ARTHUR E. MOORE

THE HERALD \$1

Robert Lovett Speaks.

Chief of Harriman Lines Address
Welfare Commission.

Dallas, Texas- May 14th

Mr. Robert Lovett chief of the Harriman lines, addressed the Texas Welfare Commission in session in this city to day. He declared the Texas lines were not prospering and favored an amendment to the Stock and Bond law that would permit railroads to issue bonds for improvements without regard to previous issues and favored an amendment that would allow railroads to refund their securities. He also called attention to the inequalities in assessment of railroad and other property for taxation.

The Southern Pacific is the only system in Texas that is constructing new mileage. The system hauled 4,000,000 passenger, 10,500,000 tons of freight and operated approximately 3,000 miles of road last year valued by the tax Commission at \$91,000,000. The Texas lines own 435 locomotives, 12,000 freight cars and the payroll amounts to approximately eleven million dollars. The employees and families of Southern Pacific in Texas would make a city equal in population to Fort Worth.

ROBERT LOVETT

Mr. Lovett is a native of Texas having been born and reared in San Jacinto County. He got his first railroad experience, making ties for the Houston, East, and West, Texas railway which is a part of the system he now manages. The advent of Judge Lovett into Wall Street excited curiosity among the big financiers but he brought into this great financial thoroughfare an integrity of character any strength of pur-

pose much needed in its mammoth transactions and he has shown them that honesty is the best policy.

42 Roswellites Pass Through.

Are Banqueted At The Hill Hotel by M. V. Brownfield.

As per schedule, the 42 Roswellites on their way to the aden's convention, who were on their way in autos over the Trans-Continental route, began to arrive here a while before sundown last Thursday afternoon. While only having a few hours warning that they would supper at Brownfield, J. R. Hill, fully sustained his reputation for good chucking and was highly complimented by the travelers both before and after they left here. After supper was over, M. V. Brownfield handed Mr. Hill a check, covering the dining of the entire lot. They then hired Lee Allman to pilot them to Lamesa and left for that place directly after dark and did not arrive in Lamesa until about midnight, and finding no reception committee at that late hour, many were heard to say they wish they had stayed in Brownfield, but they russeled around and finally all found beds. It is reported that they will make it convenient to make this town at night on their return trip.

To our way of believing this is just the begining of a heavy travel oyea the new trans continental and that Brownfield will be made a principal stopping point there is no doubt in our mind.

Auto Travel Increasing.

That the new auto route from the Atlantic to the Pacific via Brownfield will in a short time be a lasting and profitable benefit to our town and county, is no longer denied dy anyone. In fact the most optomistic saw the gold glittering in the rough when the plans were first mentioned. Heretofore all this travel past north of us, generally through Colorado but that route was not only a very rough one, but the tourist were ever in danger of being snow bound during winter. Then it was that auto men everywhere began looking for a warmer and a more feasible route. They heard that Terry was doing a good part by its sandy roads and

that Yoakum County contemplated such steps, which are now underway. Roswell advertized to the world that she was making a splendid highway through the almost impassable sand in our sister State to the west, and that assured us the route. Already men are engaged all along the route plainly marking it with sign boards.

A gentlemen passed through here last week from Phenix, Ari., on his way to Aberdeen, Miss. He spent the night at the Hill Hotel and said this route had been recomended to him by the pathfinder car that passed through some time ago. Late Saturday afternoon two gentlemen arrived here from Los Angeles Cal. on their way to St. Louis Mo. These gentlemen also said this route had been recomended to them. He especially complimented our road from here to Gomez as a peach and that it was an easy thing for his car to cover the distance at a rate of fifty miles per hour.

Let us have good roads by all means and we believe it will pay us 100 per cent on the dollar, and strangers will forget to talk about our "sandy county." There is serious talk of making a good road to Meadow by private subscription in order to have good road to Lubbock. There is also talk of traveling the Tahoka road past the deep sand then turning northeast to Lubbock, and in this way a good road can easily be built.

Talk about your good road enthusiasts. two of our citizens, Harry Braidfoot and J.C. Patterson, have agreed to build four miles of good road adjoining their ranches providing the commissioners will open a road clean through to the southern part of the county. Our citizenship is so progressive that they figure with ease that it is more economical to haul large loads over good roads and save their teams, than carry a handful over sand beds and kill their teams, and they are determined to have good roads, cost what they will. Let the good road building go on forever.

LOST Friday somewhere between the Noah Bell place and the Harris store, a shipment of ladies hats; were blown off a Bronco freight wagon. The hats were addressed to H. H. Harris, Bronco, Texas. Finder please notify H. H. Harris, Bronco, Texas.

The railroads are coming by the bye. In the meantime, let's boost our trans-continental auto route and Brownfield as a division point.

Press dispatches are becoming so unreliable these days that one is left in doubt after reading them; still the average person had rather go unshaved than for his daily or big semi-weekly go unread. For instance, we read one dispatch from Wilson Headquarters that report him away in the lead and has just carried this or that state. In the same paper we read bold headlines proclaiming Clark the master of the situation. Same news come from Harmon, Teddy and Taft headquarters; they're all sweeping the country. Now let us turn to the first page and here they harmonize again about like rattle, snakes and rabbits. Here we find the Mexican Federals are concentrating a huge army—probably 500 men all told, and possibly 400 of them armed—maneuvering for a position to crush the rebellion at one fell swoop. In the next column a glittering headline informs us that the Rebels have captured an important city of 200 people—mostly Chinese and Greasers—who fled before the terrific onslaught, and took scores of cannon; ammunition and provisions by the trainload, and 13 prisoners, (among them a great general?), and are expecting Madereo to hand over his resignation poco tempo, whatever that means.

In fact, the market quotations are about all we may rely upon, especially if cotton is low and provisions are high, and they are so ding dull, nobody but a confirmed grouch will read them. Even the editorials are so tainted the smell nasty.

The great representation of 5000 delegates at Dallas of the American Advertising Clubs, only goes to show the important part advertising now plays in the business world. The Dallas News of recent date, remarked editorially that all great business men recognized the value of advertising, and that nearly all the smaller business men had become convinced of its merits, but there were still a few little fellows that considered it his part of a donation and charged it to loss, or words to that effect. The great bulk of our business men now inthusiastically concead that newspaper advertising is their greatest stock in trade and firmly believe the newspaper a great business of itsself and a very necessary part of all other legitimate businesses.

Mr. Arthur Brisbane, of the New York Journe, recently said in an editorial that the Evening Journal often carried \$17,000 worth of advertising in single issue. Now these cold blooded business men in the heart of New York have no donotions for such a corporation as the Journal, and if they did not see wherein it paid them big dividends "they would have repented long ago in sack

cloth and ashes." Let our business men learn a lesson and never here after be guilty of mentioning donations in connection with advertiseing.

At its meeting this week the commissioners court appointed Dr. Rumph. J. Gilliam and J. M. Sanderson a county Board of Health whose duty it will be to look after the sanitary condition of the town. All residents and business people of the town who have privies on their premises will be required to have pits under them and a supply of lime used and to see that all filth and rubbish, such as tin cans, etc., are removed to some dumping place outside of the town limits. This action on the part of the court was taken as precautionary measure to prevent diseases, and it is to be hoped that every resident of the town will readily see its wisdom and necessity and will go to work at once and meet

the requirements of the board—Yoakum County News.

This is one department our people should urge. It was noted with regrets during the recent miningetis scare, no one had the least authority to quarantine those who had been exposed and who went wherever they pleased. We sincerely hope our Commissioners will look into this matter as we cant afford to needlessly expose our people to diseases, and besides a board of health with proper authority could see that people kept their

premises in decent conditions.

Notice==Picnic!

The Woodman will have a big picnic in Brownfield on July 19th at which everybody are cordially invited. The committee on privilages will receive bids on July 6th at the Court house for cold drinks, novelty rights and dance platform. Committee reserves the right to reject any and all bids.

Pride Dots.

Dear Mr. Editor: I will write you one more letter and see if it goes to the waste basket. We get about two copies of the Herald a month.

We are needing rain in this part of the county. Some can't plant till it rains. Some farmers have planted and some are waiting till it rains and the sand stops blowing, but I don't know when it will stop.

The pound supper at Mr. and Mrs. Newt Taylor's last Friday night was enjoyed by all present.

The school at Midway close last Friday night.

Mrs. J. C. Preston has been right sick the last week or two, but is better at this writing.

Mr. J. T. Fullerton has been quite sick but is better. He went over and stayed three or four days with Mr. and Mrs. J. K. Epperson.

Mr. T. G. Marks and daughter, Miss Lela, are visiting here this week.

Mr. N. B. Cathey leaves for Hunt county tomorrow to visit old friends.

Mr. Harve Martin was called by phone Sunday morning to attend the funeral of Grandpa Tidwell.

The neat little cottage house of J. K. Epperson is completed and Mr. and Mrs. Epperson have moved in.

I see that candidates are getting thick. They think time is coming near.

Mrs. J. P. Simmons visited her daughter, Mrs. Webber, of Gomez, last week.

Mr. J. K. Epperson has been right sick for the last week.

The Pride school will close next week. They are expecting a big time.

The phone line will soon be completed from O'Donnell to Pride.

Sand Lapper.

Now look here Sand Lapper dont you take the prods and get huffy. We never did nor dont intend ever consigning any of your letters to the waste basket. We shall also look into your getting your Herald so irregular. It is to our interest for people to get their papers regular and we will thank them for reporting irregularities. Your letter came too late for last week's paper. Come again—Ed

What is a Bank Deposit?

The deposits in the banks are 16 billion dollars. The money in the banks amount to 1 1-2 billion dollars, the money outside the banks, 2 billion—3 1-2 billion in the whole country.

For every dollar the banks owe their depositors they have less than a dime in money. Bank deposits are not money.

What them is a bank deposit? Only one dollar in twenty of the deposits the banks receive every day (they run about a billion a day) are in money. All the rest are in form of orders or promises to pay money.

If you go to your bank and borrow \$1,000 dollars the bank credits you with \$1,000 on its books. This is a deposit. If you draw a check for \$1,000 to pay the mortgage on your home,

the man who gets your check puts it in his bank. That is a deposit.

If you are a manufacturer, you get from a customer, in payment for goods, his written promise to pay you the amount in ninety days. You put the note in your bank, which credits you with amount less interest. This is a deposit. Or, you draw an order on your customer to pay you the amount in ninety days; he "accepts" the draft; you put it in your bank. This is a deposit.

In such ways the great bulk of bank deposits arise. Modern business makes actual money of less and less importance in the exchange of goods between producer. Ninetenths of all our business is now done with bank credit.

No bank is ever in a position to pay any large number of its depositors on demand cash in full. But every sound bank in a sound banking system has its resources in such form that it can obtain cash on short notice to meet the most extraordinary demands of its depositors.

Every great commercial nation with the exception of the United States, has provided a means by which sound banks can always convert prime assets into currency.—Banking Reform.

Work left at the Herald office will be promptly attended to.

TEXAS.

adjudated for some time but the Commissioners' had thought it best not to take up the matter just yet as they were spending so much money on the county roads, but some pressure was brought to bear last Saturday when several citizens, many of them farmers, informed the Commissioners that another well was needed to more fully irrigate the trees in the South and Southwest part of the square and that many times during picnics and other large gatherings another well was badly needed, and also for fire protection. The Commissioner's finally agreed to put up a tower, tank, wind mill, piping, etc, if the business men would drill the well. A petition was quickly circulated and a sum of some \$65 was raised and M. V. Brownfield guaranteed the balance. A favorable vote for the well was then taken and work of drilling will begin at once.

We understand that a tower will be erected high enough to afford good fire protection.

The Money Trust.

"The duty of the hour is to protect normal business from the financial sharks, whether in New York or across the Mississippi," said J. Laurence Laughlin of the University of Chicago in an address on "The Money Trust and Banking Reform," before the Richmond (Va.) Chamber of commerce.

"There is now, a tendency to centralization of credit; therefore abolish it by decentralizing credit."

There is a tendency of idle funds to flow to Wall Street; therefore abolish it by a National Reserve Association and the creation of a discount market. There is a tendency of commercial capital to move into the hands of promoters therefore abolish it by discriminating against investment securities for loans by commercial banks. There is a tendency for reserves thus wrongly floating to central reserve cities to be suddenly called for on the slightest alarm and causing panics; therefore abolish it by a co-operative organization like a National Reserve Association which would mobilize reserves in the interest of all, big and little."

That you give us a trial. We would be glad to see more accounts on our books. Come in and see what we have and price our goods. Fresh groceries arriving every week. So when in town remember the "Home of Fresh Groceries and everything to wear."

GOMEZ DOTS

May 21.

Mr. Will Moore and family, made a trip to Dawson county this week visiting.

Mrs. Simon Holgate has gone to Plains to teach a music class.

A crowd of young folks from the Johnson community came in Sunday night to attend singing at Mr. Will Black. Good singing and a general good time is the verdict of all who attended.

A wagon load of the young folks here went out to Mr. Winn's last Saturday night to a party. They report a real nice party and an all around good time.

Mrs. Stricklin of Brownfield, spent last Saturday night and Sunday visiting Miss Addie George. They attended church here Sunday, and also paid ye scribe a much appreciated call.

Mr. Copeland's family intend moving out to the farm the latter part of this week.

Mesdames J.M. and W.B. Hayes, were trading in town Monday.

Mr. and Mrs. R.W. Glover went visiting out to Mr. Bob Snodgrass' and Mr. Ben Hurst's on last Sunday.

Say we have a good joke on two of our leading ladies of our town. On last Sunday evening they missed a daughter apiece, and after waiting some time they (the mothers) proceeded to hunt the girls at almost every house in town without finding them. Returning home at dark very much disturbed, at the disappearance, they found the girls there asleep.

Mr. John Hayes passed thru here Monday evening with a bunch of cattle. We understand he was carrying them to the north side of the country, to put with those he and Mr. Booth have up there which they have sold.

Quite a lot of people here are attending court at Brownfield this week.

Among the visiting young ladies here Sunday we noticed Misses Ona Winn, Erga Rambo, Nora Wolforth and Sarah Hudson.

Bro. M.D. Williams, a Baptist minister who formally lived in Brownfield, will preach at the J Cross school house on next

Sunday. There will be dinner on the ground and all day's service.

Town is quiet this week, farmers are all at work in their crops and quite a large per cent of the town folks are gardening, plenty of mustard, turnip salad, lettuce and green onions on the market here now.

West Wind.

Harres Happenings

May 22nd.

Mr. and Mrs. Lofton of Brownfield, visited Mrs. Loftin's parents, Mr. and Mrs. J. C. Dooley, the first of last week.

Ed. Spears has been enjoying himself in Lubbock the past week.

Mrs. Carl Sams and little ones called on Mrs. Spear and daughters, last Thursday.

A letter from Lynn and Glenn Harris in South Dakota report a pleasant trip, and no end of fun after they got there.

McPhaul Bros. and Bacon started their outfit to New Mex. last Saturday to receive a bunch of cattle which they bought out there recently.

Little Miss Fern Harris spent last Saturday night with Miss Caroline McDowell.

Mr. Redding and daughters, left last Sunday for Abnerthy to attend the bedside of the wife and mother, who is very low at her daughter's Mrs. Dave Shaw.

J. McPhaul and Oral Adams returned from New Mexico last Sunday. They bought 150 head of cattle down near Monument.

Mrs. J.E. Fitzgerald and two or three children are down with the Measles this week. They were getting along as well as could be expected last Sunday.

Mr. and Mrs. Hammond and little ones, Mr. and Mrs. J.C. Dooley and Miss Richel, visited Mr. and Mrs. Spear and family last Sunday.

Wolforth Bros. bought a nice bunch of mares at Lubbock and moved them down to their ranch near here.

T. J. Conley made a trip to Lubbock after wire and post last week.

Rev. B. F. Dixon, of Plains will preach here the first Sunday in June.

Sand Bur.

Grass is a great deal better at this time of year than it has been in the last four years, and little truck just up stands a few weeks of dry weather better than in the same length of time usually, thus showing conclusively that a deep winter season is our salvation when nothing but showers visit us during the summer.

TEXAS WELFARE COMMISSION

Commercial Secretaries Appoint Commission to Investigate Industrial Conditions.

The Welfare Commission which the Commercial Secretaries and Business Men's Association of Texas has organized will hold sessions in Dallas, Ft. Worth, San Antonio, Houston and other cities in Texas and hear the views of men of affairs on the needs of Texas. The following are a few of the questions which the Commission will undertake to answer:

Sixty-eight per cent of the farmers of Texas do not own their farms. WHY?

We need 50,000 miles more of railroads in Texas and there is not a mile of road under construction in the State today. WHY?

We have 140,000 miles of unimproved public highways and during the past ten years we have permanently improved only 2,900. WHY?

We have 1200 miles of navigable rivers but no steamboat lines ply our waters. WHY?

We buy from other States \$75,000,000 worth of feed stuff annually. WHY?

According to estimates of the Farmers' Union it costs 12½ cents per pound to raise cotton and it sells for a less price. WHY?

We owe \$1,100,000,000 to parties outside the State and will have to borrow ten billion more to develop our resources and yet large insurance companies and other sources of cheap money are not doing business in Texas. WHY?

The Farmers' Union report that they are paying 8 and 10 per cent for money loaned on cotton in their warehouses, although cotton is the best security in the world. WHY?

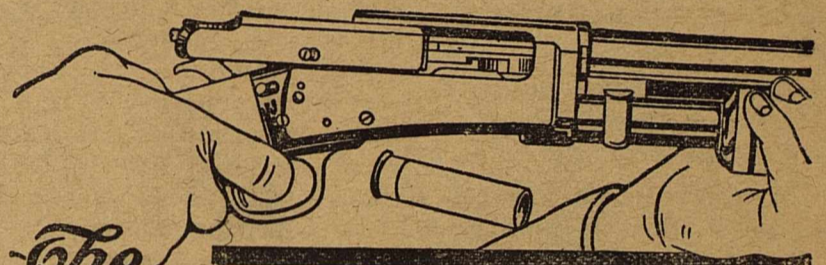

Texas cattle are rated by the Federal Agricultural Department at \$14.79 per head and Illinois cattle at \$28.02 per head. WHY?

There is shipped into Texas 100 car loads of cured meats per week. WHY?

The Texas farmers haul \$1,200,000 of raw material per day to the foreign factory. WHY?

We raise between three and four million bales of cotton annually and manufacture only 40,000 bales. WHY?

The Railroad Commission of Texas values the railroad property at \$210,000,000, the Tax Commission at \$429,000,000 and the Tax Assessor at \$340,132,572. WHY?

The Marlin Repeating Shotgun
12 or 16 GAUGE
Made famous by its dependability. The solid top and side ejection keep gases and powder away from your eyes; help quick, effective repeat shots. Rain, sleet, snow and foreign matter can't get into the action. The mechanism is strong, simple, wear-resisting. The double extractors pull any shell instantly; two special safety devices prevent accidental discharge while action is unlocked, and an automatic recoil block makes bang fires harmless. All Marlins are strongly made, finely balanced, accurate, hard hitting guns, and are the quickest and easiest to take down and clean. Illustration shows Model 24 grade "A" 12 gauge; it has all the features that make for a perfect gun. Send three stamps postage today for our 136 page catalog describing the full Marlin line. **The Marlin Firearms Co.** 422 Willow Street New Haven, Conn.

FOR SALE: Red Top and Early Amber cane seed at the Gomez Merc.

Jim Walker and family were up attending County Court this week.

Dale Adams was up making purchases this week.

D. J. Broughton was mixing with the voters this week during court.

W. B. Carson was doing Court duty this week.

Mrs. R. H. Banowsky is spending a few weeks visiting her father near Emma.

W. G. Hardin was attending court in Lubbock the first of the week.

Roy Scuddy returned this week from Cisco, where he has been attending a training school.

Fred Scuddy has started a pressing and cleaning shop in the old post office building.

Rather larger crowds than usual have attended county court this week.

May & Wright have received one of the prettiest lines of gents hats it has been our pleasure to see in a long time.

Mr. and Mrs. W. A. Bell have returned from Marshall. They report an excellent time while away, but said it rained every day nearly.

NOTICE: my laundry basket will leave here twice a week and return from the Lubbock Steam Laundry. I want your business.
J. R. Hill

The Geo. D. Barnardt stationery man was in town this week looking after business.

W. G. Hardin said he was taking lessons this week, at the County Court and last week during Commissioners Court.

Mr. Harper's well near town has been finished and we learn that he will pump it with a gasoline engine instead of a windmill.

J. C. Green went to Lubbock last Saturday to meet his mother from Georgetown We understand that Grandma Green will spend some time in Terry county.

R. H. Banosky and Will Adams have been erecting a large water tank at the formers residence over his milk house, this week.

G. A. Whitley served as a juror at county court this week, and as usual whacked money with the Herald when discharge. Juries and Courts are pretty good things after all.

The Primitive Baptist observed their church ordinances of annual foot washing at Gomez last Sunday. We understand that quite a large crowd was present.

DO YOU WANT to trade your land for a good auto, see or write Simeon O'Neal
Lubbock, Texas.

Atty. G. E. Lockhart brought his better half and children over this week. This means that his campaign will warm up in old Terry.

R. W. Glover, candidate for Assessor, was over this week interviewing the dear people as to what kind of marking they intended doing along about July 27th.

M. B. Sawyers informed the Herald man this week that he intended selling part of his cattle and purchase a herd sheep as the weeds are getting bad on part of his ranch.

IF YOU Wish to borrow money on your land or sell your vendor's lien notes, describe the land to H. R. Debenport of Big Springs, Texas, and he will do the rest.

GENTS hats just arrived. Can please any and all from a ranchman down to a two bit sport. Call and see them on display, now.

May & Wright

Pappy John, mother Kata and Miss Manie Powell paid the Herald a short visit one day last week and pappy John reports over 100 percent of lambs from his flock this year. We consider this extra good.

Brownfield people were startled last week when they learn by phone that Mrs. W. R. Spencer's mother, Mrs. Pickens, of Ballinger was no more. Herald joins Mrs. Spencer's hosts of friends here in offering its heartfelt sympathy at this sad hour.

Messrs. W. J. Garrett, W. M. Featherston, Geo. Johnson and W. R. Finch, all of Jayton, Tex., passed through here last week in an auto on their way to Plains on a prospecting tour. We learned that they made no purchases just yet.

The Herald outfit has it's friend and a gardner to thank for a good old mess of mustard, lettuce and a pound of butter. You ought to have seen this editor eat this Monday noon. That was one time when you wouldn't have cried when you stuck your legs under our lunch conuter. Gee! but that lady is a gardner. She is also raising about 100 yellow legged chickens, but that is another story—they're for preachers and etc.

LADIES: I do hand painting, and stenciling. Have beautiful designs for table covers, splashers, curtaining, scarfs, shelving, pillow cases, etc. Let me do some work for you; its sure to

please you.
Mrs. D. M. Ward.

Leader—Mrs. Randal.

A Writing Normal

Will be conducted for a period of ten days in our town by Prof. Fred Johnson.

Dont miss it for good business writing is one of the most essential elements of an education.

Really it's the finishing touch to one's education.

You appear at the school house Monday morning with "Two Dollars" and see what he can do for you.

We are glad that Prof. Johnson has concluded to teach us a writing school, as we are well aware that many of our people need to become acquainted with penmanship.

"Dr. Miles' Nervine Completely Cured Our Little Boy of Fits."

A family can suffer no greater affliction than to have a child subject to fits or epilepsy. Many a father or mother would give their all to restore such a child to health.

"I am heartily glad to tell you of our little boy who was completely cured of fits. He commenced having them at 10 years of age and had them for four years. I tried three doctors and one specialist but all of them said he could not be cured, but Dr. Miles' Restorative Nervine and Dr. Miles' Nerve and Liver Pills made a complete cure. He is now hale, hearty and gay. It has been three years since he had the last spell. I shall give Dr. Miles' medicines praise wherever I go. You are at liberty to use this letter as you see fit and anyone writing to me I will gladly answer if they enclose stamp for reply."
F. M. BOGUE, Windfall, Ind.

Dr. Miles' Nervine

is just what it is represented to be, a medicine compounded especially for nervous diseases, such as fits, spasms, St. Vitus' dance, convulsions and epilepsy. These diseases frequently lead to insanity or cause weak minds. Dr. Miles' Nervine has proven most effective in relieving these dreaded maladies.

Sold by all druggists. If the first bottle fails to benefit your money is returned.
MILES MEDICAL CO., Elkhart, Ind.

A Genuine Hair Restorer

Did you ever know of any hair preparation which would really grow hair and restore the color to gray or faded hair?

There are many preparations highly advertised to do the work but it is probably your experience that none of them will really meet the claims of their manufacturers.

There are many so called Hair Restorers which are nothing more than harmful chemical dyes, which do not grow any hair, the only result being that they dyed the hair, having no permanency and often causing a streaky appearance.

It has been the aim of the chemists for years to discover a preparation which would really grow hair and restore the color to gray or faded hair, but heretofore they have met with no success.

Prof. Rembler now claims to have discovered a combination of harmless vegetable composition which is a Genuine Hair Restorer and will grow hair and does not contain any dye of any kind, but will positively restore the natural color and brilliancy to gray and faded hair.

This is a very strong statement to make and if any chemist with out the recognized ability and national reputation of Prof. Rembler were to make this claim we would be inclined to be skeptical as to its truth. It will be remembered by readers that are familiar with scientific discoveries that Prof. Rembler was the inventor of the one fire process for gilding glass and also the Rembler wireless Coherer. Any statement made by Prof. Rembler is entitled to consideration as he would not make any statements which were not true and would injure his established reputation.

The Siloron Mfg. Co. of Pueblo, Colo., have purchased the exclusive American rights to manufacture Sagine, as they have named Prof. Rembler's invention, after having made a six month's test of Sagine and thoroughly demonstrating that it would positively do the work. The Siloron Mfg. Co. have authorized us to make the following remarkable offer to all who need a "Genuine Hair Restorer."

They will send a written agreement with every bottle of Sagine to the effect that if one bottle of Sagine conscientiously used according to the directions does not give entire satisfaction to the purchaser; if Sagine does not actually grow hair and restore the color to gray or faded hair, remove dandruff and make the hair healthy and glossy, that they will pay the sum of \$5 to any dissatisfied purchaser.

This is the strongest offer every made by any manufacturer and one they could not possibly make if they did not know positively from experiment that it would do exactly what they claim for it. No one takes any chance in buying Sagine as it is certainly worth \$1 to use a Genuine Hair Restorer that will really grow hair, and if it does not give satisfaction they will pay you the \$5 as agreed. Send a \$1 bill to The Siloron Mfg. Co., Pueblo, Colo., stating that you wish to purchase a bottle of Sagine with the written agreement to grow hair and restore the color to gray or faded hair or pay you the sum of \$5 and it will be sent to you by express in plain wrapper.

The Siloron Mfg. Co. is incorporated under the Laws of the State of Colorado and refer you to the mercantile agencies or any Pueblo banks as to their ability to fulfill any agreement they make.

THE SILORON MFG. CO.,
Pueblo, Colo.

C. W. Lusk

The South Plains Booster of **COMMANCHE**, Texas, wants to hear from you on any trade you want to make.

Comments on Texas Welfare Commission.

London, England, (Cablegram) Sir W. M. Acworth, at a banquet given in his honor in this city spoke of the work of the Texas Welfare Commission and read excerpts from the address of Frank Trumbull at the Houston session of the Commission. The noted English economist recently returned from a trip over the American railways and highly commended the service which he declares is the best and cheapest in the world. Mr. Acworth spoke jokingly of the manner in which the American people play pranks on their Constitution, and commended the Texas inquiry as a method which must finally prevail in the settlement of economic affairs in all countries and nations.

County Court

Judge Geo. W. Neill convened court Monday morning at 9 a. m. with all jurors present, but the proceedings were delayed until Tuesday on account of the absence of Atty. G. E. Lockhart, of Tahoka, who was fined \$25.

Court was reconvened Tuesday morning at 9 a. m. and the case of First National Bank of Lubbock vs. Lum Hudson, continued by agreement.

The first case tried was J. V.

Newsom vs. M. B. Sawyer. This is the famous "jersey bull" case and went to the jury in the afternoon, after a masterful display of oratory by Attys. Lockhart and Spencer. This jury did not make any report until Wednesday morning, when the foreman reported a hung jury.

The next case called was J. A. West vs. W. A. Chisholm, disagreement on contract. Jury gave plaintiff judgement for \$93.41.

This clearing the docket, court adjourned till next term.

Notice to Candidates.

Candidates for County and precinct offices must file application for place on ticket in primary with County Chairman on or before June 15th. On June 17th, Executive Committee will assess ballot fees, and same must be paid on or before June 21st.

No candidate for said offices who does not file application on or before June 15th, and pay assessment on or before June 21, will have his name placed on the ticket.

This for the information of those interested.

Percy Spencer,
Chairman, Dem. Ex. Com.

Mrs. J. T. May is visiting in Lubbock.

ATTENTION

IS CALLED

TO OUR JOB DEPARTMENT
