BROWNFIELD TEXAS

THE HERALD \$1

President Ripley To Address Welfare Commission.

Ft. Worth, Texas, May 27th, Mr. E. P. Ripley, president of the Sante Fe Railway system appeared before the Welfare Commission in this city Tuesday and gave his views, on the railroad situation of Texas from a practical standpoint.

In a plain, straightforward manner and with a frankness peculiarly his own, the noted railroad man pointed out the difficulties that confront the growth and progress of the railroad of Texas.

Mr. E. P. RIPLEY

Mr. Ripley contended that railroads should be permitted to issue securities to the full value of their property and should be allowed to issue bonds for improvement purposes; that railroad investment were now bringing a fair return; that the tax value was greater than the earning value; that personal injury and damage payments in Texas were far in excess of those of other states and suggested that the railroad commission should be removed as far from political influence as possible.

The next session of Welfare Commission will be held at San Antonio on Monday, June 10th and those who desire to defend the present laws as relate to railroads are urgently invited to be present, as the commission is anxious to hear all sides of the subject.

Mr. Hugh Snodgrass of the western part of the county, paid the Herald a pleasant call last Friday.

THE CANDIDATE

"Father, who travels the road so late?"
"Hush my child, 'tis the candidate."
Fit example of human woes,
Early he comes and late he goes.
He greets the women with curtly grace,
He kisses the baby's dirty face,
He calls to the fence the farmer at work,
He bores the merchant, he bores the clerk,
The blacksmith, while his anvil rings,
He greets, and this is the song he sings:

"Howdy, howdy, howdy do!
How is your wife and how are you?
Ah! it fits my hand as no other can,
The horny hand of the working man."

"Husband, who is that man at the gate?"
"Hush my love, 'tis the candidate."
"Husband why can't he work like you?
Has he nothing at home to do?"

"My dear, whenever a man is down,
No cash at home, no money in town,
Too stupid to preach, too proud to beg,
Too timid to rob, too lazy to dig,
Then over his horse, his leg he slings,
And to the dear people this song he sings:

"Howdy, howdy, howdy do!
How is your wife, and how are you?
Ah! it fits my fist as no other can,
The horny hand of the working man."

Brothers, who labor early and late,
Ask these things of the candidates:
What's his record, how does he stand
At home? No matter about his hand;
Be it hard or soft, so it be prone
To close over money not his own.
Has in view no thieving plan?
Is he honest and capable, is he our man?
Cheer such a one 'til' welkin rings,
Join in the chorus, when thus he sings:

"Howdy, howdy, howdy do!
How is your wife and how are you?
Ah! it fits my fist as no other can,
The horny hand of the working man."

A fifty-two page special edition of the Galveston News has just been received, commemorating the completion of the world's greatest causeway. It is a fitting tribute to the great engineering feat that Texas' greatest newspapers should, at the same time, produce a masterpiece. We are more than pleased with our copy, as it is the next best thing to a trip to this great structure, that makes Galveston a mainland city.

Herald believes it not out of place to put in a few words just here concerning our school. For the past several days our trustees have been trying to decide on a principal for the next term, and we understand from mere rumor, that there is a political scheme at work and that the trustees has been needlessly molested by a continual string of advisors.

Just where these rumors are true or not, we are not able to say, if it is true that you are driving a political wedge into our public school affairs, cease at once or you destroy an institution that has taken time, and money and brains to build up. If you have the interest of the school at heart, you will listen to the reason of your own conscience, which must tell you that you, in good faith elected a set of trustees in whom you imposed utmost confidence, to select tutors for your children. The way we look at the business is, if anybody must interview and advise with the trustees, let those that are directly interest in the way of pupils have that privilege. There is no set of men capable of doing satisfactory work if continually harrassed by contending factions, constantly pulling in different directions. It behooves us as men, not gruntings, to patiently and confidently expect our trustees to work for the good of all concerned, and when they have decided who shall be principal, to lay all doubts and prejudices aside and work for the success of our school. It is not only your privilege, but your patriotic duty. We are inclined to believe our school officials will select a man capable of upholding the reputation of our school and maintaining its high affiliation. Our little town is weak in numbers and will be weaker if divided asunder petty by people with petty grievances. Let our school grow. "United we stand, divided we fall."

Do you want to live among a progressive set of farmers? If so, then move to Terry. In the East and North, some people have an idea that our farmers are the very dregs of civilization, when in fact they are the very cornerstone, the acme and premium of the Union; if not they never would have made a semi-arid country bloom like a rose. In all other countries where we have resided, most farmers trusted to chance and luck to make both ends meet; whereas out here they are constantly communing with nature in an endeavor to fathom her mysterious secrets. Our farmers read the best agricultural journals and all department bulletins that come their way. They understand that plants

breathe the same as humans; they have learned the lesson of conservation of moisture; many of them are as good at seed selection as an expert and all understand the sexes of plant life and the proper propagation of the species. They have also learned in the great school of experience the value of good roads and that bad ones cost more in taxes than good ones. Of all the money our Commissioners have spent upon our public highways of the county's dollars, we have never heard of a kick being made, but all have complimented our county fathers in glowing terms and say "let the good work go on." They are trying to raise good stock and do not propose to strain them to death in deep sand beds, and being figuring people and knowing that time is money, they want to haul all their wagons will hold at one trip; they want to load their wagons and not their teams. They have also learned the value of good schools, and when one thinks they will find a 10x12 little box and strip school house, they are badly off, for right here in our thinly settled country, you will find as modern, well lighted and comfortable school houses as you will find in the most densely populated communities of the East, and churches have better attendance than any place where we have ever lived, population considered. In fact our citizens are great big, broad gauged Americans; brainy, moral or religious and educated. Do you not think it would be a vast pleasure to reside among them?

We are formerly notified that Judge Joe Lancaster, of Plainview had announced for Congressman at large. Judge Lancaster's ability is known far and wide, and he is well acquainted both personally and by reputation with people all over Texas. We believe it is the duty of not only every voter of the Plains country to support him, but every voter of Western Texas besides, as we need the extra representation. The Herald will run a page sketch of his life and what he has done in the near future.

Mrs. L. McDaniel who has been quite sick, is at present convalescing.

We received information this week on good authority that the State Supreme Court had reversed the decision of the Court of Civil Appeals at Amarillo, on the Crosbyton—Emma County site

controversy. Thus has a long and bitter fight been settled in favor of Crosbyton, and our District Judge, W. R. Spencer has been sustained in his decision.

A Genuine Hair Restorer

Did you ever know of any hair preparation which would really grow hair and restore the color to gray or faded hair?

There are many preparations highly advertised to do the work, but it is probably your experience that none of them will really meet the claims of their manufacturers.

There are many so called Hair Restorers which are nothing more than harmful chemical dyes, which do not grow any hair, the only result being that they dyed the hair, having no permanency and often causing a streaky appearance.

It has been the aim of the chemists for years to discover a preparation on which would really grow hair and restore the color to gray or faded hair, but heretofore they have met with no success.

Prof. Rembler now claims to have discovered a combination of harmless vegetable composition which is a Genuine Hair Restorer and will grow hair and does not contain any dye of any kind, but will positively restore the natural color and brilliancy to gray and faded hair.

This is a very strong statement to make and if any chemist without the recognized ability and national reputation of Prof. Rembler were to make this claim we would be inclined to be skeptical as to its truth. It will be remembered by readers that are familiar with scientific discoveries that Prof. Rembler was the inventor of the one fire process for gilding glass and also the Rembler wireless Coherer. Any statement made by Prof. Rembler is entitled to consideration as he would not make any statements which were not true and would injure his established reputation.

The Siloron Mfg. Co. of Pueblo, Colo., have purchased the exclusive American rights to manufacture Sagine, as they have named Prof. Rembler's invention, after having made a six month's test of Sagine and thoroughly demonstrating that it would positively do the work. The Siloron Mfg. Co. have authorized us to make the following remarkable offer to all who need a "Genuine Hair Restorer."

They will send a written agreement with every bottle of Sagine, to the effect that if one bottle of Sagine conscientiously used according to the directions does not give entire satisfaction to the purchaser; if Sagine does not actually grow hair and restore the color to gray or faded hair, remove landruff and make the hair healthy and glossy, that they will pay the sum of \$5 to any dissatisfied purchaser.

This is the strongest offer every made by any manufacturer and one they could not possibly make if they did not know positively from experiment that it would do exactly what they claim for it. No one takes any chance in buying Sagine as it is certainly worth \$1 to use a Genuine Hair Restorer that will really grow hair, and if it does not give satisfaction they will pay you the \$5 as agreed. Send a \$1 bill to The Siloron Mfg. Co., Pueblo, Colo., stating that you wish to purchase a bottle of Sagine with the written agreement to grow hair and restore the color to gray or faded hair or pay you the sum of \$5 and it will be sent to you by express in plain wrapper.

The Siloron Mfg. Co. is incorporated under the Laws of the State of Colorado and refer you to the mercantile agencies or any Pueblo banks as to their ability to fulfill any agreement they make.

THE SILORON MFG. CO.,
Pueblo, Colo.

C. W. Lusk

The South Plains Booster of **COMMANCHE**, Texas, wants to hear from you on any trade you want to make.

Caught With The Goods.

Geo. E. Tiernan received a phone message from Bronco Tuesday night that a man was coming this way with two horses that did not belong to him, and George got busy and intercepted the gentleman on his road to Lubbock, about eight miles of Brownfield and is holding him for New Mexico officials. When they think they can pass up Tiernan they're off their kazoot.

Married.

The Herald learned this week that it had a new brother-in-law in the person of George H. Erwin, of Iowa, who married Miss Annie Holden, of Dinuba, Cal., on May 12th. The wedding was consummated in the Methodist church at Reedles, Cal.

Herald extends well wishes and hearty congratulations,

GOOD Jersey Cow for sale; three years old with calf. Price \$75. See Jno. King 12 miles southwest of Gomez.

Two gentlemen hailing from San Francisco, came over the Trans(-)continental this week on their way to Michigan.

A.L. McDaniel, who now resides near Tatum N. M., was in town this week. He reports Mrs. McDaniel doing fine, who is

spending a few months at Mineral Wells for her health.

W. D. Winn went to Tahoka Monday to meet Mrs. Lemley's mother but, she came in via Lubbock, thus missing him.

The editor had the pleasure of seeing part of Mrs. V. E. Hargett's bunch of over 300 little chickens Sunday morning. Terry is sure the chicken country.

Messrs. Moore and Griffith who are drilling the new well in the Court square, are having some trouble at 75 feet as they have struck the cap-rock, but they anticipate water as soon as the rock is finished.

Dr. G. S. Fraps, state chemist of Texas at the A. & M. college says if trouble in soil is due to alkali he would suggest the following treatments:

First, apply thoroughly rotted stockpen manure or other thoroughly rotted manure at the rate of 4 or 6 tons per acre every fall and work it in to the depth of 6 to 8 inches.

Second, keep the soil cultivated constantly to the depth of one or two inches so as to prevent the evaporation from the surface and rise of alkali if present.

Third, in irrigating, run the water in trenches between the rows instead of using the flooding method and keep the soil not wetted as loose as possible.

ATTENTION

IS CALLED

TO OUR JOB DEPARTMENT

Which we consider the equal for ordinary work of any shop on the South Plains. Not only do we give you neat print on first class stock, but we quote prices anywhere from 25 to 50 percent lower than our railroad competitors. Here is a few quotations for your consideration.

		R. R. Prices	Our Price
Letter Heads	per 500	3.50	2.00
Note Heads	" "	2.75	1.75

"I Suffered Years With My Back."

Backache resulting from weak kidneys, a bad cold or other cause, usually renders the sufferer unfit for work and often results in permanent disability.

"I suffered for years with my back, or kidney trouble, and have tried a number of remedies from different physicians. More than a year ago, one of our local druggists induced me to try

Dr. Miles' Anti-Pain Pills and after using them some three months I found a decided improvement in my kidneys, and I am glad to say that I hope soon to be fully restored to health." J. P. ALLEN, Ex-Judge City Court, Glasgow, Ky.

As long as pain is present in any part of the body rest is impossible and the system becoming weakened is exposed to any form of disease to which the sufferer may be inclined.

Dr. Miles' Anti-Pain Pills by steadying the irritated nerve centers, make refreshing sleep possible, thereby enabling the body to recover lost strength. As a remedy for pain of any description Dr. Miles' Anti-Pain Pills are unsurpassed.

Sold by all druggists under a guarantee assuring the return of the price of the first box if no benefit results. MILES MEDICAL CO., Elkhart, Ind.

The cow and the hen have kept starvation from many a door.

Regularity is an important factor in caring for the producing herd.

In putting up ice wait until the ice and weather are right, then rush the job.

A small amount of linseed meal added to the horse ration is invaluable.

Some animals are selected individually but prove to be failures as breeders.

LUBBOCK

TEXAS

At Lindsey Oklahoma.

Special Cor. Herald.
According to promise I will write a letter now and more later. We, wife, Kathrine and myself, boarded the train at Lubbock, Sunday 19th, at 12:30 p. m., and landed at Percell, Okla., at 1:30 p. m., Monday; splendid connection all along the line—thirty minutes covering any change made.

Percell is where my brother lives and Lindsey, Okla., is the home of our oldest boy. This State has been favored with plenty of rain and crops are looking fine; first crop of alfalfa almost put up, and a big yield too. Quite a bit being shipped out and is worth from 10 to 12 dollars per ton on the market here.

Business of all kind is very dull here and everything high. Bankers, merchants all say money is scarce. You remember I told you I was going fishing. I have certainly had two grown messes. Had fresh strawberries and cream for supper last night. Haven't got far enough East for the squirrel yet; will tell you about that later.

Will only stop over here three or four days and therefore you may send my paper or any other communication to me at Lamar, Ark.

With success to the Herald and best wishes to my friends and the population of Brownfield and surrounding country I am
Respt. Yours
J. T. May.

P. S. Tell our candidates so far, where I have been, I find a big crop of them.

A. B. BYNUM.

We take pleasure in announcing to the Democratic voters of Terry county, the candidacy of Mr. A. B. Bynum for county Treasurer of Terry county. Mr. Bynum shall have served you two terms this November and so far as we know, has given satisfaction. His record is as an open volunn before you, and he will consider it a favor if you will take the trouble to investigate it. Upon the merits of his record for promptness and accuracy in his past service, he solicits your vote and influence at the coming primary, July 27th, and when you go to make out your ballot on that day, he asks that you seriously consider his claims for this office and should you then decide against him, he will take his defeat cheerfully, knowing the office belongs to the people.

Died At Mangun.

It is with sadness of heart that we chronicle the death of Mrs. M. A. Griffith, who formerly resided in Brownfield, which happened at Mangun, Okla., May 23rd.

Dr and Mrs. Griffith were among the first settlers of Terry County and did much for its early advancement, but the doctor only lived a short while after coming to Terry County. Three years ago Mrs. Griffith left here for Quanah and after residing there one year, removed to Clarendon, in order that her youngest son might enter Clarendon College. After residing there two years she broke up housekeeping and

went to live with her daughter at Mangun, Okla.

Mrs. Griffith attained a ripe old age and had many friends here who join the relatives in sorrow. She was a devoted member of the Methodist church.

She leaves several children, three of whom reside in Terry County, viz: Will Mathis, Geo. McWhorter and Joe Griffith.

Work left at the Herald office will be promptly attended to.

"ALABASTROL"

In the last two months we sold 1,852 packages of Alabastrol. Why? Because it is the most perfect production of its kind on the market, universally indorsed by users. Removes Freckles, Sunburn, Tan, etc. Allays chafed skin and is the Ideal Combinator Cream and powder. None give that soothing, cooling feeling as Alabastrol and whose use is so much appreciated. It acts on the face not unlike a refreshing, cooling Spring Morning. We guarantee it to be satisfactory in every respect.

Mailed to your home in generous size packages and in silver wrapper for 50 Cents Silver No Samples.

Pueblo, Colorado.

Bob Lovett And The Big Thicket.

The Rev. Mr. I. Z. T. Morris of Fort Worth, who knew Robert Lovett as a boy, when asked for some reminiscences of Mr. Lovett's youthful days replied:

We all know him down here as Bob Lovett, and his father was familiarly called "old man Bill Lovett." I first saw Bob on his father's farm in what we called the "Big Thicket" a bear hunting section of San Jacinto, County, when the lad was thirteen years of age.

"Bob had a pretty hard time getting a start in life, but when he attained to high worldly honors and emoluments, he retained the unassuming manner and friendly way of his father. I was in his office in New York one day, after he became the executive head of the Harriman lines and I said, "look here Bob, is this your office"? yes; he replied smiling, and then he added in a low confidential tone, "They call me Colonel Lovett up here, but they dont know anything about Big Thicket".

WE CAN FIX YOU WITH

TEXAS.

The Brownfield Merc, Co., has purchased paint for the purpose of repainting the Merc building inside out, top and bottom. They began painting the top last week but will not do the other until the wind quits blowing.

TEXAS APPLES BRING SPLENDID DIVIDENDS

NO PRODUCT PAYS ANY BETTER
TEXAS FIGURES SHOW.

5,000,000 TREES BEARING

The apple has always played an important part in the history of the human race. It was an apple rosy and red that attracted the attention of Eve and she gave to Adam, who according to Holy Writ "did eat" and ever since that eventful day the apple has been a favorite diet of mankind. It was an apple falling to the ground that stirred the brain of Newton and he gave us the laws of gravitation. It was an apple tree upon which grafters first plied their vocation and so successful were their operations that the profession has since flourished so rapidly as to menace civilization. It was a Texas apple that was awarded the first premium at the World's Fair in St. Louis in 1904 and no State has ever been able to wrest from us this undisputed evidence of our superiority as an apple producing State.

It is the most obedient plant in the vegetable kingdom and yields implicitly to the genius of man; it will change color, size, flavor, maturity and durability at the touch of a master hand. It is undoubtedly the most universal, resourceful and profitable of commercial fruits.

The northern tier of counties has long been known as the banner section in apple production, but is now dividing honors with the Pecos country and the Panhandle.

Some idea of the increase in the apple industry in Texas may be gained when we consider that the number of trees in the State today is more than five millions, while in 1870 there were less than 300,000 trees. The following table, taken from the reports of the Department of Agriculture, shows the progress of the apple industry by decades:

1870.....	290,000
1880.....	550,000
1890.....	662,000
1900.....	1,485,000
1910.....	5,000,000

Texas offers to the orchardist a soil and climate that will give vigor and productive power to the trees, color and flavor to the fruit and an established reputation to the product.

Cold Weather! Look Out!

Remember our blanket lined duck coats and over coats, men and boys suits, blankets, comforts, boots, Shoes, Bootes, Leggins, Caps, J. B. Stetson and Beaver Hats. Special bargains for cash. is the place to save money on things to wear and lots of good things to eat. Come see our new line of shoes just got in.

ALSO

Gents Wear, Hats and Trowsers with lots of new things for Ladies and Children

GOMEZ DOTS

May 29th.

A right good shower of rain fell here on last Friday night, and we learn that six or seven miles South of here, they had a real heavy rain.

Mrs. Lemby, who lives four miles West of Gomez, was taken quite seriously ill on last Saturday morning and Drs. Ellis and Maddux were both called to her, and Sunday morning her mother, Mrs. Meadows, of Breckenridge, Texas, was notified by wire of her condition, but we are glad to state that on Sunday night and Monday there was a decided improvement in her condition, and we hope she will soon be up again. Mrs. Meadows came in Monday evening.

Mothers Day services were held at the Baptist church here on last Sunday evening. Quite a crowd were out and the services were beautiful and impressive.

Bro. Thomas preached here at the Baptist church on last Saturday and Sunday. His sermons at all the services were deep, logical and of more than usual appeal to the human mind.

A gentleman from Abilene (we forgot his name) was here last week tuning pianos. He is totally blind, yet did excellent work.

Mr. Copeland's family moved out to the farm on Monday. We will certainly miss them here. Miss Katie will leave this week to enter the Normal at Canyon City.

Mr. Fulton and his sister, Althea, made a visit to Plains last week, returning Monday. They visited Mr. Ed Dumas' family there. The many friends here of Mrs. Ed Dumas will be sorry to learn that she has been quite sick for several months and is yet so.

Mrs. Simon Holgate has a music class of thirteen pupils at Plains.

There was an ice cream supper at Mr. Will Black's on last Saturday night; it was a pronounced success in every respect. There was quite a large crowd and the cream was excellent and the cake—well those who eat it said it was best ever. Well those who go to the hospitable home of Mr. and Mrs. Will Black, always come away hoping the time may soon come to go agai n

TEXAS NEEDS GREAT MEN

XV. REVENGE

IN ORDER that vengeance might not slumber, King Darius had his secretary to say to him each morning, "Sire, remember Athens," and the Persian army was cut to pieces in the battle of Marathon. Hannibal laid his hand on the altar and swore vengeance against Rome, and the Carthagian army was annihilated on the plains of Italy. Many a nation has gone to destruction or wasted its energy in blindly following its leaders in an effort to avenge grievances.

SIRE, REMEMBER ATHENS

Let him who would stamp his name upon the age in which he lives first convince his fellow men that his blood is not burning with the fever of hatred, that his mind is not chilled with the thaw winds of spite and that his frailties will not ride the State like a pestilence. No greater curse can blight a country than leadership steeped in scorn. Texas needs great men.

Bro. Kerr, the Presbyterian minister, who has for several years preached in this country passed through Gomez Monday.

R. W. Glover, wife and Vance, went out to the J-Cross community last Sunday. They report a large crowd, a fine sermon, and R. W. says that dinner just could not be excelled.

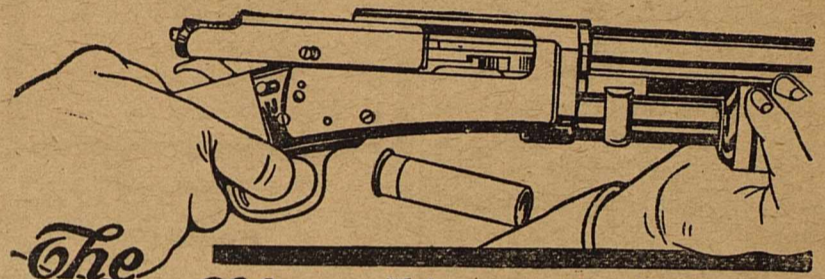

Mr. Simon Holgate has gone

to Plains.

Miss Ida James is visiting her sister, Mrs. Walter Gainer, at this time.

News from Mr. Allan Shepherd's family in San Patricio, is that they are well pleased and Mrs. Shepherds health has greatly improved.

West Wind.

The Marlin Repeating Shotgun

Made famous by its dependability. The solid top and side ejection keep gases and powder away from your eyes; help quick, effective repeat shots. Rain, sleet, snow and foreign matter can't get into the action. The mechanism is strong, simple, wear-resisting. The double extractors pull any shell instantly; two special safety devices prevent accidental discharge while action is unlocked, and an automatic recoil block makes bang fires harmless. All Marlins are strongly made, finely balanced, accurate, hard hitting guns, and are the quickest and easiest to take down and clean. Illustration shows Model 24 grade "A" 12 gauge; it has all the features that make for a perfect gun. Send three stamps postage today for our 136 page catalog describing the full Marlin line.

The Marlin Firearms Co.
 42 Willow Street New Haven, Conn.

ATTENTION.

I have opened up a first class grocery store in the old Martin and Holland stand and invite you to come in and get my prices before purchasing elsewhere.
