NO 5

LISTEN!

Our Sales are on from Day to Day Continuously and new goods coming every week. Don't forget the place.

MAY & WRIGHT

PHONE NO. 14

BROWNFIELD, TEXAS

FIRST SATURDAY IN JUNE.

Another Trade Day Will Be Pulled off in Brownfield. Long List of Prizes; Good Time and Big Crowds Expected.

While we had a nice little crowd last First Saturday, it was not what could be expected under better circumstances, and the businessmen will put fourth a better effort in the way of small prizes to get stockmen to bring in their stuff: In compartoon, we stand a chance to have three times as many people, this time at least: Before District Court had been in session the first of the week, and those who attended could not come back Saturday. There had been a big rain a few days before hands, and people took advantage of the good season to plant, thus keeping another lot away. This time we have no court to interfere, and people are up with their work.

This will probably be the last First Saturday until late fall or next Spring, as there will be a picnic the 4th of July, the Old Soldier's Reunion in August and the Fair at Gomez in Sept. or Oct., and therefore it will be to your advantage to bring your stuff in and let other people see what you have. Not only should you bring in what you expect to get a prize, but also what you want to swap or sell, as there will be buyers and traders here

galore. Also let those who wish to buy mules, mares or horses, be on hand. Bring in your surplus country produce on that occasion, as you will not have a better chance to dispose of them. It will be noted that there are several prizes for the ladies, and we want them to come in and take part in the exercises. The following is a list of prizes for the day, and while none are large, they are sufficient to pay the expense of bringing in the stock:

Pair \$3.00 pants from the Brownfield Merc. Co. for the best jack. Sale on everything goes on that day.

Choice of any pair shoes on bargain counter for best stallion, by May & Wright.

Choice of any pair of shoes on bargain counter for each \$10 cash purchase at May & Wright's that day.

May & Wright will give a dress pattern for best loaf of bread cooked from Belle Witchita Flour. They have the flour.

J. L. Randal, \$1.50 for best horse colt.

Criswell & Walker, \$1.50 for best yearling horse colt.

T. A. Holley, good buggy whip

for biggest bill purchased of him that day.

Welch & Green, \$1.50 for best yearling bull.

C. S. Cardwell, \$1.50 for best yearling heifer.

Russell Jones, \$1.50 for best mule colt.

Brownfield Hardware Co., good bridle for best yearling mule.

H. T. Brooks, 50c for best pair Plymouth Rock chickens.

J. V. Drinkard, 50c for best pair Rhode Island chickens.

Years Subscription to Terry County Herald and Dallas Semi-Weekly News from A. J. Stricklin for biggest wagon load of ladies brought in by any man.

Will also give \$1 for prettiest baby and 50c for second lookers. Babies get the money, not their parents.

Herald will be on sale that day for 75c per year, either new or renewals.

The Brownfield Mercantile Co. will sell everything cheap that day, and we ask you to watch for May & Wright's announcement on first page.

The Hill hotel will feed the crowds again for 35 cents each, and are preparing an extra good bill of fare for that day.

Criswell & Walker will feed stock for 20c per head on that day.

The invitation to get yourself married cheap is still open. It will cost you nothing on that day.

The following will be paid for county produce on that date.

Geo. W. Neill will pay 20c per pound for the nicest 10 lb. bucket of pure old Terry County hog lard.

J. F. Winston will pay 25c per pound for the best and largest Terry County hog ham.

W. A. Bell will pay \$2.00 for best six broilers.

M. V. Brownfield will pay 50c each for best six spring friers.

A. J. Stricklin will pay 30c each for six second best friers.

Bring in the friers and eggs; there will be a market for them.

Competent judges will be appointed for each department.

Brownfield extends you a special invitation to be here on Saturday, June 7th, and will do its best to entertain you. There will be plenty of side amusements besides the pretty horses and cattle. Come everybody and bring your wives, sweethearts and the babies. You are up with your work, and we shall look for you.

Section of Land Cheap

Sec. 2 Blk. K. Terry county, with house and well, for sale cheap. Purchaser assumes \$2.50 due the State. Best reasonable cash offer gets it. Must sell at once. Good farming section. Write to Stanley P. Bradish, lock box 417, E. Greenwich, Rhode Island, or see Geo. W. Neill, Brownfield, Texas.

Many people with sour stomach find relief in Dr. Miles' Laxative Tablets. Try them yourself. [Advertisement.]

Wild Aloose

An exciting runaway took place here Sunday afternoon, but no one was hurt and only a single tree of the buggy was broken. Misses Zellica Knox and Clemmie Adams had driven Jim Burnett's horse to town and in throwing the hitch rein over his neck at the hitch rack, he became frightened, dodged and ran pretty well all over town with three or four cow-boys with whirling ropes in hot pursuit. The horse proved to be a neat dodger and the boys only succeed in catching the end of the shafts and of course were glad to get their ropes off them. He finally ran into a tree near the Spencer building and tore loose and the boys succeeded in putting the twine on him.

County Court

The cause of State of Texas vs. T. F. Hunter for carrying concealed weapons, was set for Monday, but in as much as District Attorney G. E. Lockhart could not be on hand, and an important State's witness was absent, the case was set by Judge Neill for Monday June 9th, with a number of other cases.

We call your attention to the ad of the Gomez Hotel in this issue. Guy Taylor will not only treat you right but will feed you good, besides.

SPRING TIME IS FENCING TIME

Every farm and ranch fence should be thoroughly overhauled each spring, and we want to announce that we have the wire, post and stays at right prices. Don't overlook the fact that we keep the very best coal to be had, and choice feed for stock. Come in to see us.

Drug Company

Your prescription will be appreciated and will receive our most careful attention at all times. Big assortment of sundries and all standard proprietary remedies.

For Pure Drugs

Our school trustees have been doing some hard figuring lately, but find they will have to give a better salary than \$75 per month for a principal and \$50 for assistants. However they believe that with the transfers pointing our way a little more than seven months term can be promised, and are almost sure they can sign up for eight months. Never doubt but they will do their best.

The retiring Nicaraguan Minister is firm in the belief that the United States will construct an inter-oceanic canal across his country, which will lessen the distance from our Atlantic to Pacific seaboard 2000 miles. He cited the fact that at one time, people thought one trans-continental railroad would be sufficient for all times, but half a dozen are severely taxed now.

Recent dispatches say that the old Tucumari-San Antonio Railroad Co. has been reorganized and will cross the T. P. at Big Springs. If you will take trouble to look at your map, you will find that such an air line would run the road just a little east of Brownfield, and should it build, we believe Brownfield will have a proposition from them. The old route was to cross the T. P. at Midland, and of course would have thrown the road west of us.

Did you ever notice that mail order houses hardly ever carry trade marked goods, and that when they did, you can get it just as cheap at home? Personally, we don't want an article that

the manufacturer is so ashamed of that he won't put his John Henry on it. Walk in to your home dealer and he is proud to tell you that he handles Stetson hats, McKinley shirts Star or Hamilton Brown shoes, Keen Cutter tools, Van Camp groceries, etc. But who makes the mail order goods and won't claim them? Trade at home.

Late press reports say that an army of grasshoppers, three miles wide and fifteen miles long, have struck the country about Elida, N. M., and are sweeping the country bare where they go. They are moving at a rate of one mile per day in a northeast direction, but reports say there is no telling which way they will go when they wing out, nor how fast. They are delaying trains where millions get mashed and cause a terrible stench. Government experts are arriving from Washington and elsewhere to help combat the pests.

For the past year the Terry County Herald has been strongly agitating the silo question, and like a continual pouring of water or a stone an impression has been produced. It is noted that quite a number of the thrifty farmers of that county are going to put in silos in time for this year's crop. The building of silos is one of the greatest things the farmers and stockmen of the Plains country have ever undertaken, as they have completely solved the problem of saving and economizing all the farm produce. The credit for bringing this movement about is due more

to the press than to any other agency.—Yoakum County News.

Eleven Million Annually For Feedstuffs.

C. S. News Service

The farmers of Texas do not raise enough cereals and forage crops for their own farm animals. They expend, according to a recent census report issued by the Federal Department of Commerce and Labor, \$10,800,000 annually for feed stuff. The official figures show that twenty-seven per cent of the farmers buy feed.

Peter Radford, President of the Farmers Union, in discussing the subject, said: "A farmer should, as a rule, raise his own feed. While cotton is our money crop and the moisture requirements of cotton and cereals are in a measure antagonistic, and nature usually favors cotton, yet a farmer should plant enough feed to take his stock through the season."

The farmers of Terry County expend \$6571 annually for feedstuffs. 52 of the farmers of this county report purchases of feedstuffs and the annual expenditure per farms reporting is \$126. By proper diversification of crops this money can be kept at home.

Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Rosa Bonner, 825 N. 18th St., Birmingham, Ala., says:

"I have been suffering with nervous prostration for nine or ten years. Have tried many of the best doctors in Birmingham, but they all failed to reach my case. I would feel as if I was smothering; finally I went into convulsions. My little girl saw

Dr. Miles' Nervine

advertised in the papers and I at once began to take it. I continued to take it for some time and now I am well."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep; if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nervine

has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.

Better than Spanking

Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. Rowan Drug Co., Dent, 1812, Chicago, Ill., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c package securely wrapped and prepaid Absolutely Free to any reader of The Herald. This remedy also cures frequent desire to urinate and inability to control urine during the night or day in old or young. The C. H. Rowan Drug Co. is an Old and Reliable House. Write them today for the free medicine. Cure the afflicted members of your family, then tell your neighbors and friends about this remedy. (adv.)

HERALD \$1.

GOMEZ DOTS

Mrs. Ione Parsons and little daughter, Ocoll, came in last week from their home near Gateville, Texas, to visit her parents, Mr. and Mrs. S. B. Johnson.

Prof. Harrison came in last Friday evening from his trip back east, and on Monday morning the familiar "tong tong" of the school bell announced that our summer school would begin its work. It is just the pupils in the higher grades who are attending.

Born to Mr. and Mrs. Joe Lane on the 25th inst, a fine girl.

There was preaching at the Baptist church last Saturday and Sunday at 11 a. m.; also at night by Rev. Balch. There was an unusually large crowd out.

Loyd Greathouse came in on an auto from Lubbock last week and stopped at the hotel for a day or two and went out south of town to Grover Lewis'. The young men in Terry take a trip to the "promised land" back east occasionally, but they usually drift back here, and most of them say I'm glad to get home."

Mr. Moses Dumas passed here Monday on his way back home from Lubbock.

News from Mrs. W. B. Hays from Gustine Texas, is that she is still improving in health.

Mrs. D. J. Broughton is improving and they hope she will be able to move back home in the near future.

Mr. Alderson, from southwest Terry, was in town Monday with a load of bacon and lard to sell.

Rev. Balch, pastor of the Baptist church, is visiting among the members this week.

Mrs. Jim Key and little Velma, are visiting at Mr. Holland's this week.

Uncle Tom DeShozo spent several days over here last week planting his field on the town section.

Quite a number of people here are enjoying fresh vegetables now and quite a lot more are enjoying (?) looking at wilted and bleached ones, the result of whirlwinds.

A letter from Jim Moore at Stafford, Arizona, says he likes the place all right, and has a job of work.

Mr. Rotan, of the J Cross community, accompanied by a brother in-law from Kentucky, were at the hotel Monday.

Misses Elmer Seitz, Katie Cope land and Miss Hicks of Lubbock, took dinner out at Mr. I. H. Hudson's last Monday.

Rev. Balch will fill Bro. Jameson's appointment here, Sunday. The latter has gone to Georgetown to take a Bible course.

Messrs. Early Key and Chas. Moore have gone to Tahoka.

L. Townsend passed through Tuesday enroute to Tahoka.

Mr. and Mrs. Peters and son, Will, were over attending church last Sunday.

West Wind

Primrose.

Primrose neighborhood received a light shower with some hail and wind Monday evening, but not enough rain to do much good

H. L. Smith took his daughter, Mrs. Bristow to Lubbock, Monday, where she will entrain for

GOOD GRUB

Is as essential to the human body as air. That is why the **HILL HOTEL**

Is the place to stop. The best eatables the market affords, put up by the best cook in the state, combined with large airy rooms and thorough sanitary conditions, make this the most popular hotel on the Plain.

Mrs. J. R. HILL, Proprietor
BROWNFIELD TEXAS

Haskell county. H. L. went to Lubbock and back home in a day which is thirty miles from his home. He says all can have autos that want them, but a team that can carry you sixty miles in one day and allow you plenty time to do your trading, isn't to be grinded at.

Mrs. Smith and Clara Cowan went to Gomez to attend the Primitive Baptist foot washing. This was an unusual event as a great many people were there that never saw that church ordinance before.

Dr. Treadaway, of Brownfield; was called to Mr. Cowan's Sunday to see one of his boys who had been sick ten days. The Dr. lanced two carbuncles on his body. The boy has been having high fever from them, but is better at this writing.

Miss Clara Cowan went shopping in Lubbock, Monday. She is making preparation to attend the summer normal at Tahoka, which convenes June 1st.

Mr. Blankinship gave a fish fry last Saturday at the Rose place. A small crowd attended.

The Dickinson boys from Lubbock, were down looking after their stock at the Smith place, Sunday.

Bro. Jameson filled his regular appointment at Meadow last Sunday.

Mrs. A. W. Blankinship left Tuesday morning for Stephenville, to see her sister who is very sick.

Terrell Allen was down from the 69 ranch, Friday, to see his brother, Phillip. He went back Saturday.

Cricket.

Please don't write on but one side of your paper hereafter, Cricket.—Ed.

**Statistics of our Dairy-
ing Industry.**

C. S. News Service
The Federal Census Bureau has just announced reports by Counties on dairy products. The annual milk production of Terry County is 105975 Gallons and 39018 pounds of butter is made annually. The reports show 727 dairy cows in this County that have an aggregate value of \$29,000 and there are 2948 yearling heifers in the county, which will make excellent milk cows.

The annual dairy production of Texas is 30 per cent less than consumption. The value of the annual dairy production of Texas is \$20,162,500.

NOTICE I hereby warn all parties not to bring herds through or camp in any of my pastures. Anyone caught so trespassing will be prosecuted to the full extent of the law.

W. B. Snodgrass.

**SHE GAVE UP
ALL HOPE**

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetz, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for women," sent in plain wrapper, on request.

FARM NOTES.

In trying alfalfa start with an acre. A good lawn makes a home attractive.

Kentucky blue grass makes a very pretty lawn.

Alfalfa is cut for hay when it first begins to bloom.

A good rotation: Clover, wheat, corn, flax, wheat.

Celery is best grown from seed planted in the hotbed.

The best alfalfa or clover seed to sow is that which is northern grown.

For fall feed mix two pounds per acre of dwarf Essex rape with the grain.

Start the garden by sowing beans, lettuce, peas, radishes, and spinach in a hotbed.

As soon as the soil can be worked in the garden sow the smooth, early varieties of peas.

For early rhubarb, put a headless barrel over a root of the plant, and pile fresh horse manure around it.

Roll the lawn to firm the soil about the grass roots. The top soil has been loosened by the heaving of the frost.

Not only for reclaiming worn-out land, but for bringing that in fair condition into a higher state of fertility, green manuring is at once efficient and cheap.

Head lettuce will grow best in a well drained, light clay soil, slightly mixed with sand. The soil should be full of humus and heavily manured with well-rotted stable fertilizer.

Clover and the other legumes, which come in the ordinary rotation of crops, not only supply humus but add nitrogen gathered from the air by the bacteria resident in their root nodules.

The raised bed must be tended by hand, and it dries out too fast in dry weather. Make all beds level with the surface of the ground to save moisture and make the work of tending them easier.

To have pure bred stock should be the ultimate aim of all farmers. Pure bred horses, pure bred cattle, pure bred swine, pure bred poultry.

Every possible means should be employed to avoid frightening and irritating the ewe lambs while they are confined to their winter quarters.

With sheep, as with other stock, better stock, better health and thrift will be maintained at a less cost if they are given a good variety of food.

BROWNFIELD

TEXAS

THOMAS BROS. DRUG CO.

TAHOKA

TEXAS

We carry everything in the Drug line also Kodaks, Jewelry, Cut Glass and fine Candies. We appreciate the trade of the Terry County people.

Sam Bigger, of Yoakum county, passed through here last Thursday on his way home from Lubbock with some fencing supplies, and paid the Herald a pleasant call.

Scott May and wife of the Walfarth and Lee ranch in Lubbock county, was here this week visiting his parents, Mr. and Mrs. J. T. May.

Elbert Wright has been busy making a fruit and vegetable cellar at his residence, lately.

DONT suffer with that tooth longer. Meet Dr. W. L. Covey at Brownfield June 9th.

Miss Ivy Green, being the honor graduate from the Brownfield High School, has obtained a free scholarship from the Simmons College at Abilene. Miss Mary Dixon will likely attend the same college next term.

About eighteen of our citizens attended services at Needmore Sunday to get dinner and hear Bro. Dixon preach. All report lots of grub and a good sermon.

A well stocked Ranch in Terry Co. for sale.

Geo. W. Neill

Miss Krischaum, an old friend of Mrs. W. A. Bell, came in from Fort Worth last week, and will make her home with the latter in the future.

Mrs. Lee Almon, accompanied by her little son Bill, left last Friday for Lubbock to visit Lee.

The Brownfield Merc. Co. will have an extensive line of bargains for Trades Day.

Jake Leedy, cook at the Hill Hotel, showed us a sketch last week, for a page in a comic supplement, on the wild west order, and we must say it had more snap and fun than most any we see these days.

J. C. Dooley who recently purchased the George place near Gomez, subscribed for the Herald this week, and had us to send it to two of his sons, back east for six months.

If it is a window glass you want, Towle will pack it so it will not break and sell it right. See him when in Lubbock.

Prof. T. F. Hunter shipped his household goods to Wichita Falls last week, and he and wife will follow in a few days. He will practice law in that city.

Elzy Groves has returned from the mountains of New Mexico, where he has been recuperating his health. From his looks, he found what he went after.

DR. W. L. COVEY, the oldest dentist in West Texas, will be in Brownfield June 9th. Come early so he can finish work. All work guaranteed.

FOR SALE: Two 3 4 pole yearlings. See E. T. Stapp, Gomez.

Master Lester and little Miss Stella Treadaway, entertained a number of their little friends at a party Tuesday afternoon. Candy was served. All report a jolly time.

The largest and best line of paints, varnishes, etc, as well as prices that will save you money, can be found at Towle's Wall Paper store in Lubbock. Try him with some mail orders.

Mr. W. R. Bell and wife of Snyder, are visiting their brother-in-law, A. M. McBurnett of south Terry. Mr. Bell is job man on the Snyder Signal, and of course come around to swap yarns with us. We are always glad to meet a fellow-craftsman

Dale Adams was in one day last week and informed the Herald man they were done shearing. Some clips weighed 16 and 17 pounds, and Dale believes they will average around 7 or 8 pounds each.

If you want money on land, call in.

Geo. W. Neill

Messrs. W. K. Dickinson, Jr. and Hubert Holt paid the Herald a pleasant call Saturday and the former took advantage of one of our clubbing offers. They report the loss of several head of steer from eating shinnery, but are not likely to lose more.

The Baptist ladies requests us to announce that there will be a box supper at Mrs. Dixon's on Tradesday night, June 7th. Let all turn out with a box. Come.

A BEAUTIFUL home is a delight to its members and you can serve this result by having Towle help you make your selections of wall paper. Call on him when in Lubbock.

Roy Scudday returned this week from Cisco, where he has been attending the the Brittan Training School. Roy said he succeeded in capturing the elusive sheep skin.

Dock Powell returned this week from points in Louisiana where he has been visiting and looking after his property in the oil fields. Dock says they all have money down there but Brownfield's the only place for him and he is tickled to death to get back where he can fill his lungs with pure old ozone.

Clearnce Sale of shoes May 10th until sold out. Have over 200 pair of shoes that must go regardless of cost. Going at prices never heard of before. Come in and get your fit.

May & Wright.

Joe Lane came in Tuesday suffering with a terrible tooth ache. Finding no relief here, he went to Lubbock to have it extracted.

Miss Kathryn Powell reports about 800 lambs at the sheep ranch to the present.

Money to loan, on land, school or patented.

Geo. W. Neill

A phone message from Plains Wednesday morning, brought the sad news that Tom Ivey, the popular T4 boss, had been seriously gored in the right side by an enraged bull that they were trying to dehorn. A doctor from Plains and one from Lubbock had been called. We hope the

wound was not as bad as reported and that Mr. Ivey will soon be up.

WARNING: Salt and Strychnine over my pasture and orchard to kill birds and rabbits. Mrs. C. E. Moore.

Herald received an invitation to attend the Baylor Commencement, though the kindness of Word Price. While we are pleased to be remembered by our boys, and would like very much to attend, we regret very much to say that is impossible.

There will be prayer meeting at the Baptist church every Wednesday night. Everybody invited.

The Merc. will have a continuation of the Great Fire Salvage sale, and will pay you to make the trip to Brownfield on that day, if for no other purpose than to buy what you need at the slaughter prices at which they are offered on Trades day.

Bro. B. F. Dixon will begin a protracted meeting here beginning about Sept. 7, assisted by Evangelist S. F. Baucom, of Greenville, Texas.

USE DEHORNING FLUID and you can dehorn any time during hot weather and have no trouble from flies, crew worms, etc. For sale by Lubbock Grain & Coal Co., in quarts, half gallons and gallons.

A. C. Copeland has finished the road running south to Sawyer's gate and is now on his way to Yoakum county, where he has a contract with that county to re-claim some bad places and grade the mile of bad sand from the Yeates place to the Terry county line on the Brownfield-Plains road. When this piece of work is finished, there will be an excellent stretch of road from the Mexico line to Tahoka.

W. H. Gist, one of Needmore's many successful farmers, called on the Herald Saturday to renew his and his brother's subscription. We ask him what he thought about the report that a man cannot make a living farming in this county. He gave us one example of a close neighbor who recently sold out for \$8000. This man was neither a trader nor a speculator and came here with less than \$1500. A man has to work here, says Mr. Gist, the same as any other country, but of course the labor goes much further.

Madam, Read McCall's The Fashion Authority

McCALL'S is a large, artistic, handsomely illustrated 100-page monthly Magazine that is adding to the happiness and efficiency of 1,100,000 women each month.

Each issue is brimful of fashions, fancy-work, interesting short stories, and scores of labor-saving and money-saving ideas for women. There are more than 50 of the newest designs of the celebrated McCALL PATTERNS in each issue.

McCALL PATTERNS are famous for style, fit, simplicity and economy. Only 10 and 15 cents each.

The publishers of McCALL'S will spend thousands of dollars extra in the coming months in order to keep McCALL'S head and shoulders above all other women's magazines at any price. However, McCALL'S is only 50c a year; positively worth \$1.00.

You May Select Any One McCall Pattern Free from your first copy of McCALL'S, if you subscribe quickly.

THE McCALL COMPANY, 236 West 37th St., New York

NOTE—Ask for a free copy of McCALL'S—without new year's catalogue. Sample copy and pattern catalogue also free on request.

LUBBOCK

TEXAS

From East Texas

Bogato, Texas 5-23, 1913
Dear Editor and Wife:

Will send you a few lines; we made our trip fine and all are well and found all very well. My brother is doing some better, though is still right poorly.

We are sure having a fine time. Crops and gardens are splendid, and we sure do play a hand's part when called to the table. Beans, Irish potatoes, cabbage, beets, turnips, dewberry pies, squirrels and fish. We had 20 pounds of fish last night and are going to a big fish and squirrel dinner today. Have not had an old fashion, river bank fish fry yet, as the bottoms are so muddy, but will before we return. I sure will think of you today and wish you and wife were here. About 40 of us are together, eating and drinking and having music.

We will start to Naples Sunday to visit two of my brothers and a sister, and they will return with us to Talco, where my sick Bro. lives. There my husband's people will meet us besides lots of old friends. Then we will have our fish fry; about 200 say they will attend.

I hope all is well in Terry. This old country looks good to me and everybody seems to be doing well. Will try and write again soon. We are getting ready to go to one of Thomas' brothers where we will have the time of our lives. Will return in about two weeks. Thomas said tell you he had laughed and talked and eat till his sides hurt. Luck to all.

A Friend,
Laura Hamilton

Harris Happenings.

Well Mr. Editor, I must tell you of my good fortune: You sent in my premium subscription to The Housekeeper at \$1.50 per year. I received a notice right away that the publishers had sold out to the publishers of The Ladies World and The Housekeeper was combined with The Ladies World. The Ladies World was only 50c per year so they put my name on their list for 3 years; now the magazine is \$1.00 and I have a 3 year subscription, hooray!

A Mr. Roberts and another man from down in near Double Mountains passed through here Thursday with a herd of about 300 head of stock cattle which they were moving to pasture in New Mexico.

T. C. Ivey and Mrs. Alexander returned from Lubbock last Wednesday.

J. C. Dooley was out from Gomez last Tuesday and took dinner with Mr. and Mrs. B. Clare.

Frank Davis went to Lubbock last week, from there he will go some where to work. Frank will be missed by the young people here

Charlie Baker and "Slim" Matthews passed Monday; Charlie was going to Lou and "Slim" to Abernathy. Those boys have no relatives to visit at those places either.

Mr. McMillan made a trip to Lubbock last week after fencing material.

The younger set report the party at Mr. and Mrs. Wingo's last Thursday night a howling success. We think it must have

been for they didn't go home till morning.

Walter Frazier took dinner with Mr. and Mrs. B. Clare last Saturday.

We are glad to be able to state that it was a mistake about Johnnie Fitzgerald getting his arm broken. Alton is getting along fine with his.

Bro. Cox preached for us last Sunday morning and at J Cross Sunday afternoon. In the future Bro. Cox will deliver two sermons for us every second Sunday. Dinner on the ground.

Brit Clare went to Brownfield last Monday.

Oscar Adams passed through here Monday going to New Mexico.

Sand Bar.

Dots From Tokio.

Mrs. Joel D. Wrotan's mother and sister, from Kentucky, and her brother, Mr. Guy Stewart and wife of Crosbyton, are visiting Mrs. Wrotan this week.

Mrs. A. V. Taylor's mother, Mrs. Jones, and little sister, Mrs. Davidson, and children, are visiting at Mrs. Taylor's.

Messrs. Cogne Carlisle and Tom Yeates, were gathering cattle in this section of country last Monday and too; dinner with H. L. Ware and family.

Joe Olaf, of Post City, stopped at Tokio last Sunday, but went on to Brownfield Sunday evening.

Roy Harris has been repairing the windmill at Tokio this week. As this is the only public watering place on the Plains and Gomez road, it is rather inconvenient to have the fresh supply of water cut off, though there is several wells near the road on this route where travelers can get water.

Mr. Hague, of Plains, has been buying dry hides in this section, this week.

Mr. Rufe Roy was here Monday, hunting pasturage for his cattle.

Bro. Cox, of Plains, filled his appointment at J Cross, Sunday, and announced two services for fourth Sunday with dinner on the ground.

Digger

Really Interesting Item.

"A newspaper receives daily for publication," says the Berliner Tageblatt, "a lot of stuff which has about as much literary value as a laundry slip. But occasionally something comes along which, unknown to the writer, is so funny that it sees the light of publicity. Thus, a correspondent calls attention to the fact that the drama 'Royal Love,' which was seen for the first time at the Gira Theater, is by Baron Rosenkranz, who is a direct descendant of Rosenkranz and Gulldenstern, known to the world through Shakespeare."

Neglected Utopia.

Why is the earthly paradise unattractive? Everything that human ingenuity can do to make an ideal dwelling place out of Australia has been done. It is the Utopia from which reformers drew their suggestions for improvements, and it exports to other lands more fads for betterment than any other product. Yet Australia, the source of plans for happiness to all the world, is sadly neglected by seekers after happiness. —Detroit Free Press.

True Honesty.

"To be honest is more than to refrain from stealing another man's purse, more than paying the exact number of dollars you owe. Honesty means far more than not defrauding other people financially. It means nothing less than not defrauding your-

Notice of Sheriffs Sale

State of Texas, County of Terry: In the District Court of Terry County, Texas.

J. W. Ward, plaintiff vs. L. W. McPhaul, J. J. Lane, J. M. Lane and B. W. Hurst, defendants.

Whereas, by virtue of an order of sale issued out of the District Court of Terry County, Texas, on a judgment rendered in said Court on the 30th day of April, 1912, in favor of the said J. W. Ward and against the said L. W. McPhaul et al, numbered 188 on the docket of said court; I did on the 7th day of May, 1913 at 3 o'clock p. m., levy upon the following described tract and parcel of land, situated in Terry county Texas; belonging to L. W. McPhaul and J. J. Lane, to-wit:

All of section No. 102 in Block 4X, located by virtue of Cert. No. 274, issued to C. & M. Ry. Co., containing 640 acres of land, situated about 3 1/2 miles south from Gomez, Texas, commonly known as the Allen place.

And on the 3rd day of June, 1913 being the 1st Tuesday in said month, between the hours ten o'clock a. m. and four o'clock p. m., on said day, at the Court-house door of said county, I will offer for sale and sell at Public Auction, for cash, all the right, title and interest of the said L. W. McPhaul and J. J. Lane, in and to said property.

Dated at Brownfield, Texas, this the 7th day of May, 1913.

Post City, Texas, May 21th, 1913.

Cleanliness On The Farm.

The newspapers are all full of matter dealing with the "clean-up" crusade in towns and cities, but we hear but little about cleaning up the farms. If every farmer would give the same thought to the sanitary arrangements on his farm that the citizen of the town is usually compelled to give, the beneficial results would soon be self-evident. The stables, the cow lots, the milk or spring houses, and other places where germs and flies breed and flourish should come in for its share of the inspection. A little time and trouble along this line would reduce the amount of sickness, add to the general comfort and show a gratifying increase in the profits of the farm.

The Farmers' Institute.

This is what is popularly called the "Farmer Institute Season," because during the long warm days it is easier to get off to attend the meetings of the Farmers' Institute. Taking advantage of this fact, the president of every Institute should prepare or secure an outline of work which can be covered during the Summer and Fall months, and the members should study this list of subjects carefully, so that they can be discussed with the greatest profit. Many subjects present themselves for discussion, and all seem important, but methods of culture, marketing problems, and study of needed legislation upon farming interests should always receive ample time and close consideration. The State Department of Agriculture and the Federal Bureaus also will gladly cooperate with these organizations and supply much interesting and profitable matter, the data being in a condensed and systematic form that will save much time for the organization, which would otherwise be lost while searching through voluminous books or many newspapers. If a good lively interest can be aroused during the Summer meetings, it will not be hard to persuade the members to continue to get together during the Winter months. As a matter of fact, by holding the sessions at night during the long Winter evenings, as much good can be accomplished as during the Summer, if not more.

Prevention of Sun Scald.

In visiting a number of orchards recently, the writer's attention was attracted by the fact that a number of the trees were badly sun-scalded; the bark on the body of many trees, where exposed to the scorching summer sun being burned and cracked until the vitality of the trees was badly impaired. This is a trouble that is serious if not prevented, but is easy to control. When trees are small and the top does not afford sufficient shade to protect the body, a cloth should be wrapped around the tree from the ground to the branches. Secure the wrapping so that it will not blow away, but do not tie it tight enough to injure the tree. During the Winter the wrapping may be taken off, or it may be left on as a protection against rabbits, etc., but at least every three months the

strings must be loosened so that there will be no danger of strangling the tree. In pruning and shaping the top, be sure to do the heaviest cutting on the north east side, as most of the high winds come from the southwest in this country. By protecting the young trees with wrappings, no scald will develop during the first few years, and after top has attained sufficient size to afford shelter to the trunk, the constant trimming on the northern sides will cause the heaviest growth to be on the southern side, thus shutting off the burning rays and almost entirely preventing any appearance of the scald. This is a most effective method.

The Farmer and the Legislature.

Too many people, and most especially our farmers, are disposed to pay little or no attention to the doings of the legislature, or of congress, and as a rule hardly any interest is taken in the campaigns for positions in the state legislature, or for congress, during election years. As long as this condition exists, many ills will go unredressed that are a drawback to the development of our country. Every citizen should subscribe for one or two good live semi-weekly newspapers, published in one of the important cities of Texas, and he should read these carefully. When the lawmakers are in session, he should study carefully and thoughtfully the various measures introduced, and as a matter of private interest, he will do well to notice how the various members line up upon such bills as may effect his interests. Every real reform that has been made in our country has originated among the thoughtful farmers, and when a study of public affairs becomes general, it will mean much for the whole state.

HORTICULTURAL NOTES

- Leaves are fine for lining the storage pits.
- Prepare land for a small fruit plantation next spring.
- Do not neglect to provide ample ventilation for the cellar.
- Apples keep best in a cold cellar; just above freezing point.
- Trees injured by freezing very often need to be severely cut back.
- A peach tree will stand a heavier heading back than an apple tree.
- Do not allow stock to run in the orchard during the winter months.
- Remember that your orchard, especially the young trees, need good cultivation.
- Walnut trees thrive under almost any condition and do well in many states.
- Keep all rubbish from about your fruit plants so that mice cannot harbor there.
- Move all of the trash standing in the orchard and burn it to destroy weed seeds.
- Trees to do their best should be planted in blocks or groves rather than in single rows.
- Ascertain the varieties of fruits and vegetables wanted in the markets desired to be patronized.
- If there are any limbs dead or out of shape on the young trees now is a good time to look after them.
- Grow trees for post timber, lumber, nuts, fruits, as well as evergreens and ornamentals for the home grounds.
- Bend all young and tender fruit bushes and vines carefully to the ground, place a layer of straw on them, and cover lightly with dirt.
- A high-grade 4-8-10 fertilizer should give satisfactory returns with tomatoes.
- The average farm horse lives most of his life on dry hay or straw and oats.
- The dairy cow is the foundation of all soil improvement and farm prosperity.
- Every dairy ration must depend somewhat upon the prevailing price of feeds.
- Yearly cow tests are becoming more and more popular. Try them yourself.
- The dairy calf can be raised upon skimmed milk but the ration should be fed gradually.
- In the mating of animals individual merit should receive first attention and pedigree second.
- You should never churn until the cream is of a proper temperature, neither winter or summer.
- Keep all stable manure in vaults or pits, screened or sprinkled with lime, oil or other cheap preparations.
- Early breeding develops the milk producing ability of the heifer and good feed and care prolongs it.
- In equipping the farm buy nothing but the best then take the best care of it and it will last for a long time.
- Another cause of feed lot unprofitableness lies in the fact that pigs of different sizes are run in the same lot.
