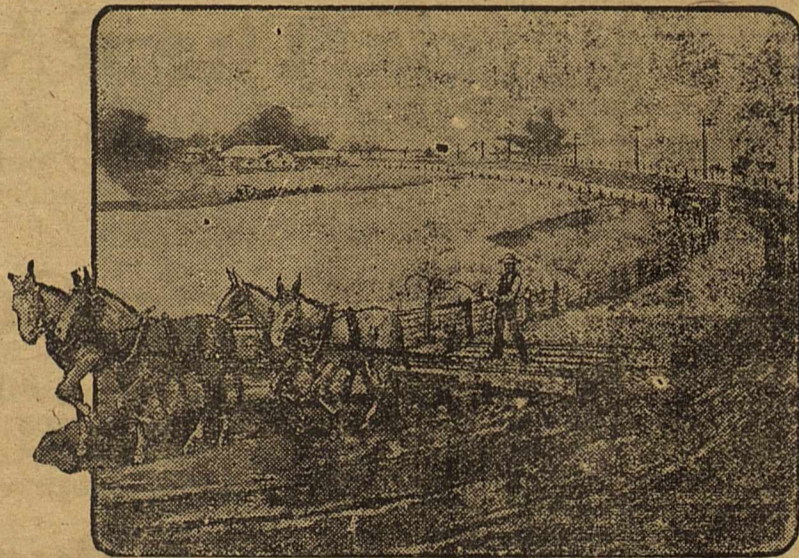

Sand Bar.

### M & M Club

The M & M Club met at the home of Mrs. J. L. Randel on Saturday April 20. The lesson a very interesting one on the

## The Split Log Drag In Grand Old Texas

THE proper maintenance of a public highway is as important as its construction. It costs a few thousand dollars per mile to build macadam highways but by the intelligent use of a split log drag, dirt roads can be kept in good condition at a nominal expense. The drag can be built for five dollars, and operated at a cost of from \$4.00 to \$6.00 per day. The road mileage which a split log drag can keep in proper condition varies according to the character of the road and the amount of rainfall, but the average mileage assigned a split log drag is 12 miles. The average cost of operating the drags, according to the Federal Agricultural estimate, is \$3.20 per mile.

There Are 656 Split Log Drags in Operation in Texas.

In some cases the drags are built and operated at the expense of the county; in others the county furnishes the drags and the farmers along the route operate them.

Every County May not be able to permanently  
Improve its Public Highways, but every County  
can operate Split Log Drags.

Merry Wives of Windsor was discussed at length. We were glad to have Miss Hargett with us and she has become a regular member. Delicious refreshments consisting of fruit, cake and punch were served. The club adjourned to meet with Mrs. Charles Copeland.

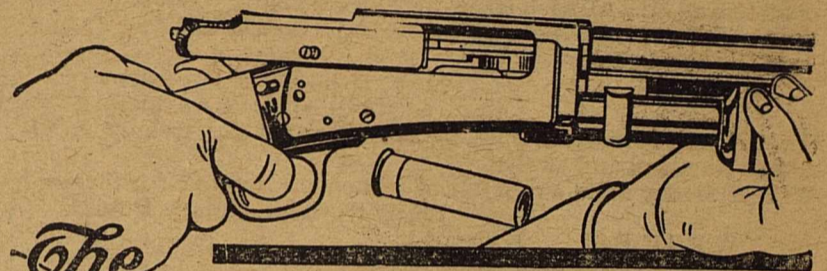

Reporter.

### Customers

As I have some big bills coming due the first of May, I must insist on settlement, especially the long past due accounts. A hint to the wise is sufficient.

Yours For Business

J. T. May.

### The Marlin Repeating Shotgun 12 or 16 GAUGE

Made famous by its dependability. The solid top and side ejection keep gases and powder away from your eyes; help quick, effective r-p at shots. Rain, sleet, snow and foreign matter can't get into the action. The mechanism is strong, simple, wear-resisting. The double extractors pull any shell instantly; two special safety devices prevent accidental discharge while action is unlocked and an automatic recoil block makes hang fire harmless. All Marlins are strongly made, finely balanced, accurate, hard hitting guns, and are the quickest and easiest to take down and clean. Illustration shows Model 24 grade "A" 12 gauge; it has all the features that make for a perfect gun. Send three stamps postage today for our 136 page catalog describing the full Marlin line. **The Marlin Firearms Co.** 42 Willow Street New Haven, Conn.

### ATTENTION.

I have opened up a first class grocery store in the old Martin and Holland stand and invite you to come in and get my prices before purchasing elsewhere.

Dont Fail to Try Our Wichita and American Lady Flour.

R. G. WAY LUBBOCK, TEXAS.

### HOTEL CLYDE

A. C. BLAKE, MGR. LUBBOCK TEXAS.

Remodeled throughout. Clean beds and good meals. Give us a trial and you'll come back.

Rates \$1.50 per day. \$5.00 per week.

### WE SELL THE VERY BEST

### Hardware, Windmills and Im- plements

that are made, for every purpose. Prices right too. Don't forget the old reliable Eclipse windmill and John Deere implements. They have stood the test of time and we can stand behind them. We are the ones who think it will pay us to charge you only a fair price for our goods, and we give you value received for every dollar you spend with us.

Make our store your headquarters when in Lubbock, whether you buy or not. We will be glad to see you.

WESTERN WINDMILL COMPANY
