

The Terry County Herald

VOL. 9.

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, MAY 9, 1913

NO 2

Attendance a Little Disappointing

But What Was Lacking in Crowd Was Made up in Enthusiasm

Last Saturday, or our first Trade Day was almost ideal, except for a rainy looking cloud at about noon. The attendance was considerably off from what might have been, had it not been for the splendid planting season, and we are the last to blame the farmer for taking advantage of same. Then there was District Court at the first of the week that many prominent stockmen and farmers lost time at, besides a large number were making their May 1st delivery. These three causes, of course, knocked a big hole in the crowd, but neither could be avoided.

Anyway those who did come enjoyed themselves hugely, and many of them took advantage of the splendid bargains offered by our merchants, who, without exception, report a fine day's business, and all want it repeated Saturday, June 7th, that being the 1st Saturday in that month. The Herald will go into many new homes, and several took advantage of our low rates on that day to renew and send the Herald to parties back east.

Messrs. A. P. Seitz, C. F. Holt and Grover Lewis, each had their fine stallions on display and each attracted considerable attention and of course they all had their crowd of admirers, as they are all good horses. Burnett Bros. had on display two as fine young male Hereford's as ever come down the pike. These calves were nine and one half and ten months old and weighed 837 and 850 pounds, respectively. The boys are proud of these calves and The Herald is proud they are located in Terry.

Among a passing herd, early that morning, was a cowboy who had some game bronk and gave us an exhibition of Wild West riding on the streets, but there were not many people here then to see him. Edwin Holt got \$5 easy by riding a small, black bronk belonging to Otis Harper, in the early afternoon. Another cowboy did a stunt free for all along toward dark. There was three sales made that we heard of. W. H. Gist had his 16 hand two year old on hand and came near selling him.

All are immensely pleased with the day and we hope to announce in the near future, a better day for the first Saturday in June.

Dots From Tokio.

Mr. and Mrs. Geo. Snodgrass and little daughter, Irene, and Addie Bell Ware, were caught in the heavy rain and hail storm, about half a mile east of Mr. Park's place Sunday afternoon, and turned the buggy so as to keep the hail out as best they could—and just let it hail.

Mr. and Mrs. Claud Criswell, of Brownfield, passed Tokio Tuesday, enroute to Plains.

Mr. Ward, of Yoakum county, was returning from the railroad with a load of building material; just after passing here Sunday, one of his single-trees dropped down, causing his team of two horses and a mule to run. The mule fell and was dragged about twenty yards, which had the effect of stopping the horses before they got more than a few scratches on a wire fence. Mr. Ward was slightly lamed from jumping off the wagon.

Hilliard Ware and his sister, Orie, visited Mrs. W. G. Myers, Monday.

W. J. Satterwhite had the misfortune of having a horse fall with him, Tuesday, and in trying to get loose from the saddle as the horse fell, he was thrown ten or fifteen feet and considerably bruised, but is able to be out after the stock.

Rev. Hudman, of Ft. Sumner, N. M., spent Tuesday night at Tokio.

Messrs. Hague and Proctor passed here Tuesday, loaded with building material. We are glad to see these improvements going on in our adjoining county as prosperity is contagious and cannot be kept inside a county line.

The little child of H. Pulliam, of Glenn Park settlement, has been right sick with LaGrippe, but was better Tuesday.

Mrs. M. A. Hill, of Glen Park, has been on the puny list for some time, with something like bronchitis.

Mr. R. K. Benton, who went to Slaton for treatment, some time ago, is taking the serum treatment and is thought to be improving.

Customers!

We have some accounts that are long past due. To those and customers wanting goods on any great length of time, must make arrangements for security of same. Yours for Business

May & Wright

Bainer On Silos

Agriculture Demonstrator for the Santa Fe Gives Good In- formation.

Amarillo, Texas, March 24, 1913
Brownfield Hardware Company
Brownfield, Texas

Gentlemen:—I have your letter of the 17th instant, making inquiry concerning silos. It is impossible for me to tell you what particular make of silo is best suited for Plains conditions. Nearly every type of silo found on the market today, is suited to Plains conditions provided it is given the proper attention. The wooden silo which has perhaps been on the market longer than any other type, is not altogether adapted to our conditions. This is on account of the instability of wood under our climatic conditions. When a wooden silo is filled with silage, enough moisture is held in contact with the silage to prevent them from drying out, but at the time of year when the weather is dry and hot, the silo is nearly always empty, and under these conditions, there is danger of the staves drying apart enough to seriously damage the construction unless the owner will tighten up the hoops to take up the slack. Nearly every wooden silo is so constructed that this tightening can easily be done, but the average farmer will nearly always forget it. If the silo made is made of some wood like the California red wood, there is very little danger of contraction or expansion of the staves. The wooden silo that is allowed to dry apart is likely to blow down. Every type of silo must be taken care of, whether it is made of wood, concrete metal or any other material.

The ideal silo for Plains is concrete. This type is usually made of the solid wall construction, with plenty of metal reinforcement in the wall, such as woven hog wire. This type of silo is very heavy and requires a solid foundation. It is a type that requires forms or moulds in connection with the construction. It is also a type of silo that cannot be constructed by every farmer, for the reason that he is not acquainted with the mixing of cement, or with the workmanship required in putting up the walls. There is no question but that the concrete silo properly constructed, is the best "top-of-the-ground" silo for the Plains.

The all-metal silo is also com-

ing into general use through out the south. This is an expensive type of silo, but it is very durable. This type of silo has had many objections made against it but the most of them are being overcome. In the first place, the metal must be protected by some sort of paint or insulation which will prevent the juices of the silage from coming in contact with the metal. Sometimes the metal is covered with a coal-tar preparation which protects it from the acid. Heat and cold cause the metal to contract and expand, which sometimes loosens the joints, but usually very little damage comes from this source.

One of the best form of silos for dry land conditions, especially where the water level in the ground is not too close to the surface, is the underground silo. In this type of silo, nothing appears above the ground. A round hoe or sort of well is dug, suitable in size to the capacity of silo desired. This hole is always dug circular in form. In order to prevent the juices from the silage being absorbed by the dirt walls, it is necessary that these walls be covered with a cement plaster. If the walls stand well and there is very little danger of them caving, one-half inch of good rich cement plaster against the dirt, is all that is necessary. If there is some danger of the walls caving on account of open, porous construction, then it is often necessary to make a wall of cement or concrete from two to three inches in thickness. A silo properly constructed in this manner will give as good satisfaction as any type of silo erected on top of the ground, and the cost is usually from one-third to one-half as much as the silo on top of the ground. The objection to underground silo has been that it is hard to get the feed out, and that gases are likely accumulate in them. These objections do not amount to very much. The question all along has been: First, to get the silo and next to get the something in it. Again with the underground silo, less expensive machinery is required to fill it.

In connection with putting up silage, it is necessary to cut the feed into short lengths, varying from one-half to one inch, this is done by what is known as an ensilage cutter. This should be large enough so that it can cut from fifteen to twenty-five tons per day, and elevate it at the same time, especially if the silo is of the above-the-ground type. The power required for running this cutter is usually a ten to

fifteen horse-power engine of the gasoline type. We find in some sections where four or five farmers own silos, that they get very satisfactory results by buying their machinery in partnership. In this way when the machinery is in use, they exchange work, one helping the other, thus filling the silo in a short time, at very little expense to the owner. Silage cutters are manufactured by some of the following named companies: International Harvester company, Chicago, Ill., Smalley Manufacturing company, Wis., Silver Manufacturing company, Salem, O.

We are at this time preparing a bulletin on silos and silage which we hope to have ready for distribution in the near future and we will be pleased to send you several copies of this as soon as it is ready.

Yours truly,
H. M. Bainer.

Harris Happenings.

Roy Harris made a trip to Lubbock after goods for the store last week. Reed Wolfarth accompanied him on the trip.

Mr. Bird passed through here Wednesday with 675 head of one and two year old steers and heifers which he had contracted to the Kokernot Ranch, near Lubbock, two years ago at \$20.00 per head. When Mr. Bird made that contract he had no idea cattle would be so high now.

We failed to state last week that Reed Wolfarth had come home Lubbock where he has been attending school all winter. Reed bought himself a motor cycle in Lubbock and has it at home now.

George Alexander returned home from Burnett last week where he had been attending school. George is a splendid young man and we welcome him back home.

Scarborough and Eidson's cow outfit passed back through here Sunday on their way home from Dimmitt.

Our people are talking phones now even more than they talk silos. Seems like we must have a phone.

Hub Hooker's children have all been sick with LaGrippe during the past two weeks. They were better Saturday.

Our Sunday School has been reorganized and we have Sunday School every Sunday afternoon now.

Two U. S. cows were killed by lightning at Brit Clare's south mill one night last week.

Sand Bur.

SPRING TIME IS FENCING TIME

Every farm and ranch fence should be thoroughly overhauled each spring, and we want to announce that we have the wire, post and stays at right prices. Don't overlook the fact that we keep the very best coal to be had, and choice feed for stock. Come in to see us.

For Pure Drugs

Since hiring a man to look after the courthouse and grounds, not only the trees are kept in order, but the ground looks clean and smooth, the fence is kept up, the windmills are kept in repair and running, the troughs are kept clean and sweet; in fact the whole place looks like it's found instead of lost. The Commissioners know we have the prettiest courtyard on the Plains, and aim to keep it thus.—Terry County Herald.

Terry has a beautiful courtyard and it is work and care that has made it so. However, there are other counties on the Plains that are beautifying their court yards. Several counties on the Plains have secured the services of an expert landscape gardener; Dimmit county paying him \$212 to put their court yard in proper shape. This appeals to us as a splendid proposition. If the Commissioners will only have a concrete gutter and curb and a good iron fence put around our court yard this spring we won't have take a back seat for any one. Mr. and Mrs. citizen it is up to you; if you favor such action on the part of our Commissioners, speak to them about it and it will be done.—Lynn County News.

GOMEZ DOTS

The Gomez High School closed a successful term last Friday night, with a real good program. There was three graduates; Misses Mary Harrison, Willis Black and Mr. Maury Lewis. We commend these young people for the good work they have done in the class room during the past term. Maury will enter

college next term. The entire exercises was real good, everyone knew and acted their parts well. The term has been a success and is another one added to the already well filled page of Gomez school; in which the record reads "a full enrollment, good work and best of all, no fussing or strife." We have interviewed quite a number of the pupils and they all say that their teachers have been courteous and kind and have done every thing that they could to make the school a success, while on the other hand teachers have nothing but kind words to speak of the pupils. There will only be this week vacation, then the summer school will open and we understand that most of the larger pupils will attend.

Misses May and Emma Townsend who have been attending school here, returned to their home near Bronco last Sunday, but we are glad to state we will not lose these pleasant young ladies from our town, as they will return to attend the summer school.

Paul Gainer, of Plains, came over last Friday, to attend the school closing and he and his mother Mrs. J. T. Gainer, who had been visiting here for two weeks, returned home Saturday.

Rev. Lovelady passed through here Saturday enroute to Plains.

Singing at Mr. Will Black's last Sunday night, and every one there report a good time.

Mr. R. W. Glover moved out to the Wallace place, just west of town last Monday. R. W. is assessing taxes this year and his

good lady proposes to cultivate a garden and raise chickens. No indeed; we are not left without a hotel, for Mr. Guy Taylor moved into the hotel on Tuesday and he and his good wife propose to feed the hungry folks, provided they, (The hungry ones) have the "chink" to pay for some.

Mr. A. V. Taylor moved his family back to the farm last Saturday. We miss these good people from our town, but they will come back next fall.

Mr. Rhodes intends to move away "just as soon as he gets out of a job." Well he has been trying to get done his jobs so he could leave for two months or more and we don't see that there is much prospect of his getting through. He makes a trip to the R. R. every week and when it comes to any kind of work, those who hire him once are sure to want him again, so we hope he won't go.

Miss Phyllis Holgate will leave on Thursday morning for an all summer visit to her sisters in Brownwood. We regret to lose Miss Phyllis, but console ourselves with the knowledge that she will be back in the fall.

Miss Rena Lewis will leave Thursday to visit her sister, Mrs. Gertie McGuire, at Gilliland, in Knox county; also other relatives and friends at Rule and other points in Tex.

Miss Katie Copeland visited in town several days the latter part of last, and first of this week.

The many friends of Mrs. W. B. Hays will be glad to learn that her health is rapidly improving. She is at Gustine in Comanche county.

Mr. Copeland passed through Monday with his road grading outfit going to grade that road running south out of Brownfield.

Mr. Boss Key made a trip to Tahoka this week, for supplies.

Dr. W. L. Covey from Midway, New Mex. was at the hotel Sunday night. He talks of moving here for the next school term.

Mr. Clayborne moved his family back to Ranger Lake, New Mex. last Saturday. We hope to have these good people with us again next school term.

Mr. Green left for Lubbock on Tuesday for a load of groceries West Wind.

The pains of neuralgia seldom fail to yield to Dr. Miles' Anti-Pain Pills. Ask for them yourself. [Advertisement.]

Don't wait for a headache to go away. The Dr. Miles' Anti-Pain Pills are the only ones that will cure it.

Better than Spanking

Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dept. 1812, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c package securely wrapped and prepaid Absolutely Free to any reader of The Herald. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co is an Old and Reliable House. Write them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy. (adv.)

PEANUT CROP IS PROFITABLE

One Acre Is Equal to 85 Bushels of Corn as Hog Feed—Also Improves the Soil.

The result of one experiment at the Arkansas station shows that one acre of peanuts is equal to 85.6 bushels of corn as a hog feed. The lowest returns obtained from a station were in Alabama, where an acre of peanuts were only equal to 18.4 bushels of corn as a hog producer. However, even in Alabama the peanut crop was more profitable as a hog crop than corn on the same land.

The results obtained by the Arkansas, Alabama and Louisiana stations show that an average acre of peanuts equals from 25 to 40 bushels of corn as a hog feed. And let us not forget that peanuts improve the land and that the hogs harvest the crop. Let us plan to plant several acres of Spanish peanuts as early in the spring as is safe and to make another planting about the first of July. We can also plant several acres of the Virginia varieties for hogs.

The Best Day.

This is the best year that we have ever had to make good on the farm and this is the best day that we will ever have to make good. Today is always the best day to do the right thing.

A Nervous Woman Finds Relief From Suffering.

Women who suffer from extreme nervousness, often endure much suffering before finding any relief. Mrs. Joseph Snyder, of Tiffin, O., had such an experience, regarding which she says:

"Six months I was bedfast with nervous prostration. I had sinking spells, a cold, clammy feeling,—could not stand the slightest noise. At times I would almost fly to pieces; stomach very weak. My husband insisted on my taking Dr. Miles' Nervine, and I began to improve before I had finished the first bottle until I was entirely cured."

MRS. JOSEPH SNYDER,
262 Hudson St., Tiffin, Ohio.

Many remedies are recommended for diseases of the nervous system that fail to produce results because they do not reach the seat of the trouble. Dr. Miles' Nervine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.

MILES MEDICAL CO., Elkhart, Ind.

Proposed Amendment to the State Constitution Providing All State District, County And Precinct Officers Within This State Shall Be Compensated By The Payment of A Fixed Salary.

(H. J. R. No. 41.) A Joint Resolution

Of the Legislature of the State of Texas, proposing an amendment to the Constitution of the State by adding to Article 13 thereof a new section to be known as Section 58, providing for the tenure and compensation of public officials.

Be it resolved by the Legislature of the State of Texas:

Section 1. That there be added to Article 16 of the Constitution of the State of Texas a new section to be known as Section 58, which shall read as follows:

Section 58. All State, district, county and precinct officers within the State of Texas shall hereinafter be compensated by the payment of a salary to be fixed or provided for by the Legislature.

Sec. 2. The Governor of this State will, as directed by the Constitution, make publication of this proposed amendment in the manner and for the time as required by the Constitution, the amendment to be voted upon by the qualified electors for members of the Legislature of this State at the general election to be held for State officers on July 19, 1913, the returns of which shall, as provided for in the Constitution, be made to the Secretary of State, the result ascertained and proclamation made as provided for in Section 1, Article 17, of the Constitution. There shall be written or printed on the ballots to be used at such election "for the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" and those favoring the adoption of said amendment shall erase the language "Against the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" and those opposing the adoption of said amendment shall erase the language "for the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" by running a pencil or pen through the same, and those opposing the adoption of said amendment shall erase the language "for the adoption of Section 58, Article 16, as an amendment to the Constitution, providing a salary compensation for certain officers and fixing their term of office at four years;" by running a pencil or pen through the same.

Sec. 3. The sum of five thousand (\$5,000) dollars, or so much thereof as may be necessary, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution.

(A true copy.)

Boone Hunter had the misfortune to fall off a corn planter last Friday and sustain serious injuries. He is staying at the Hill Hotel, where he can get close medical attention. He is getting on fine at this writing.

Dr. Treadaway's horse became frightened last Friday afternoon while Misses Catherine May, Ivy Green and Lucile Treadaway were occupying the buggy, throwing the girls out, but did not hurt them other than the loss of a few patches of cuticle.

While Dick Brownfield and Leslie Green were trying to catch a bronk last Friday afternoon, the horse made a break, knocking Dick down. He sustained a broken rib, a strained shoulder and a lacerated lip, tho he was able to be down town by Monday.

ARTISTIC picture framing, see Towle at the Wallpaper Store at Lubbock.

Dock Powell left last week for a short visit to friends and relatives at Shreveport, La.

Last week Jim Terry succeeded in poisoning the lobo wolf which has been causing so much loss in the northeastern part of the county recently. Many efforts have been made to catch or kill the animal but without success until Mr. Terry managed to get the creature with a dose of strychnine. A reward of \$162.50 had been offered for the wolf, so Mr. Terry made a most profitable killing.—Post City Post.

Rev. A. D. Jameson has returned from Scurry county, where he went to attend the funeral of a little niece which death occurred Sunday, April 20th. One the following Wednesday her little sister died and was laid to rest beside her. Both died of scarlet fever. This is a terrible blow to the parents as these were their only children.

Sam Walker is now helping Uncle Jack Coble at the barn.

A BEAUTIFUL home is a delight to its members and you can serve this result by having Towle help you make your selections of wall paper. Call on him when in Lubbock.

Cortez McDaniel came in last Thursday, from Cisco, where he has been attending the Brittan Training school. He will be around here a few weeks and then visit his father near King, N. M.

Scudday & Tiernan delivered their cattle last week to Taylor and Millwee of Lubbock. There were 415 head delivered for which they received \$30 around.

Messrs. Russing and Baker, of Floydada, have been here prospecting and visiting their old acquaintances such as the Allmons, Hamiltons and Uncle Jack Coble.

J. P. Nichols and Grover Lewis were among the first to get here Saturday morning.

G. J. Rose renewed for the Herald and Dallas News last Saturday.

The Roberts Johnson and Rand shoe man was in Tuesday selling May & Wright a big bill of shoes, of the famous Star Brand.

D. J. Broughton has moved into residence recently vacated by T. T. Brooks. The editor will therefore lock his chicken coop from now on.

FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die. At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well.

I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years.

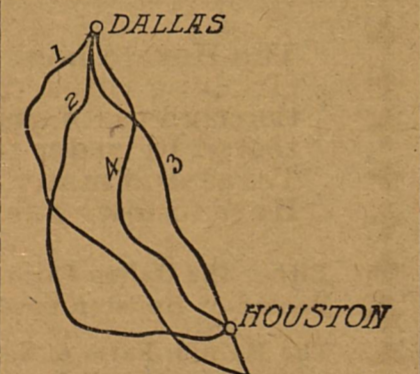

Your druggist sells it. Please try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

COMPETITION RULES IN RATES.

Density of Traffic a Powerful Factor—Stock and Bond Issue not Considered.

Competition is the most powerful factor known in rate making. It recognizes the mandates of no court; it quickly tears to pieces the well balanced tariff sheets of every common carrier that comes under its influence and all other elements that enter into rate making yield to its power. The following map gives a practical illustration of the effect of competition in rate making in Texas:

G.C.&S.F. 2; M.K.&T. 3; T.&B.V. 4; H.&T.O.

There are four direct lines of railroad running between Dallas and Houston. The stock and bond issues on these lines vary from \$29,103 to \$45,022 per mile. The value of these properties according to the Railroad Commission's estimate vary from \$15,686 to \$29,932 per mile. The assessed values vary from \$17,863 to \$32,399 per mile. The amount expended upon them by the owners varies from \$30,000 to \$60,000 per mile; the density of population and traffic is more widely at variance; the railroad mileage varies from 249 to 367 miles, yet the rate from Dallas to Houston via all lines is the same.

The most potential element next in importance to competition in rate making is density of traffic. It is a far more agreeable personality than any of its associates among the rate making powers. It enjoys the distinction of being the only influence that is able to reduce rates without decreasing the earnings and is a welcomed guest to both shipper and carrier.

Efforts have been made by the legislatures to use the stock and bond issues as a basis for rate making, but these factors have been ignored by custom and denied recognition by the courts.

FARM NOTES

A remarkable thing about alfalfa is its perennial youth.

Telephonic communication with the market is a great advantage.

The successful garden is started in the fall, although not a seed may be planted.

Thoroughly air dried seed corn will stand almost any temperature, no matter how low.

Clean up the yard and farmstead generally. Plan to set out a few more ornaments next spring.

Those farmers who have roots to feed their stock this winter (whether they have a silo or not) are lucky.

Ashes are best applied in the spring, separately or in connection with phosphate fertilizers as a top-dressing.

The value of corn ensilage is beginning to be better understood in the eastern states than it was formerly.

Cranberries were not injured so much this year by early frosts as they were during the past two years.

Did the carrots, beets, etc., and store them for winter use. Medium sized tender roots are best for winter use.

Tobacco dust worked into the surface of the soil just before setting the lettuce will help to keep the aphids away.

Alfalfa can be grown on stiff lands with great success, but is not a success on sandy soils unless the land is limed and inoculated.

(S. J. R. No. 11.) A JOINT RESOLUTION.

Amending Section 7, Article 5, of the Constitution of the State of Texas, relating to the creation and formation of judicial districts, the terms of compensation and qualification of the judges of the district courts, and the times of holding court.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 7, Article 5, be amended so as to hereafter read as follows:

Section 7. The State shall be divided into as many judicial districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof,

at a general election, one or more judges, each of whom shall be a citizen of the United States and of this State, who shall have been a practicing lawyer of this State, or a judge of a court in this State for six years next preceding his election; who shall have resided in the district in which he was elected for two years next preceding his election; who shall reside in his district during his term of office; who shall hold his office for a period of four years, and shall receive for his services an annual salary of three thousand dollars, until otherwise changed by law. Court shall be held by a district judge at the county seat in each of the several counties at such times and in such manner as may be prescribed by law. The Legislature shall provide for the holding of the district court when the judge thereof is absent, disabled or disqualified from acting. The district judges who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Sec. 2. The Governor of the State of Texas is hereby directed to issue necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas as at an election to be held on the 19th day of July, 1912, at which election all voters favoring this amendment shall have written or printed on their ballots the words: "For the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts," and all voters opposed to said amendment shall have written or printed on their ballot the words: "Against the amendment of Section 7, Article 5, of the Constitution of the State of Texas, relating to district judges and district courts."

Sec. 3. The sum of five thousand dollars or so much thereof as may be necessary is hereby appropriated to pay expenses for carrying out the provisions of this resolution.

THE HERALD \$1.

Terry County Population.

C. S. New Service

A bulletin showing the composition and characteristics of the population of Terry county, has just been issued by the Federal Census Department, Washington. The data contained in the report were gathered at the Thirteenth Census and cover the year 1910. The more important data pertaining to the population of this county are as follows:

Total population	1474
White	1473
Negro	1
Male	807
Female	667
Males of voting age	390
Illiterates 10-years old and over	10
Number of dwellings	314
Number of families	325

The total population of Texas is 3,896,542 and 76 percent live in the rural districts while 24 percent is urban. We have 2,204,818 white persons, 690,049 negroes, 702 Indians, 595 Chinese, 349 Japs 6 Philipinos and 2 Hindus. Our females number 1,878,916 and males 2,017,626. The total number of males of voting age is 1,003,357 and we have 282,904 illiterates. Any person over ten years of age that cannot write, regardless of their ability to read is considered illiterate. We have 779,177 dwellings and 798,426 families in the State. The average size of a Texas family is 4.9

There are 509 children in Terry county between the ages of six and 20 years and 79 percent of them attend school. The States average attendance is 58 percent. Other data pertaining to the population of this county will be furnished later by the Census Department and will appear in The Herald from time to time.

Primrose.

Well, we had a pretty good wind last night and thought we were going to have a rain, but it just gave us a scare.

Farmers are all busy planting their crops.

Mrs. C. W. Dickinson left this week for Lubbock. She is going to make that her home, for the next year.

Mr. A. W. Blankinship has a new auto, and they make the trip to Lubbock and back much quicker than they did in the wagon. Cars are getting cheap; we'll all have to buy one.

Mr. Frank Howard spent the night with A. K. Hackleberry, on his way to Lubbock, where he will take the train for Waco.

Mr. Albert Lee is working for H. L. Smith. Mr. Smith put in a phone this week, so he could talk to his neighbors.

Mr. Ellington has his new Hungalow almost done, which will be a nice building when finished.

Mr. Oscar Boyd and family, took in 1st Monday at Lubbock.

Well we see the fruit is not all killed yet, as there will be some peaches and plenty of plums, if nothing happens to them later on.

Cricket.

We take pleasure in announcing that a representative of the celebrated A. K. Hawkes Co., of Atlanta, Geo. will be at the Randal Drug Store May 21st and 22nd. Those wanting their eyes tested or glasses fitted, had best meet him on the above dates.

Notice of Sheriffs Sale

State of Texas, County of Terry: In the District Court of Terry County, Texas.

J. W. Ward, plaintiff vs. L. W. McPhaul, J. J. Lane, J. M. Lane and B. W. Hurst, defendants.

Whereas, by virtue of an order of sale issued out of the District Court of Terry County, Texas, on a judgment rendered in said Court on the 30th day of April, 1912, in favor of the said J. W. Ward and against the said L. W. McPhaul et al, numbered 188 on the docket of said court; I did on the 7th day of May, 1913 at 3 o'clock p. m., levy upon the following described tract and parcel of land, situated in Terry county Texas; belonging to L. W. McPhaul and J. J. Lane, to-wit:

All of section No. 102 in Block 4X, located by virtue of Cert. No. 274, issued to C. & M. Ry. Co., containing 640 acres of land, situated about 3 1/2 miles south from Gomez, Texas, commonly known as the Allen place.

And on the 3rd day of June, being the 1st Tuesday in said month, between the hours ten o'clock a. m. and four o'clock p. m., on said day, at the Court-house door of said county, I will offer for sale and sell at Public Auction, for cash, all the right, title and interest of the said L. W. McPhaul and J. J. Lane, in and to said property.

Dated at Brownfield, Texas, this the 7th day of May, 1913.

GEO. E. TIERNAN
Sheriff of Terry County, Texas.

We are glad to state that the Brownfield Merc. Co. has again opened up for business as they have come to an agreement with their insurance people. They will begin the erection of a new building in the near future.

Many people with sour stomach find relief in Dr. Miles' Laxative Tablets. Try them yourself. [Advertisement.]

PROPOSED AMENDMENT TO THE STATE CONSTITUTION AUTHORIZING THE ISSUANCE OF BONDS FOR THE PURPOSE OF THE CONSTRUCTION OF THE NECESSARY BUILDING FOR THE UNIVERSITY OF TEXAS AND ALSO FOR BUILDING OF VARIOUS INSTITUTIONS AND AUTHORIZING IMPROVEMENT BONDS FOR THE PURPOSE OF NAVIGATION, IRRIGATION, CONSTRUCTION OF BRIDGES AND THE MAINTENANCE AND OPERATION OF PUBLIC WAREHOUSES.

(S. J. R. No. 18.) Senate Joint Resolution.

To be entitled a Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to Sections 49 and 52 of Article 3 of the Constitution, authorizing the issuance of bonds and the levying of a tax to pay the interest and sinking fund on same for public improvements.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Sections 49 and 52 of Article 3 of the Constitution of Texas be amended so as to hereafter read as follows, to-wit:

Section 49. No debt shall be created by or on behalf of the State except casual deficiencies of revenue, repel invasion, suppress insurrection, and defend the State in war or paying existing debts, and no debt created to supply deficiencies in current revenue shall ever exceed in the aggregate at any one time five hundred thousand dollars. The Legislature, however, shall have power to authorize the issuance of bonds to be approved by the Governor for the purpose of purchasing additional ground and erect necessary buildings for the University of Texas, including a medical department, an Agricultural and Mechanical College and all departments and activities of a complete university of the first class. The revenue received from the permanent University fund shall be available for the payment of interest on these bonds and for the creation of a sinking fund for their redemption at maturity and the Legislature shall also have power to issue bonds for the construction of necessary buildings for State institutions. The Legislature shall also have power to authorize the issuance of bonds secured by lien on the real property of the penitentiary system to be approved by the Governor for the purpose of constructing buildings and making permanent improvements.

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of or to any individual association or corporation whatsoever or to become a stockholder in such corporation, association or company; provided, however, that under Legislative provision any county, any political subdivision of a county any number of ad-

joining counties, or any political subdivision of the State or any defined district now or hereafter to be described and defined within the State of Texas and which may or may not include towns, villages or municipal corporations upon a vote of a majority of the resident property taxpayers voting thereon who are qualified electors of such district or territory to be affected thereby in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except in case of improvement of rivers, creeks and streams, in building of levees to prevent overflow, in which case the bonded indebtedness may be for an amount not to exceed one-half of the assessed valuation of the lands of the district to be reclaimed; and, except, further, that the bonded indebtedness of any city or town shall not exceed the limit imposed by other provisions of this Constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof as the legislature may authorize and in such manner as it may authorize the same for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflow, and to permit of navigation thereof or irrigation therefrom or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and water ways for the purpose of irrigation, drainage or navigation or in aid thereof.

(c) The construction maintenance and operation of bridges and macadamized, graveled, sandy clay or clayed sand or paved roads and turnpikes or in aid thereof.

(d) The construction, maintenance and operation of public warehouses or in aid thereof.

Sec. 2. The foregoing amendment to Sections 49 and 52 of Article 3 of the Constitution of Texas shall be submitted to the qualified electors of this State for adoption or rejection at a special election hereby ordered for the 3rd Saturday in July, 1913, the same being the 19th day of said month. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following:

For amendment to Sections 49 and 52 of Article 3. of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary system and other public improvements and building of warehouses for agricultural products. Those voting against its adoption shall have written or printed on their ballots the following:

Against amendment to Sections 49 and 52 Article 3. of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

Previous to the election, the Secretary of State shall cause to be printed and forwarded to the County Judge of each county, for use in said election, a sufficient number of ballots for the voters of each county on which he shall have printed the form of the ballot herein prescribed, for the convenient use of the voters.

Sec. 3. The Governor of the State is hereby directed to issue his necessary proclamation ordering this election, and have same published as required by the Constitution and laws of the State. The sum of five thousand [\$5,000] dollars or so much thereof as may be necessary is hereby appropriated out of any fund in the State Treasury not otherwise appropriated to defray the expenses of publishing said proclamation and printing of tickets and necessary blanks to use in said election.

JOHN L. WORTHAM

370 School Children In Terry County.

C. S. News Service.
The scholastic population of Terry County is 370 according to a report just issued by the State Department of Education, and the total apportionment at \$6.81 per capita is \$2,534,50 for the 1912-13 term. All of our school children are whites. The total number of school children over seven and under seventeen years of age in Texas is 1,017,133, and 812,896 are white and 204,237 are colored. The males number 515,603 and the females 501,530. The total apportionments are \$6,967,361 for the State.

It is customary to multiply the scholastic population by five, in order to ascertain the true population of the County, and on this basis Terry County has a population of 1850 an increase of 376 over the Federal Census of 1910.

GROVES CHAPPEL

Editor of the Herald,

Dear old Boy No doubt you ar thinking I must have deserted the rnkand file of correspondents to Herald, but I assure you, I have not. But the fact is since we got the blooming big rain. I have hardly had time to take a long breath, or a chew of terbacke, but I humbly appologize and beg that you take me again on prolation, for you know we methodist are anfully subject to backsliding. But when I got the Herald, and read the many interesting and spicy letters from our little band of pencil pushers, I determined to fall in line, put my shoulder to the wheel and do my part in helping to keep the grand old Herald band wagon a rolling. I can say with all sincerity, that to my mind, we have the best and new-siest little county paper I have ever read, and it has all come thro the hard toil, sweat and incessant labor of its Editor and Manager.

West Wind, Sand Bur, and you others, come often; your letters are just splendid. Now dont think this flattery, for such is as far from my mind as the Arctics from the Tropics, for I think the whole world would be better if we would pin a few bouquets on the living rather than place wreath after wreath on the graves of the dead.

If you want to see a sun burst of pleasure illuminate the features of a farmer, when you walk a cross his field and find him hard at work in an exceptionally fine patch of corn, when you give his hand a grip just add (Jones) your crop sure looks good to me, and that maize and kaffir, yonder, that's hard to beat in any country. And when you leave, no doubt if you look back, you will see him straighten, seeming to have grown four inches taller, and as he looks across the waving sea of dark green, he chuckles, "That old boy was right. If my crop prospect is not tip top, now I dont know one. But I like the ring of that feller's talk. I'll bet he knows a crop when he sees one wish the old world was full of such men. I was feelin' blue and all knocked out before he came, and as the old adage goes. "The Gods help those who help themselves, and this year I'm going to make a spoon or spoil a

PROPOSED AMENDMENT TO THE CONSTITUTION OF THIS STATE AUTHORIZING THE ISSUANCE OF BONDS FOR IMPROVEMENT DISTRICTS, AND ALSO FOR THE OPERATION OF PUBLIC WAREHOUSES FOR STORING, HANDLING, GLASSING, MEASURING, WEIGHING, ELEVATING AND LOADING AGRICULTURAL PRODUCTS

(S. J. R. No. 4) Joint Resolution

A Joint Resolution proposing an amendment to Section 52, of Article 3, of the Constitution of this State

Section 1. Be it resolved by the Legislature of the State of Texas, that Section 52 of Article 3, of the Constitution of the State of Texas, be amended so as to hereafter read as follows:

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of, or to any individual, association or corporation whatsoever, or to become a stockholder in any such corporation, association or company, provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages, or municipal corporations, upon a vote of a majority of the resident taxpayers voting thereon, who are qualified electors of such district or territory to be effected thereby, in addition to all other debts may issue bond or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall not exceed the limits imposed by other provisions of this Constitution and levy and collect taxes to pay the interest thereon, and provide a sinking fund for the redemption thereof, as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation or in aid thereof.

(c) The construction, maintenance and operation of macadamized, graveled or paved

roads and turnpikes, or in aid thereof.

(d) The construction, maintenance and operation of public warehouses for storing, handling, classing, measuring, weighing, elevating and loading agricultural products. Provided the Legislature may establish such means and agencies as may be necessary for accomplishing the purpose of this amendment and if a State warehouse commission be provided for, their term of office shall be fixed by the Legislature.

Sec. 2. The Governor is here by directed to issue the necessary proclamation for submitting this amendment to the Constitution to the qualified electors of the State of Texas on the third Saturday in July, same being the 19th day of said month, and the amendment proposed to Section 52 of Article 3, as above indicated, shall be voted upon separately.

Those favoring the amendment to authorize road or other public improvements by a majority vote, shall have written or printed on their ballot: For amendment to authorize road and other public improvements by vote of a majority, and those opposed to said amendment shall have written or printed on their ballot: Against amendment to authorize road and other public improvements by a vote of a majority.

Those favoring the issuance of bonds for the construction of public warehouses shall have written or printed on their ballot: For the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products. Those voting against said amendment shall have written or printed on their ballot: Against the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products.

Sec. 3. The sum of five thousand (\$5,000) dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated out to pay the expenses of such publication, proclamation and election.
