May & Wright

FIRST SATURDAY IN MAY IS TRADE DAY

We Want You To Bring Your Good Stock and the Whole Family to Brownfield on that Day. Merchants Co Operate by Making Some Substantial Reductions

For some time there has been such a day agitated by the breeders, for the reason that they want to display their stock to prospective customers, and to make the day of real interest and profit, a trade, a show day and a high jumper day, has been consolidated into one grand day, so that if you miss being here on that occasion, you can put it down that you have missed one of the best entertainments ever pulled off in Brownfield, and you know there has been some good ones.

Besides the stockmen who have promised to bring their horses, horses, mares, colts, Jennett's, steers, bulls, cows, the merchants and business men of the town will offer for cash some real, substantial reductions on some real valuable articles on that day. That will do everything in their power on that occasion to make the day profitable as well as one of rare pleasure. To augment all this, Claud Criswell and Geo. Tiernan have given their promise to have a herd of high jumpers on hand,

and a bunch of high jumper busters to amuse the people, and Geo. and Claud know them and will get them here.

Brownfield respectively invites you to be present and bring in your good stock, and don't forget men that your wife, daughters and the little fellows will enjoy this day as much as you. Hitch up old Pete and Beck to the spring or farm wagon and bring the whole cheese as they will thoroughly enjoy the outing. If you've got any stock to sell, trade or exchange there will never be a better day than this to dispose of them. Bring in the chickens and eggs. You are sure to dispose of them.

Remember the date, Saturday, May 3rd, 1913. The following will be the reductions the business men will make for the day for cash.

May & Wright: Belle of Wichita Flour, regular price \$3.60; on Trade Day \$3.40 per 100. Ten percent off on Star Brand Shoes. Twenty percent off on all other brands. A big box of starch free with all \$5.00 pur-

chases. Let them show you the goods.

Terry County Mill & Feed Co: Pure (threshed) crushed maize on Trade Day at \$1.15 per 100. Regular price \$1.40. No better feed to be had.

Brownfield Hardware Co: Twenty percent discount on all dishes. All new and up-to-now stuff.

Randal Drug Store: Ten percent off on all stock foods, dips and patient medicines.

Brooks & Drinkard will sharpen your buster point for 20 cent.

Coble & Criswell will feed your stock all you want them to have for 20 cents.

The Hill Hotel will feed your faces for 35 cents each and you know he feeds some.

The Herald will take new and renewal subscriptions at 75 cents per year, and will send them out of county at same price, or six for \$4.00.

Welch and Green will clean and press your suit for \$1.00 on that day. Regular \$1.50 job. In Williams' old stand.

To cap the climax and to make everything lovely for those who contemplate marriage, County Clerk Broughton will furnish license free; Judge Neill will say the proper words at the same rate; J. R. Hill will furnish chuck free and a bridal chamber gratis on Saturday night; the Herald will visit you each week for one year without a penny and every business man in town will donate a present. Was there ever in the world a

better chance to get married and enjoy yourself at the expense of your friends? This is your opportunity.

Now don't you think we mean business and all aim to have a time together that day? Well, just you lay off on that day and bring your good wife and children and let's all have a time together. If you have a neighbor that don't read the Herald, show him this copy and invite him to come along with you and be sure and tell him about the price of the Herald that day and about the bargain the merchants are offering, and last but not least, what a whopping big time we all aim to have.

Remember the big day, Saturday May 3rd, and bring the family and stock.

Biggest Rain in Years.

One of those Old Gully Makers Clod Soakers Visit Terry and South Plains.

It may get to be as dry as a bone on the Plains, with no visible sign of rain for a month, then let the wind get in the south east and stay there for several days, and you get rain as sure as you live.

The wind has been hanging in this favorable direction for almost a week and a good shower fell Saturday night, but the wind still hung out its shingle from the southeast. Then we had another pretty good rain on Sunday night and still the wind staid with the southeast like a brother until Tuesday night, the time set for the climax and when the

Star of the performance took its place before the foot-lights and to say that it pleased the audience would be putting it too mild. It was encored, time after time. The performance began promptly at 6:30 and went off the stage followed by tremendous applause from the thundubolts from heaven, and a stream bouquets from the pleased people.

In other words, it rained, and more. It rained, it hailed a little and then come down in sheets.

There was more water put out during this rain than has fallen in Terry county in five years. The old lake at the back of the old Brownfield place looks like lake Superior, and frogs that had been silent for years now sing you to sleep with their old rusty croak. Fellows it was simply grand from start to finish and one would have to have a surveyors chain to measure the smiles that went come off. Your foot rule doings went answer in this country. The rainfall since Saturday night is variously estimated at from two to four inches, and we are sure it would not fall short of three inches.

Any way we have a magnificent season, both bottom, top and middle, and with some good showers from now on you count on old Terry's graineries being bugging out this fall. Come to Terry and build a silo.

Phone communications from Plains, Lamesa, Tahoka and Lubbock, tell the same tale and it stands to reason the all the surrounding territory is standing in water which makes it all the better. Scarcely any wind accompanied the rain. It just thundered and rained and rained and thundered.

SPRING TIME IS FENCING TIME

Every farm and ranch fence should be thoroughly overhauled each spring, and we want to announce that we have the wire, post and stays at right prices. Don't overlook the fact that we keep the very best coal to be had, and choice feed for stock. Come in to see us.

Wages of Farm Laborers Increase.

The Farmer's Union has been making a comparison of the condition of farm laborers with other classes of laborers in Texas and in the United States. Mr. Peter Radford, President of the Union, in discussing the subject said:—"The Nation has been shocked to find young woman receiving wages under \$8.00 per week, but did you ever stop to consider that the farm laborer works for less money? The legislature has just placed an eight hour law upon the statute book but did it ever occur to you that the farmer works from sun to sun?"

"The Farmers' Union is in sympathy with the working girls and in favor of the eight hour law and we stand for fewer hours and better wages for all who toil. But how about the farm laborers? There are more men who labor on the farms of Texas than in all other occupations combined."

According to the report of the Federal Census Bureau, farm wages in Texas average \$19.00 per month with, and \$27.30 per month without board. Reduced to a weekly basis it means that the farm laborers of Texas get \$6.00 per week where they board themselves and in many instances they have a family to support on this sum. The farm owner cannot increase the wages of his hired help and "shift the burden" to the consumer as is often the case with the merchant and the manufacturer. He does not fix the price of his products and while producing the wealth of the Nation, he receives minimum pay for his services. Overproduction and crop mortgages force the farmer into ruinous competition with each other, forcing down prices and compelling low wages and long hours. The remedy lies in organization and in co-operation in marketing.

In Texas 160,538 farms of the 417,770 employ help at an annual expense of \$22,785,000. During the past ten years farm wages have increased \$4.97 per month.

In Terry County there are 235 farms and 67 of them employ hired help at an expense of \$23,439 per annum.

Mrs. Ward Thanks Herald.

Houston, April, 11, 1913.
The Editor, Terry County Herald, Brownfield, Texas.

Sir:—The Married Women's Bill is now a law in Texas and to you is due much of the credit for its passage.

The change made by the law passed by the legislature and approved by the Governor March 13, is the greatest change in the property rights of woman in Texas since the adoption of the Constitution and the legal status of woman in Texas has taken a long step forward. The effect of the law is to give them absolute and exclusive control and disposition of all separate property, both real and personal, as well as their personal earnings, subject only to the limitation that they cannot dispose of or encumber their real estate or transfer stocks and bonds without the joinder of the husband. To the five hundred and nine newspapers of this State and to the Delineator is due much of the success of this measure. We

never could have reached the people and make them aware of the need of the reform legislation without that great public educator THE PRESS. I want you to know that the women of Texas thank you, I want you to know that I send to you my lasting gratitude for your assistance.

Yours sincerely,
Hortense Ward.

May Put Down Deep Well

In conversation with A. M. McBurnett recently, who lives in the shallow water belt in the South part of the county he said:

"I did aim to be the first man in Terry to lay the foundation for a silo, but my very next Herald named half a dozen who will build them, then I decided that I would put down a big well, get an engine and irrigate about ten acres of land, as I believe I can make good money with one."

Mr. McBurnett has lived in two or three irrigation belts and has had considerable experience with irrigation, and should he decide to try it in Terry, we predict for him much success.

Dr. H. T. Day and son, Stafford, were in after supplies one day last week.

A rain on Sunday night, a showery day on Monday, cloudy on Tuesday until 6 p. m. when a dark, almost green cloud in the West came slowly over and then it seemed that the ancient deluge was being repeated. There was quite a lot of small hail with it, and part of the leaves on the fruit trees were beat off. The cloud was fully as slow in passing as in coming, and on Wednesday our streets are under water and the wind is cold enough to make fire in the house necessary.

Mrs. J. T. Gainer, of Plains, came over last week and is spending the week among her Gomez friends.
