East Terry Receives a Big Rain

A rain cloud formed southeast of here Sunday afternoon and rained practically all over the eastern half of the county, or within two miles of Brownfield. It was accompanied by a terrific hail that did considerable damage to fruit.

The Burnett boys said it was a regular trash mover at their place. J. W. Black and Elmer Spergeon said it did about with fruit, and that it was the first time they have seen water run in their field since since they have been in the county. They said they couldn't cross the draw in front of their houses for several days afoot.

Two gentlemen coming in over the Tahoka road in a car Monday morning, said it began raining about fourteen miles this side of Tahoka, and at the Watkins place eight miles east of here, they had to pull off their shoes, roll up pants, and wade in to put on mud chains. They report that the rain quit off suddenly about one mile east of town.

The western portion of the county is beginning to need rain badly.

Wilson-Brownfield.

Miss Effie Brownfield and Mr. Roscoe Wilson, were quietly married at the home of Judge and Mrs. W. R. Spencer, in Lubbock, at 1:00 p. m., Saturday, June 23rd, Rev. J. P. Word, pastor of the Presbyterian Church officiating.

Miss Effie is the only daughter of our townsman, M. V. Brownfield, one of the biggest cattlemen in West Texas. She has received a liberal education, and her accomplishments and rare personal qualities won her a prominent place in the Brownfield and Lubbock social circles.

Mr. Wilson is a successful member of the Lubbock bar, being local attorney for the Santa Fe, the First National Bank and other organizations.

Mr. and Mrs. Wilson left on the southbound Santa Fe Saturday afternoon for Houston, the home of the groom. They expect to return to Lubbock the latter part of this week, where they will make their home.

Herald extends its heartiest congratulations.

Time waits for no man—build that good road.

My Old Home Town.

June 18th.

Russellville, Ark.

Cor., Herrld.

I came to this place 16th and no one here knew we were or even coming to Ark., though it seemed to be a welcome surprise to all. Quite a few of my relatives live here, of which I have met about all; and my old acquaintances, their faces were quite familiar, but like my own, a little more wrinkled.

This town is the county seat of my old home county, Pope, and has made wonderful improvement since I left here. Whole blocks of brick buildings; some fine brick churches, also a few brick residences. Addition of addition is being added to the town. They have the Agricultural school located here, which is a credit to any place; a fine brick building with dormitories for both boys and girls, and all modern improvements; their own engine, water system, cannery, etc., and were canning blackberries while I was there. They have 140 acres of land cut up into small plats which are farmed principally by the school boys in all kinds of farm and vegetable products, vinyards, etc. I even saw rice growing. This is the only town I have visited that has made any great progress. Wife and Kathrine did not accompany me to this place. I was about to forget to mention since writing before, I visited my old home and farm where I used to work. It don't hardly look natural; a great deal has caved off into the river.

Farm crops are looking real well. May and first half of June was very favorable for working the crop, and on the 17th and 18th, they had fine rains and everybody feels sure of an abundant crop, if not too much rain.

I am getting real tired of loafing and think now we will start home in a few days. One stop is to be made in Oklahoma to see wife's brother at Perry. I hardly think you need look for anything more from here.

With the same interest and best wishes for the people of Brownfield and the Plains country, I am.

Respt,

J. T. May.

Harris Happening's

June, 26th.

On last Saturday afternoon the heaviest rain of the season fell here in about 30 minutes time. It was accompanied by much hail though the hailstones were not extra large. Before the rain ye scribe had about 100 little chickens but the barnyard is in the draw and right after the rain the said draw was roaring with three or four feet of running water, of course sweeping right through that barnyard and 50 chickens were spared the fate of the frying pan. After the rain was over and the water had run down some, they were picked up very cold and dead, no amount of nursing could persuade them to return to life. Oh well we are glad it rained anyway. We can raise more chickens.

Watkie Fowler has finished a fancy job of painting on his buggy. It looks most new. Girls you may see him coming round soon.

We have been informed that Miss Zellica Shaw, of Abernathy, has been employed to teach our next term of school. Miss Zellica taught the Cottea school last year and has many friends here that will be glad to welcome her back.

Mrs. Spear was on the sick list last week, but she is now able to be up.

Mr. and Mrs. Arch McPhaul have moved to Tahoka.

Pony Patts and Roy Harris are drilling a well for Mr. Cline in Gaines county; when they finish there they will drill one for the Blythe school house.

Willie Wyaks, who is working for Mr. Payne, was at the store last Tuesday. Mr. Payne is moving his cattle from Mr. Johnson's pasture.

Three years of dry weather, but the farmer who has really tried, has been selling something all along, and even now has a balance at the bank. You just can't keep a good county or man down. For instance, just notice our last bank statement published in this issue.

Most country papers have come out strong for this or that candidate for this or that office, which is a sovereign privilege of any American citizen, but as a general thing, they are so prejudiced one way or the other, that they are aligned on either pro or anti-prohibition. Statesmanship is nothing; the welfare of our commonwealth is more than nothing, just so they land the man of their particular creed on this question. Now honest, isn't that small caliberish in broad-minded (?) Americans. A yellow dwarf, of their creed is the choice rather than the cleanest, most pure gentleman on the other

We once kindly lined up that way on the Bailey question, but are candidly ashamed of it now. We believe all sane people will agree that not all the good people or on one side of any question, and some of either side deserve offices of the people. The Herald for one does. We aim to vote for Mr. Coquitt for the first time for office, not that he is an anti, but that we believe he has made a good record when we take into consideration the disadvantages under which he has labored, and deserves another term. We know Judge Ramsey personally to be a man above reproach, and should he be a candidate two years hence, he may depend on our support. Then there is Will Mayes of Brownwood, a good prohibitionist who is in the race for Lieutenant Governor, that we want to see elected the worst kind, not because he is a pro, but from his past record, he will make the State an official, of which it may be truly proud. Also Uncle Bill Adams, the grand old man of the same city, for State Treasurer, and an anti statewider, we want to see elected just as much and as big majority as Mayes.

In the U. S. Senatorial race, we are for what some choose to

designate the weakest man, Hon. C. B. Randall, and mainly because the other two are running on sentiment and prejudice exclusively. each harping on a law to prohibit interstate shipments of liquor in local option territory a bill Mr. Randal has been working on for the past ten years. Then Walters, he's a "raw natural" man, and Shepherd is for "jes' eny ole thing tu git in." Both Jake and Morris, have so far failed to air their opinions on Randell's anti graft bill, which is now a plank in the State Democratic platform. In other words Herald believes Randell is the statesman and the others the "git thar the bess we kin."

There is Land Commissioner Robinson who has so valiantly stood by West Texas homesteaders during the past three years of drouth. We don't know how he stands on prohibition, and wouldn't give a tooth pick to know, but we are going to black the other man's name on July 27th, and believe it is the duty of every other West Texan to do the same, regardless of liquor affiliation.

Coming down to Congressmen at large, we want to see Judge Lancaster, who we understand

GOMEZ DOTS

25th June.

Rev. Williams, a baptist minister, and former resident of Brownfield, preached two excellent sermons here at the Baptist church on last Saturday and Saturday night; on Monday he and wife left for Tahoka where they will take the train for Dublin, Texas, the home of Bro. Williams mother. They expect to spend most of the summer visiting in that country.

Well there was another all days service and dinner on the ground at the J Cross school house on last Sunday. Messrs. Broughton, Pruitt, Kelly, Bragg, Glover, George and a few others represented Gomez and they report two services during the and one of the nicest dinners they ever eat—well they always have a good time at that school house. There is a flourishing Sunday School there now. Some of our Gomez crowd didn't get in home from there until nearly daylight Monday morning.

Miss Minnie Hurst, of Lubbock, visited in Gomez for 24 hours last week. She was enroute to visit her brother, Ben who lives in East Yoakum, also her sisters, Mesdames Earnest and Luna of Plains. Miss Minnie was principally raised in Yoakum county and her many friends there will be glad to welcome her back.

Messrs. Bob Snodgrass, Ben Hurst, Dee Hunter and their families, all visited at Mr. Glovers during the past week.

Mr. and Mrs. Hammond of the Harris community, passed through Gomez Saturday eve at 9:00 p. m. enroute to Lubbock to take the train for Wheeler county, where they were called by phone to see Mrs. Hammond's mother, who is seriously sick. Mr. and Mrs. T. C. Ivey carried them to Lubbock and returned Monday.

Miss Ella Williams, sister of Mrs. Nichols, who has been visiting in Terry since last winter, left for her home in Oklahoma on last Monday.

Forest Reeves came in home from Mr. Hunters on last Saturday.

Lois Reeves went out to the J Cross Sunday and visited Miss Egie Rambo Sunday night, coming in home Monday.

The Gomez people are certainly working to have everything necessary both to entertain and to eat for the picnic here on the 4th and we earnestly request that all around us come and take part and let once more have one of those old time Terry basket county picnics where everybody had a good time.

News has just come that Mrs. Hammonds mother died before she got to her.

W. R. Bridges and his father were in town Tuesday.

Professor Harrison is to come in home this week from Montague county. His mother and sister will come home with him

Mrs Will Sulgass came in last Friday to help the ladies clean up the parsonage. Misses Mary Harrison and Esther Simms went home with her and returned Monday.

Mr. A. P. Moore made a business trip to Lubbock last week.

Mr. and Mrs. Sam Tow, of King, N. M., came in this week to see their son, Lenord, who is now at Mr. Boss Key's, 9 miles West of Gomez. Lenord is improving and we hope will soon be over that cut.

News from Misses Phyllis Holgate and Katie Copeland at Canyon City Normal, is that they are getting along fine and are well pleased with their surroundings.

Mrs. Rambo, accompanied by her little grandson, left Monday for visit to Comanche county to her father.

Mr. Horton Leach and wife, were visiting here at Artie Shepherds on last Saturday night and Sunday.

REDUCE ACREAGE IN COTTON

Price is Low and Not Likely to Advance—Pay More Attention to General Farm Crops.

In planning the rotation for 1912 do not forget that the price of cotton is low and that the price is not likely to go up much within the next year. Since food crops, pork, lard, mules, horses, beef, poultry, butter and so on are high and likely to be higher, why not reduce the acreage in cotton and grow the high-priced products that we are now buying with our cotton money? Leguminous crops such as peas, soy beans, peanuts, velvet beans, lespedeza and so forth and good live stock means rich land and prosperous farmers.

Let us to some extent pattern after the farmers in states where cotton cannot be grown. The man who has plenty of everything that can be successfully grown in his section for use on his table can laugh at the boll weevil and the low price of cotton.

Mrs. W. N. Copeland, of Lubbock, who has been visiting her son, Chas. returned home last week. She was accompanied home by her two grandchildren.

We learn that Major Perryman County Judge of Lynn county, suffered a paralytic stroke last week that came near proving fatal, but was much better at last report.

McPhaul Bros. sent their pump engine in this week to get H. H. Longbreak to doctor it preparatory to filling their tanks with water, since the wind quit blowing.

Mrs. J. T. Hamilton returned last week from Plainview, bringing back her daughter-in-law and little child. The little child is improving fast we learn.

The Mercantile people are busy painting the exterior of their building this week, which will not only add to its beauty, but to the town in general. Let others smear 'er on.

We are sorry to report that Bro. V. H. Trammell has taken a backset and is in bed again. He started to Gomez Wednesday evening and got so sick he had to return home.

Judge J. H. Moore, of Lubbock, was down last week looking after his candidacy to the office of District Judge. He seemed to be highly elated over his prospects.

Mrs. Kennedy accompanied by little Miss Eddie Snodgrass, paid the Herald a pleasant call yesterday afternoon and reported a splendid rain in the Snodgrass community Wednesday night.

Mrs. J. H. George stuck a maize fork in her foot last Saturday, which has caused her to be laid up for a few days. Miss Addie, who has been working with the Herald force had to go home for a few days to nurse her mother.

Will Moore was in town a few minutes one day this week and had his paper changed to Pottsville, where he and family will be the next few months. Will is carrying a bunch of horses to sell, and will send up some prospectors for land.

M. B. Sawyer brought in 2800 pounds of corn, or 50 bushels, and sold it to the Terry Co., Mill & Feed Co., for which he received 90 cents. Mr. Sawyer raised something like 1500 bushels of corn on his ranch last year.

J. W. Black, accompanied by his daughter, Miss Ola and Miss Lillie Holt, were in town this week and paid the Herald a short call. Mr. Black has just returned from a visit to Kimble county and says it was getting very dry there when he left.

Martin, & Wolcott have put on an automobile delivery service, and are delivering the goods in double quick time these days. This is the first auto delivery wagon for a grocery store in our city and their customers will no doubt appreciate the quick delivery system adopted by this enterprising firm.—Lubbock Avalanche.

The Brownfield Hardware Co., has received three of the five three horse power International engines for Ivey Bros., to be used on their ranches to pump water. Three of them will be put on low-wheeled wagons and can be moved from well to well. These boys don't believe in letting their stock perish for want of water during the still, hot months and we see where they are right. More cattle die in this country from thirst and diseases attendant thereto, than die of starvation in winter.

The **Marlin Repeating Shotgun**
12 or 16 GAUGE

Made famous by its dependability. The solid top and side ejection keep gases and powder away from your eyes; help quick, effective repeat shots. Rain, sleet, snow and foreign matter can't get into the action. The mechanism is strong, simple, wear-resisting. The double extractors pull any shell instantly; two special safety devices prevent accidental discharge while action is unlocked, and an automatic recoil block makes firing harmless. All Marlins are strongly made, finely balanced, accurate, hard hitting guns, and are the quickest and easiest to take down and clean. Illustration shows Model 24 grade "A" 12 gauge; it has all the features that make let's a perfect gun. Send three stamps postage today for our 136 page catalog describing the full Marlin line. The Marlin Firearms Co. 42 Willow Street New Haven, Conn.

is a pro in for one of them at least, not that he is a pro, but a good man and West Texas needs the extra representation. We also want to send old prohibition but progressive Frank White to the legislature, not because he is a pro, but like Lancaster, a states man in the making: "a diamond in the rough." Probably the other candidates are good men, but we know these are as the have lived among us and have already showed their ability.

That there is a prohibition issue, we do not pretend to deny but let us not get so cranky we may butcher good men on either side to preserve a shaky one of our particular creed. We hope for the love we owe to God, our country and our fellowman, that we may never be cranky, for all cranks we have ever seen were crooked.

\$175,000 Cattle Deal Made.

One of the largest deals that has been recorded in the Midland country in a good many months was closed last week whereby our townsman, C. A. Goldsmith, became the owner of the university leases of the famous Clabber Hill ranch and 4200 head of fine, pure bred black muley cows.

These were sold to him by J. H. Yates, also of this city, and the cattle are a part of the big bunch of stuff bought last fall of the "C" ranch.

The cattle are well known throughout the livestock world, the herd from which they came having been started many years ago by Nelson Morris, deceased, and having been bred by him to a very high degree of purity.

Well known as are these cattle, they are hardly more so than the Clabber Hill ranch, which constitutes a part of this big deal. We have not been given particulars of the deal, but the rumor places the aggregate consideration at \$175,000.

Associated with Mr. Goldsmith in the purchase of this outfit, we understand, is E. E. Baldrige, of Fort Worth. We congratulate the gentlemen upon having secured such a princely possession and trust it may pan out for them all that may be hoped for it.—Midland Reporter.

When you hear a man sneering at the local Newspaper because it is not big, and newsy as the city papers, you can safely bet he does not squander any of his wealth in assisting to make it better and that generally the paper has done more for him than he has for it. The man who cannot see benefits arising from a local newspaper is about as much value to a town as a delinquent tax list.—Stanton Reporter.

TEXAS WELFARE COMMISSION

Commercial Secretaries Appoint Commission to Investigate Industrial Conditions.

The Welfare Commission which the Commercial Secretaries and Business Men's Association of Texas has organized will hold sessions in Dallas, Ft. Worth, San Antonio, Houston and other cities in Texas and hear the views of men of affairs on the needs of Texas. The following are a few of the questions which the Commission will undertake to answer:

Sixty-eight per cent of the farmers of Texas do not own their farms. WHY?

We need 50,000 miles more of railroads in Texas and there is not a mile of road under construction in the State today. WHY?

We have 140,000 miles of unimproved public highways and during the past ten years we have permanently improved only 2,900. WHY?

We have 1200 miles of navigable rivers but no steamboat lines ply our waters. WHY?

We buy from other States \$75,000,000 worth of feed stuff annually. WHY?

According to estimates of the Farmers' Union it costs 12½ cents per pound to raise cotton and it sells for a less price. WHY?

We owe \$1,190,000,000 to parties outside the State and will have to borrow ten billion more to develop our resources and yet large insurance companies and other sources of cheap money are not doing business in Texas. WHY?

The Farmers' Union report that they are paying 8 and 10 per cent for money loaned on cotton in their warehouses, although cotton is the best security in the world. WHY?

Texas cattle are rated by the Federal Agricultural Department at \$14.79 per head and Illinois cattle at \$28.02 per head. WHY?

There is shipped into Texas 100 car loads of cured meats per week. WHY?

The Texas farmers haul \$1,200,000 of raw material per day to the foreign factory. WHY?

We raise between three and four million bales of cotton annually and manufacture only 40,000 bales. WHY?

The Railroad Commission of Texas values the railroad property at \$210,000,000, the Tax Commission at \$429,000,000 and the Tax Assessor at \$340,132,572. WHY?

Yoakum County Briefs.

From the News.

A new postoffice is soon to be established at H. L. Ware's place on the Plains and Brownfield road, about fifteen miles East of Plains.

Mr. Geo. W. Wilkins, living just across the line in Terry county, was a visitor to Plains Wednesday. Mr. Wilkins is one of the citizens who has combined farming and stock raising and is doing well, as every other man in this country who follows that line of business will do.

Last Sunday morning as some movers were passing through Harri's Bro's pasture, a man by the name of Edgar, shot and killed a jack belonging to R. S. Harris. Next morning the parties were overtaken eight miles West of Bronco, and after some delay was permitted to pursue his course by paying \$175 and officers cost.

The following statement will show the profits there is to be derived from raising goats. Last fall Will Belcher bought six goats; up to this time he has sold \$24.55 worth of goat meat eat five at home and still has eight goats left. What will pay the farmer better than to keep a bunch of goats together with his other live stock.?

From the News.

Mr. Jake Leedy and Miss Ruby Cowan were married in Lubbock Friday, June 14th. The happy young couple will make their home in that city.

Last Sunday June 16th, we had one of the heaviest rains we have had for years. It began to rain about 5 o'clock in the afternoon and rained hard for five hours. Here in Taboka we got about five inches. All the lakes are full and grass and crops doing extra well.

Mrs. Hamilton and daughter of Brownfield, came in on the Monday evening train from Plainview and had Ben King take them half way to Brownfield where they were met by a team from that place. Ben says he made the trip to the T-gate and back in three hours.

TEXAS NEEDS GREAT MEN

XX. IMPOSTERS

A KING OF DENMARK was murdered by one of his subjects pouring poison in his ear and then seizing the throne. This method of acquiring power is frequently resorted to by modern politicians who are able to succeed only by pouring poison in the ears of the people and seizing authority. No government can long survive incompetent and inexperienced management. We must place in position of power men whose hands have held the plow and the hammer, whose hearts have felt the glow of industry and whose vision can sweep the horizon of twentieth century civilization.

lands to prove their claims in three instead of five years; allowing five months absence from a claim each year and reducing the acres to be cultivated on large claims from eighty to forty acres.

The pen used was given to representative Taylor, of Colorado.

The bill is designed to so liberalize the homestead laws as to

check the immigration of American farmers to Canada. Senator Borah was one of its supporters. —Denver Times.
